CAR SKIDS INTO DITCH; THREE DROWN

BIG LIQUOR DEAL WILL BE AIRED IN U.S. COURT

(By Associated Press)
NEW YORK, May 10.—A conspiracy, involving many million dollars worth of liquor, was revealed here today, when the United States district attorney, Emory Buckner, opened a sealed indictment returned last week.

The alleged conspiracy centers in and around Port Chester, New York, near the Connecticut line.

HEARNE REGRETS TO LOSE MR. AND MRS. H. C. LYON

The regret in Hearne is general, at the early removal of Prof. and Mrs. H. C. Lyon, who go to Ballinger, Texas, where Mr. Lyon has been chosen superintendent of schools.

While this comes in the nature of a promotion—as Mr. Lyon will have the direction of about thirty teachers, the loss to the Hearne schools will be very great. The very capable and worthy gentleman, Mr. E. T. Robbins, who has been chosen to succeed Mr. Lyon, will have a very difficult task in maintaining the schools of this fifty mile district to the very high standard of efficiency set by Mr. Lyon, but his friends are predicting that he will make good in that place.

Mr. and Mrs. Lyon have been prominently identified with church work, Mrs. Lyon having been a consistent member of the Methodist church and having directed the Junior Missionary Society and the primary department in the Sunday school, while Mr. Lyon has been one of the most active and useful laymen of the Baptist church and having contributed much by his addresses from time to time to the fine church spirit of this congregation.

Mrs. Lyon is a member of the Music Lovers Club, while Mr. Lyon is a member of the Rotary Club and of other clubs and organizations here.

This editor personally regrets their loss very much, but commends them to the good citizenship of their new place of residence.—Hearne Democrat.

EXPRESSION CLASS ENJOYS MORNING PICNIC

The expression class of Mrs. Ernest Moody enjoyed a picnic at the upper dam Saturday morning. The class was chaperoned by Mrs. Moody, Mrs. DeWitt, Misses Jessie Lee Golden and Audrie Lee Smith. Twenty-three pupils were present. The "kiddies" enjoyed a wade in the creek. Before lunch the pupils gave readings and played games, which were enjoyed by all.

Mr. and Mrs. Carl Jeanes, of Coleman, spent Sunday in Ballinger visiting relatives.

Miss Elizabeth Brady, of Brown, wood, spent the week-end with Mrs. Sim Cottelle.

BILL THE BARBER SAYS

IF YOU CELEBRATE YOUR WEDDING WITH A QUART OF WOOD ALCOHOL YOU'D BETTER ORDER A WOODEN OVERCOAT.

TEXAS OIL MEN TO FIGHT FOR LIFE

(By Associated Press)
DALLAS, May 10.—A state-wide fight by the independent oil dealers against what they claim is an attempt to exterminate them, was started here today by Dallas county retailers.

The independents declare this action is a result of the return of the Standard Oil Company to the state, they being virtually crushed by a weapon in the form of an innocent appearing document called a lease contract. According to the independents, the major companies are attempting to take over the non-trust oil stations and make the independent agents their dealers.

H. O. Dooley, chairman of the Independent Oil Dealers Association of Dallas county, announced today that the independents throughout the state were now being canvassed by his organization as a preliminary step in forming a state association.

PASTORS GIVE PUBLIC SURPRISE

The Pastors Association of Ballinger pulled a novel stunt on the church-goers of the city, Sunday, when they exchanged pulpits for the evening services.

The five members of the association in a recent meeting decided to give their respective congregations a treat and the date was set for Sunday evening, May 10.

No one, other than the pastors knew where they were to preach at the evening services and when the time came for the opening of the evening's worship, the congregations of the various churches found a new pastor in the pulpit.

The pastors preached in the following churches:

Rev. S. L. Culwell, First Methodist pastor, preached at the 8th Street Presbyterian Church;

Rev. Alvin Swindel, First Baptist pastor, preached at the First Methodist Church;

Rev. Ius Q. McCorkle, First Christian pastor, preached at the First Presbyterian Church;

Rev. Alvin O. Rue, 8th Street Presbyterian pastor, preached at the First Christian Church;

And Rev. E. W. McLaurin, First Presbyterian pastor, preached at the First Baptist Church.

This was the first time the pastors of the Ballinger churches have pulled such a stunt on the church-goers, but it is expected that it will be repeated once each year.

Exceptionally large crowds were present at every church.

Mr. and Mrs. Harry Lynn are moving back into their home on Seventh Street today after the home has been completely remodeled. Mr. and Mrs. C. J. Lynn are moving into the new home also while their house will be remodeled.

Mr. and Mrs. A. B. Lankford, of Abilene, visited in Ballinger Sunday. Mr. Lankford returned to his home Sunday evening but Mrs. Lankford will remain here for a longer visit.

Events in the Lives of Little Men

DAY DREAMS

Parker, 1904 Candidate for President Dies in His Auto

(By Associated Press)
NEW YORK, May 10.—Alton B. Parker, former chief judge of the Court of Appeals of New York, and candidate for president died here this afternoon in his automobile.

Alton Brooks Parker was born at Cortland, N. Y., May 14, 1852, the son of John Brooks and Harriet F. (Stratton) Parker. His education was obtained in the Cortland Academy, the State Normal School at Cortland, and the Albany Law School, from which he was graduated in 1872 with the degree of LL. B.

His decision to study law was made quite by accident. While earning a meager salary as a country school teacher, a profession to which he had aspired while laboring on a farm, young Parker attended court one day to hear a case in which his father was a juror. A lawyer of the silver-tongued variety, summing up for the defence, made a plea that so impressed the eager listener by its eloquence that he determined upon a legal career from that moment, and immediately began reading law.

Upon his admission to the bar he engaged in private practice for a few years, following which he was elected Surrogate of Ulster county. Upon the election of Grover Cleveland to the presidency, Parker was offered the post of First Assistant Postmaster General, which he declined.

He was appointed to fill a vacancy on the State Supreme Court bench in 1885, and in 1897 was elected Chief Judge of the Court of Appeals. Since the campaign of 1904 he has been engaged in the practice of law in New York as senior member of the firm of Parker, Hatch and Sheehan. He has served as president of the American Bar Association and later as president of the New York County Lawyers' Association.

