KANSAS OUTLAW DIES IN PRISON

(By Associated Press)
COFFEYVILLE, Kans., April 3.—Albert Colner, a noted Kansas and Oklahoma outlaw, died in jail here this morning from wounds sustained when he was shot by Robert Spriggs, former service man. Spriggs shot the outlaw when the latter attempted to hold up a grocery store on March 24th.

U. S. AGENTS ROUNDING UP OIL FAKERS

(By Associated Press)
FT. WORTH, April 3.—Armed with warrants, federal agents today sought more oil stock promoters who have been accused of defrauding the public out of millions of dollars.

So far sixteen arrests have been made and at least a dozen more are expected today. The specific charges against the men are for using the mails to defraud. The cases have been referred to the federal grand jury, and indictments are expected to be returned within ten days.

Those arrested have given bond. They include S. E. J. Cox, formerly of Houston, and who was tried in federal court there in connection with oil operations.

HUTCHINGS OPEN TO EIGHTH STREET

The intersection of Seventh Street and Hutchings Avenue was connected up with paving shortly after noon Tuesday, and Hutchings is now open to travel from Sixth Street to Eighth Street. Eighth Street is being closed for excavation work, and most of the travel will be diverted down Broadway, or Seventh Street to the heart of the business district until other blocks are open.

Brick layers began work on the block between Eighth and Ninth streets Tuesday afternoon, and the concrete mixer has begun spreading concrete on the block between Ninth and Tenth. The street paving has suffered a ten days delay on account of the rain, but good time will be made on the job with favorable weather.

The posts for the "white way" lights are being placed in position on Hutchings Avenue, and it is expected that the current will be turned on as far down as Eighth Street within a few days. The cables are ready for making connections and the lights will be turned on as soon as the fixtures can be installed.

Ballinger Has 3648 People

In connection with the work on Ballinger's brief for the Texas Technological College, the Young Men's Business League has just completed a house by house census of the city.

This important work was done by a committee consisting of Oscar Williams, Bob Lusk, Willie Brown, W. T. Padgett, M. C. Atkins, C. S. Guin and Stuart L. Williams, assisted by Louis Cohen, Fritz Chaillette and Rev. Gollbach.

The revised figures show that Ballinger, together with South Ballinger, has a population of 3648. This figure is considerably in excess of that given by the federal census of 1920, at which time the oil booms of neighboring towns had cut deep into our population. At that time, the city of Ballinger alone could scrape up only 2767 people.

At this time, practically every house in Ballinger is full, many houses holding two and three families.

\$900,000 SUIT IS SETTLED

(By Associated Press)
HOUSTON, April 3.—The defendant will win in the suit filed for accounting by the Old Colony Trust Company, of Boston, against the Sugarland Industries, if the recommendations of the Master in Chancery is carried out. The Federal court decree today recommended that the litigation be settled in favor of the Sugarland Industries. About \$900,000 is involved in the suit.

(By Associated Press)

The chairmen of the appropriations, finance and other committees are scheduled to come here and begin work immediately on preparations of measures to be submitted. The formal proclamation calling the special session has not yet been issued.

Much Interest In City Voting

250 votes had been polled in the city election up to one o'clock this afternoon, and it was indicated that more than 500 would be polled. The polls close at seven o'clock.

There is considerable speculation as to the final outcome. The interest in the campaign is centered around the mayor's race, and the silent vote will be the controlling factor. While many voters talk out in meetin', so to speak, and do not hesitate to indicate how they scratched the ticket, many more are casting a secret ballot, and it will take the count to give the results.

SELECTS JURY IN MURDER TRIAL

(By Associated Press)
CARTHAGE, Tex., April 3.—The selection of jurors to try Jesse Rabin and Alfred Simpson, charged with slaying Dr. A. L. Parrish, of Nacogdoches county, last year, started here today.

ENDS HIS LIFE IN CEMETERY

(By Associated Press)
HOUSTON, April 3.—Joe A. Jones, age about 50, shot and killed himself in the cemetery at Richmond, Fort Bend county, early today, according to word received here.

