VOLUME NO. 50.

BALLINGER TEXAS, FRIDAY, DECEMBER 5, 1930.

NUMBER 12

Millions Recommended For Feed, Seed Loans

WASHINGTON, Dec. 3.—The department of agriculture today recommended an appropriation of \$25,000,000 for seed fertilizer and feed loans to farmers of the drouth stricken areas. The department declared it is informed there is greater need for seed loan legislation now than ever before.

Chairman Hagen called a meeting of the House agriculture committee to consider the recommendation tomorrow.

Man Jailed Here On Arson Charges

Sheriff R. E. McWilliams arrested Roy Burnett in Tom Green county Monday and brought him to Ballinger and lodged him in jail on a charge of arson. Last Thursday the Runnels sheriff was called to the home of Luther Ganns near Miles where an attempt had been made to burn a valuable stack of feed. The fire had been put out before the sheriff arrived and no clues to the offender could be secured.

Early Sunday Sheriff McWilliams was again called to the Ganns place and informed that the stack of feed had been fired again early that morning and that parties at the Ganns home had seen Burnett visit the stack and start the fire. Sheriff McWilliams tracked the man for some distance and then went to the home of a relative of Burnett's in Tom Green county and arrested the man.

Returning to Ballinger with the prisoner, Sheriff McWilliams stated that he returned by the Ganns home and that Burnett admitted setting fire to the stack.

An examining trial was held in justice court Tuesday morning and bond was set at \$1,000 which had not been made Tuesday afternoon.

Rowena Citizen Found Dead from Shotgun Wound

Casper Henry Schuster, 49, was found dead at his home near Rowena Sunday morning about 8:30. An inquest held shortly after discovery of the body gave the cause of death as accidental shooting.

For some time Mr. Schuster had made it a habit every morning to take his gun and hunt hawks that had been preying on his chickens. Sunday morning soon after breakfast he took his gun and started out when the rest of the family went to Rowena to attend early mass. Returning home a little later members of the family found the body lying on the front porch in a pool of blood, the gun still in its case nearby. A full charge from the gun entered the man's left chest, causing death almost instantly, physicians declared.

A physician and the justice of the peace were called and an inquest held.

Beside the widow, decedent is survived by seven children as follows: Miss Myrtle Schuster, Mrs. Herman Hoelscher, Joe, Omer and Marion Schuster, Misses Henrietta and Rosalia Schuster.

Funeral services will be held from St. Joseph's Church, Rowena, Tuesday morning at 9 o'clock, with Rev. Father Pokluda officiating. Interment will be made in the Rowena Catholic cemetery.

Undertakers from Higginbotham Funeral Home are in charge of all arrangements.

Mother Mary Jones, 100 Years Old, Dies

WASHINGTON, Dec. 1.—"Mother" Mary Jones, staunch little defender of the working man, closed her eyes on a hundred years of throbbing life here last night. A long, gradually increasing weakness, preceded the death of the militant labor union fighter.

Mrs. Jones made peace on May 1, her 100th birthday, with John D. Rockefeller, who once had her jailed.

Mary or "Mother" Jones, as she was known to union labor men and women all over the country, was far more than 60 years one of the most forceful and militant personalities with which capital and labor had to deal.

Wherever strikes and labor troubles were fiercest, there was "Mother" Jones in her little black bonnet and with her biting, eloquent tongue. She had the power to make men follow her, even sometimes against the dictates of higher-ups in the labor world.

She started out in the 70's championing the cause of the laborer, to secure for him better working and living conditions. Nothing stopped her or turned her back whether it was militia or governors. Her activities were most spectacular in the mines of Colorado, the coal fields of West Virginia and the cotton mills of the South.

"Mother" Jones saw plenty of hardship and trouble in her early years and the conflicts of the American working man appealed both to her sympathies and her love of daring. She was born in Cork, Ireland, May 1, 1830. Her father, Richard Harris, an Irish agitator, came to America and obtained a job with a railroad construction crew in Toronto. His family soon joined him.

Mary's first experiences in the working world, which started soon after she finished common school, alternated between sewing and teaching. Her first teaching position was in a convent at Monroe, Mich. Then she opened a dress-making shop in Chicago.

"I preferred dress-making to bossing little children," she said. But she went back to teaching for a time in Memphis, Tenn., and in 1861 married a young iron-moulder whom she met there. Just as she was enjoying domestic life with her husband and four children, the yellow fever epidemic in 1867 swept them all away.

It was the sight of hungry, jobless men in the winter following the great Chicago fire, wramping the freezing lake front which she could see through her window, which sent Mary Jones heading into the labor movement. She decided to take an active part in aiding working people to better the conditions under which they lived and toiled.

Her first participation in a strike was in the 70's when employees of the Baltimore & Ohio Railroad quit work. From then on her days were one stormy succession of dramatic events.

She was jailed, threatened, deported from states and went through all manner of hardships. Whenever the message came: "The boys want you to help," there went Mother Jones, sometimes carrying her belongings in a little black shawl. Asked once where her home was she said: "Wherever there is a fight against oppression."

Mr. and Mrs. David Gregory, of Eldorado, and Mr. and Mrs. Kirk Gregory, of Stamford, were here Sunday for a short visit with relatives and friends.

New Highway Work Starts About Jan. 1

State Highway Engineer G. M. Garrett returned Tuesday from Austin where he attended a meeting of the state highway commission at which the contracts for grading and drainage structures on highway 23 from Ballinger to Talpa were let. Mr. Garrett stated Wednesday that he believed work would be commenced on this project about January 1. It will require several months to complete the two separate contracts and good sized crews will be used for both.

Local citizens also are interested in the hard surfacing on state highway No. 4 from Ballinger to the Concho county line. This contract has not been awarded but is expected to be let in the spring and the eleven-mile section made a waterbound macadam road during the summer.

The completion of these two projects out of Ballinger will finish all road work in Runnels county for which bonds have been voted and no further work can be done with state aid unless additional designations are secured. The two highways which pass through Ballinger serve in two directions. Another highway, to give a short cut to Sweetwater by way of Bronte, is badly needed and such designation has been asked a number of times.

Grading of the right-of-way from this city to Talpa will interfere with traffic very little. Only two miles of the highway now in use will be included in the new project and the remainder will traverse an altogether different section. This short two-mile detour will be the only one on the route and otherwise the highway will be open for travel when completed. The distance to Talpa will be shortened considerably, the new route being only 14.7 miles.

Two Men Killed by Car Near Big Spring

BIG SPRING, Tex., Dec. 2.—A man believed to be Oscar Lewellen, of Blackwell, and an unknown companion were killed while changing a tire on a highway near here last night. The victims were struck by a passing automobile.

J. B. Pace returned to Taboka Sunday after visiting in Ballinger and other nearby points over the week-end.

MISSIONARY ZONE MEET AT ROBERT LEE DEC. 9

The women of the West Brownwood district zone of the Women's Missionary Society of the Methodist church will hold their fourth quarterly session at Robert Lee, Tuesday, December 9, beginning at 10 a. m. Preparations are being made by the women of Robert Lee Auxiliary for the entertainment of a large number of visitors. Mrs. B. B. Edmiston of Robert Lee, is zone leader.

Helen Atkinson, of Chadwick, Mo., has attended Sunday school every Sunday for more than 20 years.

Smith Malone, a student of A. & M. College, is visiting his parents and other relatives here over the week-end.

Commission Lets Contract On Runnels-Coleman Road

Hagan Organizes P. T. Association

Citizens of the Hagan community met Monday night at the school house to organize a Parent-Teacher Association. A large crowd was present and everyone seemed anxious to form the organization at once and begin a complete program.

Nineteen members paid dues at the initial meeting and affiliated with state and national organizations and the county council. A date was set for holding regular meetings and a study course will be selected at once and started at the next regular meeting of the club. Summer round-up and immunization against diphtheria also, were discussed and it is planned to stage campaigns on these subjects in the near future.

The following officers were elected: Mrs. Austin Williams, president; Miss Meeta Clifton, vice-president; Miss Velma Turner, secretary; and C. A. Crimm, treasurer.

The organization of the Hagan association makes 27 active organizations in the county at the present time. All these units are holding regular meetings and carrying on good programs of work in the schools. All are affiliated with the state and national organizations.

Practically all the units are following the regular study course. In addition special entertainment is furnished.

Miss Evelyn Shepherd is here from Tahoka to spend the week-end with her parents.

Alabama pinned 964,719 running bales of cotton prior to October 18, bureau of census figures show.

