DALLAS BANKER ENDS OWN LIFE

(By Associated Press)
DALLAS, June 20.—J. E. Adoue Sr., age 77 years, shot and killed himself here today. He suffered a slight stroke of paralysis recently, and close friends said that he had been worrying over his physical condition.

Mr. Adoue was for fifty years in the banking business in Dallas. He was head of the National Bank of Commerce here, and was treasurer of the State Fair of Texas. He was well known throughout the Southwest.

CRANK WRITES KIDNAP LETTER

(By Associated Press)
CHICAGO, June 20.—Another kidnaping letter, this time threatening Josephine Franks, a sister of Robert Franks, who was kidnapped and killed by Leopold and Loeb, has been received by Chief Justice Caverly of the criminal court, it was learned today. The letter is regarded by Judge Caverly as the work of a crank. It was signed "George Johnson," the same name used in the ransom letter sent by Nathan Leopold and Richard Loeb, to Jacob Franks when the Franks boy was kidnapped and killed, and who are now in jail charged with kidnaping and murder and to which crimes the two lads have made a confession.

DEMOCRATS TO FEATURE GRAFT

(By Associated Press)
NEW YORK, June 20.—Scandal in the administration of government affairs, as disclosed by the Senate investigations, occupies a dominant place in the tentative democratic platform which is now in the process of drafting by a group of democratic party leaders. The tentative draft being formed will be submitted to the platform committee when the democratic convention gets down to business next week.

Foreign relations, with particular reference to the world court, agricultural aid, economy in governmental expenditures, coupled with tax reduction, are subjects to be dealt with in other principal planks of the democratic platform.

DATES FIXED FOR BAPTIST REVIVAL

A revival will begin at the Baptist church in this city on Sunday, July 20th, according to announcement made by the pastor, Dr. Alvin Swindell, Friday morning.

Arrangements have been made for the services of Evangelist John G. Winsett and Singer T. D. Carroll for leadership in the big revival. These men have the reputation of being one of the most successful evangelistic teams in the field. They have been successful in evangelistic campaigns in Texas and other states, and their coming will no doubt mean a great deal for the cause of religion in Ballinger.

The coming meeting will be the first of the kind which the Baptist congregation has held since it began the construction of its new building. With the large auditorium, well ventilated and lighted, and with all details for the meeting perfected, the Baptists will launch a campaign which will strengthen the spiritual life of the present membership, and bring in many new members.

Join the Y. M. B. L. and help build Ballinger.

COTTON MAP IN GOOD CONDITION

Bulletins posted by the local cotton exchange Friday makes a favorable showing from different points over the cotton belt. While little rain is reported, general conditions are good and cultivation well in hand.

The heat wave prevailing for the last few days has been tempered in most places, the temperature dropping from four to eight points for the maximum, and some precipitation is reported from the different cotton states.

Houston reports cotton in that section making wonderful growth during the last ten days; fields clean and plant well fruited. The first bale is due from South Texas fields next Wednesday. The first bale was received last year on June 23rd.

The New Orleans Chronicle estimates the acreage at forty-one million, a net increase of six per cent over last year.

Light rains are reported in Louisiana, the Eastern part of Texas, Southwestern Arkansas and Southwestern Mississippi. The weather map also shows some fresh moisture in the Panhandle and Texas coast, with the temperature slightly lower.

Hamlin, Texas, reports cotton looking good, growing fast and fields well cultivated. Temperature at Hamlin 100 Thursday, slightly lower Friday.

Little Rock reports the weather favorable over Arkansas for cotton, with the plant thriving and fields in good condition.

Mississippi points report crops in good condition, with light rains and cooler weather. The first cotton bloom in Mississippi is reported from Brookhaven.

OATS MOVING ON STEADY MARKET

Oats are coming on the local market with the week-end, after a week's run of separators in different sections of the county. Practically all grain has been shocked, and threshers are running. The run will be short due to a short acreage, but the yield per acre is panning out well, and is far above the average.

Oats are moving on the local market at from 43 to 46 cents, the latter price being paid for sacked oats, with loose oats bringing two or three cents less. Contracting is responsible for a steady hold, and the Friday's market was practically unchanged from that of Thursday.

On the local board oats closed at 47.50, and September quotations close for the day figured 43.30.