TRYING MURDER CASE AT AUSTIN

(By Associated Press)
AUSTIN, April 3.—Taking of testimony in the case of Foster Bell, charged with assault with intent to murder, growing out of a street clash at Sealy, Austin county, last September, is scheduled to begin in district court today. Fritz C. Schaffner and son Robert, and Luther and Thompson Bell, were killed in a fight at Sealy. Foster Bell is one of the defendants in the charges filed for murder.

Henry Seipp, the one horse farmer, was in the city Monday from the Maverick country. Mr. Seipp reports that it rained one and five-eighths inches at his place last week, and that the total rainfall for the present year amounts to seven and three-eighths inches. He predicts a good year.

Fred Millard, one of the pioneer stockmen of the Concho country, passed thru Ballinger Tuesday, going to San Angelo on business.

MAIL BANDITS MAKE BIG HAUL IN ST. LOUIS

(By Associated Press)
ST. LOUIS, April 3.—Postoffice inspectors announced today that a partial check of the registered mail obtained by five armed bandits here yesterday, showed that the nine stolen pouches contained at least \$51,250 in negotiable bonds. It is possible that a complete check will show that the robbers obtained negotiable paper running into six figures. No clue as to the identity of the bandits has been obtained.

VALUABLE INVENTION FOR GROCERY STORE

J. E. Dankworth, of the C. O. D. Grocery is perfecting a counter and bin for holding and dispensing various articles which will no doubt make him independent. The device is in the form of a "quick service" counter. It is constructed in such a way as to make it possible to fill an order calling for almost anything in the grocery store without the salesman having to move out of his tracks, and the device carries with it a sanitary feature which protects the goods from rats, dirt, etc.

One would have to see the device in operation to really appreciate its usefulness in a grocery store. An elevator divided into sections is stationed over the counter upon which the scales rest, and the hopper extends down over the scales in such way as the moving of a little slide weighs out just the amount of goods wanted from each section. Under the counter is a compartment for holding potatoes, onions, etc., and these can be weighed out in any quantity from either side of the counter.

The bins are kept filled by the use of an elevator from the containers which the goods are received in. The device is compact and in addition to being a time saver in filling orders, it is also a space saver, and makes it possible to fill orders in a small space.

Mr. Dankworth is a cripple, and he has worked out the patent which will no doubt find a ready sale in both large and small grocery stores, as it can be made in different sizes, and the ingenuity of the young man will no doubt place him on Easy Street.

FIRING SQUAD IS BUSY IN RUSSIA

(By Associated Press)
MOSCOW, April 3.—Vicar General Butchkavitch, of the Roman Catholic Church of Russia, has been executed, the newspaper Pravdasays. The execution took place on March 31st. Father Butchkavitch met death before a firing squad. The time and place of the execution was not given in the newspaper report.

The priest was found guilty of opposing the Soviet government on March 26th and sentenced to death. Efforts to prevent the execution proved futile.

CONTRACTOR HERE TO RESUME DRILLING

O. Wilson and J. B. Gordon came in from Breckenridge Monday night, and are here and ready to resume drilling on the Safety First well. The Ballinger Oil & Gas Company, which is behind the move to finance the completion of the well, announces that drilling will start as soon as the money which has been subscribed has been paid in.

The company was organized and capitalized for \$5,000. All the stock has been subscribed and collections are being made and stock certificates issued. The company will close a contract with Mr. Wilson as soon as the money is in hand.

Walter Boswell, of Paint Rock, had business in Ballinger Tuesday.

Oklahoma officers refused to prosecute hi-jackers who raided a poker game and got away with the pot. One transaction was as much robbery as the other.

The trouble with blind love is that it's like a young kitten—opens its eyes in about nine days after marriage.

For economy and health, clean up. For pride's sake clean up. For thrift and progress clean up. For a bigger and better Ballinger, keep it up.

The gasoline surplus is overflowing the tanks, yet the stuff is price jumping at the rate of three and four cents per gallon. What's the excuse?

