**GET 10 NEW MEMBERS  
AND ELECT OFFICERS**

At its regular meeting Friday night the W. O. W. passed on applications for ten members. The applications were approved, the candidates elected to membership in the order and will be received at some future meeting. It was one of the successful meetings of the local camp, which has the largest membership of any local secret order.

J. F. Lusk was re-elected clerk of the local camp for the eleventh year, having served in this capacity in a way that has kept the lodge growing for more than ten years. All officers for the ensuing year were elected at the Friday night's meeting, and are as follows:

C. H. Midgley, C. M.; W. E. Brooks, A. L.; R. E. Willingham, banker; J. F. Lusk, clerk; A. H. Hill, escort; W. S. Harmon, watch man; A. Wilke, centry; Drs. A. S. Love, Fowler, Douglass, camp physicians; O. P. Dorsey, J. R. Holloway, managers.

**SECOND ACCIDENT IN  
COLEMAN FAMILY**

(Coleman Leader)

Clark Hubbard, while on a hunting trip last week received a load of No. 4 shot in his lower bowels that resulted in his death Saturday at the Sanitarium in Ballinger where he was carried for treatment. The accident happened when he pulled his gun from under his bed.

Saturday morning his brother went to the pasture to drive up the stock and the horse he was riding stepped in a hole, fell, and the mixup the rider's leg was broken near his thigh.

Clark Hubbard's funeral was held Sunday, interment in the City Cemetery. The parents, W. A. Hubbard and wife are almost prostrated with grief. They have the sympathy of every one.

Mr. and Mrs. J. P. Knight of the Winters country, were shopping in Ballinger Saturday.

## WAR CHIEF QUITTING HIS JOB

LONDON, Dec. 2.—The rumors that David Lloyd George was packing his belongings in his office were published in the Evening News here today and supports the report that he is preparing to resign as minister of war. A number of London newspapers declare the coalition in the cabinet is facing a crisis which is likely to result in a dissolution. The cause for the trouble is believed to be that the present cabinet is too cumbersome.

## REVOLUTION BREAKS ANEW IN MEXICO

EL PASO, Tex., Dec. 2.—Gen. Gonzales at Juarez announces this afternoon that a heavy column of Carrancistas under Gen. Murguía reached Chihuahua City during the night and immediately surrounded the city on two sides, and is moving under orders to attack the city at daybreak and fight to drive Villa out. Simultaneous campaigns will be started in all parts of Mexico.

Simultaneous with the fall of Chihuahua City and the success of the Villistas at that place, campaigns in all parts of Mexico were started by the revolutionists, according to official advices received here. The followers of Zapata, Felix Diaz, Robles and other revolution leaders it is alleged have taken Orizaba, Puebla, Cuernavaca and Salina Cruz.

**ADDS ANOTHER TRAIN  
TO WINTERS JITNEY**

W. E. Brooks, the auto carrier between Ballinger and Winters, has put on a new Studebaker car to take care of his increasing business, and says he has his auto well equipped with heaters, etc., to make the trip comfortable.

This means a double-header auto service between this town and Winters.

Rev. M. C. Golden left Saturday at noon for Mereta, where he will fill his regular appointment Sunday.

## LUNATIC THREATENS LIFE OF PRESIDENT WILSON

## GREEKS AND ALLIES HAVE ARMISTICE

LONDON, Dec. 2.—The allies and Greeks at Athens have agreed upon terms for an armistice. Constantine agrees to deliver six mountain batteries and Admiral Fournet agrees to withdraw the allied forces from the capital pending the referring of the agreement to the allied governments.

Mrs. Jim Howard returned home Saturday at noon from an extended visit to several points in the state.

## 64TH CONGRESS CONVENES MONDAY

By United Press.

WASHINGTON, Dec. 2.—Five hundred members of Congress, with hundreds of camp-followers in their wake, invaded Washington today singly and by groups to take up the business of the nation at noon Monday.

Downtown hotels were filled to capacity with the law-makers, their helpers and the usual gallery attracted by the glimmers of an opening session of Congress, featured by a personally delivered message from the President.

