GLASS MAKES BOND RELEASED FROM JAIL

San Angelo, Oct. 24.—Bond in the sum of \$25,000 granted the previous day in federal court by United States Commissioner Jesse Couch was furnished late Tuesday afternoon by Frank Glass of Rowena, who was charged with violation of section 3 of the espionage act. Securities to the bond were M. Feist, Guss Glass, a brother of the defendant, Frank Gerngross, H. B. Halfmann and Henry Kasburg, all residents of Rowena community.

The sums placed opposite their names amounted to \$70,000.

Glass will be required to appear in court here on the opening day of the April term. He was arrested at his home last Friday and placed in jail here the following day upon information that he had made disparaging remarks about the United States government and the conduct of the war. When arraigned in federal court Monday, he waived examining trial and was remanded to jail in default of bond.

CARD OF THANKS

We take this measure to thank the many friends who helped us so faithfully in our recent bereavement in the sickness and loss of our beloved son and brother.

May the good Lord bless you all in our prayer.

Mrs. Emily Pape and Children.

ITALIAN FRONT IS ACTIVE

Allies Smash Enemy on a Thirty Mile Front

Wilson Sends Commission To Allied Conference

Washington, Oct. 26.—President Wilson has delegated Col. House and Admiral Benson to go to Paris where together with General Bliss, they will attend an inter-allied conference. The conference has been called and all allies invited to send representatives for

TWO CORPSE SHIPPED TO PAINT ROCK

A young man by the name of Tillery, and a young man by the name of Glascock, died at the army camps and were shipped to their homes at Paint Rock for burial Friday. The remains of both of the young men, according to information received here were due to arrive in Paint Rock Friday afternoon.

Young Tillery was the son of Ashby Tillery of Concho county, and a grand son of Uncle Dick Tillery of this city. He had been in the army camp for several months, and died from the effects of influenza and pneumonia.

The allies launched an offensive today on a long inactive Italian front. The Italians and the British troops, according to unofficial reports received at London attacked along the Piave river on a front of nearly thirty miles.

In the center of the offensive launched today is the famous Plateau Ill Montello, where the Italians smashed the last Austrian offensive.

Four armies are said to be engaged in the offensive and the early reports indicate that the

allies are making good progress, smashing the Austro German armies at different points on the thirty mile front.

In Flanders the French have crossed the Lys Canal, capturing Deynze Courtrai road on a three mile front, while in Serre Valley the allies launched a new attack early this morning taking Vesles and Pierrepont.

For the British General Haig, reports that his men resumed fighting and the British took Venedeges Sur Ecailion. Gen. Haig reports that the British repulsed German counter attacks and advanced east of the last named village. The British also occupied Maig, driving the enemy out.

SECOND SOLDIER FALLS IN FRANCE

News was received by his relatives at Norton this week that Marvin Willis had been killed while in action in France. The news came in a letter from Fred Farmer to his mother, Mrs. F. M. Farmer. Fred Farmer stated in the letter that "poor Marvin was shot in the stomach by a German machine gun and only lived a little while." Up to this time the government has not notified the relatives of the death of Marvin Willis.

The letter received from young Farmer was dated on Sept. 22. Marvin Willis was the grandson of J. T. Snellgrove, of the Norton country. His father died when he was seven years old and his mother died a few years later. The young man inducted into service at Ballinger on April 27th, and after a brief stay in Camp Travis he was sent to France, sailing from America on June 3 or 4th. He was killed while going over the top, according to the letter received from a friend and companion who was near at the time.

FORMER BALLINGER JEWELER DEAD

John Rhumann received the sad news of the death of his brother, L. P. Rhumann, who died at Camp Mabry, where he was in training for army service, Thursday. The remains were shipped to the home of deceased at La Grange, where they will be buried.

L. P. Rhumann will be kindly remembered by many people in Ballinger. For several years he was a citizen of this city and was with the Jas. E. Brewer Jewelry store. The epidemic which is taking so many people out of this world, was responsible for Mr. Rhumann's death, he having died from pneumonia superinduced by influenza. John Rhumann and family have the sympathy of their friends in their sorrow.

Mrs. J. T. Morgan, who came here to attend the funeral of her brother, Mack Taylor, and who remained over for a few days on account of sickness, returned to her home at San Antonio, Thursday. Her daughter, Miss Minnie Lee, who came to be with her mother also returned to San Antonio.

