BALLINGER, TEXAS, FRIDAY, NOVEMBER 5, 1926.

NUMBER 7.

## Ten from Runnels Get Passes to Penitentiary

Criminal court continues to grind in its work for Runnels county this week with the Ed Evans (negro) manslaughter case called Wednesday afternoon at 1:30 o'clock.

Evans is charged by indictment with manslaughter in connection with the killing of a negro near Maverick in the Northwestern part of the county some three or four weeks ago. Judge A. K. Doss has been retained by the negro's employer to defend Evans.

Walter U. Early, district attorney, and C. P. Shepherd, county attorney, will prosecute.

Many cases have been acted upon in the court since Monday afternoon when it convened to take up the criminal docket for this county. Sixteen cases were disposed of Monday. Eight cases were dismissed, two were continued, and six pleas of guilty were entered for sentences. All pleas of guilty were acted upon by two years being returned in each case.

Tuesday more work was transacted in the court. The case of H. Grundy, charged with forgery, was called, the defendant being absent his bond was forfeited, and papers issued for his arrest. O. L. Chapman's case, in which he is charged with driving a car while intoxicated, was continued on account of his illness.

Horace Speer, charged with selling liquor, was dismissed on account of no state witnesses.

Pete Hawthorne, charged with burglary, entered a plea of guilty and was given 2 years in the penitentiary.

C. A. DeFord, charged with burglary, entered a plea of guilty and was given 2 years.

Antonio N. Aguilar, charged with selling intoxicants, forfeited his bond by not appearing, and papers were issued for his arrest.

R. A. McElroy, facing two charges of forgery, entered a plea of guilty in one case and was given a 2-year suspended sentence; the other case being dismissed.

J. R. Cotton, charged with burglary, was given 2 years in the penitentiary, after entering a plea of guilty.

Neil Byers and Emmett Holt, two boys, charged with burglary, were given 5-year suspended sentences after entering pleas of guilty.

Chas. Davis, charged with selling intoxicants, entered a plea of guilty and was sentenced to serve one year in the penitentiary.

Since the 35th district court convened for the criminal week last Monday, thirteen pleas of guilty have been heard in the

court, and as many sentences have been returned; one 2-year sentence being suspended, and two 5-year sentences being suspended; nine sentences being for 2 years each and one being for 1 year. Ten cases have been dismissed, bonds in two cases forfeited and papers issued for the defendants' arrests. Three cases have been continued.

### S. H. DAUGHERTY SELLS HIS GROCERY INTEREST

S. H. Daugherty, for many years in the grocery business here, has sold his interest in the City Grocery to Mrs. W. L. McAuley, Mr. Daugherty announced Tuesday.

The sale becomes effective at once.

There will be no change in the policy of the City Grocery and business will be conducted as in the past. George Kerley and Walter Bigby are the other two parties interested in the firm.

Mr. Daugherty wishes to thank all his friends who so liberally patronized the store while he was connected with the business.

Mr. Daugherty said Tuesday that he was undecided as to what business he would enter and as to whether he would remain in Ballinger.

### TO HOLD POPPY SALE SATURDAY

Saturday will be annual Poppy Day in Ballinger with members of the local American Legion Auxiliary selling the flowers. Booths will be maintained on the streets through Saturday and all passers-by will be asked to wear a poppy.

Business houses and professional offices will be canvassed before Saturday for the sale of the larger poppies, while the small ones will be sold Saturday for button-hole wear.

Everybody will be asked to purchase and wear a poppy on Poppy Day.

These poppies are made by disabled soldiers who live in a colony set aside for them but who do not receive government compensation. Legion Auxiliaries purchase the flowers from the disabled former service men who derive their only income from the manufacture of these symbols of Flanders field.

Fifty per cent of the receipts derived from the sale of the flowers by the Auxiliaries is turned over to state headquarters of the ladies' organization for distribution among the hospitals caring for disabled veterans.

## SHERIFF NOT INDICTED; LIQUOR ON INCREASE

Sheriff R. E. ("Earl") McWilliams was not indicted for the killing of Pleas Hill, Concho county farmer, by the October grand jury which adjourned Thursday afternoon after four days session at the court house here. Sheriff McWilliams killed Hill while the latter was trying to make his escape from the sheriff, on the Ballinger-Paint Rock road. The officer was bringing Hill to Ballinger to place him in jail for Sheriff Bob Miller, of Concho county, who had earlier in the evening arrested Hill on charges of theft.

The sheriff fired after Hill had tried to take his gun away from him and after a scuffle on the ground in a pasture near the road.

The jury investigated this case very thoroughly and it was decided not to return a bill against the sheriff.

Twenty-nine indictments were returned by this grand jury, 28 being felony cases, while one was a misdemeanor, a case of aggravated assault.

The only increase of crime in this county, according to the jury was found in the violation of the laws concerning the sale and transportation of intoxicating liquors.

"Violation of the laws concerning the sale and transportation of liquor is greatly on the increase," the report said, "we find the officers are doing everything in their power to cope with this situation, but it seems that it is up to the citizenship of the county to render assistance that cannot be gotten from any other source."

Several bootlegging indictments were returned Thursday afternoon but up to noon Friday no arrests had been made in these cases, and the names of those who were indicted were not announced for publication.

Respects were paid to Judge J. O. Woodward, the presiding judge, and to District Attorney Walter U. Early, County Attorney C. P. Shepherd, Sheriff R. E. McWilliams and his deputies.

The jail was inspected and found to be in an excellent condition. Inmates of the prison were also found to be treated well, and wholesome, healthful food is being served them, the report declared.

Ed Evans, negro, charged with murder in justice court here, was indicted for manslaughter by the grand jury. He is being held in jail, unable to make his bond.

J. D. Abbot, indicted in three cases for forgery, is being held in jail.

R. A. McElroy, indicted in two

cases of forgery, is being held in jail.

George Perry, indicted for burglary, is in jail here.

Bert ("Peg") Williams, billed for burglary, is in jail at Greenville. Sheriff McWilliams and Deputy Ray Howard left Friday afternoon for Greenville where they will get Williams and return him to Ballinger.

J. R. Cotton, indicted for burglary, is in jail here.

W. A. Ashton, indicted for forgery, is out on bond.

Neil Byers and Emmett Holt, indicted for burglary, are out on bond.

E. C. Johnson, felony theft indictment, is in jail.

One man, indicted for driving a car while intoxicated, is sick in a hospital in this section of the state.

No arrests have been perfected in any of the bootlegging indictments, it was announced at the sheriff's office at noon Friday, but several are expected to be made this afternoon.

### A. J. SPANN IS DEAD IN AUSTIN

A. J. Spann, 88 years of age, formerly of this city, died suddenly Wednesday night in Austin, according to a telegram received here by a son, A. L. Spann.

A. I. Spann left immediately for Austin.

A. J. Spann was born on December 31, 1839, and for 18 years lived in this city where he and A. L. Spann were engaged in the grocery business. He lived here with his son until some six months ago when he moved to Austin to make his home.

Mr. Spann was a member of the Methodist church at Kyle, Texas. He was a member of the Ballinger Masonic lodge.

He is survived by four sons, A. L. Spann, Ballinger; I. W. Spann, A. R. Spann and A. J. Spann Jr.

The remains are being brought to Ballinger and will be held here pending his sons' arrival.

The area of land under cultivation is dwindling in France. Figures show there were 390,000 less acres cultivated this year than last.

Raby Padgett is expected in Ballinger Tuesday from Austin to attend the funeral of E. A. Jeanes Sr. Mr. Padgett is a nephew of Mrs. Jeanes.

## VISITS FRIEND IN JAIL; IS ALSO LOCKED UP

Deputy Sheriff John White pulled a good joke on I. E. Musil, Rowena man, indicted by the recent grand jury for violation of the liquor laws, County Attorney C. P. Shepherd tells today.

