

# THE BANNER-LEDGER

VOLUME 47.

BALLINGER, TEXAS, FRIDAY, MAY, 4, 1928

NUMBER 33.

## Smith Winner In California Pres. Primary

SAN FRANCISCO, May 2.—Returns from additional precincts through out California today continued to emphasize the victory of Gov. Alfred E. Smith of New York over Senators James A. Reed and Thos. J. Walsh in California's Democratic presidential primary yesterday.

In 6,680 precincts out of a total of 8,753, Gov. Smith received 111,265 votes; Senator Reed, 47,382; and Senator Walsh, 35,372.

LOS ANGELES, May 2.—Milton K. Young, Reed leader, today charged that the Republican wets carried the Democratic primaries for Governor Smith.

## Two Drown at Ranger

RANGER, May 1.—J. L. Thompson, 50, and Luke Lawton, 45, prominent local oil men, drowned this morning in Lake Olden, five miles west of here when their fishing boat sank.

Sam Thompson, a brother of the first named victim, saved himself after repeated efforts to rescue his companions.

Eastland county authorities are dragging the lake for the bodies.

UNIONTOWN, Pa., May 1.—Zenith Gaddis, 22, and a negress, mother, with her four children drowned in Monongahela River today when the skow ferrying them across the river between Masontown and Greensboro was upset when the ferry struck a log.

## LARGE GAIN IN P.O. RECEIPTS

Postmaster J. A. Reese said Tuesday morning the increase in receipts at the local office showed to be more than in any month during the past year or two. The jump over April of 1927 was \$125.81, considerably more than was expected for the first month in the federal postal department's year.

The receipts for April of last year totalled \$1,761.33; for April this year, \$1,887.14.

## MODERN EVILS ARE RAPPED AT CHURCH MEET

KANSAS CITY, May 2.—A condemnation of "companionate marriage," a ringing denunciation of debasing literature and the alleged obscene tendency of the theatre, a firm stand for prohibition and a definite charge to pastors to bring their indifferent members back into the church or drop them, and a plea for greater Christian unity were the points contained in the episcopal address of the Bishops of the Methodist Episcopal Church, read today before the quadrennial General Conference in session here.

Later, Bishop Francis J. McConnell, of Pittsburgh, was formally charged with immorality and maladministration.

The immorality charge deals entirely with violations of the church dogma and doctrines and contains no element of "moral turpitude."

TURKEY—Work is underway on Turkey's fourth gu.

# HIT BIG GAS SAND IN WATCHHORN WELL

## ATTEMPTS TO SET NEW RECORD

(By International News Service)

ROOSEVELT FIELD, May 2.—Lieut. Royal Thomas, flying solo, in a single motored Bellanca monoplane took off at 12:29 p. m. today in a second attempt today to break the world's endurance record now held by Eddie Stinson and George Haldeman.

ROOSEVELT FIELD, May 2.—Flying alone, Lieutenant Royal Thomas today failed in his attempt to establish a new world's record endurance flight when he encountered trouble and was forced to descend, shortly after his take-off in a Bellanca monoplane, The Reliance.

Thomas found the load of fuel

he carried too heavy to clear the hills. He may make his next attempt this afternoon.

Be wise and advertise.

The total number of cattle, including calves, in Texas in 1927 was 6,136,000 and the total value was \$175,775,000.

If Your Pocketbook Could Talk it Would Say:

### "PLANT FEED"

There's economy in growing your own feed. Soil and climate are right for it—stock is here to consume it.

Why pay a profit to some other farmer in another section, by buying the maize or hay you need for your own stock?

Feed is the foundation for any farm. Plant more feed than your cotton returns will be net profits.

We are giving this warning because we have been here long enough to know the hardships on the farm of no feed.

## The Winters State Bank

"The Dependable Since 1906."

Winters

Texas

More than 1,000,000 cubic feet of dry gas per day is flowing from the Watchhorn et al No. 1 J. L. King, section 159, Thos. T. Williamson survey, while drillers are moving back the boiler before resuming operations. The flow was encountered late Tuesday evening at a depth of 3,475 feet. It came with such suddenness that the tools were raised from the bottom of the hole. The driller immediately pulled the tools from the hole and put out the fire in the boiler.

It was stated at 3:30 o'clock Wednesday afternoon at the well that operations would be resumed Thursday.

Drillers reported that the sand was only tapped by the bit and they did not know what to expect when drilling started again. Showings of oil have been encountered in this hole at 2,296 and 3,330 feet.

This well is about two miles

southwest of the discovery wells on the McMillan farm, section 532, Domingo Diaz survey.

Runnels county oil operations and development of leases in all sections continue slowly but surely, a report compiled Wednesday morning showed. Several of the wells are shut down, others are drilling, and a few are having trouble either in the hole or with machinery.

Other acreage is being blocked in the county and announcements of five or six locations are expected within the next month or six weeks.

Western Coleman county is getting quite a bit of play, according to reports received here. It is reported that 29 wells are drilling along the Runnels-Coleman county line, with none of them more than 3 1/2 or 4 miles from this county. These wells are

# NEW SUMMER CREATIONS

## LYNDELENE ALLDAYE FROCKS

*Styles of Unrivalled Beauty ~ Dainty Summer Fabrics*

**D. Reeder Dry Goods Co.**  
Serving Runnels County for a Quarter Century  
Ballinger, Texas  
TWO ENTRANCES—EIGHTH ST.—HUTCHINGS AVENUE

# \$1.95

**THERE** is nothing quite like Bayer Aspirin for all sorts of aches and pains, but be sure it is genuine Bayer; that name must be on the package, and on every tablet. Bayer is genuine, and the word genuine—in red—is on every box. You can't go wrong if you will just look at the box when you buy it:

Aspirin is the trade mark of Bayer Manufacture of Monocloacetic acid of Salicylic acid

## BEARCATS HOLD ANGELO TO TIE

Coach Felton Wright and his Ballinger high school Bearcats returned from San Angelo at noon Saturday after a morning football game with the San Angelo Bobcats, which resulted in a 0-0 tie, the third tie game the Bearcats have played this spring.

Each team carried the ball to within scoring distance but lacked the punch necessary to put it over.

The Bobcats completed a 45-yard pass which took the ball to about the 9-yard line, but when four downs were completed the ball was on the Bearcats' 12-yard line. San Angelo lacked the punch to take the oval across the chalk line.

The Bearcats came near scoring at the end of the game when Jimmie Parrish, playing half, intercepted a pass and raced to the Bobcats' 10-yard line. The Bearcats took the ball to the 3-inch line and the game ended.

Coach Wright said it was a clean game, much better than the one played here last Saturday afternoon.

The coach gave several of his subs a chance in this contest. Wheeler, Schuchmann, Jones, Evans, Lewis and Nance all got in for the fray. These boys will help to make up to the 1928 football squad.

A number of the local fans went to San Angelo to witness the game.

### STOBAUGH'S BROTHER DIES AT BIG SPRING

Tom Stobaugh, a brother of A. B. Stobaugh of this city, died at Big Spring Friday, according to a message received here.

Mr. Stobaugh and Rev. Alfred Crager left Saturday morning for Coleman to attend the funeral which is being held there. Interment will be made in the Coleman cemetery.

**"I am so happy that the last pimple is gone—"**

WITHOUT this handicap, there returns the very natural confidence, joy and cherished pride of possessing a clear skin.

Men and women both justly covet admiration, and you can expect such satisfaction only if you are happy in a clear, unblemished skin.

The sure way to reach this state is through the blood.

Red blood cells are Nature's elements for building and sustaining the body.

Without plenty of rich, red blood, there can be no strong, sturdy, powerful men, or beautiful, healthy women.

You know a clear skin comes from within. Correct the cause—through the blood—and pimples, boils, eczema and that sallow complexion will disappear.

Thousands have regained their strength and charm by taking a

## DAIRY INDUSTRY HERE GROWING VERY FAST

Runnels county's dairy industry is increasing every week. G. Ridders, manager of the Runnels County Co-operative Creamery, said Monday morning after another carload of high grade dairy cattle had been received in Ballinger for distribution among purchasers of this section.

The Ballinger Chamber of Commerce has been backing this plan and this is the eighth car that has been shipped into the county since January 1, 1928. J. D. Motley, secretary of the chamber, said:

In the last carload there were thirty-one head of high grade cows, some of which are registered. The cattle were purchased at a cost of from \$85 to \$100 per head from dairy cattle breeders around Floresville, Wilson county, 30 miles below San Antonio. C. W. Lehmburg, county agricultural agent, went to Floresville, selected the herd and accompanied it to Ballinger. The shipment arrived here early Sunday morning and was transferred to the Fair Park barns from where they will be distributed among the farmers.

Miles and Rowena merchants and other leading business men of the county have sponsored other shipments into the county, having sent a man to select and ship cows to that section.

