FOOT AND MOUTH DISEASE SPREADS

(By Associated Press)

WASHINGTON, Sept. 9.—The Department of Agriculture is not alarmed over the outbreak of the foot and mouth disease in Texas, Dr. O. G. Houck, acting chief of the bureau of animal industry, said today, pointing out that the disease is confined to a small area.

An important force of experienced men is combatting the disease, and Dr. Houck expressed the belief that the disease would be eradicated in a short time. A good sign was seen in the fact that the infection is not extending up into the state, and is being confined to the area in a section of the country South of Houston.

HOUSTON, Sept. 9.—Preparations are being made today by officials of the foot and mouth quarantine districts to destroy eighty head of cattle on a milk dairy farm between Park Place and Harrisburg, where a new outbreak of the disease has been found.

As a result of the late outbreak the quarantine area has been enlarged, and all roads in the restricted area in Harris, Galveston and Brazoria counties, except the Galveston-Houston highway, will be closed nightly, beginning tomorrow, the authorities state.

More than 8,000 cattle have been killed in the fight to eradicate the disease, and the officers expect that from 200 to 400 more will be killed.

Arthur Giesecke, manager of the Ballinger Cotton Oil Mill, returned home Wednesday morning from Dallas, where he had been on business.

TO BRING BODIES FROM MEXICO

(By Associated Press)

WASHINGTON, Sept. 9.—The bodies of eight United States soldiers who died on Mexican soil during the Pershing expedition in 1916 are to be brought back for interment in this country.

Permission for the United States government to send a detail into Mexico to bring out the bodies of the Americans has been granted by the Mexican government.

CITY APPOINTS BOARD OF EQUALIZATION

The city commission, at its meeting Tuesday night, appointed a board of equalization. The board created consists of M. McGregor, W. C. McCarver and R. E. George. Property owners whose renditions are not on a par with the city's ideas of valuations will be notified to appear before the board at an early date.

5,000 PEOPLE HEAR SERMON

When Evangelist Crimm asked those who endorsed his sermon Tuesday night to stand, most of the audience of 5,000 people rose to their feet. The response brought touching emotion to the heart of the evangelist who had most vigorously attacked worldliness until he had become almost exhausted.

It was the largest crowd and the plainest preaching ever witnessed in this city. Rev. Crimm estimated his audience at from 5,000 to 6,000 people, and said he believed that there were nearer 6,000 people present than 5,000. It was by far the largest crowd ever assembled in Ballinger for any public gathering.

Rev. Crimm denounced the evils of the picture show, joy riding, petting parties, mixed bathing and modern dancing. He used the most scathing language, and spoke as plain as it was possible for a speaker to speak under the circumstances. The preacher prefaced his sermon with a statement that he was going to talk plainly, and anyone who did not wish to hear plain talking was privilege to get up and leave. He also stated that no one was responsible for what he said but himself. "My wife and children are not responsible for this sermon, the Baptist pastor or the Baptist church are not responsible," said Rev. Crimm, "and I want you to distinctly understand that there is but one human being responsible for what I say, and that being is my wife's husband." The evangelist declared that he was bringing the message of the hour through a sense of duty.

The evangelist read from the fifteenth chapter of Luke, quoting the parable of the lost coin as his text. He declared that man's environment had a great deal to do with his destiny, and he was trying to improve the environment by attacking immorality in social life.

In discussing the picture show the preacher said that the movie was one of the greatest inventions of the age, and should be utilized for good, but that it was a greater curse to society than saloons. "I would swap the picture show for the saloon," said the evangelist, "and then take you folks and vote the saloon out again."

Rev. Crimm attributed the curse of the picture show to the interest which controls the producing end of the business, and charged that the picture show was undermining the morals of the country. He declared that the crowd which controlled the picture show was anti-Christian and Jew-Catholic controlled.

The evangelist enumerated many reasons why he was against the immoral picture show, declaring that it destroyed the American home, the American Sabbath, and declared that it was responsible for the present crime wave. He charged that the unborn generation was damned by the picture show, and referred to the mothers of unborn who visited the movies and feasted their minds on what he declared were vulgar and immoral pictures. He charged that the picture show makes sport of the protestant preachers and of the protestant religion, teaching the children to disrespect the church and Christianity.

