Sufferers from Backache, Rheumatism, HOW GOOD ROADS Lumbago and Kidney Trouble.

Before an Insurance Company will take a risk on your life the examining sician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is dis-turbed two or three times a night. This is the time when you should consult some physician of wide experience—such as Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Send him 10 cents for large trial package of his new discovery—"Anuric." Write him your symptoms and send a sample of urine for test. Experience has taught.