Mr. Ridders said Monday he expected to consummate a deal within the next few days with the Kraft-Phoenix Cheese Company, of Wichita Falls, which would give the farmers of this territory another outlet for their dairy products through the local creamery.

"We are having a hard time filling all of our orders," Mr. Ridders declared. "Some of the orders we cannot fill completely but we are doing our best. Our sweet milk capacity is about 700 gallons per day while our sweet cream capacity is unlimited. At present we are receiving about 400 gallons of sweet milk daily and about 350 gallons of sweet cream."

There is a demand for the products of this plant in this and other cities. Most of the grocery merchants and drug stores of Ballinger handle the Bulgarian buttermilk, butter and ice cream manufactured by the local plant, and in other cities a strong demand is being created.

**Products for Cheese**  
Mr. Ridders in telling further of the cheese company's proposition, said C. Teisslar, of Wichita Falls, and a Mr. Walt, of Dallas, representing the cheese factory, were in Ballinger a week or so ago to confer with him. They desired connection with the local creamery for the purpose of using some of the products in making cheese at their Wichita Falls plant.

Mr. Ridders said this deal would probably be concluded before many days and that Runnels county milk would be used in cheese making.

Between \$2,500 and \$3,000 is being paid each week to the farmers of this county and other farmers in this section are coming in with their milk and cream

every day. During the past few weeks quite a number of farmers have realized the benefits of the co-operative creamery and have subscribed for stock, while others who were selling their dairy products elsewhere now bring it to the Ballinger factory. The plant has not only materially boosted the dairy industry in Runnels but also in adjoining counties, it is asserted.

**Kazmeier Quality Baby Chicks** for delivery any Tuesday in May and June, from trap-nested hens with records of 200 eggs and better, from hens blood tested for White Diarrhoea under supervision Sanitary Live Stock Commission.

### Runnels County Drilling Report

(Incomplete) April 30

Kennedy et al No. 1 Talley, Jno. C. McKeon survey, drilling depth not known, supposedly around 2,400 feet.

Marland's E. L. Smith No. 1 A. C. Herring, section 121, ETRR survey, drilling around 550 feet.

Summers et al No. 1 Reese, block 35, section 532, Domingo Diaz survey, drilling at 907 feet.

May No. 1 Schneider, section 378, John Wall survey, still fishing for bit lost about 1,740 feet.

Marland Oil Company's No. 1 Hamp Byler, J. F. Roach survey, underreaming to 2,250 feet to set 8-inch casing.

Giswald et al No. 1 Willingham, section 532, Domingo Diaz survey, will resume drilling this week at about 1,760 feet.

Watchhorn et al No. 1 King, section 159, Thos. T. Williamson survey, drilling around 3,500 feet.

Agnew & Son No. 1, H. Hollin survey, drilling past 900 feet.

Gibson & Johnson No. 1 A. P. Serratt, drilling around 2,825 feet.

#### Six Shut Down

The following wells are shut down:

Swensendale et al No. 1 Werner, section 160, ETRR Co. survey, 3,000 feet, awaiting orders, contract completed.

McLean et al No. 1 Clayton, sec 133, ETRR Co. survey, awaiting casing at 1,070 feet.

Globe et al No. 1 J. H. Webb, 2,510 feet, awaiting orders, contract completed.

Pure Oil Company No. 1 Giescke, awaiting orders, after pulling tubing and 6-inch casing.

Jones et al No. 1 Hale, near Talpa, around 2,210 feet, awaiting orders.

Miles Oil Co. No. 1 Lawton & Sons, section 68, C. D. Foot survey, 2,490 feet, awaiting orders.

#### Dear Producer—

Bring us your Cream, and take advantage of Sweet Cream prices as there is a difference now of 12 cents per pound between Sour and Sweet. We want you to get the best price for your product. Come in and let us explain!

RUNNELS COUNTY CO-OPERATIVE CREAMERY. tf

#### WHITE NAMED DIRECTOR IN HEALTH ASSOCIATION

R. E. White, county superintendent, who is president of the Runnels County Public Health Association, has been named a director of the Texas Public Health Association, to serve for one year.

Mr. White has been informed of his appointment and the duties connected with the office he holds.

Dr. Z. T. Scott, of Austin, is executive secretary of the association and has written Mr. White that he is expected to represent this county at all meetings of the board.

## FIRE LOSS IS SMALL IN CITY

The fire loss on city property in Ballinger for the fiscal year ending this month, is \$6,715.68, Chief of Fire Department Louis Cohen announced Saturday when he had completed his annual report to the State Fire Insurance Commission.

Following is the data furnished by Chief Cohen:

Number of alarms during past year, starting May 1, 1927—32

Number of fires—19

Value of buildings on fire—\$61,500

Value of contents of buildings—\$47,500

Total property valuation—\$109,000

Actual loss on buildings and contents—\$6,715.68.

J. D. Motley is president of the local department which is divided into two companies. Joe Forman is secretary-treasurer; L. Cohen, chief; and L. G. Campbell, assistant chief. The department has one paid driver.

Delegates from the two companies are: No. 1, J. D. Motley; No. 2, M. C. Atkins. These men will represent Ballinger at the

annual convention of the State Firemen's Association to be held at Denton, starting June 12th. The local department was organized and chartered October 2, 1919.

#### STOP THAT ITCHING

Use Blue Star Remedy to relieve Eczema, Itch, Tetter, Ringworm, Poison Oak, Pimples, Dandruff, Sores on Children, Cracked Hands, Sore Blistered Feet, Red Bug bites and all itching skin diseases. It penetrates the skin, kills out the germs, stops the itching at once, and restores most cases to a healthy condition. Blue Star Soap may be used as a cleanser before applying Blue Star Remedy. All Drug Stores.

Weeks Drug Store

## BRING IN NEW EASTLAND WELL

EASTLAND, April 28—Four oil field workers who had faith and were willing to gamble with fate are responsible for Eastland county's newest gusher which placed 830 barrels of oil in the pipe line in its first 24 hours.

The well—the Williamson No. 1 of the Operators Oil & Gas Company—had reached a depth of 400 feet when a dry hole was completed, 600 feet north. Abandonment of the Williamson well

was considered but the crew offered to complete the well for a one-fourth interest—a sixteenth for each worker. The offer was accepted; the well was drilled to 2,990 and began flowing. More than 24 hours later, it was still flowing steadily without having paused.

Weeks of work without pay had caused one of the drillers to offer his interest for sale at \$250. Ten days later, he was glad he hadn't sold for it is worth twenty times that amount. The producer extended the Sibley pool a quarter of a mile west and several wells will start.

Two new shallow pools have been discovered in the county during the past week—the J. E. Lewis well on the Hobcumb flowing 40 barrels a day at 1,325 feet a mile northeast of Eastland, and the Parker well of Goodwin and associates for 30 barrels at 1,400 feet, nine miles east of Eastland. Two other wells were completed as producers in the county in the week just ended. Thirty-five wells are drilling.

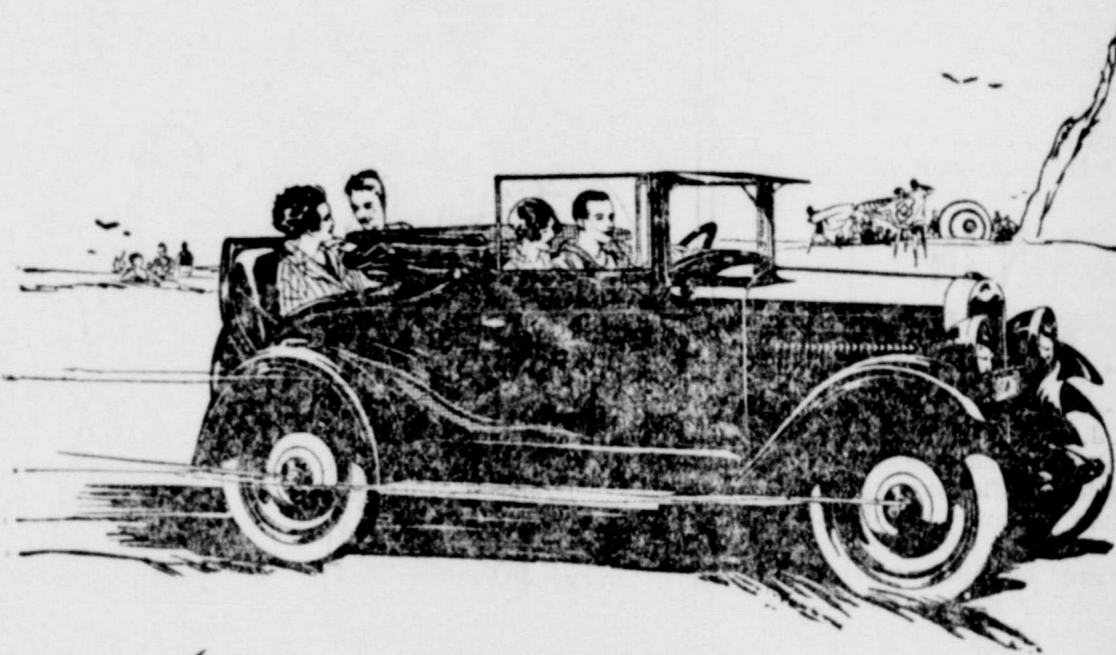

Mrs. Troy Simpson and daughter, Miss Mary Virginia, have returned from Abilene, where they had been visiting Mrs. Simpson's parents for several days. Mr. Simpson went up Saturday and accompanied them home Sunday.

