**MUMPS AND MUSIC  
WON'T MIX HERE**

The silence of the local band for the past couple of weeks has caused some to inquire about the usual concerts. There's a reason, as we are informed, and it is a good one. Mumps and music won't mix. Elmer Allison and Diaz Wood, two of the most active members in the band, have been laid up with the mumps, and the report says they have not been experiencing mild cases by any means. Both of the boys are improving and will be on the job again in a few days.

It is the purpose of the band to continue the concerts throughout the winter months, or as long as the contract with the director holds good. They have just received some new music and are anxious to entertain the public.

**WOUNDED MAN IS DEAD**

Clark Hubbard, the young man who was brought here from Coleman yesterday suffering with a gun shot wound died this afternoon. Blood poison had resulted from the wound which caused the man's death. The young man was accidentally shot while out hunting, a charge of number four shot striking him in the groin.

**Her Son Subject to Croup.**  
"My son Edwin is subject to croup," writes Mrs. E. G. Irwin, New Kensington, Pa. "I put in many sleepless hours at night before I learned of Chamberlain's Cough Remedy. Mothers need not fear this disease if they keep a bottle of Chamberlain's Cough Remedy in the house and use it as directed. It always gave my boy relief." Obtainable everywhere.

Mr. and Mrs. E. C. Moor, of Winters, motored over to Ballinger Friday afternoon to visit friends and to look after business affairs a few hours.

Mr. and Mrs. Ernest Marshall, of the Maverick country, were shopping in Ballinger Friday.

Mrs. C. A. Freeze and son Dec left Saturday morning for Coleman to visit friends a few days.

**WANTS 8  
HOUR DAY  
BY LAW**

BALTIMORE, Nov. 25.—The American federation of labor in convention here, refused this morning to go on record against efforts to obtain eight hour day thru legislation. The resolution against fixing of eight hour day for employees by law was voted down, indicating that federations are in favor of eight hour days laws being passed, and not leave the question to be fought out between labor and capital.

**Stop the First Cold**

A cold does not get well of itself. The process of wearing out a cold wears you out, and your cough becomes serious if neglected. Hacking coughs drain the energy and sap the vitality. For 47 years the happy combination of soothing antiseptic balsams in Dr. King's New Discovery has healed coughs and relieved congestion. Young and old can testify to the effectiveness of Dr. King's New Discovery for coughs and colds. Buy a bottle today at your druggist, 50c.

**CAMPAIGN FUND REMITTED.**

A remittance of fifty dollars was forwarded to Wilbur W. Marsh, treasurer of the Democratic National Committee Saturday afternoon. For the past several days The Ledger has been publishing the names of those contributing and soliciting funds. A telegram from Mr. Marsh and also a letter received today, requested that the amount collected be remitted by today. If there are any others who wish to contribute to the cause they can send in their checks and same will be sent to headquarters and in due time you will receive your receipt direct from Mr. Marsh.

**LAUNCH SINKS WITH  
50 SAILORS ABOARD**

SA FRANCISCO, Nov. 25.—The steamer Apache collided with a launch containing fifty sailors of the naval supply ship Glacier in California Bay this morning. The launch was sunk and it is known that one sailor drowned and six others are missing.

**SAYS 25c COTTON  
CHEAP FOR MILLS**

Mr. Charles C. Cowan was asked by a Pearsalls News Bureau reporter for his views as to the value of cotton, present and prospective. Below we quote his reply:

"Cotton has advanced less than anything. Present world's supply is inadequate and prospective supplies from this country are problematical owing to the boll weevils, poor fertilizers, diversification and exodus of negroes. Millions of bales have been burned as ammunition that should be available as goods. Money is going begging in the south. Mills can pay twenty-five cents for cotton and make larger profits than usual. At 8 cents for 381-2, 64x60 cloths and mills realizing 3-1-2 cents for waste, and cotton at 20 cents, profits are 9 cents per pound against usual profits of 2 to 3 cents. Yarn stocks are depleted. Cotton can advance much further without becoming unprofitable to the spinner."

**Sloan's Liniment for Neuralgia  
Aches**

The dull throb of neuralgia is quickly relieved by Sloan's Liniment, the universal remedy for pain. Easy to apply; it quickly penetrates without rubbing and soothes the sore muscles. Cleaner and more promptly effective than musky plasters or ointment; does not stain the skin or clog the pores. For stiff muscles, chronic rheumatism, gout, lumbago sprains and strains it gives quick relief. Sloan's Liniment reduces the pain and inflammation in insect bites, bruises, bumps and other minor injuries to children. Get a bottle today at your druggist, 25c.

