BANDITS LEAVE CASH AFTER BANK ROBBERY

(By Associated Press)
PAWHLUSKA, Okla., Jan. 17.—An automobile, in which was found approximately nine thousand dollars in cash and bonds, was identified by the police today as part of the loot of the robbers obtained yesterday in the hold up of the bank at Cambridge, Kansas. The car was discovered last night near a farm house ten miles from here.

Ralph Klopten, who admitted that he participated in the hold-up, has been captured, the authorities announced. E. G. Hamilton, who was kidnapped by the bandits after perhaps being fatally wounded in a gun fight following the robbery, was left at a farmhouse with Klopten. Klopten was also wounded. The other bandits made their escape.

TOWN QUIET AFTER MAN IS MOBBED

(By Associated Press)
LITTLE ROCK, Ark., Jan. 17.—Interest centered today in the possible legislative investigation of labor trouble at Harrison, Arkansas, as a result of the strike and trouble on the Missouri & North Arkansas Railroad. Reports received here indicated that Harrison is quiet today, and no further trouble is expected. The citizens committee has agreed to report all information obtained through the questioning of strikers relative to the burning of bridges and depredations on railroad property.

The casualties so far consist in the lynching of one man, another wounded and two hundred persons forced to leave the community by the "committee of one thousand."

DEATH NEAR MAVERICK
Mrs. J. D. Carr died at her home near Maverick at five o'clock Tuesday afternoon. Mrs. Carr was fifty-seven years of age, and had been living in the Maverick country for several years. She is survived by a husband, one son and one daughter. The daughter arrived from Colorado Wednesday. The funeral was held Wednesday afternoon and the remains interred in the cemetery at Norton.

GERMANS STOP COAL DELIVERIES

(By Associated Press)
Representatives of the German coal magnates failed to appear this morning before the allied control commission at Dusseldorf. Instead they sent word that they had decided to obey instructions from the Berlin government instead of the French orders regarding coal deliveries. A Reuter's Telegraph Company dispatch from Essen says that according to reports from German sources, four Ruhr industrial leaders were told by the French authorities at Dusseldorf to consider themselves under arrest, after the magnates had reiterated that they would only obey orders from Berlin instead of taking French orders.

ESSEN, Jan. 17.—The French occupation authorities announced today that they will begin operating the coal mines in the Ruhr district tomorrow. French officers stated that German labor would be requisitioned if necessary to keep the mines at work.

WOMAN WANTS DRASTIC COURT

(By Associated Press)
AUSTIN, Jan. 17.—Texas' first woman legislator, Mrs. Edith Wilmans, of Dallas, is taking an active part in the deliberations and work of the House of Representatives. This is shown by the fact that Mrs. Wilmans has prepared and submitted to the legislature four measures for consideration.

Of particular interest among Mrs. Wilman's measures is that proposing the creation of a "Court of Domestic Relations" in Dallas county. Such a court, according to Mrs. Wilmans, would be the court to settle home difficulties. As specified in the bill, it would have jurisdiction of divorce suits, suits for the dissolution of the marriage relation, suits involving the custody of minor children, and other matters named, including criminal prosecutions for wife desertion.

The court of domestic relations would be governed by the same regulations governing other district courts. Four terms of the court would be held each year, the first beginning on the first Monday in January, and continuing until the last Saturday before the first Monday in April; the second, beginning on the first Monday in April and continuing until the last Saturday before the first Monday in July; the third, beginning on the first Monday in July and continuing until the last Saturday before the first Monday in October; the fourth beginning on the first Monday in October and continuing until the last Saturday before the first Monday in January.

The new court would be merely a "home" court, according to Representative Wilmans, who declared she would favor such court in all counties having populations over 200,000, altho her measure provides for the establishment of such a court only in Dallas county. "Too little attention is given to home difficulties by the courts today," Mrs. Wilmans said today. "Many unhappy separations could be avoided and minor difficulties adjusted if we had a court that would look into these matters. The judge for such a court should be one who would look into and study home difficulties and know what action to recommend when cases are brought to him. Such procedure would mean strengthening and tightening of our divorce laws and would prevent many unhappy situations among children."

