

# THE BANNER-LEDGER

VOLUME 41.

BALLINGER, TEXAS, FRIDAY, SEPTEMBER 1, 1922

NUMBER 48

## PROSPECTS OF ENDING RAIL STRIKE NOT NEAR

DALLAS, August 26.—The strike of the federated shops craftsman will never end, but gradually disintegrate, in the opinion of officials here of the Texas & Pacific and Missouri, Kansas & Texas railroads, and, on the other hand, refutation of the statements of the officials that the strike would naturally die out was made by G. White, chairman of the shops craftsman, in Dallas, speaking, he said, in behalf of all striking men, to the effect that the strikers are united and that their fight will be won. It was reported to the Associated Press today.

"The strike will just naturally spend itself," William G. Crush, general passenger agent of the Katy lines said. "I don't think the federal administration will take any further action nor that the federal labor board will be able to change the existing status of the strike."

"Meanwhile the railroads are getting more and more employes and training them to do the work formerly done by the striking shopmen. Men from New York, Cincinnati, and Chicago, and other eastern points, are being shipped right along to terminals of the Katy system every day. This is not only true of Texas terminals but of the entire system. Men we have at one time had in our employ are seeking work in other companies. The strikers have not sufficient funds to keep them and their families as long as they refused to work. Hence they are seeking re-employment elsewhere."

"While railroad property is in danger, we not only are paying our new shopmen regular wages, but are supplying food and lodging, sending them to technical schools, and helping them learn the work. It costs us about \$1.50 a day to take care of each man, and it is surprising how rapidly and thoroughly they are learning their new duties."

"All of the roads are proceeding in this way, and it seems to me the strike will never end but will dissipate itself with the increased proficiency of new men, able to take amply charge of the work of the old men."

The federal administration has done everything possible to settle the strike, Texas & Pacific officials declare, adding that they fail to see how the labor board can act on the question of the demands of the men who walked out at this late date, particularly they say, when the men announced they were "through" when they walked out.

"The outstanding feature of the strike is that while the government has shown a distinct partiality to the railway executives all along, the workmen on strike have observed every federal and state law, maintaining order and peace, conducting their fight on principle," T. G. White, chairman of the shops craftsman, declared.

"On the other hand, the railroads have been permitted to violate the federal and state statutes. Over 60 per cent of the locomotives in operation are being operated in violation of the United States safety appliance laws. Over 40 per cent of the box cars are being operated in violation of these federal safety laws."

"Naturally we are bound to feel that the government has shown partiality. The strikers are not permitted to trespass and like, but the roads are allowed to turn out defective equipment."

"The shopmen are, if anything, more strongly in the fight than on the first day of the walkout. The American Federation of Labor and the eleven standard railroad organizations, still at work, are backing the strikers. Hence a 'fight to a finish' would eventually mean the bankruptcy of either the entire labor organizations of the country or the railroads."

"In the meantime, the men are supplied with food; their homes are being financed; and their living expenses superintended. Our records, kept in Dallas, and all over the country, for that matter, show that the treasury fund for this relief is as ample as at the beginning."

"We are as strongly knit together and our moral strength is intact, and every indication points to its remaining so. It would be narrow-minded and inaccurate to say that every single man has remained out, but it is just as narrow-minded to say, from the executives' standpoint, that practically all the men have sought work with other roads. As a matter of fact, there is no tendency to split our ranks; we are as one in this serious matter."

"This brings up the subject of the public's understanding of this strike. It is quite impossible for the laymen to comprehend just what underlies our assertion that defective equipment flashes to the mechanic's mind when he reads of the many wrecks recently."

"Were the strikers directly, or even indirectly to blame for these frightful occurrences, they would be brought to justice, and no such action has been reported the country over."

"Only the mechanic knows that such matters as air-brakes can be easily clogged with dust and dirt, and slow down action in stopping trains in emergencies. Along a like line, numerous other details about car construction can be the beginning of serious accidents. With highly trained men replaced by temporary workers, however, the public should easily realize that the intricate machinery of railroad transportation, is seriously handicapped, and from a humanitarian standpoint, we are just as sorry as the public; however, the workers have their own interests and those of their families to look out for also."

"It would be rather presumptuous to guess at a conclusion of the strike as regards its time—but we are sure of the result. 'The workers will win.'"

## HOPE WANES FOR RESCUING 48 MINERS

JACKSON, Calif., Aug. 30.—All hope of rescuing the forty-eight men entombed in the Argonaut gold mine waned today. Rescuers continue in their desperate efforts to extinguish the fire which has the entombed men shut off from the mouth of the mine. The work of the rescue party is being greatly hampered by the intense heat and smoke.

## GINS HUMMING AND COTTON COMING FAST

The continued dry weather is popping the cotton and the demand for pickers is here before summer time weather disappears. The gins can be heard humming and new bales of cotton can be seen on the streets at all hours of the day. About twenty bales were marketed here Tuesday, and up to Tuesday night, forty bales had been weighed at the local yards since the first bale came in.

Mr. and Mrs. H. P. Pittman and baby are here from Cotulla. Mr. Pittman was formerly manager for the Western Union at Ballinger and he has many friends here. He came back to pack up his household goods and ship them to Cotulla, and Mrs. Pittman and the baby came along to visit friends. Mr. Pittman is in the gardening and plant business with his brother at Cotulla, where they own a large plant farm.

## OKLAHOMA OFFICER CHARGES REPUBLICANS WITH BLACKMAIL

### Institute Work to Mark Opening Ballinger Schools

Prof. J. M. Skinner, superintendent of the city schools, is perfecting plans for the opening of the Ballinger schools next week. The 1922-23 term will open Monday, September 4th, but the first day will be devoted entirely to institute work, and the pupils are notified not to appear until Tuesday morning, and to observe the program given below for enrolling, etc.

The buildings have undergone repairs during the last few days, and are thoroughly renovated and made ready for the opening of the term, and despite the disadvantages under which the board and faculty are laboring, the term promises to be a successful one.

Superintendent Skinner in announcing the program states that the teachers will assemble Monday morning for institute work. All questions concerning the best interests of the schools will be discussed. The work of the week, he stated, would be as far as possible practical and directly concerned with the idea of making our schools more efficient and profitable, and following is a general outline of the work for the first week. It will be observed by the program that pupils are expected to meet with the teachers from time to time during the week, enroll, be classified and receive their books, and everything will be in order to begin work without delay at the beginning of the second week:

**Monday Morning, Sept. 4**  
General Session:  
1. Talk by Supt. to all teachers.  
2. Explanation of week's program.

3. **Custodian's instructions.**  
4. Supt.'s instructions as to work to be done in sectional meetings; noon hour; keeping in; time to be at building; etc.

**Monday Afternoon**  
**Sectional Meetings:**  
1. High School meets with the Superintendent.  
2. West Ward with Principal.  
3. Central with Principal.

**Tuesday Morning**  
1. Enrollment of pupils in 1st, 2nd, 3rd, 4th grades in South Ballinger.  
2. Pupils West of Pon Street at West Ward. (a.) 1, 2 and 3 in Mrs. Brock's room. (b.) 4 and 5 in Miss Burris' room. (c.) 6th in Mrs. Daniels' room. (e.) All 7's in Mr. Daniels' room.  
3. (a.) All 6's on East side of Pon Street with Miss Smith. (b.) 5's with Miss Dark. (c.) 4's with Miss Mills. (d.) 3's with Miss May Bridwell. (e.) 2's with Mrs. Mitchell. (f.) 1's with Mrs. Bridwell.

Enroll carefully as to street and number, bring all irregulars to Central for classification.

**Tuesday Afternoon**  
1. Teachers three wards meet Superintendent at Central for comparison and adjustment of numbers.  
2. High School teachers meet and adjust noon, ground, and other duties.

**Wednesday Morning**  
Ward teachers draw books from book room in following order: (1) West Ward; (2) South Ward; (3) Central Ward.  
All orders for books should be made out in duplicate.  
High School pupils meet at the High School for classification and enrollment.

**Wednesday Afternoon**  
Examination of irregulars for classification.

**Thursday Morning**  
High School draw books.  
Ward teachers make out book cards, place books on each child's desk with covers.  
(Be sure each number is recorded on card.)

**Thursday Afternoon**  
Finish work of morning and prepare daily program in duplicate.

**Friday Morning**  
Pupils assemble at nine o'clock, lessons assigned, and books covered.  
Dismiss at noon.

**Friday Afternoon**  
General Session of Teachers:  
Discussion of examinations: (a) Frequency of; (b) Character of questions; (c) Marking value of answers; (d) Recitations, etc.

**Faculty for Term**  
The following teachers make up the faculty for the 1922-23 term:

High School  
J. B. Pace, Principal; Math, Span; A. B. Southwestern University. Mrs. Henry Porter, English; A. B. Southwestern University. Miss Maryatt Smith, Latin; A. B. St. Mary. Miss Myrtle Bridwell, Assistant; English and Algebra; State Normal. Miss Mattie Whitten, History and Spanish; A. B. Howard-Payne. Robert Weaver, History; A. B. Howard-Payne; Miss Lloyds Ward, Science; A. B. Simmons College.

Central Ward  
Miss Sammie Padgett, State Normal College. Mrs. Bessie Liddell Love, Perm. State Certif. Miss Mary Dark, 1st Grade State Certif. Miss Addie Smith, 1st Grade State Certif. Miss Virginia Mills, 1st Grade State Certif. Miss May Bridwell, State Nor., College Grad. Mrs. W. A. Bridwell, State Normal Col. Grad. Mrs. Jess. Mitchell.

West Ward  
Homer C. Daniell, Principal, State Nor. Grad. Mrs. Homer C. Daniell, State Nor. Grad. Miss Josephine Burris, State Normal Grad. Mrs. Brock, State Normal Grad.

South Ward  
Mrs. Mary West, Canyon State Normal, 1st Grade Certif.

## 300 LOST IN JAPAN WATERS

TOKIO, Japan, Aug. 30.—The Japanese cruiser Nitaka went down in a typhoon off the Kamchatka coast on August 26th, according to reports just received here. The reports say that virtually all hands were lost. Confirmed advices received by the Japanese admiralty say that practically none of the crew of three hundred men was saved. The destroyer Maki has been ordered to the scene of the disaster.

## CANADA'S DAIRY EXPORT TRADE HAS BIG INCREASE

MONTREAL, P. Q., Aug. 30.—Canada's export dairy trade has made important advances this year. The increase to the British Isles has been especially large, more than 100,000 packages of butter having been shipped from Montreal up to August 1, compared with 10,000 for the same period last year.

During the month ending July 15, forty-five carloads of butter from Manitoba were exported. Thirty carloads of Saskatchewan butter will reach British markets before the end of the year.

Mr. and Mrs. H. F. Parish and children returned to their home at Tyler, Thursday afternoon. They spent several days here visiting Judge O. L. Parish, and visiting other relatives in the county.

OKLAHOMA CITY, Aug. 30.—Lient. Governor M. E. Trapp was arrested at his home today by a deputy sheriff on a charge of perjury in connection with the alleged transaction in Seminola county three years ago. He is also charged in the complaint with preparing false testimony. Mr. Trapp was victorious in the recent primary and was renominated for lieutenant governor or on the Democratic ticket. He issued a statement shortly after being arrested in which he said, "this is the same matter which was made the basis for an attack upon me by the Republican house of representatives two years ago. It is plainly apparent that the complaint was drawn up as a piece of Republican political blackmail, and comes following a conference of Republican leaders who assembled here for the state Republican convention this week. I was vindicated of this charge nearly two years ago, and I am not worried one bit about the complaint."

