PRESIDENT HARDING CONFERS WITH LABOR BOARD

EXTRA FOR LEDGER READERS

Realizing that the public is entitled to the news while it's news and owing to the fact that we have always given our readers a Sunday morning paper with the election returns, an extra edition of The Ledger will be issued Sunday morning carrying the results of Saturday's primary election, will be delivered to all subscribers Sunday morning. The paper will come from the press some time before daylight, and the carrier boys will drop it in the regular place early Sunday morning, in most cases before the subscriber awakes. Extra copies will be on sale at The Ledger office and at the Underwood News stand for those who are not subscribers to the paper and the usual price of 5c will prevail.

Arrangements have been made for gathering the returns from over the county, and most of the twenty-four voting boxes will make complete reports before the paper goes to press. The Texas Election Bureau will supply us with state returns, and we hope to be able to give results on all races.

The task this year will be the greatest in the history of Texas politics, due to the fact that the highest vote ever polled is expected. Most all women are now qualified voters, and the Texas Election Bureau forecasts that out of 1,165,910 qualified voters in Texas at least sixty per cent of them, or about 699,546 votes will be polled.

There are 33 names on the ticket of this year as compared with 25 two years ago.

CARTER SPEAKS TONIGHT

Claude Carter announces that he will speak in behalf of his race for representative tonight. The crowd is requested to assemble on the court house lawn as early as possible and not later than eight-thirty as the speaking will begin at that hour.

ARREST EDITOR FOR STRIKE AID

By Associated Press
TOPEKA, Kan., July 21.—Assistant Attorney General Egam will go to Emporia today for the announced purpose of serving a warrant on William Allen White, an Emporia editor and author and close friend of Governor Allen, charging White with violating the Kansas industrial court act by displaying a strike sympathy poster in the window of his newspaper office. It was announced at the governor's office that White had said that he would not remove the poster.

SERVICE CROSS FOR WAR HERO

By Associated Press
WASHINGTON, July 21.—The war department announced today that a distinguished service cross had been awarded to Major Andrew S. Rowan, retired San Francisco army officer, who carried a message to General Garcia in the Cuban revolutionary army in May 1898, during the war with Spain. This fact has since been held as one of the striking instances of the heroism during the Spanish-American war.

SCHOLARSHIPS FOR WOMEN'S CLUBS

CANYON, July 21.—According to President J. A. Hill, the State Board of Regents at its recent meeting in Austin authorized the West Texas State Normal College to grant three annual scholarships, carrying exemption from all fees, to young women in the seventh district of the Federated Clubs of Texas.

These scholarships will be awarded by a committee, from the Federated Clubs, of which committee Mrs. Anthon Ware, of Amarillo, is chairman. It is very gratifying that the basis of co-operation between the Federated Clubs and the West Texas State Normal College has been found. The two institutions will no doubt be greatly benefited as both are primarily interested in the development of our young people and the improvement of our social system as a whole.

James Skinner is off for his annual vacation. He left Thursday afternoon for Oklahoma City to visit his brother, Edwin, and will go to St. Louis, and other places for a visit before returning home in about two weeks.

WASHINGTON, July 21.—Everybody's pocket book was lightened by nearly five dollars during the past fiscal year, according to a statement made of money in circulation on July first. The statement was issued by the federal treasury and says that the per capita circulation on July first was \$39.87 as compared with \$44.78 for the same date last year.

BOX PARTY FOR BIRTHDAY FRIENDS

In honor of the twelfth birthday of Jennie Louis Copeland, of Cleburne, who is visiting her aunt, Mrs. J. G. Douglass, was hosted to a half dozen of her girl friends at a box party Thursday night. The young ladies gathered at the home of Mr. and Mrs. J. G. Douglass on Broadway, and attended the movie theatre, after which they were delightfully refreshed at a local ice cream parlor. Those making up the theatre party were: Misses Evelyn Shepherd, Louise Kirk, Margarite Cordill, Nettie Routh Sledge, Eugenia Baskin, Ruth Holliday and the hostess.