The Capitol is newly washed and renovated to receive the members. Washington, used to being a news centre for legislative and political news, brightened up at the prospect of a lively, if short session between tomorrow and March 4th, when will sound the swan song of the sixty-fourth Congress.

While many older Representatives and Senators in the confidence of their office had established permanent homes here, and were able to go at once to their domiciles, others, dependent on hotels for accommodation, scrambled with the ordinary public for rooms, and the attendant three-day.

Since the close of the memorable session of last summer, climaxed by the passage of the Adamson eight-hour law, the Capitol's legislative building has been inhabited principally by mice and clerks, busy here while the members back home rebuilt political fences or found them past rebuilding. In the Senate and House office buildings, the chief activity had been the swishing of painter's brushes. In the Capitol, the Supreme Court was the only active agent except the Capitol guides.

Seventeen Senators are attending their last session. W. F. Kirby, named to fill the unexpired term of the last Senator Clarke of Arkansas was expected to be about the only novice in the Senate until March 5th. Eulogies of Senator Clarke, who died during the recess, were expected to be a part of the Senate business tomorrow or next day.

Miss Jeanette Rankin, Representative-elect from Montana to succeed Rep. Tom Stout, was the subject of much discussion. She is not here, as her term will not begin until next session—but members could not wait. They faced—such of them as will come back—the prospect of getting a long for two years, with the first woman ever elected to Congress—without making any breaks. One question as yet undecided is whether she will be called the "Lady from Montana," and Representative Stout, whom she succeeds faced incidentally the hardest assignment of all—alibing himself for defeat by a woman.

## AMERICANS ESCAPE FROM CHIHUAHUA

WASHINGTON, Dec. 2.—All Americans made their escape from Chihuahua City before Villa made his attack on that city, according to reports brought to state department representatives on the border by refugees arriving at different border points today.

Refugees say that ample warning was given to all foreigners to get out of the city before Villa took charge, and it is not believed any foreigners except two Chinamen were killed by the bandit chief. Villa ordered his troops not to do any looting when they captured the city, and this indicates that he hopes to re-establish himself as a leader in Mexico.

**Christmas Ship Sails Today.**

New York, Dec. 2.—A United States naval collier full of food and clothes and good Christmas cheer for the destitute and hungry Syrians and Armenians sailed from this port today. It is expected to reach its destination in the midst of the holiday season. The cargo of the Christmas ship was assembled by the American Red Cross and the Red Crescent associations working with the Syrian & Armenian relief committee.

In the mention of the change in the City Garage the new owners are Roy Halstead and A. C. Howard. The mistake was made in the names in the first write up.

## WILSON INVITES BRYAN TO LUNCHEON

WASHINGTON, Dec. 2.—President Wilson has invited William J. Bryan to take luncheon with him at the White House. Mr. Bryan is to attend a dinner here that evening to be given in his honor by democratic members of the senate and house. The president has been invited, but has not yet accepted.

Mr. Bryan came here today and attended a luncheon given in his honor by Secretary Daniels. The usual Friday cabinet meeting was cancelled to permit members of the cabinet and Secretary Tumulty to attend.

Invitations have been sent out by the president for a dinner Dec. 7, at the White House in honor of Vance C. McCormick, chairman of the democratic national committee. To this dinner members of the democratic campaign committee and of the associate campaign committee of progressives have been invited. The dinner will be in the nature of a celebration of the democratic victory at the last election.

DALLAS, TEXAS

December 1st, 1916.

LIVE OAK WON ALL FIRST PRIZES.

Miller Mercantile Co.,

Ballinger, Texas.

Gentlemen:

We feel sure you will be glad to know that in the baking contest at the Texas State Fair just closed, the housekeepers who used our LIVE OAK flour were awarded every first prize offered.

As usual contestants were permitted to use flour made anywhere in the world, and practically every flour made in Texas, Missouri, Kansas, Colorado Oklahoma and other states was used by some of the contestants, but the prizes, which were as follows, were won by those who used LIVE OAK.