Rev. Crimm devoted the larger part of his sermon to the picture show, and stated that he was in a position to speak from authority on the question as he put in a year studying the picture show and its evil influence on society.

LAUNCH WAR AGAINST RIFFS

(By Associated Press)

PARIS, Sept. 9.—The long-heralded Franco-Spanish offensive against Abd el Krim's Rifian tribesmen and their allies has begun and soon will be in full sway, it was said in official quarters today.

Between 150,000 and 200,000 men will participate in the attack.

Misses LeBelle and Opal Dale Barker have returned from Canyon where they had been attending the West Texas State Teachers College.

LIME FAMINE IN BALLINGER

Ballinger experienced a lime famine this week, and little as the average person might think about it, there was a big demand for lime. Farmers lined up here the first of the week and waited for the train to arrive upon which it was thought a shipment of lime was coming. The lime failed to arrive, and there was a crowd of disappointed farmers.

Farmers are using large quantities of lime in mixing with poison to kill cotton worms, and the loss of a day's time when the worms are working day and night could result disastrously to the cotton industry.

A local freight shipment of lime was received, but did not last until it was all gone. Worms are reported to be doing considerable damage in some sections, but it is believed that the damage is being held down by liberal use of poison.

Bad news from New York. Bomb exploded in a coffee house. Of course, the coffee was too weak to run.

Even beds are dangerous. In Louisville, Ky., a man fell out of one and broke two ribs.

ASK BIDS ON HIDALGO CO.'S FLOOD CONTROL

(By Associated Press)

MERCED, Tex., Sept. 5.—Hidalgo county's flood control project, estimated to cost \$1,600,000, has progressed to the point where bids have been asked. Contracts will be let Sept. 22nd by the county commissioners' court.

The first project calls for 5,000,000 cubic yards of earthen embankment, 192,000 cubic yards of excavation, 300,000 cubic yards of remodeling canals, 350,000 pounds of reinforcing steel and considerable other work, including the clearing of 10,000 acres of land.

NEW COMMERCIAL HEAD ON JOB AT RAYMONDVILLE

(By Associated Press)

RAYMONDVILLE, Tex., Sept. 5.—The Raymondville Chamber of Commerce announces it now has a full time paid secretary whose first efforts at civic betterment will be to secure a greater market for onion growers of Willacy county, said to produce a larger volume of onions than any other section of the United States. C. O. Harris is the new secretary.

Opera Successful in Palestine

(By Associated Press)

JERUSALEM, Sept. 7.—The Hebrew Opera Company, organized only two years ago, has proved that it can successfully conduct opera in Palestine. The company has produced seven operas with a total of 51 performances and the proceeds have been more than enough to cover investment and expenditures.

The company has grown from a small group of enthusiastic opera lovers, mobilized by Dr. Galinkin, a former conductor of Leningrad.

The money saved by not enjoying life is wasted.

URGE STEPS FOR ARMS MEETING

(By Associated Press)

GENEVA, Sept. 9.—Evidence that the neutral countries of Europe will persistently labor for the early convocation of a new disarmament conference was given today when former Prime Minister Zahle, of Denmark, urged before the assembly of the League of Nations that the league's council continue preparatory steps for such a conference.

Zahle urged that the league continue to study all problems connected with disarmament. The assembly today began a general discussion of the council's report.

HOME AGENT FAVORS CANNING ON FARM

The following letter was recently sent out to all Ladies' and Girls' Clubs in Runnels county by County Home Agent, Miss Eula Key:

"Dear Club Member: "When it comes to fruits and vegetables the slogan of 'Eat what you can and what you can't eat,' still holds good. How are we going to live up to this without growing gardens?"

"Did you ever stop to think about the size of Texas? Do you know how many farms there are in Texas? Do you know how many people living on the farms have no gardens, chickens or cows? There are 51,155 who have no chickens and 164,999 have no cows.

"Food production is one of the most important phases of living. There are two reasons for production. 1st, that the family may have a protective diet, thereby safeguarding the health of every member of the family; and 2nd, to decrease living expenses.