A friend of Mr. Musil's, John Kornisky, was arrested this week in a raid near Rowena and he was also indicted by the grand jury for violating the liquor laws. Kornisky was in jail here and Musil came over to see about making bond for his friend and asked Deputy White if he could visit the jail and talk with Kornisky.

Mr. White consented and he and Musil proceeded to the Hotel de McWilliams, where Kornisky is comfortably located in one of the private rooms.

Mr. White unlocked the door, permitting Musil to enter the cell and then he locked it again.

"I have an indictment for you," White told Musil and the officer proceeded to serve the papers on Musil while in jail.

Musil is still confined to the county jail unable to make his bond.

### BUSINESS WILL CLOSE ON ARMISTICE DAY

Ballinger business houses will close up on Armistice Day, November 11th, just as they close on July Fourth, Thanksgiving and Christmas, it was declared Tuesday by members of the Chamber of Commerce.

No petition will be circulated asking the business men to close their doors, but Ballinger will celebrate with the rest of the civilized world in observance of the closing of the World War.

Mr. and Mrs. Frank Maddox, of Lubbock, are expected to arrive Tuesday to attend the funeral of their uncle, E. A. Jeanes Sr.

### Progressing with the Times

The past few years have seen many great changes in funeral directing. Modern Methods—improved equipment—have supplanted those in use in the past. We have always kept abreast of the times in every respect so as to be able to render the best service obtainable. Our beautiful funeral home offers convenience, comfort and privacy. Our staff is well trained.

A Child's Laxative which Mothers Can Rely On

DR. W. B. CALDWELL AT THE AGE OF 93

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he constantly advised mothers to give only a harmless laxative which would help to establish natural bowel "regularity."

In Dr. Caldwell's Syrup Pepsin mothers have a regulating laxative which they can depend upon whenever a child is constipated, bilious, feverish or sick from a cold, indigestion or sour stomach.

All children love its pleasant taste. Buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin," Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself how perfectly it cleanses and regulates the bowels of infants and children.

ATTENDING AGRICULTURAL MEET IN ABILENE

J. D. Motley, secretary of the Ballinger Chamber of Commerce, and C. W. Lehmborg, county agricultural agent, left Monday morning for Abilene where they go to attend a meeting of the agricultural committee of the West Texas Chamber of Commerce and to discuss the agricultural program of the chamber.

G. W. Fry, president of the West Texas Utilities Company, will preside as chairman of the meeting. The meeting was to be held at the noon hour with a luncheon.

Members of the agricultural committee, bankers, farmers, business men, directors of the various West Texas commercial organizations and others have been invited to attend this meeting and it is expected that a large crowd will be present.

The meeting will discuss the 5-year balanced farm program which has been adopted by many West Texas counties. It is a part of the program of the West Texas Chamber of Commerce.

ANGELO WANTS POSTAL TELE.

San Angelo citizens want Postal Telegraph and Cable Company service, according to a story appearing in the San Angelo Standard recently and they are taking steps through the Board of City Development there to get the new service or better service through the Western Union Telegraph Company.

According to the story in the Standard, service of the Western Union there has been very bad and messages are not promptly delivered and called for, the office does not have enough telephones, and only a few hours service is given on Sunday, and during the week the office closes at 11:00 o'clock.

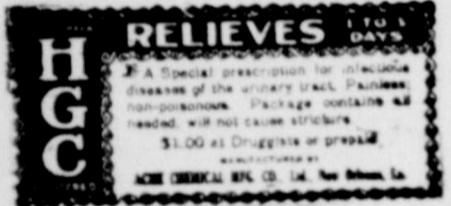

The news item further stated that Ballinger and Winters had asked for Postal service from Abilene.

The Ballinger part of the story is new to the citizens here, however several have recently complained of the Western Union service here. J. D. Motley, secretary of the Ballinger Chamber of Commerce, said he knew nothing of Ballinger citizens requesting the Postal Co. to extend their line to this city, but that Winters had asked for such service.

No serious complaints have been made against the local Western Union office but it is general talk here that the service is not keeping up with the progress of the city and that it has remained the same since the city started growing.

Several cotton men recently circulated a petition which was presented to the Western Union arguing that the uptown office be kept open longer in the evenings during the cotton season. The request was refused and the same service is being given as before the harvest season opened. In many West Texas cities the cotton men use the railroad wires for the night messages and it helps out quite a bit.

It is understood that other West Texas towns are asking the Postal Co. to come in and give them service the Western Union is not supplying.

W. C. WHEELLESS BRINGS IN BIG SAMPLE PECAN

W. C. Wheelless, who lives five miles southwest of Ballinger, was displaying a big pecan here today. He called at The Ledger office and showed the pecan to the boys and they all wanted to buy some like it.

The nut was about 2 1/4 inches long and had a diameter of about 1 1/2 inches. It was the largest pecan exhibited here this year.

MIDNIGHT PROWLER IS HALTED IN CAR THEFT

Platt C. Straley, make-up man on The Daily Ledger, routed a man who was apparently trying to steal his car Monday morning about 1:30 o'clock when he was awakened by a noise.

Mr. Straley went to the back door of his home and saw the garage door was open and the lights were burning. Thinking it was his son, Terence, coming in, Mr. Straley paid little attention at first but when he did not come in the house, the car owner went

HALLOWE'EN QUIET HERE THIS YEAR

As far as could be learned, Halloween was very quiet here over the week-end. Parties started on Friday night and continued through until Sunday night, but no serious disturbances were reported to either the sheriff's force or to the city police.

The celebration here is usually a big event but this year it was very quiet. No arrests were made and few gates were missing from their hinges, while porch furniture and other property left out doors was not bothered.

The Central ward school was entered and youths proceeded to ring the bell for a short time but no serious damage was done to any of the buildings.

LITTLE INTEREST IN THE GENERAL ELECTION HERE

Little interest is being manifested in the general election this year as compared with 1924 when the Republicans put out a ticket to oppose Ferguson in her race for the governorship.

All tickets and ballot boxes have been sent out, and Tuesday the 1926 general election will be held. The Republicans are not as strong this year as they were last year and the vote is expected to be light over the entire state.

John Heck's name has been placed on the ticket as candidate for commissioner of precinct No. 3, to replace that of George Miller, deceased, who was renominated for another term in the first primary, while the name of Jim Shaw, of Wilmoth, has been placed on the ticket instead of Mr. Heck's name as candidate for justice of the peace at Wilmoth.

### COURT DISPOSES OF 18 CASES IN ONE AFTERNOON

Eight cases were dismissed, two were continued and six pleas of guilty were entered in the criminal docket of the 35th district court here Monday.

The pleas of guilty were all for forgery, theft and burglary, and auto theft. These defendants were all in jail and entered the pleas as they were called before

District Judge J. O. Woodward. The juries heard the testimony as presented by the district attorney and county attorney from a written statement made by the defendants in each case.

In the cases where dismissals were ordered by District Attorney Walter U. Early, the state's witnesses in each case were out of the county and could not be located.

Those whose cases were dismissed were:

Clarence Keeton, charged with forgery; Joe Williams, charged with selling intoxicating liquor; John Sides, charged with selling intoxicating liquor; Johnnie

Walker, charged with selling intoxicating liquor; Gene Rayburn, charged with selling intoxicating liquor; Harvey Holloway, charged with selling intoxicating liquor; and Chas. Winaus, charged with selling intoxicating liquor.

Those who entered pleas of guilty were: Joe Castro, car theft, sentenced to two years in the penitentiary; J. D. Abbott, two cases of forgery, two years in each case; George Perry, burglary, two years; Bert ("Peg") Williams, burglary, two years; and E. C. Johnson, theft, given two years.

One case against Abbott was

dismissed. The continued cases were those of Henry Weddle, charged with selling intoxicating liquor; and L. H. Pace, charged with swindling.

Edward Evans, negro, charged with manslaughter, will be called to trial Wednesday at 1:30 p. m. John Elkins, charged with murder in Coleman county, whose case has been transferred to this county, will be called to trial Monday.