Judge Parker was a man of impressive stature and handsome appearance, with a suggestion of power, courage and good nature. He was six feet tall, weighed 200 pounds, and had the proportions of an athlete. His head was large and his face that of a country-bred gentleman—strong, fresh-colored and unwrinkled. His hair was reddish-brown.

His character, as described by those associated with him for many years, was sober, sincere, unselfish and loyal. He was charitable in his judgment of others, never boasted, and always entertained a hearty scorn for display.

Mr. Parker married Miss Mary Louise Schoonmaker in 1873. Two children were born to them—a

son, who died in his seventh year, and a daughter, Bertha, who married the Rev. Charles Mercer Hall. The family home is situated on the bank of the Hudson River, at Esopus.

Japan to Exhibit Tower of Pearls at Philadelphia

(By Associated Press)
TOKYO, May 10.—A miniature tower of pearls, both cultured and natural, will form part of Japan's exhibit at the Philadelphia Sesquiennial Exposition. It will have a value of approximately \$350,000.

The exhibit is constructed in the shape of a pagoda, is slightly over three feet high and contains 201,230 cultured and 29,270 natural pearls of varying sizes. The display has received the approval of the empress.

CONVICT HANGS SELF IN CELL

(By Associated Press)
SALEM, Ore., May 10.—Executing two pals, sentenced to hang with him for killing two prison guards in a jail break, Tom Murray, bank robber, wrote a note asserting that he and a dead convict were the murderers. Murray hanged himself with a bed sheet in the Oregon state penitentiary here Sunday night.

He was sentenced to hang January 8, this year, but execution was postponed on an appeal to the state supreme court.

HOUSE TO THANK ARTIC POLE FLYER

(By Associated Press)
WASHINGTON, May 10.—The capital was quick to react today to the news of Lieutenant Commander Byrd's flight over the North Pole yesterday.

The House today was asked to have Speaker Nicholas Longworth convey of radio to the flyer, its appreciation of his feat. The naval committee of the House took separate action along the same lines.

The flight started from Spitzbergen and required a little more than fifteen hours.

A new salad may be made by turning the ice box upside down and shaking until contents are well mixed.

The crown prince of Sweden base planning a visit to America.

Heavy Rain Adds to Loss of Hail Storm Victims

(By Associated Press)
BROWNWOOD, May 10.—Three children were drowned ten miles South of Brownwood Sunday night when an automobile in which they were riding skidded into a deep gulch and turned over in a torrent of water caused from a heavy downpour of rain.

The dead are: Lucille Rushing, age 15 years; her two younger brothers, Olin, age 12 years; and Theodore, age 8.

They are the children of O. Rushing, residing 12 miles South of Brownwood.

Eugene Rushing, age 25 years, driver of the car, escaped injury.

POLICE WATCH AS STRIKERS MAKE THREATS

(By Associated Press)
LONDON, May 10.—The official government communique, issued tonight, says the country is quiet with few disturbances, but that where these occurred, they threatened to become sharper.

The police are in full control of the situation, it was announced.

LONDON, May 10.—Great Britain today entered on the second week of the general strike, with peace apparently as far off as ever and with the government making increased use of military forces to assure food supplies.

The outstanding development over the week-end was the successful conveying of food in trucks by the cavalry and armored cars from Victoria dock to the distributing center in Hyde Park.

The strikers' newspaper denounced this use of the troops as ridiculous and unnecessary and said it was done to create a belief that the strike has reached violent revolutionary aims.

The government spokesman, in his noon statement, said that in general, the state of the country was quiet after the week-end. The most serious trouble thus far reported during the strike, from the standpoint of casualties, however, occurred in the Camberden town section of London Sunday night when 40 persons were sent to hospitals after an attack on a bus manned by volunteers.

MRS. BOZZELL WINNER OF \$100 REFRIGERATOR

Mrs. A. E. Bozzell, of Ballinger, was the winner of the White Mountain refrigerator valued at \$100, given away by Van Pelt, Kirk & Mack, hardware dealers, here Saturday afternoon.

Several hundred people gathered in the store and out in front of the store awaiting the answer to the number of pieces in the refrigerator. It was announced by Scott H. Mack, one of the owners of the store, that 804 guesses were sent in.

Five people guessed the winning number, 913, and the judges decided to shake the names of the five who guessed the number and Mrs. Bozzell was the winner. The other four who guessed 913 were Mrs. Chester Cherry, Miss Pauline Kellar, Miss Mida Layton and W. R. Kelsey.

The judges were C. W. Lehmburg, J. W. Bigby and F. L. Harper.

C. E. Pearce, of Dallas, spent the week-end in Ballinger with friends.

DALLAS, May 10.—Damage that may reach two million dollars, resulting from hail of an unbelievable size, here late Saturday afternoon, was increased today, when a heavy rain storm soaked the merchandise through the windows and skylights that were broken Saturday by the hail.

The additional damage is expected to run at least as much as \$50,000.

DENISON, May 10.—Considerable damage was caused here today when a hail storm swept the city, breaking glass, pounding fruit trees and damaging electric light and telephone facilities.

The storm lasted only a few minutes, but stones as large as hen eggs fell with terrific force in various sections of the city.

Two "drunks" were arrested Saturday night by the city police and placed in the county jail. They were released after pleading guilty, sobering up, and paying their fines.

A negro man was arrested over the week-end by the city police and placed in the county jail for whipping his wife. He was released Sunday afternoon.

WHEELER—The Wheeler county court house has been equipped throughout with new electrical fixtures of the latest type.

DOOLITTLE AFTER ALTITUDE RECORD

(By Associated Press)
DAYTON, O., May 10.—The McCook Field personnel has set its heart on having "the top of the world" reached by a plane which sets out from its groundward.

The resignation of Lt. Macready will not stop the effort to set a new world's altitude record to exceed that of Lt. Galligo, French flyer, at 39,586 feet. Fifteen attempts were made by Macready to surpass this record but he fell short each time, sometimes by only a few hundred feet.

Succeeding Macready as chief test pilot will be Lt. James Doolittle, and it is understood that he will become the altitude flyer.