**RECEIVES VALUABLE CLOCK**

H. M. Jones, of The Ledger, received a large clock this week, which he values very highly, both for its real and intrinsic value. The clock is the hand work of Mr. Jones' father, who died a short time ago, and was made just before he died. The clock is about six feet high, and is hand made from the best material and fitted with works that will make it a useful time piece for many years to come.

**A BEAUTIFUL COLOR.**

Why use a black, nasty, bad-smelling disinfectant when you can get Ross' "Dead Quick" Spray? It is delightfully clean, and will positively kill all insects. Use it in your home, on your vegetables and on your stock. Sold in Ballinger by Walker Drug Co.

**POSTMASTERS TO GET  
\$5 FOR RECRUITS**

WASHINGTON, Nov. 25.—Postmasters are to lend assistance to the United States Marines in the securing of recruits and will be paid \$5.00 for each accepted applicant, according to an official announcement made by the Major General of that organization.

Hereafter the military-looking youth who appears at the post office may fail to be attracted by the gaily colored poster depicting the life of a Marine, but he can scarcely escape the appraising eye of the postmaster or the latter's query: "say, young fellow—why don't you join the Marines?"

Doubtless, the young man with military inclinations will bring little apprehensive shivers to his sweetheart when she suspects his frequent conversations with the postmaster are relative to the arrival of departure of "males."

**GREEKS WILL GO TO

ATHENS, Nov. 25.—The Greek provisional government, headed by Venizelos, has declared war on Bulgaria.

**SALE OPENING  
ATTRACTS CROWD**

Football was not in it with the bunch of boys who pulled feather at the "chicken picnic" put on at the opening of a special sale of the Melton Dry Goods Co. Quite a crowd gathered to see the fun and watch the balloon ascension. King Cole, who is in charge of the sale, used a large megaphone and announced from the top of the building the object of the funny features of the sale, and designated white chickens for the ladies and the colored chickens for the men. One chicken at a time was pitched from the building and great was the scramble.

Following the balloon ascension and chicken picking the doors of the store were opened and the firm has been doing a good business throughout the day.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous surfaces of the system. One Hundred Dollar reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

**GOETZ-WESSELS**

Will Goetz, one of the prominent young farmers of the Olfin country and Miss Gertie Wessels, of the Hatchel country, were united in marriage last Wednesday at the home of the bride's parents near Hatchel.

The Ledger joins many friends in wishing for the happy young couple a long, prosperous and happy married life.

**CELEBRATES HER  
110 BIRTH DAY**

WAXAHACHE, Tex., Nov. 25:—Mrs. Narsis Burns, born when Thomas Jefferson was president of the United States, will celebrate her 110th birth anniversary tomorrow. Her three daughters, the eldest of whom is 89, and many of her 110 grand and great-grand children will be at the celebration. Mr. Burns died thirty years ago.

Born in Madison county, Tenn., Nov. 26, 1806 the now Mrs. Burns, whose maiden name was Yarbrough, moved to Texas with her father's family at the age of ten. She has lived in the Lone Star State since. Her earliest memories go back to the time of her arrival. She married John Washington Burns, a veteran of the Texas-Mexican and the Mexican war of 46-48. He later fought on the Confederate side in the Civil War.

Mrs. Burns is visiting relatives in Houston. She made the trip from this place to Houston a few days ago alone, and walked five blocks after she arrived at the latter city, and after making the transfer on the street car alone. She stated that she enjoyed the walk, and was feeling fine.

**COMMUNICATION IS CUT;  
TOWN IS SURROUNDED**

**SCHOOL CHILDREN  
AS HEALTH CRUSADERS**

In order to interest the 20,000-000 school children of the United States in the Anti-Tuberculosis Campaign, the boys and girls will be organized into Modern Health Crusaders, a new society being formed under the direction of the National Association for the Study and Prevention of Tuberculosis and announced in a bulletin issued today.

Any boy or girl in the United States, not less than 5 nor more than 18, who sells or buys at least 10 Red Cross Seals, and who agrees to the Crusaders Health Rules, will receive a certificate of enrollment. When he sells 25 to 50 Seals, he gets a button and becomes Squire, and when he reaches 100 to 200 Seals, a silver pin with the rank of Knight. Those who sell 500 Seals get a gold pin with the rank of Knight Banneret. Leagues of Modern Health Crusaders will be formed in connection with schools, churches and other organizations. These will become part of State Legions and later of the National Legion.

