## Bulletin Ready On How To Rate Your Own Soil

12. — How does your soil react? This is the title of a recently released extension service bulletin and a question every father should try to find the answer to.

As a tiller of the soil and one who derives his living from it, a farmer should make an accurate evaluation of its texture and permeability as well as other factors such as its depth, conditions, and fertility.

This bulletin can be a big help in such soil evaluation. It discusses the factors just mentioned and devotes sections to such topics as slope, wetness hazard and erosion.

Too, it contains sections discussing factors limiting production and recommended land treatments and conservation practices.

It was written with the desire to give a better understanding of the soil and is designed as a guide toward a more uniform method of teaching land evaluation.

This bulletin may be obtained from local county agents or from

**Almond Chicken With Rice**

Chinese Chicken Almond With Rice, a delightful delicately flavored dish with chicken, celery topping, is sure to please your family. It makes an attractive "one main dish type meal" and is easily served to a crowd.

Fresh or canned mushrooms may be used for making Chinese Almond Chicken.

- INGREDIENTS**
- 1 cup uncooked rice
  - 1 cup sliced mushrooms (canned or fresh)
  - 1 cup almonds — blanched
  - 1/2 cup sliced celery
  - 1/2 cup diced, cold chicken (fresh or canned)
  - 1/2 cup cubed bamboo shoots (canned)
  - 1/2 cup thinly sliced water chestnuts (canned)
  - 1/2 cup sliced celery
  - 1/2 cup diced, cold chicken (fresh or canned)
  - 1/2 cup sliced celery
  - 1/2 cup diced, cold chicken (fresh or canned)

- INGREDIENTS FOR GRAVY**
- 1/2 cup cornstarch
  - 1/2 cup sugar
  - 1/2 cup water
  - 1/2 cup soy sauce

- GARNISH**
- 1/2 cup sliced green onion
- PREPARING THE FLUFFY WHITE RICE** — To make 3 cups fluffy rice: Put 1 cup of uncooked rice, 2 cups of cold water and 1/2 teaspoon of salt in a two-

quart saucepan and cover with a tight-fitting lid. Bring to a vigorous boil. Then reduce the heat as low as possible and steam for 14 minutes or until all the water is absorbed, leaving the separate rice grains with their full nutritional value. This makes very firm rice grains. (If you prefer more tender rice grains, add 1/4 cup more water and increase the slow cooking time 4 or 5 minutes.) Remove the lid, permit the rice to steam dry to the desired consistency and the grains will be separate and fluffy. Never stir rice; lift gently with a fork.

**METHOD:** Brown almonds in 1 tablespoon oil. Set aside. With table fork, mash garlic into salt in skillet. (Be sure there is a tight-fitting cover, which can be used later.) Add 1 tablespoon oil, then add chicken. Brown lightly. Add 1/2 cup oil and then bamboo shoots and mushrooms. Brown lightly. Add liquid, drained from canned bamboo shoots and water chestnuts. Cover tightly. Cook over low heat 5 minutes. Add water chestnuts, celery and 1/2 of the almonds. Just heat through. Celery and chestnuts should remain crisp. For gravy... shake up in small jar, cornstarch, salt, sugar, water and soy sauce. Stir into mixture. Cook until liquid thickens and is smooth. Sprinkle over dish, green onions and rest of almonds. Serve with hot fluffy cooked rice. This will serve 4.

Plans call for a card index of blood types and the history of the prospective donor to be prepared in each city of the county. This would be available to all hospitals and doctors of the area for use in emergency.

Details of the project will be available soon.