Be out Saturday and help the winning Bearcat football squad annex another victory. They need your moral support.

Rains early this week proved that more Ballinger streets should be paved and that most of it should go to the residence section.

"Ma" says the farmers are getting too much advice and she refused to issue the cotton acreage proclamation. Perhaps the chief lady of the land is speaking from experience.

A man who holds oil leases on 33,000 acres of land in Upton and Crane counties has refused two and a half million dollars for his holdings. One makes it while many miss it.

L. N. Goss, a farmer living near Talpa, reports more money profit from one turkey hen than he received from 70 acres of cotton. He raised 71 turkeys from one hen and a borrowed tom, and his turkey crop will be "velvet" while his cotton crop is vexation.

And now the report comes that much cotton will be left in the patch. If farmers book a loss in producing cotton at the prevailing prices, they book a total loss by leaving the stuff in the field.

A circus recently cancelled its itinerary in West Texas, giving as a reason low priced cotton, but another one is headed this way, and the kiddies will get to renew their acquaintance with the elephants despite low priced cotton.

The general election, agricultural meetings, and the Frank Norris trial are taking up the space on the front pages of the dailies of the Southwest now. As soon as they are disposed of something else big will occupy the same position and give readers just as much interesting matter.

Not much change has taken place in the cotton market during the past few weeks following the meetings at which plans were discussed to stabilize the price of the staple and the farmers are still selling their cotton for the same low price with very few of them holding their stuff for a proper price.

Many Mexicans continue to drift to the plains in response to the call for cotton pickers. Farmers should "make hay while the sun shines," for these Moctezumas will drift South like a flock of wild geese when the first blue blizzard hits the open country, and if somebody is not careful charity will have its hands full.

"You might as well go out and put a stick of dynamite under this court and blow it up," said Judge Felix D. Robertson, Dallas district judge, when a jury brought in a verdict acquitting a negro for driving an auto while intoxicated and crashing into another car, killing a man. Turning to the negro defendant Judge Robertson said, "Go out and fill up on booze and kill anybody you like. These juries will turn you loose." This is a case in which the judge and jury both lost their heads.

Planting a big cotton crop works a hardship on the farmer going and coming. In the first place it kneecaps the price and in the second place it leaves the land tied up late in the season and prevents grain planting. Already farmers who would like to sow grain are unable to do so as the cotton is in the way. The better policy would be to adopt the fifty-fifty system and never sow the whole farm down in any one crop at any one time. Find the farmer who diversifies and you will find a farmer who is riding in the best automobile.

Street cleaners in Portland, Oregon, who work at night are now provided with "headlights" and "tail lights" to protect them from being run down by motorists.

MORE FAIR STOCK SUBSCRIBED FOR

Seventeen firms have signed up to take \$1,700 worth of the remaining \$3,000 worth of stock in the Rannels County Fair Association, on top of what they already have and hold it until the fair association is able to sell it to other firms and individuals over Rannels county.

Committees from the Chamber of Commerce started work Wednesday afternoon on this proposition, and will visit the firms of the city who have not purchased any stock. They will also work Thursday morning and afternoon on this matter.

The names of those subscribing will be added to this list for publication from time to time. J. D. Motley, secretary of the fair association, announced today.

Those who have so far subscribed for the stock are as follows:

- Hall Hardware Co. \$100
- Van Pelt, Kirk & Mack \$100

Miss Serena Giesecke to Marry in San Antonio

Friends of Miss Serena Giesecke, daughter of Mr. and Mrs. H. Giesecke, 511 West Russell Place, San Antonio, formerly of Ballinger, have received invitations this week to the wedding of Miss Giesecke and Mr. Robert Wolcott Harding.

The invitation is as follows: Mr. and Mrs. Herman Giesecke request the honor of your presence at the marriage of their daughter Serena to Mr. Robert Wolcott Harding on Friday evening, the fifth of November at eight o'clock at the First Presbyterian Church, San Antonio, Texas.

Miss Giesecke attended school in Ballinger until the Giesecke family moved to San Antonio. She graduated from Main Avenue high school in San Antonio. Two years after graduation, Miss Giesecke attended Sweet Briar College at Sweet Briar, Virginia, and last year was a graduate of the University of Texas, having attended that university during her last two years of college work. She was a member of the Phi Omicron sorority at Texas.

Mr. Harding is also a graduate of the University of Texas and is associated with his father in business at San Antonio. Mr. Harding visited Miss Giesecke in Ballinger several times during the past summer while Miss Giesecke was here visiting friends and relatives.

EXPECT CHANGES IN U.S. BOUNDARY

SAN ANTONIO, Nov. 2.—Innumerable slight changes in the boundary between the United States and Mexico which will throw many American holdings into Mexico and many Mexican holdings into the United States are scheduled to take place here some time within the next six months when the International Boundary Commission finishes its 100 years work with a session in San Antonio.

Discouraged by the Low Prices Growers Leave Cotton Unpicked

HOUSTON, Nov. 3.—Fully 50,000 bales more already have been ginned in South Texas than that district has ever before produced, the October 18th report of H. H. Schutz, government statistician here, said.

Meanwhile a huge general cotton crop and a bulge to an estimated 5,400,000 bale crop in Texas had driven the price of the staple downward and had produced indifference in many Texas sections toward picking the rest of the crop.

This feature frequently was mentioned by Mr. Schutz in his report of conditions by sections. Excerpts from it say:

North Texas—Many fields stripped by leafworms have taken on a second growth. Sharecroppers have abandoned some fields and have moved to town for day labor. Late picking will not be gathered very closely. Grades of open cotton have suffered.

Northeast Texas—A very large crop of weevils will go into hibernation. Low prices and scarcity of labor will result in low grades not being picked.

West and West Central Texas—A long stretch of dry weather is needed. On account of the price much low grade will not be picked after frost. There are instances of pickers leaving and tenants are indifferent.

Central Texas—Some losses from the elements. Land is being broken behind the pickers and sown to fall grain.

East Texas—Most of the cotton is open and exposed to the elements which previously had caused some losses. Quite a percentage will not be picked because of low prices.

South Texas—Turning of stock into the fields is becoming general. The district already has ginned 659,000 of its expected 782,000 bale crop.

Southeast Texas—Some cotton will not be picked because of low grade and price. Many discouraged growers are leaving quantities in the field.

Napoleon's Cane of Trieste Days is Sold

TRIESTE, Nov. 3.—Napoleon's cane has been purchased by a local antiquary for 45,000 lire. The cane had been cut from a red worth-herry tree by one of Bonaparte's soldiers after the battle of Areola. Into the handle the artistic guardsman had skillfully cut the features of his general with several episodes of the recent battle. The finished product he then presented to Napoleon, who carried the cane continually while he remained at Areola. When he departed he inadvertently left it in the house at which he had stopped, where it had since been carefully guarded.

WHEN BACK HURTS FLUSH OUT KIDNEYS

Drink Lots of Good Water All Day. Also Take Salts Occasionally

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

POE DEFEATS HECK FOR COMMISSIONER PLECT. NO. 3

Howard Poe, who lives between Winters and Humphrey, was the victor in Tuesday's general election over John Heck, of Wilmett, for commissioner of precinct No. 3, it was announced here today by County Clerk W. A. Forgey. Mr. Heck's name was printed on the ticket in the place of George W. Miller, deceased, and is now serving in the office by appointment. The name of Mr. Poe was written on the ticket, and returns show he is winner by about 70 votes.

A small vote was cast in Rannels county at this election.

Communist Deputy in France One of Richest

PARIS, Nov. 3.—Camarad Berthon is considered one of the richest Communist deputies in the Chamber. He also is one of the richest. A lawyer by profession, he has appeared at some of the most important trials.

When acting on behalf of a very rich woman, suing her husband, a Siamese prince for 2,000,000 francs as a settlement after divorce, one of Berthon's constituents happened to be in the audience room. During a suspension of proceedings, he approached "his" deputy.