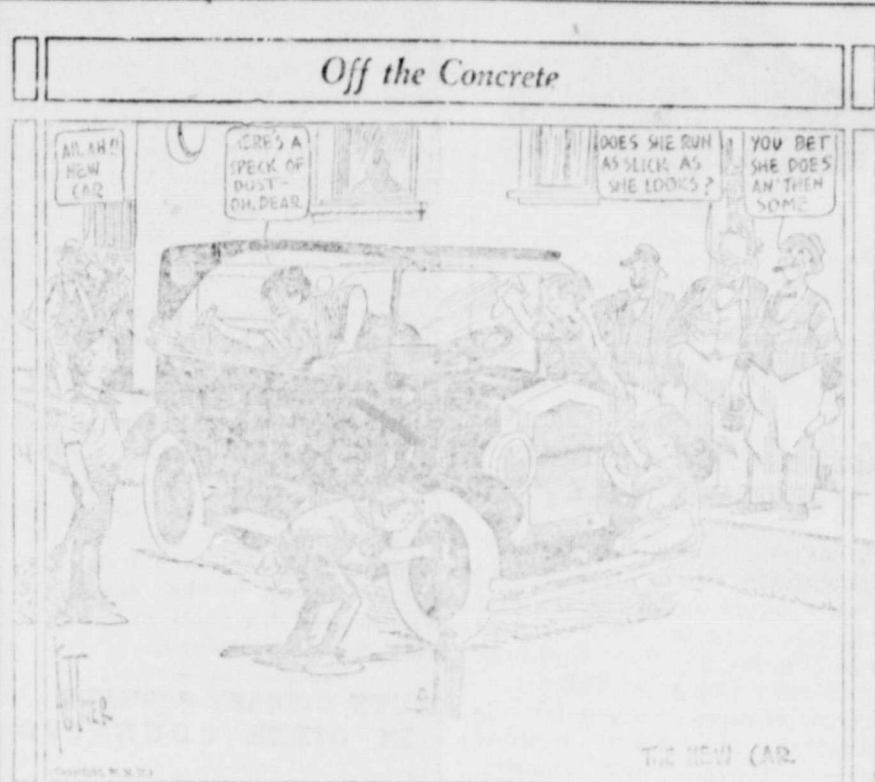

MELLON CALLED IN MEANS TRIAL

(By Associated Press)
NEW YORK, June 20.—Subpoenas were issued today requiring the presence of Secretary of the Treasury Andrew W. Mellon and his secretary, Arthur Sixsmith, at the trial of Gaston Means and Elmer Jarnecke in the federal court here next Tuesday.

Evidence brought out in the United States Senate investigation is believed to have brought Mellon and Sixsmith into the trial of Means and Jarnecke, as witnesses. Means, who is a former department of justice operative, is being tried under an indictment returned by the federal grand jury for alleged liquor law violation.

Mrs. Frankie Paxton left Friday afternoon for Granite, Oklahoma, after a visit with her aunt and sister, Mrs. C. A. Rogers and Miss Velma Paxton.

Mr. and Mrs. August Globber and children are here from Dallas on a visit to Mr. Globber's mother, Mrs. Aug. Globber Sr., and other relatives.

COCO COLA KING SEEKS DIVORCE

(By Associated Press)
ATLANTA, Ga., June 20.—Asa Candler Sr., an Atlanta capitalist, has brought suit for divorce from his wife, Mrs. Mary Candler. The petition filed for legal separation by Candler alleges cruel treatment. The suit was filed in the Fulton county superior court yesterday, and became public today.

Candler is the millionaire founder of the Coca Cola Company. He was married to Mrs. Mary Razin, his present wife, while she was a stenographer in the Candler building one year ago.

REFUSES RETURN GASSED SENATE

(By Associated Press)
PROVIDENCE, R. I., June 20.—As a result of flooding with chlorine gas the Rhode Island Senate chamber yesterday, and the collapse of five senators who were overcome with the fumes, the republican senators announced through the state central committee today that they were leaving the state and would not sit in the Senate chamber until means were taken to protect them from further injury.

The Senate chamber was filled with gas by unknown parties after the democrats and republicans had been in bitter conflict for almost a week.

OKLAHOMAN HEADS ROTARY CONVENTION

(By Associated Press)
TORONTO, June 20.—Everette Hill, of Oklahoma City, was today elected president of the Rotary International at the convention in session here. The place for next year's convention will be decided at tomorrow's session.