1st, 2nd, 3rd prize	Salt Rising Bread:	1st, 2nd, 3rd	Angel Food Cake
" " "	Yeast	" " "	Silver
" " "	Rolls	" " "	Cocoanut
" " "	Brown	" " "	Caramel
" " "	Raisin	" " "	Sponge
" " "	Nut	" " "	Nut
" " "	Biscuit	" " "	Chocolate
" " "	Ornamental Cake	" " "	Gem
" " "	Pound	" " "	Jam
" " "	Layer	" " "	Fruit
" " "	Tea	" " "	Doughnuts

We wish you could have seen the extensive displays of Bread, Rolls, Biscuits and Cakes that was entered; two cake prizes being awarded to a contestant from Oklahoma, who of course, used LIVE OAK.

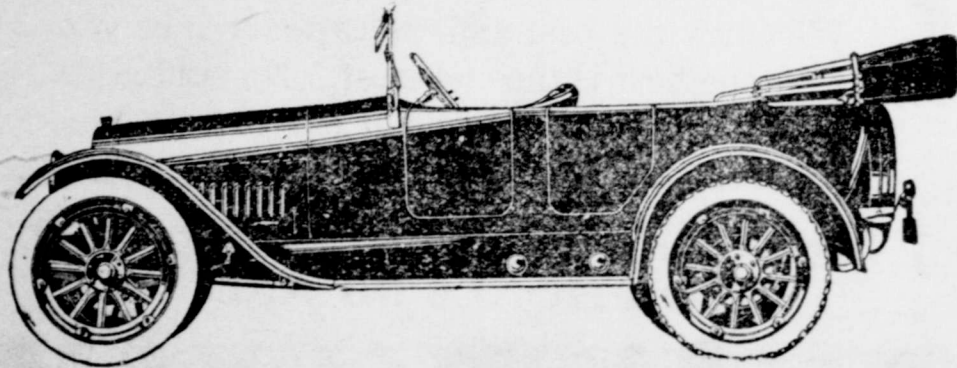

This latest victory coming after the eighty-eight prizes won by those who used LIVE OAK in the State Fair contest 1915, and forty-one prizes won at the State Fair contest 1914, and all prizes offered at the National Corn Exposition 1914 confirms our judgement in erecting here at Dallas what is conceded to be the finest milling plant in the world.

Yours truly,

STANDARD-TILTON MILLING CO.

A. W. Sledge Editor

Certainly, charity should begin at home.

Turkeys are cheaper and the poor folks may yet have an opportunity to be "thankful."

We have a lost auto crank at our office. We would advertise the crank but there are so many auto cranks we are afraid we would be worried to death with inquiries.

A comparison of the bank statements of the banks of Runnels County and the banks in Tom Green County, show that the difference is too small to mention, with more cash per capita in Runnels than in Tom Green. This is not a boast, just a little news item of interest.

The Kaiser has given President Wilson a set of books for Christmas present. The books are en route and will be presented to Mr. Wilson in due time. The title of the books has not been announced, but perhaps there will be a treatise on "how to successfully shoot 'em up."

Charity should begin at home and begin now. Some people are more fortunate than others. It is the duty of the fortunate to help the unfortunate. You are not immune to misfortune. You haven't a corner on the prosperity of this country. Greater fortunes than yours have crumbled in a fortnight, and rich men have been buried in paupers' fields. You had better give while giving is good. The charity committee needs the cash. It will be used advisedly and economically. Dig up.

CONSOLIDATION.

The two weekly newspapers at Dublin, The Progress and The Telephone, have consolidated and will in the future be issued from The Progress shop. public to a better advantage.—Coleman Democrat-Voice.

The hyphenated name of Democrat-Voice indicates that there has been some consolidating at Coleman once upon a time. With everything used in the printing business doubled in price, and the end not yet, there is going to be some more consolidating in the small towns of Texas. In order to stay in the field newspapers must be newspapers, and it certainly requires the real cash to keep the business going.

DISGRACING THE WHITE RACE.

Many complaints have been made recently of robberies being committed in Niggertown. Regrettable to state, most of these complaints have been made by white men. This is a deplorable condition. If white men will persist in commingling with the degraded class of blacks they ought at least keep their troubles to themselves. Abilene humiliation. Some night some white man is going to be killed in that district and then the city will rise in its wrath and make a monkey of itself to its shame, for all time to come.—Abilene Times.