## AUTO CATCHES FIRE AND BURNS ON ROAD

While going to the funeral of Mrs. Herring Friday afternoon, Dr. J. G. Douglass had the misfortune to lose his Ford. The Ford back fired a few times and the flames instantly sprang up and the car was soon destroyed. Mrs. Douglass and Mrs. Ostertag were with Dr. Douglass and the occupants of the car made their escape, and Dr. Douglass rescued his medicine kit and hand bag. Dr. Douglass is now driving a new Ford coupe. The old Ford was a complete loss, with the exception of what might be salvaged from the ruins, as it was not insured.

Quite a number of local Methodists attended a revival in progress at Winters Sunday night. Among those going were Dr. and Mrs. W. W. Fowler, Jas. E. Brewer and family, Mrs. C. E. Simpson and children, Misses Ruth Skinner and Anna Marie Shepherd.

## THREE KILLED WITH IRON BAR AS ENTER HOME

CANTON, Ohio, Aug. 30.—Two women and one man were murdered and another man was wounded today by an unknown man who laid in wait for his victims and struck them down with an iron bar as they entered the house where he was in hiding. The dead are Frank Burns, age 25; and his wife, Mrs. Freda Burns, age 27; and Mrs. Mary Nola, age 20. Luther Armstrong, age 22, suffered scalp wounds.

A pile of rags and paper was found burning in the house, the blaze evidently being started by the murderer to cover up the crime, the police say.

Mrs. Nola and her husband are known to have been separated. The police are holding Armstrong, who has not made a statement.

Edgar Rasbury is at home from the Imperial Valley of Texas. He reported that about 14,000 bales of cotton had been ginned in Neuces county.

Mrs. R. Phillips is at home from Brownwood, where she spent several days visiting her daughter, Miss Mary.

Mr. and Mrs. Van S. Howell left at six o'clock Wednesday morning for Nacona, Texas, to attend the funeral of Mr. Howell's father, S. F. Howell, who died in San Antonio following an operation.

## CASH

After September 1st

## Guided by Sound Principals

The strength of a bank lies more in its management than in its money. Wealth and financial power follow wise direction—without it they rarely continue long. The sovereign reason for the Winters State Bank's vigor and age and prestige is the care and skill with which its life for sixteen years has been ceaselessly ordered.

## The Winters State Bank

Winters, Texas  
Capital and Surplus \$100,000.00

**10c**  
They are GOOD!

**IRISH HERO IS LAID TO REST**

DUBLIN, Aug. 28.—Michael Collins was laid to rest today at Glasnevin after a great demonstration. National grief, such as seldom seen was shown by the Irish mourners. Fellow officers last night bore the body into the cathedral, just as Collins, a fortnight before, had helped to bear the body of his colleague, Arthur Griffith.

Solemn requiem and high mass was celebrated before a crowd which overflowed the edifice of Archbishop Byrne.

The body of Collins was buried in a plot of ground reserved for those who have fallen in the cause of the Irish Free State.

**H G C**  
RELIEVES  
A Special prescription for infectious diseases of the urinary tract. Pains relieved. No medicine. Package contains all needed. Will not cause stricture.  
\$1.00 at Druggists or special.  
125 CHURCH ST. N. W., WASHINGTON, D. C.

**BOOSTED FOR BANK COMMISSIONER**

John Q. McAdams, cashier of the Winters State Bank, has received the support of the West Texas bankers for the place of commissioner of banking and insurance. The District Bankers convention in session at Brownwood this week endorsed Mr. McAdams, petitioning Gov. Neff to name him for the place. We don't know what Mr. Neff is going to do about it, but he can't go wrong if he should see fit to choose the Winters banker. Mr. McAdams has made the Winters State bank a success, and as a rule the man who succeeds in handling his own business makes good when it comes to handling the public's business. We hope, however, that Governor Neff will not appoint Mr. McAdams, because we do not want to see him called out of Burnetts county, not even for a term in office.

C. C. Carter, of the Norton country, was looking after business in Ballinger Monday.

**THE "OLD RELIABLE" THE FORD'S BLACK-DRAUGHT**

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Theford's Black-Draught Came and Stayed.

Dutton, Ala.—In recommending Theford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white, I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work."

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the full, uncomfortable

**NEGRO PORTER PROVES HERO**

DENISON, Aug. 28.—Frank Binyon, of Commerce, is the only person remaining in the hospital here following the wreck Saturday night at Bells, 14 miles Southeast of here, when a freight train crashed into the rear end of a Katy flyer, injuring eighteen.

All of the others who were injured have been sent to their homes.

The promptness of the porter, who stood warning the passengers and opened the rear vestibule of the last coach, is believed to have prevented serious injury, possibly death, to the passengers. As a result of the warning the passengers leaped from the car just before the crash.

**Habitual Constipation Cured in 14 to 21 Days**

"LAX-FOS WITH PEPSIN" is a specially prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. •Very Pleasant to Take. •60c per bottle.

**Card of Thanks**

We are most grateful and wish to express our appreciation to our many friends and neighbors who were so kind and helpful to us in our recent bereavement caused by the death of our mother, which came so suddenly and unexpectedly. We wish to thank especially one who came to our rescue in these hours of sorrow. May God's richest blessings ever be with you all.

**FOR BLUE BUGS**—And other blood sucking insects on poultry feed Martin's Blue Bug Remedy to your chickens. Kill bugs in home and hen house with Martin's Liquid Bug Spray. Money back guarantee by your druggist or dealer. w3m-d20

**DR. LASATER HAS BEEN ON GUARD DUTY**

Dr. and Mrs. O. R. Lasater and baby returned home Thursday night from Austin, where Dr. Lasater went more than a month ago to attend the training camp, being a medical officer in the National Guard. Dr. Lasater was called out with his company and has been at Denison with state troops who are on duty there. Mrs. Lasater remained in Austin while Dr. Lasater was at Denison. He was released a few days ago.

J. B. Bass, and E. H. Harding, of the Norton country, had business in Ballinger Monday.

**75 MEN ENTOMBED IN MINE**

SAN FRANCISCO, Aug. 28.—The latest reports from the Argonaut mine this afternoon state that only 48 men were entombed by the fire last night, and that there is little hope that any of the men will be rescued.

SAN FRANCISCO, Aug. 28.—Seventy-five men, comprising the entire night force in the Argonaut Mine in Amador county, are entombed in the mine as the result of a fire at midnight last night, according to reports received at the state bureau of mines at Berkeley from the superintendent of the mine.

The men are said to be imprisoned below three thousand feet of earth, and it is feared that they will perish. A rescue party left Berkeley early today and is being rushed from other points, and heroic efforts are being made to rescue the men.

FT. WORTH, Aug. 28.—The strike of the Texas coal miners has been settled and the union miners are back at work, with the exception of mines which declared "open shop." It was announced today that approximately two hundred men have returned to the shafts and the mines are operating on full capacity.

WASHINGTON, Aug. 28.—While the committee of the senate and house were at work today on the coal distribution and legislation governing the coal industry, President Harding and his advisors were prepared to bring to bear all their power for the improvement of the fuel and transportation facilities. It is indicated that Mr. Harding is still of the opinion that it is possible to restore normal conditions without resorting to the government operation.

The senate and house interstate commerce committee is redoubling its efforts to complete the distribution and priority bills. With little discussion and no record vote the senate committee voted favorably to report the Cummins bill creating a coal distribution agency and extended the authority of the interstate commerce commission over the priority of shipments, and it was indicated that the measure would be taken up in the senate later in the week.

MARION, Ohio, Aug. 28.—Vigorous instructions for a thorough investigation and the indictment of all persons involved in the Herrin massacre last June, when twenty-two miners were killed, were given by Circuit Judge Hartwell today in a special charge to the grand jury called for the purpose of investigating the mine war and indicting those guilty of the wholesale massacre.

**Piles Cured in 6 to 14 Days**

Druggists refund money if PAZO OINTMENT fails to cure itching, lined, bleeding or protruding Piles. Instantly relieves itching Piles, and you can get restful sleep after first application. etc.

**NEW M. E. BISHOP COMES TO TEXAS**

WACO, Aug. 28.—Bishop J. E. Diekey, one of the new bishops elected at the Hot Springs Methodist conference several weeks ago, has been made president of the Texas conference of the Methodist church, and will reside in Waco. He is expected to arrive here the latter part of this week and will assume his duties at once. Dr. Diekey succeeds Bishop W. N. Ainsworth, who is transferred to Georgia to preside over the conference in that state.

**EDEN GETS FIRST BALE 1922 COTTON**

EDEN, Aug. 25.—The first bale of 1922 cotton was ginned here Thursday by Nicholson & Guin. The bale was raised by Perry Johnson, weighed 525 pounds and graded good middling and was purchased by Nicholson & Guin, who paid 30 cents per pound for the cotton.

H. Giesecke left for San Antonio Sunday afternoon, where he goes on business and to spend a few days with his family.

**DISTRICT COURT CONVENES HERE**

Judge J. O. Woodward, district judge of this district, called the mid-summer term of district court to order here at one-thirty Monday afternoon. Court began to grind with the civil docket on the bench, and a number of important civil cases will be called for trial.

Aside from the civil docket the court will have an easy term. There are no criminal matters for the court to straighten out, and the grand jury was sent to the jury room with only one or two felony cases to investigate. The case against a negro charged with killing his wife on the Hoel-scher farm a short time ago, about constitutes the criminal docket pending for the grand jury to investigate. A bill will probably be returned in this case in short order, and unless something which the officers know nothing of develops, the grand jury will be in session only a short time.

Judge Woodward gave the usual charge to the grand jury, paying particular attention, however, to the bootlegger and the lack of enforcement of this law. Scoring the bootlegger as the lowest down of criminals, Judge Woodward said that this class of criminals kept court going at Brownwood a month longer than would otherwise have been necessary, but he said they were cleaned up. He stated that this law must be enforced. "We expect to stop the unlawful sale of bootleg liquor," said Judge Woodward, "and there will be good morals in the county where the grand jury and the officers do their duty in enforcing the law." He stated that bootlegging would quit when the law was enforced and there was a certainty of punishment and he predicted that the federal statute would be amended so as to make it a felony to make and sell booze.

R. G. Erwin was appointed foreman of the grand jury, and the following named men make up the body: W. C. McCarver, J. D. Smith, G. H. Dierschke, J. W. Bigby, John Q. McAdams, J. B. Pace, A. F. Lee, Edgar Jayroe, Clyde Dunn, Claud Brookshire, and A. S. Bright.

The court began grinding on the jury civil docket. Among the visiting attorneys here are: A. O. Strother, of Winters; W. D. Jennings, of Miles; J. H. Baugh, of Brownwood; F. L. Snodgrass and Walter Woodward, of Coleman; W. A. Wright of San Angelo.

**CALOMEL SALIVATES EVEN WHEN CAREFUL**

Treacherous Drug can not be Trusted and Next Dose may Start Trouble

Calomel is dangerous. It may salivate you and make you suffer fearfully from soreness of gums, tenderness of jaws and teeth, swollen tongue, and excessive saliva dribbling from the mouth. Don't trust calomel. It is mercury, quicksilver.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you will be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

**SUCCESSFUL REVIVAL AT VALLEY VIEW**

Rev. E. D. Messer closed a successful revival at Valley View, in the Hagan community, Sunday night, where he had been preaching for two weeks. Much interest was manifested in the meeting and the community spiritually revived.