A contract was let Monday afternoon by the state highway department for the grading and drainage structures on highway 23 from Ballinger to Talpa. This news, made public late Monday afternoon, had been expected as advertisements had been published asking for bids on this 14.7 miles of roadway.

County Judge Paul Trimmer and State Highway Engineer G. M. Garrett were in Austin Monday and Tuesday and could not be interviewed as to when the work would commence or if the entire right-of-way had been secured. These two officials for several weeks have been securing deeds for the 150-foot right-of-way needed and had met with excellent success, but last week all deeds had not been secured.

The contract for grading and small drainage structures was let to White Brothers of San Angelo for a consideration of \$41,133. Large drainage structures were contracted by the Austin Bridge Company of Dallas for \$41,671.

It is believed that work on this section of highway 23 will be begun just as soon as paper work can be brought up to date. It is understood that both contractors have machinery ready to place on the job and are anxious to start operations as soon as possible. These contracts were let with the understanding that home labor be used as far as possible and as in the case of most other contracts let by the commission at this session, as a means of relieving unemployment.

When finally completed the Ballinger-Talpa road will be hard surfaced with crushed rock and asphalt, but the surfacing contract will not be let until after the roadbed is completed and settled. The route also calls for a large bridge across Elm Creek at the eastern end of Park Avenue.

The bridge contract will be awarded later.

The next contract for this county probably will be for the hard surfacing of highway No. 4 (federal designation No. 83), from Ballinger to the Concho county line. This road is now graded and all drainage structures built and with the recent heavy rains the roadbed is settled and will be ready at any time to receive the asphalt-crushed rock surfacing, making this section a water-bound macadam road for eleven miles south of Ballinger.

The contract on highway 23 to Talpa commences work on the last road project in Runnels county for which bonds have been voted. When all projects are completed four hard-surfaced roads will lead into Ballinger from the county line—north, east, south and west. Two have been finished and the other two probably will be finished during the ensuing twelve months.

HORSE IS KILLED HERE BY PASSENGER TRAIN

The late afternoon Santa Fe passenger train Wednesday afternoon struck a sand wagon near the railroad crossing on Tenth Street, demolished the vehicle and killed one horse. The team and wagon was on the track with a load near a box car and in some way the wagon was too close to the main line, the engine sideswiping it in passing.

No one was in the wagon at the time, and no one was injured. The team and wagon were the property of C. H. Grounds.

Robert Brown, of Dallas, spent Thanksgiving here with his parents, Mr. and Mrs. R. E. Brown, and other relatives.

PLENTY OF WORK TO DO

As always at this season of the year, there is much hardship and suffering in the great industrial centers because of lack of employment. This is where the farmer has another great advantage over men in other lines of endeavor.

Whatever the problem of the men behind the farms, there is never any good reason for unemployment.

For the man who diversifies, and who has provided for his needs with a few cows, hogs and chickens there is always plenty of work to do and a dependable source of living for the family. Even with the crops garnered and winter here, there should be a great deal of comfort in the knowledge that there is ample food as a reward for every hour of employment on the farm.

Nobody in Runnels county was crying for rain, however everyone seems to be glad to see rains Friday night and Saturday.

A number of ranchmen are complaining of hunters trespassing on their property. Especially is this true on ranches where surface tanks contain water and ducks halt for refreshments.

Oil has been a ray of hope to many people in this county for the past twenty years and just as it is about to fade something else happens to prove that under the earth near here is a pool that some day may turn this section into a real field.

One Christmas activity has already begun here. The Good-fellows are looking forward to taking care of the worthy poor at Yuletide, thus bringing a little cheer to those who would not otherwise realize it.

The state of Texas is again on a cash basis and all warrants outstanding are being paid off as fast as they are presented at banks.

December, the month that brings Christmas, was ushered in with one of the heaviest frosts ever seen in this country.

If the next legislature of Texas passes a law demanding licenses of all motor car drivers and making strict rules whereby these permits may be revoked following negligible accidents it will be the biggest step forward toward making the highways safe that ever has been taken in Texas.

CAPITOL News

AUSTIN, Dec. 1.—Congressman Harry M. Wurzbach, the genial Republican non-pariel from Seguin, whose re-election has been contested by Republican and Democratic organizations alike, wonders what his Democratic friends will say led to his election this year.

For the six times he has been elected, Wurzbach pointed out recently, the political "alibi-ers" have advanced some reason. Usually it was the Republican presidential "landslide." Then he was allegedly put into office on the coat tails of the so-called "machine" of Bexar county.

This Wurzbach made public speeches against Bexar county officials and political leaders; there was no presidential election; all over the country Democrats Democrats were replacing Republicans, and Wurzbach piled up his largest majority.

Hence his question. He answers it himself that it was the friendship of the voters, both Democrats and Republicans, in his district. His friends, not so modest, point out his untiring efforts for the district.

Congressman Wurzbach doesn't claim the whole credit, but at least a part of the credit for that multi-million dollar project, Randolph Field, should go to him. Anyone driving to San Antonio who deviates long enough to go to Randolph Field could better understand Wurzbach's popularity.

The "West Point of the Air" literally is rising from the ground. It isn't being built building by building, or laid out road by road; but the whole project, from the small officers' bungalows to the huge dormitories, under construction at once.

The field, which will be one of the largest aviation training camps in the country, is laid out with mathematical nicety. Here is a section devoted entirely to the protentional quarters of the higher officers and their families. Adjoining are the bungalows. At one end stand the frameworks of three huge dormitories. The receiving station at the railroad has been completed.

The houses appear of fine construction—hollow tile covered with stucco. The usual drabness and sameness in army camps, caused by the same design for all buildings, has been obliterated by judicious use of different colors in the stucco. Roads have been given an all weather base, and one of these days the entire camp will be ready "in toto" for occupancy.

Wurzbach hopes to obtain two new federal buildings for his district, one for his home town of Seguin and one for San Antonio besides a new hospital for Fort Sam Houston.

Jimmie Alfred, attorney general-elect, is following the example of Charley Lockhart, state treasurer-elect, in getting his staff ready to open up immediately after the inauguration.

His selections announced at this writing are Sidney Benbow of Houston, W. C. Bishop of Amarillo, Scott Gaines of Angleton, Mr. Looney of Ennis, Mr. Upchurch of Corsicana, Elbert Hooper of Fort Worth, James Stanford of Waco, and T. D. Christopher of Lamesa.

The present attorney general has eleven assistants and three investigators. On this basis Alfred has six appointments left.

Several of the present assistants plan to hold their posts until Alfred is sworn in. Only two have resigned so far—Grady Chandler, to accept a professorship at the University of Texas, and Jack Blalock, to enter the attorney general's law firm at San An-

The Spirit of Youth is in Me

Millions of men and women the world over know that the Kruschen Method of burning up fat and getting weight down to a healthy and shapely basis is a safe and sensible one.

But there are millions more who are not fat who ought to know that Kruschen Salts keeps the body free from harmful toxins and acids—puts into your internal organs, nerves, glands, and fibres the six vitalizing minerals that nature says it should have if you are to be vigorous, energetic and free from petty ailments.

If your weight is normal and you have no fat to lose—eat anything you want and take one half a teaspoon of Kruschen Salts in a glass of hot water before breakfast every morning.

An 85 cents bottle lasts four weeks—and after the first bottle you will realize what a wonderful rejuvenating combination Kruschen is—You will probably feel younger than you have for years with clearer skin, brighter eyes and keener mind.

You can get Kruschen Salts at L. C. Daugherty Drug Co., J. Y. Pearce Drug Co., and Weeks Drug Store, or any real drug store in the world—It's the inexpensive way to have glorious health and to keep it.

HERRING TOPICS

Rev. Tierce filled his regular appointment Saturday and Sunday and large crowds attended all services. Sunday school and B. Y. P. U. reports were good. There were 20 visitors out for B. Y. P. U. We were glad to have them and give them a hearty invitation to come again.

Bro. Sparks, M. F. Kerby and Mr. Brandon attended the workers' meeting at Bronte Tuesday.

Gariand Barmore spent Saturday night with Charles Roegner.

Miss Maggie Ruth Brevard spent Saturday night with Miss Gwendolyn Barmore.

Mr. and Mrs. L. A. Faubion were guests of Mr. and Mrs. Lonnie Allcorn Sunday.

Mr. and Mrs. W. A. Hale and Antonio and Laredo.

Both held the position of first assistant prior to their resignation. Rice Tilley, present incumbent of that position, will "stick to the job" until his time is up, despite the fact that he will have little difficulty in locating possibly in Houston, before January

family were guests of T. C. Payne and family, of Crews, Sunday.

Fred Louallen was the guest of Arthur Kerby Sunday.

