

BALLINGER DAILY LEDGER

VOLUME XVII. NUMBER 131

BALLINGER, TEXAS, FRIDAY, AUGUST 18, 1922.

MEMBER ASSOCIATED PRESS

MAY AGREE ON SETTLEMENT TODAY

Officers Raid Still; 4 Bootleggers in Jail

Four Bohemians are in jail at San Angelo charged with breaking the law which says "thou shalt not make, peddle, possess, etc.," and several Ballinger boys yet in their teens are grateful to the officers for letting them down so light in breaking into what promised to be a free-for-all drunk Wednesday night.

Joy riding and displaying of the effects of the fire water Wednesday night caused Sheriff Flynt to give chase which confiscated a portion of a half-gallon of corn whiskey, or home-made booze. Mr. Flynt followed the boys out on the road near town and appeared on the scene as they were passing the jug. The officers took possession of the poison, and arranged for the boys, about a half dozen in number, to attend a little court of inquiry Thursday morning.

When the boys realized what they were up against, they readily furnished the information, and two of the number led the officers to the scene of the booze making about twenty-six miles South of Ballinger, and just over the line in Tom Green county, where four Bohemians were placed under arrest, and carried to San Angelo.

According to evidence brought out in the court of inquiry, several Ballinger boys motored to the still Wednesday afternoon, leaving Ballinger about five o'clock. They made their wants known and a man came from the field, went in the house and brought out a half gallon of moonshine booze, delivered it to one of the boys and collected seven dollars. The boys returned to town and picking up several

other boys they proceeded to put on the show in which the sheriff took a hand, and which led to the raid Thursday.

Sheriff Bob Miller, of Concho county, was in Ballinger Thursday morning, and he accepted an invitation to accompany Sheriff Flynt, and Chief of Police Pilcher also joined the still hunters, and Sheriff Flynt phoned Sheriff Duckworth of San Angelo to meet him at Miles, as the still was supposed to be located in Duckworth's territory. Sheriff Duckworth invited the federal prohibition officer at San Angelo to accompany him, and accompanied by the two boys from Ballinger, the officers motored to the farm house and made the raid which netted considerable booty in addition to the four men who are being held on the bootlegging charges.

When the officers appeared on the scene the alleged bootleggers "wilted" under the rapid fire quizzing of the officers and piloted the officers to the cane patch where the workings of a crude still, consisting of oil cans, jars, brass coils, etc., were confiscated. The spokesman for the bootleggers' gang then directed the officers to the barn where a gallon of booze was unearthed. Part of the booty was brought to Ballinger, and a portion of it was carried to San Angelo with the prisoners.

In addition to the equipment and booze confiscated the officers destroyed a large quantity of material which they found on the premises. The moonshiners had in stock two cases of peaches, two cases of prunes, two cases of dried grapes, one hundred pounds of sugar and a large quantity of corn cobs, and it was declared that the booze being turned out was above the average bootleg grade.

According to Sheriff Flynt the men talked freely, and declared that they had been making booze for some time, and enjoyed trade from Ballinger, Paint Rock, Miles and San Angelo, giving the names of parties in these towns to whom they had been selling their wet goods.

There has been considerable boozing in Ballinger recently and the officers had "spotted" the house which was raided, but could not get sufficient evidence to warrant a raid. The raid Thursday was one of the most successful ever made in this territory, and the officers declare that with the evidence they have obtained in the cases they see no loop-holes through which the alleged moonshiners can slip, and if the law has its way they will be punished.

Sheriff Flynt received a message Friday from the Tom Green county officers that another still hunt was on, and requested him to meet them, and Ballinger officers left for parts unknown Friday morning.

ABSENTEE VOTING SHOWS INTEREST

The period for filing absentee votes, or voting by mail is on in Texas, and reports that many votes are being filed by voters who will not be at home on election day, indicate that interest in the run-off is much keener than was at first expected, and a large vote will probably be cast. While many voters declare that they will not participate in the second primary, being unable to make up their minds to support either Mayfield or Ferguson, it is believed that equally as many others who did not go in the first primary will go in the second. Only about fifty per cent of the voters of the state participated in the first primary, and this is about ten per cent short of the total vote cast in the primary two years ago.