OHIO MINE WANTS FEDERAL TROOPS

By Associated Press
COLUMBUS, Ohio, July 21.—Declaring that local officials are unable to cope with the situation and that Governor Davis has refused to furnish any protection to the Consolidated Coal and Coke Company at Butler, Pennsylvania, through attorneys here telegraphed President Harding asking for federal troops. The telegram asked the federal government to send troops to guard the company's operations in Perry county, Ohio, and declaring that the mines could not resume operation unless the miners were guarded against bodily harm.

GOVERNMENT TO HANDLE COAL

By Associated Press
WASHINGTON, July 21.—Distribution of coal during the strike emergency through a special commission was understood today to be the administration's plan to make certain the fuel supply necessary for railroad operation. The matter was discussed at a cabinet meeting, and later it was understood that Secretary Hoover, acting for the president, had undertaken the formation of a coal commission to handle the distribution of coal.

TO ANNOUNCE STATE ELECTION RETURNS

On account of the lack of interest in local politics, county candidates having no opposition, The Ledger will not go to the trouble of erecting its large bulletin board for the Saturday election, but we will read the bulletins as they come in from over the state and will also post bulletins in The Ledger window. The vote on all candidates in this county will be compiled and the results on important races posted in the window and complete returns carried in Sunday Morning's paper. The public is invited to gather in front of The Ledger office and hear the returns announced, and see who is who.

COURTNEY LOVES TEA

Several years of life in America have failed to break Courtney Foote, prominent English actor who assumes the leading man's role in "The Bronze Bell" the latest Paramount picture which is showing at the Maeroy Theatre tonight, of an irresistible craving for afternoon tea. During the filming of the production at the Thomas H. Ince Studios, at four o'clock every afternoon Foote was conquered by his tea desire and suspended his work before the camera long enough for a cup of Lipton's best and a toasted muffin. Prior to joining the California film colony and playing leading roles in a number of productions, Mr. Foote was a prominent figure on the London stage. Doris May plays opposite him in the picture.

EL PASO—New regimental colors were presented to the Forty Third Infantry Battalion by General Eugenio Martinez, commander of the northern military zone, at Jaurez this week. New uniforms and equipment were worn for the first time when the colors were presented.

C. I. Baker left Thursday afternoon for different points, where he will be for several days on cotton business.

By Associated Press
WASHINGTON, July 21.—President Harding was advised today by Chairman Cummins, and Senator Watson, of Indiana, and Kellogg, of Minnesota, representing the senate interstate commerce commission committee, that they had met with unavailing efforts in a conference with several leading eastern railroad executives last night, to obtain a basis for settlement of the railroad strike. Both the railroads and the unions seem to have their forces lined up to fight it out.

President Harding was said by the administration advisers who conferred with him today, to contemplate as the next move in the railroad strike the summoning to Washington of Chairman Hooper of the railroad labor board for a full discussion of the questions at issue between the shopmen and the railroad executives. It is understood that the railroad executives declared last night that there could be no restoration of the seniority of the rights of the railroad employes who went out on strike. The railroads have outlawed the seniority rights of the strikers and declare that the workers who went out have lost that right for all time to come, and can be restored to work only as beginners.

President Harding later in the day invited Chairman Hooper to Washington for a discussion of the strike situation. The president it was indicated, desired to obtain from Mr. Hooper information on several points raised by the railroad executives in discussion with the members of the senate interstate commerce committee.

DENISON, July 21.—Governor Neff made a personal investigation into the local railroad strike situation here today. He conferred with Captain Hickman of the State Ranger force, Mayor Weaver and Sheriff Criag, but declined to make a statement as to what action he would take on the request of the Katy railroad officials for troops. He said that the investigation would be completed.

CHILE AND PERU TO ARBITRATE TROUBLE

By Associated Press
WASHINGTON, July 21.—An agreement between Chile and Peru to arbitrate their Tacna Arica controversy was signed by the Plenipotentiaries of the two governments today at a final session of the conference here.