POINEER CIAIZEN DIES AT WINTERS

News was received at Ballinger Thursday of the death of S. L. Alexander, which occurred at his home in Winters at nine o'clock Thursday morning, after an illness of several days with pneumonia.

Mr. Alexander was in Ballinger a short time ago accompanied by his wife, en route to some point east where they were going in response to a telegram that a relative was seriously ill.

He was stricken ill after he returned home and his condition was soon found to be serious, and he succumbed to the disease which is claiming so many lives in this country.

S. L. Alexander was numbered among the pioneer citizens of this county. For many years he has been living in the northern part of the county. He owned a large farm west of Winters and was the largest grain grower in that section of the county, when seasons were favorable for raising grain.

Several years ago he moved to Winters and engaged in the grain business.

Deceased is survived by a wife and several children, having a son in the army. He was active in the development of the country for many years in the past, and was active in war work in helping to keep the home fires burning. The town of Winters has lost a good citizen.

The funeral was held Friday and the remains were laid to rest in the Winters Cemetery.

LETTERS FROM BOYS OVER THERE

Butchery, Co. 310.
A. P. O. 784

Dear Mr. Weeks:

I received your letter only a day or two ago and with that statement you will become thoroughly familiar with manner in which our mail reaches us. Today I had a letter from Mary that was mailed in Wichita Falls Sept. 22nd, I think it went everywhere in the states and France before it reached me, lately tho it has been picking up. I have had in the last day or two, mail that mailed July 28, which isn't so bad.

I am glad to hear that you received the picture and nothing pleases me more than to be among the celebrities that are in the "Rogues Gallery."

Since I wrote you we have been moved, at least twenty of our outfit has, we now in a town of about thirty thousand people, something like fifteen kilometers from the front—You see with the little air raids that we have wished on us and the cannonading at the front, we can almost imagine that we are really in the war. Another feature that pleases me is absence of the 3 below zone temperature that we had in the other places. This is really a very pretty place, the people are a different class to any I have seen, they seem to be really human. Nearly all the wagons have four wheels and mostly they use two horses to them. The place is wide open, you can take a chair on the side walk in front of a wine shop and have all the Vin Rouge, Vin Blanc and bier you want but nothing stronger. The French soldiers drink no water and very little coffee, they have their wine issued them just the same as other rations. I don't care for this country, but I must say that the rivers and canals with the wonderful trees makes it a very beautiful place to live. In this town is a cathedral that started in the year nine hundred and finished in eleven hundred, it is marvelous, and you can't help notice how up-to-date the work is generally, you feel almost cheated that you didn't live in that age.

It grieves me to know that the drouth still continues, seems that

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

people out there have the hardest time on earth. Believe me my heart goes out to them all because I know how well they have done every thing allotted them in this great struggle and how hard it was for them to do the things they have done, under the existing circumstances. It is easy to be a patriot when it only cost you the luxurient things, but it takes a heart of gold to be a patriot and do your part when it is done in the face of starvation, drouth, and failure. Believe me the people of Runnels County well deserve credit for their part in this war and when I come home that is where I am coming, and I am going to stay.

Write me when you can, remember me to all folks, especially Squire and Grandma Weeks, best wishes to Mrs. and Maurine, I am, believe me,

As ever,
Noel Penn

DROUTH NEWS ON WESTERN FRONT

Under the heading of "Interesting Items From the Home Papers," publisher on a page in the Paris France, News, devoted to American news for the soldier boys, the following little news item appeared:

"The business men and citizens of Ballinger (Texas) has adopted resolutions calling upon the Federal Government for immediate aid for the drouth sufferers."

That news item was no doubt culled from a copy of the Ballinger Daily Ledger sent to some Ballinger or Runnels County boy in France, and which fell in the hands of a reporter for the Paris paper. It was authentic news all right, for the citizens of this city did meet and discuss the drouth situation, adopted resolutions and sent a committee to Austin.

We do not regret that the news reached the boys on the western front. Roy Sharp clipped the little item from the Paris paper and sent it to his sister in a letter just to show them how the news travels. In the same letter, Lieut. Sharp writes that he is up and able to hobble around the hospital on crutches, and take in the sights of the city at long range from the porch of the hospital.

We have no censorship when it comes to giving the boys on the western front the news from home and we do not regret that this lit-

tle news item reached them, although it made them feel a little blue at the time.