The campaign being waged by more than forty West Texas towns for the Texas Tech is going to reveal to the world the wonderful "merits" of these towns.

280 young peach trees were stolen from a ten acre orchard in Oklahoma recently. Shrub thieves in Ballinger confined their operations to rose bushes in the local cemetery.

Seventy-five per cent of the women of Arkansas are agricultural laborers or are working as servants, waitresses, or laundresses, according to the census bureau. Arkansas men evidently believe in letting the women do the work.

Rockefeller's income on dividends from stock he owns in nine Standard Oil Companies is over 229,000 per week. J. D. can't get by on that and gasoline prices were advanced three cents per gallon this week to keep him out of the poor house.

FLUSH THE KIDNEYS BEFORE BREAKFAST

Drink Lots of Water, Also Take a Little Salt, if Back Hurts.

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation; thus often relieving bladder weakness.

Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

BRAZORIA—Mrs. Lucy Campbell, recently named postmistress of Brazoria, took up her duties on April 1.

Renee Chemet

Her striking beauty and brilliant playing has thrown Renee Chemet, the young Parisian violinist, into the spotlight of the music-loving world. She will start an American tour in the fall. Three of Mme. Chemet's phonograph records were recently selected to be placed in the hermetically sealed vault along with three made by Caruso. These records, with others of today, will be taken from the vault 100 years hence, to demonstrate to forthcoming generations the highest type of music in the several fields in 1922.

CHRISTIAN WORKERS

Go out into the byways and highways and compel them to come in.

DELEGATES to the World's Christian Endeavor convention in New York some time ago had this command in mind when they formed 100 gospel teams and held revival services in Wall street and in other public streets in Manhattan. Impressive scenes were witnessed in all parts of the great city, crowds assembling rapidly when they heard the young Christian workers singing "Forward Christian Soldiers" and other inspiring songs.

Enthusiasm aroused by the big meetings under the Cross of Calvary during the New York convention doubtless was carried "back home" by the young people to all parts of the world. Much good, doubtless, will result from the inspiration for doing good which these young soldiers will give the hundreds of thousands of Christian workers. Those who love God and wish to see His work carried on with greater success will have good reason to be glad because of the wider interest the convention aroused for the Master's cause.

But the greatest enjoyment will come to those who actively engage in leading their fellows into the right path. It is not alone sufficient to think good and to live good if one desires to enjoy to the fullest the happiness which should be his. Far more pleasure comes through helping others into Christ's kingdom and through preventing sin and misery than can be experienced when one devotes all his time to thinking and working for his own personal salvation and happiness.

Wickedness is found in every town and hamlet, no matter how small. Opportunities for revival meetings are by no means confined to the big cities. And, while we would not depreciate the value of the many meetings held on street corners during the convention in New York, we do believe that as great opportunities for similar work may be found wherever humans live.

The only reason such a large number prefer to neglect worship in order to enjoy other pleasures, is that they haven't learned of the wonderful happiness which may be experienced through devoting a little time to divine services and constantly seizing opportunities to increase the world's smiles by uplifting work.

FRIENDS ALL

ONE time I knew a bed-ridden friend Who could not hold herself upright, Yet was a fount of golden light. She held the sun and stars as friends Who came to visit her week-ends, And bring her smiling dividends. The sunbeams were her playmates dear Who never failed to bring her cheer, Even in the winter of the year. And when the bird-notes came to her From out the early morning air Each songster was God's messenger. (© by McClure Newspaper Syndicate.)

Watch Your Child's Health

Jal. Amer. Med. Assn. says children's diseases prevalent now.

Recent tests conducted among school children disclosed an alarming percentage in deficient health. Physicians are warning their friends to watch child health carefully at this season. It is now definitely known that weak eyes, poor teeth, twisted bones and wasted frames are directly traceable to a deficiency disease. Not a deficiency of food, but lack of the vital elements the food should supply. Usually the first indication of approaching deficiency disease is loss of weight.