Officials at the field consider asking the French government for information on its test instruments so that competition between French and American aviators will be on the same basis. This has been urged by Orville Wright, co-inventor of the airplane, who pointed out that unless the instruments are identical, there can be no assurance that an altimeter with a lower reading might not have been carried to a greater height.

Officers at the field declare Doolittle is the best fitted to succeed Macready. He first attracted national attention when he made the first Atlantic-Pacific airplane flight with but one stop at Kelly Field, Texas.

In 1925, Doolittle won the Jacques Schneider trophy in competition with naval flyers in an event which theretofore had been an exclusively navy event.

Lt. E. H. Barksdale, hero of several narrow aviation escapes, will be assistant chief test pilot.

World's Narrowest Hotel for Mississippi Gulf Coast

EDGEWATER GULF HOTEL

CHICAGO—Backed by Chicago capital, the narrowest hotel in the world, 300 feet long and forty feet wide, will be built at a cost of \$2,500,000 on the Mississippi gulf coast between Biloxi and Gulfport, according to announcement here by President C. H. Markham of the Illinois Central Railroad.

Benjamin H. Marshall, formerly of Marshall & Fox, who designed the Drake, Blackstone and Edgewater Beach hotels in Chicago, will be the architect and one of the owners of the hotel which will open Jan. 1, 1927. It will be of concrete, eight stories, with 400 rooms, every room overlooking the gulf.

Citizens of Biloxi, Gulfport and

Pass Christian gave free to the hotel company 100 acres valued at \$250,000. On this tract will be constructed a golf course, glass-enclosed swimming pool and a club house for yachting, boating, and fishing.

Development of the twenty-six miles of picturesque coast between Biloxi and Pass Christian has been quickened by the absorption by the Illinois Central railroad of the sixty mile line of the Gulf & Ship Island road from Jackson to Gulfport. Trains between Chicago and the gulf will run on a twenty-three hour schedule. President Markham said. He gave it as his opinion that this coast in a short time would become one of the

BENJAMIN H. MARSHALL

most popular winter resorts in the country, drawing its patronage chiefly from Chicago and the Middle West.

Order of Eastern Star

U. S. FARM EXPERTS TO AID CHINESE HUNGRY

(By Associated Press)

ITHACA, N. Y., May 10.—American agricultural experts are helping their Chinese colleagues solve the problem of famine prevention in the hunger-ridden republic of the Orient.

Plant breeding authorities of the New York State College of Agriculture at Cornell University are co-operating with the Nanking University College of Agriculture and Forestry in a concerted effort to produce better varieties of crops in China in the hope that the menace of famine may be greatly lessened if not ultimately removed.

The instruction and investigation work was begun at Nanking less than a year ago by Prof. H. H. Love and is now being continued by Prof. C. H. Myers.

Prof. Love declares that if American methods of plant breeding and improvement are able to increase the yield of some of the staple Chinese crops by ten per

cent in five years a real step toward famine prevention will have been taken, since the improved strains will have then been distributed to Chinese farmers.

"The Chinese are eager to learn and they take kindly to our instruction," said Professor Love. "The task of teaching China to raise more food is largely one of showing her how to develop better seed. For centuries she has been using most of her available agricultural land, but she has given very little attention either to improving her seed or to weeding out the poor material."

"We are devoting our attention to crops that will yield maximum results with the methods already in use, and are sowing Chinese varieties of wheat, barley, corn,

rice and soy beans."

Three Things to Be Sure of In Building a Home

1. The Plan. Better safe than sorry. Be sure your plan is perfect in every detail before you build. Inconvenient and unsatisfactory arrangements, too little closet space, too few built-ins, etc., can prove a constant source of regret. They can be remedied only at considerable expense. We may be able to help you in planning your home.

2. Materials. Trying to save on first cost by using cheap, inferior materials, always proves costly in the end. It is the most unwise of all courses to take. Buy materials that will last.

3. Construction. A good contractor and skilled workmen offer the best insurance against being a victim of "the high cost of cheap construction." Improper construction is apt to result in constant expense, worry and dissatisfaction. We can put you in touch with reliable workmen.

When you build, build to last. Be sure of these three things. Bring your building problems to us. Let us tell you about our roof that lasts for fifty years.

Teach Girls to Cook, Says Expert; Ignorance of Food Ruins Health

CHICAGO—Teaching girls how to cook and the value of good nutrition is just as important as teaching them the "three R's," according to Miss Meta H. Given, home economist of the Better Health Bureau and a research worker at the University of Chicago.

"Improper diet has ruined the health and lives of thousands of children," said Miss Given. "The blame lies with parents. Every child ought to be taught that a well-balanced diet is absolutely essential to health and happiness."

"Mothers should begin early to teach the young idea how to shoot as far as cooking and nutrition are concerned. Then, when the time comes, her girl will have an honest two of the big qualifications for the job of wife."

"It is the business of mothers to

teach their girls why they should eat fresh fruits and vegetables or why they have a quart of milk included in their daily menu. If children were told that they acquired calcium and phosphorus for the building of teeth and bone by drinking milk it would be much easier to get them to drink the proper amount. Or, similarly, if it were explained to the child who is given evaporated milk, which is merely fresh cow's milk with part of the water removed, that the slight caramel taste of the evaporated milk means that it is sterile and consequently germ-free, it would be cultivating an appreciation of foods."

"Helping mother in the kitchen could be made a joy to little girls if mothers took the trouble to explain the mysteries of cooking and the fundamentals of nutrition to them."

Movies

Griffith's Love Making in Film Hailed as Acme of Art

Raymond Griffith's love making to two girls at the same time—one of the high interest points of his newest starring comedy, "Hands Up!"—constitutes the best acted scene in the memory of Clarence G. Badger, who directed the picture.

"I have seen all the great stars of the stage and screen, but for finished artistry in pantomime I have never seen anything that equals Griffith's work in this scene," said Badger. "The fact that it is a comedy scene does not rob it of its undeniable power."

"The scene is long, yet never for a moment does the interest of the spectator lag and never once is a subtitle explanation necessary."

"Hands Up!" is showing today and Tuesday at the Queen Theatre.