More than once such cases have been brought to the attention of the Ballinger officers by some man who has stooped to the lowest level of immorality. Such men do not deserve the protection of the law, and should be ostracised from decent society.

"Xmas" should be banished as "XMAS"

an abbreviation of "Christmas." The abbreviation is senseless, in the first place, and in the second place an attempted abbreviation of such a word as Christmas is manifestly improper.—Brownwood Bulletin.

Let us pause long enough to consider this thing. The habit of using the abbreviated form is bad form, but there is a strain of poetry about the real meaning that is hard to get away from. We are told that X stands for Christ; X stands for the Greek letter Chi, which it resembles in form and which is the first letter in the Greek equivalent for Christ. Another way to look at it is that X stands for the Cross on which Christ was crucified, hence literally the meaning is Crossmass. All the argument in the world, aered or profane, cannot make the abbreviated form anything but bad taste, however, so let us all vower to be so lazy as to take refuge in so unbecomful a dodge.—Abilene Reporter.

We fail to see much of poetry or good taste in the use of 'Xmas' Even if "X" could be used as an abbreviation of the word 'Christ,' the fact remains that it is improper to attempt to abbreviate such a word, and if it is granted that the "X" signifies the cross on which Christ was crucified, it still is not appropriate for use in

BACKACHE, SWELLING OF HANDS AND FEET.

Dear Editor: I appeal to those of your readers who are bothered with backache and a constant tired feeling to give 'Anurie' a trial. It has been recently discovered by Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. I suffered from backache, swelling of hands and feet, too frequent excretion from the kidneys and many other symptoms. Was unable to work, but after taking just one box of 'Anurie' according to directions I am again able to perform my daily duties. (Signed) W. R. BAXY. NOTE.—If you've never used the "Anurie," cut this out and send 10 cents to Dr. Pierce for a large sample package. This will prove to you that "Anurie" is 37 times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector, as well as relieving pains of rheumatism, lumbago, neuralgia. If you are a sufferer, go to your best druggist and ask for a 50-cent package of "Anurie."

the word "Christmas." For at Christmas we do not celebrate his death on the cross, but his birth in the Bethlehem manger.—Brownwood Bulletin.

Why abbreviate the name that stands for so much in this world? We are given too much to abbreviations—too many people abbreviate everything they undertake to do, and many lives that could be otherwise useful in this world are abbreviated.

Mrs. S. J. Carpenter left this afternoon for Houston and Humble to visit her son and daughter and other relatives for several weeks.

Sloan's Liniment for Neuralgia Aches

The dull throb of neuralgia is quickly relieved by Sloan's Liniment, the universal remedy for pain. Easy to apply; it quickly penetrates without rubbing and soothes the sore muscles. Cleaner and more promptly effective than musky plasters or ointment; does not stain the skin or clog the pores. For stiff muscles, chronic rheumatism, gout, lumbago, sprains and strains it gives quick relief. Sloan's Liniment reduces the pain and inflammation in insect bites, bruises, bumps and other minor injuries to children. Get a bottle today at your druggist, 25c.

HOW'S THIS FOR "REP?"

There is an old joke about a Ford car being able to run 20 miles on its reputation. We don't know how far Anderson car can run without gasoline, but it is a fact that Dr. Guyton drove his Anderson roadster three miles Sunday afternoon before he discovered that he had lost his gasoline tank.

Accompanied by R. B. McClure, Dr. Guyton drove in from Llano about three o'clock Sunday afternoon and stopped on the square and when they started to move some bedding from the rear of the car they discovered that the gasoline tank was gone, but soon a man drove up with the missing tank and said he found it three miles out.

Presuming that if his car had run three miles without gas it would go further, Dr. Guyton got in and cranked her up, and drove on around to the garage where the tank was replaced.—Brady Sentinel.

That's nothing; we could tell you about the Ballinger man who presented his wife with a certain kind of car—"standard make," almost a year ago, and after driving the car a distance of some thousands and odd miles over Runnels county roads without a puncture and without replenishing this air, he discovered that the air in his tires was petrified. But, what's the use, you wouldn't believe it.