Marion Kerby spent Sunday with S. J. Brevard.

Mrs. M. F. Kerby, Marion Kerby and Fred Louallen spent Tuesday with Mr. and Mrs. Clyde Brevard, of Blanton.

Mr. and Mrs. Marvin Hale and Mrs. J. P. Brevard visited in the Clyde Brevard home at Blanton Tuesday night and Wednesday.

Miss Gwendolyn Barmore was the guest of Miss Mona Avent Sunday.

Miss Thora Brevard, of Victory, spent the week-end at home.

Mr. and Mrs. E. R. Avent are the proud parents of a fine baby boy. The young man bears the name of Aaron Derward.

Mr. and Mrs. Lonnie Allcorn spent Thanksgiving with relatives at Santa Anna.

Mr. and Mrs. Farmer spent the holiday and week-end with relatives at Coleman and Novice.

The Herring boys' basketball team went to Novice Thursday and lost to the Novice boys, but it was a good game and someone had to lose.

MENARD COUNTY TO ASK CLOSED SEASON ON DEER

MENARD, Tex., Dec. 2.—An effort to get Coke Stevenson, representative, to introduce a measure providing a closed season on deer in Menard county for five years will be made before the Texas legislature convenes in January. Importation of some doe may be sought for Menard county.

Dr. and Mrs. C. W. Cheatham and Miss Griffie Atkins left Friday at noon for Santa Anna to attend the funeral of the 9-year-old son of Dr. and Mrs. L. O. Garrett. The little boy, while on a picnic with a party at the lake near Santa Anna, slipped and fell the water and drowned before aid could save him. Funeral services were held in Santa Anna Friday afternoon.

Dr. and Mrs. Robert Allen and son of Sweetwater returned home Friday morning after spending Thursday with Mrs. Allen's mother, Mrs. W. K. Lilly.

Miss Lola Eubank, a teacher in the San Angelo schools, spent Thanksgiving here with her parents, Mr. and Mrs. E. M. Eubank.

Scratch Pads, 20c per pound, at Ledger office.

Oil Well Gushes Over Top Again

Oil interest was created anew in Ballinger and vicinity Thursday when the Vacuum No. 3-McMillan headed three times, going over the top of the derrick soon after it was drilled 36 inches deeper.

The well had been failing and orders had been issued to plug the hole and stop production. The bit was let back in the well and within a few moments after 3 feet had been drilled into the sand oil shot over the top of the tall rig and several other heads gushed out during the day. Persons who live near the field were present and saw the petroleum spray high in the air. It was declared Friday afternoon that the well made 70 barrels the first ten hours and continued to flow Friday, producing more than ever before.

No other news could be confirmed by The Ledger in regard to this well. Some believe it will be drilled deeper and test made of the sand now producing.

OLD INDIAN WELL LEADS TO STARR COUNTY OIL FIND

RIO GRANDE CITY, Dec. 1.—An Indian well the water which was covered with oil the disgust of its diggers the years ago may be the key to the petroleum situation in Starr county.

Several wells are being drilled by oil companies in the vicinity and one gasser has blown within a half mile of the water well dug by the Indians.

The Indians used the oil to rub on skin sores and later ranchmen used it as a lubricant for windmills and farm machinery.

Twenty-one years ago the well led D. W. Moore of Houston drill down 1,500 feet alongside, but he found nothing. More recently geologists investigated further and decided to drill in a different place with the result that there is a promise of a great oil field developing in the Rio Grande country.

Fewer Texas Turkeys AUSTIN, Dec. 2.—Despite a heavy reduction in hatching by you find comfort and put will be only 8 percent under the 1929 production.

K. V. Northington, city secretary, was among those who attended the Thanksgiving celebration at Olfen Thursday.

H. C. Lyon left Thursday night from Lampasas for Houston to attend the Texas State Teachers Association convention.

A. J. Voelkel received word Thursday announcing the death of Dr. B. E. Witte of San Antonio. Dr. Witte died late Thursday afternoon and the funeral was set

for Saturday. Mr. Voelkel will be unable to attend.

Mr. and Mrs. C. R. Stone and son, Claude R., spent Thanksgiving in San Angelo with Mr. and Mrs. E. E. Wright.

Mr. and Mrs. A. B. Stobaugh, Mr. and Mrs. W. C. McCarver and Mr. and Mrs. Joe Forman went to Brownwood Thursday to attend the football game between Howard Payne College and Southwestern University.

GOOD ROADS DEVELOP GOOD BUSINESS

If you have dizzy spells, headaches, coated tongue, bad breath, insomnia, no appetite, bilious attacks or pains in the back and limbs, you are probably suffering from self poisoning caused by constipation. The surest and pleasantest relief for this condition is Herbine, the vegetable cathartic which acts in the natural way. Get a bottle today from Weeks Drug Store.

IMMUNIZATION PROGRAM COMPLETED AT HATCHEL

Friday afternoon the second and last injection of diphtheria serum was given all children of the Hatchel school. Dr. C. P. Bailey went to that place soon after noon Friday and with the assistance of members of the Hatchel P-T A. administered the serum. All report cards were filled out and filed.

A number of schools in the county have commenced this work and others are making plans to begin within a few weeks. By the time the campaign is completed, every child in the county will have received the necessary inoculation.

The past, the M. F. Smith Co. is so grateful for a host of you find comfort and put will be only 8 percent under the 1929 production.

As a result of the M. F. Smith Co. is so grateful for a host of you find comfort and put will be only 8 percent under the 1929 production.

SMALLER COTTON CROPS Mean BIGGER COTTON PRICES. Reduce your cotton planting—devote a part of your acreage to the cultivation of a vegetable garden if possible, to dairy cattle, to hogs and poultry. Results—your table freshly supplied from your own farm, stable branches of farming on which to rely when the cotton crop fails, or low cotton prices—enrichment of the soil through livestock herds and crop rotation—a SURE year-round income instead of uncertain one season profits. Surely these are sufficient reasons for adding variety to your farming activities—it certainly is the most practical, in fact the only way, to raise the price of cotton. Mr. and Mrs. I. D. Little visited relatives at Norton on Sunday of last week.

Rev. L. D. Hardt preached at the Methodist church Sunday night to a large congregation.

The Parent-Teacher Association is to have a meeting Thursday night as last Thursday, the regular meeting date, was a holiday. A special invitation is extended to every parent whether a member or not. A good program has been prepared and it is hoped a good attendance will be had.

Mr. and Mrs. Cal Roberson and family, of Maverick, spent Saturday night and Sunday with their daughter, Mrs. Delbert Davenport, and family.

Mrs. J. C. Reese and daughter, Mrs. Jewel Jones, entertained the "Merry Wives Club" in their newly remodeled home Tuesday afternoon, November 18. The fruit cake demonstrated by Mrs. Hollingsworth at the meeting before was served with coffee or tea. Those present were Mmes. B. M. Batts, V. L. McShan, Profit, P. Holton, E. A. James, Jr., W. A. Taylor, Roy Hoistead, W. R. Hill, H. M. Leach, I. F. Watson, C. H. Midgley, Cynthia Murray, W. E. Seipp, Jones and Reese. New officers elected were: Mrs. J. C. Reese, president; Mrs. W. R. Hill, vice-president; and Mrs. Profit, secretary. Our next meeting will be held in the club room at the school house for a Christmas program and suggestions.

Mr. and Mrs. W. H. Embry, James Midgley, Carl King and Clifford Smith and Miss Ina Baxter spent Saturday night and Sunday in San Angelo visiting Mr. and Mrs. Frank Midgley.

Horace Murphy and sons, Pat and Warren spent part of Thursday on the Murphy ranch on the Concho.

Miss Bessie Brown accompanied her brother, Robert, to Abilene

family, Mr. and Mrs. Jeff Morrison and family and Mr. and Mrs. Walter Jeffery and family.

Mr. and Mrs. D. D. McDaniel and family were visitors in the Joseph Morrison home Sunday.

Mrs. Poe and two boys, Clifford and August, of Herring, and Mr. and Mrs. Lellan McDaniel were guests of Mr. and Mrs. Melvin Stacy Sunday.

Mr. and Mrs. O. B. Tounget visited her mother of near Winters Friday.

Mr. and Mrs. Jeff Morrison and family, Mr. and Mrs. D. D. McDaniel and family were visitors in the Rube Whitley home Friday night.

Mr. and Mrs. R. J. Morris and family of near Blanton visited their daughter, Mrs. J. D. Hooks, and family, and Mr. and Mrs. Talmage Morris Sunday.