COURT REVERSES ASSAULT CASE

(By Associated Press)
AUSTIN, Jan. 17.—The Court of Criminal Appeals today reversed and remanded the case of C. Pierson from Galveston county, who was given a fifty year sentence by the lower court on a charge of assault and attempt to murder. The appeals court declared that the evidence in the case did not warrant the maximum penalty. It was alleged in the trial that Pierson assaulted a carpenter while employed on a project at Galveston.

TO TIGHTEN LID ON SALE OF ALCOHOL

(By Associated Press)
WASHINGTON, Jan. 17.—A drastic curtailment of dealings in denatured and industrial alcohol has been decided upon by federal prohibition authorities as the next step in the campaign to combat the illicit liquor traffic.

Orders have been issued revoking scores of dealers' permits, including that issued to one of the largest alcohol producing plants in the country. Acting Prohibition Director Yellowley, of New York, is known to have secured evidence that a great bulk of Christmas beverages were manufactured with illegally diverted alcohol.

BRADY MAN KILLED IN FIGHT BY ROCK

Sam Cole, age about 50 years, died at Brady Sunday as result of a blow on the head with a rock while in a fight with a man by the name of Otis Mitchell, age about twenty-one. It is alleged that Mitchell struck Cole on the head with a nine and a half pound rock. The fight took place on the streets of Rochelle ten miles North of Brady Saturday. The fight was the culmination of trouble of several years standing between the young man's father and Cole.

Cole and the Senior Mitchell met on the streets of Rochelle Saturday and engaged in a fist fight, and Cole was whipping Mitchell's father when the young man went to the aid of his father and used the rock as a weapon, inflicting the fatal injury.

F. W. Welhausen is reported to be much better today. He has passed the danger zone and his family and friends now feel very hopeful. Mr. Welhausen had the flu several days ago, and was recovering when complications developed which made his condition serious for a time.

MILES SETS DATE POULTRY SHOW

The Business Men's League of Miles has announced February 3rd as the date for their Canning Demonstration and Poultry Show. Assistance in staging the events of the day will be given them by County Farm Agent Eaton and Secretary Williams of the local commercial organization. Equipment for the canning demonstration will be loaned by County Agent Dor Brown and Miss Chitwood, home demonstration agent, of Tom Green county.

A prize list of \$200.00 has been prepared for the poultry show and a large list of entries is expected. Coops for the show are being loaned by the Runnels County Fair Association.

MANY PAY DUES TO C. V. I. ASS'N.

Miles business interests are lining up solid behind the irrigation program for 1923, and are seemingly unanimous in their desire to put over the big water project which means so much to this section. Will Lindsley and Stuart Williams, directors of the association, spent about two hours Tuesday in raising funds for the survey of the reservoir site which is now in progress. A special committee will complete the work in Miles and endeavor to line up every citizen and farmer in that territory. The following signed up yesterday:

EXPLAINS ARRESTS IN WACO CASE

(By Associated Press)
WACO, Jan. 17.—Capt. Shumate of the state ranger force today explained to Judge Alexander his action in removing Miss Naomi Boucher to a place where her brothers Horace and Bernard could not communicate with her, and in taking her from McLennan county. The ranger captain arrested the girl and her brothers in connection with the murder of Grady Skipworth. Capt. Shumate said that his action was necessary to get information ready for court use, and he gave Judge Alexander a summary of the evidence he had obtained.

Charges had been filed against Shumate, charging him with preventing the defendants from communicating with their counsel. Judge Anderson dismissed the charges against Shumate.

The habeas corpus hearing of Leary Clay, a negro who is being held in connection with the murder, has been postponed as a result of the arrest of Miss Boucher and her brothers.

OIL JUMPS TEN CENTS BARREL

HOUSTON, Jan. 17.—Bonnie Lee Harrison, age 8, daughter of Mrs. R. H. Harrison, was taken to the county jail today and faced a man under arrest charged with the flogging of the girl's mother on Jan. 5th. The girl declared that the man was one of the group which came to their home and carried away her mother and R. A. Armand.

