By United Press. CHICAGO, Ill., July 18 .-Crazed by the terrific heat which has been beating down on Chicago for the past week, driving hundreds from close stuffy rooms to the oren air, Henry McIntyre today killed four and wounded three others in a bombardment made

upon his home by policemen. For hours during the early part of the morning 100 policemen were held at bay when McIntyre flourished guns at every nook and corner of the building, General Funston stated that 8,- threatening to take the lives of the officers if they came close to the building. Before the crazed man himself was seriously and possibly fatally wounded, the death list was swelled to four and three wounded.

Fighting by McIntyre's side was his wife who, it is believed, was his wife, who, it is believed, was crazed too by the intense heat of yesterday. A bullet hole through her body lying in a morgue downtown here this afternoon tells the BILLS PASSED NOW mute story of her death but leaves unsolved whether or not she was killed by policemen or by her husband.

The dead include a white woman, a policeman, three negroes, and a negress; the wounded, two policemen and a negress.

Dynamite was used to wreck the building in which the crazy man was making his last stand. Policemen realizing that this was the only means to be resorted to in the capture of McIntyre placed dynamite under the building. His wounded body a few minutes later was dragged from the partly demolished building.
