#### INJURED

An accident occurred at the City Auto Works Thursday afterhanics a little blood and put them off the job for a few hours. The accident happened when a car that was jacked up and under which workmen were making some repairs, fell. Irwin Elder sustained wound in the face that required number of stitches and Billie Kirk, another mechanic, sustained a gash in the chin. Both of the poys were carried to the sanitarum and a number of stitcehs taken and they are able to be on the job today, although a little bit 'incapaciated.'

Ira L. Sims of Pony, was transcting business in Ballinger Thurs lay and informed us that he had wound up his ginning this season and he and his family would leave overland in their auto for Houston where they will spend

The car stolen and in the right side. The revol- from San Angelo was recovered is still missing.

NEW YORK, Nov. 10, 2:13 p. m.—President Wilson has apparently been re-electel without the votes which have heretofore supposed to have been indispensable in the election of a president, the states of New York, Illinois and Indiana having failed to hold the balance of power. These states have always been accredited with "boss rule", Charley Murphy, Roger Sullivan and Tom Taggert failing to be of any service in electing a president.

California's vote, which it is believed now will decide the contest in favor of Mr. Wilson, was thrown to Wilson because of Hughes' alleged ignoring of Gov. Johnson, the Progressive Republican senatorial nominee, while Hughes was campaigning in that state. Johnson was adverse to Hughes' election and threw his strength to Wilson, and Johnson is apparently elected by over 300,000 majority.

The votes of the dear women in California and also in Kansas are credited with re-electing Mr. Wilson. The women votes in California increased the voting strength of that state to nearly one million, and almost double the votes polled in the 1912 campaign when Wilson only received two of the electoral votes and Roosevelt eleven.

#### PEEVED REPUBLICANS PREPARE CON-TEST IN 4 STATES.

NEW YORK, Nov. 10.—The Republicans last night began organizing their forces for the great est legal battle for the presidency ever known.. George Wickersham, attorney general of the United States in the Taft cabinet, has been placed in charge of legal forces. He has already begun to collect evidence on which to base contests in the states giving Wilson small pluralitites.

An effort will be made to secure a recount of California, North Dakota, New Hampshire and New Mexico.

Mr. Hughes, Chairman Wilcox and Attorney Wickersham conferred together mapping out an outline of the action to be taken.

#### (By Perry Arnold)

NEW YORK, Nov. 10.—9:47 a. m.—America has chosen Woodrow Wilson and Thomas R. Marshall for four more years on face of available returns early today. Only the barest possibility of recounts and possible court contest preelected whether he receives either dicted by the unyielding republicans can change the situation. California's entire vote was not counted up to 9 o'clock this morning, but Wilson's leading was so commanding that it appeared no matter what the result of the few remaining precincts may be he will have a clear plurality. There remains, however, the possibility of a division of California's electoral vote of thirteen. Counting California's entire electoral vote for Wilson he has a total of 269. Hughes has only 246, with three states yet to count. Minnesota, New Mexico and New Hampshire are still in doubt, but the total vote of nineteen in the states is insufficient to elect Hughes unless he gained as many as four of the California votes in a split of the electoral votes of that state, which is possible, but not probable. Moreover, the vote of approximately one half of New Mexico gives Wilson lead over Hughes of 6000. Republican headquarters still refuse to concede Wilson's election. Republican Chairman Wilcox announces his determination to make. Woods' wounds are not rested, but a car stolen from Abi- press a recount of the California, New Hampshire, New Mexico, North Dakota and Minnesota.

### Honest Work at Honest Prices

There are two highly important points for a man to consider before having his car overhauled.

The first point is to assure himself that the men who are going to work on his car are mechanics expert enough to locate and properly repair all the parts that need attention.

The second point is to convince himself that he can trust the shop to give him an honest accounting of the amount of work that was actually done on the car.

We gladly welcome an investigation on both of these points. We have the facilities, the workmen and the business methods that will more than satisfy all who investigate.

THE WEDDING OF ROMEO AND JULIET IN FRIAR LAURENCE'S CELL AS PRESENTED BY FRANCIS X. BUSHMAN AND BEVERLY BAYNE

Among the many impressive scenes in the elaborate screen produc-tion of "Romeo and Juliet," in which Francis X. Bushman and Beverly Bayne, the foremost stellar combination in motion pictures, are starred, is the wedding of the famous lovers in Friar Laurence's cell. Every detail has been carefully worked out for this scene, as it was throughout the entire eight parts of this marvelous production. Robert Cummings plays the role of Friar Laurence. He has been associated with Mr. Bushman and Miss Bayne in many previous features on the Metro program, and was among the first cast for a part in "Romeo and Juliet," in which more than six hundred players appear.
