222 DROWN WHEN STEAM SHIP SINKS

REFUSES DEFINE "LIVING WAGE"

(By Associated Press)
CHICAGO, Aug. 29.—The United States Railroad Labor Board today denied the motion of W. Jett Lauck, labor statistician, that the board immediately define the principle of "a living wage," in the case of the maintenance of way employees who are seeking an increase in maximum rates of pay. The hearing then adjourned until tomorrow.

I. F. Grable, president of the maintenance of way union, announced that he was telegraphing President Harding and Senator Cummins asking them to present to congress an amendment to the transportation act which would make it mandatory on the labor board to "enunciate the principles of a living wage."

QUICK BILL DUE IN MINE MURDER

(By Associated Press)
MARION, Ill., August 29.—The employees of the electrical railway between Marion and Herrin, and the employees of the power house near where the nineteen non-union miners were massacred, were the first witnesses to be called before the special grand jury convened to investigate the massacre in the Herrin mine war. These employees are said to have been eye witnesses to "the death march" on the mine workers and the massacre which followed.

Attorney General Brundage said that he did not expect that it would take the grand jury long to complete its work and return indictments.

GOVERNMENT TO NOT HANDLE COAL

(By Associated Press)
WASHINGTON, Aug. 29.—The abandonment of President Harding's proposal to congress for a federal coal agency with sufficient capital to buy, sell and distribute coal, was announced in the House today by Chairman Winslow of the interstate commerce committee, at the beginning of the debate on the bill to create machinery to supervise and distribute only, the coal supply. It was said that the abandonment of the buying and selling features proposed in the legislation was agreeable to the president.

Read Ledger "wants" column.

MAN KILLED FROM AMBUSH

(By Associated Press)
GILMER, Tex., Aug. 29.—Walter Harris, a white man, residing near James, Texas, was shot from ambush and killed yesterday evening, according to reports received here. Sheriff Bryce of Upshur county, has gone to the scene of the shooting. Harris leaves a wife and three children.

Quite a number of local Methodists attended a revival in progress at Winters Sunday night. Among those going were Dr. and Mrs. W. W. Fowler, Jas. E. Brewer and family, Mrs. C. E. Simpson and children, Misses Ruth Skinner and Anna Marie Shepherd.

A small want ad in The Daily Ledger often saves you money.

Corn Is Still Our King

NEW HOPE FOR SAVING 48 MINERS

(By Associated Press)
JACKSON, Calif., Aug. 29.—The hope of rescuing the entombed miners in the Argonaut coal mine increased somewhat today when it was reported that crews digging away at the tunnel obstructions were making good progress. It was said that the tunnel should be cleared in two or three days, although volumes of nauseating gas from the burning depths of the mine caused the belief that the men had already perished, and none would be rescued alive.

Court Takes Quick Action in Negro Murder Case

The grand jury convened at one-thirty Monday afternoon. Before recessing for the day it returned an indictment against Sam Moore, negro, charging him with killing Laura Moore, negro, on July 31st. Judge Woodward immediately docketed the case and set it for trial next week, and ordered a special venire.

Sam Moore is charged with killing Laura Moore on the Hoel-seher farm South of Ballinger, by shooting her several times with a pistol. The negro was arrested near Ballinger a couple of hours after he did the killing and has been in jail here since.

According to evidence brought out by statements made by witnesses at the time of the killing, the negro woman was preparing to return to South Texas with her mother, and Sam invite her to go with him to water the team which he was preparing to harness to take Laura and her mother to the train at Rowena, and it was while they were returning from the well that he opened fire with a pistol, shooting the negro woman three or four times, she being shot in the back as she was fleeing from the infuriated negro, and it is alleged was shot one time after she had fallen dead on the ground.

The negro prisoner is without funds to employ lawyers to defend him, and the court appointed Judges O. L. Parish and T. T. Crosson to defend the prisoner. It is understood that the defense will plead insanity.

EDITOR KILLED IN MOUNTAIN FALL

(By Associated Press)
WASHINGTON, Aug. 29.—Wright McCormick, editor of maps in the United States Geological Survey, and a former professor in the University of Texas, was killed in a fall from a mountain near Mexico City, according to word received here today.

