Before the parade, however, the delegates were entertained with a band concert, and later ofllowed the band to the Princess Theatre where the morning session was held, and where the object of the meeting was made plain, and where the committee was appointed to formulate plans, etc.

When the convention was called to order by the Chairman Thos F. Owen, also secretary of the San Aangelo Chamber of Commerce, Col. Jno. R. Ballinger had the largest delegation present, there being twenty-one autos from Ballinger and six cars from Rowena carried Ballinger banners, making a total of about twenty-seven cars in the Ballinger line up with a delegation of nearly one hun-

We have heard several excuses offered for the failure to hold the annual reunion, but perhaps the prin ciple one is the fact that no town or community within the confines of the Association invited or offered to entertain the old soldiers this year. We feel sure that this is not due to any lack of interest in those who faced the steel and suffered the hardships for principles that are almost held sacred by may of us. In a recent conversation with the president of the Association, he stated that there would be no reunion this year, and such had been recorded on minutes. Only a few years and no town will have the privilege and the pleasure of entertaining those whom we should all honor. In this instance it is just a case of where each town expected the oth er to entertain the old soldiers and their families, and when the committee met to select a place of meeting, or to pass on the invitations, there were no invitations, and the old soldiers are too proud to impose on any one. Heat a Menace to Lives of Old Folks

Sickness and Misery Result From Clogged Bowels in Hot Weather

People advancing in years should be very careful of their health during the hot months, as heat has a very enervating and weakening effect on them. One has only to look at the daily list fatalities to elderly people report. ed by the papers to realize that these are the hardest months for them to overcome.

The easily digested foods should be eaten, and then only sparingly and alcholic beverages and iced things should be avoided as much as possible. Exercise should be taken daily in the shade. Most important of all in the maintenance of health ad vigor at this time is to avoid constipation, with its accompanying headaches ad muscular and blood congestion. This is accomplished by the timely use of a gentle laxative like Dr. Caldwell's Syrup Pepsin. It is the ideal laxative for elderly people as it is mild, tastes pleasant and does not gripe. Best of all, it contains valuable tonic properties, that build up and strengthen the system.

Ballinger 25 Years Ago. Taken from Files Ballinger Leader, Aug. 10, 1888.

John Gray who robbed the stage between here and San Angelo, was captured at Colorado City and was taken to Waco for trial. A story of him shows how every man, no matter how wicked he is, has some good trait about him. Several years ago Gray was arrested at Sweetwater and sentenced to pay a fine or go to jail for some sort of an offense. He had no money, and the officers were in the act of taking him to jail to serve out his fine when a man came forward and paid his fine of \$10. With the booty got from the passengers in the stage robbery, he sent at once, before he was arrested, the \$10 with interest, to the Sweetwater man.

A water melon weighing seventy five pounds was shipped to President Cleveland.