Mrs. W. A. Van Nort and children have returned home from a visit with her father at Comanche.

Ed Farley was at Brownwood last week on business.

Mr. and Mrs. Homer Melton and children were visitors in the R. E. Brown home Sunday.

Mr. and Mrs. Henry Leach and baby and Miss Jane Royal of Pumphrey spent Saturday with Mr. and Mrs. H. M. Leach and family.

Miss Iona Harris, Pumphrey teacher, spent the week-end with her parents, C. D. Harris and family.

Robert Brown of Dallas returned home Sunday after spending Thanksgiving and the week-end with his parents, Mr. and Mrs. R. E. Brown, and family.

Miss Opal Morris of near Blanton spent Saturday night with Miss Lucile Hooks.

Mrs. C. H. Midgley and family had as their guests last Sunday Mr. and Mrs. Bill Farmer and baby of Hagan, Mr. and Mrs. Claude McShan, Misses Ina Baxter, Mae Jameson, Lester Seipp of Mann, Carl King of Hagan, Earl Baxter, Mr. and Mrs. Frank Midgley and Miss Ethel Sparks of San Angelo.

Mr. and Mrs. James Barron and Miss Demma spent Sunday with Mr. and Mrs. Robert Wheelis.

Mr. and Mrs. Talmage Morris are the proud parents of a fine boy. Mother and baby are doing fine.

S. V. Parish and family spent Thursday with Ed. Farley and family.

Miss Lucile Hooks visited in the home of her grandparents, Mr. and Mrs. R. J. Morris, and family Sunday.

Miss Elizabeth Midgley entertained a few of her friends with a birthday party Saturday night. An enjoyable time was reported by those attending. Hot chocolate and cake were served. Those present were Mr. and Mrs. W. H. Embry and family, Lester Seipp, Earl and Reuben Baxter, Carl King, Clifford Smith, James Midgley, Misses Iona and Lenora Baxter, Mae Jameson, Helen Compton, Nellie Mae Midgley, Corene Ferguson of Mereta, Ethel Sparks of San Angelo, Mr. and Mrs. Frank Midgley and Mr. and Mrs. C. H. Midgley.

Mrs. J. C. Reese and daughter, Mrs. Jewel Jones, entertained the "Merry Wives Club" in their newly remodeled home Tuesday afternoon, November 18. The fruit cake demonstrated by Mrs. Hollingsworth at the meeting before was served with coffee or tea. Those present were Mmes. B. M. Batts, V. L. McShan, Profit, P. Holton, E. A. James, Jr., W. A. Taylor, Roy Hoistead, W. R. Hill, H. M. Leach, I. F. Watson, C. H. Midgley, Cynthia Murray, W. E. Seipp, Jones and Reese. New officers elected were: Mrs. J. C. Reese, president; Mrs. W. R. Hill, vice-president; and Mrs. Profit, secretary. Our next meeting will be held in the club room at the school house for a Christmas program and suggestions.

Mr. and Mrs. W. H. Embry, James Midgley, Carl King and Clifford Smith and Miss Ina Baxter spent Saturday night and Sunday in San Angelo visiting Mr. and Mrs. Frank Midgley.

Horace Murphy and sons, Pat and Warren spent part of Thursday on the Murphy ranch on the Concho.

Miss Bessie Brown accompanied her brother, Robert, to Abilene

Saturday for a few days' visit with her aunt, Mrs. W. O. Brown. Robert proceeded to Dallas.

Mrs. C. H. Midgley and family, Miss Ina Baxter and Earl Baxter attended the play given at Hagan Thanksgiving. It was a real good offering.

Mrs. Fred Farmer and children spent Sunday with Mrs. John Hooks.

A window in a car belonging to Mrs. Ed. Farley was shot out by some unknown person Thanksgiving day.

T. P. Brown visited in the R. E. Brown home Tuesday.

Miss Lenora Baxter spent Saturday night and Sunday with Miss Elizabeth Midgley.

Mrs. R. E. Brown and children enjoyed Thanksgiving evening on the Concho at the Murphy ranch.

Mr. and Mrs. Nath Crockett and children and Mr. and Mrs. Earl Everett and daughter were among those who went to the Murphy ranch Thursday.

Miss Winnie Van Nort has returned home from Ft. Worth.

Henry Matlock and family have moved into the George McMillan house.

Mr. Lewis and family have moved into the Ross Smith house.

Miss Edna Thomason, of Austin, visited her mother, Mrs. Marshal during the Thanksgiving holidays.

Miss Velva Moreland had as her week-end guest her sister, Miss Onetta Moreland, of Winters.

Mr. and Mrs. Calvin Roberson and family visited in the Bethel community Saturday night and Sunday.

Bob Wiggie, who had been visiting in Seguin and San Antonio the past two weeks, returned home Wednesday.

Connel McAuley had the misfortune to stick a thorn in his hand last week and has been ill with blood poisoning since Sunday.

Mr. Wallace Proctor gave a singing on Sunday night to a group of young people. All reported a good time.

Misses Ruth and Ruby Cathey gave a forty-two party on Friday night.

There was Sunday school Sunday at the Methodist and Baptist churches, but neither had church.

Mr. and Mrs. Herman Heck are rejoicing over the arrival of a new baby.

School attendance continues to improve. The cotton is gradually being picked. The basketball teams are getting in practice again.

Both Thursday and Friday were observed as school holidays here.

Miss Claudia Rampy visited Miss Naomi Robertson Sunday.

Rev. Smith's friends welcomed him Sunday when he preached his first sermon since being sent back to Crews.

Mrs. Angie McWhirter, of Dallas, and Mrs. Mabel Brock and son, of O'Donnell, spent Thanksgiving with their parents, Mr. and

Mrs. Bert Fletcher, president; Mrs. Pyle, vice-president; Mrs. James Glenn, secretary and treasurer; Mrs. Jewell Frazier, reporter.

The club presented the outgoing officers with bouquets of flowers. Discussions were held on what to give for Christmas gifts. There were some very interesting talks made. A grab bag and stork shower followed and names were drawn for presentation of Xmas gifts.

Hot chocolate and cake were served. Everyone left declaring it an enjoyable afternoon.

The Maverick farmers were glad to get the nice rain that fell last week. Small grain and winter weeds were beginning to dry the surface of the earth and everyone is almost afraid to see it dry for any length of time for fear that it might be another long drouth starting.

There was a large crowd present at the Church of Christ Sunday to hear Bro. Handley preach.

S. H. Manuel, of Sterling City, is at the home of his daughter, Mrs. E. Horton, and has been ill for the past week. Mr. Manuel has made his home at Maverick for the past several years until last year and everyone in the community wishes him a speedy recovery.

Miss Edna Thomason, of Austin, visited her mother, Mrs. Marshal during the Thanksgiving holidays.

Miss Velva Moreland had as her week-end guest her sister, Miss Onetta Moreland, of Winters.

Mr. and Mrs. Calvin Roberson and family visited in the Bethel community Saturday night and Sunday.

Bob Wiggie, who had been visiting in Seguin and San Antonio the past two weeks, returned home Wednesday.

Connel McAuley had the misfortune to stick a thorn in his hand last week and has been ill with blood poisoning since Sunday.

Mr. Wallace Proctor gave a singing on Sunday night to a group of young people. All reported a good time.

Misses Ruth and Ruby Cathey gave a forty-two party on Friday night.

There was Sunday school Sunday at the Methodist and Baptist churches, but neither had church.

Mr. and Mrs. Herman Heck are rejoicing over the arrival of a new baby.

School attendance continues to improve. The cotton is gradually being picked. The basketball teams are getting in practice again.

Both Thursday and Friday were observed as school holidays here.

Miss Claudia Rampy visited Miss Naomi Robertson Sunday.

Rev. Smith's friends welcomed him Sunday when he preached his first sermon since being sent back to Crews.

Mrs. Angie McWhirter, of Dallas, and Mrs. Mabel Brock and son, of O'Donnell, spent Thanksgiving with their parents, Mr. and

Mrs. G. W. Ash. A splendid singing was enjoyed Sunday night at the Baptist church after B. Y. P. U. services.

We appreciated the splendid rain Friday night.

Thanksgiving day was lovely, and many took advantage of it, and enjoyed visiting relatives and friends.

Miss Bonnie Mae Clark has returned from a few days visit to Mrs. L. C. Davis in Abilene.

Little Thurston and Carrol Carter returned to their home at Tokeen, after a few days' visit with relatives in Crews.

Mrs. Lara Hollingsworth spent last Tuesday in the home of J. W. Wood, assisting in canning a beef.