"You are not on the level," said the workman. "In the meetings for the cause you excite us against the bourgeois and you come here in court and fight tooth and nail for their money."

FOWLER NO. 1 GETS A "PUFF" AT 2,000 FEET

The Red Bank Fowler No. 1 struck a slight "puff" of gas at about 2,000 feet Tuesday evening. H. P. Nichols, lease contractor, who blocked the Red Bank Fowler block, announced Wednesday. It was the first gas encountered in this hole.

This well is drilling at about 2,050 Wednesday.

The Zach McCreary-Bruce No. 1 is drilling again after a three-weeks fishing job. The bit was lost in the hole about three weeks ago, and last Sunday it was brought to the surface. This well is drilling at about 1,650 feet.

The Bruce No. 1 encountered a little gas a short time ago but it did not amount to much.

Rigs are being erected on the locations North of the city and drilling is expected to start within the next few weeks on these two wells.

FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lary. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and animation of health. Price 60c. Sold by Weeks Drug Store

## Simpson Elected to Head Pat Williams Post No. 8

At the annual election of officers held by Pat Williams Post of the American Legion Monday night Troy Simpson was elected to serve his third term as commander of the post. Mr. Simpson has twice before served as post commander here. He succeeds Rev. E. W. McLaurin, who has been post commander for the last year.

R. R. Williams was elected adjutant of this post, known by the state department as post No. 8. M. C. Atkins was elected finance officer.

Vice-commanders elected were: Tom Caudle, W. J. Halfman, A. D. Richey, Mr. Bell and Mr. Kirkland.

Frank Cameron was elected sergeant-at-arms. Rev. McLaurin, retiring commander, was elected historian, and Rev. Leslie G. Smyth was elected chaplain.

The annual report which was to have been heard Monday evening was not ready and will be read at the next regular meeting which comes on November 18, the third Monday in November.

A committee was named to arrange for a delegation to attend the district meeting of the American Legion to be held at Stamford next Sunday. A large delegation is expected to attend from this city, and Ballinger will endeavor to get the attendance up at this convention, it was announced. The last district convention was held in Ballinger, with large representations from cities in this district.

A second committee was appointed to make arrangements for a delegation to go to Brady on November 11th, when the Ballinger high school Bearcats play the Brady high school football team. The Legionnaires will boost for the Ballinger team and also aid in the presentation of an Armistice Day program by Brady Legionnaires. Armistice Day will be a holiday here and a large crowd is expected to go to Brady for the game.

Standing committees of the local post will be announced for the ensuing year at the next regular meeting.

## DISTRICT C. OF C. MEETING HERE NEXT MONDAY

November 15th, Monday of next week, is the day set for the district convention of the West Texas Chamber of Commerce, it was announced Wednesday by J. D. Motley, secretary of the local Chamber of Commerce, following his return from Abilene Monday where he attended a meeting of the West Texas chamber directors, bankers, farmers and others interested.

The program here, Mr. Motley said, will be of an agricultural nature, concerning the cotton industry of West Texas and other problems of the farmers.

Several committees were sent out this week from the headquarters at Stamford to obtain plans and proposals from bankers, business men and farmers of this region, and a general committee will submit a plan here

Monday to the convention at which time agriculture will be the principal subject.

Many prominent and well-known authorities on agriculture will be present Monday and will address the gathering on various angles of the marketing problem.

This meeting is not confined to this district, composed of nine counties, Mr. Motley declared, but is open to every county and city in West Texas, as has been announced by officials of the West Texas Chamber of Commerce, who this week mailed out invitations to every city in West Texas to have a representative present at the meeting.

The complete program for the convention will be announced later.

The meeting set for next Monday was originally scheduled for October 14th, during the Rannels County Fair, but on account of continuous rains, it was indefinitely postponed.

## TRAMMEL QUILTS SHERIFF'S OFFICE

Sheriff J. A. Trammel, formerly of Talpa, Monday afternoon tendered his resignation to the Commissioners Court of Coleman county, effective at once.

Trammel was defeated in the July election by W. R. Hamilton, former sheriff of Coleman county.

Upon the death of Sheriff Dick Pauley, who was shot and killed by a negro at the Santa Fe railroad station in Coleman during 1925, Trammel was appointed sheriff. He had been serving in that capacity continuously until Monday when he resigned. Hamilton, sheriff-elect, was appointed to take his place.

Trammel has been named as a deputy game warden by the state game, fish and oyster commissioner.

Bearcats Blank Sonora Here Friday 58 Points

Sonora was not strong enough to hold the Ballinger Bearcats Friday afternoon on the gridiron at Fair Park, and as a result, the Bearcats emerged from the football battle victorious with a score of 59 while the Sonora eleven was only successful in making three first downs, and no scores.

The Bearcats kicked off to the Sonora Brones to start the game but Sonora was held and forced to kick to Arthur who made a good return of the ball. It was then that Ballinger started making first downs and scoring. Line bucks and cross bucks put the ball on Sonora's 8 yard line and McKenzie went over for the first touchdown. Arthur kicked goal.

It was not much trouble for the Bearcats to score again in the first quarter. A pass was completed from McKenzie to James Parrish for about 22 yards and a first down after the locals had been penalized for holding. Arthur took the ball over but failed to kick the extra point.

The quarter ended 13 to 0 in Ballinger's favor.

In the second quarter, the Bearcats scored another when Arthur, Bearcat full took the ball over after a series of passes and bucks. He again failed to kick the extra point. After the second kick-off in this quarter, Sonora was forced to kick and Arthur, receiving the ball for the Bearcats made a very pretty 32-yard return of the pigskin. Alagood on the next two or three plays took the ball over for a counter. Arthur failed again to kick the extra point, but Sonora was off-side and the point counted. The score here was 26 to 0.

Back Elkins, playing a good game in the Bearcat backfield, in this quarter intercepted a pass for the next touchdown. He ran about 35 yards for a touchdown. Arthur was out of the game then and McKenzie ran 10 yards around right end for the extra point. The score was made 33 to 0 in Ballinger's favor.

In the second half, the Bearcats scored 26 points, and each was scored on a very pretty play. The local plowed thru the visitors' line every time for long gains, and on one occasion Pete McKenzie, Bearcat half, got loose for 30 yards before being downed on Sonora's 8 yard line. He took the ball over on the next play and the score stood 39 to 0. Arthur, again failed to kick the extra point.

McKenzie, in the next two or three minutes after Ballinger had gotten the ball following the kick-off, went about 65 yards for a touchdown on an off-tackle play. Pete broke through the line and squirmed around until he was free of players and then marched on for a touchdown. The attempt for the extra point failed.

About this time the Sonora boys started their passes and before the Bearcats could get next, three first downs were made, two being the direct result of passes while passes helped to make the third. A place kick failed, and the ball went out on Ballinger's 2-yard line. Arthur kicked out of danger and the third quarter ended.

The fourth quarter started with Sonora trying more passes. They tried two and were penalized 5 yards and the third time they tried one. Rayburn, Bearcat center, intercepted the ball and ran about 60 yards for his only counter. Rayburn had been playing in the defense and watching for passes and two or three times he came very near intercepting passes, and when he did intercept this pass he ran like a jack rabbit chased by a greyhound. He did not slow up once until he crossed the goal line. Rayburn is considered one of the best defensive players in West Texas high school football and would make a good offensive man on many of the squads. Arthur kicked for the extra point and made the score 52 to 0.

Elkins and Marecek took the ball to the goal line for the last touchdown and the Sonora line literally made way for them after the Ballinger line started opening holes for these two backs. When Elkins took the ball over for his second touchdown there were four men trying to tackle him but he shook two off and the other two were hanging on when he went over the line. That was all the scoring.

Marecek and Elkins were two new players in the backfield. Elkins had been in before but he did not stay in very long in any other game, while it was Marecek's first try in the backfield. Both proved to be good ball toters, and they will alternate with Alagood, Arthur and McKenzie in the backfield during the remainder of the season. Ballinger has about 25 players in suits and every one is about the same size and about as good as the other for their respective positions.

