BALLINGER, TEXAS, FRIDAY OCTOBER 14, 1927

NUMBER 3.

Tornado In Arkansas; 4 Lives Lost

BLYTHERVILLE, Ark., Oct. 12.—Four persons were killed and a score injured in a tornado which whipped through the village of Dell, near here, last night.

The dead are A. M. Harben; his sister-in-law, Mrs. F. T. Harben; Justice of the Peace J. P. Winn, and Mrs. Winn.

Fifteen of the injured, 12 of them white, were brought to a hospital here today.

Dell has a population of about 200.

About 20 buildings were wrecked.

SYNOD OF TEXAS HAS FINAL SESSION MONDAY

The Synod of Texas, Presbyterian Church, U. S. A., in meeting at Breckenridge with the First Presbyterian Church of that city as host, held its final session Monday. The gathering convened on October 6th.

Rev. G. W. Fender, formerly of this city, now of Arlington, is moderator of the synod.

Rev. and Mrs. Alvin O. Rue and son, Alvin Jr., of this city, are attending the meeting.

Miss Ruth Holliday has returned to Abilene, where she is attending school after spending the week-end here with her mother.

FAIR RECEIPTS ABOUT \$10,000

While no official check-up has been made, it appears that the Runnels County Fair Association will show a net profit of from \$2,000 to \$2,500 on this year's exhibition. The receipts will slightly exceed \$10,000, with more than half coming from the twenty-five cent admissions taken in at the front gate. The estimated expense of holding the 1927 fair is \$7,500, however, only a few of the premium lists have been turned in to the secretary to this date and the total may exceed the estimated amount.

The rain that fell Saturday was sufficient on which to collect insurance for that day.

Thursday was the big day at the fair and in the evening more than 4,000 people paid admission to the front gate alone. With the passes and season tickets it is estimated that the Thursday night crowd exceeded 6,500. The Style Show was a big drawing card that night but only about 2,300 were able to get in seeing a distance of this performance.

A letter was received Tuesday from the Board of City Development of San Angelo thanking the citizens of Ballinger and the Runnels County Fair Association in particular for the way in which their special train and boosters were received here on San Angelo Day.

The Promise in the New Wealth of the Harvest

As the harvest brings its return to the nation's farmers, conditions for a big and important part of our population are improving. And the farmer's efforts, at the same time they benefit him, add directly to the prosperity of every person in the land.

With the harvest comes a new obligation, also. As the gifts of nature make fruitful the farmer's work—the need for wise handling of our wealth, that every dollar may produce full value, is driven home.

This institution invites you to use its facilities.

FEDERALS WIN BATTLE WITH REVOLTERS

MEXICO, D. F., Oct. 11.—With the same dramatic swiftness with which it started, the military revolt has been crushed, leaving the Plutarco Calles government as absolute master of the situation in Mexico and General Alvaro Obregon as the only presidential candidate in the field to succeed Calles.

Disastrously defeated in a pitched battle in the hills of the west part of the state of Vera Cruz, Generals Gomez and Almada were being hunted today by the victorious federal troops.

"It is the end," was President Calles' jubilant comment on the news of the victory which came after a six-hour battle ending in the capture of between 500 and 600 insurrectionists, the killing of 50 and wounding of 100.

Resort City Suffers Heavy Fire Damage

OCEAN CITY, Oct. 12.—Swept by fire, the heart of this south New Jersey resort was a mass of ruins today.

Driven by a brisk ocean breeze, the blaze, which started last night under the Arcade building, wiped out approximately fifty buildings, including hotels, cottages, shops and theatres before it was brought under control four hours later. Many other buildings were damaged.

Mayor Joseph Champion estimated the damage close to \$4,000,000.

Mr. and Mrs. G. W. Wilson have returned from San Angelo where they attended the state reunion of the United Confederate Veterans. Mr. Wilson, who is 86 years of age, met several old soldiers whom he had not seen in a number of years.

ASKS TAX CUT OF 400 MILLION

WASHINGTON, Oct. 11.—President Coolidge feels that the tax reduction at the next session of congress should be considerably less than \$400,000,000. That figure has been suggested by the Chamber of Commerce of the United States.

Although no definite estimate could be obtained today at the White House as to how far the president thinks the tax reduction can go, it was said that he was convinced that because of increased governmental expenses and need for reduction of the national debt figures, there should be a reduction considerably short of \$400,000,000.

Favoritism Charged In Hiway Board

AUSTIN, Oct. 10.—Favoritism was charged by inference against R. S. Sterling, chairman of the State Highway Commission, and W. R. Ely, of Abilene, a member of the board, by Commissioner Cone Johnson today, who shouted to the commission that the State aid for the year and next year and the Federal aid for at least this year, is exhausted, with only fifty-two counties having been benefitted.

RIO GRANDE ON BIG RISE

BROWNSVILLE, Oct. 11.—The Rio Grande will reach the flood stage here but will not go out of its levees, the Weather Bureau reported today.

The crest of the flood caused by recent rains at Eagle Pass and Laredo, is reported to have passed Mission.

Mr. and Mrs. Lawrence Boynton of San Angelo, spent the week-end in Ballinger with Mrs. Boynton's parents, Dr. and Mrs. E. R. Walker.

Get today's news today—read The Daily Ledger.

Ballinger to Have Another Residence Addition Soon

MANY DOCTORS COMING HERE

The Fourth District Medical Association of Texas, comprising about fifteen counties in West Texas, will meet in Ballinger on November 7th-8th, according to an announcement made here Wednesday by local physicians on the reception committee. It is estimated that about 100 doctors and their wives will be in attendance at the convention and the two-day program being arranged will be of particular interest to the visitors.

The meetings will be held in the American Legion auditorium and the out-of-town physicians and surgeons will be the guests of the Runnels County Medical Association. A banquet will be served one day for all the delegates by the local association.

BROWNWOOD WOMAN WINS RADIO HERE

Mrs. Annie Whitten, of Brownwood, district deputy of the Woodmen Circle, won the Freshman masterpiece, one dial six-tube radio given away by G. P. Teague of the Ballinger Electric Co., Saturday night at Fair Park. Mrs. Whitten was here representing the Supreme Forest of the Circle.

Announcement was made Monday by L. P. Bottenfield, lately of Tampa, Fla., that Ballinger is to have a new sub-division, located in the northern part of the city and containing approximately 143 acres, purchased from J. H. Wilke of this city.

This property is situated between Fifth Street and Elm Creek and runs from the road leading to the upper dam down the creek to the Giesecke property.

Mr. Bottenfield and associate, F. W. Keller, also from Florida and from Georgia, have been here for the past few weeks preparing plans for the sub-division and work began Monday morning on staking off the lots and laying out the circular drives. Other work will proceed as rapidly as possible on the new addition.

Bottenfield and Keller have had considerable experience in selling property and real estate in Georgia and Florida, but have been in West Texas only a short time. Mr. Bottenfield said he came to this section with plans to promote a new sub-division in San Angelo but that about the time he arrived in this vicinity the Silix et al McMillan No. 1 came in and that he came to Ballinger to view prospects in this city. He decided that Ballinger was in a better position for a new sub-division than San Angelo and that the property he and his associates have obtained is an ideal location for a residential district. The tract is located on some of the highest ground in the city, is near the business district, schools and churches.

It is planned to make a scenic drive from the south side of the district along the creek bank to the north line. A pecan grove, known as Slicky's, will be made into a very beautiful park with all modern park equipment.

At present Mr. Bottenfield and Mr. Keller are organizing the Ballinger Trust Company, which organization will handle all financial transactions relating to the sub-division.

All streets in the new addition will be gravelled with material from their own holdings on the creek, Mr. Bottenfield said.

Sale of the lots will be restricted, the owners announce, as to the cost of the residences to be erected. It was not mentioned when the first sale would be held for this sub-division but it was intimated that it would begin shortly after the completion of the streets. Staking of lots and laying off of the drives was to have been started Monday morning if the weather permitted.

This is the second sub-division to be announced for this city, another organization having announced plans for a residential district last week.

MANY GET BACK YOUNG APPETITE

Quick lunches, usually cold gulped down so the "dinner hour" will not be over before you can do a little playing, is the best way to ruin your stomach, and you suffer from indigestion, heartburn, bloating, nervousness, headaches; and, worst of all, you get thin, pale and weak.