Mr. and Mrs. H. V. Johnson and Mrs. Ola Miller, of Sweetwater, spent Thanksgiving with Crews relatives.

Dr. and Mrs. C. A. Watson, of Ballinger, were among the guests of Mr. and Mrs. Edgar Branham Sunday.

Elder J. A. Branham is recovering from a badly infected hand.

Mr. and Mrs. Edgar Jayroe attended the singing convention at Winters Sunday afternoon.

The B. Y. P. U.'s of the Fairland Association will meet at the Crews Baptist church on the second Sunday in this month, at 2 p. m. A program will be rendered and necessary business attended to.

We are glad to report R. N. Davis able to be up, although his complete recovery is slow.

The B. Y. P. U. social given at the home of Mr. and Mrs. W. T. White Friday night was enjoyed by a number of young people.

Bro Riddle preached for us Sunday and Sunday night. A large crowd attended both services, and there was also a good attendance at Sunday school.

A play was given at the school house last Thursday night. A good crowd attended and everyone enjoyed it very much.

Mr. and Mrs. I. M. Turner spent Sunday with Mr. and Mrs. Otto Wood.

Mr. and Mrs. F. A. Sparks and family, Delbert Nunnally of Coolidge, Arizona, Misses Ione and Lola Stone spent Sunday with Mr.

and Mrs. Wallace Seipp. Mr. and Mrs. Bill Farmer, Mr. and Mrs. W. F. Farmer and Ed Farmer spent Sunday with Mr. and Mrs. Owen, of Old Runnels.

A Parent-Teacher Association was organized at Hagan Tuesday night. The following officers were elected: Mrs. Austin Williams, president; Miss Clifton, vice-president; and Miss Velma Turner, secretary. The organization will meet again Monday night.

Mr. and Mrs. Walter Curtis spent the week-end at Lometa.

School Attendance Is Now Effective

Compulsory school attendance started in Ballinger last Monday, and H. C. Lyon, who acts as truant officer, is anxious that all children who should be in school enter at once so that they may attend the required number of days, 100. This applies to all scholastics and it is a violation of the law for them to remain out of school.

The same law applies to rural schools and other independent districts of the county and beginning December 1, all will enforce the law. Patrons are asked to cooperate with the school officials in informing them of children who are now out of school. Without this cooperation it will be difficult to enforce this law.

Mr. Lyon said Thursday it was his understanding that a number of children were not attending school in Ballinger, not having been enrolled for this year. Some of these may need financial aid as they lack clothing and are unable to bring lunches and it will require assistance to rigidly enforce the ruling. Patrons are requested to report boys and girls who are not attending, and further to learn something of the reason for their non-attendance, reporting the information to the superintendent.

TOMATOES BRING NET PROFIT OF \$58.65 ACRE

LONGVIEW, Tex., Dec. 2.—The tomato crop in Gregg county the past season brought a larger net income per acre than any other crop, R. F. McSwain, county agent, said. The net profit averaged \$58.65 per acre.

Eleven carloads of tomatoes were shipped from Longview during the past season, with gross receipts of a little less than \$3,000. A much larger acreage is planned for next season.

Miss Carrie Mae English, who teaches in the Gorman public schools, is here this week-end visiting her friend, Miss Louise Morgan, teacher of English in the Ballinger high school.

when buying Aspirin
be sure it is genuine
Bayer Aspirin

Know what you are taking to relieve that pain, cold, headache, sore throat. Aspirin is not only effective, it is always safe.

The tablet stamped with the Bayer cross is reliable, always the same—brings prompt relief safely—does not depress the heart.

Don't take chances; get the genuine product identified by the name BAYER on the package and the word GENUINE printed in red.

Society

Pioneer Ballinger Couple Observe Golden Wedding Anniversary at Reunion in Ballinger

With three generations of their big family here to felicitate them on their half century of happy companionship, Mr. and Mrs. W. D. Gregory, pioneer citizens of Ballinger since 1890, celebrated the golden anniversary of their wedding Sunday in the home of a daughter, Mrs. L. R. Tigner, with more than thirty relatives joining in the festivity.

The celebration was beautifully achieved, yet with fitting dignity and hospitable informality. The handsome Tigner home on Seventh Street had been given a lovely floral decoration throughout the entire reception suite. At the noon hour when Miss Marjorie Lynn, a granddaughter, struck the opening strains of the Wedding Music from Lohengrin, guests were welcomed into the dining room which was a beautiful sight. Huge golden pom-pom chrysanthemums centered the dining table and adorned place cards for the seating of the guests. Smaller gold chrysanthemums centered foursome tables. At the big table Mr. and Mrs. Gregory and their seven children were seated. The children are: Mrs. Chas. Tibbs, nee Katie Belle Gregory; Mrs. E. O. Keeton, nee Nell Gregory; Mrs. L. R. Tigner, nee Mamie Gregory; Mrs. Harry Lynn, nee Marguerite Gregory; Mrs. R. E. Truly, nee Ada Gregory; David Gregory and Kirk Gregory.

The table was laid in gold banded glassware and china and a delectable three-course turkey menu was served in which the gold motif was reflected again and again.

Chas. William Tibbs and Ted Truly presented a tray of gold pieces, tokens of love from the assembled relatives, at the conclusion of the dinner.

Bettie Kirk and Bill Gregory were married on November 30, 1880, in La Grange, Texas, and moved to Ballinger just four years after its establishment, then a tiny cow town with hardly a handful of residents, and have made their home here since that time. They reared a family of seven children, all of whom were here to enjoy with them an occasion rarely experienced in the history of any family.

During the afternoon many friends called informally and greetings and gifts were sent in by many who could not come in person.

What could bring greater happiness to a couple after fifty years of the vicissitudes of married life than to look about on such a splendid family of men and women who are in every way a credit to them and who are doing their part in the making of the world, and who each vie with the other in making the afternoon of life for this father and mother as comfortable and happy as possible.

At the "end of a perfect day" the family and relatives departed for their several homes, each hoping that they may celebrate many more anniversaries for this splendid father and mother.

Relatives in attendance on this happy and auspicious occasion were:

Mr. and Mrs. C. W. Tibbs and son, Charles William, of Dallas; Mr. and Mrs. E. O. Keeton and son, Will Edwin, and daughter, Catherine Routh, of Abilene; Mr. and Mrs. L. R. Tigner, Mr. and Mrs. R. E. Truly, daughter, Mary

Elizabeth, and son, Ted. Mr. and Mrs. Harry Lynn and daughters, Dorothy Ruth and Marjorie. Mr. and Mrs. David Gregory and little son, David Ward, of Eldorado; Mr. and Mrs. Kirk Gregory, of Stamford; Mr. and Mrs. B. C. Kirk, (Mr. Kirk is a brother of Mrs. Gregory); Mrs. R. P. Kirk; Mrs. Ida Sadler, of Abilene, sister of Mr. Gregory; Aaron Milam and Jewel Wofford, of Abilene.

The only two relatives not present Sunday were Miss Marguerite Truly of Dallas and Mrs. Sterling Rochelle of Corpus Christi.

Would You Know One If You Saw It?

If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to magnify one over a thousand times to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood streams through the smallest cut, and give you typhoid fever, tuberculosis, lockjaw, blood poisoning, and many more dangerous and perhaps fatal diseases. There is one sure safeguard against these dangers—washing out every cut, no matter how small, thoroughly with Liquid Borosone the safe antiseptic. You can get Liquid Borosone at Weeks Drug Store.

POSITIONS FOR YOUNG MEN

It is the ambition of every young man to have money of his own, to associate with successful people, and to get into a profession where there are broad opportunities for advancement.

Accounting positions with big business concerns often offer such opportunities. There is Ray Weidon, a farmer boy, starting a few years ago at a modest salary, and who is now auditor of the McMan Corporation at a salary of \$450 a month; and there is John Merbert, starting in the same way a few years ago with the West Texas Utilities Company, and who is now an accountant for the Cities Service Company at a salary of \$390 a month. With million dollar concerns of this kind, these young men still in their twenties, may reasonably expect to double or triple their incomes within the coming years.

The Draughton Training will open up similar opportunities for you to get started in this highly profitable profession. It has placed more than 100 students with the Radford Wholesale Company, more than fifty with the banks of Abilene alone, twenty-eight being employed at this time, and more than a score with the big West Texas Utilities Company. With concerns of this kind your future will be limited only by your efforts and ambition.

If you cannot enter school at this time, you can start the work at home as thousands of others have already done, saving money on board when you enter College, and being ready for a position much earlier. Clip and mail this to Draughton's College, Abilene, Texas, for full particulars as to how we can train and place you in this rapidly growing and highly profitable profession.