Rev. Messer left Monday afternoon for Temple, where he goes to attend the district convention of the Nazarene church.

W. A. Pace, of Pumphrey, was here Monday to be among the crowd attending district court.

**Rheumatism at 60**

How glorious you will feel, mother, when your rheumatism is all gone. Let S. S. S. do it. It will build you up, too!

**S. S. S. Thoroughly Rids the Body of Rheumatism Impurities.**

Somebody's mother is suffering tonight! The scourge of rheumatism has wrecked her body, limping and suffering, bent forward, she sees but the common ground, but her aged heart still belongs to the stars! Does anybody care? S. S. S. is one of the greatest blood-purifiers known, and it helps build more blood cells. Its medicinal ingredients are purely vegetable. It never disarranges the stomach. It is, in fact, a splendid tonic, a blood maker, a blood enricher. It banishes rheumatism from joints, muscles and the entire body. It builds firm flesh. It is what somebody's mother needs tonight! Mother, if you can not go out to get a bottle of S. S. S. yourself, surely somebody in your family will. Somebody, get a bottle of S. S. S. now! Let somebody's mother begin to feel joyful again tonight. Maybe, maybe it's your mother! S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

**STRIKE QUIET AT PALESTINE**

AUSTIN, Aug. 28.—Captain Jerry Gray, of the ranger force, in charge of the rangers at Palestine, today reported to Governor Neff on the strike situation at that place, and made a special report regarding the killing of Dave Hollis, a negro, recently, while being taken from Palestine to Tyler. Capt. Gray stated that the negro was in the custody of a deputy United States marshal and was not held by state rangers as previously reported. He said that the strike situation at Palestine was quiet.

DALLAS, Aug. 28.—The Texas & Pacific and other Southwestern railroads, are organizing "company associations" of shopmen who have remained loyal and of new employes who have taken the places of strikers, according to J. L. Lancaster, receiver of the Texas & Pacific.

CHICAGO, Aug. 28.—A hearing of the Railroad Labor Board was begun today on a petition of the brotherhood maintenance of way employes and shop laborers. The unions named one hundred railroads, asking that an increase in

minimum wages from twenty-three to forty-eight cents per hour be granted. This is virtually a demand for recognition of a basic eight hour day, with time and a half for overtime.

**MOSQUITOES**  
Good for the bites—good to keep the insects off too—

**NEW BUILDING SOON FOR SIMMONS COLLEGE**

ABILENE, Aug. 26.—Simmons College suffered a serious loss in May, when Cowden Hall, its only hall for men was destroyed by fire. The college faces this problem this fall of taking care of the men attending the institution in private homes. The citizens of Abilene responded generously and nobly, however, and every young man entering Simmons College will have the privilege of staying in a good private home.

Plans are being drawn for the erection of a modern hall for men to cost \$150,000. Work on the proposed building will begin about the middle of January, 1923.

Judge W. A. Wright, of San Angelo, was here Monday attending district court.

Kellogg's are sold only in the RED and GREEN package bearing the signature of W. K. Kellogg, originator of Toasted Corn Flakes! NONE ARE GENUINE WITHOUT IT! Have Kellogg's for breakfast tomorrow!

## FOUR CONFESS TO WANTS RIGHT TO WRECKING TRAIN TAKE OVER ROADS

GARY, Ind., Aug. 29.—The signed and sworn confession of four men held by the Gary police charged with murder in connection with the wrecking of the Michigan Central express train on August 20th, was placed in the hands of the county prosecutor preparatory to presenting the evidence to the Lake county grand jury. According to the authorities the grand jury is expected to be convened in a few days for hearing evidence in the case. A number of affidavits will be presented to show that the fireman, engineer and expressman were killed in the wreck. The four men are Russians and all claim union membership.

Misses Wilma and Ailene Straley, who had been visiting relatives at Clyde, returned home Friday. They were accompanied home by Miss Opal Patterson, who will visit here a few days.

WASHINGTON, Aug. 29.—President Harding still believes that congress should grant him immediate authority to take over the railroads and mining properties, but it is said that he declared that only the grimmest public necessity would move him to exert such powers. This information was given out today from the White House.

Mrs. Shirley Shields is here from Abilene, visiting in the home of her brother-in-law, Rufus Wheeler.

J. F. McMillan is at home from Brady, where he had been for some time assisting in overhauling and making improvements in the compass.

Judge J. A. Thomas, Arch Holman, Arch Crews, and Herbert O'Bannon, of San Angelo, were among the Shriners delegation who attended the DeMolay meeting here Thursday night.

## NEW HOPE FOR SAVING 48 MINERS

JACKSON, Calif., Aug. 29.—The hope of rescuing the entombed miners in the Argonaut coal mine increased somewhat today when it was reported that crews digging away at the tunnel obstructions were making good progress. It was said that the tunnel should be cleared in two or three days, although volumes of nauseating gas from the burning depths of the mine caused the belief that the men had already perished, and none would be rescued alive.

JACKSON, Calif., Aug. 29.—Forty-eight coal miners are still imprisoned today, nearly one mile under the ground, in the Argonaut mine, and it is feared that they will not be rescued alive. Rescue workers are vainly endeavoring to reach them while the families of the entombed men and friends wait anxiously and tearfully at the mouth of the mine.

The fire which started yesterday at the three thousand foot level, has worked its way up to twenty-four hundred feet of the top of the mine. The men have been under ground for more than thirty-six hours. Superintendent Gabarni of the mine, said everything humanly possible was being done toward rescuing the men, and stated that the workers expected to establish communications with the miners, if they are still alive, within eighteen hours. A party of rescue workers from the state bureau of mines expect to enter the shaft some time today equipped with gas masks and oxygen tanks in an effort to extinguish the fire. In the meantime hope of rescuing the men alive is still entertained by their families and friends.

### If You Are Too Tired to Eat

Take Hood's Sarsaparilla. A well-known Justice of the Peace in Indiana says Hood's Sarsaparilla makes "food taste good." After taking three bottles he eats 3 hearty meals a day, works hard and sleeps well. A grateful woman writes: "I earnestly recommend all women who wish to be made new, or who are troubled with that tired feeling, to take Hood's Sarsaparilla. It wonderfully relieved me of sour stomach, distress and belching." "Get Hood's, and only Hood's."

### HOWARD PAYNE COLLEGE Begins September 11th

Howard Payne College is just completing the most successful summer term in its history. Dr. J. B. Holt of Kerrville, delivered the commencement address on August 11th to a college class of 12 graduates and an Academy class of 30.

Howard Payne College has grown steadily since it became a standard college in 1915. Its college enrollment annually is about four hundred and its sub-college enrollment about four hundred. Quite a large number of the teachers through Central Texas received their diplomas and teachers' certificates through this institution. The college is classed first class by the State Department of Education and by the Texas Association of colleges. Freshmen receive two years high school and four year elementary certificates. Sophomores receive four year high school and six elementary certificates. Those holding the elementary certificates after teaching five years. Juniors receive six year high school certificates and Seniors receive permanent certificates. Graduates of the college complete their master's degrees in one year.

The Fall term will begin on September 11th. Four year college and Academy courses will be offered. The Academy will begin its work for the first time in the building recently purchased from the city high school, with a separate organization and discipline. A strong faculty will offer courses in the various branches of Fine Arts. The business college is equipped with the latest mechanical and electrical contrivances for teaching.

### TALKS ON PUBLIC SERVICE UTILITIES

BROWNWOOD, Tex., Aug. 29.—People who accept the telephone, electric light and power, gas, and electric street and inter-urban railways as a matter of course have not thought sufficiently about their own stake in them. George McQuaid, director of the Texas Public Service Information Bureau, declared today at the convention of the Texas Independent Telephone Association.

"The public service information bureaus are designed to aid the people in getting valuable information as to their own interests in the utilities.

"Not all the people know and understand that public utilities and strictly regulated under the law. In all states, except Texas and Iowa, they are under control of the state public utility commissions. In Texas, they are under municipal control.

"Earnings of the utilities are limited to sufficient revenue to pay their operating expenses, maintenance and depreciation, and a fair return on the value of the property devoted to the public service.

"The people have not all given thought to the fact that when the revenues of a utility shrink to a point where it cannot pay a fair return to its stockholders, it cannot afford good service; nor can it finance needed extensions of its plant. Few people understand that a utility can make a turnover in its investment only about once in five years, as compared with three to six times a year in a trading business. They do not realize that the utilities of the United States stand in need of about eight hundred million dollars of new money each year to make needed extensions and that this money can be had only by borrowing. It can be borrowed only if the utilities are paying a fair return in the form of interest on the loan."

Mr. McQuaid said that one of the most notable methods adopted by the national organizations of the great utilities is the association of information bureaus in several states, designed to supply any facts regarding any utilities to persons and publications on request without cost.

He added that public service information bureaus in 25 states issue news bulletins to all the newspapers of their states, and that they assemble data and supply speakers for all meetings that desire to hear the utility story.

Mrs. L. A. Black returned to her home at Houston, Saturday afternoon. She had been here visiting her step-daughter, Mrs. S. T. Proctor, of the Wilmeth community. Mr. Proctor was here to bring her to the train.

## U. S. FIRST IN DAIRY PRODUCTS

CHICAGO, Aug. 29.—The United States ranks first among the nations of the world in dairy production but is fifth in consumption of butter, ninth in cheese consumption and sixth in milk, according to figures compiled by the government and compared by M. D. Munn, president of the National Dairy Council.

Mr. Munn's comparisons show that Sweden ranks first in milk consumption, closely followed by Denmark and Switzerland. Canada leads in butter consumption, with Australia, New Zealand and Denmark outranking the United States. Switzerland is first in cheese eating, and the United Kingdom, France and Italy follow in the order named.

Argentina ranks lowest in butter and cheese consumption, but reports indicate that production and consumption are on the in-

crease. In 1921 there was an increase of 11 per cent in milk production in this country and 165,000 pounds in butter, Mr. Munn said.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strength-giving tonic to the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

Misses Mal and Ruth Skinner returned home Saturday noon from Denton, where they had been attending the C. I. A. summer session. They were accompanied here by Miss Anna Marie Shepherd, of Coleman, who will visit relatives in Ballinger.

Mr. and Mrs. M. S. Karmony are at home from a two weeks' vacation. Mrs. Karmony mixed business with pleasure and purchased goods for the department of Higginbotham Bros. & Co. over which she has charge. Mr. Karmony visited relatives in Indiana.

## Before Baby Comes

THERE are thousands of expectant mothers who undergo much useless suffering for months before, as well as at the moment when delivery occurs. These months of suffering, with nerves and vital organs weakened, leave their effect upon the child. An eminent physician found the way to stop much of this unnecessary suffering—the same easy way which thousands of mothers have used for three generations.

Mrs. Walter S. Hadley, Bridgeport, Ind., says: "Before my little boy came I was so paralyzed in my hips and limbs I could hardly walk, and some days after a little extra exertion I couldn't walk a step. I felt it coming on this time; in fact, I could hardly get up when I sat down, but now, after using one bottle of Mother's Friend, I am so much better. I feel that I almost owe my life to Mother's Friend."

"Mother's Friend" is applied externally to the abdomen, back and hips. It penetrates remarkably, permitting the easier relaxation and distension of muscles, nerves, tissues and ligaments, and their constant easier readjustment during expectancy and at child-birth. Have no more fear or dread, mother! Start using "Mother's Friend" now—the sooner the better.

Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor call a nurse, and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor, because I wasn't very sick—only about ten or fifteen minutes."

"Mother's Friend" contains no narcotics or harmful drugs. It is safe. For three generations "Mother's Friend" has relieved expectant mothers of much needless suffering. Mother! you must avoid more cruelties and useless tortures. Begin using "Mother's Friend" today. It is sold at drug stores—everywhere.

### FREE BOOKLET ON MOTHERHOOD

Don't let false modesty keep you from this duty to yourself, to your child and to your home. By all means, you should have our valuable illustrated booklet sent free. Send for your copy now to Bradford Regulator Co., Bk-42, Atlanta, Ga. Get "Mother's Friend" from your druggist today.

**THE BANNER-LEDGER**  
PUBLISHED EVERY FRIDAY BY  
THE BALLINGER PRINTING COMPANY

Offices of Publication, 711 Hutchings, Ballinger, Texas.  
Entered at the Postoffice at Ballinger as second class mail matter.

Subscription, the year ----- \$1.50

Texas is longing for a little political rest.

No, we can't enjoy political rest yet. The Republicans are trying to start a fracas.

Winters is advertising for bids on street paving. Ballinger is still riding the bumps.

Farmers are picking cotton while the sun shines, and winter will find few white fields in West Texas.

Ballinger drug stores will not serve drinks on credit after September fifteen. Some drinkers will go dry.

It does seem that Texas could elect good officers when the people are given three opportunities for choosing.

Texas hasn't a monopoly on everything. The temperature registered 106 in Oklahoma last Thursday.

School opens September fourth. Boys, you have one more week to decide what you are going to do about it.

Well, maybe it will cool off after today. To say the least of it, somebody is going to experience a political chill.

Bootleggers have more sense than the public credits them with. It is said they do not drink their own stuff.

There will be no light wine and beer drinking in Texas for some time to come, and the vote last Saturday was for a stronger Volstead act.

A reasonable fall will cause the largest acreage of small grain ever sown in this county, and then look out for a bumper grain crop.

While the prohibition question, the ku klux question and other questions entered into the late campaign, the result of the election brings glory enough for all the victors.

There is always something to take the joy out of life. While we are sweating down our collar and wishing for those good old snow clad days to come, the coal man comes along and tells us we are facing a coal famine.

Public sentiment is a strong weapon, and if public sentiment places the bootlegger and his customer in the same class it will be only a question of time until the bootleggers will have to buy from each other. The self respecting man will not patronize him.

"Five killed, one hurt," when train hits auto," reads the headline in a newspaper. Cross crossings cautiously is about the only way to stop it. People who drive on the crossing in front of a speeding train commit suicide, and are guilty of destroying property. Look, listen, be sure your are right, and then go ahead.

A drive through the cotton fields of the Rowena-Miles country at this time impresses one of the great need of the big dam to save the flood waters and pour it out on the fields of that section when needed. Cotton crops are going to the bad when one good wetting would have doubled the yield and paid for the cost of building the dam.

**WHY BIRTHS SHOULD BE RECORDED**

The state health department urges physicians to report to the proper authorities births of babies, and following are some of the reasons why this law should be complied with:

Determine whether minor defendants shall be tried in Juvenile or District courts.

In illegitimacy proceedings.

Proof of age and legitimacy of heirs.

As proof of age in order to determine the validity of a contract entered into by an alleged minor.

To determine the liability of a parent for the debts of a minor.

In accident cases to determine

the age of persons injured when the casualty company carrying the risk sets up the defense that the injured was under the age of persons permitted in their contract with the defendant to operate machinery.

To settle disputes as to age arising out of insurance claims.

As evidence upon which to correct a record of marriage or of death, particularly by age.

As evidence of legal age in order to obtain a marriage license.

As evidence of age in order to enlist in the army or navy.

As evidence of under age in order to obtain the discharge from the army or navy of boys who enlisted without their parents' consent.

As evidence of school age to gain admission to school.

As evidence that a child is over 16 years of age, and, therefore, does not require a permit to work.

As evidence of the required age in order to obtain employment certificates between the ages of 14 and 16.

As evidence of age and citizenship in order to obtain entrance to civil service examinations.

As proof of citizenship in order to vote.

As proof of citizenship in order to obtain a passport.

The Widows' and Orphans' pension law, which has just been enacted, has created a new demand for certificates of birth.

Establishes proof of age in a case involving the age of consent.

**SHERLOCK HOLMES IN "THE DEVIL'S FOOT" COMES TO FO TO SHO**

Ellie Norwood, who portrays the role of Sherlock Holmes in "The Devil's Foot" and other motion pictures of "The Adventures of Sherlock Holmes," is an actor well known throughout England thru his long and successful career on the stage and in motion pictures.

His portrayal of Conan Doyle's great master detective in "The Devil's Foot," which comes to the Fo-to-sho Theatre, Ballinger, on Friday and Saturday, and in other pictures of this series of short subjects, is the work of an artist and the result of long and patient study of this character by a genius at character portrayal and at make-up and disguise.

Mr. Norwood was born at York, and made his stage bow shortly after his graduation from Cambridge University. Altho the greatest part of his dramatic work has been done in London, he has also appeared throughout the United States and Australia.

Mr. Norwood has played many big parts in London plays, has been manager of two or three London theatres and is author of several successful plays. He made his first appearance in motion pictures in 1920. Altho he has appeared in several long feature pictures produced in England, his greatest film achievement is his portrayal of the famous detective in "The Adventures of Sherlock Holmes," which are being distributed in this country by Educational.

Moses Ruth and Lois Wooten are visiting Mrs. R. A. Rushing, and other friends in San Angelo, after attending the Baptist encampment at Christoval, where Miss Ruth served as reporter for the "Baptist Booster," and also had charge of the Baylor tent. Miss Grace, who is connected with the Ballinger Electric Co., also spent a week at the encampment. They are enjoying a number of social events given in their honor while in San Angelo.

Dr. E. C. Baskin and family returned home Thursday night from a two weeks visit to points in Northeast Texas, visiting at Athens, Dallas and Fort Worth. They made the trip through the country in their car.

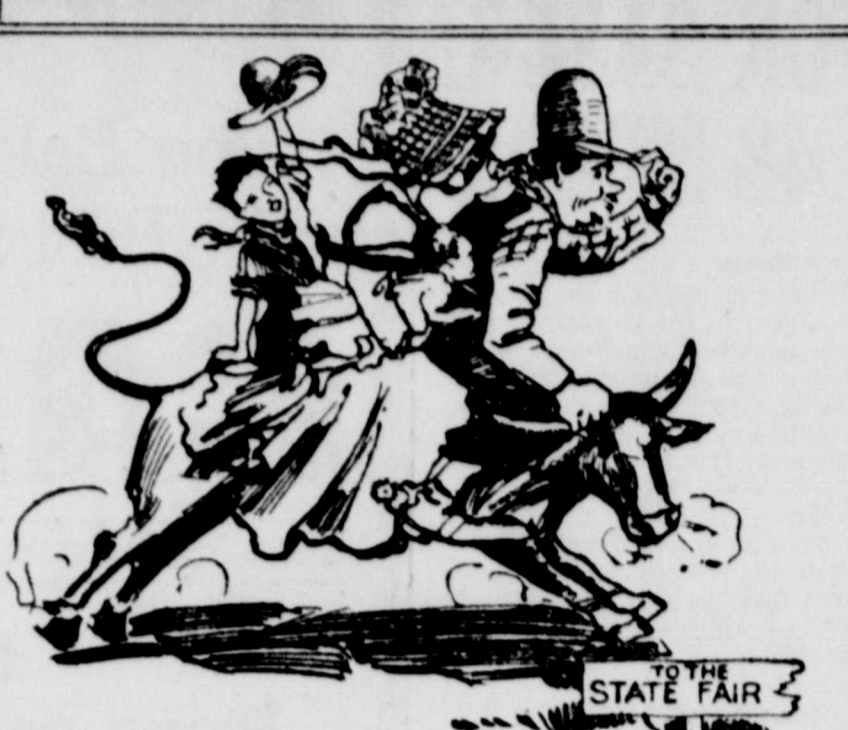

R. E. Posey and family, of Louisiana, are in the county visiting Mr. Posey's brother, Jasper Smith and family. Mr. Posey is a rig contractor in the Louisiana oil fields.

Roy Chaney returned to Groesbeck Thursday afternoon, after a visit to his father, T. H. Chaney, manager of the Ballinger Lumber Company.

**Pronounced Success**

The uniform success that has attended the use of Chamberlain's Colic and Diarrhoea Remedy in the relief and cure of bowel complaints, both for children and adults, has brought it into almost universal use, so that it is practically without a rival and as everyone who has used it knows it is without an equal.

**THEY'LL SOON BE ON THEIR WAY**

"Old Man Texas." Mix Texas and the Texas Kids, enroute to the State Fair of Texas at Dallas, Oct. 6-15. (With acknowledgements to John Knott for the suggestion in his cartoon of June 29.)

**STATE FAIR THRIFT TICKETS AS WALT MASON MIGHT TELL OF THEM**

(With Acknowledgements and Apologies to the Poet.)  
For rhymes Walt Mason has a wonderful gift—  
To match this word he might employ "thrift,"  
And that's the idea this tale's to tell;  
How you can save and have fun as well.  
You've heard about the great State Fair,  
Held at Dallas in the fall each year.  
It's a fair most worthy the great Lone Star—  
Bigger and better than the rest by far.  
Its mission is instruction—education;  
To uplift and better the state's population;  
To afford folks pleasure—to show the wonderful things  
That industry, hard work and contentment brings.  
Thousands go through its gates each fall,  
And there's profit and pleasure—satisfaction for all.  
This year a new building will grace the big park—  
Almost as big as Noah's famous ark.  
Its brick and steel arches are rising on high,  
A silhouette of beauty against the blue sky.  
Within it at fair time, there'll be motor cars fine,  
With Texas-made articles of 'most every line.  
It's going to take money to pay off the builders,  
So there's a new plan suggested to fetch in the "guilders"  
When you go to the Fair you pay fifty cents  
As you pass through the turnstiles at the entrance.  
By buying your tickets ahead this time,  
On every single ticket you'll save a good dime—  
Where you took four in your party to previous fairs  
Now you can carry one more than two pairs.  
This, in a word, is the Thrift Ticket plan—  
A saving appreciated by every good man.  
And, they not only save but are convenient too.  
For at grandstand and coliseum they'll let your folks through.  
Buy Thrift Tickets now so when you come up this fall  
You'll see a new building, the best of them all.  
Just send in your check for the tickets you need,  
And they'll be mailed direct to you with uttermost speed.  
Fix the folks up at home and tell the neighbor next door  
About the Thrift Ticket plan—it'll sell a lot more.  
You can buy them in Dallas at various stores,  
Put a check to "State Fair" will quickly bring yours.

**WILL HOLD CONFERENCE ON SOCIAL WELFARE**

(By Associated Press)  
DALLAS, August 30.—The twelfth annual meeting of the Texas Conference of Social Welfare will be held here on October 15 to 18, the annual gathering of Texas social workers "and socially minded men and women where, in many section meetings and general sessions the problems of child welfare, delinquency, the family, health, and the like, are discussed authoritatively and inquiringly by the most competent men and women from in and out of the state," according to Elmer Scott, executive secretary of the Civic Federation of Dallas.