At the first sign of loss of weight, start your children on Ironized Yeast. It supplies the vitamins needed and will soon have the children in normal health. According to Dr. Albertus Seidell of the U. S. Public Health Service, Dr. W. H. Eady of Columbia University and other eminent scientists, brewer's yeast is the richest source of vitamins. That is what Ironized Yeast is—a concentrated extract of brewer's yeast in union with the iron needed to enrich the blood.

A ten-day treatment of Ironized Yeast costs only a dollar. Its use will make a wonderful improvement in your child—it will bring back normal weight, rosy cheeks, bright, snappy eyes and the vim and vigor of happy childhood. Get Ironized Yeast from your druggist on the positive guarantee that if it fails to do these things, your money will be refunded. Ironized Yeast Co., Atlanta, Ga.

WOMAN SO ILL COULD NOT WORK

Gained Strength, Weight and Now Doing Own Work, by Taking Lydia E. Pinkham's Vegetable Compound

Marion, Ind.—"I was all run-down, nervous and bent over. I could hardly drag around, let alone do my work. I read some letters in the papers telling what Lydia E. Pinkham's Vegetable Compound had done for others and I thought I would try it. Then a man told his wife and what good it had done her and wanted him to have me try it. I took one bottle and could see what it did for me in a week's time, and when I had taken three bottles I had gained both in strength and weight and was doing my own work. I took it before my last baby was born and it helped me so much. I sure am glad to recommend the Vegetable Compound to any woman who suffers from female ailments, for I know by experience what it can do. I have used Lydia E. Pinkham's Sanative Wash, also the Liver Pills, too, and think them fine."—Mrs. WM. ELDRIDGE, 620 E. Grant Street, Marion, Indiana.

A record of nearly fifty years service should convince you of the merit of Lydia E. Pinkham's Compound.

GREAT TYPES TO BE SEEN IN "PENROD"

For the first time in the history of motion pictures Booth Tarkington's inimitable characters of his "Penrod" stories have been welded into one complete feature picture. Marshall Neilan is the director who has essayed this task, and his latest production, under the title of "Penrod," is the First National attraction that will be seen at the Maeroy Theatre Wednesday and Thursday.

The picture is said to live up, in every respect, to the characters Booth Tarkington has immortalized in print. For the main incidents of his picture Mr. Neilan has drawn upon the formation of the American Boys' Protective Association, the amateur theatrical "The Children's Pageant at the Table Round," the drink episode, the encounter with Rupe Collins' tough boy, and the capture of two notorious bandits.

"Freckles" Barry plays the title role. Assisting him is a large ensemble of juveniles and a sprinkling of adult actors including Marjorie Daw, Tully Marshall and Eugenie Besserer.

Viola Dana is to be seen at the Maeroy Friday in "The Five Dollar Baby," a new Metro comedy, said to be one of Miss Dana's best offerings.

LAST DAY FOR "LOVE'S BOOMERANG" AT FOTOSHO

A Paramount picture of exceptional merit is "Love's Boomerang," which was presented with no inconsiderable success at the Fo-to-sho Theatre last night, and will be seen for the last time tonight. This is a picturization of Dion Clayton Calthrop's novel "Perpetua," and it has been finely screened under direction of John S. Robertson.

The story deals with a young artist who adopts a motherless girl and learns to love her. She weds another man for whose murder she is later arrested. Of course, she is innocent and how this was demonstrated, vests the development of the story with drama, real thrills and genuine appeal. Ann Forrest as Perpetua and David Powell as Brian, the artist, were quite artistic in their portrayals. The supporting cast is a brilliant one, some of the more notable players including John Milern, Geoffrey Kerr, Amy Willard and Tom Volbeck. The picture is well worth seeing.

Mrs. W. B. Williams came in from Dallas Tuesday to be the guest of Mesdames M. S. Karmony and R. T. Williams.

Joe Thiele was down from Miles on business Tuesday morning, returning home on the noon train.

Who Will Be Miss Ballinger?

The campaign for the election of "Miss Ballinger" has started with half a dozen young ladies having been nominated.