If the Paris News will keep on the look out and get hold of another copy of The Daily Ledger and reproduce the item about how Ballinger and Runnels county went over the top in the Fourth Liberty Loan and how good rains have caused a coat of green grain to spring up over the county after sowing of more than thirty thousand acres, and how holes dug in the ground are causing oil to gush out, the little pessimistic item will be forgotten.

APPEAL COMES FOR MUNITION WORKERS

We cannot afford to play into the hands of the enemy by slackening our efforts at this particular time.

Messages are being sent out from Washington by the heads of almost every department, which are indicative that peace is afar off, unlooked for and undesirable under the existing conditions. The concensus of opinion being that "America has just begun to fight."

Our armies in France are now in the midst of a great offensive. To carry it through to a successful conclusion it is absolutely essential that vital war projects be furnished with men at once. Especially is this true in regards to munitions plants where a shortage of common, skilled and semi-skilled labor exists which will be ruinous if not supplied immediately.

Our boys need munitions, our plants need men, 5200 from this State within the next 30 days, there are more idle men on our streets in this state than would fill this state's quota, more male clerks in our merchantile establishments, private chuffeurs, attendants of barber shops, shoe shining parlors, billiard and pool rooms and other places which can be filled by women, boys or old men unfit for hard labor, than would fill our quota many times over. Something must be done to bring these men to a realization of the needs of their country—public opinion must be aroused and men branded who should and will respond to the call.

Some of our larger cities in Texas through the Woman's Working Reserve have started a movement among the female and patriotic male citizens to be waited on by able-bodied male clerks or floor walkers, whose place could be filled by a woman, they taking the stand that if these men refuse to keep the "boys at the front" supplied with munitions and other war necessities they must consider them unpatriotic and make this felt by refusing to be served by them.

Men in non-war industries will have no one to blame but themselves, if they are shamed by the women, for not taking their just share of the responsibility of the war, accepting the burdens and hardships in the same manner and with the same spirit as did our boys who went into the trenches.

Let us put it squarely to the non-war workers that a crisis is at hand and they must do their part. The community labor board will direct all assembled workers to the nearest U. S. Employment office for immediate placement.

H. W. Lewis,
Federal Director for Texas.

HOW DOCTORS TREAT COLDS AND GRIPPE

Ask any physician or druggist and he will tell you that the best and only effective remedy for a bad cold, sore throat, influenza, or la grippe is what he calls "a brisk colomel purge," which means a big dose of calomel at bed time. But as the old style calomel has some very unpleasant and dangerous qualities physicians and druggists are now recommending the improved nauseous calomel, called "Calotabs" which is purified and refined from the sickening dangerous effects and whose medicinal virtues are vastly improved.

One calotab on the tongue at bed time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your diet, pleasure or work. Next morning your cold has vanished and your entire system is purified and refreshed.

Calotabs are sold only in original sealed packages, price thirty-five cents. Your druggist guarantees Calotabs by refunding the price if you are not delighted, adv.

1918 XMAS PRESENTS.

Uncle Sam wants folks to give a new kind of Christmas present this year. He urges that all presents, no matter how large or small is the amount to be spent by the giver, be made in the form of War Savings Stamps. Christmas presents of this kind will aid the Government, save labor and materials necessary in the production of the usual kind of presents, allow the giver the opportunity of assisting his country and make the recipient a saver and a Government bond owner. Do your Christmas shopping in War Savings Stamps, and buy them now. Be a real patriot and observe Uncle Sam's request.

"OVER THE TOP"

LIBERATE THE SOLDIERS

Over the counter means over the top. When you pay your War Savings Stamp Pledge you have sent a victorious Yank hacking his way through a Hun line. As long as your pledge remains unpaid you keep the American soldier chained in his trench where he can do no good. Liberate our soldiers and speed victory by liberating the dollars representing your pledge. The sooner you pay it the sooner that Yank will charge his way to Berlin and victory. Are you willing to put off paying your W.S.S. Pledge when you are tying a soldier's hands by your delay?

Hall's Family Pills for Constipation.

INFLUENZA CURED WITHOUT MEDICINE

Chicago, Oct. 24.—Place an onion at the bedpost, draw out the fever of Spanish influenza, point the index finger of the left hand at the moon a make a wish. Then go to work as usual next day.

This and scores of equally ridiculous remedies have been swamping the health authorities and physicians of the middle west during the last few days. They come from correspondents in all walks of life and are based on home treatment, witchcraft and voodooism.

