A Distinctive Reason

What is the chief reason for the superiority of Dr. Price's Cream Baking Powder?

There are several good reasons, but there is one which distinguishes Dr. Price's from other baking powders.

This reason, which every woman should know, is that Dr. Price's Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking powders.

THE NEW EDISON

This new instrument embodies a new art, the culmination of Edison's research work in chemistry and acoustics and the expenditure by him of more than two million dollars in experiments alone. The Laboratory formulae and methods are known only to Edison and a few of his trusted assistants. No single assistant knows all of the formulae and methods by which Edison actually