HOUSTON, Jan. 17.—A solution of the Goose Creek flogging is expected following the arrest last night at Goose Creek of one man. Sheriff Binford said that he had sufficient evidence against the man, and that he expected to gain the names of others involved.

The Goose Creek Klan of the Knights of the Ku Klux Klan has condemned the flogging of Mrs. R. H. Harrison and R. A. Armand, denying any responsibility for the flogging and is offering assistance in discovering and punishing the guilty parties.

**STATE PRESS SEES THE
 GLOOMY SIDE**

Prosperity is reflected in bank statements just made public as well as in the splendid liquidation of bad debts. Farmers in this section of the country begin the year in better shape than for many years.—Ballinger Ledger.

The financial conditions of the cotton growing states are greatly improved over a year ago, and beautifully better than two years ago. A good crop and a nice price are needed, however, to make everything in Dixie entirely shipshape. Let us hope this year will put the finishing touches on normalcy. Outside the cotton fields, however, there remains considerable difficulty in making buckle and tongue meet. The grain raisers and the meat growers are not prosperous. The cattle business in particular has been as depressed as a cow looking for her calf. The world isn't buying as much beef as it wants, mostly because it hasn't the money. This is especially true of Europe, where the people are consuming more vegetables and poultry in proportion to beef than before the war. Our grain and meat territory is so large and important that hard times there is reflected elsewhere, in consequence of which it will be an unwise individual, an unwise banker, an unwise merchant, an unwise farmer, and an unwise editor who extends himself too far this year. There are going to be more than the average number of bankruptcies. There are many concerns which will be unable to make it through another spring and summer of slow business. We certainly can not logically consider our part of

the world anchored firmly to prosperity as long as there is wreckage floating past us and liable to bump into us and loosen us from our mooring. The world is still sick, even if it may be considered out of danger. To shout before one gets out of the woods is bad policy, but to live too prosperously when one's prosperity is questionable is bad business.—State Press in Dallas News.

**GIVES ACCOUNT OF DEATH
 OF MRS. G. A. JARRETT**

The Alpine Avalanche gives the following account of the death and funeral of Mrs. G. A. Jarrett: "Mrs. G. A. Jarrett died January 3rd at 9:45 p. m. She was buried January 5th at the Alpine cemetery. The funeral was conducted at the little house two blocks South of the hospital, by J. Thos. Brown and Rev. H. M. Smith.

"Mrs. Jarrett was thirty-four years old July 17, 1922. She and Mr. Jarrett had been married fifteen years last September. She has left four children, two boys and two girls; two brothers and three sisters, and besides these a faithful husband and step-mother. She was a member of the Church of Christ.

"Mr. and Mrs. Jarrett had lived in Ballinger several years before coming here. Their home was there and Mr. Jarrett also owned and operated a barber shop. They left Ballinger the 15th of last June. At first they spent two weeks in Fort Davis, then they came to Alpine.

"A brother of Mrs. Jarrett's came to be here at the burial of his sister but arrived several hours too late.

"Mrs. Jarrett's step-mother was with her for awhile but left several weeks before Mrs. Jarrett died. Mr. Jarrett had almost the sole responsibility of caring for his wife after the step-mother left. This was particularly true of

"Mr. Jarrett is now making arrangements to leave Alpine and go back to Ballinger and occupy their home, and open his barber shop and operate it himself.

CITY POLL TAX IS NOT A PREREQUISITE FOR VOTING

The Ledger recently urged upon city tax payers to qualify for voting by paying their poll tax. We still urge the payment of a poll tax as the fulfillment of an obligation, but a city poll tax receipt is not necessary for voting in city elections, either by men or women.

In adopting the woman suffrage amendment and in passing laws enfranchising women, the legislature failed to provide for payment of city poll taxes in towns of Ballinger's class, by the women, as a prerequisite to voting, and as to require men to pay city poll taxes and not require women to do likewise, would be class legislation, until the legislature corrects the error, it has been held that both men and women can vote in city elections without payment of city poll tax. However, a state and county poll tax receipt is necessary before you can vote in any election.