Food specialists tell us that one of the greatest contributions to the health is the daily consumption of a protective diet; that a protective diet consists of the following: milk, daily (at least three glasses for each child and two glasses for adults); oranges or tomatoes three times a week; two raw fruits or vegetables every day; and one leafy vegetable every day. It is impossible for the average family, rural to have the benefit of a protective diet unless the greater part of the fruits and vegetables are produced on the farm. Even though fruits and vegetables are available from a nearby market, the fresh fruits and vegetables are superior to those shipped in. Hence the necessity for more gardens.

"Make it possible to be out and hear what Mr. Swallow, horticulturist of A. & M. College, has to tell you about 'Fall Gardens.' I am sure Mr. Swallow will give you some interesting as well as helpful information along this line. Don't fail to hear him. Thursday, September 10th.

"I want the co-operation of every Club member. You can help by seeing that your neighbors and friends know about this meeting and see that they are all present.

Dates of meeting— Thursday, Sept. 10th, Winters, Chamber of Commerce hall, 10:00 a. m.

Thursday, Sept. 10th, Ballinger, court house, 3:00 p. m.

Thursday, Sept. 10th, Miles, school building, 8:00 p. m.

Japan May Levy Tax on Aids to Artificial Feminine Beauty

TOKYO, Sept. 8.—Beauty of the kind that can be bought at drug stores may be levied upon by the department of finance for an annual tribute of some 98,000,000 yen. This is provided for in a bill the department is drafting to present to the diet. The bill provides a 20 per cent tax on all the bottled, jugged, jarred and tubed mysteries which decorate milady's dressing table and milady herself. Not even her bath is to be excepted for soaps make up fully half of the toilet articles sold in Japan.

WILL ORGANIZE FOOTBALL CLUB

(By Bing Miller)

Plans are underway to organize a town football eleven here. Local football fans are confident a good team can be assembled. Much interest is being shown for the popular sport and it is believed that neighboring towns will organize and support teams. Those who are interested and who want to try out for the team are requested to meet at Fair Park this evening at 5:30. A practice game will be played with the local high school eleven next week, should the team be organized.

SHAMROCK, Tex., Sept. 9.—Five young people were wounded today when a charge from a shotgun was fired into an automobile in which they were riding near here. Perry Coonse, a farmer, is in jail at Wheeler, and is being held in connection with the shooting.

Those injured are: Mattie, Mabel and Mary Embler, sisters; Hick Embler, their brother; and Cecil Rook. There is little hope for Rook's recovery.

It is reported that Coonse told the authorities that he had been whipped five months ago by several youths and since then young people in cars have driven by his farm and jeered him. Last night he said that an automobile loaded with young people passed his farm hooting and yelling, and he took his shotgun and waited until the car returned when he opened fire, shooting at the automobile.

In publishing the list of the young men and young ladies who will go away to college this year The Ledger overlooked the name of Robert Lee Maddox. Robert Lee attended Baylor University last year and will return this year. It is no small task to canvass the situation and get the names of all those who will attend school, and there are probably other names which we overlooked, but to say the least of it Ballinger will be well represented in the colleges and universities this year.

FIRE DESTROYS NEWS PLANT

PUBLIC SAFETY DEMANDS
IT

Not because other cities are doing it, but because public safety demands it, it is expected that the city commission will draft and adopt immediately an ordinance governing marketing cotton on the streets.

Mayor Raby indicated Saturday that such an ordinance would be passed, if the cotton buyers did not voluntarily adopt a rule and agree not to buy cotton on the main business streets of the city.

Without cotton wagons on the streets, traffic becomes badly congested at times now, and especially on Saturday, and the city commission is at a loss to know how to regulate the traffic.

Streets were used as marketing centers in years gone by, but it was before the days of the automobile, and even before we had motor fire trucks and before there was a demand that the streets be kept clear and traffic open as much as possible.

Our sister city, Winters, prohibited the marketing of cotton on the streets in that city last season, but Ballinger continued to do business in the same old way and by so doing endangered life, limb and property.

The farmers who sell their cotton direct to the gin endorse some plan of establishing a marketing center. They had rather have one designated location where they can take their cotton, and receive bids from the buyers than to be forced into a traffic jam with their train. Surely no one will object to such a city law.

AN ORDINANCE

Prohibiting the marketing of cotton, watermelons, or other produce on certain streets within the corporate limits of the city of Ballinger, and fixing a penalty for violation thereof.

Be it ordained by the City Commission of the City of Ballinger, Texas:

SECTION I.

