ESTIMATE IS RAISED; COTTON DROPS

Tornado Sweeps Three Counties

(By Associated Press)
TROY, Alabama, Oct. 26.—Residents of many portions of Pike, Barbour and Crenshaw counties in Alabama are today endeavoring to bring order out of the chaos which resulted from a tornado which claimed a known total of 17 lives, injured many, rendered hundreds homeless and left thousands of dollars damage in its wake. The tornado seemed to have had its origin in Crenshaw county where it swept down with

tremendous force, tearing its way across the breadth of Pike county and on Eastward into Barbour county, where it appears to have spent its force.

The death list could not be completed this afternoon as to names owing to the widely scattered districts.

TROY Ala., Oct. 26.—Thirty persons were injured and property loss from the tornado which swept three Alabama counties is estimated at \$250,000. The counties are prosperous farming areas and very little first aid is expected to be needed.

HERRIN NOW RECOVERING FROM "WAR"

(By Associated Press)
HERRIN, Ill., Oct. 26.—A sign in a store window reads: "Former Herrin tailor returned; firm under a new name."

It is a sign of the times in Herrin. Change the name and there would be few visible indications that here is the town which wrote its name in blood. They are returning to Herrin—the people who went away while the "war" raged—and the town is trying to heal its wounds. Ten widows, 28 orphans, and 13 dead men are hard to forget.

Among many reasons for the town's comeback these are outstanding: Elimination of the champion gun toter; a religious revival; a return of activity in the coal fields.

There are many other signs of regeneration. Bank deposits in two weeks this fall jumped \$50,000. Two chain stores have opened branch houses, one a grocery concern, the other a national music house.

At the beginning of this coal season, three banks were handling a monthly payroll of more than \$700,000. In 1924 there were 47 mines operating in Williamson county, producing almost 10 million tons of coal a year and employing more than 12,000 miners. In 1925 more than 20 mines closed. The mines are opening rapidly. Stores are starting up. Empty houses are being occupied.

It is estimated 200 families left Herrin during the internecine strife. Property depreciated 50 per cent. There were bankruptcies, stagnation and despair.

This happened while 95 per cent of the citizens looked on in horror at their own town gone wild, helpless to stop it, yet bearing equally with the fighters the evil reputation.

A wild, dirty little mining town is the picture of Herrin that has gone out into the world. A clean, cultured, naturally prosperous city of 12,000 is the fact.

The local chamber of commerce says that Herrin has a higher percentage of home owners than any

85 MILE WIND DOES DAMAGE

(By Associated Press)
NEW YORK, Oct. 26.—A disastrous Sunday gale swept the middle and North Atlantic states. An 85-mile-per-hour wind caused seven deaths and much property damage in five states.

At Woburn, Massachusetts, 500 houses were scattered, and troops were called out to prevent looting and aid in rescue work.

Seventeen navy seaplanes were strewn on the beach at Baltimore, Maryland, with seven of the machines demolished.

Ocean and coastal shipping is demoralized today.

BENEFIT FOOTBALL GAME FOR TUESDAY

The Ballinger high school football team will stage a benefit game Tuesday afternoon at 4:00 o'clock at Fair Park for the Parent-Teachers Association. The game will start exactly at 4:00 o'clock and everybody is urged to attend and help swell the receipts for the P. T. A. On this occasion the Panthers will meet an all-star team picked from the city and several men who were stars on some of the leading university teams of the state last year will be in the line-up for tomorrow's fray.

An admission charge of 25 cents will be collected and all money will go to the Parent-Teachers Association to assist their activities. The game is being given at half price for football games and two teams will meet that will give the fans their money's worth.