Substitutes were numerous in the Bearcat line-up, while Coach Bryan used only two subs on the Sonora team, they both going in in the first half.

Passes were numerous but Sonora completed only a few while Ballinger intercepted several passes. Ballinger also completed several passes for long gains. Ballinger made 21 first downs while Sonora made 3 first downs.

The Bearcats were penalized four times for a total of 40 yards while Sonora was penalized three times for a total of 15 yards and one extra point.

The line-up was as follows: Ballinger—Foreman and Tucky, ends; Mason and Powell, tackles; Middleton and Smith, guards; McWhirter, center; James Parrish, quarter; Alagood and McKenzie, halves; and Arthur, full. Sonora—Holmig and McClelland, ends; Striegler and Williamson, tackles; Sykes and J. Trainer, guards; Taylor, center; Archer, quarter; Turney and Trainer, halves; Ridley, full.

Subs: Ballinger—Reese for Middleton; Marecek for McKenzie; Elkins for Alagood; Rayburn for McWhirter; Beck for Foreman; and probably two or three others. Sonora—Brown for Sykes; Hull for J. Trainer. Referee, Suggs, (A. C. C.); umpire, Earnshaw; head linesman, Penn, (Howard Payne).

Scoring, touchdowns, McKenzie, 3; Arthur, 2; Elkins, 2; Rayburn and Alagood. Points after touchdowns, Arthur, 3 (drop-kicks); McKenzie, 1 (end run). Time of quarters, 12 1-2 minutes.

KIRK CASE IS POSTPONED UNTIL MARCH

The L. P. Kirk murder case, called for Thursday, October 27, in Sweetwater, has been postponed until the March term of the district court there. It was learned here today.

Kirk is charged with the killing of Crawford A. Tabor, young Wingate farmer. He was tried here last year but the trial resulted in a hung jury. Several from this county went to Sweetwater as witnesses in the case.

MERKEI, Texas—New and extra equipment for pumping of water into the city reservoir is being installed here.

EXPERTS ADVISE NINE ARRESTED COTTON FARMERS TO GROW JUJUBES ON INDICTMENT

COLLEGE STATION, Texas, Oct. 28.—Farmers who may have the "heebie-jeebies" over the cotton situation are directed by the Texas Agricultural Experiment Station to the virtues of the jujube.

Esteemed as a pleasant gift in the celestial kingdom whence it comes, the jujube is a fruit with a possible future in Texas, but with very little past. This Chinese product resembles an olive or a plum in size and appearance, depending upon the variety, and in food value compares favorably with the fig and date.

For upwards of 50 years it has been raised principally as an ornamental in Texas, and now the experiment station comes forward with the announcement that it could be made commercially profitable, but like the olive, according to the station's latest bulletin on the subject, the fruit must be eaten to be appreciated and the more one eats, the more one likes it.

"Jujubes may be eaten fresh, dried, candied or preserved. For eating fresh, they should be picked when the first brown spots appear on the fruit," says the bulletin. "They are then crisp, sweetish to slightly sub-acid. The jujube appeals particularly to persons who do not care for highly flavored fruits. The flavor is different from that of most fruits, and jujubes must be eaten to be fully appreciated. Like olives, the more they are eaten the better they are liked."

"As the jujube becomes better known it is destined to become more and more popular. It compares favorably with the fig and date in food value. Dried jujubes carry more protein than dried figs or dates and more sugar than figs. Fresh jujubes analyze 50 per cent higher in sugar than do fresh figs.

"Jujubes have been used in this country mostly as a confection. The new fruit is recommended to Texas farmers because it is drought resistant, and is remarkably free from injurious insects or fungus diseases. The trees grow in a wide variety of soil, but seem to be more particular about climate. They do their best, apparently, with long hot summers and not too much moisture.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEP-SIN" is a specially prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. • Very Pleasant to Take. • 60c per bottle.

Deputy Sheriff John D. White arrested nine alleged bootleggers here Friday after the grand jury had returned indictments billing them for violation of the prohibition laws, it was learned at the sheriff's office today.

Six are being held in jail while three have been released on bonds. Horace Speer, Horace Donham and Griggs Holland have made their bonds and have been released.

Perry Todd, Michael Musil, I. E. Musil, Riley Bowdry, John Kornisky and John Brem are all being held in jail.

Criminal cases of the present term of district court will be called Monday by Judge J. O. Woodward and it is expected that the bootlegging cases will head the docket.

MORE ALLEGED BOOTLEGGERS ARRESTED

Three more men, alleged to be bootleggers and indicted by the grand jury recently as such, were arrested over the week-end by tivts and looking after business.

PUT STOMACH IN ORDER AT ONCE "Pape's Diapepsin" for Gas, Indigestion or Sour Stomach

Instantly! Stomach corrected! You never feel the slightest distress from indigestion or a sour, acid, gassy stomach, after you eat a tablet of "Pape's Diapepsin." The moment it reaches the stomach all sourness, flatulence, heartburn, gases, palpitation and pain disappear. Druggists guarantee each package to correct digestion at once. End your stomach trouble for few cents.

Deputy Sheriff John White. The men arrested were Chas. Winans, Johnnie Walker and a man by the name of Thorne.

All three made their bonds immediately. The criminal docket of the district court opens here Monday afternoon and it is understood that liquor cases will be called for trial at once.

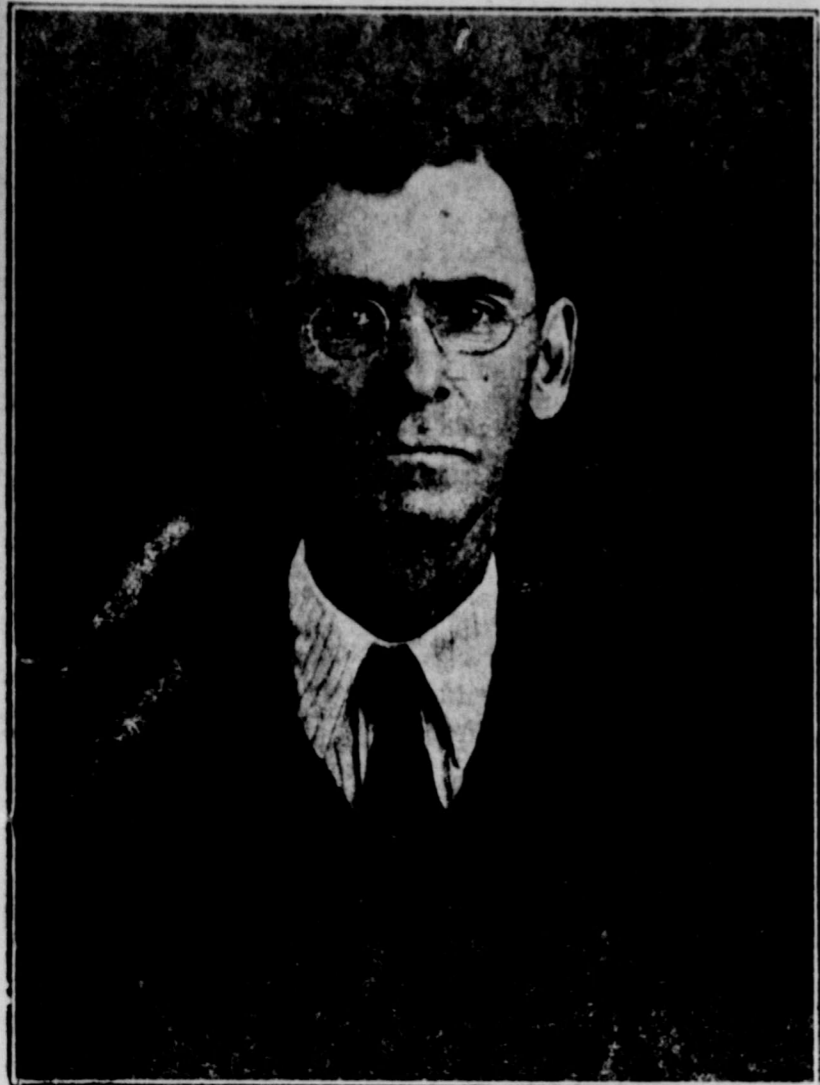

Mr. and Mrs. T. S. Lankford, of Abilene, are here visiting relatives and looking after business.

