Miss Charlotte Fraser, of New York, national lecturer for the W. C. T. U., addressed the convention in its closing session. "We have resolved that never shall our wet governor in New York go to the White House as long as there are men like your Governor Neff," said Miss Fraser.

Tirard, president of the Rhineland high commission, and General DeGoutte, French commander, for the suppression of alleged secret national militarist organizations in the Rhineland and Ruhr provinces.
The search has already resulted in numerous arrests and seizure of many documents, which proves, according to the French authorities, the extensive ramification of these illicit activities. A search of 241 premises resulted in 61 arrests at Bochum.

SPEAKER GIVEN GOOD HEARING

The main auditorium of the court house and gallery was comfortably filled Friday night to hear the Hon. W. C. Witeher, of Fort Worth, lecturing against the Ku Klux Klan, quite a number from out of the city being in the audience.

Mr. Witeher is well informed on his subject and presented his version of the Klan situation in a forceful manner, reading many documents in support of his position.

He argued that its principles were un-Christian, and in violation of our principles of government. He laid stress on the fact that since this organization came into existence our courts had become permeated with its influence and justice could not be obtained. The speaker mentioned the boycott phase of the situation, furnishing documents to support that theory.

Mr. Witeher said he did not allege that all members of this order were scamps and thieves, but that he believed that many good men had gone into the Klan with a misconception of what it stood for and that many good men were withdrawing from the organization, and that he believed that many more would withdraw when they learned further of its true meaning.

Mr. Witeher shows to have made an extensive and wide study of the Klan issue and supports his position with much documentary evidence.

STUDYING LAW ENFORCEMENT

(By Associated Press)
WASHINGTON, April 5.—A student's conference on law observance and citizenship began here today with a reception at the White House and a number of addresses. The addresses delivered and to be delivered deal chiefly with prohibition enforcement.

About one hundred and fifty educational institutions throughout the country named students to attend the conference. Law violations by students and residents in adjacent counties formed the main topics for a study of policies relating to this and other law observance problems. Policies dealing with the problems are to be worked out for recommendation to every college and university in America.

Mrs. Claud Wilmeth returned home Saturday at noon from a visit to her sister at McKinney. She was called to McKinney to be at the bedside of her sister, and remained with her until she improved.

GOLDEN BROS. FOUR-RING SHOW COMING TO CITY

In one of the trained animal displays with the "Golden Bros." Big Four-Ring Wild Animal Show which will exhibit in Ballinger on April 12th, an elephant, a pony and a big dog give, it is said, a remarkable illustration of what can be accomplished by skill and persistency in training dumb animals. These three dissimilar animal actors go through their clever stunts with the precision of soldiers on parade, and with an eagerness that suggests that they actually enjoy their work.

This, however, is only one of the many clever trained animal displays announced for the Golden Bros.' Big Four-Ring Wild Animal Show. There are three herds of wonderful performing elephants. There are trained wild animals in mammoth cages. Lions, tigers, leopards, bears and wild beasts from every corner of the earth. There are ponies that go spinning around on a whirling table like equine tops. There are monkeys that ride dogs and dogs that ride horses, and baboons that drive tiny chariots drawn by swiftly speeding canines, dogs that balance and walk on their hind legs, a group of the only trained goats in the world and other exhibitions of trained animal intelligence to delight the youngsters and to interest the grownups, also there are thrills galore, and not less than 51 clowns to slip an occasional bit of burlesque and jollity into the varied program.

There are times it is announced when the four rings and the track are filled with these merry followers of Momus, so dear to the hearts of the children. Circus Day will be inaugurated with a new and novel street parade which is scheduled to leave the show grounds at 11:00 a. m.

GRAND JURY TAKES RECESS

The grand jury for the spring term of district court "knocked off" Friday afternoon and the grand jurors went to their respective homes to remain until Monday morning when the body will resume its investigation. No bills were reported out for the first week's work, as Judge J. O. Woodward was at home with his wife who is ill, when the grand jury took recess. It is expected that several indictments will be turned in early next week.

It is the first time in many years that the grand jury has held more than one week, and nothing was given out to indicate when it would complete its deliberations.