On the Road of Good Intentions

FIXING BLAME FOR MASSACRE

(By Associated Press)

MARION, Ill., Aug. 18.—A special grand jury investigation into the Herrin mine massacre, which took place on July 28th, will be a searching inquiry and every phase of the miner's war will be examined in an effort to clear the name of Williamson county. The state attorney Duly told the Associated Press today that no stone would be left unturned in an effort to lay the blame at the door of the guilty parties and to punish those responsible for the massacre.

MAN DROWNS IN PIT CRUDE OIL

(By Associated Press)

BEAUMONT, Aug. 18.—Alvin Brown, an oil field worker, was drowned in the Hull Field near here yesterday. Brown made a misstep and fell into a pit of crude oil and was unable to get out and drowned before he could be rescued.

BOMB EXPLODES ON ROUND HOUSE

(By Associated Press)

DALLAS, Aug. 18.—A bomb, or stick of dynamite, exploded on the roof of the Texas & Pacific round house here last night. Small damage to the building was done, and no one hurt. Fifteen men were asleep in the round house at the time of the explosion. They left the building without being invited out.

WOMAN WANTS WORK AS MARINE ENGINEER

(By Associated Press)

LIVERPOOL, Eng., Aug. 18.—Victoria Drummond, granddaughter of the late Lord Amherst of Harkney, is seeking a job as engineer on a seagoing steamer. She is a graduate of the Institute of Marine Engineers, and is hopeful of convincing the conservative members of the Board of Examiners that there is no real reason why a woman, because of her sex, should be debarred from spending eight hours a day amid clanking connecting rods in the depths of an ocean liner, if this is her strong desire.

FINAL FIGHT UP ON TARIFF BILL

(By Associated Press)

WASHINGTON, Aug. 19.—With only two days and nights left in which to work, the Senate today faced a flood of amendments to the tariff bill which will be brought to a final vote tomorrow. The renewal of the fight on sugar, dye and other items, which occupied a large part of the time for the last four months is promised.

HARDING TAKES LABOR TROUBLES TO CONGRESS

FIRST BALE SOLD FRIDAY

W. H. Wilde, of near Ballinger, marketed the first bale of 1922 cotton in Ballinger Thursday afternoon. Mr. Wilde produced the cotton on his farm ten miles South of Ballinger, hauled it here in the seed and had it ginned by the Harvey gin South of the A. & S. right-of-way.

The bale was sold on the local market at private sale to the highest bidder, W. C. Penn & Company bidding 21.50, which was about one and a half cents above the market, and got the cotton.

The bale weighed 465 pounds, and netted Mr. Wilde about one hundred dollars, and a move is on foot to pay the usual premium for the first bale marketed.

The first bale this year comes slightly later than usual, due to the late spring planting, but reports, from different sections of the county indicate that the continued dry weather is causing the bolls to pop open rapidly, and picking will be underway here within a short time, and unless it should rain soon the crop will be out of the field early.

There is quite a variation in estimates made on the production for the county this year. Some claim as high as a half bale per acre will be raised in some sections of the county, while other estimates give the production at from nothing to one-third of a bale per acre, and the total yield runs from 25,000 to 50,000 bales estimated. A little better than 24,000 bales were produced in the county last year, and it is agreed that the yield this year will exceed that amount, due to the larger acreage, and in some quarters a better crop.

NOTED TRAGEDienne DIES IN ENGLAND

LONDON, Aug. 18.—Genevieve Ward, the famous American tragedienne, died of heart failure here today. Her home was at Hempstead, Long Island, N.Y.

12 Dead in Big Forest Fires

(By Associated Press)

DULUTH, Minn., Aug. 18.—Fears are expressed here that the death toll from forest fires which are raging in Northern Minnesota will go beyond the reported total of twelve, when additional advices are received.

refugees, are arriving from sections of the... The fate of settlement... Louis and Lake... on weather conditions, and it was stated that only early... or a calm day would save some places from destruc

tion. 400 National Guardsmen and 2,000 rangers are engaged in fighting the fire, and the officials said the situation is most menacing and the worst forest fire the country has experienced in many years.