"The object of these organizations," says Chas. M. DeForest, National Red Cross Seal Sales Manager, "is not to secure money for the Anti-Tuberculosis movement, but rather to give the children definite tasks whereby they can help the Health Campaign. Every boy and girl must promise to try his best to keep the following rules:

"1. Always breathe fresh air. Never study, work nor play in a room without a window open. Take ten deep breaths every day.

"2. Eat nourishing food and chew it thoroughly. Drink plenty of pure water and use your own cup. Avoid food that is hard to digest, like heavy pie and cake and much candy. Never eat nor drink anything that weakens the body, like alcoholic drinks.

"3. Make sure that everything you put in your mouth is clean. Wash your hands always before eating and bathe your whole body often. Clean your teeth every day. Have a regular time every day for attending to each need of your body.

"4. Exercise every day in the open air. Keep your shoulders straight. Do not smoke before you are grown up.

"5. Get a long night's sleep. Get up smiling. Keep your mind clean and cheerful.

"We hope to give the local leagues other work to do during the year as, for example, in clean-up campaigns; distributing literature, swatting flies, etc. As these leagues will all be a part of regular anti-tuberculosis association, we shall all be multiplying organizations needlessly, but rather we shall be crystallizing an already well defined public health enthusiasm in a way that promises real results."

The National Association for the Study and Prevention of Tuberculosis, 105 East 22nd Street, New York, will send a circular on organization of Modern Health Crusaders to any one on request.

**CHRISTMAS SHIP AT  
BROOKLYN TERMINALS**

NEW YORK, Nov. 25.—Boxes, bales and bundles of supplies to form the cargo of the American Red Cross Christmas Relief ship for the benefit of Syrians were arrived at Red Cross Bush Terminal in Brooklyn today—the last day of their availability. The Relief ship is to sail for Beirut, Syria about December 1. The shipment will be chiefly clothing. Persons who intended to make gifts but delayed too long still have opportunity. On account of the fighting on the Somme immense stores of hospital supplies are needed. Money donations made the Red Cross for these supplies will be applied promptly.

EL PASO, Nov. 25.—The Villistas resumed their attack on Chihuahua City at day break this morning. The city is now entirely surrounded by bandits and the attack is being made from every side. In addition to the main attack a separate column of bandits are seeking to dislodge the Carranza artillery from Santa Rose Hill, dominating the city from the south. Hand to hand fighting is underway. Carranza officials at Juarez believe that today's fighting will decide the city's fate. All communications was cut at an early hour this morning, shortly after a wire report brought the news to El Paso that the Villistas were attacking from east, northeast with the artillery attack on the hill from the south.

**BULLISH COTTON TALK.**

All sorts of ideas prevail as to the amount of cotton likely to be delivered on December and on January contracts. Some believe it can be done only at a loss; others believe the south has been selling for several months with the expressed intention of making tenders.

A well known cotton man said late yesterday, America would soon wake up to the fact that she is over-exporting herself as to cotton and that a general howl will soon come from the American spinners and consumer for an embargo on further shipments.

Not a few old time men are of the opinion that trouble is piling up of commodities are soaring, others believe we are in a new era and prosperity of a character never before dreamed of is with us, to continue for five to ten years—maybe more.

The government crop estimate to be issued early next month—what will it be? Already the cotton trade is beginning to look forward to this important time for this will be about the last important report to be issued by the government on the crop of 1916-1917.

Don't hurry about doing your Christmas shopping. The later the shopping the shorter the stock and you can save your money.

We are in receipt of a circular headed "Consumption of Liquor Steadily Increases Notwithstanding Spread of Dry Territory." If this is true the liquor interest made a big winning in the recent election.

A Waxahachie lady will celebrate her 110th birthday tomorrow and she says she is feeling fine. We know some people who are on the ragged edge of life who are not one-third as old. There is a

difference in the way people live, as well as die.

Better roads have a brighter prospect in Runnels county. The people are waking up, and have at last realized that the better the roads the better the living. No community can make good progress traveling over bad roads. Watch the improvement.

A young lady living not over a thousand miles from Ballinger came to town on a bale of cotton recently, and fearing some of her friends might see her and make fun of her, she asked the driver to let her off the wagon when she reached the outskirts of the city. The young lady misjudged her friends. Any one who can ride to town on a bale of cotton in this day and time can not be immune to the "big head."

Our friends who never lived in the hot bed of National politics can not understand why the Democratic party could spend so much money in the recent campaign. It is a one sided question with us, and the spending of a cent in behalf of the democratic ticket in this country is not necessary, but when we are reminded that the republicans spent over three million dollars to elect Hughes, we can readily realize where Woodrow would have been had not the loyal democrats also put up.