SEVERAL DEATHS DUE TO HEAT

(By Associated Press)
CHICAGO, June 20.—The heat wave which was attributed as the cause of several deaths yesterday in Chicago, Cleveland and Iowa, was broken today in Chicago and throughout the Central West, although it remains very warm in the East and South, according to the weather bureau. Cooling winds from Lake Michigan, with showers, brought relief to Chicago.

The heat wave has also been broken in Kansas, but it remains very hot in Texas and Oklahoma, with the exception of points in West Texas which report a decline of the mercury.

The weather bureau reports prospects for relief from the heat wave by thunder-storms and local showers.

CHICAGO GRAND JURY TO INDICT TRAIN ROBBERS

(By Associated Press)
CHICAGO, June 20.—A grand jury investigation of the \$2,075,000 mail train robbery which was executed by eight bandits in a train hold-up at Roundout, Illinois, on June 12th, began today with four of the robbers declared to be in custody of the police and four others being sought. Early indictments are expected to be returned against the men who are being held.

It was learned today that Willis, Willie and Joe Newton, brothers, who are being held in connection with the hold-up, are under indictment in Texas in connection with the robbery of a bank at New Braunfels, more than two years ago.

Willis Newton is also wanted in Runnels county, Texas, in connection with the robbery of the Winters State Bank in that county seven years ago. At one time Newton was in jail at Ballinger, Texas, but escaped by sawing the bars to his cell. The Chicago authorities have received telegrams from the Ballinger sheriff asking for further identification of Willis Newton and seeking to recover the prisoner for trial in that county, where he is under indictment.

Up to a late hour Friday Sheriff Flynn had received no reply from messages which he sent the Chicago officers to determine if Willis Newton held at that place in connection with the train robbery, was the same Willis Newton who participated in the robbery of the Winters State Bank. The sheriff expressed the certain opinion that he was the same robber, but has little hopes of getting him back for trial in this county. Newton was wounded during the hold-up near Chicago on June 12th. It was reported that he was shot through mistake by one of his pals.

Dr. Alvin Swindell and family returned home Thursday evening from Waco, Kaufman and other places, making the trip in their auto. Edwin Swindell, who was attending Baylor University at Waco, returned home with his father and family.

Dr. W. B. Halley is at home from Chicago, where he attended the National Medical Association.

FIGHT THE ENEMY IN ITS DEN

It is reported that some farmers in the Miles-Kowena section are rolling up the barbed wire which separates the fields, and are plowing up the fence rows to destroy the breeding places of the pests and insects.

Not a bad idea, and in fact a very good one. The fields farthest away from the weed patches are the ones which are being damaged the least by hoppers, worms and other pests. The quickest way to exterminate all insects is to destroy their breeding places.

Experience is the best teacher, and sometimes we have to be brought face to face with the calamities of life before we learn how to take care of ourselves. While there is a howl of much damage in some sections over the pests, the hoppers are an enemy which will in time be put down. West Texas cotton growers can fight hoppers a great deal more successfully than our East and South Texas neighbors can fight the boll weevil.

STYLES VS. OPINIONS

English girls are getting tired of bobbed hair and knickers, says a news item. Like any other style, bobbed hair and knickers have about run their course. Calamity howlers who saw in these fads the demoralization of womanhood are reminded that styles change quickly. Long hair and long skirts may be the next fad.—Abilene Reporter.

The Reporter editor is entitled to his opinion, and he may think that women are growing tired of bobbed hair and knickers, but if he will hang around barber shops and watch the ladies and lassies making business for the tonsorial artists, he will change his opinion about bobbed hair. And, then if he will go window shopping and see the knickers on display, or better still, if he will stand on the street corner in most any city, town or village, he will not be like most men, if he does not find within the short space of a few minutes a knicker clad beauty to feast his gazers upon.

Then there is other irrefutable evidence to the claim that bobbed hair and knickers will cease to be the style. Just think of the num-

ber of women who want to cut their hair, but whose husbands threaten to go unshaved when the wife's hair goes off. And then there are those who would bob it, but they have not been able to picture themselves with bobbed hair and fear doing that which could not be undone in so short a time.

No, bobbed hair is here to stay, and knickers will no doubt see the day when there will not be quite so many knicks in them, and when more economy will be practiced in cutting the cloth. It looks that way to this editor.