**SUGGESTIONS FOR SETTING OUT TREES**

S. B. Howard, manager of the Daniels County Improved Pecan Nursery, is sending out a valuable little folder on how to transplant trees. Mr. Howard is busy now filling orders for pecan trees, and with each shipment, or invoice mailed out he encloses one of the folders which should prove useful to those who are putting out trees. Mr. Howard established his pecan nursery here two or three years ago, and he has by the process of grafting from the very best pecans grown, and introduced pecans that are acclimated and will no doubt be of great benefit and profit to those who plant out pecan trees. Following is the suggestions offered by Mr. Howard

for transplanting: Dig a trench one foot from the tree, entirely around it, six inches wide and four or five inches in depth, put an inch or more of good manure in bottom of the trench and apply water freely. This will not only supply moisture, but will carry the fertilizer in soluble form within reach of growing roots and stimulate their growth. When ground in trenches dries out sufficiently to crumble when stirred with the hoe fill the trenches with the soil covering the surface with dry dirt to a depth of about two inches. Keep the dirt immediately around body of the tree well stirred. Never water around stem of tree, and water in same manner as soil becomes dried gradually working the trenches outward as trees make growth.

I have had best results in setting out both Pecan and Fruit Trees where the following method has been employed: dig hole 2 feet

in diameter, 2 feet deep, fill nearly to top with good surface soil, then water thoroughly, and let stand till the soil in hole is well dried out but still moist. When ready to set the trees throw out dirt sufficient to let trees one or two inches deeper than they grew in the nursery. With a sharp knife cut all roots back to fresh wood making a sloping cut on bottom side of each root so that the fresh cut surface may come on under side of the roots. Straighten out roots separately, packing dirt carefully with hands around and under the roots. Pack dirt firmly as you go, leaving no air spaces in the soil. Fill hole to three or four inches of the top, fill with water, and allow it to settle around the roots. When well settled, finish filling around tree with good soil, lightly packed in, leaving ground a little higher in the center, and around the body of the tree. This finishes the setting out of the tree.

When about to buy an article such as a range that plays an important part in the daily routine of the home, it pays to examine it carefully and be sure you are getting the best range value. A range expert from the factory will, during the week commencing December 4th show you how the Majestic is built, why it lasts so long and why it is the best value. Van Pelt, Kirk & Maek.

Children take Ballard's Horehound Syrup willingly because it tastes nice. There isn't a better remedy anywhere for children's coughs, hoarseness, and bronchitis. It's a good medicine and easy to take. Price 25c, 50c, and \$1.00 per bottle. Sold by the Walker Drug Co.

Mrs. H. A. Bradley and son, of the Crews country, were shopping at Ballinger Friday.

Judge John W. Goodwin will retire just after the Christmas holidays. He will try the non-jury cases at the coming term of the Brown County District Court during the final three weeks of December. His successor, Judge Woodward, will take his seat on the bench at the opening of the District Court here on January 1st, next. Judge Woodward's first official service in his new position will be to empanel and charge the grand jury.

The many friends of Judge Goodwin in Brown county and the district, will be gratified to learn that he will open a law office in Brownwood, his home city, for active practice of his profession. It is not unlikely that Judge Goodwin will become associated in practice with some one or more of his colleagues of the local bar. He has not given out any information as to his plans, except that he will open a law office

in Brownwood.—Brownwood Bulletin.

Catarrh Cannot Be Cured with local applications, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Cure is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

No one would think of riding in a freight car if he could enjoy the comfort of a big, comfortable easy riding Pullman parlor car.

So with automobiles. Most of the popular priced cars ride like freight cars. This is due to the old fashioned type of spring.

Many manufacturers still continue to use them. The Overland does not. The 75 B Overland has the latest type of cantilever shock absorbing springs. As a result it is one of the easiest riding cars in the world. One demonstration will prove this. \$635 f. o. b. Toledo.