Dr. Carrie Weaver Smith, superintendent of the Girls' Training School at Gainesville, is president; Dwight Breed of the Texas Public Health Association, Austin, secretary; and J. K. Hexter, president of the Civic Federation of Dallas, is treasurer.

Mr. and Mrs. H. E. McClure, and little daughter, of San Antonio, have been visiting Mrs. McClure's sister, Mrs. Sam Baker. They have been touring California, Colorado, and Utah in their car. Mrs. McClure will be remembered by her friends as Miss Aileen Miller.

A. W. Turner is in Austin, where he will be several days on business.

Mrs. E. D. Walker and Mrs. A. H. Van Pelt and daughter, Miss Bertha, returned home the first of the week from California, where they had been for several weeks. Mrs. Walker visited her sons at Los Angeles, and Mrs. Van Pelt visited relatives on the Pacific coast.

R. B. Jordan, of Brownwood, district sales manager for an oil filling station pump, is in the city installing a new pump for W. A. Nance. The new pump is said to be the latest word in electric driven gasoline pumps for filling stations.

DALLAS—Sheep are becoming common on North Texas farms where they are used in an entirely new manner. Instead of keeping the sheep on the native prairies, they are now allowed to run of the entire farm at different seasons of the year.

**Uncommon Sense**  
By JOHN BLAKE

**CANNOT HOARD TIME.**

IN A certain time you can make a certain amount of money. You can put the money away for years later, but you can't put the time away.  
Money, called by the economists frozen labor, might also be called frozen time.  
But time is more than money. It can be turned into many things that can be stored away—education, cultivated taste, pleasant and profitable memories. But time itself you cannot hoard. You must use it as it passes, or it is gone forever.

Time spent in recreation is not wasted, unless you spend more than a due allowance for recreation.

But time spent in absolute idleness, or in activities that are worse than idle, is sheer criminal waste.

If you could go back over your life and gather back the hours that have never been improved, you would still have enough time to do great things.

But those hours are gone.

You can only, as Shakespeare says, "regret your dear time's waste" and resolve to waste less of it in the future.

Many men whose time had never been turned to account until they were past forty have still had enough left to accomplish great things in the world.

But these are the most sincere mourners for the years that might have been utilized.

If you will begin today to bear in mind that time cannot be hoarded, and if every hour of it is converted into something that can be hoarded, you may lay the foundation for a fortune. You will certainly lay the foundation for happiness by and by.

Count your hours, and allot each one to some task or to some profitable recreation. See that none of them slip by. They are as water through a mill, which if sent over the wheel creates valuable energy, but which spilled over the dam is gone forever.

(Copyright.)

**Mother's Cook Book**

"A fig tree looking on a fig tree becometh fruitful," says the Arabian proverb. And so it is with children, their first instructor is example.

**EVERYDAY GOOD THINGS**

**N**OW is the time to go forth and pluck the early watercress, the wholesome dandelion, the dock and poke, the new shoots of milkweed and marsh marigold or cowslips, all giving the needed zest to the food of spring.

**Fresh Dandelion Salad.**

Those who appreciate the value of the tender bleached heart of dandelion like it with a bit of salt without any dressing. For a salad the bleached leaves are best, but the tender green shoots, cut and mixed with a small green onion and served with French dressing is a salad not to be despised. Cut the dandelion close to the root, with all the tender green buds. Wash carefully and slice the root from the base, buds and tender leaves for an inch above the root. These use for a fresh salad; the rest of the leaves may be cooked for greens. Another addition to this salad is a thinly sliced tomato, which adds a bit of acid and softens the bitter of the dandelion. Using mayonnaise on the fresh green dandelion is another appetizing method of serving it.

**Cooked Dandelion Salad.**

Cook the greens until tender, which will take two hours or more unless the greens are very young, then serve with the following salad dressing: Rub a small bowl with a cut clove of garlic, add one-half of a teaspoonful of salt, a few dashes of paprika, two tablespoonfuls of orange juice and four to five tablespoonfuls of olive oil. Whip this dressing until it is creamy, then serve on the cooked dandelions.

**Pigweed or Lamb's Quarter.**

This is a good wholesome green and common enough to be generally well known as a weed, but not well known as a good food. Pull it up by the roots and strip off the green leaves, as the stalk is generally too tough to serve. Cook with pork or corned beef and serve hot.

Purslane is another good green, which grows in profusion. Pick the leaves and stalks, shake well and wash, then cook as any other greens.

Horseradish, pieplant and dandelion cooked together make a good flavored combination. Yellow dock when young and tender is good.

Cowslips are delicious when well cooked and seasoned. They are easy to clean and do not shrink as do the dandelions when cooking. A half peck of tender dandelion greens will shrink when cooked to a small vegetable dish.

Mustard is grown for a green and makes a most tasty dish. The wild mustard is good, but the leaves are much smaller than those of the plant called Chinese mustard. A few leaves of the mustard cut in bits and added to the dish of lettuce improves it.

Watercress at this season is in its prime, fresh and green. It grows along the banks of brooks. One should use care in picking it where there is no fear of sewage contamination.

**42 ACCREDITED TEXAS SCHOOLS**

AUSTIN, Aug. 24.—Forty-two Texas high schools were made accredited schools during the past year, according to the annual report of the department of high school supervision of the state department of education, made public here today by State Superintendent Annie Webb Blanton. Ninety-seven high schools in the state applied for classification during the year, according to the report, fifty-five schools failing to meet the requirements of the state board. Of the schools granted classification by the state department during the year, thirteen were placed in first class, seventeen in second class and twelve in third class. Lack of funds to provide nine months term, an inadequate number of teachers and lack of the required minimum of equipment prevented more schools from obtaining recognition, the report declares.

**EDITOR KILLED IN MOUNTAIN FALL**

WASHINGTON, Aug. 29.—Wright McCormick, editor of maps in the United States Geological Survey, and a former professor in the University of Texas, was killed in a fall from a mountain near Mexico City, according to word received here today.

August Globber and family are here from Dallas visiting Mr. Globber's mother, Mrs. August Globber Sr., and family. They had been on a tour of South Texas cities, and Miss Agnes Globber who went to Dallas some time ago and accompanied them on the trip, returned home with the party. Miss Johanna Globber, of Austin, is also here visiting her grandmother.

Frank Stuart returned home Tuesday night from McAllen and Corpus Christi, where he had been buying cotton. Mr. Stuart says that the cotton crop in the valley is falling short and Neuces county will gin about 28,000 bales, according to reliable estimates.

Stuart Williams and Robert Bruce returned home Tuesday night from Dallas, where they had been since Sunday. Mr. Williams reports that Mrs. Williams is able to be up, after an operation for appendicitis, and that she will return home in about two weeks.

T. M. Lewis, of Route Three out of Winters, was looking after business in Ballinger Tuesday.

J. S. Jones, who has been with the Harwell Motor Company for the last year, recently resigned his position with the motor company, and is now in charge of the Gulf Refining Company oil station here. Mr. Jones succeeds Joe Hardin as manager of the Gulf company in this city.

Mrs. C. Wylie and daughter, Miss Maurine, and Miss Margaret Raby were visitors in San Angelo Wednesday.

**Had Close Shave**

"My wife and children thought I was dying when, after an attack of acute pains in my stomach, I became unconscious. It was right after our Sunday dinner. They say I looked like dead and guess I had a pretty close shave. I had been having more or less stomach trouble and bloating with gas for past two years and could get no permanent help. Talking with a friend about my attack, he advised me to try Mayr's Wonderful Remedy. I have not had any gas or stomach trouble since taking it eighteen months ago." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At druggists everywhere.

Mrs. E. Allison and daughter, Miss Lois, of Denton, are visiting relatives in Runnels county and friends in Ballinger. They came through in their car.

Mr. and Mrs. H. M. Jones are here from Coleman visiting Mr. and Mrs. A. J. Thorp.

## Court Takes Quick Action in Negro Murder Case

The grand jury convened at one-thirty Monday afternoon. Before recessing for the day it returned an indictment against Sam Moore, negro, charging him with killing Laura Moore, negro, on July 31st. Judge Woodward immediately docketed the case and set it for trial next week, and ordered a special venire.

Sam Moore is charged with killing Laura Moore on the Hoelscher farm South of Ballinger, by shooting her several times with a pistol. The negro was arrested near Ballinger a couple of hours after he did the killing and has been in jail here since.

According to evidence brought out by statements made by witnesses at the time of the killing, the negro woman was preparing to return to South Texas with her mother, and Sam invite her to go with him to water the team which he was preparing to harness to take Laura and her mother to the train at Rowena, and it was while they were returning from the well that he opened fire with a pistol, shooting the negro woman three or four times, she being shot in the back as she was fleeing from the infuriated negro, and it is alleged was shot one time after she had fallen dead on the ground.

The negro prisoner is without funds to employ lawyers to defend him, and the court appointed Judges O. L. Parish and T. T. Crosson to defend the prisoner. It is understood that the defense will plead insanity.

### MAN WITH GOLDEN RIBS LIVES IN FEAR OF THIEVES

BERLIN, Aug. 30.—A young man with ribs of gold and platinum is working in a cigarette factory at Breslau.

When he was a locksmith's apprentice several years ago, he fell from the roof of a house and was badly injured. He was taken to a hospital where the doctors found that his skull was fractured and all his ribs but one were broken. The youth was in the hospital for no less than four and a half years, and finally the surgeons undertook to repair or replace his shattered ribs.

A metal plate was inserted in his skull and the fractured bones were replaced by ribs of gold and platinum. Two and a half years later the man was able to leave the hospital, and since then he has been working in a cigarette factory. In view of the present value of gold and platinum, it is evident that he is carrying about in his body quite a considerable amount of wealth, and it is stated that special measures are being taken to protect him against criminals.

Miss Josephine Westbrook, who had been making her home here with her aunts, Mrs. D. M. Baker and Mrs. C. W. Northington for the past three or four years, left Tuesday afternoon for Claremont, where she will make home with her father.

James Baron, of Wingate, spent Tuesday night in Ballinger on business.

## DEATHS

Mrs. C. S. Herring died suddenly at the home of her daughter, Mrs. Shannon McWilliams, 14 miles Northwest of Ballinger. Death came at 4 o'clock Thursday afternoon, Mrs. Herring passing away without warning, and unexpectedly. She enjoyed a hearty noon meal, but complained of not feeling as well as usual and went in to her room to rest. Later Mrs. McWilliams found her dead on her bed.

Mrs. Herring was the widow of Andrew Herring, a pioneer of Runnels county, who died about seventeen years ago. She was seventy-five years and four months old, and for thirty-five years had been a citizen of Runnels county. She was born in Germany, but came to the United States at an early age and moved to Runnels county from Austin county in 1887. Mr. and Mrs. Herring located in the Peacan Springs country, where they purchased a large block of land, later subdividing it into smaller tracts, and all the Herring children were given homesteads.

Deceased is survived by three sons, five daughters, and one step daughter, and forty-four grand children and seven great-grand children. The children are August and Andy Herring, Mrs. L. C. Jamison, Mrs. Henry Knox, Mrs. C. F. Reasoner, of Talpa; Mrs. Feb McWilliams, Mrs. Jim Clayton and Mrs. Shannon McWilliams, and Robert Herring, of Ballinger; and Mrs. Mary Spreen, step-daughter, of Ballinger.