FOUR CONFESS TO WRECKING TRAIN

(By Associated Press)
GARY, Ind., Aug. 29.—The signed and sworn confession of four men held by the Gary police charged with murder in connection with the wrecking of the Michigan Central express train on August 20th, was placed in the hands of the county prosecutor preparatory to presenting the evidence to the Lake county grand jury. According to the authorities the grand jury is expected to be convened in a few days for hearing evidence in the case. A number of affidavits will be presented to show that the fireman, engineer and expressman were killed in the wreck. The four men are Russians and all claim union membership.

NEW SALE STUNT

The novel opportunity of having two articles wrapped up and delivered when only one has been paid for, will be offered to the customers of Weeks, the wide-awake druggists who are participating in a sensational half-price sale of Drugs and Toilet goods which is sponsored by the San Antonio Drug Co., the South's Largest Wholesale Drug House.

The sale started Friday, Aug. 25th and continues for Nine Days. According to the announcement made today.

Mr. and Mrs. J. R. Holloway visited relatives at Norton Sunday and attended the revival in progress at that place.

(By Associated Press)

SANTIAGO, Aug. 29.—A Chilean steamship, the Itata, with twenty-two hundred tons displacement, sank today, off the coast of Chile near Coquimbo.

All passengers, numbering one hundred and fifty, and a crew of seventy-two, went down with the vessel and perished.

ASKS FOR DIVORCE AFTER 37 YEARS

(By Associated Press)
HONOLULU, T. H., Aug. 29.—Colburn H. Maemae, Hawaiian, waited 37 years for his wife, Emily, to return to him before he brought suit for divorce on the ground of desertion, he testified here at the hearing of his case.

Maemae and his wife were married in Ewa, Oahu, in 1884, the year following the coronation of King Kalakaua, and she left him four months after the marriage, he testified. Since then he has waited for her return but finally concluded that she "meant to stay away," he said.

Mrs. Maemae now is a "fisher-lady" and resides on one of the small islands in Kalihi harbor, adjoining Honolulu bay, her husband testified.

Mr. and Mrs. Tom Pickett returned to their home at Temple Monday afternoon. They had been visiting Mrs. Pickett's parents, Mr. and Mrs. L. F. Gressett.

Leslie Fowler is here from Dallas visiting his father, Dr. W. W. Fowler.

WANTS RIGHT TO TAKE OVER ROADS

(By Associated Press)
WASHINGTON, Aug. 29.—President Harding still believes that congress should grant him immediate authority to take over the railroads and mining properties, but it is said that he declared that only the grimmest public necessity would move him to exert such powers. This information was given out today from the White House.

Mrs. Shirley Shields is here from Abilene, visiting in the home of her brother-in-law, Rufus Wheeler.

U. S. FIRST IN DAIRY PRODUCTS

(By Associated Press)
CHICAGO, Aug. 29.—The United States ranks first among the nations of the world in dairy production but is fifth in consumption of butter, ninth in cheese consumption and sixth in milk, according to figures compiled by the government and compared by M. D. Munn, president of the National Dairy Council.

Mr. Munn's comparisons show that Sweden ranks first in milk consumption, closely followed by Denmark and Switzerland. Canada leads in butter consumption, with Australia, New Zealand and Denmark outranking the United States. Switzerland is first in cheese eating, and the United Kingdom, France and Italy follow in the order named.

Argentine ranks lowest in butter and cheese consumption, but reports indicate that production and consumption are on the increase.

In 1921 there was an increase of 11 per cent in milk production in this country and 165,000 pounds in butter, Mr. Munn said.

WHY BIRTHS SHOULD BE RECORDED

The state health department urges physicians to report to the proper authorities births of babies, and following are some of the reasons why this law should be complied with:

Determine whether minor defendants shall be tried in Juvenile or District courts.

In illegitimacy proceedings.

Proof of age and legitimacy of heirs.

As proof of age in order to determine the validity of a contract entered into by an alleged minor.

To determine the liability of a parent for the debts of a minor.

In accident cases to determine the age of persons injured when the casualty company carrying the risk sets up the defense that the injured was under the age of persons permitted in their contract with the defendant to operate machinery.

To settle disputes as to age arising out of insurance claims.

As evidence upon which to correct a record of marriage or of death, particularly to age.

As evidence of legal age in order to obtain a marriage license.

As evidence of age in order to enlist in the army or navy.

As evidence of under age in order to obtain the discharge from the army or navy of boys who enlisted without their parents' consent.