**BOOZY NEGRO WOMAN STARTS ROWENA FIRE**

Deputy Sheriff Armstrong was called to Rowena Friday, where he arrested a negro woman and brought her to Ballinger and placed her in jail and she is being held on a charge of burning a residence in that town.

As the story goes, the negro woman had imbibed a little too freely of San Angelo booze, and in a knock down and drag out with her husband, she used a burning lamp as a weapon. It is alleged that the first fire started from bursting the burning lamp on the floor of the house, was extinguished, and later the negro used another lamp in repeating the "stunt" and the house, a rent house owned by Ed Lehr and occupied by the negroes, was destroyed. Just a case of mixing booze and oil.

**Danger Signal.**

If the fire bell should ring would you run and stop it or go and help to put out the fire? It is much the same way with a cough. A cough is a danger signal as much as a fire bell. You should no more try to suppress it than to stop a fire bell when it is ringing, but should cure the disease that causes the coughing. This can nearly always be done by taking Chamberlain's Cough Remedy. Many have used it with the most beneficial results. It is especially valuable for the persistent cough that so often follows a bad cold or an attack of the grip. Mrs. Thomas Beeching, Andrews, Ind., writes: "During the winter my husband takes cold easily and coughs and coughs. Chamberlain's Cough Remedy is the best medicine for breaking up these attacks and you cannot get him to take any other." Obtainable everywhere.

**GALVESTON, Tex., Dec. 1.**—Myron A. Kesner, superintendent of playgrounds at Dallas, will arrive here this week to deliver addresses before the Galveston playgrounds association and the Galveston Rotary club, on "Playgrounds work."

He was invited, following the exhibition here of the municipal playgrounds exhibit of the City of Dallas, shown at the state fair.

An organized system of playgrounds will probably be inaugurated here as a result of the efforts of the Galveston playgrounds association.

**Stop the First Cold**

A cold does not get well of itself. The process of wearing out a cold wears you out, and your cough becomes serious if neglected. Hacking coughs drain the energy and sap the vitality. For 47 years the happy combination of soothing antiseptic balsams in Dr. King's New Discovery has healed coughs and relieved congestion. Young and old can testify to the effectiveness of Dr. King's New Discovery for coughs and colds. Buy a bottle today at your druggist, 50c.

**COMMITTEE MAKES CALL FOR CASH**

The Charity Committee met Friday afternoon and perfected the new organization by electing W. B. Ray, Chairman, and C. R. Crews, Secretary, and Treasurer. Elmer Simpson and A. W. Sledge were appointed to canvas for funds and instructed to call on the citizens at once and raise a sufficient amount of cash to take care of the work during the winter. More than \$100 was spent last Christmas in providing the necessities of life, and it will require a greater amount this year, and the money will be distributed in such a way as to avoid imposition. The committee decided to go out in person and investigate all cases reported to them before paying out any money.

Those who wish to give clothing or food should notify some member of the committee or phone The Ledger office and your name will be turned in to the committee and some one will call for the goods. Cash subscriptions can also be phoned and a great deal of unnecessary walking saved. The committee begins its work with the collection secured at the Thanksgiving service which amounted to \$17.20.

**Weekly Letter to Church Members Dear Friends:**

Let me tell you how we may kill our preachers. It is a fact that multitudes of church members not only kill the minister's influence and aspiration, but also kill him mentally, physically and morally. Shall I tell you how?

1. Stay away from church, especially at night and when you think the crowd will be small.
2. Stay away from the prayer meeting, because you don't care to go there. The place of amusement, or the easy chair at home is preferable.
3. Stay away from the Bible School; you might have to stir a little to get there.
4. When the services are over hurry away without speaking a word of encouragement to the preacher.
5. When you get sick don't let him know it, and raise "merry cain" because he is neglecting you.
6. Always put an evil interpretation upon his words and acts that can possibly bear them, and then "whisper" these evil thoughts of yours to others.
7. Always have some excuse when he wants you to do a little work; that's what you pay him for.
8. Never pay him a visit at his home, but "take the roof off" if he doesn't come to see you very often.