It is expected that the present legislature will correct the law, but it will be too late to become effective for this year.

More Than the Interest

Any business man who sells goods, figures so that he may make interest on the money invested. Some business men buy in such a manner that they may make interest—buying in big quantities—others are blind to this fact and only buy for actual needs, for a month or so.

There is real money---more than interest---in buying printed matter in quantities. For instance 1000 letter heads or 1000 bill heads last you three months, why not buy enough for a year and note the saving. You'll readily agree that it pays big.

PAPERHANGERS OF HIGH RANK

How the Father of His Country and Lafayette Saved the Situation for Mrs. Washington.

Father and mother, with the visitor and the children, do not now understand how to hang wallpaper as in the old days. But take a quotation from Miss Sanborn's book, where she tells the story of the hanging of the wallpaper at Mount Vernon in the following words: "The paperhanger was not so much a necessity in the old days as now. The family often joined in the task of making the paste, cutting the paper and placing it on the walls. This was not beneath the dignity of George Washington, who with the assistance of Lafayette, hung on the walls of Mount Vernon paper which he had purchased abroad."

The story goes that the good Martha lamented in the presence of Lafayette that she would be unable to get the paper hung in the banquet room in time for the marquis's ball in honor of the young marquis. There were no men to be found for such work.

Lafayette at once pointed out to Mistress Washington that she had three able-bodied men at her service. General Washington, Lafayette himself and his aide-de-camp. Whereupon the company fell merrily to work and the paper was hung in time for the ball.—Rehoboth Sunday Herald.

HASTENED TO MAKE AMENDS

Female Visitor Mistaken in Saying New Orleans Men Were Lacking in Politeness.

Miss Mildred Melville Mallison, the anti-vice worker, said in an address in Pittsburgh:

"The freedom now granted to woman is a gain, but it is also a loss.

"In one of my recent anti-vice campaigns I put up at a New Orleans hotel. Entering the breakfast room one morning, I found three fat men established there, each with a newspaper and a black cigar. Of course the room was full of smoke.

"While waiting for my breakfast, I coughed several times, but nobody took the hint, so I said as if to myself:

"Hm, I always understood that New Orleans men were models of French politeness."

"The three fat men were on their feet in an instant, smiling and bowing and scraping like so many monkeys.

"Pardon me, madam," they said in chorus, and each opened and extended to me courteously a cigar case full of black cigars."

HE KNEW BETTER

A titled English woman, who lives in a block of flats, wanted a day without visitors. She went down in the elevator and told both the porter and the microscopic elevator boy that she was "not at home."

In spite of her instructions, during the afternoon the elevator boy took up some visitors, who caught her, when the maid opened the door, helping to clean the hall. Trouble ensued for both the porter and the boy.

"Young varmint that you are," said the porter to his subordinate, "akin' visitors up an' then catchin' 'er ladyship, when you 'eard 'er say she wasn't at 'ome."

"Yes," said the unrepentant elevator boy, "but what 'er ladyship says an' what I knows is two different things."—Pittsburgh Chronicle-Telegraph.

"THREE MUSKETEERS" SOON TO BE SHOWN

Douglas Fairbanks' photoplay version of Alexander Dumas' blood stirring tale, "The Three Musketeers," is scheduled as the special feature attraction for the Fotosho Theatre on Jan. 31st and February 1st.

In this spectacular photodrama, Fairbanks will be viewed in a new type of characterization. In the picturesque trappings of a 17th Century cavalier, he is expected to give a sensationally dramatic interpretation to the role of D'Artagnan, dashing swordsman and adventurer. In fact, in "The Three Musketeers," the virile Fairbanks is said to outdo his splendid acting of the dual role he played in "The Mark of Zorro."

This photoplay represents one of the most painstaking and elaborate efforts at picture making of the year. No expense whatever was spared by Fairbanks, and the production is said to have cost a million dollars.

The story is based on historical fact and is acted by the best players in filmdom. Fred Niblo is credited with the direction and Edward Knoblock prepared the lens version, while Arthur Edison did the camera work.