WITH YOUR HANDS TIED by some chronic "female complaint" or weakness, what can you expect? There's nothing you can accomplish—nothing you can enjoy. And no good reason for it. Doctor Pierce's Favorite Prescription will cure you, safely and certainly, if you'll give it faithful use. For every one of these womanly troubles, this is the only remedy: In periodical pains, bearing-down sensations, organic displacements, and every kindred ailment, and in all the nervous disorders caused by functional derangements.

Mrs. FANNIE HARRISON, 202 South Hill Avenue, Dallas, Texas, says: "This is to certify that I have used Dr. Pierce's Favorite Prescription and I know it is good for it sure did straighten me out. I was where I could not do my work. I lay around all of the time. It was recommended to me by a friend. Will say to those who are suffering in any way from female trouble to take the 'Prescription' and it will straighten them out." Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

Miss Susie Rogers left at noon Saturday for Miles and will begin her school at Sweet Home, near that place next Monday.

OLDEST----BIGGEST----BEST

To the "Old Settlers" the drug store of J. Y. Pearce needs no introduction. We have been in business here before the city was a two year old. We have made a success from the beginning. We have believed in the business, in the people and in the country. Our friends have believed in our integrity, our quality of goods and our prices. It has always been our aim to carry the goods the people want. When one is sick he wants dependable drugs. There is where confidence plays a part. He naturally turns to the druggist who has the established reputation. Now, in this store we have two graduates of colleges of pharmacy, which by the way, are the only graduates in the city in this work. It is their profession. They know drugs, know their actions and effects. If poisoned, they know the proper dose and antidotes.

A great responsibility is attached to a drug store, so we put men at the head of our prescription department who are not surpassed by any one in Western Texas.

Some More Nowadays a drug store to be up to date must handle goods other than drugs. So in order to keep to the front, as has always been our motto, we are in a position to furnish the best fountain drinks in the city. We make a specialty in this line, and the crowd that keeps our "soda jerkers" busy until late at night is the best proof that can be offered. We have always kept school books, being the state agent for school books enabling us to keep the biggest stock in the county. So you can depend on finding the adopted books at this place.

Have you an ear for music? Then this is the place you should like to. Violins, guitars, accordions, and other instruments are always kept in stock. But the Victrola, (talking machines) are the instruments that bring the real pleasure. No home should be without one. We have them from \$15 to \$100. Come in and hear them.

About this time of the year one begins to think about window glass. We have that too, in all sizes. In the fall the women folks commence brushing up a little about the home, using a little paint, or putty or new wall paper. We carry a good line of cheap papers and think we can please them. Come in and see us when in the city, and warm your toes by our stove and make yourself generally at home.

### Weekly letter to Church Members:

Dear Friends: Let you and the public who read these letters think all church members need a "jacking up," we want you to know that there is a class among you who are a delight to all, namely, the faithful minority. There are members who ought to get off the church rolls, or be put off; there are members who make the church a second or third rate matter, but you faithful minority are appreciated for your intrinsic worth. You are at your post "rain or shine"; whether you "feel like it" or not; whether the crowd goes or is absent; whether the movies have a "Billie Burke"

or not; whether the preacher and other members are perfect or imperfect; in a word, you can "be placed" and depended on under any and all circumstances. Were the churches full of your kind, they would make "things hum". You are admired by people of the world, and by your indifferent fellow-members and are a delight to your preachers. But the highest reward is the favor and approval of your Master, to whom you are faithful. Some of His most gracious words are to the faithful, while He promises the richest reward of Heaven. Words of too great commendation can not be said of and to you. XYZ.

## Hope Almost Abandoned When She Found Remedy

Dr. Caldwell's Syrup Pepsin Relieves Chronic Case of Long Standing.

After a long period of suffering with liver and bowel trouble that brought on piles, in which she had tried many remedies with out obtaining relief, Mrs. Mary J. Jewell, of Berrien Springs, Mich., heard of Dr. Caldwell's Syrup Pepsin and obtained a bottle from her druggist. This simple, inexpensive laxative compound brought almost immediate relief and Mrs. Jewell wrote to Dr. Caldwell about her case.

In her letter Mrs. Jewell says, "I had tried so many things for the piles, without being helped at all, I had about given up hope of ever being any better. I knew it was the condition of my bowels that caused them, and after I had taken a bottle of your Syrup Pepsin I knew it was just the medicine I needed. I am very grateful to you for sending me the little book—the advice and instructions it gives would teach anyone how to get well and how to keep well." Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, free from opiate

or narcotic drugs, and is mild and gentle in its action, bringing relief in an easy, natural way, without griping, or other pain or discomfort. Druggists everywhere sell Dr. Caldwell's Syrup Pepsin for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

made by Thomas King, engineer, and recorded in the deed records of Rannels county, Texas.