(By Associated Press)

WASHINGTON, Aug. 18.—President Harding was told today by Senator Watson, Republican from Indiana, one of his advisors on the rail strike situation, that a long distance telephone conversation with the brotherhood chiefs and representatives of the railroad executives in New York, disclosed that both sides were hopeful of a settlement of the shopmen's strike at today's meeting.

Mr. Watson was told in the message that a discussion of the troublesome seniority issue was based on a plan providing that the men who did not strike will go ahead of the list in seniority, and that employees who walked out on July first or later, will be accorded their seniority status to second place of the men who remained at work, and that the new men taken in during the strike will be given their seniority ranking below other groups, and be retained in employment by the roads wherever possible.

TELEPHONE EXTENSION PROGRAM FOR WICHITA

(By Associated Press)

WICHITA FALLS, Aug. 18.—Work on the new telephone extension program for Wichita Falls, some time delayed, will be resumed the latter part of August, with additional shipments of material on hand.

Plans for this year, calling for a large expenditure of money to care for congested residence district, particularly those in the west and south parts of town, and also parts of the business district, are being carried out, and more than half the work is now completed.

Whereas thirty years ago Wichita Falls had less than fifty telephones, 5,000 telephones now are being used by "the butcher, the baker and candlestick maker."

FOUND HANGING IN HIS BARN

(By Associated Press)

GAINESVILLE, Aug. 18.—John Rosson, a farmer, age 62, was found dead with a rope around his neck in his barn 12 miles West of here yesterday. It is believed that the man hanged himself, although no coroner's verdict has been returned in the case.

D. W. Turner and J. R. Turner, of Norton, left for Itasca Thursday afternoon in response to a message that their mother was seriously ill and not expected to live. The Turner brothers had just returned from Hill county, where they attended the funeral of their brother-in-law.

Coke county is like the woman who failed to pay her poll tax. She can't vote in the second primary. No political speeches are being made in Coke.

Did you ever notice that the bargain counter does its hardest work when you don't need the stuff. Look at the straw hat sales for instance.

One more week and we will sing the doxology in Texas politics, until the Republicans start something. The chances are good for a third run-off in some races in Texas.

The attendance at the chautauqua Thursday night was encouraging to the promoters, and indicated that efforts for the better class of entertainment here is bearing fruit.

Heroes are just like other human beings. They must pass off the stage of action and give way to the other fellow. Babe Ruth is playing second fiddle to Ken Williams this year on the baseball stage.

Business men at some division points have protested against the use of strike breakers and guards in railroad shops. Such division points should be isolated from the world while the strike is in progress and the protestors should be left to root hog or die.

The workings of the Retail Merchants Association are worth the price. A colored gentleman recently moved to this city from another town, and his rating beat him here. Consequently business men have already booked a saying.

Many voters declare that they will not vote in the second primary because they cannot conscientiously vote for either of the senatorial candidates. They do not stop to consider that failure to vote for one of the candidates counts a half vote for the other fellow.

The Republicans in Brown county have put out a full county ticket. They are only taking up space on the election ballot, and have just about as much chance of being elected as the German kaiser has of being elected president of the United States. But then the Republicans believe in missionary work.

No Substitute Offered. Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety nine out of a hundred druggist recommend Chamberlain Cough and Diarrhoea Remedy, when the best medicine for diarrhoea is asked for, and do so because they know from what their customers say of it, that it can be depended upon.

Mr. and Mrs. Herman Herring are entertaining a boy which arrived at their home Thursday night. Mrs. Herring was Miss Celeste McMinn before her marriage.

Mr. and Mrs. M. E. Wells were in the city Thursday from their ranch near Crews. They recently returned from Houston, where they were married.

VICTIMS OF AUTO WRECK RECOVERING

Lannas Haynes, of Sweetwater, and G. B. Harness, of Colorado City, passed through Ballinger Friday afternoon en route to their homes. They stopped off here on business in connection with the accident on the Santa Fe West of Miles Wednesday afternoon, when the little six year old son of Mr. Haynes was killed, and other parties in the auto which was wrecked by colliding with the train, injured. Mr. Harness is suffering cuts and bruises. Mrs. Haynes and the little four year old daughter will spend about ten days in San Angelo with friends. All the injured are improving and no serious results are expected. A. W. Turner, of this city is a friend of the Haynes family and Mr. Harness, but he knew nothing of their misfortune until he read an account of it in The Ledger.

