NUMBER 28.

Dr. S. B. Raby was re-elected mayor of the city of Ballinger in the regular municipal election held Tuesday by a majority of 27 votes, the official count showed Wednesday morning. Mayor Raby received 308 votes. His opponent, C. J. Lynn, received 281 votes.

There was a total of 591 votes cast, two voters scratching both candidates for mayor.

In the commissioners' race, E. M. Eubank and W. A. Holt were high men, with votes of 329 and 317, respectively. These two men will be eity commissioners for the next two years.

Elmer Talbot, candidate for commissioner, received 226 votes, while Louis Cohen, candidate for the same office, received 281 votes.

While there was a large vote east, it was not as large as was first expected. More than 300 of the votes were cast in the afternoon when many women came to the polling place.

The first meeting of the new commission will be held within the near future and plans for the next two-year program of the city administraiton will be outlined and announced.

Roy Reeder, elected about one year ago in a special, called election, did not ask for re-election and retired when Mr. Holt vas elected.

# SCHOOL CENSUS SHOWS A GAIN

There are 1,004 school children Ballinger, including white children, Mexicans and negroes. The census shows an increase of three over the 1926 school census vhen 1,001 were enrolled in the city schools.

There are now 840 white school students, 61 students in the Mexican school, and 103 in the colored school. This number shows an increase in the Mexican and colored schools but in the white schools there is a decrease of seven students over the 1926 count.

For 1926 there were 847 whites. 60 Mexicans and 94 negroes, or a total of 1,001. In 1925 there was a total of 938 enrolled in the city schools.

A. F. Brock, secretary of the school board, said Friday that the reason for the decline in the white student enrollment was that there were more houses occupied in 1926 here than at the time of the census this year. Where there were roomers last years with families, the householder is now advertising for roomers, Mr. Brock said.

The enumerator also declared that he found many vacant houses in the city this year.

Sheriff R. E. MeWilliams has returned from Lampasas, where he had been looking after busness.

# You Make Your Own Credit Rating

The person who can go to the merchant or the banker and receive every accommodation possible is the person who has established a record by meeting his obligations promptly, and the person who is unable to receive such accommodations is one who has established a record of refusing to be fair in his business dealings, therefore each individual makes his own credit rating.

The Ballinger Retail Merchants Association is well organized by the business people of Ballinger with full affiliation with the state and national association and it is the purpose of the organization to give full protection to those who are entitled to protection and at the same time protect themselves from those who refuse to meet their obligations.

If you fail to be fair with the merchant or banker who is accommodating you, you need not expect assistance from others as your credit rating with one is recorded with all.

#### AT THE AGE OF 83

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated men, women, children, and particularly old folks, had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils. While he knew that constipation was

the cause of nearly all headaches, biliousness, indigestion and stomach mis

ery, he did not believe that a sickening "purge" or "physic" was necessary. In Dr. Caldwell's Syrup Pepsin he discovered a laxative which helps to establish natural bowel "regularity" even for those chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it never gripes, sick-

## What Is a Diuretic?

E VERYONE knows that a lar-ative stimulates the bowels. A diuretic performs a similar function to the kidneys. Under the strain of our modern life, our organs are apt to become sluggish and require assistance. More and more people are learning to use Doan's Pills, occasionally, to insure good elimination which is so essential to good health. More than 50,000 grateful users have given Doan's signed recommendations. Scarcely a community but has its representation. Ask your neighbor!

#### GETTING A LOAN FROM YOUR BANK

Some persons think that getting a loan from the bank depends upon the humor the banker happens to be in or upon the influence of the intending borrower. Nothing could be farther from fact.

A banker is handling the community's money as well as the

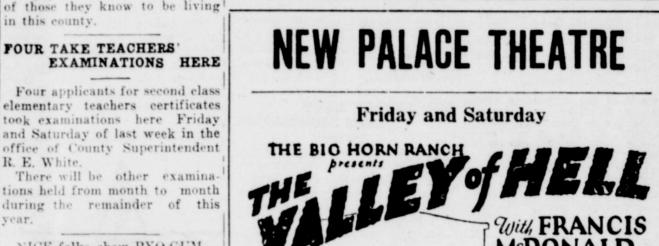

bank's own capital.

He is under both moral and legal compulsion to apply principles that govern extension of credit. •He cannot allow personality, friendship, or bias to influence his decisions one way or the other. The Officers of thsi Institution have a live interest in the devel-opment of farming enterprises in this community and are not over-

ooking the commercial interests in our enthusiastic efforts to make farming more profitable in this territory. While decisions must always be based upon sound banking principles, a sympathetic hear-

#### GETTING A LOAN FROM YOUR BANK

Some persons think that getting a loan from the bank depends upon the humor the banker happens to be in or upon the influence of the intending borrower.

Nothing could be farther from the fact.

A banker is handling the community's money as the bank's own capital.

He is under both moral and legal compulsion to apply principles that governing the extension of credit. He cannot allow personality, friendship, or bias to influence his decision one way or the other.

The active officers of this institution have a live interest in the development of farming and business enterprises in the community as our depositors well know. While decision must always be based upon sound principles, a sympathetic hearing is assured every application for accommodation.

# Week End Accidents Many; **Two Killed in This County**

The first two services of the Methodist pre-Easter revival were marked with good interest and two large crowds. The feature of the day was at the Sunday school hour Sunday morning. This day was set aside as "Decision Day" in the Sunday school and at the close of the meeting twelve Sunday school pupils made a decision for God and came forward for membership. At the morning hour the pastor, Rev. R. B. Hooper, used as his subject, "How to Get Rid of Undesirables in Ballinger." Four people united with the church at the close of this service, making a total of sixteen for the first morning. The evening service started with four prayer meeting groups meeting just before the service. All these meetings were well attended and a large crowd heard the preacher on the subject of "God's First

We have put Pharis Tires over rough roads, and loaded heavily. Our test cars have run them unmercifully. We have had them tested in every known way, by an unbiased and well qualified Consulting Engineer, and have compared them with all the highly advertised tires on the market today.

In these severe tests on the road, covering a period of many months, and in the Laboratory tests, Pharis Tires have demonstrated that they are the EQUAL of any of the Highly Advertised First Line Tires. We are satisfied. They have delivered in the pinches. Their performance and wear are entirely satisfactory.

Then when you buy Pharis Tires from us, you pay LESS than you pay for tires elsewhere. You can not judge Pharis QUALITY by the PRICE, for we have eliminated much overhead expense in handling and selling, and for these reasons you will pay less for tires at our stores and dealers and get MORE in Weight, in Wearing Qualities, in Mileage. Drop . in and look at a Pharis.