In the cast are such sterling players as Marguerite De La Motte, Mary Maclaren, Barbara LaMarr, Nigel de Brulier, George Seigmann, Leon Bary, Eugene Pallette, Boyd Irwin and many others.

RUB RHEUMATIC PAIN FROM ACHING JOINTS

Stop "dosing" rheumatism. It's pain only. St. Jacobs Oil will stop any pain, and not one rheumatism case in fifty requires internal treatment. Rub soothing, penetrating St. Jacobs Oil right on the tender spot, and by the time you say Jaek Robinson—out comes the rheumatic pain and distress. St. Jacobs Oil is a harmless rheumatism liniment which never disappoints, and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Linger up! Get a small trial bottle of old-time, honest St. Jacobs Oil from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

GIRLS! BEAUTIFY HAIR AT ONCE

Try This! A Gleamy Mass of Luxuriant Hair

In a few moments you can transform even plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get a 35-cent bottle of "Danderine" at any drugstore. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust and excessive oil is removed.

Let "Danderine" put new life, vigor and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair and help your hair to grow long, thick, strong and beautiful.

FELT TIRED, SO TIRED

Indiana Lady Says She Was Run-Down, Suffered With Her Back, Took Cardui, and Got Well.

Richmond, Ind.—"I thought I would write a line or so, to say that I owe my good health and strength to Cardui," says a letter from Mrs. Cora Courtney, 31 Railroad Street, this city.

"I was all run-down until my family thought they would lose me," writes Mrs. Courtney. "My husband coaxed me to take Cardui, so, to please him, I did, and will say I do not regret it, for I am able to do all my work and do my shopping."

"I have five children, four in school, my husband and a boarder to do for, and I do all my own work for all of us, and find time to play. We all praise Cardui. Every sick and run-down woman should take this wonderful medicine."

"I suffered with my back; a very weak feeling in my limbs. "I felt hardly able to drag; just tired—so tired all the time."

"It was an effort for me to do anything, but Cardui helped me so I felt like a different woman."

"If you are in a run-down physical condition, suffering as this Indiana lady says she did, give Cardui a fair trial. It should help you."

JACQUETTE AND SLIP-ON COMPETE IN KNITTED MODES FOR SPRING

WITH an immediate demand for Palm Beach and Southern resort apparel, what excuse has Madam Fashion to set forward her calendar? It is a happy circumstance which brings about this "wedding of May and December," for it is generally acknowledged that Palm Beach styles have a real influence on modes for the following spring and summer.

In this connection particular interest is manifest in knitted tops, especially sweaters, for these promise greater favor than ever for the coming months. The outstanding new type among sweaters is the knitted Jacquette in openwork stitch.

When considering the really new developments in things knitted, start with the premise that the trend is toward lacy stitch of fancy construction. A jacquette, for instance, may be in solid plain color, but "style" is written all over it, if the stitch be of the novelty kind.

There is no doubt that the knitted jacquette, with the low hipband, or jelt, will be more than welcomed, not only in the world of sport's fashions, but also among dresser modes. One has but to look at the handsome knit-

"THE GIRL FROM PORCUPINE" AT THE MAEROY

One of the most realistic sand storms ever seen will be witnessed in the James Oliver Curwood picture, "The Girl from Porcupine," which comes to the Maeroy Theatre today and Thursday.

The action of the story calls for the annihilation of a number of prairie schooners in a desert during a terrific sand storm; all perish save two young children who are saved from death by a couple of old prospectors who find them after the storm, which has killed their parents and scattered the caravan to pieces.

This scene was staged on the beach of Old Orchard, Maine, but the beholder would not dream that it was not made in the middle of Sahara Desert, so realistic is it. After the location had been decided upon, the wagons and horses secured and the people rehearsed in their parts, the services of a dozen airplanes were called into play. These machines were brought into line behind the camera and director and at the given word their motors were started; the result of the pressure from the twelve propellers being so great that the sand was driven across the beach with such terrific force that it was impossible to even stand in its path.