9. Don't ever offer to help him in any way for he might think you were "butting in."

10. Act as cold and indifferent towards him as you can, and he will think you are dignified.

11. When he proposes an advanced method or plan that has been successful every where and that has the endorsement of your church, don't co-operate for it might cause you a little thought and effort, and besides "we never did it that way before."

If these doses fail to kill him, they will undoubtedly break him from effective preaching and force him to leave town.

The Bible Schools of all the churches give a hearty invitation to the men and boys on the streets, and in stores tomorrow at 9:30 a. m. to study the Bible with them.

**Colds Coughs Catarrh**

A trinity of evils, closely allied, that afflict most people, and which follow one on the other, in the order named, until the last one is spread through the system, leading to many evils. But their course can be checked.

**PERUNA CONQUERS**

It is of great value when used promptly for a cold, usually checking it and overcoming it in a few days.

Ample evidence has proved that it is even of more value in overcoming chronic catarrh, dispelling the inflammatory conditions, enabling the diseased membranes to perform their natural functions, and toning up the entire system.

The experience of thousands is a safe guide to what it may be expected to do for you.

## Special Demonstration and Sale

# GREAT MAJESTIC RANGES

"The Range With a Reputation"

For One Week Only

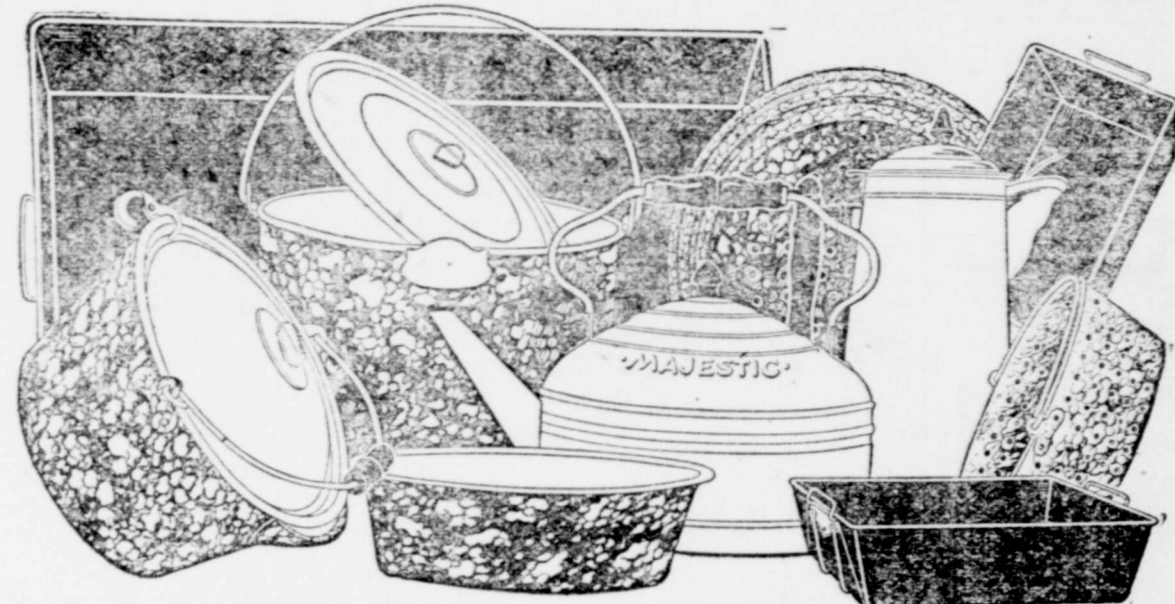

Commencing **MONDAY, DEC. 4th**

Special Factory Demonstrator, assisted by the Ladies' Aid of the 9th Street Baptist church—who will have charge of serving Hot Biscuit made from the celebrated Peace Maker Flour—and Hot Coffee of the deliciously flavored Club Lake brand.  
Keep the Date in Mind—Bring Your Friends With You.

During this week we will have a special demonstrator from the Majestic Factory to explain how the Majestic is made and why it is absolutely the best range; why it lasts longer and cuts down repair expenses; why it bakes bread evenly, top, sides and bottom without turning; why it uses so little fuel and saves food waste. He will explain its labor saving construction and why it heats an abundance of water good and hot—a mighty convenient and useful thing to have a big supply of hot water always on hand isn't it.

