# AUSTRO-HUNGARY SEVERE RELATIONS WITH AMERICA

WASHINGTON, April 9.—Austro-Hungary formally severed relations with the United States of America today.

Austrian Charge d' Affairs Zwiedinek called at the State Department and asked for his passports, informing the department that an order had been issued by his government yesterday for his action.

There has been no change, however, in the status of relations between United States and Turkey or Bulgaria. Nevertheless it will not surprise officials if they follow the lead of Austria. Passports are immediately available for the entire embassy staffs of remaining non-belligerent Teutonic allies.

As a result of the break with Austria, the number of Austrians leaving in the first party to sail from the United States will reach close to two hundred.

It will probably be the last of the week before the usual formalities of issuing passports can be gone through with and preparations made for the departure of the embassy officials and other Austrians who have applied for passports.

The County experienced a pretty good downfall from the heavens a week or so ago, and if Old Jupe, Pluv. will just repeat his performance soon the Stephens Countyites expect to garner extra-good crops. Taking the community generally, everybody seems prosperous.

On the tick question, the Runnells Co. citizens are almost unanimous on one idea and that is that they "cleaned-up" pretty much last year, and aim to finish the job this season; in fact, they figure they're about 90 per cent "clean" right now. Jack Nichols avers he's "for the movement," and with the bunch of privately-owned vats in operation in the County he doesn't think a single tick will escape death by drowning and persecution.

# STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair stops falling out and gets thick, wavy, strong and beautiful.

Your hair becomes light, wavy fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try thismoisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, ourifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few week's use when you will actually see new hair—fine and downy at first ves-but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent. bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

### A GOOD SHOWING.

R. M. Davis of the Crews couny, was looking after business in Ballinger Friday and gave us the report on the egg sales by Mrs. R. M. Davis for the month of March. Besides having all they wanted for home use and for setting purposes she marketed 158 dozen eggs at an average price of 22 1\_2 cents per dozen. Mrs. Davis has on the place 125 to 150 chickens and the expense of keeping up the bunch is very small as the refuse around the grain stocks and barn about keeps them up.

# News for You

My business is selling farm machinery. I represent a firm that has been in business for many years. A firm that takes sincere pride in making sturdy, efficient machinery.

These farm machines are in use all over the South. They are recognized as the best. Every machine is positively guaranteed. Back of the guarantee is a concern that has been doing business with Southern Farmers for years and years. It is my work to tell the farmer about these machines. To show these men what it means to have these labor-saving machines on

The first machine is the Peanut Thresher. The famous Williams Peanut Thresher that for three years has been used by the largest peanut growers. Cets the dirt out, cracks fewer nuts, has greater capacity and requires less power. Several sizes, 3 H. P. and up. By changing concave, cylinder and sieves, a simple task, this thesher becomes as good a grain thesher as it is a peanut thresher.

The second machine is the Williams Engine for kerosene, gas, oil, and gasoline. Top-notch quality. Made of the best materials. Sturdy, dependable, economical and easy to operate. All sizes 11/2 to 50 H. P.

The Williams Improved Grist Mill is known everywhere. Grinds shelled corn and all kinds of grain. Has many exclusive features that make it the acme of perfection. The most perfect bread meal and feed mill. All sizes. Blower ensilage cutters that are serving thousands of farmers

satisfactorily. Simple, compact, mechanically perfect, durable. Require less power, have large capacity, do the work quicker and at less expense.

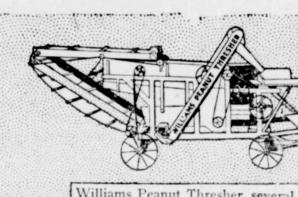

Hay Balers that are wonders. Special features make the Williams Hay Baler the most popular and the one in most common use. Several styles, wood and steel, for tractor, power and horse. Light in weight, yet of proved strength and durability. Longest possible stroke, fast baling, automatic block placer.

The machines mentioned above are the ones I want to talk to you about. I have important news for you. I have facts I am sure you will be interested in. Write me and I will come to see you.

# I Have Important Kaiser Would Sacrifice Texas Germans to Save His Crown

At the request of a number of our German friends, as well as icans, we take pleasure in reproducing in part an article written by Jake F. Wolters. Mr. Wolters is an American—a Texan by birth, although of German ex-traction. He upholds the adminisration in its stand against Gernany, and points out the tyran ies and outrages committed by the Kaiser's government and his efforts to sacrifice the Germans of Texas to save his crown. Mr Wolters said in part:

It is a time for calm and delib-

The origin of the explosions is being investigated by a detachment of expert secret service agents for the Department of Justice. Government agents are proceeding on the theory that the explosions are not accidental, but were dedeliberately planned by German plotters. Detectives from Philadelphia joined with United States operatives in running down the numerous clues to the origin of the explosions.

Ground near the munitions factories is so badly torn up that hospital ambulances could not approach. A heavy smoke hung over the whole district, with intermittent explosions occuring even after one o'clock this afternoon.

PHILADELPHIA, April 10.—Three different explosions wrecked the shrapnel factory of the Baldwin Locomotive Works at Eddystone this morning and it is estimated that at least fifty people were killed, and the death list may run up to one hundred. At noon today it was esti- MAD mated that not less than three hundred were injured, many of whom will die. Fires were started by the explosions and are still burning over the wrecked buildings, and bodies will be cremated. Appeal for help came to Philadelphia after all available help in nearby towns had been called to the scene of the explosions. Many of the dead and injured are girls and women, and it is stated that at least eighty per cent of the employes working near where the explosion occurred were females.

were eased by the dogs who licked the inference places, but they were not cured. Whany modern people employ the same method in their treatment of boils, pimples, rashes, carbuncles, eczema and other skin diseases. They apply a salve or lotion to the sore places and fondly imagine they have cured them. The important fact which they fail to recognize is, that these skin diseases are diseases of the blood, and that no external treatment can permanently cure them, because they are essentially internal ailments.

S. S. S. is the only proper remedy for this breaking out of the skin, because it acts upon the blood, cleansing and revitalizing it, and removing the cause of infection. It should be borne in mind that S. S. S. is purely vegetable, made from native roots, herbs and barks, and that it contains no habit-forming drugs or other injurious ingredients. Obtain a bottle of S. S. S. from your druggist and if you need the advice of a physician, write to the Medical Department, Swift Specific Co., 301 Swift Building, Atlanta, Ga.