### Pioneer Poultry Man Is Called By Death

E. A. Jenes, pioneer produce man of West Texas, died at his home, 700 Ninth Street, Sunday morning at 5:30 o'clock, following an attack which he first suffered Friday morning about 9:30 o'clock when he became unconscious and remained in that state until he died.

Funeral services will probably be held Tuesday afternoon at 2:30 o'clock from the home with Rev. O. F. Hatfield, general superintendent of the Nazarene church of the San Antonio district, officiating.

Mr. Jenes had been in bad health for some time but had been up and around looking after his business and was on the streets almost every day until the Friday morning he was stricken in the yard at his home. He was hurriedly taken inside the house and a physician summoned. His condition was announced to be very grave by attending physicians, and members of his family were summoned. A son Carl R. Jenes, of Coleman, was the first to arrive. The wife, Mrs. Lydia Anna Jenes, was at home, as were two other sons, E. Paul Jenes, who was in business with his father; and E. A. Jenes Jr., also in the poultry and produce business. Other sons and a daughter were notified in the West and they started immediately for Ballinger.

Elisha Anderson Jenes was born in Alabama on June 12th, 64 years ago. He moved to Texas when a young man and lived at Crawford for some time, and after his marriage to Miss Lydia Anna Raby on February 14th, 1885, he lived in McLennan county, Lampasas, Temple and Alvin, coming to Runnels county from Alvin.

It was in 1895 that Mr. and Mrs. Jenes moved to this county with their family and made their home on Valley Creek, the old Jenes place, which is still known as such. Mr. Jenes was a farmer at that time but later opened a produce business in Ballinger, he being one of the first in West Texas to take notice of this industry. He believed strongly in the future of Ballinger and Runnels county as a produce district. He remained on the farm however, and came into Ballinger to look after his produce concern.

In 1911 the firm of E. A. Jenes & Company was formed here and it progressed rapidly. The name of the firm still lives, but Mr. Jenes sold out a few years ago to enter the poultry business on a commercial scale. He built the poultry and produce business in this county from the ground to what it is now. He was one of the first to start raising poultry for sale. At the time he commenced in the business, poultry was only raised in this region for home use.

Mr. Jenes and a son, Paul Jenes, were owners of the biggest poultry farm in Runnels county, it being located on the

North bank of the Colorado River in the Western suburbs of the city. At various times, Mr. Jenes was connected with his sons in business here; E. A. Jr., C. R., and Paul each having an interest in the E. A. Jenes & Company before the sale of the business a few years ago.

Deceased is survived by his wife, three sisters, one brother, six sons and two daughters. They are: Mrs. Lydia Anna Jenes, Mrs. Fannie Allen, Waco; B. H. Jenes, Childress, (both of latter having sickness in their families and will not be able to attend the funeral); Mrs. J. C. Beaty, Azusa, Calif.; and Mrs. E. D. Bailey, Monrovia, Calif.; C. R. Jenes, Coleman; R. E. Jenes, San Diego, Calif.; J. D. Jenes, Phoenix, Ariz.; E. A. Jenes Jr., Ballinger; Mrs. B. V. Seals, Holtville, Calif.; Joe A. Jenes, El Centro, Calif.; E. Paul Jenes, Ballinger; and Miss Mary Lloyds Jenes, Ballinger.

Miss Mary Lloyds Jenes arrived Saturday night from Peniel College, Bethany, Okla., where she had been attending school. The sons and daughter of California and Arizona are en route to Ballinger for the funeral, it is not known at what time they will arrive. Mrs. E. A. Jenes Jr. and children are expected home today from a visit to California.

Active pallbearers as announced Monday afternoon are as follows: S. H. Daugherty, L. L. Williams, Wilbe Stephens, J. L. Davis, W. G. Tyree and H. S. Yeager. Honorary pallbearers are: J. N. Harris, M. H. Forgey, W. D. Gregory, E. V. Bateman, T. J. Starkey, J. M. Garlington, J. M. Duke, W. L. Williams, and Chas. Ferguson.

#### A Tough Situation

"My wife and four children were dependent on me for their living. My stomach and liver trouble of five years had made me despondent, as no medicine seemed to help me, and I was gradually wasting away. It was a tough situation. My cousin in Columbus wrote me about having taken MAYR'S, and advised me to try it. I am now feeling better than for fifteen years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.

C. A. Doose Jr., has returned to Brownwood, where he is attending Howard Payne College, after spending the week-end at home with his father, C. A. Doose Sr.

# I'M ONLY A DOLLAR

I know I don't amount to much these days, but I'm supposed to work for you just the same—to help you get some of the good things of life. But there are so few places where I can do anything worthwhile alone. For instance, it takes a regiment of my tribe to capture a single automobile.

I'm a mite when it comes to paying rent or buying coal.

I'm of little use when it comes to buying clothes.

I can't even buy a decent pair of shoes or a hat, but—

## At Piggly Wiggly I'm Big Money

That's one place where I'm still able to do something worthwhile for you. That's why I like to work there. When I'm exhausted, I have gathered the biggest and best assortment of fresh vegetables and foods of known quality that money can buy.

I enjoy going to Piggly Wiggly stores, because people appreciate what I do for them there, and, they too, enjoy going there. That's why they almost invariably go back after they find out how much I can do for them there.

People find there wonderful displays of the world's best food, all plainly price marked and so arranged that they can see and inspect the entire stock, get ideas on what to buy and avoid omissions.

They help themselves, just as they would in their own pantries. There's no waiting in line to get what they want, nobody to hurry them, to urge them to buy, or to accept substitutes or shelf warmers.

People can take their time, make careful selections and still be served in less time than in an ordinary food store.

People get quality products at lowest prices for their money at Piggly Wiggly. That's why so many of them buy there exclusively.

## Get Up on Wrong Side of the Bed?

Feel grouchy?  
Headache—sour taste in your  
mouth—no appetite—feel lazy  
and can't think?

You are CONSTIPATED!  
Maybe you don't feel the need of  
medicine—but constipation does  
not mean failure of the bowels to  
act. You must have a thorough  
movement each day, or you will  
become clogged up with foul  
wastes which breed disease and  
fill your system with poisons.

Better correct that constipation  
with KLOK-LAX. If you don't,  
it may become chronic, and lead  
to serious disease and the sick  
bed. Constipation is a bad habit  
—a dangerous habit. Produces  
stomach trouble, biliousness, indig-  
estion. Often leads to painful  
piles.

KLOK-LAX is the new, im-

proved way to STOP CONSTI-  
PATION! Does away with all  
gripping and nausea—and yet, it  
reaches and cleans out thorough-  
ly every inch of the twenty-eight  
foot drainage canal, including  
your stomach, upper and lower  
intestines. Ordinary methods  
only reach parts of this long  
canal, but KLOK-LAX gives it a  
complete cleansing.

And KLOK-LAX is so easy and  
delightful to take. Just a tablet  
with a swallow of water. Every-  
body's taking KLOK-LAX now  
at 9 at night. Then, next day,  
with their system clean and pure,  
they feel fine! Liver active—  
head clear—appetite hearty and  
brimful of new life and energy.

Get KLOK-LAX at any good  
druggist.

**Rains and Floods to  
Benefit Farm Soils**

DES MOINES, Iowa, Nov. 1.—  
The silver lining of the rain  
clouds that poured tons of water  
over each Iowa acre during Sep-  
tember will be visible to farmers  
of the state when next year's  
crops are harvested.