Secretary Hughes accepted the designation as arbitrator given to President Harding in the arbitration protocol. Mr. Hughes said that the agreement was a sweeping victory for conference plan of international negotiations.

PRACTICAL COATS FOR FALL MAKE THEIR INITIAL BOW

COATS for fall make an early entry and late-summer tourists at least give them a welcome. Every woman who finds a new wrap a necessity would like to peep into the future, long enough to make sure that her present choice will prove a lucky one. In cuts and wraps she need not take a long chance, even though she must jay ahead of the season, for variety is the keynote in coming styles and neat silhouettes are already determined. Materials also insure the early buyer's safety, for they are in the hands of manufacturers and are being made up into coats.

Scheduled for success in winter wraps are cloths like those used last winter, as holliba cloth, marvellous and similar weaves, supplemented by wool materials, which is being featured for making entire wraps and in combination with other materials. Brown appears as the most sought for color, in warm tones that are very rich in the soft coatings, but other colors and black dispute its dominance.

As to the silhouette there is nothing to indicate that we shall depart

Hot Weather is Battery Weather

Summer's good for batteries just as it is for people—providing they don't get all "het up". But regardless of warm, easily started motors, heat-thinned oil and so on, you have to look after your battery to keep it fit. Just drive around and tell us to do whatever's necessary. That's what we're here for. Same service—same Willard Standards no matter what the make of your battery.

Billousness and Constipation

"For years I was troubled with biliousness and constipation," which made life miserable for me. My appetite failed, I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the "ill" feeling at once, strengthen the digestive functions, helping the system to do its work naturally," writes Mrs. Rosa Potts, Birmingham, Ala.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat less meat and take Salts for Backache or Bladder trouble.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, can not injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

H. G. Hays is reported to be very low, and not expected to live, at his home four miles south-east of Ballinger. Relatives from a distance have been notified. Mr. Hays has been in poor health for some time.

One Dollar Saved Represents Ten Dollars Earned

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he can not be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

Judge C. L. McCarter, of Brownwood, had business in Ballinger Thursday.

The Same Everywhere

The editor of Paisa Akhbar, a native newspaper of Lahore, India, says, "I have used Chamberlain's Colic and Diarrhoea Remedy many times among my children and servants, for colic and diarrhoea and always found it effective."

Mrs. R. L. Harwell and Miss Nell Alexander will leave Sunday for Cool Colorado. They will stop for a visit in Dallas.

OLD MAN HAS HIS SAY?

By Associated Press

AUSTIN, July 21.—A recent newspaper story from the state capitol that the first typewriter was used in the capitol in 1898 brought to the capitol an old man who took issue with this statement. He said that he operated the first typewriter in the Adjutant General's Department in 1896 and that the machine was one of the first used. It worked with a foot pedal, he said.

The old man would not allow his name to be used.

There is no one in the capitol to verify his statement, the oldest employee having been in another department.

A Splendid Medicine for the Stomach and Liver

"Chamberlain's Tablets for the stomach and liver are splendid. I never tire of telling my friends and neighbors of their qualities," writes Mrs. William Vollmer, Eastwood, N. Y. When bilious, constipated or troubled with indigestion, give them a trial. They will do you good.

Mr. and Mrs. Scott H. Mack are planning to leave early next week for Colorado. They will go on the train and expect to spend some time in the Rock Mountains for the benefit of Mrs. Mack's health.

Mr. Yeary returned to his home in San Angelo Friday at noon, after a visit here with his daughter, Mrs. A. K. Doss.

Take Vicks on Your Vacation
You don't know how many ills Vicks is good for

Nearly everybody uses Vicks for cold troubles, asthma, hay fever, catarrh or tonsillitis. These are inflammations of the air passages. But we forget that it's just as good for inflammations of the skin or tissues.

Take the familiar blue jar on your vacation and try it for—
SUNBURN—Prevents and heals.
BRUISES—SPRAINS—Use like a liniment.
BITES—STINGS—Drives mosquitoes away, soothes bites.
POISON OAK or poison ivy.
CUTS—SCRATCHES—Antiseptic and healing.