The funeral services were held Friday afternoon. The funeral procession formed at the home of Mr. and Mrs. McWilliams on Valley Creek, where death occurred, and the remains were followed to the Herring family burial ground eight miles North of Talpa where interment was made. Rev. B. Bierbaum conducted the funeral services. Quite a number from Ballinger and from Talpa, and surrounding country attended the funeral services and paid the last sad rites and tribute to the pioneer woman.

## MAN KILLED FROM AMBUSH

GILMER, Tex., Aug. 29.—Walter Harris, a white man, residing near James, Texas, was shot from ambush and killed yesterday evening, according to reports received here. Sheriff Bryce of Upshur county, has gone to the scene of the shooting. Harris leaves a wife and three children.

Col. G. G. Odom is in the city from his Ft. Chadbourne ranch, spending a few days in town.

Howard Wilkins, of Bronte, had business in Ballinger Tuesday.

### FIRE BOYS PLANNING MOONLIGHT PICNIC

The members of the Ballinger Fire Department and their families will gather for a moonlight picnic Monday night, Sept. 4th. The committee on arrangements is busy and it is hinted that the occasion will be one worth while, and the members who miss it will miss a treat. All members of the fire company and their families should keep tab on the program and watch for announcements.

### FORD FAMILY ON INCREASE HERE

The Harwell Motor Company received another car load of Fords Tuesday. The gas wagons only remained in the Harwell garage long enough to be assembled, tuned up and delivered. They are sold before they are made, and the Ford family continues to increase here as fast as the factory can turn them out.

### ECHOES FROM THE POLLS

Culberson county went for Mayfield by a vote of 25 to 19.

Gillespie county gave Mayfield 88 votes and Ferguson 1182.

Jeff Davis voted 3 for Ferguson and 52 for Mayfield.

About sixty per cent of the voters of Runnels county voted last Saturday.

The senatorial candidates tied in Willacy county, receiving nine votes each.

Col. Billie Mayfield ran behind the ticket, T. W. Davidson receiving the largest majority of any candidate on the state ticket.

In Comal county Ferguson got 1248 votes and Mayfield 45. Billie Mayfield beat Earle, receiving 109 votes in Comal.

Ferguson carried Sutton county by a majority of two votes. S. L. Merck defeated William McComb for sheriff by seven votes.

The race between Baker and Blair for associate justice is so close it will probably take an official count to determine who is the nominee.

Callaway carried two boxes in Runnels county, Offen and Rowena. Blanton led the ticket in this county, receiving 180 votes more than the next highest man, J. K. Baker.

Miss Mary Phillips was defeated by L. E. Crow for county clerk in Brown county by 401 votes. This was the only county race in the Brown county runoff.

In Coleman county the entire commissioners' court, including the county judge, was overthrown and a new court elected. Mr. Pierratt, a Santa Anna man, defeated Judge Matthews.

Mayfield was born in Rusk county, reared in Smith county, practiced law in Coryell county, and married in Bosque county. He carried all except Bosque. Ferguson lost his home ward, but carried his home county by twenty votes.

In Starr county Mayfield defeated Ferguson to the tune of 58 to 1. Ferguson receiving 7 votes and Mayfield 405. Billie Mayfield received one vote in Starr.

### MISS MARY PHILLIPS IS DEFEATED BY 300 VOTES

News received at Ballinger Saturday night from Brownwood stated that Miss Mary Phillips was defeated in the race for county clerk by about 300 votes. She made the race against the present incumbent, Mr. Crow, who was nominated for the third term. In the first primary Miss Mary led Mr. Crow by about 300 votes, the majority being reversed in the second primary.

Miss Phillips was formerly district clerk of Runnels county and has many friends here who will regret to learn that she was defeated.

### MANY ATTEND FUNERAL OF PIONEER WOMAN

A large crowd gathered at the family burying ground eight miles North of Talpa Friday afternoon to attend the funeral of Mrs. Andrew Herring, who died suddenly at the home of her daughter, Mrs. Shannon McWilliams, fourteen miles Northwest of Ballinger Thursday afternoon. Friends from different sections of the county gathered at the house and with the large circle of bereaved relatives followed the remains of this good woman to the cemetery. Undertaker E. E. King went to the McWilliams home and embalmed the remains and they were held until all the relatives could arrive for the funeral.

Mrs. Herring had been a resident of this county for thirty-five years, and is survived by nine children, forty-four grand children and seven great grandchildren.

D. F. Eaton and family returned home Tuesday from a week's visit to relatives at Brownwood and Brady.

DALLAS, Aug. 28.—Up to two o'clock today, two hundred and seventeen counties, 64 of which were complete, gave Earle B. Mayfield a lead of 59,015 over James E. Ferguson, for the senatorial nomination, with indications that the railroad commissioner will hold this lead to the final finish. Complete returns show that Ferguson carried Bell county by a majority of 20 votes.

Additional returns up to this hour compiled by the Texas Election Bureau added 2,771 votes to S. M. N. Marrs' majority for State Superintendent of Public Instruction, and Mr. Marrs was leading Ed R. Bentley by a majority of 14,781. Final returns from Kaufman county show that Marrs carried it by a majority of 999. The total vote in this race stands for Marrs 244,928, Bentley 230,148.

T. W. Davidson's lead in the lieutenant governor's race is 98,325 over Billie Mayfield. Terrell is leading Garrett for treasurer with a majority of 61,403.

For Judge of the Court of Civil Appeals, Third District, at Austin, J. K. Baker, of Coleman has 32,267, and M. B. Blair, of Bell county, has 32,206, with seven counties unreported on the complete returns.

In the Fifth District, Taylor has 43,327 and Jones 47,006, with Rockwall county yet to report complete returns. Jones' nomination is conceded.

T. H. Ridgeway has been nominated for the senate in the 24th District over W. A. Black.

Increasing its vote from about 2560 in the first primary to 2900 in the second primary held last Saturday, Runnels county went for Earle B. Mayfield. Mayfield received 1524 votes and James E. Ferguson received 1328, giving Mayfield a majority of 96.

In the July primary Ferguson carried the county by a plurality vote of 752 against Mayfield's 215. Farmer Jim leading the railroad commissioner by 537 votes in the first race.

The increase of more than 400 votes over the July primary was made up by every box in the county turning out a larger vote. The two Ballinger boxes polled

751 votes in July and 778 Saturday, out of the total voting strength, according to the poll tax records of 1244, leaving 456 people, or about one-third of the voters, taking no part in the election.

In July Winters polled 342, giving Ferguson 35 and Mayfield 47. Saturday's vote gave Mayfield 378 and Ferguson 115. Winters has a voting strength of 784, 291 voters staying away from the polls.

Miles polled 333 votes in July and 361 Saturday. In the first election Ferguson received 93 votes at Miles and Mayfield 39. The vote Saturday was 161 to 200 in favor of Mayfield. The voting strength of Miles is 415. 54 remained away from the polls at this box.

The voting strength of Rowena is 375. In the first race Ferguson received 36 votes and Mayfield 1. Saturday Ferguson received 245 and Mayfield 5.

Olfen voted about ninety per cent strong, casting 75 out of a total voting strength of 90. Mayfield received one vote against nothing in July. Ferguson received 39 in July and 74 Saturday.

The vote on all candidates in the run-off is published by boxes elsewhere in this paper.

### ABILENE, Aug. 28.—Incomplete returns from the congressional race gives Congressman Thomas Blanton a majority of 11,158 over Oscar Callaway. Missing boxes will slightly increase the majority.

Mr. Blanton defeated Mr. Callaway in every county except two, and one of these is in doubt. Comanche county went for Callaway by vote of 2,003 against 1691 for Blanton. Stephens county gave Callaway 992 and Blanton 989 on incomplete returns.

## REFUSES DEFINE "LIVING WAGE" QUICK BILL DUE IN MINE MURDER

CHICAGO, Aug. 29.—The United States Railroad Labor Board today denied the motion of W. Jett Lauck, labor statistician, that the board immediately define the principle of "a living wage," in the case of the maintenance of way employes who are seeking an increase in maximum rates of pay. The hearing then adjourned until tomorrow.

I. F. Grable, president of the maintenance of way union, announced that he was telegraphing President Harding and Senator Cummins asking them to present to congress an amendment to the transportation act which would make it mandatory on the labor board to "enunciate the principles of a living wage."

### BAPTIST REVIVAL CLOSED SUNDAY

The Baptist revival closed here Sunday night with the pastor, Dr. Alvin Swindell preaching the closing sermon. Evangelist P. F. Evans and Hal Miller, singer, were called away Sunday afternoon to begin a meeting at Olney.

The two weeks' meeting resulted in reviving the congregation greatly, and fifteen new members were received into the church, ten of whom were by baptism. There were three conversions at the closing service and two received into the church.

The congregation approved the annual report of the church at the services Sunday night, and the messengers will go to Miles to attend the associational meeting Tuesday and will make the annual report to that convention. The report shows that 105 members were added to the church during the last fiscal year, bringing the total membership up to 575, 506 of which are resident members.

### WASHINGTON, Aug. 29.—The abandonment of President Harding's proposal to congress for a federal coal agency with sufficient capital to buy, sell and distribute coal, was announced in the House today by Chairman Winslow of the interstate commerce committee, at the beginning of the debate on the bill to create machinery to supervise and distribute only, the coal supply. It was said that the abandonment of the buying and selling features proposed in the legislation was agreeable to the president.

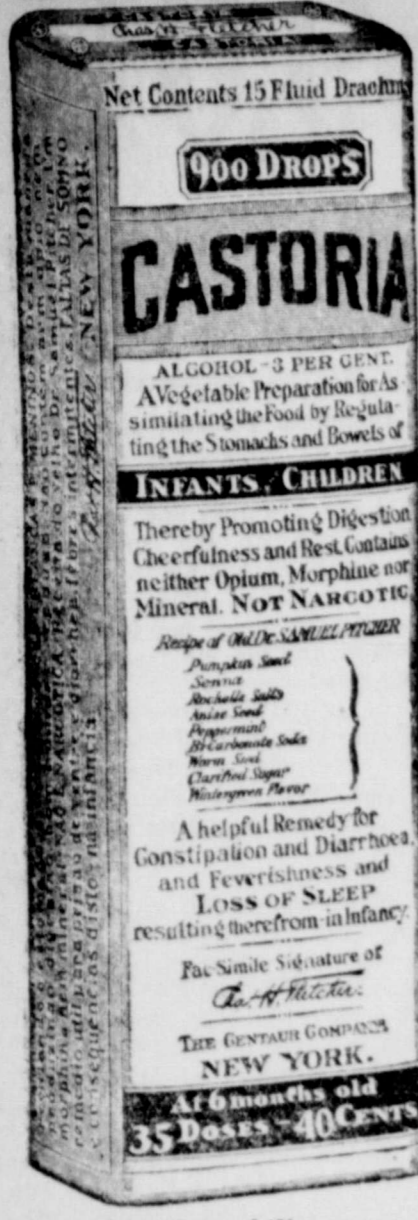

### GOVERNMENT TO NOT HANDLE COAL

WASHINGTON, Aug. 29.—The abandonment of President Harding's proposal to congress for a federal coal agency with sufficient capital to buy, sell and distribute coal, was announced in the House today by Chairman Winslow of the interstate commerce committee, at the beginning of the debate on the bill to create machinery to supervise and distribute only, the coal supply. It was said that the abandonment of the buying and selling features proposed in the legislation was agreeable to the president.