If you must eat that way, always keep a package of Pape's Diapessin handy so you can chew one of the pleasant-tasting tablets after your meals. It keeps the food sweet so your stomach can digest it.

Follow the experience of thousands who again have a young appetite. All druggists recommend and guarantee Pape's Diapessin to relieve indigestion and sweeten the stomach in 5 minutes.

TEN GAMBLERS TAKEN IN RAID

A raid conducted Friday afternoon by Deputy Sheriff John White and Mitchell Moore of the city police department, netted ten negro gamblers.

These negroes were arrested for gaming with cards and dice and placed in the county bastille. One entered a plea of guilty and paid off. The others entered pleas of guilty but did not have the necessary cash to free themselves. Each was fined \$22.70.

Five of the cases went to the justice court and five went to the municipal court.

Eggs

are going up and now is the time to cash in by giving your flock some extra attention in the way of proper feeding to get the best results out of them. FIRE PREVENTION WEEK IN TEXAS

This is Fire Prevention Week in Texas and the Texas Inspection Bureau has asked that all methods be used to make this a no-fire week and to continue with the practice throughout the remaining 51 weeks of the year.

Chief Louis Cohen of the Ballinger volunteer department, declares that Ballinger has a good record now and with additional practice on methods of preventing fire, that the record will be still better.

Chief Cohen handed The Ledger a paper which comments on Fire Prevention Week, as follows:

"Stop fires before they start. Fires can be prevented—the week directs attention to this. It is time to start stopping fires—to begin a campaign lasting 52 weeks in the year.

"We are told that a cow in Mrs. O'Leary's barn kicked a lantern and started the great Chicago conflagration in 1871. The 56th anniversary of this is Fire Prevention Week in 1927. Mrs. O'Leary's cow is symbolic of our everyday carelessness which is costing annually thousands of lives and hundreds of millions of dollars. Most fires are preventable—we need only to apply plain, common sense. There is no excuse for fire starting, or once started, spreading beyond the place of origin.

"But why should I be concerned about fire, perhaps you say, 'my house and property are insured.' Yes, the dry goods merchant, the grocer, the butcher and the baker also carry insurance on their property—on their stores and stocks of goods. Everything that we buy is insured in every step of its route from producer to consumer. In the price of a suit of clothes, a package of coffee, a pound of meat or a loaf of bread is concealed a tax which is our share of what is paid to replace what fire destroys. The insurance company, taking the premium money it collects, distributes it to those who lose by fire. Last year the per capita fire tax imposed by America's huge fire waste was \$5, and when we add to this the indirect loss, such as interruption of business, overhead cost of insurance and upkeep expenses on fire protection facilities, the individual burden becomes at least twice the above figure."

SAN ANTONIO—Wolves in Kimble county are worth \$200 apiece. The wolf club and commissioners court each have placed \$100 bounty for every wolf caught in the county.

3 INJURED; 1 PROBABLY FATALLY IN CAR WRECK

Ted Trully, about 7 years of age, the son of Mr. and Mrs. R. E. Trully, of Coleman, formerly of this city, is in the Halley & Love Sanitarium suffering from scalds sustained Thursday night about 8:00 o'clock when he was pinned under an automobile near Talpa, and his mother, Mrs. Trully, is suffering from four breaks in the pelvis bone, received at the same time.

The Trully boy's recovery was expressed as doubtful Friday afternoon by attaches at the sanitarium, but it was reported that he was slightly improved. It is estimated that about one-third of his body was scalded when he was pinned under the car. He is also suffering from minor bruises and scratches about his head and face.

Mrs. Trully's condition was reported some better Friday afternoon although she was suffering from the broken bones and other injuries.

Neither of the two daughters, Misses Marguerite and Mary Elizabeth, were injured in the collision which occurred when the Ford touring car in which the Trully family was riding, was struck head-on by a Chevrolet car going toward Coleman, one mile east of Talpa. Mr. Trully, however, suffered a bad bruise or two, but was able to be up and around after the accident.

Mrs. John Gotcher, of Byrd's Store, Brown county, was reported as the only one injured in the other car, and her injuries were not considered serious. She was removed to the Overall Hospital at Coleman. It was not learned who was driving the Chevrolet car or how many people occupied it.

The Trully car was badly damaged, it was stated, and is beyond repair. As the two cars hit, the

Trully car was turned over in the ditch, and the little boy was thrown from the front seat where he was riding with his mother and father, under a fender, where water from the radiator scalded both the back and front of his body from the waist down.

According to Mr. Trully, he and his family left Coleman about 7:00 o'clock for Ballinger where they were to attend the Runnels County Fair in progress here and also to visit Mrs. Trully's parents, Mr. and Mrs. W. D. Gregory. They had almost reached Talpa and when going up a slight incline met a Chevrolet car on the left side of the road.

Mr. Trully said it was presumed that the driver of the Chevrolet, was blinded by the lights of his car and that he could not see to turn to the right side of the road. Mr. Trully was driving his car at a speed of about 30 miles an hour, he said. Neither saw the other's car until they were within a few feet of each other.

Two ambulances, one from King-Holt Co., and the other from Higginbotham Bros. & Co., left Ballinger about 8:15 o'clock for the scene of the wreck, while a third ambulance was sent from Stevens & Co., of Coleman. Neither of the ambulances received the patients as they had already been placed in automobiles and were started for hospitals.

Mr. Trully, in the printing business at Coleman, was formerly in the printing business here and has been making his home at Coleman only a few months. The Trully family moved to Coleman on the first of September.

Mrs. R. E. Trully and son, Ted, age about 7, of Coleman, who were seriously injured in an automobile wreck near Talpa last

Enjoy your food

as it nourishes your body

If your appetite is not keen you owe it to yourself to take S.S.S. regularly before each meal. It will give you a good appetite.

In these days of fast competition, only full-blooded, robust, healthy people can keep to the front, and success comes to those who have the snap, vigor and magnetism that go with a wholesome, healthy life. Don't despair because others forge ahead of you. Start right now to regain the health which will help you progress. A hearty appetite will restore your energy, build you up and give you "pep."

Thousands have benefited themselves and kept their bodies in good

repair by occasionally taking a course of S.S.S. It helps Nature build up red corpuscles and it improves the processes by which the body is nourished.

S.S.S. is time tried and reliable. It is made from the roots of fresh herbs and plants and is prepared in a scientific way in a modern laboratory.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Thursday night, were reported to be some better Monday with the little boy now having a chance to recover.

The boy sustained severe scalds about his waist and lower limbs and for some time he was expected not to recover but hospital attendants Monday morning said he had a chance to recover. However, the boy still remains in a critical condition.

Mrs. Trully, who suffered several bad breaks in the pelvis bone, is better, and was reported to be resting very well Monday.

Mrs. John Gotcher, of Brown county, who was in the other car which collided with the Trully car, was taken to a Coleman hospital, and later removed to her home. She was not seriously hurt.

Neither Mr. Trully nor either of his two daughters, Misses Marguerite and Mary Elizabeth, were hurt in the wreck.

IT DRIVES OUT WORMS

The surest sign of worms in children, paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. BALLINGER WINS SCHOOL DISPLAY

The Ballinger city school display at the Runnels County Fair was given first place over Winters in the city schools department. The Ballinger booth scored 921 points out of a possible 1,000 to win the loving cup offered by the West Texas Utilities Company. Winters scored 594 points for second place. The difference between the two schools, however, would not have been so great had the Winters entry been represented in all items on the score-card.

In Class A rural schools, Bethel was awarded first place with a score of 843.

Spring Hill won in the Class B rural school division, being given a score of 933.

These were the only schools entered in this department at the fair this year, but each one was very attractive and gave evidence of much painstaking work.

CROSBYTON—Frank Corn of this place recently bought 1,200 steers, one, two and three year olds, for a consideration of \$63,500.

FACTS

-AND THE OPEN MIND

THE MOST important element in business success—and the most difficult—is to be sure that you have all the facts before you act.

TO GET them all, from every possible source, is the first objective in General Motors. The Research Laboratories contribute some. These are nuggets, left in the crucible, after hundreds of ideas that looked good have been burned away. The Proving Ground contributes others. Dealers contribute. The public contributes. Every department contributes. Through the whole organization runs a spirit of inquiry and of rigid insistence on proof.