The girls who appear in this scene with the high hat comedian are Marion Nixon and Virginia Lee Corbin. In addition to these beautiful young women the brilliant cast includes Montagu Love and Maek Swain.

Monty Breece and Lloyd Corrigan wrote the screen play from the original story by Reginald Morris.

Italian Aviators to get Prizes for New Records
(By Associated Press)

ROME, May 9.—Italian aviators who succeed in breaking records in the future will earn not only honor but comfortable

money prizes. The Ministry of Aeronautics, in conjunction with the Aero Club of Italy, has established fifty-three prizes for record-breaking flights to be divided between pilots and airplane manufacturers. Twelve prizes for Italian records total 60,000 lire. Forty-one prizes for world's records total 372,000 lire.

MEET OF ROYAL NEIGHBORS HERE

Plans have been completed for the district meeting of the Royal Neighbors of America to be held in Ballinger on May 14 and 15, Friday and Saturday of this week, the committee in charge of the program has announced.

Mrs. Mary C. Hally, of Fort Worth, State Supervising Deputy, and Mrs. Annie Stubblefield, of Coleman, District Deputy, will arrive in Ballinger Thursday at noon and make plans for the opening program to be held Friday morning in the lodge rooms.

More than 100 delegates from Coleman, Winters, Brownwood, Burkett, San Saba, San Angelo and Goldthwaite, are expected to

attend this meeting. The opening will be held at 10:00 o'clock Friday morning with the introduction of the speakers by Mrs. McKay.

J. D. Motley, secretary of the Ballinger Chamber of Commerce, will deliver the welcoming address, while Mrs. Mattie Middleton of the Ballinger camp will respond.

Other addresses on the first day of the meeting will be given by Mrs. Hally and Mrs. Stubblefield. The complete program is as follows:

Friday Morning

10:00 o'clock, Introduction of speakers, Mrs. McKay

Welcome address, J. D. Motley
Response, Mrs. Mattie Middleton, Oracle of the Ballinger camp
Address, Mrs. Mary E. Halley, Fort Worth

Address, Mrs. Annie Stubblefield, Coleman

11:00 o'clock, Question Box

12:00 o'clock, noon, picnic dinner on court house lawn.

Friday Afternoon

1:30 o'clock, School of Instruction, Mrs. Hally, State Supervising Deputy

3:30 o'clock, degree work, exemplified by the Brownwood officers

4:00 o'clock, contest on floor work, Brownwood and Ballinger officers

6:00 o'clock, dinner served in Camp room

Friday Evening

7:30 o'clock, drill by Brownwood team on street in front of L. O. O. F. Hall. Music by Ballinger Band.

8:30 o'clock, Awarding of pins by District Deputy, Mrs. Stubblefield

9:30 o'clock, Initiation of candidates by Ballinger team

10:30 o'clock, Refreshments, adjourn.

Saturday Morning

(Saturday, Juvenile Day)

10:00 o'clock, House called to order by Mrs. Hally

Ritualistic work exemplified by local Juveniles

12:00 o'clock, lunch

1:00 o'clock, House called to order by Mrs. Stubblefield

Short talks by Royal Neighbor delegates

1:30 to 3:00 o'clock, Plays, yells, readings and songs, local Juveniles.

DEATHS

Miss Annie White

Funeral services for Miss Annie White, formerly a teacher in the Junior high school here, were held Sunday afternoon in San Angelo.

Miss White had been in ill health for the past two or three months and had entered a San Angelo sanitarium.

Mrs. R. P. Kirk, Mr. and Mrs. W. T. Hill, W. A. Cain, Mr. and Mrs. Oliver and several others from Ballinger attended the services.

Troy Boyer

Troy Lee Boyer, age 11 years, the son of Mr. and Mrs. Sam Boyer, South Ballinger, died Saturday morning at 3:30 o'clock, following a short illness.

Funeral services were held Sunday afternoon at the Old Runnels cemetery with Rev. M. C. Golden in charge of the services. King-Holt undertakers directed the burial.

STAR PARASITE REMOVER

Given to them in their drinking water or feed will rid them of all blood sucking lice, ticks, flies, blue bugs, chow bugs, and all parasitic worms and parasites. It is also a wonderful poultry tonic, blood purifier, health builder, and eye preservative. It contains no sulphur, compounded scientifically with other health building ingredients. Keeps chickens free from lice. "Prevention is cheaper than cure." Keep your flock free of insects and parasitic worms and their eggs, in good condition through the winter and you will get good hatchings and healthy birds in the spring. A little of this cheap, but sure and long lasting remedy, will do the trick. Money back if not satisfied.

CAR SKIDS INTO DITCH; THREE DROWN

Heavy Rain Adds to Loss of Hail Storm Victims

(By Associated Press)

BROWNWOOD, May 10.—Three children were drowned ten miles South of Brownwood Sunday night when an automobile in which they were riding skidded into a deep gulch and turned over in a torrent of water caused from a heavy downpour of rain.

The dead are:

Lucille Rushing, age 15 years; her two younger brothers, Olin, age 12 years; and Theodore, age 8.

They are the children of O. Rushing, residing 12 miles South of Brownwood.

Eugene Rushing, age 25 years, driver of the car, escaped injury.

DALLAS, May 10.—Damage that may reach two million dollars, resulting from hail of an unbelievable size, here late Saturday afternoon, was increased today, when a heavy rain storm soaked the merchandise through the windows and skylights that were broken Saturday by the hail. The additional damage is expected to run at least as much as \$50,000.

DENISON, May 10.—Considerable damage was caused here today when a hail storm swept the city, breaking glass, pounding fruit trees and damaging electric light and telephone facilities. The storm lasted only a few minutes, but stoned as large as hen eggs fell with terrific force in various sections of the city.

Two "drunks" were arrested Saturday night by the city police and placed in the county jail. They were released after pleading guilty, sobering up, and paying their fines.

A negro man was arrested over the week-end by the city police and placed in the county jail for whipping his wife. He was released Sunday afternoon.

WHEELER.—The Wheeler county court house has been equipped throughout with new electrical fixtures of the latest type.