A few weeks ago, flooded  
streams and inundated lowlands  
foretold huge crop losses. But  
cheering statements from experi-  
enced observers indicate that  
this year's scattered losses will be  
offset by many indirect benefits  
through the replenishing of the  
water reservoir.

For many years the water re-  
serve has been depleted. Scarcity  
of top soil water has interfered  
with crop growth and the grad-  
ual lowering of the permanent  
ground water level has caused  
shortage of well water.

This year's rains came at a  
season when the crops were dor-  
mant. The water thus pene-  
trated the lower levels, and also  
replenished the soil water supply.  
It is estimated that only about 25  
per cent of the precipitation was  
carried off by the streams and  
that the balance has so saturated  
the soil that the benefit will be  
marked during the next growing  
season, and may be noticeable for  
the next three or four years.

**Press Building Rented**

WASHINGTON, Nov. 2.—  
Although the National Press  
Building, the 14-story home and  
office building being erected here  
by the National Press Club, will  
not be ready for occupancy for  
several months, the holding com-  
pany has applications and leases  
signed for rental space to the  
amount of 100 per cent.

The structure will be the larg-  
est privately owned building in  
the nation's capital.

**Seeing London Cathedral**

LONDON, Nov. 3.—William  
Skinner, head verger of St.  
Paul's Cathedral, who has been  
on the job fifty years showing  
sight-seers about, estimates he  
has answered more than 500,000  
questions, one-fifth of which per-  
haps were asked by Americans.  
Mr. Skinner is better known to  
visitors than to Londoners, as  
comparatively few in the city  
ever visit the Cathedral for  
sight-seeing purposes.

Matrimony depletes the ranks  
of popular London mannequins  
so rapidly that fashion houses are  
in despair.

## COLEMAN PLAYS HERE SATURDAY

"Beat Coleman, beat Brady,  
and then beat Winters" is the  
cry of the Beareat followers here  
as the locals train for their clash  
here Saturday with the Coleman  
high school team.

The Beareats were hindered in  
their workout Monday on ac-  
count of the rain and cold, but  
Coach Felton Wright gave the  
squad a hefty skull practice at  
the big school for more than an  
hour and on Tuesday afternoon  
gave them a good long practice  
at the Fair Park gridiron.

**King Albert Buys His  
Seventh Motor Bicycle**

LONDON, Nov. 2.—King Albert  
of Belgium, the monarch who  
drives his own motor cycle, has  
bought his seventh machine of  
this type.

The ruler's latest mount, made  
here, was displayed at the  
Olympia motorcycle show and at-  
tracted a great deal of attention.  
It is of unusual design, and when  
making high speed it is almost  
noiseless due to an improved type  
of silencer.

The king, who is also fond of  
aviation, often makes 200 miles a  
day, unaccompanied, when out on  
a motorcycle spin.

Passenger travel to Europe  
from American ports last sum-  
mer showed an increase of 10,518  
persons over 1925.

## COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to  
Keep her Locks Dark  
Glossy, Beautiful

The old-time mixture of Sage  
Tea and Sulphur for darkening  
gray, streaked and faded hair is  
grandmother's recipe, and folks  
are again using it to keep their  
hair a good, even color, which is  
quite sensible, as we are living in  
an age when a youthful appear-  
ance is of the greatest advantage.

Nowadays, though, we don't  
have the troublesome task of  
gathering the sage and the mussy  
mixing at home. All drug stores  
sell the ready-to-use product, im-  
proved by the addition of other  
ingredients, called "Wyeth's  
Sage and Sulphur Compound."

It is very popular because no-  
body can discover it has been  
applied. Simply moisten your  
comb or a soft brush with it and  
draw this through your hair,  
taking one small strand at a time;  
by morning the gray hair disap-  
pears, but what delights the  
ladies with Wyeth's Sage and  
Sulphur Compound, is that, be-  
sides beautifully darkening the  
hair after a few applications, it  
also produces that soft lustre and  
appearance of abundance which  
is so attractive.

### CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! See if tongue is coated, breath hot or stomach sour

"California Fig Syrup" can't harm tender stomach, liver, bowels

Every mother realizes, after giving her children "California Fig Syrup," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless, "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Fig Syrup," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, sold by "California Fig Syrup Company."

### NEGRO BOY GOES DOWN 110 FEET INTO AN OIL WELL FOR A LOST BIT

ABILENE, Oct. 29.—Drilling at the I. S. Brown test of the Sanger Oil and Refining Company, four miles East of Abilene, was under way Tuesday because of the daring of a small negro boy who went down into the hole for a depth of 110 feet, attached a cable to a lost bit and made possible the clearing of the trouble.

The boy, Rawleigh Dick, first stayed in the fifteen-inch hole for twenty minutes, but was unable to attach the cable. He was hoisted to the surface, given further instructions and once more made the descent between the crumbling walls of shales and limestone. This time he was successful and received \$25 for his work.

The only request he made was that he be "guaranteed" there were no snakes or spiders in the hole.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E. W. GROVE'S signature on box. 50c.

Misses Nettie Routh Sledge and Mildred Butler have returned from Abilene, where they spent the week-end with Miss Ruth Holliday.

Miss Naomi McWilliams and Miss Frances Trail have returned to Abilene, where they are attending Simmons University, after spending the week-end at home with their families.

CLYDE, Texas—Waterworks and sewage bonds in the sum of \$60,000 were voted here recently by a vote of 3 to 1.

### Keep Fit!

Good Health Requires Good Elimination

To be well, you must keep the blood stream free from impurities. If the kidneys lag, allowing body poisons to accumulate, a toxic condition is created. One is apt to feel dull, languid, tired and achy. A nagging backache is sometimes a symptom, with drowsy headaches and dizzy spells. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. If you have reason to suspect improper kidney functioning, try Doan's Pills—a tested stimulant diuretic. Users praise them throughout the United States. Ask your neighbor!

### BLANKETS HERE FOR GRID BOYS

Fourteen scarlet blankets, trimmed in black, and with a big black "B" in the center, were received in Ballinger today by a local firm from Callem & Boren, sporting goods dealers, and next Saturday when the Bearcats trot out on the gridiron here to meet the Coleman high school team the public will see them for the first time.

The blankets were purchased at cost by a local committee who will collect for the goods on Tuesday.

The Bearcats have been in need of several such blankets for some time, and they were purchased about ten days ago.

Coach Wright and his Bearcats have been furnishing some good football this year, having won three games, losing two and tying one.

Ballinger people have always wanted a winning team and this year they have their wish, and it is pointed out that they should patronize the games and give the Bearcats sufficient backing. The Bearcats are going to beat Winters after they get through beating Coleman and Brady and then they will have some two or three other games scheduled.

### HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils  
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache dryness. No struggling for breath at night—your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates thru every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

### BEARCATS HAVE WON 3; LOST 2; AND TIED 1

The Ballinger high school Bearcats have won three games, lost two, and tied one of their six games already played this season and they have three more games on the regular schedule.

Following are the scores of the first six games:

- Ballinger 6—San Angelo 19
- Ballinger 6—Howard Payne Reserve 12
- Ballinger 6—Brownwood 6
- Ballinger 26—Eden 0
- Ballinger 20—Junonia 13
- Ballinger 59—Sonora 0

Total scores: Ballinger 123—opponents 50.

The Bearcats play the Coleman high team here Saturday, go to Brady the next week for a game and then on November 19 to Winters for the annual grudge battle.

FILLING STATION IS  
BURGLARIZED HERE

The Riverside Filling Station, located near the Colorado River bridge, was burglarized Friday night, the sheriff's department announced today. The amount of the accessories taken has not been estimated.

The burglar entered the building by using a pass key and he locked the place up neatly after helping himself to several articles.

Several cans, tubes, several cans of lubricating oil, some cash and several gallons of gasoline were missing.

Officers began work on the job immediately but at a late hour no arrests had been made in connection with the burglary.