OUT OF such thinking come the new models announced from time to time by Chevrolet, Pontiac, Oldsmobile, Oakland, Buick, LaSalle, Cadillac—all with Fisher Bodies. And by Frigidaire. Each new model is a tested step forward. Nothing goes into it as a result of habit or guess or pride of opinion.

Nothing counts but hard-won facts, gathered and used with an open mind.

EDEN BULLDOGS LOSE TO WINTERS

Bedford's timely place-kick for the extra point saved the Winters Blizzards from a tie game here at Fair Park Friday afternoon in the football game with the Eden Bulldogs, who came here strong enough to whip almost any Class B team in this section. The score was 7 to 6 in favor of the Winters eleven.

Failure to kick the extra point cost the Bulldogs the game but they fought hard and played a very good defensive game from start to finish.

Key, Winters captain, won the toss and chose to receive. Nail, Bulldog captain, chose to defend the north goal. Nail kicked off to Winters, who failed in efforts to gain. The Winters kicker, Bedford, got off a bad kick from his 25-yard line for only a few yards. On the first play, Nail made 20 yards and first first down around his left end. He made 8 yards again and then kicked out of bounds on the Blizzards' 3-yard line. Bedford got off another kick for 10 yards, the ball going out of bounds on the Blizzards' 22-yard line. On the first play after that kick, Green, speedy Bulldog quarter, took the pigskin around his left end for 22 yards and a touchdown. Nail failed to kick the extra point.

A pass for about 30 yards, Bedford to Hardigree put the ball near the goal line for the Blizzards and a couple of swift plays Winters took the ball over. Empire Mullins rushed up and took the ball from the mass of players, showing that it was over the goal line. Bedford was given credit for the counter and he also place kicked for the extra point, which made the score 7 and 6 in favor of the Blizzards. Neither team scored in the third or fourth quarter. At the close of the game an Eden end intercepted a pass and came near getting away for a touchdown, but he fell short. The Bulldogs attempted two or three passes in an effort to score another counter but failed to do so and the game ended with the ball in Eden's possession on the Winters 30-yard line.

The starting line-ups: Winters—ends, R. Young and Hardigree; tackles, Key and Campbell; guards, Ensor and L. Kelly; center, Roy Young; quarter, Bedford; left half, Singleton; right half, Kiefer; full, Phillips. Eden—ends, Tidwell and Sudduth; tackles, Guice and LaFevre; guards, Warren and Meadows; center, Walker; quarter, Green;

Angelo-Ballinger Football Game Draws Big Crowd

Outweighed and outplayed but not outfought, the Ballinger Bearcats went down in glorious defeat before the San Angelo Bobcats here Thursday afternoon at Fair Park, 13 to 0. The game was witnessed by approximately 3,000 people, some 350 or 400 of them from San Angelo.

The Bearcats hit hard luck at the first of the game when Henson Alagood, Bearcat high half, received a fractured arm when he tackled McCamey, Bobcat right half, who had travelled 48 yards around his left and almost to the goal line. Alagood made a good tackle in running onto McCamey and stopped him short of his goal line.

Alagood was out for the remainder of the game and probably be out for several games. His defensive work while in the game was better than that of any other player on either of the two teams during the entire affray.

The Bobcats scored seven first downs to none of the Bearcats. The Bearcats played a defensive game throughout, carrying the ball only four or five times. The Bearcats attempted only one pass, it being successful for an 8-yard gain. The Bobcats attempted one pass and it was incomplete. The Bobcats used straight football throughout with end runs being the main factor in the ground gaining business. The Ballinger line held very good most of the time.

McCamey scored for the Bobcats in the first quarter after his line run in a 6-yard plunge thru the left tackle. Baker place-kicked the extra point. In the third quarter, the Bobcats scored again when Baker, left half, took the ball around his right end for 32 yards. He failed to place-kick this goal.

The defensive work of Jones and James Parrish, Robison, Smith and Middleton was outstanding while J. B. Arthur and Joe Beck outkicked the Bobcat punters by a margin of some five

yards. McCamey, Morrison and Baker were the chief ground gainers of the Bobcats, while Bryant, Little Haley and Austin starred on the defense. McCamey and Baker did the kicking for the Bobcats and several times got off good punts, but they could not get these kicks off in the way that Beck and Arthur each deliver a 65-yard kick.

Penalties were few. The Bobcats received three for off-side each of 5 yards, while both teams were penalized twice at the same time with both being offside.

The San Angelo delegation coming here in a special train brought about 250 rooters. Automobiles brought some 150 or 200 more. The Bobcat rooters felt very good after the game, their first high school contest, of the season. The Bobcats defeated the Howard Payne Reserves 12 to 6 in San Angelo a few days ago. The Bobcats have not yet met many of their Class A rivals and unless a better team is developed by Coaches Bill Bissett and Molly Crawford, the Tom Green county boys are in for some bad defeats.

Between Halves
The Ballinger pep squad in their new sweaters of maroon and black and black skirts, gave way to the San Angelo band for a short concert. Ed Blanton, a civic leader of San Angelo, was in charge of the band. The San Angelo pep squad did not go on the field but did plenty of work on the sidelines.

The Bearcat pep squad put on a short show between halves, which was very interesting. They were assisted by the band. Miss Luebel Taylor, expression instructor, Misses Lena Wayne Mills and Lois Alexander, Davis Sims and Drew Dixon were yell leaders.

The Bobcat pep squad made plenty of racket during the game with Miss Virginia Scott, Van C. Kelly, Jr., and Jas. Sullivan as yell leaders.

Line-ups

San Angelo—ends, Bryant and Austin; tackles, Corneilson and Jennings; guards, Munn and Little Haley; quarter, Morrison; halves, Baker and McCamey; full, Haley; center, Captain Young. Ballinger—ends, Coker and Robison; tackles, Daugherty and Smith; guards, Reese and Echols; quarter, Captain Parrish; halves, Beck and Alagood; full, Arthur; center, Middleton.

Officials: Referee—Smith (Simmons); umpire, Bruce (S. M. U.); head linesmen, Nicholson (Howard Payne). Time keepers, Bean and Weaver.

FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick bed, therefore the sensible course is to take a dose or two of **Herbine**. It is just the medicine needed to purify the system and restore the vim and ambition of ailing workers. **60c.** Sold by **Weeks Drug Store**

BILL CORDILL BURNED IN FIRE AT PALACE

Fire which damaged projection machines in the operating room at the Palace Theatre Monday night, caused Billie Cordill, operator and assistant manager of the Palace and Queen theatres, to receive a badly burned hand in trying to stop the flames from destroying part of the film which was showing at the time.

The loss to the theatre was slight. An alarm brought out the fire company, but the blaze had been extinguished when firemen arrived, being confined to the fireproof operating room of the playhouse. Some of the audience left the house in a hurry but no one was hurt in the rush.

MOTHER

A Cross, Sick Child is Constipated! Look at Tongue

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Fig Syrup," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without gripping, and you have a well, playful child again.

Mother can rest easy after giving this harmless, "fruity laxative" because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Fig Syrup," then see that it is made by the "California Fig Syrup Company."

for Economical Transportation

USED CARS

with an O.K. that counts

Look For the Red "O. K." Tag

After we have thoroughly reconditioned a used car, we attach a red "O. K." tag to the radiator cap. This tag certifies that the vital units of the car have been gone over completely by expert mechanics and put in condition to give thousands of miles of additional service. It takes all the "guess-work" out of used car buying.

Look for this tag when you buy a used car—for it is your guarantee of quality and value!

NOTICE TO BANNER-
LEDGER REPORTERS

Correspondents for The Banner-Ledger in the various communities are requested to mail their items in not later than Tuesday of each week. The weekly paper is printed on Wednesday and we must have your copy before that time if it is to appear that week. All special notices can be written in advance and included in the news from each locality, with little trouble. We ask your co-operation in this and promise to try to give you the best country weekly possible to publish.

Ranger is preparing to celebrate the tenth anniversary of the discovery of oil in Eastland county. The jubilee will bring back to Ranger many of those who were there in the early days of oil excitement in West Texas and a crowd of 25,000 is expected for the two days.

In the livestock department at the Runnels County Fair which closed last Saturday every premium listed in the catalog will be paid. There are usually many breeds and classes listed that are not filled, but this year every class listed for a premium had entries, making it the biggest livestock show ever seen here.

