## Championship Rodeo Opened In Ranger Wed. Nite

The Third Annual World Championship Rodeo to be held in Ranger opened Wednesday night and will continue through Saturday night. The rodeo is sponsored by the Jaycees of Ranger.

Homer Todd of Fort Smith, Ark. will furnish the stock for this year's rodeo and has announced that he will not only maintain Ranger's reputation for having excellent rodeo stock, but guarantees that his will be the best ever seen in this section. In fact, many cowboys claim that Todd's bulls are the meanest and toughest they have ever tried to ride. It is not expected there will be many cowboys stay the full time for a qualifying ride.

## Flyer's Body Found

Word has been received that the body of James P. Rust who has been missing since December 3, 1947, has been found in the wreckage of his plane on Thomas Mountain in California. The body was found Saturday and funeral services were held Wednesday in San Bernardino, Calif.

At the time of the crash, Rust who was a student flyer, was on a solo flight from San Bernardino to San Diego. An intensive search at the time was fruitless.

The flyer formerly resided in Ranger and Eastland and his wife who survives him is the former Ina Fave Norris of Carbon.

Lum Poe of Baird visited his son, Bonnie Poe, and wife last week.

Mertzon. Mr. Petree's twin brother, John Petree of Hamilton was present, also Mrs. Petree's sister, Mrs. E. C. Cass of Waco and Mr. Petree's nephew, Andrew Petree and wife of Hamilton. A number of friends from Eastland and Carbon joined the group in the afternoon.

## Most Races In Saturdays Election Are Close

In the election held last Saturday the following were winners in the county and district races:

Allen D. Dabney and Cecil Collings are in the run-off for Associate Justice in the 11th district. Judge Geo. L. Davenport won over Earl Conner, Jr. for District Judge by 99 votes. P. L. Crossley won over C. S. Eldridge for County Judge by around 400 votes. For Sheriff, J. B. Williams was winner over Jack White by less than 400 votes.

A. M. Thurman and Howard Williams are in the run-off for Commissioner of precinct 2. In the race for Justice of Peace for precinct 5 between A. N. Turner and Ike Grisham the figures are very close and has not been decided at this time.

Mrs. Eva Long of Elmont visited Mrs. Fannie Bridges last week end.

## Condition Of Dr. T. G. Jackson Improved

Dr. T. G. Jackson, who suffered a heart attack while in his office at the Blackwell sanitarium last Saturday morning and has been seriously ill, was reported to be slightly improved Thursday morning. All the children have been at his bedside this week.

## Card Of Thanks

We wish to express our sincere thanks to our friends and neighbors for the many kind deeds and words of comfort during the illness and at the passing of our husband and father, also for the beautiful floral offering. May God bless each of you.

Mrs. W. E. McCall and Family

Mr. and Mrs. Henry Maness, accompanied by Mr. and Mrs. B. W. Knight of Brady are visiting relatives in Mississippi.

**African Wood Used By U. S.**  
American woodworking industries are turning to a wood from the vast forests of the Belgian Congo known as "Korin" because they are unable to obtain high-quality timber at home.

One of the countries largest timber users already has begun large-scale importations of the wood that stacks up with American oak. The industry is importing about 6,500,000 feet of Korin a month.

The inability to obtain high-quality timber in the United States is blamed on two things—lack of a sound conservation scheme and rapid growth of the woodworking industries.

**NEW STAMP DESIGN**

"President Signs Bill for Stamp Honoring Poultry Industry."—News Item.  
Postmaster General—Well we have to get out another stamp.  
Designer—What do we honor this time, the discovery of gold or the inventor of the electric trolley or the discoverer of lipstick?  
P. G.—The hen.  
Designer—Hen Wallace?  
P. G.—No, the other egg layer.  
Designer—What has it done now?  
P. G.—I guess it's a matter of recognition of past performances. The hen has been around a long time and always done its best.

Designer—Do you want her on a postage stamp sittin', layin' or roostin'?  
P. G.—That's for discussion. How about her with a brood of chicks?  
Designer—Is there room on a three-cent stamp?  
P. G.—There is on the kind we are turning out these days.  
Designer—If we are going to honor a hen, how about working in an egg?  
P. G.—Hard-boiled or soft?  
Designer—Possibly a festoon of omelettes for a border.  
P. G.—We mustn't emphasize the food angle, especially at present levels of chicken and eggs. I think we should limit the design to the chicken alone.