And on the 5th day of December, A. D. 1916, being the first Tuesday in said month, between the hours of ten o'clock a. m. and four o'clock p. m. on said day, at the court house door of said county, I will offer for sale and sell at public auction the above described real estate to the highest bidder for cash as the property of said Jo Wilmeth.

 More room—112-inch wheelbase.  
 Greater comfort—long, 48-inch cantilever rear springs and 4-inch tires.  
 Greater convenience—electrical control buttons on steering column.

These are tremendous advantages over anything to be had in other cars that sell for anywhere near as low a price.  
 And they make it hard for us to keep up with orders.  
 The factory has never yet caught up with the demand.  
 You ought to own one of these cars—nothing else so big and fine for the money.

 By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. W. Baker, of this place, "with sick headache, and stomach trouble."

AUTO NUMBERS AN INDEX TO PROSPERITY.

Can we take auto number as an index to prosperity? Brown county issued auto number 1000 this week, Rummels county passed the 1000 number several weeks ago and the increase has averaged two cars per day, running the number up to 1100. Brown county has several thousand more people than Rummels county has—at least it is supposed to have. Prosperity some times sets the pace for progress, while poverty prevents.  
 Now Lookout  
 When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, look out for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia, or consumption. Cure your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter. Obtainable every where.  
 Mr. Steele, of Gonzales, who had been here and bought land in the Winters country, passed through Ballinger Friday en route home to wind up his affairs preparatory to moving to Rummels county to make home for the future.

**THE WOMAN'S MISSIONARY SOCIETY.**  
 An opportunity is offered for much Home Mission work in the coming of many of our students from the McTyre school, Shanghai, China, to the United States. Wherever these students locate in the South, missionary workers should help them to see the best of American life.  
 The steamer China brought fifty-one students among its other passengers, these students were sent to our universities and colleges on the indemnity fund. Four of them are graduates from our

McTyre school, Shanghai. Two are destined for Bradford, Mass. Two others from McTyre were sent by their parents, one to Blerline, Ohio, and the other intends to go to New York. One of the most interesting of these students are Miss Elizabeth L. S. Sze, a graduate of the nurse training school, Mary Blach Hospital, Soochow, who gained a scholarship in the Rockefeller Foundation and who is on her way to the John Hopkins College, Baltimore. She is a very bright woman and will, no doubt make her mark in the world. She talks English perfectly. There were forty other students in the party. These students went by special train to Chicago where they will separate, to go to their several destinations. The party was in charge of Dr. and Mrs. L. T. Wongs, Mrs. Wong was one of the first seven girls to enter McTyre. She has four daughters there now and believes in McTyre.  
 The Woman's Missionary Society meets at the Methodist church on Monday afternoon at four o'clock

**\$50 REWARD OFFERED FOR DOG KILLER**  
 City Marshal John Champion this morning said that during the past few days several fine dogs have died as a result of strychnine poisoning, and a reward of \$50 will be paid for the arrest and conviction of the guilty party or parties.  
 According to the city marshal, most of the dogs which have been poisoned were of fine blood, including collies, bull dogs, bird dogs and other breeds. Some of

the dogs which were poisoned were saved by prompt medical treatment, while others died before their condition was noted by the owners.—Brownwood Bulletin.

Help Nature Do It

Don't you see how she is working to get rid of your colds and catarrh? The effort continues all the time, but in hot weather you catch a fresh cold every day or so, add to the catarrh in your system, and soon it is chronic—systemic.  
 Your digestion suffers, you have trouble with stomach and bowels. Get at the real disease. Clear up catarrh, and the other troubles will disappear.

Aid With Peruna

Peruna is a good tonic, with special efficacy in catarrhal conditions. Build up your resistance, and at the same time treat the catarrh. Supply nature with more vigor, give your body a chance to get well, and summer will not annoy you. The healthy man defies the weather.  
 Peruna has helped make countless thousands well in the last 44 years.  
 Use it yourself. Tablet form is very convenient for regular administration.

Don't Neglect Your Cold

Neglected colds get worse, instead of better. A stuffed head, a tight chest, must be relieved at once. Dr. Bell's Pine-Tar-Honey is Nature's remedy. Honey and glycerine heal the irritated membrane, antiseptic tar loosens the phlegm, you breathe easier and your cold is broken up. Pleasant to take, Dr. Bell's Pine-Tar-Honey is an ideal remedy for children as well as grown-ups. At your druggist, 25c.