POLICE WATCH AS STRIKERS MAKE THREATS

(By Associated Press)

LONDON, May 10.—The official government communique, issued tonight, says the country is quiet with few disturbances, but that where these occurred, they threatened to become sharper. The police are in full control of the situation, it was announced.

LONDON, May 10.—Great Britain today entered on the second week of the general strike, with peace apparently as far off as ever and with the government making increased use of military forces to assure food supplies.

The outstanding development over the week-end was the successful conveying of food in trucks by the cavalry and armored cars from Victoria dock to the distributing center in Hyde Park. The strikers' newspaper denounced this use of the troops as ridiculous and unnecessary and said it was done to create a belief that the strike has reached violent revolutionary aims.

The government spokesman, in his noon statement, said that in general, the state of the country was quiet after the week-end. The most serious trouble thus far reported during the strike, from the standpoint of casualties, however, occurred in the Camberd town section of London Sunday night when 40 persons were sent to hospitals after an attack on a bus manned by volunteers.

MRS. BOZZELL WINNER OF \$100 REFRIGERATOR

Mrs. A. E. Bozzell, of Ballinger, was the winner of the White Mountain refrigerator valued at \$100, given away by Van Pelt, Kirk & Mack, hardware dealers, here Saturday afternoon.

Several hundred people gathered in the store and out in front of the store awaiting the answer to the number of pieces in the refrigerator. It was announced by Scott H. Mack, one of the owners of the store, that 804 guesses were sent in.

Five people guessed the winning number, 913, and the judges decided to shake the names of the five who guessed the number and Mrs. Bozzell was the winner. The other four who guessed 913 were Mrs. Chester Cherry, Miss Pauline Kellar, Miss Mida Layton and W. R. Kelsey.

The judges were C. W. Lehmburg, J. W. Bigby and F. L. Harper.

C. E. Pearce, of Dallas, spent the week-end in Ballinger with friends.

Parker, 1904 Candidate for President Dies in His Auto

(By Associated Press)

NEW YORK, May 10.—Alton B. Parker, former chief justice of the Court of Appeals of New York, and candidate for president of the state were now being canvassed by his organization as a preliminary step in forming a state association.

Alton Brooks Parker was born at Cortland, N. Y., May 14, 1852, the son of John Brooks and Harriet F. (Stratton) Parker. His education was obtained in the Cortland Academy, the State Normal School at Cortland, and the Albany Law School, from which he was graduated in 1872 with the degree of LL. B.

His decision to study law was made quite by accident. While earning a meager salary as a country school teacher, a profession to which he had aspired while laboring on a farm, young Parker attended court one day to hear a case in which his father was a juror. A lawyer of the silver-tongued variety, summing up for the defence, made a plea that so impressed the eager listener by its eloquence that he determined upon a legal career from that moment, and immediately began reading law.

Upon his admission to the bar he engaged in private practice for a few years, following which he was elected Surrogate of Ulster county. Upon the election of Grover Cleveland to the presidency, Parker was offered the post of First Assistant Postmaster General, which he declined.

He was appointed to fill a vacancy on the State Supreme Court bench in 1885, and in 1897 was elected Chief Justice of the Court of Appeals. Since the campaign of 1904 he has been engaged in the practice of law in New York as senior member of the firm of Parker, Hatch and Sheehan. He has served as president of the American Bar Association and later as president of the New York County Lawyers' Association.

Judge Parker was a man of impressive stature and handsome appearance, with a suggestion of power, courage and good nature. He was six feet tall, weighed 200 pounds, and had the proportions of an athlete. His head was large and his face that of a country-bred gentleman—strong, fresh-colored and unwrinkled. His hair was reddish-brown.

His character, as described by those associated with him for many years, was sober, sincere, unselfish and loyal. He was charitable in his judgment of others, never boasted, and always entertained a hearty scorn for display.

Mr. Parker married Miss Mary Louise Schoonmaker in 1873. Two children were born to them—a

BIG LIQUOR DEAL WILL BE AIRED IN U.S. COURT

(By Associated Press)
NEW YORK, May 10.—A conspiracy, involving many million dollars worth of liquor, was revealed here today, when the United States district attorney, Emory Buckner, opened a sealed indictment returned last week.

The alleged conspiracy centers in and around Port Chester, New York, near the Connecticut line.

HEARNE REGRETS TO LOSE MR. AND MRS. H. C. LYON

The regret in Hearne is general, at the early removal of Prof. and Mrs. H. C. Lyon, who go to Ballinger, Texas, where Mr. Lyon has been chosen superintendent of schools.

While this comes in the nature of a promotion—as Mr. Lyon will have the direction of about thirty teachers, the loss to the Hearne schools will be very great. The very capable and worthy gentleman, Mr. E. T. Robbins, who has been chosen to succeed Mr. Lyon, will have a very difficult task in maintaining the schools of this fifty mile district to the very high standard of efficiency set by Mr. Lyon, but his friends are predicting that he will make good in that place.

Mr. and Mrs. Lyon have been prominently identified with church work, Mrs. Lyon having been a consistent member of the Methodist church and having directed the Junior Missionary Society and the primary department in the Sunday school, while Mr. Lyon has been one of the most active and useful laymen of the Baptist church and having contributed much by his addresses from time to time to the fine church spirit of this congregation.

Mrs. Lyon is a member of the Music Lovers Club, while Mr. Lyon is a member of the Rotary Club and of other clubs and organizations here.

This editor personally regrets their loss very much, but commends them to the good citizenship of their new place of residence.—Hearne Democrat.

EXPRESSION CLASS ENJOYS MORNING PICNIC

The expression class of Mrs. Ernest Moody enjoyed a picnic at the upper dam Saturday morning. The class was chaperoned by Mrs. Moody, Mrs. DeWitt; Misses Jessie Lee Golden and Andrie Lee Smith. Twenty-three pupils were present. The "kiddies" enjoyed a wade in the creek. Before lunch the pupils gave readings and played games, which were enjoyed by all.

Mr. and Mrs. Carl Jeanes, of Coleman, spent Sunday in Ballinger visiting relatives.

Miss Elizabeth Brady, of Brownwood, spent the week-end with Mrs. Sim Cottle.