Natural gas was turned on in San Angelo Tuesday of this week and the citizens of that city celebrated with a bon fire gathering. Mayor W. D. Holcomb applied the torch that ignited the first natural gas for San Angelo. The Atex Construction Co. has just completed the main line, 71 miles long, in the record time of 48 working days. Natural gas is a convenience that Ballinger, San Angelo and other towns in this part of the state may well be proud of, as there are few cities with this cheap, efficient fuel.

DO YOU REMEMBER

—when you used to carry water to the elephants? It's still being done in the same old way as the picture here illustrates: Al G. Barnes elephant herd and the small boys assisting.

Animals form the main part of the modern circus, and Al G. Barnes management claim the largest traveling zoo in America. Specimens from every land and clime will be seen with the Al G. Barnes Circus in Ballinger on Thursday, October 20.

In addition to the signal collection of wild beasts, which have all been trained to perform some novelty act, the circus also presents the mammoth spectacle "Aladdin and the Parade of Gold."

Miss Maxie Hamilton, operating room nurse at the Halley & Love Sanitarium, left Saturday morning for her home at Nashville, Tenn., in response to a message announcing the death of her father. She will return here after attending the funeral.

Mrs. Robert E. Bruce left Monday morning for Arlington, where she will visit her parents, Mr. and Mrs. Sanford R. Yates.

RICHLAND SPRINGS, Tex.—Engineers and surveyors are at work looking over the right-of-way for a proposed branch of the Gulf, Colorado & Santa Fe Railroad from Richland Springs to Coleman.

West Texas News Notes

Robert Lee
Fred Roe, West Texas' greatest and most ardent polo player, is at his ranch home near Robert Lee recovering from a serious injury sustained in practice on a New York polo field several weeks ago while trying out for the American polo team which met the British quartet last month.

Mr. Roe is able to walk around and is improving rapidly, however, he has had some little trouble with his vision. He declares he will get back in the game as soon as possible and journey to California in January to recuperate further and again start playing polo.

Barnhart
Barnhart loading pens on the Orient are believed to have turned over the largest single shipment of sheep ever loaded out from one station in a short period of time, 17,000 head, valued at \$150,000, being shipped from this point Monday.

The shipment was superintended by W. J. Tilton, general livestock agent of the Orient. The flock took 93 cars and were bound for various points in Missouri, New Mexico and Colorado. Officials believe, however, that this record will be surpassed before the shipping season ends.

Sweetwater
Forty registered Hereford's from some of the finest herds of this section were being sold at auction Thursday, during the Nolan County Fair. A large crowd of Nolan and Coke county citizens were present for the sale, as well as several prominent breeders from other livestock sections of West Texas.

Large crowds are attending the fair here.

Eden
Knob knockers broke into the Santa Fe station at Eden, some time Tuesday night and secured \$20 in cash, some valuable papers and several express money orders. The loss was discovered early Tuesday morning by Roy Sutton, agent.

Sheriff Willie Warren arrived here about noon with Special Agent W. L. Futeh, of the Santa Fe. Only a finger print was left for a clue on which the officers are now working.

Entrance to the building was gained by prying open two windows leading into the ticket office.

Kerrville
All bids were rejected on \$50,000 pounds of mohair offered

for sale here today. The prices of the bids were not announced. More than 1,000,000 pounds are already in warehouses and the 1927 clip, it is estimated, will run around 1,250,000 pounds. Twelve buyers made bids Tuesday.

Santa Anna
The Santa Anna Mountaineers turned the tables on the Coleman Bluecats in Santa Anna Tuesday and defeated the Cats 12 to 0. It was a hard fought game and was witnessed by a large crowd. This is the first time the Mountaineers have been able to put over a victory against the Coleman lads.

Santa Anna plays another game this week. The Coleman game was played Tuesday after being rained out last week-end.

San Angelo
Postal receipts for the city of San Angelo totalled \$9,069.36 during the month of September, 1927, as compared with \$7,377.00 for the same month of 1926, an increase of \$1,692.36.

The year's receipts were swelled to the amount of \$75,270.74 as compared with \$61,827.40 one year ago, an increase of \$13,443.34.

September was the largest month in postal business in San Angelo for the first three quarters of 1927.

A prowler at a home in San Angelo Tuesday night stopped a load from a shotgun when he stepped upon the porch at the house and shone his flashlight in a room. Blood stains were found on the porch and post. Police have been unable to locate the man in a hospital here and it is believed that he was only slightly wounded.

SAN SABA—Native varieties of pecans will have an even break with improved or cultivated nuts in the prize lists compiled for the first National Pecan Show to be held November 8th and 9th at San Saba, Texas. Premiums range as high as \$250 and none are less than \$25. Pecan growers of eight states are already taking active interest in the exhibition, and a large attendance is expected. The show is planned by pecan experts of A. & M. College and pecan growers of the South, with whom the San Saba Chamber of Commerce is co-operating.

Misses Mildred Butler and Nettie Routh Sledge have returned to their school work at Abilene after spending the week-end here with their parents.

DEATHS

W. W. Foreman
W. W. Foreman, 81 years 4 years 25 days, died at the home of his son, J. A. Foreman, several miles north of Ballinger Saturday morning.

A Masonic funeral was held Sunday afternoon at 1:00 o'clock at the Norwood cemetery, between Ballinger and Talpa. The Talpa lodge was in charge.

Mr. Foreman is survived by two sons and one daughter, J. A. Foreman, north of this city; another son at Paint Rock; and the daughter, Mrs. Finis Clayton, of near Benoit.

King-Holt Co. undertakers prepared the body for burial and were in charge at the cemetery.

Emma Lillian Edmiston
Emma Lillian, the two-year-old daughter of Mr. and Mrs. E. Edmiston, died Monday morning at the family home, 906 Sealy Avenue.

Funeral services were held Monday afternoon at Evergreen Cemetery, Rev. J. H. McClain, pastor of the Ballinger Baptist Church, officiating.

King-Holt Co. undertakers prepared the body for burial and were in charge at the cemetery.

W. C. Wheelers
W. C. Wheelers, age 72 years 4 months, died at his home 5 miles southwest of Ballinger, Friday afternoon at 3:30 o'clock following a short illness. Mr. Wheelers had been in bad health for some time but was not until recently confined to his bed.

Mr. Wheelers had been a resident of Runnels county for 42 years, having come here in 1885, shortly before the town of Ballinger was organized. He came to Texas in 1882 from Georgia. Since moving to this county Mr. Wheelers had made his home here continuously and was one of the leading farmers of this section. He is survived by his widow and five children, Morris Wheelers, Mrs. Hugh Parrish, of Rowena; Robert, Earl and Halley. He is also survived by three sons by his first wife, two of whom live in LaGrange, Ga., the other in Atlanta. One of his Georgia sons is here for the funeral, as is a brother, Bud Wheelers, of Dublin.

Funeral services were held Saturday afternoon from the home with Rev. J. H. McClain, pastor of the Baptist church of this city, officiating. Interment was made in Evergreen Cemetery.

King-Holt Co. undertakers prepared the body for burial and were in charge at the grave.

Joe Malena
Joe Malena, Mexican, 25 years of age, died at his home near the A. & S. tracks in the eastern part of the city, Thursday at 12:00 noon, from typhoid fever.

Funeral services were held Friday afternoon at the Mexican

cemetery. Higginbotham Bros. & Company undertakers prepared the body for burial and were in charge at the grave.

Twins Teach In Two-Room School

Gladys (left) and Garland Norris, 23 year old school teachers of Topeka, Kansas, who teach in a two-room school, to confusion of their pupils.
TOPEKA, Kans., Sept. 27.—Two twin sisters whom their teacher could not tell apart now are having the fun of confusing their own pupils.
The sisters, Gladys and Garland Norris, 23 years old, are the teachers in a two-room rural school near here.
The Misses Norris dress exactly alike, and they look so much alike that few persons outside their own family can distinguish between them. Several of their

pupils have found themselves in the wrong grade because of this likeness.

Each has about 25 pupils. The pupils are not only getting instruction in the three R's, but in observing faces.