**COUNTY WINNERS IN ESSAY CONTEST**

In the state-wide essay contest conducted by Supt. S. M. N. Marrs on "The Qualities of Good Citizenship," Miss Lastelle Matejowsky of the Ballinger high school, won the high school contest, and Nel Young, of Crews, won the rural school contest. In the rural school division, Miss Nellie Henry, of Norton, won honorable mention.

The winning essays have been forwarded to Senator Walter C. Woodward, at Coleman, who has appointed a committee to rate the winning papers from the counties in his senatorial district and declare the winners of the said district. District winners will be sent to the state department of education for rating to determine state winners. Twenty-five dollars in gold is offered by Mr. Marrs for the winning essay in each division over the entire state. Fred Kiechle, of the Farmers & Merchants State Bank, Ballinger, offered \$5 in gold to the winner in each division in Runnels county. In behalf of the state superintendent and the schools that were interested in the contest, I wish to thank the above named institution for the interest fostered in the contest by their generous offer. Miss Matejowsky and Mr. Young may call at Mr. Kiechle's office and receive their awards at their convenience.

R. E. WHITE,  
County Superintendent.

Following is Miss Matejowsky's essay:

**"QUALITIES OF GOOD CITIZENSHIP"**

The most important element of good citizenship is the spirit of public service. The conduct of a good citizen will at all times be controlled by the thought of service he can render for the public welfare rather than by thoughts for selfish advantages. Good citizenship rests on a solid foundation—the personal character of the citizen. This includes knowledge, discipline, and efficiency, besides the qualities which make up moral character. The civic self-control, for he must not only character of the citizen includes want to do right but he must have the will power to keep from doing wrong. If a citizen wants to do right, he finds that he needs ideals if conduct. He should want to do right for the sake of right. The proper solution for a good citizen would then be a strong character, good common sense, and knowledge not all found in books.

The average citizen falls down, particularly, on his duties and obligations. He claims his rights and privileges quickly but he is not so quick to respond to his obligations. A good citizen must do all that he can if he wants his property, as well as himself, to be protected, and he should pass no criticism as to how to run the government if he takes no part in it. Voting is considered one of the highest duties of a citizen. If he is eligible to vote, he has also an obligation not simply to vote but to vote as his conscience and intelligence dictate. It is therefore, an essential to good citizenship that the person participating in the government has an education, to some extent anyway, in order that he may reason with himself and others as to what is best. He should be educated to the extent that he may vote intelligently, and be able to read and interpret the meaning of the laws

of our country.

The first duty of a citizen is to know his duties and obligations, for if he is ignorant of his duty he probably will not do it. It is just as essential to good government for the private citizen to discharge the responsibilities resting upon him as it is for the official to render his services for the public good, and it is as much the duty of the citizen to enforce the law as it is of the peace officer because the peace officer needs the help of the citizen. We need more men who will work for the public good rather than those of politics who work for money alone. The best citizen is the one who does most for his community, and not the one for whom most is done.

Obedience to constituted authority is a quality of good citizenship. We must also obey the laws so we can keep from injuring others and their property. Regard for the right of others is considered one of the primary duties of a citizen.

Patriotism is an outstanding quality of good citizenship. A person must be very unselfish if he is a true patriot. For instance, he should change his party when he sees that another is better, and he should vote for the man best fitted for a certain office rather than to let favoritism enter in. Patriotism is another name for public spirit. A true patriot will not only demand his right and privileges but he will also fulfill his duties. His patriotism will assert itself not only in time of excitement, in crisis, or in an emergency but also in every day life. He will live and work for his country as well as die for it.

A good citizen will serve on a jury when called upon. Jury service is sometimes very hard and disagreeable work and most business men shirk from it but that is wrong. If the competent and intelligent men refuse to serve, then it falls to the incompetent and unintelligent men who become professional jurymen, and whose verdicts are unsafe and unreliable.

Honesty is an essential to good citizenship. It is a result of activity with and about the things we are to accomplish.

A good citizen will render military service when called upon. He should sacrifice himself for the good of the community, and should be ready to help the government against attacks by a foreign government, state or city.

The citizen is held responsible for the obedience of the laws of the nation, state, and cities. A good citizen will always put the interest of the public before personal interest.

In conclusion, it can be said that a good citizen is patriotic, educated to some extent, obedient to the laws of the country, honest and trustworthy. It is one who will vote when eligible, serve on the jury when summoned, and render military service in time of need. A real citizen will put the interest of the whole community before personal interests and will do all he can to promote the public welfare. Public spirit helps the community to be progressive and uplifts the individual.

**NEW TELEPHONE BOOK COMING OUT SOON**

The Ballinger Printing Company has received the contract for the publishing of a new telephone directory which will go to press about the first of next month.

M. C. Atkins, local manager of the West Texas Telephone Company, is anxious that the book be as free from errors as possible and asks that all patrons who are contemplating any change in their address, firm name, or telephone number to please notify him at once so that it will be correctly listed in the new directory. Mr. Atkins also urges that everyone, both city and rural residents who are intending to install telephones in the near future to see him and make arrangements immediately so the names may appear the new book.

**IT DRIVES OUT WORMS**

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Priced 5c. Sold by Weeks Drug Store

W. R. Ash, of Marie, was a pleasant caller at the Ledger office Saturday

**What Dr. Caldwell Learned in 47 Years Practice**

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time regardless of how much one tries to avoid it. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the most delicate system and is not a habit forming preparation. Syrup Pepsin is pleasant-tasting, and constipated love it. It does not irritate. Thousands of mothers have written us to that effect.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. In a practice of 47 years he never saw any reason for their use when a medicine like Syrup Pepsin will empty the bowels just as promptly, more cleanly and gently, without griping and harm to the system.

Keep free from constipation! It relieves your strength, hardens your arteries and brings on premature old age. Do not let a day go by without a bowel movement. Do not sit and hope, but go to a druggist and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin. Take the proper dose that night and by morning you will feel like a different person. Use Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds. Always have a bottle in the house, and observe these three rules of health: keep the head cool, the feet warm, the bowels open.

We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.

**OIL FIRM HERE GETS CHARTER**

Robert B. Summers, of the Robert B. Summers Company, Inc., received a telegram from Judge O. L. Parish, local attorney, who went to Austin Thursday that the new firm had been granted a charter by the secretary of state.

Judge Parish left here Thursday afternoon, arriving in Austin Friday morning and received the permit from the state department in a short time.

The new firm is composed of local oil men, with Mr. Summers as president.

Under the rigid laws of the state, the company must conform to the requirements for corporations in every particular. The fact that the charter has been granted gives the local company good financial standing.

Mr. Summers said Saturday that a certain amount of the stock would be offered to the public at a reasonable price and that the Summers interests in Runnels county would be fully developed. Drilling, contracting, developing and leasing will be practiced by the new firm.

At present the company is drilling a well north of the city on the J. S. Reese place. It is around 800 feet deep and just east of the Vacuum Oil Company's block which contains two wells producing 44.7 gravity oil.

Kazmeier's Best Grade Baby Chicks, from 200 to 240 egg hens, blood tested for White Diarrhoea, shipped any Tuesday in May, prepaid, satisfaction and 100% live delivery guaranteed. White Leghorns at 14.00 per one hundred or \$65.00 for five hundred. Write F. W. Kazmeier, Bryan, Texas. 27-3tw

**THREE CASES FILED IN THE CITY COURT**

Three cases, two for violations of city traffic laws and one for drunkenness were filed in the city court by Chief of Police F. V. McCall Monday morning. Action will be taken in each case this week.

**REINDERS MAKES BOND THURSDAY**

John Reinders, charged with possession of intoxicating liquor for the purpose of sale, was released under \$1,000 bail Thursday afternoon.

Reinders was arrested last Sunday morning in company with I. E. Musil, Rowena farmer, in a raid made on the Musil farm by Sheriff R. E. McWilliams, Deputy John White and Sheriff Willie Warren of Concho county. Some 300 gallons of intoxicants—wine, beer and whiskey—were confiscated. Musil made a \$2,500 bond early this week.

Jesse Beard, of Concho county, held in the Runnels county jail here on a charge of transporting liquor, was also released Thursday under a \$1,000 bond. His brother, Floyd Beard, held here

for an affray, paid his fine this week and was released. Neither Derwood Pogue nor Ernest Price have made their bonds of \$1,000 each, on a charge of car theft, filed against them last Saturday afternoon.