Completion of Dam Delayed by Rains

Work was halted Saturday on construction of the new municipal dam on Elm Creek just as the crews were rushing to completed masonry laying. Engineer Claude Livingston was pushing all crews as fast as possible and without interference would have completed the rock work some time Saturday. When a light rain began falling Friday the hill from the quarry to the dam became so slick that trucks could not travel the road and they were routed by the local sanitarium and to the site under the bluff. In this way work was continued during the day although slightly delayed on account of the long haul.

Saturday morning rock work was stopped and all hands began laying sandbags on the east side of the creek where a dirt embankment is being built to connect with the abutment on that side of the dam. The creek was rising at an early hour Saturday and reports of rains above Ballinger indicated the stream might rise several feet during the day. Mr. Livingston was apprehensive that the new dirt placed last week on the east wing of the dam would be washed away providing the sandbags failed to turn the current to the spillway.

During the past week work progressed nicely, shifts being run until as late as midnight in order to finish the contract within the next ten days. Rock can be removed from the quarry in short order after a few hours' sunshine and only about one more day will be required to complete the masonry work with the exception of a little rip-rapping on the embankment being thrown up.

About an inch of rain fell in Ballinger Friday night and Saturday night and Saturday morning. Precipitation on the watershed of Elm, however, was sufficient to bring down a small rise which may interfere for some time with construction at the new reservoir.

No Substitute For True Love

In like manner, don't accept substitutes for Carter's Little Liver Pills. There is only one genuine Carter's Little Liver Pills that create free flow of bile and make you feel wonderful. Take Carter's for constipation and torpid liver. Ask for Carter's Little Liver Pills by name. Red bottles. Resist substitutes. Take Carter's.

BERT E. LOW TO ENTER INSURANCE BUSINESS

An announcement was made this week by the Fidelity Union Life Insurance Company of Dallas, that Bert E. Low, Abilene banker, will become district agent for the company on Dec. 1. Mr. Low will remain in Abilene, where he has a home but will cover a large territory in looking after business. For several years he has been active vice-president of the Citizens National Bank of Abilene, prior to that being president of the First National Bank of Winters.

Mr. Low is widely known for his activities in the civic, religious and business life of West Texas, and has many friends in Ballinger who wish him well in his new venture.

WILD GOOSE FURNISHES START FOR NEW FISH CROP

BEAUMONT, December 2.—A wild goose brought down by a hunter in Jefferson county a few years ago has started a crop that is spreading over the Gulf coast.

This was revealed by W. P. Barrett, county farm agent of Hardin county, whose exhibit took first prize among 30 counties for agricultural exhibits at the South Texas State fair here.

Among a wide variety of peas shown by Barrett was one known as a "wild goose" pea, a small vegetable that grows similarly to ordinary peas in a purple hull. Mr. Barrett told the goose story when it was mistaken for a variety of bean.

He said that a few years ago a pea was taken from the crop of a goose killed by a hunter in Jefferson county and planted. The harvest was replanted until now the pea is being grown over several counties. The peas are red and white instead of the ordinary green and are very prolific and excellent for canning.

Mr. and Mrs. W. A. Francis returned Sunday from Midland, where they went Thanksgiving to visit Mr. Francis' mother and father, Mr. and Mrs. S. M. Francis. The Ballinger couple were present for the fiftieth wedding anniversary of Mr. Francis' parents.

Trappers' Licenses And Tags Ready

J. P. Flynt, state game warden in this section, is receiving mail calls at present for trappers' licenses and for information regarding the tax on pelts. The laws have recently been changed on trapping and books of information have been published and sent to all wardens regarding the changes.

Mr. Flynt stated that a license could be obtained from him or from the department at Austin and that he intended naming some place here where licenses can be bought when he is out of town. He has had many applications already and Mexicans who are about through gathering cotton are anxious to start trying their luck with the traps here.

This year a tax tag must be attached to every skin of any kind offered during the open season for sale. These tags can be secured from any warden or from the department at Austin. Tax tags range in price from 1 cent each up and all trappers must have a supply on hand to attach to their pelts.

Resident trappers' licenses are \$1 each and non-resident licenses are \$25 each. A hunter's license does not authorize a person to take or hunt fur-bearing animals. All persons are required to have licenses except those under 17 years of age.

The following rules govern the tags that must be bought and attached to all hides.

Tax receipt tags may be procured from the Game and Fish Warden or direct from the office of the Game, Fish and Oyster Commission at Austin, Texas.

The trapper must attach a tax receipt tag to each pelt before he offers it for sale. When a tag is attached to each pelt the trapper must write thereon the date that he tagged the pelt. It is unlawful for a trapper to sell or offer to sell any pelt of a fur-bearing animal on which he has not placed Tax Receipt Tag issued by the Game, Fish and Oyster Commission of Texas.

It is unlawful for any dealer to buy or offer to buy any pelt of a fur-bearing animal on which there has not been placed an Official Tax Receipt Tag. On pelts shipped into Texas from another state no tax is levied except when such out-of-state pelts are re-shipped from a Point in Texas to another point in Texas.

A trapper may purchase any number of Tax Receipt Tags from the Game, Fish and Oyster Commission, or any of its authorized agents, and place them on the proper pelts when he legally takes them.

All pelts taken by the trapper during the open season must be tagged not later than five (5) days after the close of the open season if he intends to offer the pelts for sale at any time.

It shall be unlawful for any dealer to purchase a pelt taken in this state which does not bear a Tax Receipt Tag.

It shall be unlawful for any dealer to purchase a pelt shipped from any point in this state which does not bear a Tax Receipt Tag.

REV. DOSS RECEIVES BIRTHDAY GIFT

Rev. W. H. Doss was surprised Sunday when his class of young men at the Methodist Sunday school presented him with a beautiful and useful birthday present. The gift came as a complete surprise to the teacher as he did not think any of his class knew the date of his birthday. Rev. Doss stated that he was 75 years young. He has been instructing the Sunday school class for many years and is always present when roll is called.

Mrs. Drew Dickson has as her guests her sister, Mrs. Albert Maverrick, Jr., of San Antonio, and her brother, James Williams, of Tulsa, Oklahoma.

Mrs. Z. A. Snell returned Sunday from Lubbock, where she had visited Mr. and Mrs. R. L. Stephenson for several weeks.

City Departments Report Busy Week

All work connected with moving into the new city hall was completed last week when equipment for the city health officer and laboratory was installed. Shelves, tool racks and other furniture were built in the workroom of the water department and threshold plates were installed by the contractors at the police and health department offices. Work of filling in the lawn was continued and the yard is about ready for landscaping.

Rain Friday stopped work on the Elm Creek dam for a few hours. A dirt embankment is being thrown up on the east shore of the creek, closing the last remaining gap in the structure. The lake filled Saturday and late in the afternoon water was running over the spillway. The current was directed away from the new dirt embankment by sandbags placed on it following the first signs of the rise. Clear, good water filled the reservoir to a considerable distance.

At the pumping plant a contract was let to the Ballinger Electric Company for installation of an automatic device on the alum feeding machine and for hand switches for the units.

Chief of Police Lee Moreland, who also acts as fire marshal, reported 110 inspections, two arrests, and one fine assessed.

The fire department held a regular meeting in the new quarters at the city hall last week. In addition to the regular members all recently elected honorary members were invited and a large number was present. All equipment was cleaned during the week, and other necessary work done.

City Health Officer E. R. Walker reported the raising of the quarantine on one case of scarlet fever and one case of diphtheria.

The street department removed pavement and base around two leaking valves on Eighth Street, and placed gravel in a ditch on Twelfth Street. Five loads of dirt was swept up and hauled off the pavement, and 12 loads of rocks were removed from streets in the residential sections. One corrugated iron culvert was placed at the intersection of Broadway and Hamilton Street preparatory to opening a street to Wilke Terrace. All drains were opened at intersections.

The water department was busy

with routine that comes before the first of each month. The following items were included in this department's weekly report: 218 meters read, 3 re-reads, dead ends flushed twice, fire plugs flushed, warehouse cleaned and shopwork done during two rainy days, 6 leaks repaired, 6 cut-offs made, 9 cut-on, 1 stop installed, 3 meters set, old signs removed and stored, 2 valves repaired and packed.

The office staff was kept busy preparing to send out water statements, and making a survey of dead material and unmetered connections. Two building permits were issued and five gas inspections made.