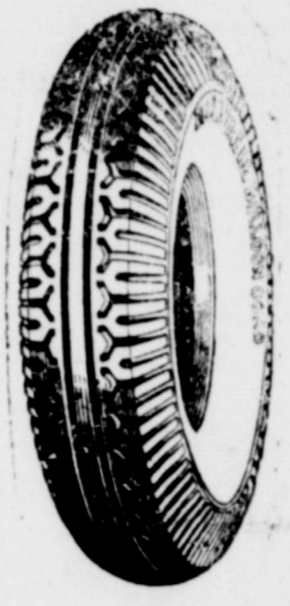

An automobile driven by Charles Thompson near Trinidad, Colo., was struck by lightning and the five passengers were stunned, but not injured.

A record of ten years without an arrest for drunkenness has been made by Brandon, England, a town of 10,000 inhabitants.

In order to permit Mrs. James Ryan, an invalid, of Davenport, Ia., to testify in a damage case, court was held in her bedroom.

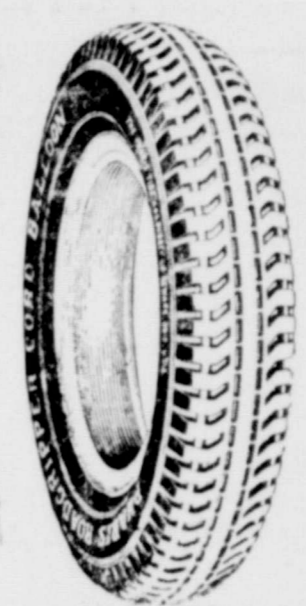

Congratulatory Telegrams

IN WHEELER'S JOB

Francis Scott McBride

COLUMBUS, O., Oct. 6.—Francis Scott McBride, general superintendent of the Anti-Saloon League, has stepped into the shoes of the late Wayne B. Wheeler as legislative superintendent of the dry organization. An attorney will be chosen to do Wheeler's work as general counsel for the league. McBride is 36, a native of Ohio. From pastorates in the Presbyterian church he turned 18 years ago to Anti-Saloon League work, serving as state superintendent of the league in Illinois before becoming general superintendent in 1924.

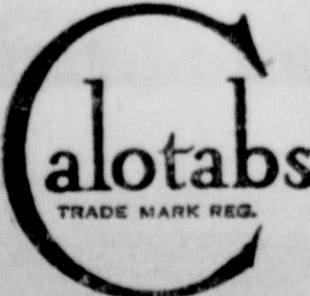

WOODMEN CIRCLE DISTRICT DEPUTY HERE FOR FAIR

Mrs. Annie Whitten, of Brownwood, district deputy of the Woodmen Circle, and representing the Supreme Forest of the Woodmen Circle, was in Ballinger during the seventh annual Runnels County Fair last week and had a booth in the women's building. Mrs. Whitten had several different kinds of souvenirs that she gave free to all callers during the fair.

Chevrolet Cavanan Makes Big Hit With Fair Visitors

Considerable attention was attracted here Wednesday afternoon when the Chevrolet caravan making a tour of the leading Chevrolet agencies in West Texas, visited the city, took part in the decorated car parade and also indulged in a spirited water fight with members of the Ballinger fire department.

The caravan arrived here ahead of schedule. It was due here next Monday afternoon, but due to this being fair week and the nearness of the route being travelled by the motor trucks in this section of the state, the delegation came here from Brady instead of going into San Angelo as originally planned.

The representatives of the company spent the night here and left early Thursday morning for San Angelo, where they were to spend a day and night. They will be through here again next week en route to Coleman and Santa Anna and then back thru this city en route to Sweetwater.

This motor train started from Dallas on August 8th for a tour of 5,000 miles, in which are distributed 189 Chevrolet dealers in the Dallas territory. A similar tour is being conducted thru the Houston territory.

Twenty-three truck body types were displayed, together with the various models of motor cars and a fire truck recently put on the market by the General Motors Company.

At 5:00 o'clock Wednesday afternoon a water fight was staged on Hutchings Avenue near the court house lawn, with the Chevrolet drivers winning from the Ballinger boys 3 to 1. The con-

test was both interesting and exciting. A large crowd here for the fair witnessed the event.

This caravan will return to Dallas October 24th, after completing the tour at Sweetwater.

Henry Jones, of the Ballinger Auto Company, declared he was very well pleased with the court-essies extended the Chevrolet group by both the citizens of Ballinger and the Runnels County Fair Association, and that the favors were appreciated very much. Mr. Jones and a delegation of Ballinger citizens met the caravan a few miles from the city Wednesday at noon and a fair official presented each of the boys on the trip with a season pass to the fair.

"We sure had a big time here last night," one of the representatives was heard to remark Thursday morning before the party left. "I hope we can spend another night or two here before we return to Dallas."

The companies with representatives on the trip are: American Body Co., Dallas, J. A. Shields; Edwards Wheel & Body Works, Inc., Dallas, J. Edgar Patterson; Martin Parry Corp., Dallas, F. M. Salas; Woodward Body Works, Austin, B. D. Morris; Martin Wagon Co., Lufkin, J. K. Skaggs; Springfield Wagon Co., A. B. C. Trailers, Springfield, Mo., W. E. Davis; Ferris-Simpson Co., Dallas, Joe Pinter; Texas Company, Dallas, O. G. Hancock; Dallas Auto Painting Co., Dallas, R. B. Johnson. Chevrolet officials are as follows: H. C. Howard, assistant sales manager; Fred Grundy, service department; C. C. Harrison, territory representative.

HORSE AND MULE AWARDS MADE

Miles Company Makes a New Well Location

Announcement was made Thursday afternoon of the location of the second well to be drilled by the Miles Oil Company, near Miles, to go down in the center of section No. 71, three miles north of the Miles Oil Co. Lawhon & Sons No. 1.

A standard rig has been moved to the location and it is said that drilling will be started within the near future.

Miles Oil Co. Lawhon No. 1 was drilling at 1,400 feet Thursday afternoon. Gas was still flowing from the hole Friday from about 1,200 feet, but was not in a paying quantity.

The location of a third well to be drilled by this company has not yet been made but it will be between the Santa Fe railroad and the Concho River, south of Miles.

May-Schneider Drilling
Drillers are still at work on the May-Schneider No. 1, three miles east of Ballinger on the John Wall survey. The bit is now working at about 250 or 275 feet.

The Swensondale-Werner No. 1, J. H. Wilson survey, section No. 12, ten miles south of Ballinger, has buried the bit stem to about 25 feet and is awaiting connection of gas from the Lone Star Gas Company's main line.

Johnson et al Simms, J. J. McHenry survey, section No. 12, ten miles south of Ballinger, is under-reaming at about 2,350 feet, it was reported today.

The Kennedy-Talley No. 1, Jno. C. McKeon survey, four miles north of the Sillix discovery well, is ready to spud, it is understood, but drillers are awaiting orders before starting their work.

No other rigs have been erected and no more locations have been made in the county, as far as could be learned Friday morning, but other deals are still pending.

Sillix Flow Continues
Oil is still flowing from the Sillix et al McMillan No. 1, six miles north of Ballinger, at the rate of 150 to 200 barrels per day. It is reported that a little water is seeping through an outer casing from a higher level than the oil

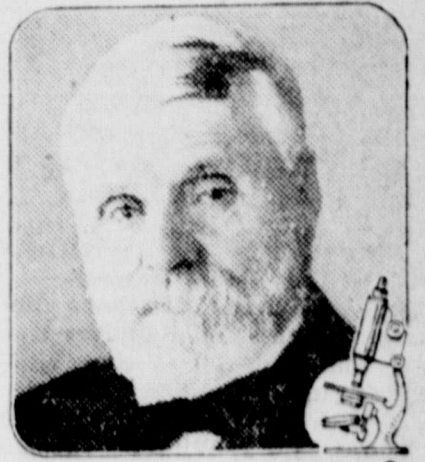

Doctor at 83 Found People Preferred His Prescription

The basis of treating sickness has not changed since Dr. Caldwell left Medical College in 1875, nor since he placed on the market the laxative prescription he had used in his practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

Then, the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of Dr. Caldwell's Syrup Pepsin, which is a combination of senna and other mild laxative herbs, with pepsin.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. If grown people want to use them no one can deny them the privilege, but they should never be given to children.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs? All drug stores have the generous bottles.

Dr. J. B. Caldwell M.D.
AT AGE 83

We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.