CARRY WOUNDED MAN TO ANGELO HOSPITAL

SAN ANGELO, April 4.—R. D. McSpadden, age 45, proprietor of the Sheffield Hotel at Sheffield, is in a hospital at this place suffering with numerous buckshot wounds sustained Monday afternoon at Sheffield when he was shot at close range in front of the home of B. Clark, age 76. Clark was arrested and placed under a \$500 bond.

It is not known what caused the trouble. Mrs. McSpadden said that she knew of no trouble between her husband and Clark. McSpadden was shot as he was walking along the sidewalk in passing the Clark home. One charge of buckshot almost tore away the fleshy part of McSpadden's left arm. Eight buckshot were removed from the right side

of his face. It is believed that he will recover.

John Young left Friday for Dayton, Ohio, where he goes to attend a salesmen's meeting at the Deleo light company plant. Mr. Young is district salesman for a number of counties, including Runnels, and the splendid business he has put over in his territory during the last year entitles him to a free trip and a two weeks stay in the factory, where he will be carried through a course of training in the making and handling of Deleo plants. G. P. Teague, local representative of the Deleo, will join Mr. Young within a few days and will also spend several days at the factory.

Mayor Spangler, of Winters, den's left arm. Eight buckshot had business in the county site were removed from the right side town Friday.

GALVESTON AGAIN TO BE DEPORTATION PORT

(By Associated Press)

GALVESTON, April 4.—Galveston is again to become the deportation point of the Southwest for excluded aliens, according to word received from Washington by James R. Bryan, district director of immigration.

The practice of departing aliens through this port from the Western district of Texas and nearby states was started last year, and during a brief period of several months more than 300 aliens were deported from Galveston. Then followed a temporary discontinuance of the movement.

In advising Mr. Bryan that the movement would be resumed, W. W. Sibray, acting commissioner general, stated that deportations and reshipments one way of deportees from these districts would be made through Galveston whenever such action is practicable and economical. Deportations through here until further

notice, however, he advised, would only be made on vessels sailing direct for foreign ports and not those touching at any other American port after leaving Galveston.

Prior to the inauguration of deportations through Galveston last year the excluded aliens from the Western districts were sent all the way to New York by rail for deportation. The fact that they can be deported from here as well on vessels departing for foreign countries, it is pointed out, saves considerable expense in transportation.

E. A. Saunders is in Sonora spending a few days with his parents, and basking in the sunshine on the banks of Devil's River.

Lemmie Davis was put out of commission Friday by an attack of tonsillitis, and was not able to be at his post of duty in the post-office.

NAZARENES TO HOLD REVIVAL

A revival meeting is scheduled to begin at the Nazarene church in this city on April 15th. Dr. William E. Fisher, district superintendent, will be in charge of the revival, and the Nazarenes are planning for a great meeting. "We regret that our meeting will begin a few days before the union revival closes," said Rev. E. D. Messer, pastor of the local Nazarene church, "but we had arranged for the meeting some time ago, and before we knew about the union revival." The matter was discussed in the pastors' conference and it was decided here that the Nazarenes go ahead with their revival, as there would be little conflict. The revival will be held at the church on Ninth Street.

He is now serving his second term of four years each, and will have served his eight years at the close of the present year. He has not served three terms as was stated in the announcement, but is asking for re-election, and so far he has no opposition, and it is not believed that he will have an opponent.

TEXAS BAPTISTS PLANS READY GET BIG SUM FOR REVIVAL

Dr. F. S. Groner

More money has been spent in Texas during the last four years by the Home Mission Board of the Southern Baptist Convention for church building and for general home mission work than was contributed to that board by Texas Baptists during that period, Dr. F. S. Groner, general secretary of the executive board of the Baptist General Convention of Texas said. Home mission funds used in this state from May 1, 1919 to January 1, 1924 totaled \$927,000 and the amount which has been loaned to Baptists in this state for church building during that time is \$216,000, making a total of \$1,143,000 which this state has received from that board as compared to the contributions to that agency of \$569,435.97, during the same period, Dr. Groner declared. The Baptist 75 Million Spring Pay Up Campaign is being directed in this state by Dr. Groner, who has been in general charge of the work for several years.