FORMER LOCAL TEACHER TO WED IN DECEMBER

OSONA, Tex., Dec. 2.—The engagement and approaching marriage of Miss Beulah Baggett, daughter of Mr. and Mrs. J. M. Baggett, to Jerry Pace, superintendent of schools at Tahoka, was announced recently, the date of the wedding having been set for December 21. Receiving the surprise were twelve tables of guests, the diversion being "42." In the games the high score trophy was won by Mrs. Judge Montgomery and Miss Baggett was presented with a lovely hand-carved set, the gift of her mother who entertained, and a corsage of sweet peas, the gift of Mr. Pace, the engagement ring coming with the flowers.

Mr. Pace was principal of the Ballinger high school for a number of years, resigning here last spring to accept the position of superintendent at Tahoka. He is well known in this county having been reared here and many friends will wish him well in his approaching marriage.

Miss Baggett has visited in the home of Dr. and Mrs. J. G. Douglas here on several occasions and is known by most of the younger set in Ballinger.

G. W. DUNLAP RESTING WELL AFTER OPERATION

Friends of G. W. Dunlap will be glad to learn that his condition is satisfactory following a very serious operation last week at the Santa Rosa hospital in San Antonio, and the outlook for a complete recovery is very promising. Mrs. Dunlap is with her husband and will remain at this bedside until he is able to be brought home.

Seven Cars Sold During November

Seven new automobiles were registered with W. L. Brown county tax collector, during the month of November. This is the smallest number during an entire month in many years. Registrations for the same month in 1929 were 54 cars and 8 trucks. Those delivering new cars included:

- Fords**
Harwell Motor Co., 2
Dickinson Motor Co., 1
- Chevrolts**
Heiler Chevrolet Co., 1
C & C Motor Co., 2
Patrick Chevrolet Co., 1
- Trucks sold and registered were Heiler Chevrolet Co., 1; Nance Brown Motor Co., 1 and C & C Motor Co., 1.

Collector Brown said he was ready to begin issuing license numbers on motor vehicles. The new plates have arrived and are ready for distribution beginning December 1, and those desiring to pay their tax now may do so.

Lyle Deffenbach, of Winters, attended the Epworth League rally here Sunday.

Mr. and Mrs. E. Sheppe, and daughters returned Sunday from Oklahoma City, where they spent several days with relatives and friends.

Backache Leg Pain

If Getting Up Nights, Backache, frequent day calls, Leg Pains, rheumatism, or burning, due to functional bladder irritation, in acid conditions, makes you feel tired, depressed and discouraged, try the Cystex Test. Works fast, starts circulating thru the system in 15 minutes. Praised by thousands for rapid and positive action. Don't give up. Try Cystex (pronounced Siss-tex) today, under the Iron-Clad Guarantee. Must quickly ally these conditions, improve restful sleep and energy, or money back. Only 60c at

THE NEW CHEVROLET SIX

Strikingly beautiful, fleet and smart
—a masterpiece of Fisher styling

Never has the superiority of Body by Fisher been more strikingly exemplified than in the Bigger and Better Chevrolet Six!

With the added advantage of a lengthened wheelbase, Fisher designers have achieved in the new Chevrolet an impressive degree of smartness, comfort and luxury.

Inside and out, scores of refinements stamp this car as a masterpiece of modern coachwork. Radiator, headlamps and tie-bar form an unusually attractive and distinctive ensemble. Mouldings sweep back in an unbroken line to blend with the smart new body contours. And new color combinations lend a new individual-

ity. Interiors, too, are exceptional. The new mohair and broadcloth upholstery is smartly tailored. Seats are wider and more luxuriously cushioned. A deeper windshield and wider windows give better vision. And beautiful new modern fittings lend a final note of charm.

Many mechanical improvements are also evident in this Bigger and Better Six. Among these are a stronger frame; easier steering; a more durable clutch; a quieter, smoother transmission; and important engine refinements.

The Bigger and Better Chevrolet Six is now on display. See it today —drive it! It is the Great American Value!

Young People's Meet a Success

The rally of the western division, Brownwood district of the Epworth League, held here Sunday in the First Methodist Church was very successful in every particular and was well attended by young people from all over this section. The first session was held at the church Sunday morning at 9 o'clock when the visitors were introduced and committees appointed for the day and the program revised.

Winters had the largest delegation from out of town, Abilene ranking next with a number of ministerial students from McMurry College.

Regular Sunday school was held at 9:45 a. m. with visitors taking part in the program in the young people's department. The 11 o'clock hour was given over to the regular preaching service with Dr. J. W. Hunt, president of McMurry College, bringing the message. The girls' quartet from the same college furnished special music for the occasion which was enjoyed very much by all present. The girls were heard again soon after lunch was served in a number of delightful numbers after which they returned to Abilene, being unable to remain for the rest of the program.

The women of the Methodist church served dinner and supper to all young people attending and a number of invited guests. The menu consisted of turkey, dressing, gravy, salad, hot rolls, potatoes, stringed beans, pumpkin pie, fruit cake, coffee and tea. The dinner was served steaming hot in the basement of the church where tables were arranged for all guests.

The Leaguers met in a number of sectional meetings during the afternoon, closing with a big devotional led by students from McMurry late in the day.

Dr. Hunt brought another great message at night, using as his subject "The Divinity of Christ." Special music was presented at the evening hour by Miss Aileen Cochran and Benton Neeley.

Nine-Tenths Preventable

Nine-tenths of all diseases of the American people can be traced directly to constipation, doctors say. Constipation throws into the system poisons which taint and weaken every organ of the body and make them easy victims for any germs which attack them. Prevent constipation and you will avoid nine-tenths of all diseases, with their consequent pain and financial losses. Herbine, the good old vegetable cathartic, will prevent constipation in a natural, easy and pleasant way. Get a bottle today from Weeks Drug Store.

POSITIONS FOR YOUNG WOMEN

It is the ambition of every young woman to have money of her own, to associate with successful people, to have pleasant work, a growing bank account, and to spend her money as she pleases.

Secretarial positions with big business concerns offer just such opportunities. There is Jewel Murrah, who took our Private Secretarial Course a few years ago, and who is now private secretary to the Superintendent of the Fort Worth & Denver Railway Company at a salary of \$1800 a year; and these is Jewel Hatton, who took the same course a few years ago, became private secretary to a prominent West Texas capitalist at a salary of \$2100 a year, and who has become financially independent through the salary she is earning and the opportunities for investment her position provides.

The Draughon Training will prepare you for a starting position where your future will be limited only by your efforts and ambition. It has placed more than 100 students with the Radford Wholesale Grocery Company, more than fifty with the four banks of Abilene, twenty-eight being employed at this time, and more than a score with the big West Texas Utilities Company.

If you cannot enter College at this time, you can take up the work at home until you can enter College, save money on board, and be ready for a position much earlier. Clip and mail this to Draughon's College, Abilene, Tex., for full particulars as to how we can train and place you within a few months.

Burton Reese came in Saturday from Stephenville to spend the week-end with his parents, Mr. and Mrs. J. A. Reese.

J. B. Pace, superintendent of the Tahoka public schools, is here visiting relatives and friends.

Arson squads are being formed throughout Oklahoma in an attempt to reduce the number of incendiary fires.

17 Get Permit to Wed in November

Miss Ima McKown, county clerk, issued a total of seventeen marriage licenses during the month of November. This is slightly below normal but December generally is the best month of the year for weddings and many name a date in December when arranging details of the nuptial contract.

The following licenses were issued in November:

C. J. Robinson and Miss Hallie Duke
Hugh McAden and Mrs. Emma Dees Horn
C. M. Stallings and Mrs. Reta Mae McMath
Ira R. Anthony and Mrs. Lovilla Mooney

Horacio N. Gomez and Miss Geseretta Valdez

Walter Lowe and Miss Elizabeth Tucker

J. M. Watkins and Miss Frances Carwile

Manuel Esquirel and Miss Anita Fuent

Marvin Hale and Miss Alta Breward

Neil Holder and Miss Theima Jennings

Albert Kurts and Miss Matilda Deike

Elmer Kennener and Miss Stella McCarty

J. T. Conway and Miss Louisa Birdmeyer

Alex Pfeiffer and Miss Maurine Henniger

Thomas J. Massey and Miss Velma Lee Rogers

Henry Townsend and Miss Blanche Halley

John Rayburn and Miss Edith Tillery

County Council To Meet Dec. 10th

A meeting of the county council, Parent-Teacher Associations, from all parts of Runnels county has been called to be held here on Wednesday, December 10, at 2 p. m. Mrs. Joe Simmons, president of the organization, issued the call for the meeting to all heads of units in the county and large attendance is expected.