RUNNELS BOYS OFF TO FAIR

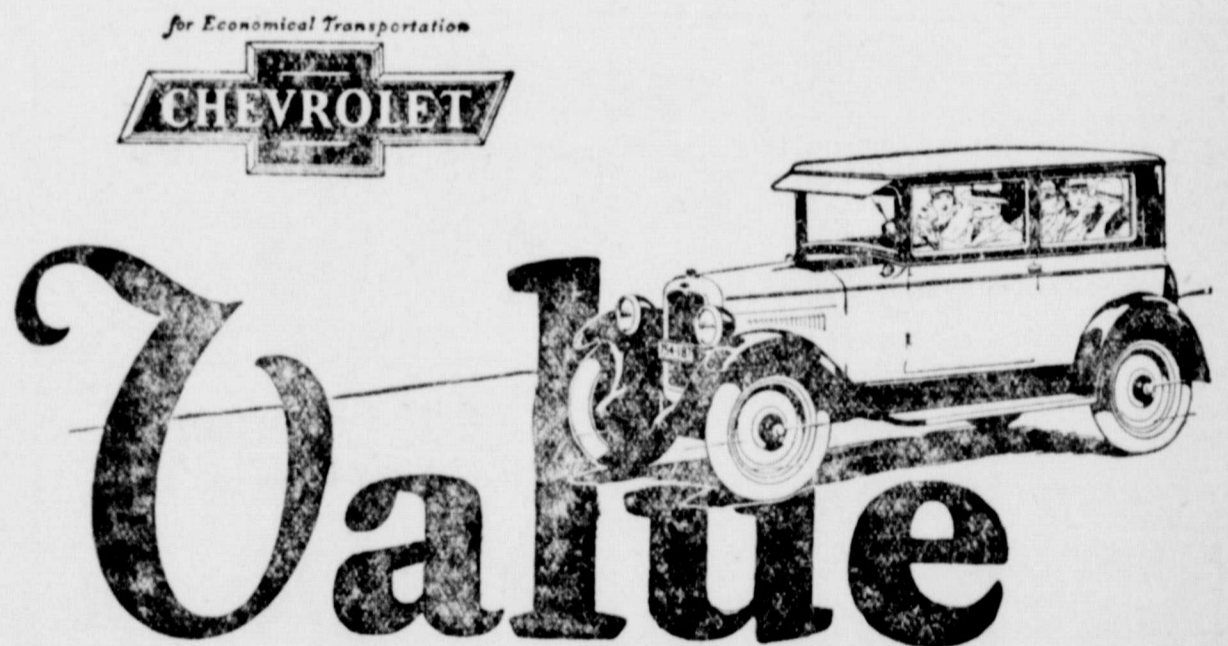

C. W. Lehmberg, county agricultural agent, and five boys of this county who sent exhibits to the agricultural department of the Texas State Fair which started last Saturday, October 8, left Monday afternoon for Dallas, where they will spend four or five days.

Those making the trip were: J. T. Burns, Winkate; Edgar Porter, Crews; Leland Hoppe, Hatchel; Jesse West, Drasco; and Howard Kerby, Drasco.

This is Texas Club Week at the Dallas fair, there being a boys and girls camp for all those attending. The boys expect to have a big time while they are at the fair.

Mr. Lehmberg said the party would probably return Thursday or Friday.

McCAMEY—Pecos Cavern, situated on the lower bench of a small mesa near McCamey about half a mile off the Girvin road leading into the McCamey-Yates oil field, is being exploited by them as a rival of the famed Carlsbad Caverns of New Mexico. Wonderful stalagmites and stalactites have been reported to exist.

RUNNELS' CITIZENS BACK W. T. C. OF C. IN WATER QUESTION

STAMFORD, Oct. 11.—Despite reports that five hundred farmers at Ballinger, and other groups in other West Texas cities had signed letters protesting the West Texas Chamber of Commerce stand for fair division of storm waters in Texas, no such letters have been received by the general offices of the West Texas Chamber of Commerce, nor by either President R. W. Haynie or Manager Homer D. Wade of the organization, it is stated at headquarters here.

On the contrary the organization has received scores of letters endorsing the stand of the organization, and has received notice of official endorsements by numerous affiliated chambers of commerce including a communication from the Ballinger Chamber of Commerce disclaiming any knowledge of the alleged protesting letter supposed to have originated there, officials here say.

Homer D. Wade, manager of the West Texas Chamber of Commerce, states that reports which have appeared in some newspapers to the effect that several towns have withdrawn membership in the regional body, and that others have threatened to do so were entirely without foundation.

One town, Burnet, he said, which joined the West Texas Chamber for the first time six months ago, notified the manager that they had withdrawn their membership. A check was immediately sent them for the balance of their dues for the year, he said. The week following the town of Rowena, located on the watershed of the Colorado River, voluntarily increased their membership, stating that their action was due to a desire to offset the loss of the Burnet membership. Several other towns located on

the Colorado watershed requested that they be allowed to increase their membership to the extent that Burnet withdrew support, Mr. Wade said.

Only one large city of the West Texas Chamber of Commerce chain has had occasion to renew membership since the water question arose. This city, El Paso, increased their membership from less than one hundred members to more than five hundred memberships.

The question of the West Texas Chamber's stand on protesting West Texas water rights was one of the factors accounting for the sensational increases, West Texas Chamber officials say. Lampasas, another city located on the Colorado watershed, has renewed its membership with fifteen per cent increase over that of 1926.

West Texas is united on the question of protecting its water rights, and any reports to the contrary are branded as pure propaganda by officials of the West Texas regional body. Mr. Wade also challenged the accuracy of recent newspaper reports intimating that the regional chamber of commerce was attempting to "force" irrigation districts upon land owners of West Texas, declaring that the organization has never attempted to put over any irrigation districts in its territory, taking the stand that the individual districts alone should be left to decide such questions. The organization has always taken the stand and still maintains it that these districts should be left free to form such districts if they so desired, and that no private company should be given prior rights to water to the extent that these districts might be deprived of water sufficient for their needs if they want to use it, he explained.

YOUTH FACES 2 CHECK CASES

Clayton Bates, about 15, is in the county jail facing two charges of forgery filed against him Monday morning by County Attorney C. P. Shepherd after three checks had been passed here Saturday afternoon, alleged to have been forged and passed by the young man.

An examining trial was held and bond in each case was set at \$1,000. Bates had not made bond Tuesday morning.

It is alleged that Bates, who lives with his father, nine miles southwest of Miles in Tom Green county, came to Ballinger Saturday afternoon with a neighbor boy by the name of Adrian Evans, aged about 17. The two were buying clothes in local stores and Bates was giving the checks, it is charged.

It is alleged that Bates passed two checks at the D. Reeder Dry Goods Co. store at different times during the afternoon, and one at The Hub. These checks were taken by Sheriff R. E. McWilliams and the youth asked to see them late Saturday evening. As the sheriff was holding them up to the bars for the young man to see, he grabbed them, tore them in parts and started to eat them, but only one was destroyed and the other two were in good condition. Sheriff McWilliams got through the door and to where the boy was before he could "eat" them all.

Chief of Police W. L. McMillan made the arrests as the boy was said to be passed the last check. The two checks given Reeder were for \$31.50 and \$12, while The Hub check was \$3.

This was the only felony case during the week of the fair.

J. C. Whigham, of Wingate, paid a fine of \$72.80 in county court here Saturday for aggravated assault. He was charged with stabbing F. T. Autrey with a knife at the Wingate gin, on October 6.

Francisco Paris, a Mexican, entered a plea of guilty to carrying a pistol and was fined \$125 in county court. His employer, H. Hoffman, paid the fine and the Mexican was released.

Manuel Cornoto, another Mexican, was charged with drunkenness last week-end. He was held in jail on account of not being able to pay his fine.

There were no car thefts, no burglaries nor hold-ups reported to the sheriff's office or to the city police during the fair last week.

Miles, Hatchel, Runnels Win in School Parade

Miles, Hatchel and Runnels schools were the winners in the school children's parade here last Friday afternoon, it was announced Saturday by the judges, after all the records had been checked. These schools had the largest percentage of enrollment of their respective classes in the parade.

In the independent schools class Miles was first, Rowena was second; class A rural, Hatchel, first; Crews, second; class B rural, Runnels, first; and Lone Star, second.

The winning schools were awarded loving cups and basketballs by the West Texas Utilities Company. The winners of first places were given loving cups, while those in second position were given basketballs.

This parade was declared to have been the best of the 1927 Runnels County Fair.

Ballinger had practically 95 per cent of its pupils in the parade but did not compete for the trophies.