Designer—Now the question of what kind of chicken arises. What would you say to southern fried?  
P. G.—With waffles?  
Designer—I'm asking about a stamp, not taking a dinner order.  
P. G.—My mistake. Cancel the southern fried. We don't want to have another war between the North and South all over a three-cent stamp.

Designer—Hm. Did congress specify any particular breed of hen?  
P. G.—I hear the Republicans were for the white Leghorns, but the Democrats favored the buff Cochins. In committee conference they finally compromised on a hen combining the best features of each, with a touch of Plymouth Rock to please New England.

Designer—Very well. I'll get busy and submit some designs.  
P. G.—How will I know when you have accomplished something?  
Designer—I'll cluck.

**Read This, Men, Before You Criticize the Wife's Hat**

CHICAGO, ILL.—Pause long enough to read this, fellows, before you lower your top about the ladies' bonnets.

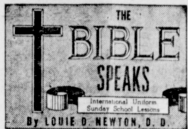

A delver into history comes up with the information that men originated the idea of wearing hats for the sake of ornamentation. Specifically, they were ancient Egyptian men. Their crowning glory was a military type cap made of stiff wool. It was a foot and a half high.

"They wore such a hat because it could be adorned with symbols of rank," says J. Morris Jones, managing editor of the World Book encyclopedia. "These symbols included the asp for sovereignty, the lotus for abundance, the feather for authority. They were the equivalent of today's low license number and identified the wearer as an important character."

"Hats for women did not appear until centuries later."

SCRIPTURE, Jeremiah 22:15; 36:17; 43:4. DEVOTIONAL READING: Psalms 82.

**Baruch, the Scribe**

Lesson for August 1, 1948

BARUCH, whose name means "blessed," was the grandson of Maseiah, "governor of the city" under Josiah (II Chronicles 34:8), and his father, Ner-

iah, appears to have been an official during the reign of Jehoiakim. He was a trusted friend of Jeremiah (Jeremiah 32:6-15 and 43:5-7). Tradition holds that Baruch was carried to Babylon where he wrote the apocryphal "Book of Baruch."

Dr. Newton and died in 574 B.C., twelve years after the fall of Jerusalem.

Our golden text for this lesson is found in Psalms 119:105. "Thy word is a lamp unto my feet, and light unto my path."

OUR BIBLE  
"THEY" Jeremiah called Baruch, the son of Neriah, and Baruch wrote from the mouth of Jeremiah all the words of the Lord, which he had spoken unto him, upon a roll of a book. And Jeremiah commanded Baruch, saying, I am shut up; I cannot go into the house of the Lord, Jerusalem, because they have defiled it, and read the roll, which thou hast written from my mouth, the words of the Lord in the ears of the people in the Lord's house upon the fasting day; and also thou shalt read them in the ears of all Judah that come out of the cities." Jeremiah 36:4-8.

How did we get our Bible? Through this simple process of God speaking through his appointed prophet and by the faithful work of men like Baruch who served as scribes.

**THIS SCRIBE O' LONG AGO**

IN the introductory paragraph I sketched briefly the story of Baruch. He was a trained man, trusted and beloved. This he had to be, else God would not have approved Jeremiah's selection of Baruch to copy what he was saying for God. And not only was he selected to write down what God was saying, through his prophet, but he was used to proclaim the words of God to the people in the Lord's house. Baruch was amanuensis, reader and distributor of the Bible—a distinguished role indeed. Let us today be gladly ready to read the Bible to others, and to distribute and circulate the Scriptures wherever we may. Here I pause to pay tribute to the American Bible Society and all others, including the Gideons, who help to make the Bible known to all men everywhere.

**A MAN ON WHOM GOD COUNTED**

THIS we see that Baruch was a man on whom God counted. His work was done well, and we read that, "When they heard all the words, they were afraid both one and other, and said unto Baruch, We will surely tell the king of all these words."

Young people will do well to ponder this incident. In the varied contacts of young Christians in this modern day, we may be used of the Holy Spirit in making known the words of God in countless ways. Thus, like Baruch, you may be used of God to make known his will unto all mankind.