FOTOSHO OFFERING WALTON PICTURE

Empires may come and empires may go, but the flapper flaps on forever.

That may be an inexcusable adaptation of some wise and honored bromide, but it serves the purpose. It explains the growing popularity of Gladys Walton as the flapper impersonator of the screen.

The world loves the flapper and couldn't get along without the dear creature. She may be a pest but she is a welcome one. And to the star who successfully portrays her on the screen is bound to come rich reward in the love and admiration of playgoers.

Gladys Walton's latest "flapperization" is showing today and Saturday at the Fotosho Theatre. It is called "The Wise Kid." Needless to say, "The Wise Kid" wasn't wise at the start. But she was clever enough to pretend it. And it is said the story offers some situations that scintillate with wit and humor, depicting her mental growth from flapper to full grown woman.

In the cast with Miss Walton are David Butler, leading man; Henry A. Barrows, Fred Lancaster, Normand Hammond, Hallam Cooley and Lorimer Johnstone. Tod Browning directed.

The Key that Unlocks the Door to Long Living

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.

dence of defendant is unknown; that plaintiff and defendant were married in Runnels County, Texas, January 31st, 1914; that defendant abandoned plaintiff on or about July 20th, 1919, without provocation on part of plaintiff; that defendant has not contributed to support of plaintiff nor the support of the four minor children born of her marriage with said defendant; that plaintiff is the proper person to have custody and control of said minor children.

Wherefore plaintiff prays that defendant be cited to appear and that she have judgement dissolving the marriage relation between them, that the care and custody of the minor children be awarded to her, for costs of suit, and for general relief.

Herein Fail Not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Ballinger, Texas this 27th day of July A. D. 1922.

(Seal) Georgia Singletary, Clerk District Court, Runnels County, Texas.

By Dale Williams, Deputy 328-4-11-18.

SOVIET GOVERNMENT GETS \$12,500,000 FROM CHURCH TREASURES

(By Associated Press)
 MOSCOW, Aug. 18.—The work of melting down the treasures confiscated from the Russian church by the Soviet government has begun at the smelting works at Ekaterinburg, in the Ural mountains.
 Up to the 25th of June there had been requisitioned, according to the Pravda, from all parts of Russia, 857 pounds of gold; 718,776 pounds of silver; 29,955 diamonds; 5,024 pearls; 26 garments

embroidered with seed pearls to the total weight of 230 pounds; 59,267 rubies, emeralds and other precious stones; 2,100 pounds of gold and silver articles ornamented with diamonds and other precious stones; 763 other articles of fine workmanship but of non-precious metals; silver coins to the amount of 17,128 rubles, and gold coins amounting to 1,540 rubles.
 The largest diamond secured is said to have been something over 35 carats, discovered at Petrograd. Most of the diamonds, however, are small and of doubtful value.
 Moscow churches furnished

about 25 per cent of the total secured up to June 25.
 M. Kalenin, president of the All-Russian Central Executive Committee, says the government had hoped to realize one hundred million gold rubles from the treasures seized, but the actual value of the articles in hand at present is probably only about one-fourth of this amount. The most precious of church treasures, located in some of the historic monasteries and considered of museum value, were not seized. Also many valuable articles were secreted by the priests, or stolen before the requisitioners arrived.