FIFTY-ONE NEW CARS REGISTERED LAST MONTH

Fifty-one new automobiles were registered here during the month of September, County Tax Collector W. L. Brown announced Monday.

Registrations were as follows: Chevrolets, 30; Dodges, 5; Whippets, 6; Willys-Knights, 4; Chryslers, 3; Pontiacs, 2; Hudson, 1. New trucks registered were: Chevrolets, 3; Graham Bros., 1.

Many Out of Town Students are Attending School Here

Attending the Ballinger high school this year are about 100 students from out of Ballinger. About two-thirds of that number come from other points in the county and are here just for the school benefits, while one-third are from cities a considerable distance from here and represent in most cases families who are moving to Ballinger to make their permanent homes.

This undoubtedly illustrates that the Ballinger high school has an established reputation for first class work. Good equipment, splendid buildings and a faculty of the finest instructors to be employed make the local educational institutions very attractive to pupils who wish to really forge ahead in life and secure a well-grounded high school training.

Following is a list of students already enrolled here who live in towns adjoining Ballinger:

Henson Allagood, Miles
Thora Brevard, Herring
Mozelle Bennett, Barnett
Woodrow Cox, Benoit
James Cooper, Rowena
Eva Cox, Blanton
Bill Cervenka, Rowena

DIETZ DOINGS

We had a real nice rain Saturday. The creeks were all on a boom, and we have plenty of stock water.

A good many people of this community are suffering from bad colds and sore throats. We hope their colds will soon be improved.

George Ray and son, Ernest, of Shep, are here visiting friends and relatives.

Bro. Ernest Ray preached a very fine sermon at the Oxien Baptist Church Sunday evening. A large congregation welcomed him back.

The Harry Seroggins family have been on the sick list, but it was reported Sunday they were better. We hope they will still improve.

Misses Alma Lee Martin and Selma Morrison spent a very pleasant evening with Miss Jetty Fuller Sunday.

Miss Netha Stovall spent a very pleasant evening at the home of Miss Stella Martin Sunday.

Mr. and Mrs. R. Whitley and family spent Saturday night in the W. R. Stacy home.

Mr. and Mrs. Abernathy, of Brown's Ranch, were visiting in the home of their daughter, Mrs. W. E. Martin Sunday.

Quite a number of visitors were present at Sunday school and B. Y. P. U. Sunday, and we gladly welcome them back.

Doak Martin is visiting his sister, Mrs. R. Whitley, this week. "REPORTER"

WEDDING BELLS

Dillworth Jay
Miss Evelyn Jay, of Rusk, and Tom Dillworth, III, recently of Waco, but now employed in the Bennett Abstract Co. here, were married Saturday afternoon at the home of Rev. E. W. McLaurin.

Mr. Dillworth has been residing in Ballinger since September 1st, and in the employ of the local abstract firm. He comes from Waco where he lived most of his life. His father, Tom Dillworth, II, is one of the best known abstractors in Texas.

Miss Jay is from Rusk, where her father is one of the leading merchants. She came to Ballinger last week for a visit and on Saturday she and Mr. Dillworth were united in marriage.

SMALL BLAZE IN BUSINESS DISTRICT IS SOON STOPPED

A small blaze at the rear of the Weeks drug store in a vacant shed across the alley, caused a fire alarm this afternoon shortly after 1:00 o'clock.

The fire was extinguished with water from buckets, although both trucks answered the alarm. Had the fire got a start it probably would have done much damage in this block.

The way some of these Republican candidates have been acting of late, when convention time comes around there'll be nobody to attend.—Burlington Gazette.

Presbyterian Church Holds Preaching Services at Home

First services were held in the remodeled First Presbyterian Church Sunday morning and evening with the attendance considerably increased at the Sunday school and preaching services. The new section of the church is just about completed and its main auditorium is completed.

Between \$10,000 and \$11,000 was spent by the congregation in having the addition constructed and the main auditorium repaired. It was announced by Rev. E. W. McLaurin, pastor of the church. The addition consists of choir loft, a dining room, kitchen and rest rooms in the basement, and a number of Sunday school rooms on the first floor, which are added to the Sunday school department in the addition constructed a few years ago on the north side of the main building.

This addition gives the church plenty of room to work in and additional choir room.

The main auditorium was changed to make the choir space at the rear of the pulpit instead of at the side as it had been heretofore. Several feet of space has also been added to the rear of the auditorium.

A pastor's study is being fitted up on one side of the new addition, while the room on the opposite side will be used as one of the Sunday school rooms.

A room to be used for the cradle roll department has been cut out of the north addition and this department will be organized at once. The church has not had a department for cradle roll members in some time and the additional space has given the Sunday school officers a chance to reorganize this department.

Two entrances have been made to the rear of the church on the south side which with the Broadway entrance gives three entrances to the building.

At present this church has plenty of room, more than any other church in the city in comparison to the number of members, and the interior of the

building is modern throughout. The kitchen will be fitted up within the near future and plans for banquets and dinners will be arranged. Someone, unknown to the pastor and the congregation, has given the church a large gas range to be used in the kitchen. The church is being heated by natural gas.

Work on the new structure started several months ago and is now nearing completion. The painters have a few more days work and after they are through, electricians will complete the job of wiring the building.

The building committee, which paid close attention to all phases of the construction, is as follows: Rev. E. W. McLaurin, M. B. Wardlaw, R. G. Erwin, C. R. Stephens, E. M. Lynn, Chester Cherry and C. J. Lynn.

HASSEL DENIED NEW HEARING

AUSTIN, Oct. 12.—A motion by George Hassel, of Farwell, who signed a purported confession that he killed thirteen persons, for a rehearing by the Court of Criminal Appeals in the affirmation of his death sentence, was denied today by the court.

Citation by Publication
THE STATE OF TEXAS

To the Sheriff or any Constable of Runnels County, Greeting:

You are hereby commanded to summon Missouri Denton Harkey, and the unknown heirs of the said Missouri Denton Harkey, deceased, and unknown owners, by making publication of this Citation once in each week for four consecutive weeks, previous to the return day hereof, in some newspaper in your county, to appear at the next regular term of the District Court of Runnels County, to be holden at the Court House thereof in Ballinger, on the Fourth Monday in October, A. D. 1927, the same being the 24th day of October, A. D. 1927, then and there to answer a petition filed in said Court on the 15th day of September, A. D. 1927, in a suit numbered on the docket of said Court No. 3421, wherein Cora Overman, L. C. Overman, Naney Hambright, J. L. Hambright, Lula Bryan, R. H. Bryan, Emma Tabbs, T. J. Tabbs, Lennie Davidson and J. E. Davidson are plaintiffs, and Henry Denton, James Denton, Robert Lee Denton, Harold Denton, Viola Pilgreen, J. W. Pilgreen, Beatrice Tekel, Commie Tekel, Lucy Denton, guardian of the estates of Margaret Denton and Virginia Denton; and Margaret Denton, Virginia Denton, Florence Stephenson Denton, Missouri Denton Harkey, and the unknown heirs of the said Missouri Denton Harkey, deceased, and unknown owners, are Defendants, and said petition alleging

That Plaintiffs reside in Runnels County, Texas, and defendants, Henry Denton and James Denton reside in Hill County, Texas; Robert Lee Denton, Harold Denton, Viola Pilgreen and J. W. Pilgreen, Beatrice Tekel, Commie Tekel, Lucy Denton, Margaret Denton, Virginia Denton, and Florence Stephenson Denton reside in Runnels County, Texas, that unknown owners and the names and residences of the heirs of Missouri Denton Harkey, deceased, are unknown, that plaintiffs and defendants are the owners of the following described tract of land situated in Runnels County, Texas:

Being 100 acres out of the East

Certificate to Thos. M. Fowler, May 25, 1857 by Patent No. 735, Volume 12, and said 100 acres of land is described by metes and bounds as follows:

BEGINNING at a stake in the N. E. line of said block 15, 2087 varas South of the original northwest corner of said survey No. 440 and 537.85 varas east from the original W. B. line of said survey No. 440; Thence east 492.15 varas a stone set in ground for northeast corner of the tract, being 40 feet west of a stone set in ground for the northwest corner of block No. 7; Thence south 1147 varas to stone southeast corner of this tract, being 40 feet west of a stone set in ground for southwest corner of block 14; Thence west with south line of said block 15, 492.15 varas stone set in ground for the southwest corner of this tract; Thence north 1147 varas to the place of beside of block No. 15, sub-division ginning, and being the same land described in deed from C. A. Doose et al to J. H. Denton, dated September 7, 1905, recorded in volume 44, page 415 of the deed records of Runnels County, Texas, to which reference is hereby made.