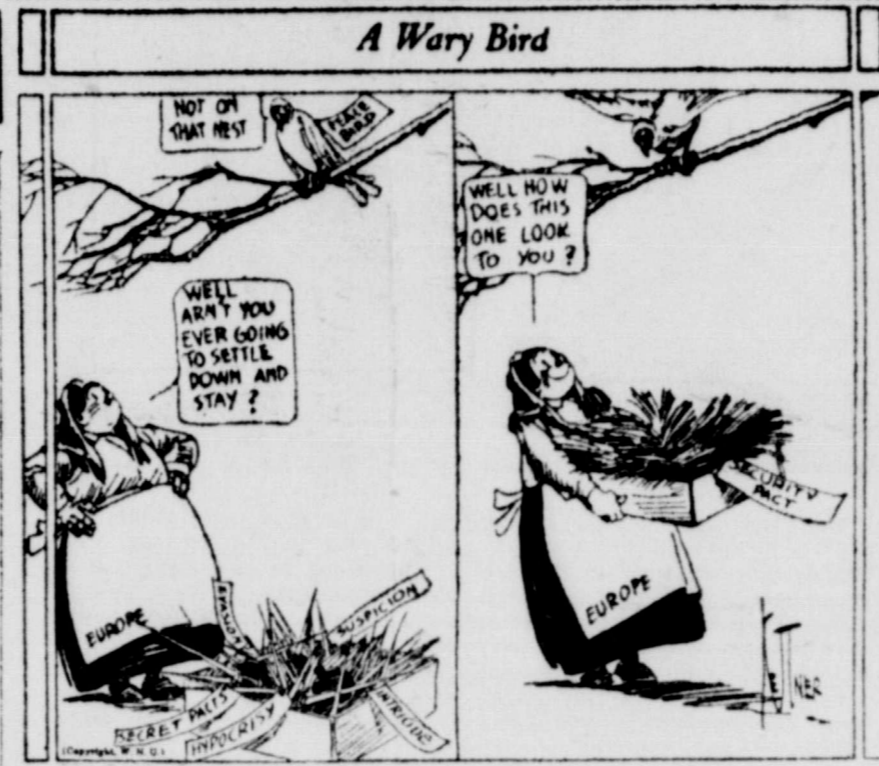

Albert Sledge was here from Brownwood Sunday visiting his parents, Mr. and Mrs. A. W. Sledge.

Buy your Note Book Paper from the Ballinger Printing Co., at 3 for 25c, and save the difference.

city in the United States.

The disastrous Southern Illinois tornado of several months ago, which did not hit Herrin, but brought foes into contact in a work of mercy, was an ill wind that blew good to Herrin.

Some of the leaders in Herrin's troublous days were strangers. S. Glenn Young, notorious gun-man, was one who tried to clean the town with a gun, was a stranger. Howard S. Williams, revivalist, who tried it last summer with a Bible, was a stranger. Many strangers were among the leaders of the strip mine massacre of June, 1922, which occurred about half way between Herrin and Marion.

RUNNELS BOOTH AT SAN ANGELO

Runnels county is represented at the All West Texas Exposition at San Angelo this week with a booth in the agricultural hall. The committee arranging this display went to San Angelo Sunday and worked until after 2:00 o'clock Monday morning before completing the booth. They state the display is the best ever to represent the resources and progressiveness of Runnels county and first prize is expected to be captured.

Products carried to San Angelo to make up this booth were selected from among the prize winners at the Runnels County Fair and each one was a blue ribbon product. The display is large and more than a truck load of stuff was brought back here Monday that could not be placed in the booth on account of lack of space.

The exposition will officially open today and many people were gathered in San Angelo Sunday. Wednesday has been designated as Ballinger-Runnels County Day at the fair and a list is being circulated in the city today signing up every car possible to carry the "Turkey in the Straw" Band and a big delegation to the Tom Green metropolis Wednesday morning.

LESS THAN 100 ATTEND MEETING

(By Associated Press)
AUSTIN, Oct. 26.—Less than 100 men were at the highway department quarters today to attend the bi-monthly meeting of the State Highway Commission. Indications were that the meeting would be a quiet affair.

D. M. West, editor of the Bronte Enterprise, was in Ballinger Monday, looking after business.

LUTHERS WILL NOT RESIGN

(By Associated Press)
BERLIN, Oct. 26.—Chancellor Luther and his cabinet at a meeting today decided to remain in office notwithstanding the resignation yesterday of three Nationalist ministers whose party declared its dissatisfaction with the European security agreement.

FIRE DESTROYS COULTER HOME

Fire originated at the home of J. D. Coulter early Sunday morning and within a short time it had burned to the ground. The fire company rushed to the scene of the conflagration but as the house was located outside the fire zone they were forced to go back to the station for more hose in order to lay one line of hose, and with the high wind blowing and the headway already made by the fire the house soon burned to the ground.