### No Substitute Offered

Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety nine out of a hundred druggist recommend Chamberlain Colic and Diarrhoea Remedy, when the best medicine for diarrhoea is asked for, and do so because they know from what their customers say of it, that it can be depended upon.

W. W. Poe, of Winters, was here Wednesday visiting his daughter, Mrs. J. J. Buga, and looking after business.

**Howard Payne College**  
Dr. Thomas H. Taylor, Dean, Howard Payne College, Brownwood, says: "The students from Ballinger have proven very efficient in their work. Their work done here shows that they have had splendid training before coming."

**Daniel Baker College**  
Dr. F. W. Thompson, until recently, President of Daniel Baker, now President of Texas Presbyterian College, says of our High School graduates in Daniel Baker College: "They were well prepared to do college work. The thing that impressed me most was that they had not been forced to cover an endless variety of subjects in their high school days, but had been thoroughly grounded in the few fundamentals which are so necessary to successful college work."

**Agricultural & Mechanical College**  
Prof. Charles E. Trille, Registrar, says: "The strong point in the work of the Ballinger High School is the emphasis placed on the fundamentals, such as English, History, Mathematics and Sciences. This is as it should be. A great many schools make the mistake of expanding and as a result are weakening their course of study. As a whole, it is much better to offer comparatively few subjects and make sure that they are well taught. We would prefer to have students who are thoroughly grounded in English, History, Mathematics, Science, and a foreign language than to get students who have a smattering of everything and who are proficient in nothing."

"We have had the following young men from the Ballinger High School during the past two years: R. M. Clappitt, W. F. Guion, S. Y. Guthrie and O. Zappe. All of these men have made good records. Guion was one of the twenty Freshmen of a total of 600 last year who made the highest records."

**University of Texas**  
Dr. Vinson, President of the University of Texas, in conversation with another college president said very flattering words about the splendid course in Mathematics in the Ballinger High School, and commended our thoroughness and high standards in fundamental subjects.

**GIRLS! BLEACH SKIN  
WHITE WITH LEMON**

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

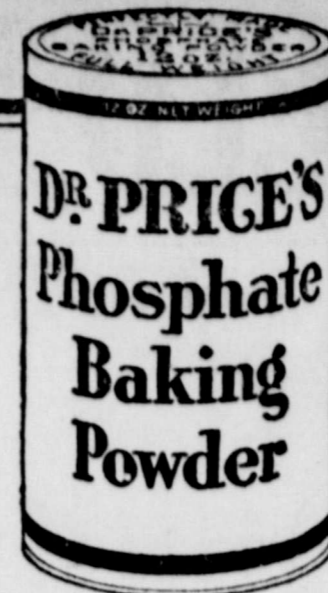

**AUSTIN**—The 516 telephone companies operating in Texas that report to the state comptroller's office, paid \$264,273.23 in gross receipts taxes last year, on gross incomes amounting to \$17,618,216, according to information obtained from State Comptroller Lon D. Smith. Mr. Smith pointed out that in paying almost \$265,000 into the state treasury in taxes, the telephone companies of the state represent no little item of taxes.

Mr. and Mrs. Tom Pickett returned to their home at Temple Monday afternoon. They had been visiting Mrs. Pickett's parents, Mr. and Mrs. L. F. Gressett.

Rev. P. F. Evans and Mr. Miller, who had been here in a revival for the Baptist church for a couple of weeks, left Sunday afternoon for Olney, where they begin a revival.

H. A. Thomson, a former citizen of Ballinger and one of the pioneers of this county, passed through the city Friday en route to his home at Austin. He had been looking after ranch interests in West Texas.

John King, a former Ballinger Bearcat, now playing baseball with the Abilene Eagles, was here Sunday, en route to Abilene from San Angelo. He has been out of the game several days on account of a crippled knee.

**Preferred because of its purity, unvarying high quality and economy**

**Large can, 12 ounces, only 25c**

**MANVILLE BROS PLAYS  
TO CAPACITY HOUSE**

Manville Bros. Comedians played to the largest show crowd last night that has been seen in Ballinger for many moons. The crowd filled the big tent and many were turned away because there were no seats left. The management announces that additional seats will be added to-day and every effort made to take care of the crowd.

The play last night was that of "Mickey," and the applause and laughter that greeted the company proved they had made many friends in Ballinger. Miss Ida McCalm, in the part of "Mickey" was exceptionally good and was strongly supported by the entire company. Tonight's bill promises to be one of the best of the week and for this play the admission price for ladies has been reduced to 10 cents.

The vaudeville features pleased the big crowd and each number was called back to the stage several times. Mr. Clarence Leigh in whistling and imitations; Miss Bernice McCalm in song dance and comic dialogue; "Zella," the "girl with a million eyes;" and a snappy duo dancing act filled the intermissions between acts and caused no dull place in the show.

Manville Brothers are showing here under the auspices of the American Legion and the local organization is very fortunate in

securing such a company as Manville Bros.

Address Ironized Yeast Co., Dept. 103, Atlanta, Ga. Ironized Yeast is recommended and guaranteed by all good druggists.

Sold by Jno. A. Weeks.

### IMPORTANT CHANGES IN STATE GAME LAWS

The open season for killing doves opens September 1st and ends December 15th. No more than fifteen doves may be killed in any one day. The open season for quail does not begin until December 1st and the duck shooting season opens October 16th. Wild turkey gobbler hunting season has been changed, due to the action of the last legislature. The general season thru the state now opens Nov. 1, with a season limit of three gobblers. Due to the scarcity of turkeys there is no open season, and even gobblers may not be shot in Cameron, Hidalgo, Willacy, Kennedy, Starr, Brooks, Jim Hogg and McMullen counties.

### DISTRICT SHOULD CONTROL FLOODS

AUSTIN, Aug. 26.—The proposed state flood control and water conservation program which has recently been urged by state organizations as well as state officials, should be entirely under control of the districts in which the work is carried on, particularly the financing of the control and conservation projects, in the opinion of Dr. T. U. Taylor, dean of the School of Engineering of the State University, who has been a leader in the conservation movement.

The big problem of financing the dams and reservoirs for the reclamation projects should be secured by the property and property owners affected rather than by large issues of bonds by the state, Dean Taylor declared. Discussing the problem of financing, Dean Taylor said:

"The question of to what extent the state should participate in conservation of the arid lands of the West or of the overflow lands of the East is one that has but one answer, in my opinion. The state should make reasonable topographic surveys along the rivers in order to show the proper location of levees that will protect the overflow lands, but in no case should the state be called upon to participate in the construction by way of financing the project or even underwriting it."

"The financing of the projects should be left entirely to the district involved and the bonds should be based upon the property protected. The moment the state begins underwriting the district bonds, then the state will, in some cases, be left with the bag to hold."

"In West Texas, I take the definite position that the state can by way of preliminary surveys in order to develop the country, point out possible reservoir sites and possible lands under these sites, but in no case should the state underwrite the bonds for irrigation purposes nor should it be expected to guarantee these bonds. Every tub should stand on its own bottom, and if the irrigation project will not support the project by way of reasonable returns, it would be far better to leave the land as grazing lands."

"The farmers in one section of the state should not be called upon to pay the freight in irrigation land in West Texas that cannot pay an adequate return on the money invested. The management of a state fostered project is so variable and changing and has such lack of continuity that will invite greater failures than now hovers over our penitentiary system."

### ASPIRIN

Say "Bayer" and Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and proved safe by millions for

Colds	Headache
Toothache	Lumbago
Earache	Rheumatism
Neuralgia	Pain, Pain

Accept only "Bayer" package which contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacid-ester of Salicylicacid.

### CHANGE MADE IN OIL STATION MANAGERS

Joe Hardin has resigned his position with the Gulf Refining Company, and J. S. Jones has been appointed local manager to succeed Mr. Hardin. Mr. Hardin has been manager of the local station for the Gulf Company for several years. Mr. Jones has been with the Currie Mercantile Company up until some time ago.

Take LAXATIVE BROMO QUININE (Tablets) It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 3c

### BULLETIN SAYS PLOWING BARN LOTS HELPS HOGS

WASHINGTON, August 25.—Hog raisers may accomplish two desirable results by plowing up the barn lots at least once a year, says the United States Department of Agriculture. In the first place, hogs need good succulent pasture as much of the time as is possible, and in the second place they need protection against internal parasites such as roundworms, the eggs of which remain in the soil.

Turning over the soil in the lots helps to get rid of the pests and the crop of forage makes it a profitable operation. In addition to providing cheap protein feed, pasture crops aid as a laxative and require the hogs to take a certain amount of exercise, which is necessary to breeding animals and growing pigs.

Rye is probably the best crop to use for fall, winter and spring pasture for hogs, the department's circular states. In warmer climates the crop may be put in at various times up to as late as December. By putting in successive plantings from two to four weeks apart it is possible to have fresh pasturage all the time.

### Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE consists of an Ointment which quickly Relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health. Sold by druggists for over 40 Years. F. J. Cheney & Co., Toledo, Ohio.

F. Mountz came in from Dallas Saturday, and is spending a few days here looking after business and visiting his son.

### BIG SHOWS FOR COUNTY FAIR

The Runnels County Fair Association has contracted with the Donald McGregor shows for the County Fair, September 14, 15 and 16.

This amusement company is making its first appearance in Texas, having spent most of its time with the fairs of the middle West.

The company carries eight shows, three rides and a large number of concessions. Donald McGregor, who owns and controls the shows, appears himself as a Scottish Giant, weighing 459 pounds and standing eight feet three inches high. Mr. McGregor speaks in eight languages and lectures on his tours around the world. An Australian Giantess also appears with the shows, who is said to be almost as large as Mr. McGregor.

Among the attractions are the Hawaiian Musicians; "Crazy House"; Athletic Show with Kalla Pasha, the famous Turk; an Illusion Show; a midget show and a side show containing a line-up of freaks, curiosities and stunts equal to that of a circus side show. Two of the leading attractions of the side show are the stunt of "sawing a woman in two," and stunts with a high voltage electric chair, both of these acts coming direct from vaudeville.

The rides will include the 60-foot ferris wheel, merry-go-round and swing.

Mrs. I. N. Roark is visiting her son, W. H. Roark, in Houston, and will also see Galveston.

Road District No. 2, Skg. Fund, cash balance	1,802.63
Special Road and Bridge Warrant, cash balance	167.02

Balance July 31st, 1922 \$ 89,680.26

- Paul Trimmer, County Judge.
- R. J. Deens, Commissioner Precinct No. 1.
- D. W. Yeager, Commissioner Precinct No. 2.
- Geo. W. Miller, Commissioner Precinct No. 3.
- I. A. Curry, Commissioner Precinct No. 4.

Sworn and subscribed to before me this 14th day of August, 1922.

(SEAL) W. A. Forgey, County Clerk Runnels County, Texas.

### CROSS ROCKIES IN BIG AUTO TRUCK

An auto truck bearing the sign of Howard Payne College, Brownwood, loaded with fourteen young men and young ladies, and packed with a camping outfit with a trailer following behind, passed thru Ballinger shortly after noon Thursday en route to Brownwood.

The truck was flying pennants from Yellowstone Park, Catalina Island, Los Angeles and other points, and the tourists showed that they had been living the outdoor life for several summer days.

The tourists left Brownwood two months and two days ago for a tour of the Pacific coast, traveling in the big truck under two chaperones. They visited points of interest on the Pacific coast, camping on the Rocky Mountains, and were billed to reach Brownwood on their return Thursday night. The tourists stopped here for lunch.