The next ten days or two weeks will determine largely what Runnels county's cotton yield will be, and the farmers are keeping their eyes on the indicator.

Ballinger is nearing her thirty-eighth birthday, and indications are that the celebration of the event will be lacking in interest. The people are just naturally too busy to celebrate anybody's birthday.

A noiseless airplane has been developed and proven successful. Now a man flying thru the air will never know when to give the road, unless the new planes are equipped with honkers.

With farmers resorting to different methods of fighting the grasshoppers, the pests are experiencing difficulty in invading the cotton fields. Some farmers are using poison to combat the hoppers, some are using machines for catching them, some are fencing them out of the fields while others stand guard and drive the pests back with a brush.

There are several men around this town who in years gone by were always in the forefront of the political battles, who now refuse to become excited over any political question. They seem to be getting along just about as well with as many friends as the man who is always tearing his shirt in the fight for some man or measure. The ballot box is the proper place to settle our political differences, and not on the street corner.

A small want ad in The Daily Ledger often saves you money.

FLAG RULES TO BE TAUGHT IN SCHOOLS

Dr. M. W. SHERWOOD
As a result of a campaign waged by Dr. M. W. Sherwood of Temple, State Commander of the American Legion, the State Textbook Commission has authorized the teaching of "Flag Etiquette" in the public schools. The standard flag rules are to be made a part of the civics textbooks.

BASKET PICNIC AT PECAN SPRINGS ON JULY 10TH

A basket picnic and candidates' jollification will be held at Pecan Springs on Thursday, July 10th, according to announcement made Monday by W. F. Galloway and Wesley Bomar of Talpa.

Pecan Springs is noted for its comfortable shades and running water. Citizens of two counties—Coleman and Runnels—participate in the annual picnics held at Pecan Springs, and candidates of the two counties are invited to attend the picnic Thursday, July 10th.

Attractions of the day will include baseball, goat roping, cigar races, public speaking.

MAN MAY DIE FROM KNIFE CUT WOUNDS

Luther Jernigan, of the Ridge community, 14 miles from Brownwood, is in a Brownwood hospital probably fatally wounded as the result of a difficulty with a man whom he had working for him. The officers are looking for two men who made their get-away following the difficulty. One of the men being sought was working for Jernigan, and

some dispute came up over the question of pay. When Jernigan refused to come to the man's terms, Jernigan was slashed in seven places with a knife before assistance reached him. The men immediately left the scene of the trouble and have not been apprehended. Jernigan's condition was reported to be extremely critical.

AT CRUCIAL STAGE OF GRASSHOPPER RAID

"Don't laugh or attempt to make sport of the report that a fly is killing grasshoppers," says George Ehlinger, McCulloch county demonstration agent, "for the laugh will be turned on you." And goes on very earnestly to tell any chance listener that there is such a fly; that the only way it can propagate is to deposit its eggs underneath the armor plate scale just at the back of the grasshopper's head, and when the eggs hatch, the larvae proceed to eat up the hopper. But with all the poison and these stinging flies to kill off the hopper pest, Mr. Ehlinger says the crucial period in the fight against the hoppers will be reached within the next two or three weeks, and in the meantime there must not be the slightest let-up in the campaign being waged for their extermination.—Brady Standard.

MOUTH DISEASE SPREADS IN OTHER COUNTIES

The mouth disease among livestock is reported to be spreading rapidly in Coleman and Brown counties, and cases have been reported in Runnels county. The Brownwood News says that the disease has spread from a few cases to several hundred cases within a few days in Brown county, and both mules and horses are badly affected. The disease has spread to practically every section of Brown county and is serious, as it cripples the farmers' work stock. The animals have great difficulty in eating, and of course that makes them unfit for work.

The cause of the disease has not been determined, but it is said that it has no connection with the California foot and mouth disease. Veterinary surgeons say that the disease is contagious,

and the stock which have the disease should be isolated from others.

DAN MOODY HERE; GIVES PLATFORM

As previously announced in The Ledger of Wednesday and by circulars Thursday morning, Hon. Dan Moody, District Attorney of Travis and Williamson counties, and whose home is at Taylor, Texas, addressed something like one hundred voters on the court house lawn, Thursday afternoon. If word had been received earlier by his friends he no doubt would have had a large hearing from all over Runnels county, but he did not notify them in time to get the proper amount of publicity.