Lieut. Commander Owen J. Mink, Medical Corps, senior medical officer at the Great Lakes Naval Training Station, has been "tipped" many times to the great secret. Some correspondents guarantee to stop the epidemic in ten minutes, other in three days. The writer in a certain well, one writer informed Lieutenant Mink, would bring instant cure. Another writer told him that Indian tobacco, sprinkled on the victims breast through a perforated baking powder can was a sure cure.

Health authorities in some districts have been told of the famous negro voodooism cures, not only for influenza but for all ailments.

For instance, under the negro practice, night sweats can be cured by placing a rusty ax edge under the bed. For malarial chills dip a string in turpentine and tie it around the waist, or tie a strand of yarn on the top button of the coat. If this fails, hang a horse-shoe in a peach tree.

For Colic, have a person who has never seen his father blow his breath in the child's mouth very early in the morning, and for measles, bath the eruption in the blood of a black hen. For hic-cough, drink water out of a brass bell while looking at a new moon.

Under negro voodooism treatment fits can be cured by giving the patient one drop of his own blood drawn from the tip of the little finger of the left hand, and nose bleed stopped by tying a string around the little finger. Pick a wart until it bleeds, touch it with nine grains of corn, throw the corn to the chickens and the wart will disappear.

For rheumatism heat a pan of grease, put nine live frogs in the pan, stir down to an ointment and rub joints well, and, according to the voodooism practice, permanent cure will follow.

With the medical profession of the country fighting the epidemic with all the tools of modern science, the freak suggestions have furnished some relaxative for idle hours, leading physicians here say.

BUSY BUSINESS MEN IN WAR WORK

When busy business men drop their work, sacrifice their time and get out and work for a good cause other citizens should do hire part in helping in that cause, and respond in a way that will demand as little of the committee's time as possible.

On November 11th, and up to November 18th, this county will be expected to put up \$7000 for the United War Work fund. Every one should know by this time what the United War fund is and for what purpose the monew is being raised.

The campaign is one which all the religious and literary organizations are co-operating in raising money to carry on the Y. M. C. A. and kindred organization work on the front and at the army cantonments.

To raise this \$7000 the citizens who can must give liberally. Here is where you have an opportunity to make a sacrifice and when your name appears in the list of subscribers it will stand for something.

The Liberty Bond buyers have made no sacrifice. The government only offered an opportunity

for the investor to help himself.

There will be many dollar donors in the campaign, but there must be many larger subscriptions or the county will not make the showing creditable and in keeping with her reputation.

Volunteers should come forward promptly and help to make the committee's work light. A tax roll record is being prepared and every man will be called on, the committeemen dividing the list in alphabetical order.

The business men who will devote their time to this work giving almost a whole week to the cause, are Scott H. Mack, Dan Moses, U. E. Hartman, W. A. Nance, C. J. Lynn, J. A. Williams, and Father Goldbach will assist in the work and Rev. H. P. Bates will have charge of the boys work and Miss Fannie Wilmett the girls work.

CHICHESTER'S PILLS

GOVERNMENT W.S.S. PLEDGES ARE DUE; PAY BY END OF WEEK

All War Savings Stamp Pledges should be redeemed by the end of this week. Maybe you were unable to completely liquidate your pledge Thursday, Oct. 24, the first day of the payment call, but be sure the matter is attended to before this week ends.

Every pledger in the county is called upon to discharge his obligation to the Government.

Pledges for November and December, although they do not mature before this week ends, should be paid at this time.

Make your arrangements at the banks, postoffice or any of the sales agencies where War Savings Stamps can be obtained.

Complete tabulations showing the exact amount which has been invested in War Savings Stamps in response to the call made Thursday, Oct. 24, for complete liquidation of pledges are not yet available, but the total has been increasing materially every day.

All pledges, including those for November and December, should receive attention not later than Saturday, the end of this week.

By that time every pledger should have made the necessary arrangements incident to meetings this call for the complete liquidation of his obligation to the Government.

In speaking of the payment now of November and December pledges, Louis Lapstiz, who is director of War Savings in Texas for the Federal Government, said:

"In view of the pressing need of money to carry out successfully the enormous war movements in France now, I am quite certain that every loyal Texan will gladly take up the November and December portions of his pledge at the same time he liquidates that portion of his pledge due and payable on or before the end of this week. Even though the complete payment of his pledge to include the November and December amounts may cramp him a bit financially or call for self-sacrifice, I am confident that every Texan will see that his whole pledge for the year is entirely paid before this week ends."