The Coulter family had gone to Winters and no one was at home at the time the fire was discovered. Parties returning from the Ballinger Country Club observed the blaze and turned in the alarm and also removed a piano and a few other pieces of furniture from the residence.

Mr. Coulter stated Monday morning that in his opinion the fire started from a defective flue. He said he based his opinion on this after he had carefully examined a part of the flue which was left standing. He carried \$4,500 insurance on the house, about \$350 on the furniture and an additional \$200 on a piano.

A deal was consummated between Mr. Coulter and A. J. Spann Monday morning in which Mr. Coulter becomes owner of the house adjoining the A. L. Spann place on Eighth Street and will move there immediately.

(By Associated Press)
NEW YORK, Oct. 26.—Cotton prices on the New York cotton exchange broke \$6 per bale today on publication of the federal census bureau's report.

NEW ORLEANS, Oct. 26.—The United States government's crop estimate was larger than was expected and prices on today's local market dropped more than \$6 a bale.

SPEAKER MAY NOT ATTEND

(By Associated Press)
AUSTIN, Oct. 26.—Under two conditions only will Lee Satterwhite, speaker of the House of Representatives, attend the special session of the Texas legislature, he declared here this afternoon.

He said that the first condition is that the legislature be called by the governor. The second way that he would attend the session called other than by the governor, is that he is assured that the session will produce results.

AUSTIN, Oct. 26.—After a conference of two hours with Attorney General Dan Moody, Lee Satterwhite, speaker of the House, said, "I see no immediate need for a special session of the legislature."

LEAGUE OF NATIONS COUNCIL MEETING

(By Associated Press)
PARIS, Oct. 26.—The extraordinary sitting of the League of Nations council which was called to consider the Greece-Bulgarian crisis opened here this evening.

Mr. and Mrs. J. M. Skinner and Miss Mary Fleming left Sunday afternoon for Lampasas, where they go to attend the funeral of Mrs. Skinner's brother-in-law, Leon Harris, of Gainesville, who died suddenly Saturday evening. Mrs. George McCulley joined her parents at Brownwood to go on to Lampasas.

Sam Cottelle is at home after being away since the beginning of the cotton season in 1925, Texas.

WASHINGTON, October 26.—A probable cotton production of 15,226,000 bales equivalent to 500-pound bales was announced by the Department of Agriculture today, which was indicated by reports of October 18th. A probable crop of 14,759,000 bales was indicated two weeks ago. Last year's crop totalled 13,627,936 bales.

The probable yield per acre was placed at 164.7 pounds, and the abandonment of cotton acreage since June 25th at 4.8 per cent, which will leave about 44,231,000 acres for the harvest crop this year, it was indicated by the preliminary reports.

The Texas cotton production was placed at 4,650,000 bales and the acreage abandonment was estimated to be nine per cent.

WASHINGTON, October 26.—Cotton of this year's growth ginned prior to October 18th totalled 9,519,784 bales counting round bales as half bales and excluding linters, the census bureau announced today.

The announcement last year on the same date was 7,615,981 bales or 55.8 per cent of the crop which was ginned.

Ginnings in Runnels county up to Saturday night, October 24th, amounted to 43,579 bales. This was made public today in a report compiled by the Ballinger Oil Mill and includes the runs of all gins in the county.

Following is the report showing total ginnings in the principal towns:

Winters 15,495
Ballinger 5,183
Brownwood 4,816
Miles 6,900
All others 11,186.

18	19	20	21	22	23	24
25	26	27	28	29	30	31

A few more spells like the little Northern which blew up Saturday and the hogs will begin to be slaughtered. A good mess of pork sausage, country style, would taste good and we are in the market for the first to arrive.

Merchants of Ballinger perhaps had the best day's run Saturday that they have enjoyed for many years. The town was full of people and everyone seemed to be buying merchandise for a winter supply. Cold weather Saturday stimulated business for clothing purveyors and every store in Ballinger was rushed the entire day and several were unable to wait on all comers.