This is the campaign to select a young lady to represent Ballinger at the great West Texas pageant. Every citizen is entitled to one vote, and in order to choose a young lady for this place The Ledger has been requested by the Young Men's Business League to conduct the campaign.

A ballot box has been arranged at The Ledger office, and those wishing to have a hand in selecting "Miss Ballinger" can do so by writing the name of the girl of his or her choice on a slip of paper, signing same and dropping it in the ballot box. Your name must be signed to the ticket, and you will not be permitted to cast more than one ballot.

The votes will be counted once each week, and the standing of the contestants carried in Tuesday's paper. Ballinger has many young ladies who could represent this city with credit, and there should be a long list of candidates. Cast your vote for one of the following, or write the name of some one else, and hand it in at The Ledger office before next Tuesday, when the votes will be counted again and the standing of the candidates published. Following are the candidates and the votes they have on the first count:

- Miss Olga Zappe 1
- Miss Thelma Spann 1
- Miss Mildred Holliday 1
- Miss Katherine Penn 2
- Miss Jessie Trail 1
- Miss Imogene Francis 1

A Farmer Cured of Rheumatism.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Liniment and told him to use it freely," says C. P. Rayder, Patten Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, give me another bottle of Chamberlain's Liniment; I want it in the house all the time for it cured me."

Indigestion and Constipation

NAZARENE REVIVAL CLOSES WITH VICTORY

The revival meeting at the Church of the Nazarene, which has been in progress some two weeks closed on Sunday night. The house was packed to overflowing, and numbers turned away. There were a number of conversions, and eighteen additions to the church, with others to follow. The revival was a successful one.

Rev. E. W. Wells, district superintendent of the church on this district, spent the latter part of the week and Sunday with the church, also Rev. Gray, of Illinois, dropped in, which added impetus to the revival.

Rev. Fleming left Monday for Wisconsin and Rev. Tyson and wife, and Rev. Wells left for Temple.

The pastor announces that he expects to keep the revival fires burning high and extends a hearty invitation to one and all to come to all their services.

A nice pounding was given the pastor Saturday night, which he states was thankfully received. "REPORTER."

SPRING COATS HAVE RIVALS IN SMART COAT-DRESSES

A COAT and a coat-dress present themselves together in the picture herewith for the consideration of those who need something in an outer garment for spring wear. In northern climates a separate coat is almost indispensable, but for moderately cool weather the coat-dress has claims for consideration. There is economy in garments that serve a double purpose.

A coat in this new mode, that is, spirited in style, and having a rich and colorful embellishment of oriental inspiration, appears at the left of the picture. It is a loose, straight-hanging model in a light beige color and of a cloth that has a suede-like surface. This makes an ideal background for the decoration of colored cloth and stitching by which an effect of embroidery, suggesting an Egyptian origin, is achieved. Blue, henna and green, in harmonious shades used with very narrow black silk braid to outline the applied figures, make a rich combination.

A hat of beige milan, with a plaited fringe of silk about the brim edge, must also have the color of the fringe chosen with reference to the colors in the applique figures that decorate the coat.

The coat-dress is distinctly of the new mode with surplice front, shawl collar, and tucking of the material used for decorative purposes. The fabric is a moderately heavy twill, in midnight blue, with the tucked twill used for collar and cuffs. The tucks are very small and put on in groups. There is a narrow belt across the back of the material and the side fastening is supplied by a pair of handsome clasps.

WHIMSIES IN ACCESSORIES IN THE SMILE OF FASHION

FASHION smiles first on one little whim and then on another, and while her favor lasts they flourish amazingly. Here is a group of accessories that are basking in the smile of the fickle goddess—all of them to be credited with some merits that deserve her consideration.

Something new appears in the stocking-gaiters shown with garter top. They solve a problem for the woman who is particular about the neatness of her footwear. The fashionable low shoes make gaiters a necessity when the weather is cool, but it is hard to keep the regulation kind trim and well fitting. Those pictured fit like a glove.

A double strand of fine pearl beads, strung with small crystal beads between them, is among the handsomest of necklaces, and necklaces, like earrings, are having their day. In earrings the shower pattern, like those pictured, are favored just now, dividing honors with real and copied antiques.