Each of the twenty-seven units in the county are entitled to have a delegation to take part in the discussions. Full and complete discussion of summer round-ups and immunizations will be held in connection with the meeting, to be held in the courthouse. Delegates to the state convention will give reports, these to be followed by general round table discussion of matters which affect the local associations.

Recently the president and secretary of the county council sent a questionnaire to all presidents of units in this county pertaining to summer round-up, immunization, etc. The questionnaire asked for the listing of any special projects contemplated by the various units and sought to compile records on study courses. This will be combined in a report to the district president. At the council meeting here discussion will be held of the results shown by the questionnaires and each unit will learn what the others are doing.

The remainder of the program has not been prepared but will be arranged soon. Entertainment of the delegates will be offered before the regular business session commences.

J. D. Agnew of Coleman was here Sunday visiting friends and relatives.

Quick Relief for Coughing Spells

Famous Prescription Stops Them Almost Instantly

The amazing success of this prescription called Thoxine is due to its quick double action; it immediately soothes the irritation and goes direct to the internal cause not reached by ordinary medicines. The very first swallow usually stops even the most obstinate cough.

Thoxine is pleasant tasting and safe for the whole family. Your money will be refunded if it does not give better and quicker relief for coughs or sore throat than anything you have ever tried. Put up ready for use in 35c, 60c, and \$1.00 bottles. Sold by all druggists.

CISCO'S THREE OLDEST NATIVE TEXANS MEET

Tuesday afternoon the three oldest native Texans living in Cisco met when Miss Ruby Swift took her father, J. C. Swift on a visit to Mr. and Mrs. W. H. Kirtrell, Sr., at 291 West Eighteenth street. Mr. Swift was born in Nacogdoches August 12, 1845, and is now in his 36th year.

At the time of his birth this state was a republic. It entered the union that year so Mr. Swift has lived under a number of flags while a citizen of this state. He was born under the flag of the republic; became an American citizen and lived under the United States flag; then under the Confederacy then under the United States flag again. He went into the Civil War at the age of 15.

At his birth the republic of Texas had a population of 125,000. During his lifetime this population has increased to six million. Then Texas had no railroads; now it is served by 16,000 miles of rails. In 1845 the entire United States had a population of 20,000,000. Today the population is 120 millions.

Mr. Kirtrell was born in Huntsville, Texas, March 13, 1851, six years after the birth of Mr. Swift.

Mrs. Kirtrell was born August 13, 1857, in Kickapoo, near "Frankston" in Anderson county. Cisco Daily News

Mr. and Mrs. J. C. Swift came west from Nacogdoches county in the fall of 1877, located in Coleman county and lived there until August, 1880, then came to Runnels county and this was their home until December, 1904, when they moved to Eastland county.

EIGHTEEN FOOTBALL MEN ARE LETTERED

Coach Felton Wright has certified the names of eighteen members of the Bearcat squad for 1930 for letters and later in the year sweaters with a large "B" will be awarded to the list. A few men participated in play this year who did not play the required 11 quarters to allow them to be included in the list. Most of these, however, will have an opportunity next year to win their letter as they will not finish school this year.

The list of players included this year is as follows: Capt. Reese, Bob Straley, Leland McWilliams, Price Middleton, Clovis Brown, Bill Duncan, Calvin Dodson, Seldon Robinson, J. D. Reneau, Sam Jones, Harold Flynt, Frank Partridge, Otis Jacob, Marsh, McIntire, Guy Jones, Elmer Smith and manager Corkill Motley.

Eighteen local units have been formed for the cooperative marketing of Mississippi's 1930 pecan crop.

MOVIES

Action! Plenty of it in Farce Comedy Coming to the Palace

A farce comedy with music must have action—and that's just what "Let's Go Native" hasn't got nothin' else but, to paraphrase Octavius Roy Cohen.

"Let's Go Native" starts out with the very well-known action of a gang of movers and haulers taking the furniture out of the luxurious apartment of Jeanette MacDonald, modiste, because she has failed to pay her rent. Eugene Pallette is the boss of the gang. As you would expect, there is action aplenty when they start stumbling over rugs and spilling chairs downstairs.

Then follows the action involving Jack Oakie when he drives his taxicab smash-bang into the front window of the police station—and the action involving Pallette when he drives Miss MacDonald's spiffy roadster across the top of a fire-plug, causing much hilarious wreckage.

There's action galore aboard the vessel that is transporting them all to South America—in the hold where Oakie, William Austin and James Hall are stokers. In the dining saloon where they later appear as waiters. On the deck where they all indulge in the great hot-tossing orgy. In the companionways and cabins when the ship is wrecked. In the salty wastes of the Atlantic when they cruise about in life-rafts. On the tropical isle where they find Skeets Gallagher and his sun-tanned seraglio of stranded chorines from Brooklyn. And so on and so on. Action, action, action.

Add to this the irrepressible buffoonery of Oakie and his fellow players, the delectable romancing of Miss MacDonald and Hall, the catchy tunes and the frisky dance routines. Then you have a fair estimate of the grand show that is "Let's Go Native."

CREWS SCHOOL NEWS

There are almost as many standards of honesty and honor in a school as there are pupils. Some pupils seem to think that it is not dishonorable to cheat on an examination if they are not caught and boast of it to their friends. "Mr. C or Miss L is easy. I can put anything by him or her." If in some investigation these same pupils were called upon to give evidence, they would think it quite dishonorable to give evidence against some of their friends or even to tell the truth, for fear that someone would say they were "tattling." Many seem to think that it is smart to cheat and get by with it and never stop to consider who is really injured by the cheating. They fail to understand that if they fool the teacher in what they know that they are only closing the door to themselves and blocking every opportunity of learning what they do not know.

The senior boys and girls of Crews played the boys and girls of Goldsboro last Wednesday at Crews. The score for the girls was 48 to 4, but the boys' score was tied, 5 to 5.

Lawrence Berry, the son of Mr. and Mrs. Will Berry, fell upon a piece of glass and cut his hand severely. He was taken from the school to his home and then to a physician, who tied the arteries and closed the wound by taking ten stitches. He is doing nicely.

at the present. The Crews P-T A. will meet on Tuesday night, Dec. 9. An interesting program has been arranged and all teachers and parents are urged to be present.

Some of our teachers are busy selecting and ordering laboratory equipment for the science department of the school.

Mr. Lehmerberg came out to our school and organized a boys' club with 21 members. The club work and school work will be correlated this year and proper credit will be given. A girls' club with 16 members has been organized upon the same plan.

AGRICULTURE IN WEST TEXAS EXPANDS FAST

STAMFORD, Dec. 1.—Value of agricultural production of West Texas exceeds that of either California, Missouri or Florida, according to information compiled by the West Texas Chamber of Commerce from the United States agricultural census.

"West Texas farmers, according to the 1925 census of agriculture—the latest available figures—received an average of \$23.73 per acre from their crops, while California farmers averaged \$19.63 per acre the regional commercial body said.

In 1924, the value of all farm crops in the 132 counties in West Texas aggregated \$232,574,743. This wealth was produced on 13,637,637 acres of cultivated land. For the same year, from 8,461,342 acres of farm land, California produced \$154,883,599 worth of crops.

"Total areas of the two sections are approximately the same. West Texas has an area of almost exactly 100,000,000 acres of land and California approximately 99,000,000.

Missouri, in 1924, had a cultivated area of 15,278,436 acres on which was produced \$249,120,835 worth of crops. A comparison of these figures with those for West Texas shows that West Texas was considerably ahead on an acre for acre return.

"The cultivated area of West Texas is about three times that of Florida—the last named state having about 35,000,000 acres devoted to crops in 1924, as against the 100,000,000 in West Texas. The value of crops in Florida was approximately 35 million dollars as compared with around 323 million for West Texas, or a ratio of more than 8 to 1 in favor of West Texas.

qhsone
Farm club boys in 23 counties entered 540 calves in the ninth annual Fat Stock Show at Louisville, Ky.

LOHN BANK PAYS 25 PER CENT DIVIDEND

BRADY, Tex., Nov. 29.—Depositors of the Lohn Bank, which closed its doors June 3, were paid a 25 per cent dividend this month with a possibility of receiving another payment after the final collections of the bank's remaining assets have been made.

This bank, which ceased operations two days after its former cashier, Wm. F. Roberts, Jr., was found with a bullet wound in his body at his home, was located in

the center of a fertile farming district in the northern part of McCulloch county and most of its stockholders and depositors were farmers.

Roberts, after his recovery from the pistol shot wounds was arrested and charged with five counts of forgery and one count of embezzlement. He was released under \$10,000 bond. His trial probably will be held during the January term of district court here.