ELDORADO—A Sonora power company has been granted the right to install and operate an electric light plant here.

### MON. ELECTION DAY FOR POST

Members of Pat Williams Post No. 8 of the American Legion will hold regular election of officers Monday night and close the present year's business, it was announced today.

The election of officers will come as a regular matter, while there will be much other business transacted by the post.

During the past year the Legion has expended several thousand dollars and while there will be indebtedness remaining over for the next year, the members feel that they have done something worthwhile in Ballinger this year and that the time and money spent was well worth it.

On January 1, 1926, Pat Williams Post No. 8 took over the Carnegie Library which had been practically vacant for several years and which was fast deteriorating. The building was leased by the post for a period of 30 years for \$1 per year.

Since moving into this building as a home, the Legion has spent \$5,000 on the building, putting it in first class condition, and it is now one of the finest buildings in the city, and has a good stage and auditorium. Recent purchases brought some \$1,000 worth of stage settings here from the King Seemie Company, and they have been installed in the auditorium. The floor has been elevated so a better view of the stage can be had from the rear of the house.

The building was very dirty. The building has been thoroughly renovated and painted, which adds materially to the appearance.

Other fixtures have also been installed, and the local unit of the National Guard also uses this building as an armory. The whole

building is kept in first class condition. The Legion has a keeper who remains at the building 24 hours in the day and who prevents gambling, drinking and other obnoxious occurrences which prevailed almost every week before the Legion took over the library.

The Legion expects to bring in more high class shows to Ballinger and to give theatre goers here their money's worth.

### NOTHING LIKE IT ON EARTH

The new treatment for torn flesh, cuts, wounds, sores or lacerations that is doing such wonderful work in flesh healing is the Borozone liquid and powder combination treatment. The liquid Borozone is a powerful antiseptic that purifies the wound of all poisons and infectious germs, while the Borozone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (liquid) 50c, 60c and \$1.20. Powder 50c and 60c. Sold by

### H. A. HALBERT IMPROVING

H. A. Halbert, of Coleman, injured last Saturday in a dangerous fall from a peach tree, writes that he is doing wonderfully well and is improving rapidly. He says, however, the fall will leave him a cripple the remainder of his life but will not prevent his keeping up his interest in public affairs and especially farm topics. He says he shall continue to give out articles to the press and will be able to carry on his special line of business. Mr. Halbert is a brother of B. M. and R. H. Halbert of this city.—San Angelo Standard.

### TWO DRUNKS HERE OVER WEEK-END

Two drunks were arrested by the sheriff's department here over the week-end. These were the only disturbances reported from the sheriff's office.

Both violators entered pleas of guilty and paid their fines.

### 2 ARRESTED ON LIQUOR CHARGE

John Kornisky, Rowena farmer, and John Brem, said to be a cotton picker, are held in the county jail here awaiting the grand jury now in session to investigate cases against them filed Wednesday night following a raid on the Kornisky farm, three miles West of Rowena.

Sheriff Earl McWilliams and three other officers made the raid, arresting Kornisky and Brem after they had attempted to pour out ten gallons of corn whiskey that was found in the home of the farmer.

As the officers entered the house, the two men, each with a five-gallon glass jar of liquor, started running out of the back door and were pouring the stuff out as they ran. The officers overtook the men after they had poured out about two gallons. The men made no attempt to break the jars. One quart and one pint bottle of intoxicants were found on a table in the house.

Kornisky and Brem were brought to Ballinger and placed in the county jail. Sheriff McWilliams took the eight gallons of whiskey that was left and placed it with the other intoxicants that he keeps in a cell on the third floor of the jail.

Deputies John White and Ray Howard, and City Patrolman Walter Watson assisted Mr. McWilliams in making the raid.

### No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILD TONIC gives regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

### Things to Know Before Baby Comes

THE expectant mother's comfort and well being is very important. And one of the most important things for her to do is to use Mother's Friend to keep the vital muscles soft and pliable—thus aiding the tissues and muscles to relax and adjust themselves to the changes during motherhood. Mother's Friend is the formula of an eminent physician and has been used by expectant mothers for over three generations. No woman awaiting the joy of motherhood should allow the days to pass without using Mother's Friend.

Mrs. Laura Hendrix, Gracemont, Okla., writes: "I used Mother's Friend with all my babies and I think it is the grandest help that has ever been discovered for expectant mothers. I can't say too much for it." Mother's Friend is safe for you to use because it contains no harmful drugs and is applied externally. Mother's Friend—the same as used by our mothers and grandmothers—don't wait—start using tonight—and meanwhile write Bradford Regulator Co., Dept. 31, Atlanta, Ga., for free valuable booklet "Motherhood and the Coming Baby" (sent in plain envelope). It tells how Mother's Friend can help you during expectancy and at childbirth. This booklet also tells you many other things you want to know. "Mother's Friend" is sold by all druggists—everywhere.

A. M. King, who has been selected to guide the Silver Valley public school for the term of 1926-27, was in Coleman Saturday and started out right by adding his name to the subscription list of the great religious weekly. Mr. King comes to Coleman county from Ballinger and is a brother of Bland Smith. He formerly was a resident of the county to which he has finally returned.—Coleman Democrat-Voice.

Weldon McKinney, son of C. W. McKinney of this city, has accepted a position in the advertising department of the Abilene Times, recently started by J. L. and C. W. Tallos, who at one time were residents of Coleman.—Coleman Democrat-Voice.

**PIMPLES DRIED RIGHT UP WITH SULPHUR**

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickly by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowles Mentho-Sulphur.

**Guessing Is "Out"**

With an Up-to-Date Radio

NOT so long ago, working a radio was like bobbing for apples. Maybe you got a station, maybe you didn't.

Today, with a set like the Freed-Eisemann which we particularly recommend, you know that with a certain setting of your dial you'll get KDKA as surely and as perfectly as if you want there in person.

Guessing is "out"—and out to stay.

No set today is worth a moment's consideration which cannot give clear, continuous, accurate service.

Once you have heard the Freed-Eisemann at our store, bringing in hour by hour its gift of music, speech and song—you'll never again be satisfied with anything less perfect.

**R. M. Sheffield**

R. M. Sheffield, 31 years of age, of Robert Lee, died in the Halley & Love Sanitarium at 1:30 o'clock Thursday afternoon.

The remains were prepared for burial by Higginbotham Bros. & Co. undertakers and were carried overland to Robert Lee Friday in a Higginbotham hearse.

Funeral services were held in Robert Lee Friday afternoon. Mr. Sheffield is survived by a wife and two small children.

**J. G. Evans**

J. Garfield Evans, age 34 years 6 months and 20 days, died Friday morning at 2:00 o'clock at his home in South Ballinger. Death was due to lesion of the heart.

Mr. Evans operated a grocery store and a filling station in South Ballinger. He had been in ill health for some months but had not been confined to his bed.

He is survived by his wife, several children and other relatives, including his father, several brothers and sisters.

Funeral services were held Friday afternoon at 4:00 o'clock at the home of his father, with Rev. Homer A. Gay, of Eden, in charge. Interment was made in Evergreen Cemetery with King-Holt undertakers in attendance.

**REHEARSAL FOR AUXILIARY SHOW**

Rehearsals for the first annual American Legion Auxiliary show start tonight in the American Legion auditorium, it was announced Tuesday morning by the production committee.

The date for the show will probably be set tonight or at some night during rehearsals later this week. This show will be the first ever attempted by the Ballinger Auxiliary and there will not be a man take part in this performance, every actor and everyone offering to be a woman or a girl.

There will be more than 100 women and girls to take part in the show. There will be women ticket sellers, stage hands, ushers, and an orchestra composed entirely of women and girls.

The show is to be in the form of a minstrel and it is to be very colorful, with fine costumes and late popular song hits together with the latest dances and jokes.

**To Stop a Cough Quick**

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 25c. Just ask your druggist for HAYES' HEALING HONEY.