Some Ballinger people returning from a car ride a few nights ago, found a man ransacking their place. As soon as they entered the house the thief made his get-away before he could be halted and fortunately did not carry anything away with him. There are all kinds of people in Rinnels county during the cotton picking season and to be on the safe side doors should be locked and other precautions taken.

Many shows are coming to West Texas this season because they have heard that this is a prosperous field. It is prosperous all right, but it is also a busy field, and the shows that have come along so far have barely made expenses and some have lost on their stop here. The first dramatic show here this season did not get large crowds; the circus did all right at night but the farmers were too busy to attend in the afternoon and the carnival which remained over a week following the county fair also found hard sledding. Everybody in all walks of life in Ballinger are busy and will take no time for amusements until the big rush is over.

Ed Jones is here from Breckenridge shaking hands with friends and visiting relatives. Mr. Jones says Breckenridge is very prosperous this year.

Took a Friend's Advice

Houston, Texas—"When I was comparatively a young woman I became afflicted with woman's trouble and got so I could hardly walk. I had a delicacy in submitting my case to the doctors. Finally a friend advised me to try Dr. Pierce's Favorite Prescription. I did so, and before I had taken three bottles I was all right. Later on in life I became afflicted with a kind of poison in my blood; for this I took the 'Scolin' Medical Discovery, and gradually my blood became pure. I never again had anything like either of these afflictions."—Mrs. D. M. Wilson, 1521 Fulton St. All dealers.

COLORS COME AND GO FOR NEGLIGEEES BUT FLESH PINK HOLDS POPULARITY

JOCELYN LEE IN A NEGLIGEE OF BEIGE CHIFFON & CARMEL LACE
 PYJAMA SUIT OF CONTRASTING COLORS, & A Dainty QUILTED BED JACQUETTE
 MAJEL COLEMAN IN NIGHT GOWN OF FRENCH NUDE, WITH YARDS OF FINE PLEATING

THEY say—that new colors in underwear and negligees may come and go, but that flesh pink will go on forever as a favorite with the dainty woman.

We've had seasons of black georgette combinations, with nighties and bloomers to match—seasons of orchid pink, lavender and peach; even periwinkle blue. But, as they say, these tones come and go. Pale pink goes on and on.

This season, the latest underwear shades are: French nude, first, and then beige.

Above is a layout of combination, slip-on, pyjamas, bed-jacquette, and nightie, all in one of the other shade.

The combination and nighties appearing in the two photos are two models that are worn in the new Paramount picture, "The Dressmaker From Paris," a photodrama that is said to present the very last word in clothes, right from the very hands of the French couturiers. The picture serves as a vehicle to bring Miss Leatrice Joy back to the screen. And with her, Miss Joy brings a number of models to show her gowns.

Jocelyn Lee, one of these, wears the combination. This is of beige-colored chiffon, trimmed in carmel colored lace, and with it goes a "throw" of the same gossamer material. This "throw" has a becoming bit of self ruching at the neck,

and ties in front with beige and orchid pink narrow ribbons.

The photo at the right shows Miss Majel Coleman in a French nude creation, with a deep ruffle of many yards of finely pleated chiffon. The top is lace, nude color, and at the front is a group of delicate hand made flowers, from which hangs a bow of pink, with long streamers.

The sketches in the centre show a pyjama suit, somewhat tailored, of beige, trimmed in pointed bits of brilliant turquoise blue.

The bed-jacquette below is of the finest of taffetas, and has a quilted collar and cuffs of the same. A smart pink and tan carnation perches on the reverse.

24-HOUR RUN AT OIL MILL

Beginning Monday night the Ballinger Cotton Oil Mill will commence running a day and night shift. Test runs were made Friday and Saturday and everything tuned up and put in perfect running order for the beginning of a twenty-four hour day run. The first night shift will go on duty tonight at 6:00 o'clock and this system will continue throughout the season.

One wing of the seed house has been completed for some time and seed has been unloaded in that wing since the beginning of the ginning season. The mill had about 3200 tons of seed to start working up Monday morning, and many tons are being added daily.

The management of the mill is confident of a good run, despite the lateness of the season. New electric equipment is being installed throughout the mill which will make for more efficient handling of seed.