LOCAL MEN IN STATE MEETING

Mr. and Mrs. C. S. Guin and Rev. and Mrs. Jess Mitchell returned from Waco Thursday night, where the gentlemen attended the state meeting called by the West Texas Chamber of Commerce for the purpose of organizing a flood control, irrigation and reclamation congress in Texas. Mr. and Mrs. Stuart L. Williams, who also were members of the party, went on to Dallas, where they will be for a day or two before returning home. Mrs. Williams going to that city to consult a specialist. All the parties made the trip to Waco and return in their cars.
 "The meeting was a very successful one," said Mr. Guin, "and marks the first step towards a wonderful work in Texas." The organization was perfected by the election of a board of control and officers from different sections of the state, and will launch a campaign for reclaiming flooded lands, and for irrigating arid lands by conserving the flood waters of the various streams in the state.
 Mr. Tillotson, author of the Tillotson bill, was elected president. C. S. Guin, of Ballinger, was elected president and made chairman of the legislative committee. Mr. Guin was elected person in charge when the committee was called to order.
 Practically every section of state was represented, there being about 500 delegates present, and properly credited to participate in the organization. Gov. Neff addressed the meeting, and other prominent citizens took part in the meeting.
 West Texas came in for a good notice on account of the Colorado irrigation project, and the new organization, if its plans are carried out, will be of much benefit to the local irrigation project. The Ballinger delegation arrived home late Thursday night, weary and worn from the long hot drive, and hard work at the Waco meeting.

FILM CENSORS IN CUBA ARE LENIENT TO LOVE SCENES

(By Associated Press)
 HAVANA, Aug. 18.—Fadeouts of loving clinches, one-minute kisses and kindred screen scenes that skirt the bounds of moral laxity will not be passed on by the newly created Cuban Board of Moving Picture Censorship.
 Only those films which might turn movie palaces into Fagin's schools of crime are to be banned by the censors, according to an order signed by Ricardo Lancis, secretary of government, creating a censorship board of five and outlining the limits of its authority. The committee will act upon its own initiative or upon complaints from any source filed with it; serve without pay;

have authority to compel exhibitors to display any film it may have reason to believe may lead youthful Cubans into the paths of crime, and bar those which show an adroit criminal successfully evading the law.

 AT CHAUTAUQUA**

Practically every seat in the
 chautauqua tent on the school
 campus was occupied Thursday
 night, and the large crowd ac-
 knowledged their hearty approval
 of the splendid program in the
 frequent and enthusiastic ap-
 plause. Every number of the
 program was good and of such
 variety as to please all.

The hour for beginning has
 been changed to three-thirty in
 the afternoon and eight-thirty at
 night. The third day's program
 is declared to be the best of all.
 Guy Bingham is considered the
 best lecturer on the Radcliffe
 circuit.

Kirk Frederick of the Freder-
 ick Concert Company performs
 on a violin which cost \$10,000,
 the instrument which he used in
 playing for King Alfred of Bel-
 gium. It is said that Mr. Fred-
 erick captivates his audiences.
 This is the eighth season of the
 Fredericks with chautauqua
 entertainment, and it goes with-
 out saying that they could not
 have held such a contract if they
 had not made good.

Tonight is laugh night, and it
 has been announced that those
 who cannot laugh should not at-
 tend the Chautauqua. The gen-
 eral admission for those who do
 not hold season tickets is 50
 cents, and the tent should be full
 of extras tonight, Saturday and
 Saturday night. The committee
 in charge of the chautauqua are
 delighted with the success of the
 venture, and those who are not
 attending are the losers.

Rev. D. M. West, of Bronte,
 passed thru the city Thursday
 afternoon en route to Belton on
 business. Rev. West says he has
 no voice in the coming primary
 as Coke county will not hold a
 second primary.

**TOO MUCH MEAT
 HURTS KIDNEYS**

Take a glass of Salts to Flush
 Kidneys if bladder bothers
 you.

Eating too much meat may pro-
 duce kidney trouble in some form
 or other, says a well-known auth-
 ority, because the uric acid ex-
 cites the kidneys, they become
 overworked; get sluggish; clog
 up and cause all sorts of distress,
 particularly backache and misery
 in the kidney region; rheumatic
 twinges, severe headaches, acid
 stomach, constipation, torpid
 liver, sleeplessness, bladder and
 urinary irritation.

The moment your back hurts or
 kidneys aren't acting right, or if
 bladder bothers you, get about
 four ounces of Jad Salts from any
 good pharmacy; take a table-
 spoonful in a glass of water be-
 fore breakfast for a few days
 and your kidneys may then act
 fine. This famous salts is made
 from the acid of grapes and lem-
 on juice, combined with lithia,
 and has been used for genera-
 tions to flush clogged kidneys
 and stimulate them to normal
 activity; also to neutralize the
 acids in the urine so that it no
 longer irritates, thus often end-
 ing bladder disorders.