BILL THE BARBER SAYS

IF YOU CELEBRATE YOUR WEDDING WITH A QUART OF WOOD ALCOHOL YOU'D BETTER ORDER A WOODEN OVERCOAT.

TEXAS OIL MEN TO FIGHT FOR LIFE

(By Associated Press)

DALLAS, May 10.—A state-wide fight by the independent oil dealers against what they claim is an attempt to exterminate them, was started here today by Dallas county retailers.

The independents declare this action is a result of the return of the Standard Oil Company to the state, they being virtually crushed by a weapon in the form of an innocent appearing document called a lease contract. According to the independents, the major companies are attempting to take over the non-trust oil stations and make the independent agents their dealers.

H. O. Dooley, chairman of the Independent Oil Dealers Association of Dallas county, announced today that the independents throughout the state were now being canvassed by his organization as a preliminary step in forming a state association.

PASTORS GIVE PUBLIC SURPRISE

The Pastors Association of Ballinger pulled a novel stunt on the church-goers of the city, Sunday, when they exchanged pulpits for the evening services.

The five members of the association in a recent meeting decided to give their respective congregations a treat and the date was set for Sunday evening, May 10.

No one, other than the pastors knew where they were to preach at the evening services and when the time came for the opening of the evening's worship, the congregations of the various churches found a new pastor in the pulpit.

The pastors preached in the following churches:

Rev. S. L. Culwell, First Methodist pastor, preached at the 8th Street Presbyterian Church;

Rev. Alvin Swindel, First Baptist pastor, preached at the First Methodist Church;

Rev. Ius Q. McCorkle, First Christian pastor, preached at the First Presbyterian Church;

Rev. Alvin O. Rue, 8th Street Presbyterian pastor, preached at the First Christian Church;

And Rev. E. W. McLaurin, First Presbyterian pastor, preached at the First Baptist Church.

This was the first time the pastors of the Ballinger churches have pulled such a stunt on the church-goers, but it is expected that it will be repeated once each year.

Exceptionally large crowds were present at every church.

Mr. and Mrs. Harry Lynn are moving back into their home on Seventh Street today after the home has been completely remodeled. Mr. and Mrs. C. J. Lynn are moving into the new home also while their house will be remodeled.

Mr. and Mrs. A. B. Lankford, of Abilene, visited in Ballinger Sunday. Mr. Lankford returned to his home Sunday evening but Mrs. Lankford will remain here for a longer visit.

DOOLITTLE AFTER ALTITUDE RECORD

(By Associated Press)
DAYTON, O., May 10.—The McCook Field personnel has set its heart on having "the top of the world" reached by a plane which sets out from its greenward.

The resignation of Lt. Maeready will not stop the effort to set a new world's altitude record to exceed that of Lt. Callizo, French flyer, at 39,586 feet. Fifteen attempts were made by Maeready to surpass this record but he fell short each time, sometimes by only a few hundred feet.

Succeeding Maeready as chief test pilot will be Lt. James Doolittle, and it is understood that he will become the altitude flyer.

Officials at the field consider asking the French government for information on its test instruments so that competition between French and American aviators will be on the same basis. This has been urged by Orville Wright, co-inventor of the airplane, who pointed out that unless the instruments are identical, there can be no assurance that an altimeter with a lower reading might not have been carried to a greater height.

Officers at the field declare Doolittle is the best fitted to succeed Maeready. He first attracted national attention when he made the first Atlantic-Pacific airplane flight with but one stop at Kelly Field, Texas.

In 1925, Doolittle won the Jacques Schneider trophy in competition with naval flyers in an event which therefore had been an exclusively navy event.

Lt. E. H. Barksdale, hero of several narrow aviation escapes, will be assistant chief test pilot.

A bride's beauty is greatly enhanced by choosing ugly bridesmaids.

World's Narrowest Hotel for Mississippi Gulf Coast

EDGEWATER GULF HOTEL

CHICAGO—Backed by Chicago capital, the narrowest hotel in the world, 400 feet long and forty feet wide, will be built at a cost of \$2,500,000 on the Mississippi gulf coast between Biloxi and Gulfport, according to announcement here by President C. H. Markham of the Illinois Central Railroad.

Benjamin H. Marshall, formerly of Marshall & Fox, who designed the Drake, Blackstone and Edgewater Beach hotels in Chicago, will be the architect and one of the owners of the hotel which will open Jan. 1, 1927. It will be of concrete, eight stories, with 400 rooms, every room overlooking the gulf.

Pass Christian gave free to the hotel company 100 acres valued at \$250,000. On this tract will be constructed a golf course, glass-enclosed swimming pool and a club house for yachting, boating, and fishing.

Development of the twenty-six miles of picturesque coast between Biloxi and Pass Christian has been quickened by the absorption by the Illinois Central railroad of the sixty mile line of the Gulf & Ship Island road from Jackson to Gulfport. Trains between Chicago and the gulf will run on a twenty-three hour schedule, President Markham said. He gave it as his opinion that this coast in a short time would become one of the

BENJAMIN H. MARSHALL

most popular winter resorts of the country, drawing its patronage chiefly from Chicago and the Middle West.

Order of Eastern Star

Regular meeting Monday night at 8:00 o'clock.

Will hold initiation ceremonies and election of officers.

All members urged to be present.

U. S. FARM EXPERTS TO AID CHINESE HUNGRY

(By Associated Press)
ITHACA, N. Y., May 10.—American agricultural experts are helping their Chinese colleagues solve the problem of famine prevention in the hunger-ridden republic of the Orient.

Plant breeding authorities of the New York State College of Agriculture at Cornell University are co-operating with the Nanking University College of Agriculture and Forestry in a concerted effort to produce better varieties of crops in China in the hope that the menace of famine may be greatly lessened if not ultimately removed.

The instruction and investigation work was begun at Nanking less than a year ago by Prof. H. H. Love and is now being continued by Prof. C. H. Myers. Prof. Love declares that if American methods of plant breeding and improvement are able to increase the yield of some of the staple Chinese crops by ten per

cent in five years a real step toward famine prevention will have been taken, since the improved strains will have then been distributed to Chinese farmers.