The cost of a War Savings Stamp will be \$421 until the end of this week. This figure multiplied by the remaining number of unbought stamps listed on your pledge card is the complete amount of your pledge which is now due.

"Food Will Win the War"

We keep our stock complete, and are ready to help you fight the battles of life with pure, fresh, wholesome food. We can assist you in selecting substitutes for the articles of food our Government is asking you to conserve. You are not urged to eat less, but are at liberty to eat more different kinds of food, and conserve the food that will win the war.

NO BOOZE IN SIGHT FOR THE THIRSTY

Those who labored under the long looked for desire to celebrate and were ready to touch the wire and bring in a supply of booze from the near by thirst station, to be more explicit, San Angelo, must wait another wait.

While the court has given the state wide prohi law a black eye, booze has not been given an opportunity to give the boozers of this neck of the woods a black eye.

Attorney General Looney, the man who has been constantly on the trail of the booze business for nearly six years, and who should have remained in the race and been elected governor, has announced that a motion for a rehearing in the state wide case would be filed before the court of criminal appeals, and until that is acted upon all of Texas will remain dry. Of course that includes San Angelo, Ballinger's booze supply station.

Agency contracts for the lease of oil and gas lands, new supply, just off the press.

Can Now Eat and Sleep in Comfort

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well."

School children come to the Ledger office for your loose leaf and theme paper.

ANGELO'S HEALTH CONDITION BETTER

"Continued improvement" was the Red Cross committee's statement Thursday afternoon on the influenza situation. During the twenty-four hours, ending Thursday at noon, only twenty-seven cases developed. This is eight less than the number reported for the period from Thursday noon until Wednesday at the same hour. Three new cases of pneumonia were reported Wednesday, and one death occurred.

The total number of cases developing in San Angelo during the two weeks ending Thursday is 1006. Of this number however, only 105 have come to the attention of the physicians since Monday noon. The public is being urged to continue the exercise of every precaution.

Only one patient had been brought to the Red Cross influenza hospital on West Twohig avenue Thursday at one o'clock. This was a woman. Two of the female patients are seriously ill. All have pneumonia.—San Angelo Standard.

Emmitt Coekrell returned to Camp Merritt, New Jersey, Thursday afternoon, after a visit to his parents, Mr. and Mrs. C. C. Coekrell. He went by Fort Worth to get a couple of deserters and carry them back to Camp Merritt.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. . . Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then . . . it would last . . . two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. . . I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. . . Have never had to have a doctor for female trouble, and just resort to Cardui. I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

WE HELPED TO PUT FEET OVER

Dallas, Oct. 23.
Ballinger Ledger,
Ballinger, Texas.
My Dear Sir,

The best thanks which I can offer you for your part in the Liberty Loan campaign is to tell you that unofficial returns show we are likely to reach our quota.

I am sure you will regard this as a sufficient reward for all your splendid efforts. I appreciate more than I can say everything that you have done.

Very sincerely yours,
J. W. Hoops,
Executive Manager.

WEAK DISCOURAGED WOMAN

Advised by Friend to Try Vinol—
What it Did for Her

Florence, S. C.—"I was in a weak, nervous, run-down condition, took cold easily, could hardly keep around and do my work—and was all discouraged. I had taken enough syrups and tonics without benefit, until a friend asked me to try Vinol.—I gained rapidly by its use, so I am now in good health."—Mrs. Addie Wilkerson.

The reason Vinol was so successful in restoring Mrs. Wilkerson to health, is because it is a constitutional remedy, which enriches and revitalizes the blood and creates strength.

J. Y. Pearce Drug Co., City Drug Store and druggist everywhere.

P. S.—Stop scratching, our Saxol Salve stops itching. We guarantee it.

WE FIGHT THE KAISER

Six days in every week by repairing and half soling your shoes mending your harness, saddles, and recovering your auto and buggy tops. Let us do yours?

Estess Lynn returned Thursday from North Carolina, where he went ten days ago to visit his mother.

Tyler Commercial College has not Closed on Account of Influenza.

We wish to inform our readers that The Tyler Commercial College Tyler, Texas, has not closed on account of the influenza epidemic. On account of the extreme mildness of the influenza in Tyler and Smith County the health authorities did not find it necessary to either close the picture shows, city and public schools, or ask them to close the Tyler Commercial College. Therefore, they have continued with practically a full attendance and new students are enrolling daily.