As evidence of school age to gain admission to school.

As evidence that a child is over 16 years of age, and, therefore, does not require a permit to work.

As evidence of the required age in order to obtain employment certificates between the ages of 14 and 16.

As evidence of age and citizenship in order to obtain entrance to civil service examinations.

As proof of citizenship in order to vote.

As proof of citizenship in order to obtain a passport.

The Widows' and Orphans' pension law, which has just been enacted, has created a new demand for certificates of birth.

Establishes proof of age in a case involving the age of consent.

The Ideal Purgative

As a purgative, Chamberlain's Tablets are the exact thing required. Strong enough for the most robust, mild enough for children. They cause an agreeable movement of the bowels without griping. They are easy and pleasant to take and agreeable in effect.

Mrs. P. E. Truly returned home Monday from Oklahoma, where she had been visiting her daughter.

GIRL NOW WELL AND STRONG

Daughter Took Lydia E. Pinkham's Vegetable Compound as Mother Advised

Wauseon, Ohio.—"My daughter always had backache and leg-ache at certain periods and could not be on her feet at those times. We read about Lydia E. Pinkham's Vegetable Compound, doing good to so many girls so much good so she began to take it. That is two years ago and she is a different girl since then able to do any work she wants to do—although she is still careful not to do heavy work—and so well and strong. We recommend Lydia E. Pinkham's Vegetable Compound to all mothers with ailing daughters, and I give you permission to publish this letter as a testimonial."—Mrs. A. M. BUCKHOLDER, Route No. 2, Box 1, Wauseon, Ohio.

Something out of balance will affect the finest clock, causing it to gain or lose. The proper adjustment made, all is well. So it is with women. Some trouble may upset you completely.

Lydia E. Pinkham's Vegetable Compound will correct the cause of the trouble and disagreeable symptoms will disappear as they did in the case of Mrs. Buckholder's daughter.

MOTHERS—It is worthy of your confidence.

BAPTISING WILL BE HELD THURSDAY NIGHT

Dr. Alvin Swindell left with a crowd of other Baptist delegates for Miles Tuesday morning, where they go to attend the meeting of the Runnels County Baptist Association. Before leaving Dr. Swindell stated that the regular Wednesday night prayer meeting had been called off this week, and the service would be held Thursday night at the First Christian church, and at this time there would be a baptizing, those who were received into the church during the recent revival to be baptized. Everybody is most cordially invited to attend the Thursday night's service.

No Substitute Offered

Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety nine out of a hundred druggist recommend Chamberlain Colic and Diarrhoea Remedy, when the best medicine for diarrhoea is asked for, and do so because they know from what their customers say of it, that it can be depended upon.

AUSTIN—The 516 telephone companies operating in Texas that report to the state comptroller's office, paid \$264,273.23 in gross receipts taxes last year, on gross incomes amounting to \$17,618,216, according to information obtained from State Comptroller Lon D. Smith. Mr. Smith pointed out that in paying almost \$265,000 into the state treasury in taxes, the telephone companies of the state represent no little item of taxes.

KRISTOFF SCHOOL IS MODERN BUILDING

The Kristoff school, nine miles southwest of Ballinger, which was destroyed by the cyclone last April, is being replaced with a modern concrete building. The building is about half completed, and will be the most modern one room school in West Texas, according to County Superintendent Bugg, I. G. Olsak, Joe Kohutek, and A. A. Hoelscher are members of the school board, and they are taking much interest in the construction of the new building.

SAN BENITO—The first grape fruit of the Valley season, and believed here to be the earliest fruit to reach citrus markets in the country, have been sold in local stores.

"THE WILD GOOSE" ON SCREEN AT MAEROY

Treating the eternal triangle from a new standpoint, at once interesting and novel, "The Wild Goose," a Cosmopolitan production directed by Albert Capellani and released by Paramount, was shown at the Maeroy Theatre with no inconsiderable success yesterday. One follows the marital troubles of the Manners' with tremendous interest, and when the constancy of the wild goose for its mate is alluded to, one wonders how it should be applied to the average men and women of the day. But when the story nears its dramatic close, one readily appreciates the analogy. One cannot reveal the motif of the action of this superb picture without the risk of spoiling interest in the unusual denouement

by which Manners and his romantic minded wife ultimately are reconciled. The players are excellent in their respective roles. Mary MacLaren and Holmes E. Herbert have the leading roles and they acquit themselves with rare artistry. Dorothy Bernard, Joseph Smiley and Norman Kerry gave effective characterizations.