**Ozark, Missouri, Farms**

to exchange for small place with or without filling station near Ballinger, San Angelo or Coleman. Improved and unimproved Ozark farms.

J. B. MORRISON,  
606, Red Barn, Texas  
26-1td-1tw

George W. King, of Waco, and E. J. Robertson, of Brownwood, representatives of the Texas Compress Company, were in Ballinger looking after business Thursday. They were accompanied to San Angelo by W. B. Woody, local manager, and J. F. McMillan, engineer of the local plant.

**BANG! FIRST SHOT**

If the Mississippi River was flowing uphill, perhaps Coolidge would not veto the flood control bill.

Runnels county farmers have their planting program well under way. No complaint about the season.

The farmer who watches the produce market instead of worrying about the cotton market, is the farmer with the bank account.

Late reports show that West Texas oil increase leads all other areas. W. T. also leads in developing other lines of industry, including more food—pork, beef, dairy and poultry products.

The Runnels County Co-operative Creamery, located at Ballinger, is distributing \$2,500 in cash every week among a certain number of farmers. This equals to one dollar per farm, and the amount is increasing.

One automobile for every 5.13 persons in the United States was registered last year. The thirteen-hundredths of a person owns a car in Runnels county, and at the present speed the ratio will set a new mark in this county this year.

Flight fans throughout the country are mourning the loss of Floyd Bennett, who fell a victim of pneumonia at Quebec while flying to the aid of the German flyers marooned on Greenly Island. Bennett was one of air heroes of the day, having made himself famous by flying over the North Pole.

Mr. Voter, if you do not take part in the Democratic convention which is to be held in your voting precinct next Saturday, May 5, you will have no howl coming if the state convention at Beaumont later in the game fails to function to suit your fancy. Be present and prepared to speak out in meetin'.

The oil division of the Texas Railroad Commission has ordered production in Winkler county cut from 300,000 barrels per day to 150,000 barrels per day, while Oklahoma and Kansas fields are permitted to run wide open, producing the limit. When it comes to regulating things sometimes seem a little unfair and unequal. Is it fair to pinch down one man's oil well and permit his neighbor's to gush the maximum? Is it?

A string of automobiles, packed with luggage, camping outfits, etc., and loaded with khaki-clad men, women and kiddies, are motoring through Ballinger, most

of them headed West. The call of the wild comes early this year, and we are told that tourist travel will set a new high record. Vacation money accumulated in the winter is burning the pockets of the owner of a new car, and road maps are in demand.

The present session of congress is in its dying day without having perfected any flood relief or farm relief legislation, the two measures the South is most vitally interested in. For its failure the Republican congress deserves to be placed on the shelf. The lower Mississippi Valley states are acting as the dumping ground for the flood waters of many states, and the problem is one the entire nation should deal with.

We can't all be Edisons, Fords or Lindberghs, but at no time in the history of America were opportunities greater for the young man who applies himself, hits the ball, so to speak, instead of wasting his time jazzing and burning gasoline. In an interview just published in one of the leading magazines, Mr. Edison says: "There is no excuse whatever for the failure of any young man of twenty years or more to discover something he would like to do. The world is so filled with interesting things to do that the longest human life could not exhaust more than a small fraction of them." In matters material, no man is better qualified than Mr. Edison to give advice.

The cow and chicken population of West Texas is increasing rapidly, and no industry is coming in for more attention or a more rapid development. This is due to the marked success met with by those who have been making the Jersey and the hen pay the living expenses on the farm. The establishment of a modern creamery at Ballinger, giving a regular market for the surplus milk from the farm, has added an impetus to the industry which is calling for more milch cows, and while these must be imported for the present, within a short time Runnels county will be supplying other sections of the country with high grade Jerseys.

He is an unwise candidate and a poor politician who does not include in his platform a tax reduction plank, and the voter who listens with the expectation of receiving what such a platform promises will see his day of disappointment. For the past several campaigns the tax reduction cry has been going up from every stump, and in the meantime our tax bill has continued to grow larger each year. This is due to the larger scale on which the government is carrying on its work, coupled with the usual extravagant and wasteful way of doing the work. Not until the development program is cut or completed can we see any hope for tax reduction. The only relief in sight is for the voter to demand the kind of government he is paying for.

A scientist in the person of Prof. Staley, of St. Louis, where the Texas horned frog which spent thirty-one years in the cornerstone of the Eastland court house is on exhibition, says the frog is only two or three years old, and declares that he does not believe the story. Perhaps the professor does not take into consideration that "Rip" was not functioning while sealed up in the corner-stone and the thirty-one years was counted as time out and not charged up to his age.

According to the pension rolls the Civil War veterans have been reduced to 73,000, and the roll is decreasing at the rate of about 1,500 per month. While all veterans of the Civil War drawing pensions have passed eighty years of age, the bureau estimates that it will be twenty-five years before the last one passes away. This estimate is figured on the fact that five Mexican War veterans are still on the pension rolls, and it has been eighty years since that war.

The latest figures on auto registrations show that every fifth person in the United States owns a car, or there is an auto in use for every five persons and the ratio is increasing rapidly. Every member of some families own a car, which makes up for the families where no member owns an auto. Seven states in the United States have passed the million mark, Texas occupying seventh place with a total of 1,111,407. The state of Nevada holds the low

place with a total registration of 25,776.

BENOIT NEWS

We are having real warm weather now, after so much cold; all we need is a good rain to make the crops grow.

The grain crop will be cut short on account of the dry spell. We doubt if a big rain would add much to the production.

The roadbed was finished last week for another switch track. The laying of steel will begin soon.

Claud Brookshire and family were among the sightseeing crowd in Ballinger Sunday, to witness the airplane stunts.

F. E. Clayton and family are the proud owners of a new Willys-Knight sedan.

Several in this community have begun shearing their sheep.

Mr. and Mrs. A. N. Hoffman spent Sunday with Roy Clark and family.

Alvin, the little son of Mr. and Mrs. Albert Spreen, has been ill, but is reported better at this writing.

W. T. Hill and family are driving a new Whippet, and gave it a test Sunday by motoring to the singing convention which met at Wall, in Tom Green county.

Miss Mae Ashton spent Wednesday night with Miss Dorothy Gibson.

Mr. and Mrs. Horace Davis, of Hatchel, visited relatives here Sunday.

Mr. and Mrs. Otto Spreen and Mr. and Mrs. E. O. Lange visited in the Gus Gerhardt home near Crews, Sunday.

A. W. Hill and family called on relatives at Benoit Saturday evening.

Mrs. Dick Winans, Misses Bernice and Louise, and Louis Shipp met with their mother Tuesday night at Benoit, where Mrs. Shipp is teaching, honoring their brother, O. D., who was visiting here from Arizona for the first time in three years. Mr. Shipp returned to his place of business Saturday.

W. D. Lewis and family visited Tony Lewis and wife near Winters Sunday.

Miss Faye Stagner, a Benoit girl, who is now a Ballinger high school student, is wearing a medal in honor of winning first place in the essay contest of the county meet, also the district meet at San Angelo.

Miss Cleo Hoffman celebrated her thirteenth birthday Saturday evening by inviting her schoolmates and friends to partake of refreshments served by her mother. The menu consisted of ice cream and cake. Games were played and a merry good time was enjoyed. Those present were Misses Aline, Estelle, Dorothy and Marcelle Williams, Earline Cox, Laura B. and Dorothy Gibson, Opal Cox, Evelyn Tullis, Woodrow Cox, J. D. Tullis, L. B. Rumpy, Buster Cole, Howard Cox, J. D. Frank, and Curtis Hoffman, Grafton Brookshire, J. D. Kelly, and Melba Tullis. "REPORTER."

FUNERAL FOR MILES CITIZEN

Funeral services for J. G. Louder, 58, city alderman and pioneer ranchman of Miles, were held Monday morning at the family residence following his death Sunday afternoon. Rev. W. L. Rodgers, pastor of the Baptist Church, was in charge at the home while members of the Odd Fellows Lodge took charge of the body at the cemetery. Interment was made in the Miles cemetery. Mr. Louder was prominent in civic affairs of Miles and was a progressive farmer and ranchman. He was born in Grayson county, Texas, and moved to this county in 1900. He was a member of the I. O. O. F. and W. O. W. lodges. He is survived by his widow, a son, several brothers and sisters.

104 NEW CAR REG. IN APRIL

Sales of new automobiles in Runnels county for the month of April reached a new mark when 104 new motor vehicles, each one a passenger car, were registered with Tax Collector W. L. Brown.

Chevrolet dealers led in sales, having disposed of 46 cars during the month, Whippets running seventh 23. The new Fords sold during April totalled 12, adding this to the two registered during March. Dodge dealers disposed of 13 cars last month.

There were three motorcycles registered, the first to be recorded here in many months.