Mr. Moody, while youthful in appearance, one after hearing him speak and discuss his candidacy soon discovers that maturity of thought that leaves no doubt of his qualifications for the office that he seeks.

Mr. Moody is a descendant of a distinguished line of lawyers, being a nephew of Jim Robinson, law partner of James Stephen Hogg; he is a graduate of Southwestern University literary department and the law department of the University of Texas; was county two years and is now district attorney of the judicial district comprising Travis and Williamson counties.

The speaker said he was the first candidate for the office of Attorney General that had made an active canvass and taking his case before the people since Chas. A. Culberson was a candidate for this office and that he believed that it was the duty of a candidate to let the people see and hear him and know what he stands for.

Mr. Moody stressed the fundamental principles of government on which this country stands and urged that we not stray from its principles. He is a strong believer in "State's Rights," and is opposed to government by "Commissions" and "Bureaus."

Mr. Moody said that he was a believer in the Christian religion, was a member of the Baptist church, and had been a constant attendant at Sunday school for 25 years. He said that he had never in all his life tasted a drop of whiskey, and had always been a prohibitionist, working in the ranks at all times. He was a supporter of woman suffrage, and was glad to welcome the gentler sex into the ranks of voting citizens.

In announcing his position on the Ku Klux Klan, the speaker stated emphatically that he was not now, never was, nor expected to be a member of this organization, making an argument of some length against the same.

Mr. Moody reviewed at some length his noted case at Georgetown where he prosecuted and sent to the penitentiary quite a number of men for an offense growing out of the whipping of a man by the name of Burleson near Taylor, sometime in 1923, which trial gave him quite a bit of publicity.

Mr. Moody is a deliberate speaker, somewhat slow, but reasons well and is logical and drives you to his conclusions.

The speaker left immediately after his speaking engagement here for San Angelo, where he spoke Thursday night.

SAN ANGELO BASEBALL GRAND-STAND BURNS

The grand stand at the Fort Concho baseball park in San Angelo was destroyed by fire Tuesday night. The fire is believed to have started from a cigarette stub falling thru the seats into the concession room below. Harry D. Wright, contractor, was the principal loser, his loss figuring about \$996, which was in the form of a mechanic's lien on the grandstand.

The grandstand was constructed in 1921 when the West Texas League franchise was secured by San Angelo, and cost about \$2,178. The organization which built the grandstand has gone out of existence. The land upon which the park is located was being leased by the Sunday School Baseball League of San Angelo.

J. T. Milam, of Ralls, came in Thursday afternoon for a visit with his daughter, Mrs. R. B. Twitty. Mr. Milam recently had the misfortune to break his arm.

Roy Mack returned home Thursday afternoon from Ft. Worth, and has accepted a position with the F. & M. Bank.

Miss Claire Drey, voice instructor in Daniel Baker College at Brownwood, is here visiting Misses Mal and Ruth Skinner and Miss Myrtle Wright.

All married women are not good cooks, but all good cooks can be married women.

BETHEL NEWS

Misses Thelma and Nellie Bigby and Edna Simmons left last week for Abilene, where they will attend McMurry College.

Walter Bigby and Ralph Killam are at home from McMurry College for the summer.

Rev. Oscar Brennan, of Winters, will preach at Bethel Sunday.

Miss Daisy Killam spent the last of the week at Camp Mabry at Austin, attending the Texas State Christian Endeavor Convention. A parade up Congress Avenue to the capitol, where all the delegates shook hands with the governor, and afterwards climbed to the top of the building were among the enjoyable features of the convention.

"BETHELINE."

Mr. and Mrs. J. R. McVay and daughter, of Eden, were shopping in Ballinger Friday. Mr. McVay says the grasshoppers have not done any serious damage and crop prospects are looking good.

I. M. Turner was in from his Valley Creek farm Friday to get medicine for sore mouthed horses. He says that the disease developed on his place this week. W. W. Embry, who owns an adjoining farm to Mr. Turner, also reports horses infected with the mouth disease.

T. D. Copeland, of Winters, was looking after business in Ballinger Friday.

Help the local Guard company—see Viola Dana Friday at Maeroy in "The Social Code."

One writer says that a conservative estimate would be that half the fruit jars have held booze at one time in their life.

Statistics showing the average man is sick eight days of every year don't include being sick of taxes.