"The Chinese are eager to learn and they take kindly to our instruction," said Professor Love. "The task of teaching China to raise more food is largely one of showing her how to develop better seed. For centuries she has been using most of her available agricultural land, but she has given very little attention either to improving her seed or to weeding out the poor material."

"We are devoting our attention to crops that will yield maximum results with the methods already in use, and are sowing Chinese varieties of wheat, barley, corn,

rice and soy beans."

These are the days every question mark in a boy's lesson looks more like a fish hook to him.

Women may drive cars with oversize tires, but they never will wear oversize shoes themselves.

Three Things to Be Sure of In Building a Home

1. The Plan. Better safe than sorry. Be sure your plan is perfect in every detail before you build. Inconvenient and unsatisfactory arrangements, too little closet space, too few built-ins, etc., can prove a constant source of regret. They can be remedied only at considerable expense. We may be able to help you in planning your home.

2. Materials. Trying to save on first cost by using cheap, inferior materials, always proves costly in the end. It is the most unwise of all courses to take. Buy materials that will last.

3. Construction. A good contractor and skilled workmen offer the best insurance against being a victim of "the high cost of cheap construction." Improper construction is sure to result in constant expense, worry and dissatisfaction. We can put you in touch with reliable workmen.

When you build, build to last. Be sure of these three things. Bring your building problems to us. Let us tell you about our roof that lasts for fifty years.

Teach Girls to Cook, Says Expert; Ignorance of Food Ruins Health

CHICAGO—Teaching girls how to cook and the value of good nutrition is just as important as teaching them the "three R's," according to Miss Meta H. Given, home economist of the Better Health Bureau and a research worker at the University of Chicago.

"Improper diet has ruined the health and lives of thousands of children," said Miss Given. "The blame lies with parents. Every child ought to be taught that a well-balanced diet is absolutely essential to health and happiness."

"Mothers should begin early to teach the young idea how to 'shoot' as far as cooking and nutrition are concerned. Then, when the time comes, her girl will have an honest two of the big qualifications for the job of wife."

"It is the business of mothers to convince their children the rea-

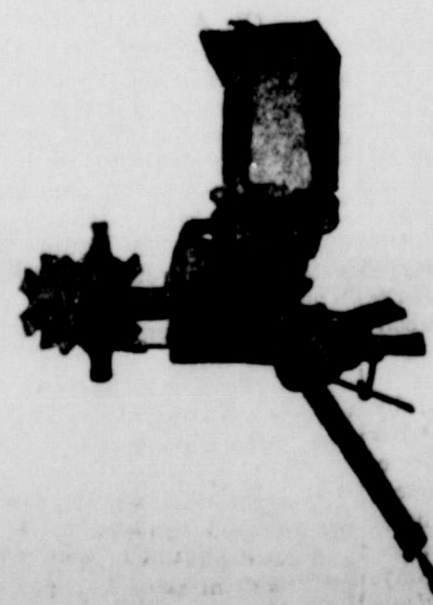

sons why they should eat fresh fruits and vegetables or why they have a quart of milk included in their daily menu. If children were told that they acquired calcium and phosphorus for the building of teeth and bone by drinking milk, it would be much easier to get them to drink the proper amount. Or, similarly, if it were explained to the child who is given evaporated milk, which is merely fresh cow's milk with part of the water removed, that the slight caramel taste of the evaporated milk means that it is sterile and consequently germ-free, it would be cultivating an appreciation of foods."

"Helping mother in the kitchen could be made a joy to little girls if mothers took the trouble to explain the mysteries of cooking and the fundamentals of nutrition to them."

STOP COUGHING!

Waxahachie, Texas.—"I had catarrh in my head for years. Last year I had a very bad cough that lasted for three months and I could not get any relief until I took Dr. Pierce's Golden Medical Discovery and Pleasant Pellets, and used Dr. Sage's Catarrh Remedy. I feel better now than I have felt for years. I can recommend Dr. Pierce's medicines to anybody."—Mrs. R. E. Saukey.

Your neighborhood dealer carries a full line of Dr. Pierce's medicines. Write Dr. Pierce, President Invalids' Hotel, Buffalo, N. Y., for free advice. Send 10c if you desire a trial pkg. of any of Dr. Pierce's remedies.

TROUSERS instead of skirts is the newest feature in the latest negligees. This one, worn by Estelle Clark, Metro-Goldwyn-Mayer player, in her latest production, "The Boy Friend," is fashioned of salmon chiffon and

silver lace. The underlip with the trousers fits the body snugly. From the V neck line silver lace extends, tapering into the inner seam of the trousers. A coat bound with lace, with flowing sleeves and a graceful train, completes the outfit.

for the sum of \$1,500.

WOMAN'S CASE AMAZES BALLINGER

A business man's wife suffered for two years with sore, watery eyes, which pained day and night. Finally she tried camphor, hydrastis, witchhazel, etc., as mixed in Lavoptik eye wash. This helped her AT ONCE. One small bottle Lavoptik usually helps ANY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. J. Y. Pearce Drug Co.

CHIEF SAYS STEALING TAGS IS PETTY THEFT

Chief of Police, B. W. Pilcher, complains of the small boys stealing dog tags from the collars of dogs whose owners have gone to the city hall and paid their dog taxes.

"It will be a case of petty theft if any of these boys are caught stealing the tags," Mr. Pilcher said. "The dogs that have no tags will be put in the pound and I want to warn all dog owners that this will be the last warning."

Mr. Pilcher says that he has had several complaints from dog owners who have paid their taxes and secured a tag but that later it was stolen from the dog's collar.

Movies

Griffith's Love Making in Film Hailed as Acme of Art

Raymond Griffith's love making to two girls at the same time—one of the high interest points of his newest starring comedy, "Hands Up!"—constitutes the best acted scene in the memory of Clarence G. Badger, who directed the picture.

"I have seen all the great stars of the stage and screen, but for finished artistry in pantomime I have never seen anything that equals Griffith's work in this scene," said Badger. "The fact that it is a comedy scene does not rob it of its undeniable power. 'The scene is long, yet never for a moment does the interest of the spectator lag and never once is a subtitle explanation necessary.' 'Hands Up!' is showing to-day and Tuesday at the Queen Theatre.