Following is a list of the new automobiles registered: Chevrolts, 46; Whippets, 23; Willys-Knights, 3; Dodges, 13; Fords, 12; Chryslers, 3; Oldsmobiles, 2; Pontiacs, 2.

The number of cars registered for 1928 to the close of business April 30, was 4,829; trucks, 399.

Hit Big Gas Strata In Watchhorn Well

(Continued from Page 1)

located from Goldsboro to the Colorado River. Local oil operators declare that if any of these wells come in they will mean greatly increased activity in this county, especially along the eastern edge of Runnels county.

While the Nos. 1 and 2 McMillan wells, the property of the Vacuum Oil Company, a subsidiary of the Standard Company, are producing high gravity oil, the No. 1 Fowler and the No. 1 Flanagan are going down and something is expected to show up in each of these wells about the same depth the oil was encountered in the first two wells.

Vacuum-Owenwood No. 1 Fowler, sec. 532, Domingo Diaz survey, is cementing 12 1/2 inch casing.

Vacuum No. 1 Flanagan, block 29, sec. 532, Domingo Diaz survey, is drilling around 220 feet.

Svensondale et al No. 1 Werner, section 160, ETRR Co. survey, is shut down.

McLean et al No. 1 Clayton, sec. 135, ETRR Co. survey, is shut down.

Kennedy et al No. 1 Talley, Jno. C. McKeon survey, drilling at 2,430 feet.

Marland-E. L. Smith No. 1 A. C. Herring, sec. 121, ETRR Co. survey, drilling around 750 feet.

Summers et al No. 1 Reese, block 35, drilling around 957 feet.

May No. 1 Schneider, section 378, John Wall survey, fishing for tools lost at 1,740 feet.

Globe et al No. 1 J. H. Webb, contract finished, shut down at 2,510 feet.

Marland Oil Company No. 1 H. Byler, J. F. Roach survey, underreaming to land 8-inch casing at 2,250 feet.

Pure Oil Company No. 1 Gieseeke, shut down.

Jones et al No. 1 Hale, near Talpa, Runnels county, fishing at 2,210 feet.

Griswald et al No. 1 Willingham, sec. 532, Domingo Diaz survey, shut down.

Watchhorn et al No. 1 King, sec. 158, T. T. Williamson survey, shut down below 3,500 feet. Boiler trouble.

Miles Oil Company No. 1 Lavon & Sons, sec. 68, C. D. Foote survey, shut down at 2,460 feet.

Agnew & Son No. 1 Russell, H. Hollin survey, drilling around 900 feet.

Gibson & Johnson No. 1 Harris has been changed to No. 1 Rainwater, 1 1/2 miles northeast of Crews. Rigging, exact location not available Wednesday.

Gibson Oil Corporation No. 1, block 27, north Concho county, rigging. Exploration Company, a San Angelo firm, is moving in a steel rig east of this location, and near their two abandoned holes for a 4,000-foot test.

Gruber & McGinley No. 1 R. Q. Holder, eastern Tom Green county, drilling, depth not learned.

Hamilton et al No. 1 Spill, T. R. Webb survey, is moving in with a spudder to start hole. A rotary rig will be moved from South Texas to carry the hole deeper. Spudding will take place within the next few days. This will be the first rotary rig to operate in Runnels county and its practicability will determine whether other rotary rigs will be moved into the county.

Gibson & Johnson No. 1 Serratt, two miles north of Ballinger, is running 6-inch casing after getting a hole full of water at 2,860 feet.

PRECINCT CONVENTIONS TO BE HELD SATURDAY

On Saturday, May 5, every voting precinct in Runnels county will hold a convention for the purpose of selecting delegates to the county Democratic convention to be held here on Tuesday, May 8, at the court house at 1:00 o'clock, it has been announced by Judge A. O. Strother, chairman of the Runnels County Democratic Executive Committee.

Precinct conventions will be held at the regular voting places with the exception of those of the two Ballinger precincts. These two precincts will hold conventions at the court house, one in the district court room and the other in an upstairs office.

All precinct conventions will be held at 2 o'clock.

J. P. Lusk, chairman of precinct No. 1, declared that he knew of no business to be transacted other than the selection of delegates to the county convention.

Edwin Day, chairman of precinct No. 24, also declared that as far as he knew there was no other business to be attended to at the precinct convention save the selection of delegates to the county meet.

Judge Strother will preside at the county convention and delegates to the state convention will

be selected at that time. The state convention will be held at Beaumont.

It is thought there will be unusual interest taken in the local conventions this year as there is much interest in the national campaign for president.

Judge Strother urges that every voter in the 27 precincts of Runnels county make an effort to attend the precinct conventions, and have a say in the selection of delegates.

Let us figure on that house you expect to build right soon. Would be glad to sell you the material or if you prefer, will contract to build house complete. Will appreciate it and will try to save you money. L. E. Bair Lumber Company. 30-2td-1tw

Mr. and Mrs. Robert Lee Jonas, of Coleman, spent Sunday with Mrs. Jonas' parents, Mr. and Mrs. P. C. Straley.

Mrs. Max Russell has gone to Menard following receipt of a message announcing the serious illness of a brother there.

W. L. Brown spent Monday in Rowena electioneering in his race for re-election as county tax collector.

**COMPLETE AIR CIRCULATION**

**IN THE AUTOMATIC GETS FULL VALUE FROM THE ICE**

**FREE ICE**

A thousand pound ice book FREE with AUTOMATIC and a five hundred pound book FREE with ILLINOIS REFRIGERATORS.

West Texas Utilities Company ice and Hall Hardware Co., refrigerators make summer comfort yours.

In the Automatic there are 11 honestly built walls, each a heat resisting wall that protects your ice and keeps the chambers filled with dry chilled air. In the Automatic there is an added feature of economy—the trap. It keeps out warmth and keeps in cool air. It is in the ice chamber—away from the food—where it is easy to clean—vermin-proof. Compare and you will readily see the superiority of the Automatic.

"Happiest Girl in Texas"

So many mothers nowadays talk about giving their children fruit juices, as if this were a new discovery. As a matter of fact, for over fifty years, mothers have been accomplishing results far surpassing anything you can secure from home prepared fruit juices, by using pure, wholesome California Fig Syrup, which is prepared under the most exacting laboratory supervision from ripe California Figs, richest of all fruits in laxative and nourishing properties.

BARNETT NEWS

Frank Ward is at home from Big Spring this week. The country is too dry out there for planting, and there is practically no underground season he said.

A large crowd was present at the party Friday night, at Mr. and Mrs. McKinley Spann's. Everyone reported a wonderful time.

Miss Ila Ray spent the week-end with friends at Ray, near Miles. She attended the Tom Green county singing convention at Wall Sunday. The convention was a record breaker in several ways: the size of the crowd, the dinner, and the excellent singing.

A large number of Barnett people attended the singing at Mr. and Mrs. Will Tyree's in the Spring Hill community, Sunday night.

A crowd of Barnett young people spent Sunday at Hatchel.

J. W. Lee visited Mr. and Mrs. J. T. Ward and family Monday.

Barnett pupils are busy preparing to close their school work on Friday, May 11. A program will be given Thursday night and a community picnic will take place Friday. Everyone is cordially invited.

SIX CASES FILED IN CITY COURT SATURDAY

Six cases were filed in the city court Saturday morning by Chief F. V. McCall of the police department. Five of these cases were for violation of traffic ordinances, while the sixth was a drunk.

Nation's Democrats Honor Jesse Jones in Washington

WASHINGTON, May 1.—The national Democracy last night paid honor to Jesse J. Jones, of Texas. Senators, representatives, justices of the Supreme Court of the United States, former cabinet members, high officials of the Democratic national organization and just plain men and women in the ranks of the party gathered at the Woman's National Democratic Club here to honor the Texan.

Standing in the receiving line with Mr. Jones were Mrs. Jones, Mrs. Woodrow Wilson, widow of the war president; Chairman Clem Shaver, of the Democratic National Committee, and Mrs. Shaver. The reception last night followed the meeting of the arrangements committee earlier in the day which selected a keynote for the Democratic National Convention at Houston, and which body by a rising vote thanked Mr. Jones for paying off the deficit and for the efforts he has put forth to make the 1928 convention a success.

As the long line of distinguished Democrats passed through to greet Mr. Jones many of them stopped to tell him they intended to come to Texas for the convention.

"Yes, come to Texas," Mr. Jones replied. "Don't say you are coming to Houston, say you are coming to Texas and do just that; this convention isn't local to Houston. It's a Texas affair. We want you to see all of Texas you can. In every town people will gather to welcome the trains bearing Democratic delegates."

Practically every member of the Texas delegation in the House of Representatives was present to help welcome the crowd that came to greet Mr. Jones. Senators from nearly half the states were present and every state was represented in some way.