It shall hereafter be unlawful for any person or persons or any officer, agent, servant, or employee of any corporation to sell, or offer for sale, barter, or trade, on the following portions of streets within the corporate limits of the city of Ballinger, Texas, to-wit:

On Hutchings Avenue, between 6th Street and 10th Street; and on 8th Street between Strong Avenue and Park Avenue; and on 7th Street between Strong Avenue and the G. C. & S. F. right of way; and on Broadway between Hutchings Avenue and the G. C. & S. F. right of way; and on Railroad Avenue between Broadway Street and 8th Street; any cotton, watermelons, or other produce, including meat of any kind, patent medicines, notions, novelties or other merchandise.

SECTION II.

Any person or persons, or officers, agent, servant or employee of any corporation violating any provision of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be fined in any sum not less than one dollar nor more than twenty-five dollars.

SECTION III.

All ordinances and parts of ordinances in conflict herewith are hereby expressly repealed insofar as they affect the operation of this ordinance.

SECTION IV.

The fact that the streets above named are now badly congested by reason of traffic, and the fact that the selling and marketing of the commodities mentioned is a continual source of trash, filth, and rubbish, obnoxious to the senses and dangerous to the public health, creates an emergency, and the rule requiring the reading of an ordinance more than once is hereby expressly suspended and this ordinance shall be in force and take effect from and after its passage approval and publication.

Passed and approved this 8th day of September, 1925.

New Queen Picture, Three-Star Cast, is Thrill Hit

George Fitzmaurice has produced in "A Thief in Paradise," showing today and Thursday at the Queen Theatre, a thrilling, colorful romance that equals the high mark set by "On with the Dance," "To Have and to Hold," "Cytherea," and other lavish screen plays which he has given to the world.

There are no dull moments in "A Thief in Paradise." It is full of action from the opening title to the final fade-out. It is the story of a man who masquerades as another man, falls in love with one girl and is loved by another—an unscrupulous Eurasian girl who is his accomplice in the impersonation.

"A Thief in Paradise" is more than a thriller. It has romance and drama of the most intense kind. There is a love story of a man who knows he has no right to claim the girl he loves, and who fights out his supreme battle with himself.

All three of the featured players, Ronald Colman, Doris Kenyon and Aileen Pringle, give splendid performances. Claude Gillingwater, Alec B. Francis, John Patrick and Charles Youree head the cast of supporting players.

"A Thief in Paradise" was written for the screen by Frances Marion from Leonard Merrick's novel "The Worldlings." Samuel Goldwyn presents it via First National.

Dorothy Phillips Returns to the Screen—Now at Fo-to-sho

Dorothy Phillips, playing Madame Brabin in "Everyman's Wife," the Wm. Since the death of her director-husband, Miss Phillips has been in retirement. "Everyman's Wife"

marks her return to the land of make-believe.

Others in the cast of "Everyman's Wife," which was directed by Maurice Elvey, are Elaine Hammerstein, Herbert Rawlinson, Robert Cain and Diana Miller.

Japanese Police Issue Edict Against Short and Filmy Skirts (By Associated Press)

TOKYO, Sept. 7.—Thin skirts and short ones may be all right for Western women, but the Metropolitan Police Board has issued an order prohibiting the Japanese fair sex from wearing abbreviated or filmy garments in public.

The police order, which is being attacked editorially by some of the vernacular newspapers, warns all Japanese women—and especially geisha girls—that they will not be permitted to appear publicly unless fully clothed "in garments of the most modest style" which do not expose the limbs unnecessarily, and which are of "sufficient thickness." The police order, however, does not affect the styles adopted by foreign women in Japan.

ARTISTIC AND SIMPLE BOBBING

Bobbing is indeed an art these days—it must be done right. And the correct kind of hair-dressing can only be performed by experienced hands—such as we employ.

Our skilled bobs are simple enough to bring out the beautiful contours of your head—yet they are cut in so artistic a manner that the latest styles of head dress are carried out in extravagant form.

Wolf Ears Made to Order to Win Municipal Bounties (By Associated Press)

BRANDON, Man., Sept. 8.—A get-rich-quick scheme whereby Indians on a reservation at Griswold, Manitoba, collected municipal bounty on wolf ears manufactured from skins of wolf cubs was discovered here this summer by municipal officers.