Miss Hattie Miller went to Brownwood Saturday afternoon to spend a few days visiting friends.

### BEEN READING DALLAS NEWS FOR SIXTY YEARS

D. C. Underwood recently sent the picture of C. W. Ladwig to the Dallas News, and he is in receipt of a letter stating that Mr. Ladwig's picture will appear in the News tomorrow, and those wanting extra copies should see Mr. Underwood, as the News has written him how many copies they shall send on this account. Mr. Ladwig has been reading the Gal-Dal News for sixty years, perhaps longer than any other man in Runnels county, and only a few in Texas have been on the list that long.

**MANY AFTER GARMENT PLANT**

Ballinger has put in a bid for a branch of the Miller Manufacturing Company plant, according to Stuart L. Williams, who returned from Dallas and Fort Worth Wednesday morning.

Mr. Williams stated that he visited the Miller Manufacturing Company while in Fort Worth and placed before them the advantages offered here for such an enterprise, and that the company promised to investigate this place.

The Miller Manufacturing Company has been operating a garment making plant in Ft. Worth, and has been very successful, working about three hundred employees, up until a short time ago when they experienced labor trouble. It will be recalled that the strikers kidnapped one of the women working in the plant and carried her to the country where she was severely beaten, and pickets are still on duty at the plant threatening workers who take the places of the strikers.

As a result of the labor troubles the company has decided to split its \$200,000 plant into about three plants, locate one in North Texas, one in South Texas and one in West Texas. Paris has been selected for the North Texas site. Mr. Williams was informed by the manager that about forty Texas towns had made bids for plants, offering inducements, and that the various places were being investigated. The company pays a wage of from \$4 to \$6 per day and will employ about fifty women for each plant.

**To Stop a Cough Quick**

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVES' O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Groves' O-Pen-Trate Salve through the pores of the skin stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

**SCIENTISTS FIND STONE WRITINGS IN IRELAND**

BELFAST, Aug. 30.—The site of one of the earliest Christian monasteries in Ireland has been found at Mahee Island, Strangford Lough, near Belfast. The ruins have been identified as those of Nendrum monastery, mentioned in Muirhe's "Life of St. Patrick," written before 699 A. D.

Extensive excavations have been carried out and valuable material, including some stones with writing, the exact meaning of which has not yet been ascertained, have been unearthed. Some of the writings are believed to be of Danish origin.

In Gede's "Ecclesiastical History" it is recorded that in 634 Pope Honorius wrote to certain bishops of the Irish Church about the Paschal controversy and Pelagian heresy, and one of the bishops mentioned in this letter is Cromcous, Bishop of Nendrum. The island of Nendrum was afterwards named Mahee, after a bishop of the monastery.

**SAN ANGELO GETS A NOTED MURDER CASE**

SAN ANGELO, Aug. 30.—Andy Meadows, an Andrews county ranch man, has been transferred from the Midland county jail to San Angelo where he will be tried on a charge of venue for the murder of Aey Rawls in Andrews county last spring. His son, William Meadows, was recently sentenced to 99 years in the penitentiary on the same charge and is now in jail at Midland pending appeal.

This case has attracted statewide attention, and due to the feeling and inability to get a jury at Midland, the case has been transferred to San Angelo. Lud Williams, of Waco, has been employed to defend Meadows.

**Doctor Smith's Pardon**  
By MYRA C. LANE

After six years in the state penitentiary, Doctor Smith found it strange to be riding in a motor car beside the warden. It was still stranger to feel a white collar about one's neck, and stiff cuffs on one's wrists, and to be wearing a new suit of clothes. But what was strangest of all was the knowledge that one was not free.

Not free! That was the unbelievable thing. On the morrow the eternal monotony of the penitentiary life was to begin again. And six years of it had not made Doctor Smith grow used to the horror of it.

Six years before Doctor Smith had enjoyed a practice among the fashionable folk of the capital. He had been a rich man, honored, respected—it was fortunate he had neither wife, mother, nor sweetheart when the crash came.

For some time past, though he had not been aware of it, dubious rumors concerning himself had been in circulation. They were true enough. Why not? Doctor Smith was only doing what was commonly done by all fashionable physicians. He did not do it for money; he did it because his patients begged him. And the sight of a society woman upon her knees, with clasped hands, in one's waiting room is a powerful inducement.

He had done it first because a woman had threatened that unless he did she would lay a charge against him. He had been blackmailed into crime.

It was odd that a doctor who performed those practices could gain an enormous clientele, while discovery meant ruin, ostracism—prison.

In his six years out of a sentence of fifteen—for the patient had died—Doctor Smith had come face to face with his own soul quite clearly. Without particular change of heart, he had realized that he had broken his medical vows. He had resolved that if he left the penitentiary before he was too old to set up a practice again he would run straight. He had told the governor so, every year. And every year his application had been refused.

His latest appeal for a pardon, made three weeks before, had not been answered. Now he was on his way to the governor's house.

Governor Jay, in his library, received the warden and his companion. He bowed to Doctor Smith.

"You know why I have sent for you?" he asked. Doctor Smith nodded.

"You are the only man west of Philadelphia who can perform the operation that will save my son's life. It is a matter of an hour. Will you do it?"

"Let me see him," said Doctor Smith.

The governor led the way to the boy's bedside. The child lay, flushed, moaning, unconscious. Doctor Smith turned down the bedclothes and examined the little body.

"My physician has left all the appliances," said the governor. "He—er—was called away."

Doctor Smith smiled bitterly. No self-respecting physician would be associated with him—now.

"Nurse Deyer will give me anesthetic," said the governor, indicating the woman beside the bed.

"Will you do it?"

"Upon condition," said Doctor Smith. "You know what that condition is, Governor Jay."

"My answer is no," responded the governor sternly. "I cannot be blackmailed. You will perform the operation—for any fee you choose—unconditionally."

"No," said Doctor Smith. "I'm in your power, but you are in mine. I have had six years of hell for doing what half my compeers do—and go free for doing. It's my turn to make a bargain now. You told me, 'If you went on, flushing with angry recollection, that if you set free a post to society such as myself you would be taking risks that you ought not to take. My answer was that I had vowed never again to commit that of fence. You disbelieved me. Well—take your son's life for the life I took. That's my condition.'"

"Take this man back," said the governor to the warden sternly.

Doctor Smith looked him closely in the eyes.

"I'll do it—unconditionally," he said.

It was a pity that no self-respecting doctor could have been present, for it was a miracle of technique. For nearly two hours Doctor Smith fought he was No. 279 in the penitentiary. At last all was over. Smith looked at the boy in his bed, stirring with the first reviving of consciousness after the ether.

He called the governor. "He'll be all right now. I—'d like to call again and see how he's getting on," he said.

"Call as often as you like," answered the governor. He gripped Doctor Smith's hands in his. "I can thank you now," he said brokenly, "and give you this—this pardon. It was signed five days ago before my boy was taken ill."

**MINERS DISPUTE OVER CONTRACT**

WASHINGTON, August 30.—When spokesmen for the anthracite miners and operators left here early today after an all-night conference, it was said the only obstacle remaining to prevent the resumption of hard coal production was the dispute over the length of time the wage contracts should run.

The operators insist that the new contract should terminate on April 1, 1923, while the spokesmen for the miners desired a much longer term through which to maintain the war time wage rates, which were in effect last April when the work was suspended and the miners went out on a strike.

A decision on the question will be put up to responsible groups which will be empowered to speak for all the miners and all the employers concerned.

**JURY GETS NAMES MINE MURDERERS**

MARION, Ill., Aug. 30.—The names of several hundred persons, alleged participants in the Herrin massacre, have been furnished to the grand jury which is in session making a thorough investigation of the affair, it was learned today.

Every name furnished the grand jury is entered on a card and as the evidence is brought out it is attached to the card bearing the name of the persons the evidence concerns.

The grand jury is receiving many anonymous communications furnishing new leads and giving names of persons suggested as witnesses, and the names of men alleged to have been seen in the "death march." Notwithstanding that the testimony of some witnesses is proving disappointing, the officials say that the investigation is making good progress.

**The Ideal Purgative**

As a purgative, Chamberlain's Tablets are the exact thing required. Strong enough for the most robust, mild enough for children. They cause an agreeable movement of the bowels without griping. They are easy and pleasant to take and agreeable in effect.

**Colds Cause Grip and Influenza**

LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVES'S signature on box. 30c.

**Running a Store.**

"I see this store is equipped with rest rooms, free telephones, writing desks and jazz parlors."

"Yes, you get so much service you can't buy anything."

**TEXAS NEGRO FOUND HANGING IN LOUISIANA**

SHREVEPORT, La., Aug. 30.—The body of Thomas Rivers, a negro, who is alleged to have made a confession to assaulting a white woman in this city, was found today by the Bossier parish authorities hanging from a tree twelve miles from here. He was taken from the officers by a mob last night as he was being transferred to Benton, La., for safe keeping. The negro is alleged to have attempted an assault on a white girl at Marshall, Texas, about one month ago.

**HARDING OBJECTS NEW BONUS BILL**

WASHINGTON, August 30.—White House callers who went to the president's home today to discuss the soldier bonus bill with him came away with the impression that the chief executive regarded the addition to the McNary reclamation and the Simmons foreign debt amendments as adopted by the senate yesterday, as making the measure more objectionable than the original form of the bill.

**MINERS DISPUTE OVER CONTRACT**

WASHINGTON, August 30.—When spokesmen for the anthracite miners and operators left here early today after an all-night conference, it was said the only obstacle remaining to prevent the resumption of hard coal production was the dispute over the length of time the wage contracts should run.

**The Key that Unlocks the Door to Long Living**

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.

**CAVALRY LEAVES CAMP MABRY**

AUSTIN, Aug. 30.—The 1922 annual cavalry encampment of the Texas National Guard passed into history today with the final instructions and a talk by Brig. Gen. Jacob F. Wolters, camp commander, this morning at a mass meeting of the approximately 900 members of the seventeen cavalry units in the guards.

The encampment has been highly successful, Gen. Wolters told the men, and he expressed satisfaction in their work during the two weeks which they have been at Camp Mabry. The success of the camp is shown by the remarks of General John L. Hines, commander of the Eighth Corps Area, who reviewed the troops last Saturday and complimented the officers of the camp on the efficiency which the units had attained. Records made during the encampment and the various wards also were discussed by Gen. Wolters.

The final feature of the encampment proper occurred last night when commanding officers as well as subordinate officers of the various units which make up the 56th cavalry brigade and the 112th cavalry, were called into conference by Brig. Gen. Wolters and plans for the work of the cavalry during the coming year discussed. It was planned to carry on regular drill work thru the year and the officers were urged to make this work as effective as possible.

The cavalrymen received their pay for service during the encampment this morning and at 1 o'clock this afternoon the first special train left Austin, taking the men back to their home stations. The first train went to Houston and South Texas points. At four o'clock, a special left for Fort Worth, to be followed by a detachment bound for Dallas at 6:00 o'clock, and the final train at 7:00 o'clock for San Antonio.

W. G. Allen was here from Wingate Monday to make the election report from the Wingate box.

Mrs. P. E. Truly returned home Monday from Oklahoma, where she had been visiting her daughter.

Mrs. Mary West is at home from Canyon, where she has been in the state normal. She will teach in South Ballinger this year.

George Miller, commissioner from the Wingate precinct, was here on business first of the week.