The women sponsoring the event were: Mrs. Woodrow Wilson, Mrs. Franklin D. Roosevelt, Mrs. Belle Baruch, Mrs. W. H. Kenney, Mrs. Wilbur W. Hubbard, wife of the former governor of Maryland; Mrs. Carter Glass, wife of the Senator from Virginia; Mrs. Hugh Wallace, wife of the former U. S. ambassador to France; Mrs. Charles S. Hamlin, Mrs. J. Bordea Harriman, Mrs. Cordell Hull, Mrs. Robert Lansing, wife of the former secretary of state; Mrs. Huston Thompson, Mrs. Ruth Bryan Owen, daughter of the late William Jennings Bryan; Mrs. C. C. Dill, wife of the senator from Washington; Mrs. J. E. Erickson, wife of the governor of Montana; Mrs. Alva P. Adams, Pueblo, Colo.; Mrs. Thomas Riley Marshall, widow of the former vice-president of the United States; Mrs. Andrius A. Jones, Las Vegas, New Mexico; Mrs. W. Lee Pomeroy, Cleveland, Ohio; Mrs. Jeanette C. Campbell, Los Angeles; Mrs. Allan Mason and sister, Miss Cohnilla, of Kingsville, formerly of this city, are here visiting friends for several days.

Having arrived at that logical conclusion, his trouble began in earnest. "Well, if you enforce the ordinance every barber pole in the city will have to come down," declared Fire Commissioner Allie Anderson. Commissioner declared that merchants told him that if the ordinance against signs was enforced, they would appeal to the council. Meanwhile delegations of sign painters continue to protest to City Manager Woods against yanking down the signs.

APRONS FROM FLOUR BAGS

Utility is the first duty of an apron, unless you are talking about those little bearded affairs of yore or dainty that are sometimes worn for serving tea or when doing dainty sewing. But for honest-to-goodness housework in and out of the kitchen, something sturdier is needed, something that can stand being washed or even boiled every week. Half a dozen extremely practical aprons may be made out of as many empty flour bags which almost any baker has on hand and is glad to sell for a few cents. Unripped, the goods measure about 36x42 inches, large enough to take your favorite apron pattern unless you require them to be sleeved or extremely voluminous. To remove the stamping, cover the inked spots with lard or soap them in kerosene overnight. Then wash the bag out in lukewarm water. The edges may be hemmed, button-holed or bound with bias tape. Patch pockets are bound with the same color tape. String ties are no longer used much on aprons as they take too much material and ironing. Slip-over straps or a straight band across the back and snap fasteners answer the purpose as well. When making these aprons for Christmas gifts, bridal showers or for bazaars, they can be quickly and effectively decorated with conventional designs worked in outline, running or cross-stitch or with the popular applique motifs. Another type of apron that can, with a little more labor, be made from flour bags, is the smock. These are particularly useful for general wear about the house or garden in the mornings as they take the place of a dress. They give a delightfully youthful appearance. Three bags are needed to make a smock. The collar, cuffs and patch pockets can be of green, brown or dark blue flannel or cotton.

Hickman May Hang As Scaffold Pal With F. Lapiere

SAN FRANCISCO, May 1.—The fates of William Edward Hickman, child murderer and Edgar Lapiere, slayer of an Oakland police inspector, by some odd quirk of destiny may yet make them scaffold pals.

Originally scheduled to mount the thirteen steps to the gallows together April 28, legal machinery of Hickman's appeal to the supreme court two days ago continued his date of execution indefinitely.

Lapiere appeared to have lost Hickman as his partner in the march of death. Again, however, the two murderers seemed due to die together. Lapiere's appeal suddenly appeared on the supreme court docket and another delay in his case intervened. Owing to a congested court calendar the Lapiere appeal was continued until the supreme court convenes in Los Angeles in June.

Briefs to test the constitutionality of the new California law on insanity pleas will be argued by Hickman's attorneys May 8, in Sacramento. If his case is finally submitted in May, the supreme court has 90 days to render its decision, thus advancing the execution until early August, if Hickman loses. Lapiere's appeal is expected to be decided in June or July, thus bringing his and Hickman's doom date again close together.

The Oakland murderer is known to prefer a "solo" on the gallows.

FARM BUREAU WILL MEET HERE SATURDAY

Members of the Texas Farm Bureau cotton association in Runnels county will meet at the court house in Ballinger next Saturday afternoon, May 5th, at 2:00 o'clock, for the purpose of selecting delegates to a district convention which will be held next week in the process of electing annually directors on the board of the state association. This announcement was made by T. J. McCaughan, field service representative of the organization in Runnels county.

The affairs of the cotton co-operative marketing association are controlled by the membership, Mr. McCaughan said, through directors selected by them. Various county meetings are being held all over the state next Saturday by the members where delegates to district conventions are named. At these district conventions the following Saturday, nominees are selected, and these nominees later balloted upon by the members through postal card ballot. The democratic principles of the elections are carried out on the basis of one man one vote. The state board is composed of 20 directors elected by the members, together with three public directors, one appointed by the president of the Texas A. & M. College, one by the governor and one by the president of the Texas Farm Bureau Federation, was said. The new directors will take office July 1st next for the following twelve months.

In addition to the selection of nominees at the meeting in Ballinger next Saturday, Frank Kemp said that there were other important business to come before the meeting and a full attendance of the membership is urged. All others interested in the advancement of cotton co-operative marketing have also been invited to attend, whether members or not.

Buy your lumber, cedar posts, shingles and all kinds of building material from L. E. Bair Lumber Co. 30-2d St.

CREWS NEWS

**88 MARRIAGE LICENSES ISSUED SINCE JAN. 1**

Eighty-eight marriage licenses were issued by County Clerk W. A. Forgy from January 1st to May 1st, this year. That is an average of 22 per month for the first four months of the year.

During April only 21 licenses were issued—a smaller number than the average for April.

Five licenses were issued Saturday afternoon, Sunday and Monday, as follows:

- Paul Conley and Miss Clara Sheffield.
- Rafugio Ramirez and Miss Isabel Sanchez.
- Howard Freeman and Miss Josephine Smith.
- Earl Jones and Miss Doris Mae Gardner.
- Robert Mack Brown and Miss Felda Leigh Cathey.

**MRS. MCCARVER'S FATHER DIES AT BARTLETT**

Mr. Daugherty, father of Mrs. W. C. McCarver of this city, died early Wednesday morning at his home in Bartlett, according to a message received here early Wednesday. Mrs. McCarver has been in Bartlett with her father since last Monday.

Mr. McCarver left Wednesday for Bartlett to attend the funeral.

**FIRE COMPANY SAVES 2 HOMES**

Members of the Ballinger fire department saved two houses and probably other property from destruction by fire Wednesday afternoon when the barn and a row of sheds were destroyed at the home of W. T. Nichols, 601 Thirteenth Street.

A wind blowing from the west was whipping the blaze right into the Nichols home and towards a rent house owned by Mr. Nichols, adjoining his home place. Firemen worked fast, emptied both houses of fixtures and goods and succeeded in confining the blaze to the barn and sheds.

Some 1,600 feet of hose was laid before the water started through and the distance the water had to come made the force weaker than usual. It was being delivered from a 4-inch main and the big pumper was sucking air most of the time. The plug where the pumper was working was four blocks from the scene of the fire. Chief Louis Cohen said Thursday morning that he had not received an estimate on the damage but believed it would be light. The sheds, with some feed stored in them, was about all that burned.

**HAGAN 4-H CLUB**

The Hagan 4-H Club held its regular meeting at the school house at 4 p. m. Friday, April 27. Fourteen were present.

The meeting was called to order by Jene Lee, vice-president. The record books were handed out and it was discussed how to fill them out. The following are the officers: Clyde Flanagan, president; Jesse Lee, vice-president; and Leon Russell, secretary and reporter.

**BIRTHDAY DINNER FOR TWIN BOYS**

Mr. and Mrs. Perry Boswell of this city gave a birthday dinner last Sunday, April 29th, for their twin boys, Edd and Oscar.

Those enjoying the affair were: Mr. and Mrs. W. A. Canes and baby, of Hamlin; Mr. and Mrs. Edd Boswell and little girl, of Coleman; Mr. and Mrs. Oscar Boswell and children, Mr. and Mrs. S. C. Chriseo and children, Mrs. M. H. Forgy, Mrs. James and Henry Cates of Hatchel.

**WILL DISCUSS PIPING OF GAS HERE AT DALLAS**

Piping of natural gas to Ballinger and other Texas towns will be discussed at the convention of the American Natural Gas Association in Dallas, May 7 to 10. This phase of the growth of Texas will be of great interest to men from other parts of the country.

In fact, the enormous growth of Texas in the gas industry has centered the eyes of all gas men on this section. About 150 cities and towns have been provided with natural gas during the past year.

Engineers from the big gas companies of Texas have conquered rivers with quicksand bottoms by bridging them for the gas mains. Compressor stations have been built in 20 gas fields to "step up" the pressure so that all of the people using natural gas might have an abundant supply.