A coronet, in tortoise shell, is shown which resembles a comb, but may be

adjusted differently; it is merely a side issue in hair ornaments with ornamental combs in great demand. While the fad for them lasts the coronet will get more attention.

The lace bertha is shown in numberless patterns and materials, all sorts of changes having been rung on this absorbing theme by fashion designers. A bertha appears in the picture of thin white lace, the pattern outlined with black threads. This looks well with any color, and is a dignified development of this popular accessory.

Bags are not to be classed among passing fancies, those of handsome ribbons we have always with us, and they are infinitely varied. The bag shown in the picture is of heavy brocaded ribbon in rich, brilliant colors, lined with black satin and finished with a silver mounting. The handle is of heavy fallie—two strips stitched together.

Don't Take Calomel! "Dodson's Liver Tone" Acts Better and Doesn't Grip, Salivate or Make You Sick—Don't Lose a Day's Work—Read Guarantee

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad

or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight. Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

"SPOOKS" AT BIG TENT THEATRE TONIGHT

Manville Bros. Comedians opened a week's engagement last night to a packed house, and presented a real classy play, with all special scenery, handsome wardrobe, good singing and dancing specialties, with a strong cast of players. The plays outlined for balance of the week are some of the latest royalty releases, and will all be new here, not something you have seen before under new names. Tonight the wonder play of the present day will be presented, "Spooks." It is a mystery play that will keep you guessing from start to finish. Thrills and chills, spectacular effects, and excitement. Some of the big mystery plays now running in New York are "The Monster," "The Cat and the Canary," and "The Last Warning," but none are any better or half as good as "Spooks." "Spooks" will keep you laughing, guessing, mystified; you don't know from one second to the next what is going to happen or where, all you know is there is spooks here, there and everywhere; comedy so much you will laugh until you cry, cause niggers and ghosts, just don't get along, and Sam just has an awful time, cause the spooks just won't let him alone. This is one play that requires all special scenery, lighting effects, and special props to present the play in a way that all can get the most out of it that there is in it. Manville Bros. have the sole rights for "Spooks" for the entire state of Texas for one year, at an extra high royalty, but it is worth it, for it is the latest, and best that money can buy, and if you miss "Spooks" you will miss the most talked of play ever in Ballinger, so take it from us, go early and see something worth

going miles to see, cause we all know spooks is spooks, no matter where they are.

Preventative Medicine
The tendency of medical science is toward preventative measures. It is easier and better to prevent than to cure. Pneumonia, one of the most dangerous diseases that medical men have to contend with, often follows a cold or attack of the grip. The cold prepares the system for the reception and development of the pneumonia germ. The longer the cold hangs on, the greater the danger. Take Chamberlain's Cough Remedy as soon as the first indication of a cold appears so as to get rid of it with the least possible delay. It is folly to risk an attack of pneumonia when this remedy may be obtained for a trifle.

MANY DRAGS AT WORK ON ROADS

Commissioner Deens reports that he had drags at work on all roads out of Ballinger Monday, and that some of the crews had been instructed to drag the roads the second time. The recent rain, falling slow, made the dirt roads soft, and heavy cars and trucks left them in bad shape. The drags in time will rub out the ruts and with a few days travel they will beat down in pretty good shape again. Mr. Deens stated that he paid out \$100 for road dragging Monday.

\$600.50 was raised on church indebtedness by the above church in its campaign. The colored Methodists of this city pulled off what is known as a "Ten Virgin Rally" April 1st, for the purpose of taking up a note on their church. Ten ladies were to raise \$50.00 each, and the one raising the highest amount over her apportionment was to be awarded a gold medal. Each virgin did well, but Mrs. L. C. Parker was the lucky virgin and is wearing the medal. She raised \$119.03. We thank our friends, white and colored, for their liberal donations in our financial struggle. Our endeavor shall continue to be, to raise our people to a higher standard morally, intellectually, religiously, and financially.