Pronounced Success

The uniform success that has attended the use of Chamberlain's Colic and Diarrhoea Remedy in the relief and cure of bowel complaints, both for children and adults, has brought it into almost universal use, so that it is practically without a rival and as everyone who has used it knows it is without an equal.

Mrs. Louise Williams left for Oklahoma Monday afternoon, where she will teach school.

If You Hold a Tire Against an Emery Wheel

—you will find out a lot about the tread. If it is too soft it will crumble. If it is too hard it will grind away very rapidly. If it is a Dayton tread—black, tough, alive—it will stand a surprising amount of grinding.

Roads and pavements are always grinding away at the treads of your tires. We know the Dayton black tread will stand it. That's why we guarantee it to you.

TALKS ON PUBLIC SERVICE UTILITIES

(By Associated Press)

BROWNWOOD, Tex., Aug. 29.—People who accept the telephone, electric light and power, gas, and electric street and inter-urban railways as a matter of course have not thought sufficiently about their own stake in them, George McQuaid, director of the Texas Public Service Information Bureau, declared today at the convention of the Texas Independent Telephone Association.

"The public service information bureaus are designed to aid the people in getting valuable information as to their own interests in the utilities.

"Not all the people know and understand that public utilities and strictly regulated under the law. In all states, except Texas and Iowa, they are under control of the state public utility commissions. In Texas, they are under municipal control.

"Earnings of the utilities are limited to sufficient revenue to pay their operating expenses, maintenance and depreciation, and a fair return on the value of the property devoted to the public service.

"The people have not all given thought to the fact that when the revenues of a utility shrink to a point where it cannot pay a fair return to its stockholders, it cannot afford good service; nor can it finance needed extensions of its plant. Few people understand that a utility can make a turnover in its investment only about once in five years, as compared with three to six times a year in a trading business. They do not realize that the utilities of the United States stand in need of about eight hundred million dollars of new money each year to make needed extensions and that this money can be had only by borrowing. It can be borrowed only if the utilities are paying a fair return in the form of interest on the loan."

Mr. McQuaid said that one of the most notable methods adopted by the national organizations of the great utilities is the association of information bureaus in several states, designed to supply any facts regarding any utilities to persons and publications on request without cost.

He added that public service information bureaus in 25 states issue news bulletins to all the newspapers of their states, and

that they assemble data and supply speakers for all meetings that desire to hear the utility story.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder irritation or Backache

The American men and women must guard constantly against kidney trouble, because we eat often too much red meat and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy; full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus often ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

ECHOES FROM THE POLLS

Culberson county went for Mayfield by a vote of 25 to 19.

Gillespie county gave Mayfield 88 votes and Ferguson 1182.

Jeff Davis voted 3 for Ferguson and 52 for Mayfield.

About sixty per cent of the voters of Runnels county voted last Saturday.

The senatorial candidates tied in Willacy county, receiving nine votes each.

Col. Billie Mayfield ran behind the ticket, T. W. Davidson receiving the largest majority of any candidate on the state ticket.

In Comal county Ferguson got 1248 votes and Mayfield 45. Billie Mayfield beat Earle, receiving 109 votes in Comal.

Ferguson carried Sutton county by a majority of two votes. S. L. Merck defeated William McComb for sheriff by seven votes.

The race between Baker and Blair for associate justice is so close it will probably take an official count to determine who is the nominee.

Callaway carried two boxes in Runnels county, Olfen and Rowena. Blanton led the ticket in this county, receiving 180 votes more than the next highest man, J. K. Baker.

Miss Mary Phillips was defeated by L. E. Crow for county clerk in Brown county by 401 votes. This was the only county race in the Brown county runoff.

In Coleman county the entire commissioners' court, including the county judge, was overthrown and a new court elected. Mr. Pierratt, a Santa Anna man, defeated Judge Matthews.

Mayfield was born in Rusk county, reared in Smith county, practiced law in Coryell county, and married in Bosque county. He carried all except Bosque. Ferguson lost his home ward, but carried his home county by twenty votes.