Especially interesting to the men from the North and East is the long distance piping of gas into towns, such as Ballinger, from the source of supply, sometimes more than one hundred miles from the consumers. One of the longest mains is that extending from the Panhandle to Wichita, Kansas, where it hooks onto the Kansas City lines.

When gas comes into a Texas town, it is received with a big celebration, something new to men from other parts of the world, and other custom in which

they will be much interested. Because of the wide awake progress of Texas and the Southwest during the past two years in the natural gas industry, it is expected that the Dallas convention will be the largest ever held by the association. The exhibit of gas appliances for this year has already outdistanced anything ever held, practically all of the 200 booths in the manufacturers building, having been reserved. The convention meetings will be held in the State Fair auditorium.

Mr. and Mrs. Louis Milsap are the parents of a baby girl born to them at their home here Monday morning.

H. C. Lyon has gone to Tyler after receiving a message Sunday telling of the serious illness of his grandmother at that city.

**SELLING WILD HORSES TO TANNERS FOR HIDES**

**FAST DEPLETES HERDS**  
LAS CRUCES, N. M., May 2.—New Mexico's wild horses are rapidly being depleted.

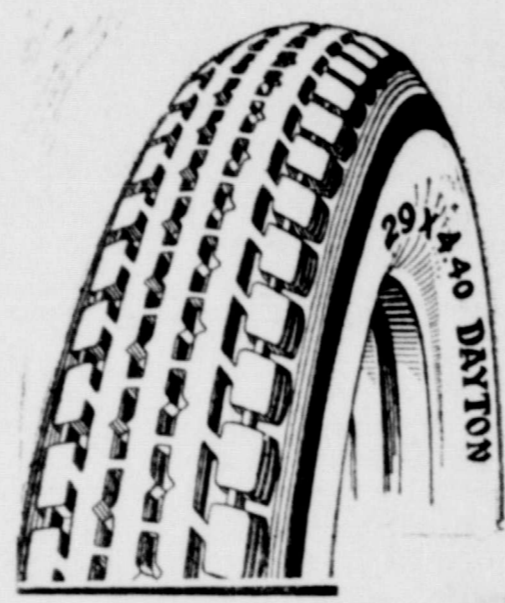

More than 1,000 of the wild animals today were en route from the Black Range country to El Paso, where they will be sold for their hides.

And, according to announcement, the wild animals in 1,000 herds will continue to be driven over the Jornada del Muerte for the next few months to be slaughtered in El Paso and their hides sold to a Chicago tanner.

Mr. and Mrs. Jas. E. Brewer and Mr. and Mrs. Asa Cordill have gone to Grandview to attend the funeral of a brother-in-law, a Mr. Harrell, who died there Saturday.

BLANTON OPENS RACE IN ABILENE

ABILENE, April 26.—If West Texas will do its part, Thomas L. Blanton, of Abilene, candidate for the United States Senate, will alone, gain the support of East Texas, he assured a gathering of 1,300 at Fair Park auditorium Tuesday night in opening his active campaign.

Making no mention of his opponents, the congressman denounced communism in the government, viciously criticizing San Juan power magnate; demanded a rigid accounting of the public fund spending, and attacked the operation of the Federal Reserve system.

The farmer, Blanton declared, was the only class in America who did not receive a "living wage," and said it was his aim to support any measure that would substantially benefit the farmer.

"Don't worry about East Texas," Blanton said. "I have vital issues to present to them and they will listen. I have been among you for 30 years. I am of and for all of Texas. I know its problems, all parts of it. I am in position to know all your problems; if you take care of me in West Texas, I'll do the rest, so help me God. If you send me to the Senate, I'll give you the best service that in one lies," the congressman concluded.

He departed from the outline of his platform to criticize what he termed the "power trust," of which he said the General Electric Company is the "head" and Insull is only a "chieftain." In his remarks concerning Insull he discussed the Great Falls river project measure, a \$150,000,000 water power plant, which Blanton said he alone killed in the house and after the bill had received the unanimous endorsement of the committee.

"I'm for Mr. Insull as long as he gives service at a fair rate, but Mr. Insull, I'm against you when you enter a monopoly. I'll be against you if and when you try to tell the people of West Texas that the water of the Colorado River belongs to you and not to them," Blanton said.

In a typically Blanton address, full of the vigor that has carried him undefeated through six races for election to the lower house of congress, the Abilene man reviewed his record of 12 years in that office, especially stressing his efforts to cut appropriations he deemed unnecessary, presented a series of measures he will foster if elected to the Senate and delivered a pledge that "if my fellow Texans will send me to the Senate, I pledge them that I will be present at all sessions, that I will know all about every measure that comes up, that I will fight uncompromisingly all waste, extravagance and graft, and that I will give them a worthwhile service of a new kind, to which they are entitled but which Mr. Mayfield can never give them."

Mr. Blanton discussed at length the McNary-Haugen farm relief bill, the tariff question, the immigration matter and told of the many investigations in which he had conducted alone and of the waste and graft he claimed to have discovered in these probes.

Mr. Blanton left Washington Sunday and arrived in Abilene Tuesday, delivering his first address in his home city. He expects to make an extensive campaign over the entire state.

**I. O. O. F. TO CELEBRATE 109TH ANNIVERSARY**

T. I. O. O. F. Lodge will celebrate its 109th anniversary Sunday afternoon at a service to be held at the Eighth Street Presbyterian Church, it was announced Saturday.

The program will commence at 3:00 o'clock when Rev. Peters pastor of a San Angelo Christian church, will deliver an address. Rev. Alvin O. Rue, pastor of the Eighth Street Church, will also talk.

Odd Fellows of San Angelo, Winters, Wingate, Miles and other lodges will be present for the gathering.

Oil Operations Continue Over Entire County

Oil operations in Runnels county during the past ten days have been keeping workers busy with no new developments other than the spudding of three new wells, drilling being resumed in others, some with fishing jobs and others closed down awaiting orders.

Vacuum No. 1 Flanagan, section 532, block No. 29 of Domingo Diaz survey, east of the McMillan wells, is having boiler trouble since spudding recently. This is the fourth well on the original block of several hundred acres obtained by Sillix, Ladd, et al, and in the same block of acreage with the two Vacuum-McMillan producers.

Agnew & Son No. 1, H. Hollin survey, west of Ballinger, is drilling around 350 feet after spudding several days ago. This well is the first to be started in territory west of this city.

Gruber & McGinley No. 1, R. Q. Holder, in the southwestern part of the county, west of Miles, is drilling after spudding. Operations have been resumed on the Summers et al No. 1 Reese, block No. 35, Domingo Diaz survey, section 532, at 785 feet, after a delay of several weeks due to lack of water for drilling purposes.

Vacuum-Owenwood No. 1, Fowler completed a fishing job Wednesday morning and drilling has been resumed after cementing casing which delayed operations for several days.

Gibson & Johnson's No. 1 A. P. Serratt, 2 miles north of the city, is drilling around 2,500 feet after underreaming and setting casing. Gibson & Johnson's No. 1 Harris, Juan Cabrera survey, section 514, near Crews, is rigging. Spudding will be underway in a few days.

Swensondale et al Werner No. 1, section 160, ETRR survey, is shut down, awaiting orders, at a depth of around 2,950 feet.

McLean et al No. 1 Clayton, section 135, ETRR survey, is shut down at around 1,100 feet.

Kennedy et al No. 1 Talley, Jno. C. McKeon survey, is drilling only at night, it is reported in Ballinger, at a depth of near 2,400 feet.

Marland Oil Company's E. L. Smith No. 1 A. C. Herring is drilling around 500 feet after skidding rig from a crooked hole to a new location.

H. B. May's No. 1 Schneider, section 378, John Wall survey, is reported to be on a fishing job.

Globe et al No. 1 J. H. Webb, south of the city in a bend of the

Colorado River, is shut down after completing a 2,500-foot contract, and it awaiting orders.

Marland Oil Company's No. 1 Hamp Byler, J. F. Roach survey, is drilling around 2,100 feet.

Pure Oil Company's No. 1 Giescke, 18 1/2 miles east of the city, is shut down, awaiting a change of equipment.

Jones et al No. 1 Hale, near Talpa, in Runnels county, is shut down around 2,210 feet.

Griswald et al No. 1 Willingham, section 532, Domingo Diaz survey, is shut down around 1,720 feet.

Watchhorn et al King, Thos. T. Williamson survey, section 159, is drilling around 3,500 feet after setting 5 3/16 inch casing to 3,450 feet.

Miles Oil Co. No. 1 Lawhon & Soles, C. D. Foot survey, section 68, is shut down around 2,460 feet.

Gibson Oil Corporation No. 1, block No. 27, south Runnels county, is rigging.

Hamilton et al No. 1, T. R. Webb survey, location made.