**HERE'S THE SEASON'S DANCE FROCK,
FULL GEORGETTE SKIRTS OVER SLIP**

ADALYN MAYER, IN GREEN & LEMON GEORGETTE DANCE FROCK, TRIMMED IN MATCHING ROSES

PEARLS, DIAMONDS, & PALE GOLD SPANGLES

IF ONE were asked what the typical dance frock of the coming season would be, one could point with authority at the model shown in the photo above.

The answer is a georgette model over a silk slip skirt very full, full, and circularly cut so as to drape softly across the hips; semi-fitted bodice, and somewhere some rhinestones.

This simple but lovely recipe for a summer dance frock is worked

out above in lemon yellow and pale green. The georgette skirt is double and the outside skirt is trimmed in flat roses of lemon color, shaded into green. The waist is girdled in a mass of glittering rhinestones.

This new model is shown in the fashion show that is part of the new Paramount picture, "The Dressmaker From Paris," the photodrama that brings Leatrice Joy back to the screen. It is worn

by Adalyn Mayer, one of the beauties selected to be a model in this picture.

Another beautiful model, Miss Thais Vaidemar in this same picture, wears the diaphanous gown sketched at the right. This gown is a sparkling thing of pearl and rhinestone bands, studded with shining spangles of pale gold. This gown is extremely smart, and is semi-fitted, as a great many of the newest things from Paris are.

**TWO CASES FILED
IN COUNTY COURT**

Two cases were filed in the county court Monday morning.

One case was against C. J. Jones, colored, charging him with the theft of a watch on Friday night, Oct. 16th from the person of Ernest Dotson. A warrant for Jones' arrest was sent to Sweetwater, where he is with a carnival.

Another case was filed against J. N. Marks, who lives up the Colorado River on C. A. Doose's farm near Maverick, charging Marks with aggravated assault on one Will Ash on Saturday, October 24th, near Marie. The assault is alleged to have occurred out in the maize field on the Will Ash farm, and was over the management of some property in Bronte. Ben F. Curry, constable of the Norton precinct No. 4, signed the complaint. No arrest had been made up to late Monday afternoon.

In the case of the State of Texas vs. Daphne Jackson, colored, charged by complaint with highway robbery, bond of \$1,000 for her appearance before the next grand jury was set, which said grand jury meets Feb. 8th, 1926. She had not made the bond late Monday afternoon.

Trouble with being a rich man is when the phone rings you think your son has been jailed for speeding.

In Germany, they are using coal as a substitute for jet. But who wants a substitute for jet? We want one for coal.

**Chinese Province Gets
First Motor Road**

(By Associated Press)

KINGCHOW, Province of Kansu, Oct. 26.—This central China province is getting its first motor car road.

For communications in the past, Kansu probably has been the worst off of any of the 18 provinces. It has no railways, and practically no navigable rivers. But in spite of these disadvantages, travel has been lively because the main route to Tibet and Turkestan lead through the province.

Lu Yung-t'ao, military and civil governor of the province last year ordered his principal general to start the road work with the soldiers under his command. The general commanded each regiment to build seven

miles of road. The soldiers promptly impressed resident farmers into service. A road capable of handling motor traffic of more than 100 miles has been completed.

C. W. Lehmborg is in San Angelo attending the All West Texas Exposition this week and looking after the Runnels county booth.

Life is mountains and valleys. When on the mountain enjoy the valley. When in the valley, appreciate the mountain.

Contentment lies in your own world. The fish wouldn't enjoy flying or the birds find pleasure in swimming.

TO AMUSE

"The Love Hour" Romance of Beauty and Money

"The Love Hour," a Vitaphone production begins a two-day run at the Queen Theatre today. This is an original screen story written by Bess Meredyth, who did the "Ben Hur" script, and directed Herman Raymaker. It has been hailed by picture reviewers in other cities as one of the most amusing and dramatic productions of the season.

Huntly Gordon plays the hero, Rex Westmore, young, wealthy and bored, who falls a happy victim to the beauty and youth of Betty Brown, a shop girl.