In Starr county Mayfield defeated Ferguson to the tune of 58 to 1, Ferguson receiving 7

votes and Mayfield 405. Billie Mayfield received one vote in Starr.

The Market Place

The old public market was a place of bartering. There the housewife matched her wits against the seller's, and the better man won out by a penny or two.

Some paid more—some less for identical articles, according to their separate abilities to haggle.

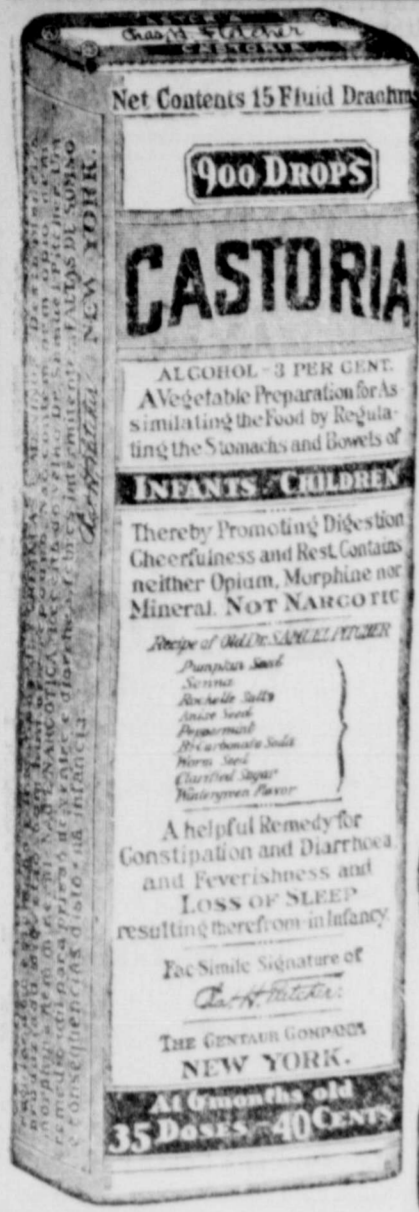

Advertising has helped to make buying fairer for all by stabilizing prices.

The advertiser names his price—the same for all.

You know that in paying it, you're getting the same deal as the next one. You may not have realized what a saving in time, money and convenience in this alone the advertisements mean to you.

A return for a week to the old ways of selling would quickly convince you of the service the advertisements in your paper render.

They are your market place today. Read them.

Howard Payne College
Dr. Thomas H. Taylor, Dean, Howard Payne College, Brownwood, says: "The students from Ballinger have proven very efficient in their work. Their work done here shows that they have had splendid training before coming."

Daniel Baker College
Dr. F. W. Thompson, until recently President of Daniel Baker, now President of Texas Presbyterian College, says of our High School graduates in Daniel Baker College: "They were well prepared to do college work. The thing that impressed me most was that they had not been forced to cover an endless variety of subjects in their high school days, but had been thoroughly grounded in the few fundamentals which are so necessary to successful college work."

Agricultural & Mechanical College
Prof. Charles E. Trilley, Registrar, says: "The strong point in the work of the Ballinger High School is the emphasis placed on the fundamentals, such as English, History, Mathematics and Sciences. This is as it should be. A great many schools make the mistake of expanding and as a result are weakening their course of study. As a whole, it is much better to offer comparatively few subjects and make sure that they

are well taught. We would prefer to have students who are thoroughly grounded in English, History, Mathematics, Science, and a foreign language than to get students who have a smattering of everything and who are proficient in nothing.

"We have had the following young men from the Ballinger High School during the past two years: R. M. Clappitt, W. F. Guion, S. Y. Guthrie and O. Zappe. All of these men have made good records. Guion was one of the twenty Freshmen of a total of 600 last year who made the highest records."

University of Texas
Dr. Vinson, President of the University of Texas, in conversation with another college president said very flattering words about the splendid course in Mathematics in the Ballinger High School, and commended our thoroughness and high standards in fundamental subjects.

"COLD IN THE HEAD"
is an acute attack of Nasal Catarrh. Those subject to frequent "colds" are generally in a "run-down" condition. HALL'S CATARRH MEDICINE is a treatment consisting of an Ointment, to be used locally, and a Tonic, which acts by quickening the blood on the Mucous Surfaces, building up the System and making you less liable to "colds". Sold by druggists for over 40 Years. F. J. Cheney & Co., Toledo, O.