Jad Salts cannot injure any-
 one; makes a delightful effe-
 vescent lithia-water drink which
 millions of men and woman take
 now and then to help keep the
 kidneys and urinary organs
 clean, thus often avoiding serious
 kidney disorders.

Master Tom Watkins, who has
 been here visiting his grand par-
 ents, Mr. and Mrs. W. E. Allen,
 left for Brownwood Thursday
 afternoon, where he will visit
 other relatives. The young man
 made the trip from El Paso to
 Ballinger a short time ago by him-
 self, coming thru in care of the
 conductors.

Ledger want ads pay.

**REVIVAL CROWDS ARE
 GROWING LARGER**

The attendance at the revival
 meeting which is being held in
 the Carnegie Library is growing
 larger every service. The morn-
 ing service today had a larger
 number of men than usual.

The service tonight and Satur-
 day night will begin earlier on
 account of the chautauqua. Those
 coming at eight o'clock will be
 late.

Fans are provided for all who
 come.

The Ideal Purgative
 As a purgative, Chamberlain's
 Tablets are the exact thing re-
 quired. Strong enough for the
 most robust, mild enough for
 children. They cause an agree-
 able movement of the bowels
 without griping. They are easy
 and pleasant to take and agree-
 able in effect.

**"LIFE," STRONG MELO
 DRAMA SHOWING HERE**

For real old fashioned melo-
 dramatic thrills of the sort our
 forefathers used to experience in
 the good old days of the mello-
 drama, we can safely recommend
 William A. Brady's picture pro-
 duction of "Life," released by
 Paramount, which is showing to-
 day at the Maeroy Theatre.

That the photoplay caught on
 there can be little doubt. The
 story has genuine heart interest
 and appeal and even the most
 blasé film fan will watch the
 development of the plot with a
 fervor that is astonishing. The
 production as a whole is a good
 one and the players enacting the
 various roles were with few ex-
 ceptions quite convincing.

The story in brief has to do
 with the conviction of an inno-
 cent man of murder and of his
 exoneration by his wife after
 many complications have been
 overcome. The cast includes
 among others such capable play-
 ers as Jack Mower, Arline
 Pretty, J. H. Gilmore, Nita Naldi,
 and Rod LaRocque.

Sir James M. Barrie's "Senti-
 mental Tommy," which has
 proven one of the outstanding
 features of the year, will be seen
 at the Maeroy Monday and Tues-
 day of next week. This is a de-
 lightful picture that will please
 young and old alike and was
 made by John S. Robertson, di-
 rector of "Dr. Jekyll and Mr.
 Hyde," and other famous plays.
 Gareth Hughes, May McAvoy,
 Mabel Taliaferro and George
 Fawcett are in the cast.

"COLD IN THE HEAD"
 is an acute attack of Nasal Catarrh.
 Those subject to frequent "colds" are
 generally in a "run-down" condition.
HALL'S CATARRH MEDICINE is a
 treatment consisting of an Ointment,
 to be used locally, and a Tonic, which acts
 quickly through the Blood on the Mu-
 cous Surfaces, building up the system,
 and making you less liable to "colds."
 Sold by druggists for over 40 Years.
 F. J. Cheney & Co., Toledo, O.

**BAPTISTS WILL MEET
 AT MILES AUG. 29-30**

The Runnels County Baptist
 Association will meet in Miles on
 August 29th and 30th. Many
 delegates from over the county
 are expected to attend and be
 guests of the Miles church. Din-
 ner will be served by the Miles
 Baptist ladies both days.

Pronounced Success
 The uniform success that has at-
 tended the use of Chamberlain's
 Colic and Diarrhoea Remedy in
 the relief and cure of bowel com-
 plaints, both for children and ad-
 ults, has brought it into almost
 universal use, so that it is practi-
 cally without a rival and as ev-
 eryone who has used it knows it
 is without an equal.

A small want ad in The Daily
 Ledger often saves you money.