To buy a range by mail is almost certain to end in disappointment and loss of money. It may be "exactly as represented" yet not be what you thought it was nor what you wanted.

Here you can see every part of the Majestic—you know what you are getting before you buy. Decide now that you will discontinue using that old, worn-out range. You will save money in fuel, repairs and cooking. Buy a Majestic—the range with 25 year's reputation. The demonstrator will answer any questions relating to stoves.

## This \$8.00 set of Granite and Copper Ware FREE

As a special inducement during our demonstration week only, we will give with every Majestic sold, one handsome set of kitchen ware as illustrated. Every piece is the finest of its kind and the entire set cannot be purchased for less than \$8.00. The price of the Majestic remains the same as always and the quality of the stove is the same. This kitchen ware is an out and out present. See it at our store.

Everybody Welcome

Even though you do not want to buy a new range right now it will be worth your while to attend this demonstration and know all about the Majestic Range. You are placed under no obligation to buy.

## Children's Souvenir Day

Tuesday of Demonstration Week 3 to 5 p. m.

125 Majestic Aeroplanes FREE

FUN FUN FUN

Boys and girls, old and young, you can have a world of fun with the Majestic Aeroplane. It is easily made to fly from 10 to 50 feet in the air. You will all want one. Don't fail to get yours. The first 125 boys and girls who present to the Majestic Range Salesman, at our store, between 3 and 5 p. m. on Tuesday, written answers to the following questions will receive one of these aeroplanes FREE.

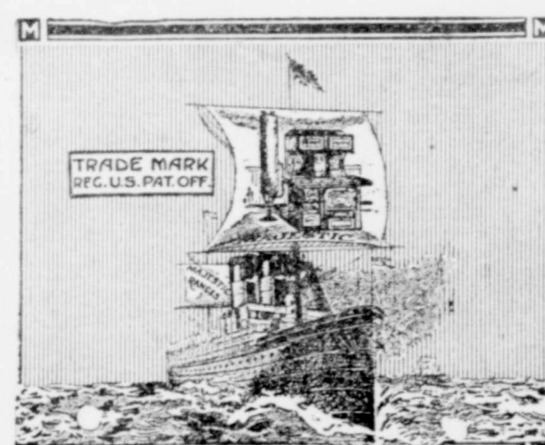

1. What is the name of your mother's range and how long has it been in use?
2. Give names of any persons you know needing a new range.
3. Why is the Majestic known as the range with a reputation?
4. What is your age?
5. When is your birthday?

\$1.00 Article FREE

The boy or girl giving the neatest and best answer to the third question may select any \$1.00 article from our stock in addition to the souvenir.

A prize for everybody

Don't be discouraged if you are not one of the 125 to get an aeroplane. You will receive a Majestic Puzzle Card that will afford you many hours of amusement. Be sure to have your answers ready to hand in at our store Tuesday afternoon, between 3 and 5. They must be written if you wish to receive a souvenir or prize.

## It's Easy Sailing When You Own a MAJESTIC RANGE

The Range with a Reputation should be in your kitchen. Some of the Real Reasons why: The Great Majestic is a perfect baker—absolutely dependable, every day, year in, year out. Built on honor, of best material, wears three ordinary ranges. Only range made of charcoal and malleable iron. Malleable iron can't break—charcoal iron resists rust 300 per cent greater than steel. Perfect Baker—Fuel Saver. All joints riveted practically airtight—allowing no heat to escape or cold air to enter—oven is lined with pure asbestos board—assures even baking heat, saves half of fuel.

GREAT MAJESTIC RANGE

—has all copper reservoir which heats through a pocket stamped from one piece of copper, setting against lining of fire box. Holds 15 gallons of water—by turning a lever, frame and reservoir move away from fire. An exclusive patented Majestic feature. Open end ash pan does away with shoveling ashes—ventilated ash pit prevents floor from catching fire—ash cup catches ashes. All doors drop to form rigid shelves. No springs. Malleable iron oven rocks slide out automatically, holding whatever they contain.