This is only one of the many thrilling scenes in this new Curwood story, which is said to be one of the best he has yet written for the screen and when one recalls the enormous success of his other pictures one may look forward with keen anticipation to a remarkably fine picture.

Y. M. B. L. AFTER BETTER PASSENGER SERVICE

The Young Men's Business League is taking the lead in lining up the towns along the San Angelo-Temple branch in a demand upon the road for better Pullman and chair car accommodations. Letters are being addressed to the commercial organizations and others in all the towns from San Angelo to Temple urging them to join in a request to the road to provide

better passenger cars. The local organization has the support of Traveling Passenger Agent Ater in their move.

Bilious Headache

When you have a severe headache, a disordered stomach and constipation, take three of Chamberlain's Tablets. They will correct the disorders of the liver and bowels, effectually curing the headache

You and Two Others have a part in the satisfactory completion of every telephone call you make. YOUR PART is to ascertain the correct number from the directory; to give the number distinctly when the operator answers; to correct her if she repeats it incorrectly; to talk into the telephone—not just "at it." THE OPERATOR'S PART is to answer you as quickly as the calls already on her switchboard, and preceding yours, will allow; to connect you (unless the line is busy) with the number you ask for; to "supervise" your connection until the called telephone answers— THE "CALLED PARTY'S" PART is to answer his telephone promptly when it rings; also to speak distinctly into and not just "at" the telephone— The co-operation of at least three people is necessary to satisfactorily complete a telephone call—and two of them are not in the employ of the telephone company! "At Your Service" West Texas Telephone Co.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without scrores or irritation.

Rio Grande Rectification.
As a result of destructive floods in recent years, it is seriously proposed to undertake extensive alterations in the river channel in the El Paso district. Progressive rise of the river bottom and the water table in and around the city have now reached the point where very moderate flood stages in the stream entail heavy property losses. A scheme is outlined for shortening the channel, by straightening, to such an extent that a materially sharper or run-off may be obtained. The necessity for securing the Mexican government's approval and perhaps even co-operation is apparently the chief obstacle, though the engineering difficulties are also such as to call for thought.—Scientific American.

Dangers For Animals.
According to Dr. William T. Hornaday it takes 80 skins to make the average mink wrap, 200 for a squirrel coat, and 250 for a black mole coat, 90 skins may go to the making of a striped skunk jacket, and 300 to a Siberian ermine wrap. Before many years, if the present rate of slaughter continues, many of our most interesting animals will be practically extinct; even now the trapper is forced farther afield, and skins once unmarketable are being used to supply the deficiency.—Scientific American.

Undertaker Gets His First.
Under Kansas law, in the final settlement of a case in probate court, if there is not enough money to go round the undertaker is the only one who is paid in full. The doctor, the printer and even the judge himself, must probate the remainder. Everybody except the undertaker must lose some or all of his bill. The dead must be buried.—Cotton Weekly.

RANGER—Approximately \$35,000 worth of property was destroyed in 43 fires during 1922, according to the annual report of the Fire Chief. The largest fire of the year was a produce house where something like \$25,000 worth of goods was destroyed, the report said. This is a noticeable decrease over 1921, when there were 91 fires entailing a total fire loss of \$450,000.

HOUSTON—Approximately 1,400 bundles of Christmas mail will be sent to the dead letter office at Washington from Houston, according to Postmaster Roy Nichols. Insufficient address and insufficient postage is given by Postmaster Nichols for the undelivering of the packages.

Constipation
Constipation of the bowels is a stoppage of the sewerage system that removes waste matter from the body. It is as necessary that your bowels move regularly once each day, to carry off this waste, as it is that the waste pipes of your home be kept open and carry off the waste from the house. If you would enjoy good health, keep your bowels regular by taking Chamberlain's Tablets when needed.

Notice
After being away seven months, in search of health for my wife, but my effort was in vain, I buried her the 5th inst., and the children and I have returned to our home and friends of Ballinger and will be located at the same stand and will appreciate your business and friendship. Thanking you for past favors, and promising you the best service I'm able to give. Respectfully,
G. A. JARRETT.