That the estimated value of said land is \$7,500.00 and that plaintiffs and defendants are the sole and only heirs of J. H. Denton and Elizabeth Denton, both deceased.

That said tract of land cannot be equitably partitioned among the plaintiffs and defendants, allotting to each, their respective interests and that the same should be sold and the proceeds of such sale paid into court and partitioned among plaintiffs and defendants respectively according to their interests.

Plaintiffs pray for the issuance of citation, for partition and division among the joint owners, for the appointment of commissioners and for possession of their part of said land, or the proceeds of sale of said land, and for such other and further relief, special and general, in law and in equity, that they may be justly entitled to.

Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Ballinger, on this 16th day of September, A. D. 1927.

(Seal)

Waste Poisons in the Blood Make One Tired and Inefficient.

Do you rise lame and stiff? Drag through the day, listless and depressed? Evening find you all worn out?

Have you given any thought to your kidneys? Sluggish kidneys allow waste poisons to remain in the blood and make one tired and languid with often nagging headache, drowsy headaches and dizziness. A common warning of sluggish kidney action is scanty or burning secretions. Assist the kidneys with Doan's Pills. Doan's have been used since 1885. Are recommended the country over. Ask your neighbor!

Cooking Chats with 6 Famous Cooks

"CORNEB BEEF AND—"

(Editor's Note: This is one of a series of interesting cooking articles by 6 famous cooks appearing exclusively in this paper.)

If the way to a man's heart is through his stomach, surely one of the easiest ways is to serve him corneb beef and cabbage. That holds true for pretty nearly every man, except, of course, the dyspeptic, who is always hard to suit.

Corneb beef and cabbage is nowhere more deliciously cooked than in New England, where, with a few additional vegetables, it makes its appearance as the "boiled dinner."

What Flavor!
"And the boiled dinner enthusiast will tell you how excellent the blended flavors are," says Miss Lucy G. Allen, head of the Boston School of Cookery. "I delight in the boiled dinner of corneb beef with cabbage, beets, turnips, potatoes, and carrots or parsnips. All but the beets I cook in the same kettle."

How to Buy
Very often you can get a more tender piece of meat if you buy a fresh beef brisket. Ask the butcher to rub in coarse salt and keep it a day or two. Sometimes the fibers of meat kept too long in brine get hardened.

Use a very large kettle. Put in the meat, cover with boiling water. If the corneb beef has been soaking long in brine, start cooking it in cold water.

Let the meat boil for five minutes, then reduce the heat and let it cook slowly for two or three hours.

Add the Vegetables
Add cabbage which has been washed and cut into quarters. Then add peeled turnips, whole if small, diced if large, and the carrots or parsnips cut into two-inch lengths. Scrub beets thoroughly, and put in separate kettle, covered with boiling water.

Half an hour before serving add peeled potatoes to the large kettle. The success of the dinner depends upon having each article perfectly done, but not overdone.

To Serve
In New England this dinner is usually served by placing the meat in the center of a large platter, and grouping all the vegetables except the cabbage around the meat. The cabbage is so bulky that it is best to serve it in a separate dish. Truly this is a most delicious meal. A fitting dessert is a custard or a rice pudding, as these are not too hearty to serve with this substantial meal.

Many women have found it a great advantage to use their oil stoves all the time. These oil stoves are lighted so quickly that much time is saved. And the long-chimney burner oil stoves cook food so thoroughly, too.

Golden Gate Custard
This is a recipe contributed by Mrs. Belle DeGraf, home economics counselor San Francisco.
1 cup sifted bread crumbs
1 cup milk
1 cup orange rind
3 eggs separated
1/2 cup sugar
Add the grated rind of one orange to the juice. Use soft bread crumbs. Sift through coarse strainer. Add milk and orange juice. Beat eggs separately. Add sugar to yolks and then add to custard. Mix well. Fold in stiffly beaten egg whites. Pour in a pudding dish. Set dish in pan of hot water, and bake until firm in center. This takes about 30 minutes, in a moderate oven (350 degrees).

Rice Pudding
From Mrs. Kate B. Vaughn, director of the household economics department of the Los Angeles Evening Express, comes the recipe for rice pudding and hard sauce.
1/2 cup rice
2 cups water
2 cups milk
1/2 cup sugar
1 egg
1 teaspoon salt
1 tablespoon gelatine
4 cup cold water
Add rice slowly to boiling water. Boil until tender, 20 minutes, then drain. Heat milk in double boiler. Add egg yolk, sugar and salt, and cook until thick. Add rice, and the last minute before removing from stove, add the gelatine softened in the cold water. Stir in thoroughly. Fold in stiffly beaten egg white, and set in a large pan of ice water to cool.

Make the hard sauce by creaming and stirring together 3 tablespoons of butter, 1 egg white, 2 tablespoons of lemon juice, 2 1/2 cups of powdered sugar and any desired flavoring.

Try "corneb beef and—" soon. It's sure to be welcomed by the men in your family.

There is a splendid strong toaster now on the market which gives excellent satisfaction on gas, oil, and other types of stoves. This blue-glazed toaster makes four pieces of brown toast at a time. It handles never gets hot. You'll see it displayed at most hardware stores.

Our part of the county has been blessed with plenty of rain for the past three Saturdays. As result of the moisture, things are taking on a springlike appearance, and grain will be sown as soon as the ground gets dry.

Most every home in this community was represented at the Runnels County Fair last week, and in some instances the whole family went and enjoyed each minute to the utmost.

Mr. and Mrs. Pate Echols motored to Caddo Wednesday evening to visit friends and relatives, while Mr. Echols is awaiting connection to be made on the pipe line here before work can begin on the oil well which was spudded in some few weeks ago.

Friends of Arch Brookshire will be sorry to hear that he has not fully recovered from the effects of blood poison in his hand, since moving to their new home at Lampasas some time ago.

Little Addie Ruth Cox, 5-year-old daughter of Mr. and Mrs. Oscar Cox, is the champion cot-

cotton that was not extra good.

Mr. and Mrs. Jess Stagner, of Sweetwater, are visiting in the home of W. H. Stagner and family.

E. A. Werner is the loser of a barn by fire last week. A ton of cottonseed cake and a few hundred bushels of corn were also destroyed.

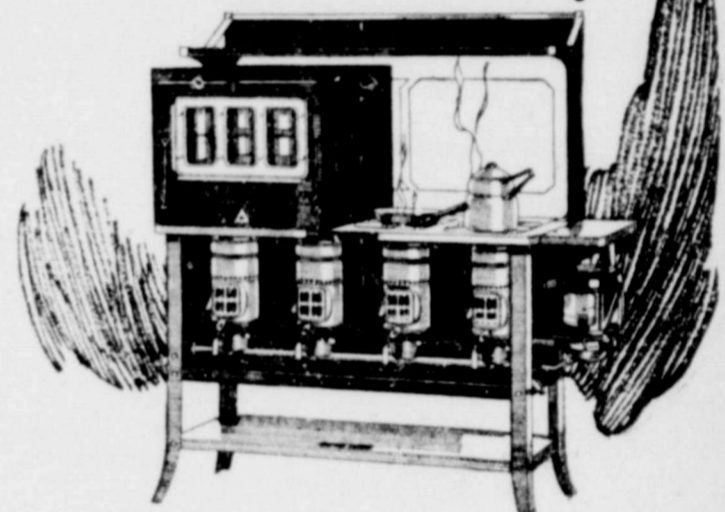

Mr. and Mrs. Pryor Martin, of Brownwood, visited in the home of Mrs. Martin's parents, Mr. and Mrs. C. M. Gibson Saturday night and Sunday.

Mr. and Mrs. W. T. Hill had as their guests Sunday afternoon, Mr. and Mrs. A. J. Pullin, and father, Mr. and Mrs. F. Gressett, Mrs. L. R. Brookshire, and Miss Mary Speed.

A large crowd of friends and relatives attended the funeral of Grandpa Foreman, who died at the home of his son in the Blanton community and was buried at old Norwood Sunday afternoon.