To collect bounties on wolves slain, the animal's ears must be turned in. The redskins received bounty on the artificial ears for some time before officers discovered the ruse. Three men and a squaw pleaded guilty and were warned with a year's suspended sentence.

Now 2,000,000 CHEVROLETS Why?

QUALITY AT LOW COST

Chevrolet has now built 2,000,000 cars—the first manufacturer of automobiles with modern sliding gear transmission to reach this tremendous production.

This achievement has been made possible because Chevrolet has met the great public demand for a quality car at low cost.

Chevrolet has a construction typical of the highest priced cars;

powerful economical motor and disc clutch, bodies of beautiful design, closed models by Fisher, Duco finish, interior of cars beautifully and substantially upholstered and fully appointed.

Be sure to see these cars that have achieved so great a degree of public favor—and learn how much automobile you can really get for little money.

5,000 PEOPLE HEAR SERMON

(Continued from Page 1)

declaring that he attended the movies in his home town to get first hand information. He reviewed pictures which he had seen, and commented on the effect which they had on society.

The evangelist was also vigorous in his attack on midnight joy riding, and did not want for plain language in telling the fathers and mothers the dangers to which their girls were being subjected.

Mixed bathing was also declared to be one of the greatest curses to society, as was also the modern dance, and the evangelist did not mince words in attacking the evils of these worldly pleasures.

Rev. Crimm declared that the jelly bean pas and mas were responsible for much of the immorality of the present day, and he paid his respects to the father and mother who let their children "run wild."

Notwithstanding that the crowd covered two or three acres, and probably 500 or 2000 of the number were standing, perfect order prevailed and those who could not get seats patiently stood for two hours and until the audience was dismissed.

Rev. Crimm announced that he would speak tonight on the subject, "Am I My Brother's Keeper?"

Levi Pullin, of Kennedy; and Albert Steindorf, of Woodsboro; passed thru the city Tuesday en route to Winters to attend a meeting of the Cotton Breeders' Association.

WINTERS FOLKS HOLD BANQUET

J. D. Motley and C. W. Lehmburg represented Ballinger at a banquet and get-together meeting of the Winters Chamber of Commerce at Winters Tuesday night. The gentlemen report that the meeting was one of the most pleasing and successful affairs of the kind they ever attended, and said that it was a regular "love feast" and real goodfellowship gathering.

The banquet was held in the basement of the new Methodist church with a large crowd present. Abilene was also represented. Community building or "Things We are Most Vitrally Interested In" was the main theme of discussion, following the set speeches of the principal speakers of the evening.

The invocation was offered by Rev. Hal F. Smith. Bert Low was toastmaster, and several musical numbers in addition to the music by the Winters Chamber of Commerce Junior Band, were rendered. The speakers on the program were: J. C. Watts, H. O. Jones and J. E. Farrow. Round table talks were made by several of those present, including both Mr. Motley and Mr. Lehmburg.

"A fine spirit of co-operation prevails at Winters," said Mr. Motley in reporting the meeting, "and I find that such a spirit prevails pretty well throughout the entire county."

Laundry guaranteed. Stella Campbell, 509 Sealy Avenue. 9-6td.*

BETHEL NEWS

Mrs. Joe Crockett, of Winters, is visiting her mother, Mrs. Davenport, and family.

Mr. and Mrs. Len Harvey spent Saturday night and Sunday with Gene Richardson and family, of Ballinger.

Miss Alma Koenig left Sunday for Brownwood to attend the institute.

Miss Leora McShan left Monday for Brownwood, where she will attend school this term.

Mr. and Mrs. J. H. Seales went to Paint Rock Sunday evening. "REPORTER"

COTTON POPPING OPEN IN A HURRY

Within a week or ten days the cotton rush will be on in this county and there will be busy times here for the next sixty days or longer. Cotton is opening in a hurry, and the demand for pickers is on the increase. Gins are humming and the daily receipts of cotton on the local market are increasing. About twenty-five or thirty bales had been marketed here up to noon Tuesday.

The opinion of most of those who have been keeping an eye on the crop conditions in this county is that the receipts will figure around the 1924 mark, or between 50,000 and 60,000 bales. Late rains were of little benefit to the early crop and worms are doing some damage to the late crop.