**BARUCH, A COURAGEOUS SCRIBE**

THE full context reveals the fact that Baruch exhibited courage as well as faithfulness in his service as scribe to Jeremiah. It was not an easy task. Nor will it be easy to fill our posts as courtiers of the Good News. But it was a rewarding experience for Baruch. He served his day and generation according to the will of God.

Mr. Henry Ford, Sr., believed in having a "copy of the Bible near at hand wherever he might sit down in his home. I heard him say once that he had a Bible on every table in his home. "I do this in order that I may reach over and spend a few minutes with the Lord wherever I may sit down. And I always cherish the hope that others will find it a lamp upon their feet and a light along their daily pathway."

Let us give thanks for Baruch—the trusted friend who served Jeremiah, and thus served God.

The juice of a lemon in a glass of water, when taken first thing in the morning, is all that most people need to insure prompt, normal elimination. No more harsh laxatives that irritate the digestive tract and impair nutrition! Lemon in water is good for you! Generations of Americans have taken lemons for health—and generations of doctors have recommended them. They are rich in vitamin C, supply valuable amounts of B and P. They alkalize, aid digestion.

Not too sharp or sour, lemon in water has a refreshing tang—cleans the mouth, wakes you up. It's not a purgative—simply helps your system regulate itself. Try it 10 days. USE CALIFORNIA SUNKIST LEMONS

for so-called KIDNEY SUFFERERS

Backaches, leg pains, broken sleep, painful passages usually go so much quicker if you switch to Foley (the new kidney-bladder) Pills. They relieve kidney troubles like ALLY-BLINDER-IRRITATION. That's the cause of most backaches, which come from direct irritation of kidneys. So for quicker, longer-lasting relief, switch to Foley (the new kidney-bladder) Pills. They also have direct medicine-like action on bladder. At your druggist. Unless you find them far more satisfactory, DOUBT YOUR MONEY BACK.

**J. L. Black Reports On Visit To Miss.**

On July 9th I left Eastland for northern Mississippi and northern Alabama to visit my brothers. It had been 57 years since I had seen my brother and had never seen my half brother. They met me at the train. My brother and I knew each other, but of course we had exchanged pictures in past years. I did not know my half brother but I found them and their wives to be fine people. My oldest brother and youngest half brother lived some distance from where I was, so I didn't see them, however I saw several of my nephews and nieces. I saw the house I lived in 61 years ago, also the spring where my mother used to wash and I helped battle the clothes.

I spent one of the most enjoyable weeks of my life with them. That certainly is a fine country. Had a good rain while I was there and crops are fine. They never expect less than a bale of cotton or 50 bu. of corn to the acre.

**Notice To Customers of Texas Electric Service Company In and Around Carbon**

It will be necessary to have the current off from 6:30 a. m. until 9 a. m. Sunday morning Aug. 1 in order to change out one mile of conductor on the 12-K. V. A. line feeding Carbon. It will also be necessary to have an interruption of about the same time the following Sunday, August 8. We are doing this work on Sunday in order not to cause our customers any more inconvenience than is absolutely necessary.

**To The Voters Of Precinct No. 2**

I wish to take this opportunity to thank each and every one that voted for me for Commissioner on last Saturday and especially do I appreciate my home people and the adjoining communities for their vote of confidence. I know this speaks for itself in my campaign until the second primary, and to those that didn't vote for me in the first primary I feel sure that there was no personal feeling or any doubt in your mind as to my qualification but with as many in the race as was, more or less some one of them in time past favored you in some way and you felt obligated to support them, but since you have fulfilled that obligation I would greatly appreciate your vote and influence in the second primary. I have never asked for public office before. Give me a chance and I will prove to you what I can and will do.

Thanking you in advance for your support

Yours,  
H. H. Williams

Buy your 0-20-0 and other grades of fertilizer delivered and spread on your fields and pastures.

This new method of applying 0-20-0 to cover crops will save you time when you are the busiest - during the peanut harvest. There is no need to stop your harvest to fertilize your cover crops. This big 6-wheel, all-wheel drive truck will bring the fertilizer right to your field and accurately distribute it for you. The cost is very reasonable - come by and let us explain this plan to you - works equally in pastures and with all grades fertilizer.