HERE TO SEEK REMEDY FOR MOUTH DISEASE

Joe Matthiesen, of the Offen country, was in the city Thursday afternoon to get medicine and seek some remedy for treating his horses which he said were suffering with the mouth disease. Mr. Matthiesen said that he had never seen a horse with a disease similar to that with which his stock was afflicted, and having heard so much about the foot and mouth disease in California he was somewhat alarmed when he first discovered his stock had been infected. The disease is similar to that reported in other sections of this and in neighboring counties. Mr. Matthiesen carried out medicine to be used in doctoring his stock. The Daily Ledger of Wednesday and the weekly Banner-Ledger of this week carried remedies which have been tried and said to be successful in treating the disease.

HERE IN INTEREST OF AUTOMOBILE RACES

Will W. Watson, advertising man for the West Texas Fair of Abilene, was here Thursday advertising the automobile race program which is to be staged at Abilene on July 4th. A reel of movies was shown at the Maeroy Theatre Thursday night, advertising the auto races, and the city was well billed for the big event.

CAR BURNS; KILLED IN BORROWED ONE

Lee Derickson and J. D. King, of Burkburnett, were killed while en route from Burkburnett to Wichita Falls Thursday morning when a coupe which they had borrowed for the trip collided with a truck. While preparing to go to Wichita Falls King's touring car caught fire and burned, and the men borrowed a coupe to make the hurried trip in. They were killed a few minutes after leaving Burkburnett.

Don't chuckle if you put over a substitute when an advertised product is called for. Maybe your customer will never come back.
—Ren Mulford Jr.

Yes, They All Know You're in Business!

That is, they did know—you have told them so in times past—but do they still remember it?

We all know that Ivory Soap floats, and that Royal Baking Powder is absolutely pure, and that children cry for Castoria and the kind of soap that makes a skin you'd like to touch, etc., etc.—and we're not going to forget about them for a minute, because the manufacturers spend millions of dollars a year telling us about them, day by day, and week by week and month by month.

They take no chances on being forgotten.

How about your business?

Isn't it just as important that you be kept in mind by the buying public in your territory as it is to the national advertiser that his product be remembered?

You can cover your trade territory more easily, more cheaply in proportion, and more thoroughly than the national advertiser can cover the whole country.

But you've got to keep it up to get the results that he gets.

And you can't expect to advertise in flush times and live on the memory of it when you're hard up.

Movies

Madge Kennedy at Fo-to-sho Theatre Today.

Madge Kennedy, stage and screen favorite, is facing the camera again for the first time in more than two years. After her temporary retirement from the screen she starred on the stage in "Twin Beds," "Fair and Warmer," and "Corncob." The Paramount picture, "The Purple Highway," which is the feature at the Fo-to-sho Theatre today is Miss Kennedy's first motion picture vehicle since that time.

It is believed that this production will prove a revelation to audiences who have seen Miss Kennedy in her recent stage attractions in which she appeared as a comedienne. In this picture the star is given an opportunity for emotional acting which has previously never fallen to her lot on stage or screen. But at the same time, there are many bright spots of humor of the sort that Miss Kennedy is known to interpret so well.

This production, it is stated, cost in excess of \$275,000. A practically all-star cast, including Monte Blue, Vincent Coleman, Pedro de Cordoba and others, supports the star. Henry K. Selzer directed, and Rufus Steele wrote the scenario from the stage success, "Dear Me."

VIOLA DANA TEAMS WITH RITA WEIMAN

Rita Weiman is the author of "The Social Code," the latest Metro production starring Viola Dana, which is showing today and tonight at the Maeroy Theatre. Miss Weiman also wrote "The Acquittal" and other plays which won her recognition as a dramatist for the stage, as well as "Footlights," a book of short stories of stage life, which has been received with highest acclaim and is currently enjoying a deservedly successful vogue.

Miss Weiman has also conducted a syndicated newspaper column widely read throughout the country, dealing with problems that concern women. Viola Dana's last previous Metro starring vehicle, "Rough Lips," was also written by her.

The story of "The Social Code" relates to a butterfly who bares her soul to accomplish her sister's release from a web of compromising circumstances. This sacrifice she makes without hope of reward, yet it is the means of winning for her the man she loves. The action is dramatic throughout, with most of it transpiring in a crowded courtroom.