SOLDIER'S REMAINS EN ROUTE HOME

The remains of Ewald Christian Henniger are en route from Camp Sheridan, Alabama, to Winters, where they will be buried.

Ewald Henniger died in the training camp at Camp Sheridan Friday morning as the results of influenza and pneumonia.

He spent some time in Camp Travis before being sent to the Alabama Camp.

Deceased was thirty years old. He registered in this county for selective draft and was drafted into the service three months ago, leaving Ballinger on July 22. He was the son of H. W. Henniger, of the Winters country, and had lived in Rannels county for the past twelve or fifteen years, coming here from South Texas with his father when he was quite a boy.

This young man was in line for overseas duty and would no doubt have sailed for France within the next few months had he lived. The country has suffered the loss of a good soldier, and the sympathy of their friends is extended to the relatives in the loss of their son and brother.

THE SICK FOLKS

W. A. Francis is reported to be slightly improved today, his fever having dropped to 101.

W. C. McCarver still has fever, but is believed to have pulled through the worst.

David Gregory, who was quite sick with influenza, and underwent a minor operation, is getting along as well as could be expected.

J. Whit Patterson, of the First National Bank, is at home for repairs, presumably from influenza.

Mr. and Mrs. J. J. Erwin are on the sick list, but not thought to be influenza patients.

Mrs. Julia McMinn is ill at her home on Broadway with pneumonia. Mrs. McMinn has been working day and night nursing the sick.

Dr. W. W. Fowler is able to drive Old Joe, after a seizure of it with influenza, but he is not able to look after his practice and is not answering calls.

Roy Jayroe, one of the employees of the F. & M. Bank is off duty on account of having the influenza. He is the third man in this bank to take the flu.

Mrs. E. C. Baskin is reported to be quite sick today, but it has not been determined whether she has the influenza or not.

The Robert Herring family are reported to be getting along as well as could be expected. Mr. Herring and several members of the family are down.

Several members of the family of W. G. Chapman, of South Ballinger, are influenza victims.

Alexander Sanders, mail dispatcher in the local post office, is on duty after defeating the flu germs.

Dr. Mitchell was here from Norton Friday, having recovered from the influenza. He reports several cases of flu in the Norton country, but no deaths.

Andy Gustavus, is holding his

own in the tussle with the flu, but we regret to note that Mrs. Gustavus is ill with the disease.

Frank Atwell, wife and children are down with the flu. Mrs. Atwell is reported to be quite ill.

Miss Maggie Sharp is detained from her office on account of having the flu. We are glad to note that she is getting along as well as could be expected.

Mr. and Mrs. R. P. Kirk received a letter from their son Calvin, stating that he was recovering from the flu. Calvin is in the State Medical School at Galveston.

Sincere Gratude

Mrs. William Bell, Logansport, Ind., writes: I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did for me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

Mrs. J. E. Currie received word from San Antonio Wednesday of the death of Miss Eddie Storm's brother, which occurred on last Sunday, caused from influenza. It will be remembered here that Miss Storm visited relatives in Ballinger last summer. The report stated that all members of the Storm family were down with this malady.

Bronchial Trouble

Mrs. A. E. Sidneberder, Rockfield, Ind., states: "For an attack of bronchial trouble which usually assails me in the spring I find Chamberlain's Cough Remedy the only thing that gives me relief. After using it for a few days all signs of bronchial trouble disappears."

SOME "FLU" IN OKLAHOMA

Tulsa, Okla., 10-23-18.

Dear Sledge:
Please send my weekly Banner-Ledger to my address here. There are 4000 cases of influenza in this city but we think the situation is better. Best wishes.

J. M. London.

A TEXAS WONDER

The Texas Wonder for kidney and bladder troubles, gravel, cures weak and lame back, rheumatism, and irregularities of the kidneys and bladder in both men and women. If not sold by your druggist, will be sent by mail on receipt of \$1.25. One small bottle is two month's treatment, and often cures. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive Street, St. Louis, Mo. Sold by druggist.

We regret to note that Mrs. Frank Atwell is quite ill with influenza.

SUGAR AFFIDAVITS.

Mr. Merchant, we are prepared to furnish you sugar certificates to be used in selling sugar for preserving purposes. We have the blanks printed and can supply you in any size quantity. The food rules require that you use these in selling sugar for canning and preserving purposes.