RECEIVE NOTICE OF NIECE'S MARRIAGE

Mrs. Jas. E. Brewer, Mrs. Asa Cordill and Chas. T. Grant of this city, have received announcements telling of the marriage of a niece, Miss Norma Kipp, to Howard Lee Gray, of South Pasadena, California.

Miss Kipp formerly lived here with her mother, Mrs. John H. Kipp, now of Pasadena. She has many friends here who will wish her happiness. The ceremony was performed at the Kipp home on April 15.

Be wise and advertise.

LOCAL PEOPLE HEAR FLYERS OVER RADIO

While millions of people looked on with amazement at the wonderful reception given the German and Irish flyers, Baron Gunther von Huenefeld, Captain Herman Kochl and Major James Fitzmaurice, others listened in over radio sets to the program as it was broadcast for more than 3 hours through one of the greatest hook-ups in radio's history.

Local people heard part of the program while others heard most all of it, according to reports at this office Monday afternoon.

A. W. Sledge, editor of The Ledger, who has been confined to his home for the past 18 months, tuned in on WBAP, Ft. Worth, at 10 o'clock and took up the program as it was started from New York, with Graham McNamee, famous New York announcer, doing his stuff at the Battery in the metropolis, as the procession in which the three aviators were paraded in company with notables of the state government of New York, the federal government, Mayor Jimmie Walker of New York city, General Robert E. Lee, III, 5-year-old great-grandson of Gen. Robert E. Lee in New York districts steadily adding to the program.

Mr. Sledge said reception was very clear and that he could hear the shouts of the spectators, the police and firemen's bands. The description of the celebration was exceptionally interesting, he declared, and was told in detail. The radio program continued at 1 o'clock p. m. Central time.

OLD BUSINESS, BUT NEW MANAGEMENT OPEN MAY 1ST

Having bought the Grocery and filling station location of Smith's Cash Grocery an restocking same with a new and complete line of Staple and Fancy Groceries, also a complete line of Gas and Oils, and earnestly solicit your patronage on same.

Assuring you fresh clean stock at prices that you can afford, also prompt and courteous treatment at all times. Trusting to see all my old friends and customers and many new ones at my new location, I am yours for future business. See ad in paper.

SCHOTT'S GULF STATION & GROCERY. 28-2d-1w

W. T. Forbus, of Norton, was in the city Saturday, and while here paid The Ledger a pleasant call, leaving enough encouragement to keep the great family weekly coming for another year.

WATSON LEADS SECY. HOOVER IN INDIANA

INDIANAPOLIS, May 9.—Senator James E. Watson of Indiana has defeated Herbert Hoover for Indiana's preferential Senatorial primary vote. Watson received 112,688 votes, while Hoover received 108,000. Watson's victory was a surprise to many observers, as Hoover was considered the favorite to win. Watson's campaign was based on a platform of reform and efficiency. He has a long record in public service and is widely respected in his home state.

OIL MILL GIVES \$10 TO FIRE COMPANY

Chief Louis Cohen, of the Ballinger volunteer fire department, announced Friday morning that H. W. Lynn, manager of the Ballinger Cotton Oil Mill, Inc., had presented the firemen with a check for \$10 in appreciation of services rendered in extinguishing a trash-pile fire near the mill several weeks ago when it threatened to spread to the oil mill property. Miss Modina Ebling has gone to San Antonio, where she will visit relatives for several days.

How to Recover Lost Strength

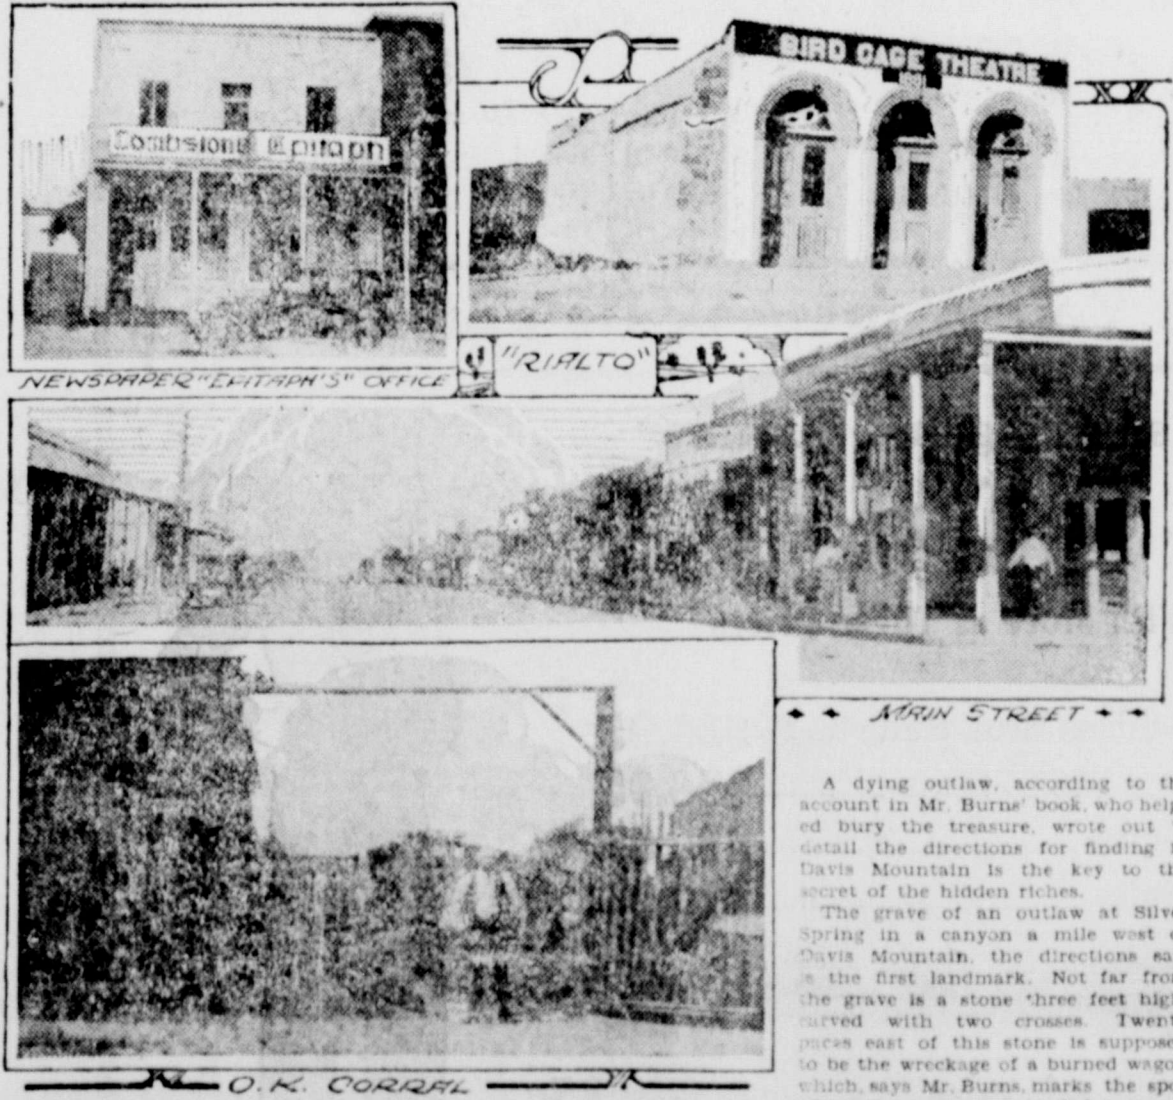

Abilene, Texas.—"I can heartily recommend Dr. Pierce's Golden Medical Discovery to any one who is in need of a good tonic. I take it in the fall to fortify myself against colds and grippe. I also take it in the spring and find it of great benefit. In the winter of 1919 I had a severe attack of influenza which left me in bad condition. I did not want anything to eat, could sleep but little and was very nervous. I took two bottles of the 'Discovery' and it made me feel like a new man."—J. B. Matthews, Gen'l Del. All dealers. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., if you wish a trial package of tablets, and write for free advice.

Alec Thompson, of the Catbird ranch, east of the city, left Monday for Temple, where he will accompany Mrs. Thompson home from a hospital where she has been for several weeks. Mrs. Thompson is reported to be much improved.

Treasure Hunt Planned for Buried Outlaw Loot in Arizona

TOMBSTONE, Ariz.—Ho. for buried treasure! A treasure hunt for the rich pillage of the robberies of Curtis Bill's outlaw band in Mexico and the Southwest half a century ago, is it said, being secretly organized here. A fortune of \$2,000,000, including a cigar box full of gold coins, stacks of Mexican gold dollars and boxes of bullion taken from smuggler trains, it is said, waits for the person that finds it. Interest in the treasure hunt has been aroused by a publication of Walter Noble Burns book "Tombstone," the story of this frontier town in the roaring '80's when the Earp brothers, Doc Holliday and the Clantons matched their six shooters for supremacy.