The girls who appear in this scene with the high hat comedian are Marion Nixon and Virginia Lee Corbin. In addition to these beautiful young women the brilliant cast includes Montagu Love and Maek Swain.

Monty Brice and Lloyd Corrigan wrote the screen play from the original story by Reginald Morris.

Notice

To our friends and customers: We have moved from 7th Street to the corner of 8th and Strong Avenue. We now have a nice line of refrigerators, freezers and coolers. Everything in the new and second-hand line. Give us a call or phone 69.

REZZLE & PARRISH, 7-3rd-11w.

"TIZ" GLADDENS SORE, TIRED FEET

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters and bunions. "Tiz" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings restful foot comfort. "Tiz" is wonderful for tired, aching, swollen, smarting feet. Your feet just tingle for joy; shoes never hurt or seem tight. Get a box of "Tiz" now from any drug or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy.

Italian Aviators to get Prizes for New Records
(By Associated Press)

ROME, May 9.—Italian aviators who succeed in breaking records in the future will earn not only honor but comfortable

money prizes. The Ministry of Aeronautics, in conjunction with the Aero Club of Italy, has established fifty-three prizes for record-breaking flights to be divided between pilots and airplane manufacturers. Twelve prizes for Italian records total 60,000 lire. Forty-one prizes for world's records total 372,000 lire.

You now get 3 packages—120 sheets of Theme Paper for 25c. That's 20 per cent more for your money. Ballinger Printing Co.

MEET OF ROYAL NEIGHBORS HERE

Plans have been completed for the district meeting of the Royal Neighbors of America to be held in Ballinger on May 14 and 15, Friday and Saturday of this week, the committee in charge of the program has announced.

Mrs. Mary C. Hally, of Fort Worth, State Supervising Deputy, and Mrs. Annie Stubblefield, of Coleman, District Deputy, will arrive in Ballinger Thursday at noon and make plans for the opening program to be held Friday morning in the lodge rooms.

More than 100 delegates from Coleman, Winters, Brownwood, Burkett, San Saba, San Angelo and Goldthwaite, are expected to attend this meeting.

The opening will be held at 10:00 o'clock Friday morning with the introduction of the speakers by Mrs. McKay.

J. D. Motley, secretary of the Ballinger Chamber of Commerce, will deliver the welcoming address, while Mrs. Mattie Middleton of the Ballinger camp will respond.

Other addresses on the first day of the meeting will be given by Mrs. Hally and Mrs. Stubblefield. The complete program is as follows:

Friday Morning
10:00 o'clock, Introduction of speakers, Mrs. McKay
Welcome address, J. D. Motley
Response, Mrs. Mattie Middleton, Oracle of the Ballinger camp
Address, Mrs. Mary E. Halley, Fort Worth
Address, Mrs. Annie Stubblefield, Coleman
11:00 o'clock, Question Box
12:00 o'clock, noon, picnic dinner on court house lawn.

Friday Afternoon
1:30 o'clock, School of Instruction, Mrs. Hally, State Supervising Deputy
3:00 o'clock, degree work, exemplified by the Brownwood officers
4:00 o'clock, contest on floor work, Brownwood and Ballinger officers
6:00 o'clock, dinner served in camp room

Friday Evening
7:30 o'clock, drill by Brownwood team on street in front of I. O. O. F. Hall. Music by Ballinger Band.
8:30 o'clock, Awarding of pins by District Deputy, Mrs. Stubblefield
9:30 o'clock, Initiation of candidates by Ballinger team
10:30 o'clock, Refreshments, adjourn.

Saturday Morning
(Saturday, Juvenile Day)
10:00 o'clock, House called to order by Mrs. Hally
Ritualistic work exemplified by local Juveniles
12:00 o'clock, lunch
1:00 o'clock, House called to order by Mrs. Stubblefield
Short talks by Royal Neighbor delegates
1:30 to 3:00 o'clock, Plays, yells, readings and songs, local Juveniles.

DEATHS

Miss Annie White
Funeral services for Miss Annie White, formerly a teacher in the Junior high school here, were held Sunday afternoon in San Angelo.

Miss White had been in ill health for the past two or three months and had entered a San Angelo sanitarium.

Mrs. R. P. Kirk, Mr. and Mrs. W. T. Hill, W. A. Cain, Mr. and Mrs. Oliver and several others from Ballinger attended the services.

Troy Boyer
Troy Lee Boyer, age 11 years, the son of Mr. and Mrs. Sam Boyer, South Ballinger, died Saturday morning at 3:30 o'clock, following a short illness.

Funeral services were held Sunday afternoon at the Old Rummels cemetery with Rev. M. C. Golden in charge of the services. King-Holt undertakers directed the burial.

STAR PARASITE REMOVER
Cures all kinds of skin itching, rashes, eczema, etc. It is also a wonderful positive tonic, blood purifier, health builder, and restorer. It contains no sulphur, compounded scientifically with other health-building ingredients. Keeps your skin free from spots and eruptions and restores in good condition through the pores and skin all the good blood and energy that is in the system. A single bottle will cure all skin troubles. Money back if not satisfied.

STRAIN DRUG CO.
"The Store of Personal Service"

I, R. E. McWilliams, as Sheriff of Rummels County, Texas, did on the 7th day of May, 1926, levy on certain Real Estate, situated in Rummels County, Texas, described as follows, to-wit:

Lot No. 5, in Block No. 6, Murray's Addition to the town of Winters, Rummels County, Texas, as shown by Deed of Trust Records of Rummels County, Texas, to which reference is here made for description of both said note and deed of trust as same appears of record in Volume 21, Page 455, and levied upon as the property of P. G. Tucker, et al, and that on the first Tuesday in June, 1926, the same being the 1st day of said month, at the Court House door, of Rummels County, in the City of Ballinger, Texas, between the hours of 10:00 a. m. and 4:00 p. m., by virtue of said levy and said foreclosure judgment, I will

sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said P. G. Tucker, et al.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Daily Ledger, a newspaper published in Ballinger, Rummels County.

Witness my hand, this 7th day of May, 1926.

R. E. McWILLIAMS, Sheriff, Rummels County, Texas. d-10-17-24