In "The Social Code" a notable cast appears in support of the star, including Malcolm McGregor, Huntly Gordon, Edna Flugrath, Cyril Chadwick, John Sainpolis and William Humphrey. Rex Taylor adapted Miss Weiman's story for the screen, and Oscar Apfel directed the production.

GIRLS! USE LEMON TO WHITEN SKIN

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quarter-pint of the most wonderful skin whitener, softener and beautifier.

Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It can not irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also as a freckle, sunburn and tan bleach. You must mix this remarkable lotion yourself. It can not be bought ready to use because it acts best immediately after it is prepared.

Mrs. Mike C. Boyd and daughter, Beatrice, are visiting Mrs. Boyd's sister, Mrs. J. W. Latham, in Brownwood.

Mr. and Mrs. David Gregory are in Corpus Christi, taking a ten day vacation. They will return home about the 25th.

The local National Guard will receive 50 per cent of receipts of "The Social Code," a Viola Dana picture, Maeroy Theatre, Friday matinee and night. 17-4d

MAN ARRESTED; IS CHARGED WITH FORNICATION

On Thursday evening Sheriff Flynn arrested and placed in jail a man by the name of L. C. Winkle, and later complaint and information filed in the County Court by County Attorney Shepherd, charging said Winkle with fornication.

Winkle is traveling with and is an employee of the carnival now in Ballinger.

According to the testimony of the paramour of the defendant, taken in a court of inquiry at the court house before Magistrate C. H. Willingham, it is the same old story of man's hypocrisy and woman's confidence and credulity.

It appears from the evidence that the paramour met the defendant in a certain Oklahoma city, where she was working in a cafe and there the infatuation began and terminated in their leaving and traveling about over the country as man and wife without being legally married and finally in the cruel treatment of the paramour by the defendant and her reporting the matter to others and finally to the law.

The defendant was required to make bond in the sum of \$300.00,

which he has not and probably will not make.

This is but another repetition of man's perfidy and hypocrisy in straying from the path of rectitude and pulling others down with him.

DON'T EXPERIMENT WITH 'PIMPLE CURES'

Do you think so little of your delicate skin and face as to allow yourself to become the subject for experiments. By all means use only the thing which has stood the test of time and public opinion to get rid of your pimples, blotches, bumps, "breaking out," eczema, etc. Black and White Ointment, and Soap, have not only stood this test, but you are sure of it—when you know that they are selling at the tremendous rate of more than two million packages a year.

The way they are economically priced in liberal packages, has helped to make them so popular along with their dependability. The 20c size Ointment contains three times as much as the 25c size. All dealers have both Black and White Ointment and Black and White Soap, as they are called.

CORSICANA MAN BUYS GUION HOMESTEAD

Fred W. Mitenell will move his family from Corsicana and become a citizen of this city by July 15th, according to a deal and an announcement which was made Friday morning.

Mr. Mitchell has purchased the John I. Guion homestead on 8th Street opposite the Baptist church, and according to the terms of the contract he is to get possession by July 15th. Mr. Mitchell paid Mrs. John I. Guion \$5,000.00 for the property which includes the home and three lots, or all of the real estate on the South side of the block, except that occupied by the old Francis home.

Mr. Mitchell is engaged in the jewelry business at Corsicana, but has not made known what line of business he will engage in here. He returned to Corsicana Friday afternoon to begin making arrangements to move to Ballinger as soon as he can get possession of the house which he has just purchased.

Mrs. Kate Lasater and baby are here for a visit with relatives.

NEGRO HANGS FOR MURDER IN ARIZONA
(By Associated Press)
FLORENCE, Ariz., June 29.—William Ward, a negro, was hanged today at the state prison here for the murder of Ted Grosh. Grosh was a student in the University of Arizona when the negro murdered him.

THE WEATHER—
Tonight and Saturday, unsettled, probably local thunder storms. Cooler.

D. J. Johnson and Rev. R. R. Rives of the Lions Club are getting ready for the International Convention of Lions Clubs at Omaha next week. It is a long walk and the Brownwood men are now working out daily in order to clip off at least forty miles per day when they start. Johnson will probably make the longest steps but Rives, being from the sand hills of East Texas, will be able to hold his own and then some. The present plan is that Rives will carry the "grub" and Johnson the water bag.—Brownwood Bulletin.

M. C. McBride, of Mereta, was in the city Friday looking after business. He reported crops looking good and with no material damage from the hoppers.