Ruth Clifford, whose blond loveliness makes her appeal most convincing, plays Betty Brown; while Louise Fazenda, the clever comedienne, appears as her friend, Jennie Tibbs. Willard Louis is Gus Yergler, a prosaic overfed suitor, who catches Jennie's vagrant fancy.

John Roche is the false friend of the husband, who gets the heroine into a dramatic situation. Charles Farrell, a newcomer to the screen, is the good-looking masquerader, whose flirtation with Betty is brought to an unhappy conclusion by Rex Westmore.

Gayne Whitman is seen as an attorney who straightens out the tangled affairs of Betty and Rex.

Galsworthy Book on Screen Soon at the Queen

After weeks of work the Sawyer-Lubin unit of First National Pictures has completed filming of "The White Monkey," from John Galsworthy's novel, under the direction of Phil Rosen. The picture is scheduled for showing at the Queen Theatre Wednesday and Thursday of this week. Barbara La Marr will be featured in the role of Fleur, London society pet.

The role of Scames, shrewd captain of English commerce, will be played by George Marion, celebrated stage and screen actor. Marion made an undying name for himself in his remarkable characterization of the old sea captain in "Anne Christie," both on the stage and screen. The part of Michael Mont will be played by Thomas Holding; and Henry Victor, famous English actor, has been especially imported to enact the part of Wilfred Desert.

The role of Victorine Biet, an appealing cockney girl, will be played by Flora Le Breton, Eng-

lish stage and screen beauty. The important character of Tony Bicket, coxter-monger of toy balloons, a part which furnishes an intensive human note to Galsworthy's story, has been assigned to Charles Emmett Mack. Colin Campbell and Tammany Young have been respectively engaged to play Danby and Bill Hawkes, comedy roles.

AFTER EVERY MEAL

WRIGLEY'S
makes your food do you more good.

Note how it relieves that stuffy feeling after hearty eating. Sweetens the breath, removes food particles from the teeth, gives new vigor to tired nerves. Comes to you fresh, clean and full-flavored.

Three Things to Be Sure of in Building a Home

- 1. The Plan.** Better safe than sorry. Be sure your plan is perfect in every detail before you build. Inconvenient and unsatisfactory arrangements, too little closet space, too few built-ins, etc., can prove a constant source of regret. They can be remedied only at considerable expense. We may be able to help you in planning your home.
- 2. Materials.** Trying to save on first cost by using cheap, inferior materials, always proves costly in the end. It is the most unwise of all courses to take. Buy materials that will last.
- 3. Construction.** A good contractor and skilled workmen offer the best insurance against being a victim of "the high cost of cheap construction." Improper construction is apt to result in constant expense, worry and dissatisfaction. We can put you in touch with reliable workmen.

When you build, build to last. Be sure of these three things. Bring your building problems to us. Let us tell you about our roof that lasts for fifty years.

ACTORS IN FILM SPEAK THEIR PARTS BY RADIO

(By Associated Press)
LOS ANGELES, Oct. 26.—Audiences in a group of theatres may soon watch a long film story and hear the actors speak appropriate lines as the result of a radio experiment demonstrated in 14 houses here and in nearby cities.

Actors in the experiment gathered at the reception room of a local radio broadcasting station. In an adjoining room separated from them by a glass partition was a projecting machine with a copy of the film shown at the theatres. The machine shot its rays through the glass partition onto a screen tacked on the wall of the room in which the players stood. The actors as they spoke their lines over a radio microphone could see the play unfolded before their eyes—but more important they could see their eyes which were carefully titled on the film at frequent intervals. The glass partition prevented the noise of the projecting machine from carrying over the microphone.

On the stages of each of the theatres powerful receiving sets

to which loud speakers were connected were set up. Simultaneously in each of the theatre projection rooms the special operator endeavored to crank his machine, from which the usual electrical cranking devices were disconnected, in exact rhythm with a metronome that was ticking in unison with one at the broadcasting station.

Dutch Connect Ex-Crown Prince's Exile to Mainland (By Associated Press)

AMSTERDAM, Oct. 26.—Wieringen, which achieved world wide notoriety through the place of exile of the German ex-crown prince William, is an island no more.

It now forms part of the great Zuyderzee drainage scheme. A newly laid dam 1-1/2 miles in length now unites Wieringen with the mainland. This is, how-