Will C. Grant, of Dallas, returned to his home Monday afternoon. He had been here for several days visiting his sisters, Mesdames James E. Brewer and Asa Cordill, and brother, Chas. Grant. Mr. Grant formerly lived in Ballinger.

**MEN ARRESTED
NOT BOHEMIANS**

John Simecek, who was here attending court as a juror Monday, called at The Ledger office and complained about parties recently arrested South of Rowena over the line in Tom Green county for operating a still, being classed as "Bohemians." "They are not Bohemians," said Mr. Simecek, "and classing them as such was a reflection upon the Bohemian people." Mr. Simecek said he thought The Ledger should correct the mistake. He also brought a copy of the Rowena Review with him to Ballinger and delivered it to Sheriff Flynt showing that the officers had been taken to task for drinking the booze after they had raided the still and confiscated the liquor.

Mr. Simecek said that the men arrested were named Phillips and while they could speak the Bohemian language they were born in America and were Americans and not Bohemians. Mr. Simecek is a prohibitionist and thinks the law dealing with bootleggers should be enforced, and he does not like for the report to go out that the Bohemian people are bootleggers.

The Ledger carried an account of the still being raided, and referred to the parties arrested as being Bohemians upon information furnished by the officers. The arrests were made in Tom Green county, and the names of the parties could not be given by the Ballinger officers who took part in the raid when they returned to Ballinger, and they referred to them as "Bohemians," probably because the men spoke that language.

The Rowena Review takes the purchasers of the bootleg liquor to task and says that if the man did make the liquor they are still as good citizens as the young "100 per centers" who bought the booze. In commenting on the Review's defense of the men arrested, Sheriff Flynt says the insinuation that the officers drank the liquor is a "malicious lie." Following is what the Review says about the case, and it is up to the boys who bought the whiskey and their parents to say whether the young "100 per centers" are in a class with the men who made and sold them the booze:

"It has appeared in the press that 'four Bohemian boys' had been arrested and placed in jail for making whiskey. Rowena citizens protest on two propositions. First, the boys were not placed in jail but were given bond and attended a dance the night of their arrest. The Bohemian citizenship feel 'Bohemian' was unnecessarily stressed. There are various gradations of Bohemian people; some are no doubt bad to the core; but most of them are good, law-abiding citizens, high-minded and ambitious, and are friends and neighbors of whom

no man need feel ashamed. No doubt the boys made the whiskey, in fact it is said the officers pronounced it 'darn good whiskey.' No good citizen can condone violating of laws, whether it be illicit distilling or driving a car without a number. But admitting these boys made liquor, are they not still as good citizens as those young '100 per centers,' who bought, 'transported' and drank the vile stuff. Doesn't the same law that prohibits making whiskey, likewise prohibit the transportation and possession of same? The better element of Rowena deplores transgression of the law; they would equally deplore any discrimination in law enforcement."

The Key that Unlocks the Door to Long Living

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.

MANVILLE BROS. PLAYS TO CAPACITY HOUSE

Manville Bros. Comedians played to the largest show crowd last night that has been seen in Ballinger for many moons. The crowd filled the big tent and many were turned away because there were no seats left. The management announces that additional seats will be added today and every effort made to take care of the crowd.

The play last night was that of "Mickey," and the applause and laughter that greeted the company proved they had made many friends in Ballinger. Miss

Ida McColm, in the part of "Mickey" was exceptionally good and was strongly supported by the entire company. Tonight's bill promises to be one of the best of the week and for this play the admission price for ladies has been reduced to 10 cents.

The vaudeville features pleased the big crowd and each number was called back to the stage several times. Mr. Clarence Leigh in whistling and imitations; Miss Bernice McColm in song and dance and comic dialogue; "Zella," the

"girl with a million eyes;" and a snappy duo dancing act filled the intermissions between acts and caused no dull place in the show.

Manville Brothers are showing here under the auspices of the American Legion and the local organization is very fortunate in securing such a company as Manville Bros.

Frank Berryman, of the Wingate country, was among the citizens serving on the petit jury here this week.

The Vital Points

Your satisfaction with a suit of clothes depends upon your satisfaction with its style, fit, appearance, price and wearing qualities. These are the vital points. And you must get satisfaction in each one if you are to be fully satisfied with the clothes as a whole. Just consider
