MOODY, POLLARD AND HATCHER ELECTED

(By Associated Press)
DALLAS, Aug. 30.—Returns tabulated by the Texas Election Bureau up to 2:00 o'clock this afternoon included reports from 248 counties out of 252 counties in the state, 110 of which had made complete reports, and the standing was as follows:

Moody 47,676
Ferguson 250,496
Pollard 343,111
Allred 332,824
Hatcher 388,118
Ball 256,966

Returns from 17 out of 19 counties comprising the Eleventh Civil Appeals District, including nine counties complete, Davenport, 20,714; Hickman, 22,085.

DALLAS, Aug. 30.—The first tabulation of election returns made by the Texas Election Bureau from Saturday's primary showed that Attorney General Moody was still leading Gov. Ferguson by about a two to one vote. The bureau announced that it would make no further report until 2:00 o'clock this afternoon.

Returns from 240 counties, 100 complete, in the first tabulation today showed Ferguson 247,458; Moody 469,585.

Dan Moody is the next governor of Texas. He was nominated for the second time this year on Saturday, August 28th, when he polled a vote that is expected to surpass his vote in the first primary.

First reports showed that Mr. Moody would be elected governor. Mrs. Ferguson trailed the entire route and never was in the lead.

In Runnels county, Mrs. Ferguson carried only seven boxes, as follows: Maverick, Cochran, Tokeen, Rowena, Olfen, Pony and Dale. At Brookshire, Mr. Moody and Mrs. Ferguson each received 15 votes.

Mrs. Ferguson lost about 150 votes from the first primary while Mr. Moody showed a gain of about 450.

The 27 boxes in Runnels county gave the following as the totals in the governor's race: Moody, 2,385; Ferguson 1,532; or a majority of 853 for Moody. The total votes cast in the second primary was 3,917, a decrease of about 400 votes from the first primary.

At 7:00 o'clock both Ballinger boxes reported the totals of their wards and shortly after outlying precincts began coming in. By 9:00 o'clock all boxes were in, and a complete count was available for this county.

Local election managers were very prompt in turning in the reports of the many precincts of the county and they aided much in giving The Ledger and the Texas Election Bureau an accurate count in this primary.

In the attorney general's race, Claude Pollard maintained a lead over the state, but in Runnels and other West Texas counties, James V. Allred led.

Gregory Hatcher was an easy winner over J. R. Ball for state treasurer.

WILL BUILD NEW HOME ON NINTH

Edward Sommers has closed a deal in which he purchases a building site from Marshall Northington on Ninth Street, and will build a new home. The new residence will be located on a lot adjoining the home of Mr. Northington on Ninth, and will be a modern structure, the work to begin at an early date.

100 PERISH IN BOAT COLLISION

(By Associated Press)
LENINGRAD, Aug. 30.—One hundred persons perished when a Russian steamer collided with a German steamer in the canal near here last night. A majority of the victims were Russians.

BALLOT BOX FLASHES

There were about 400 votes less than were polled in the July primary.

It remains to be seen whether the Fergusons have more than nine political lives.

In the first primary Starr county gave Ferguson 842 and Moody 5. In the run-off Moody got the big end and Ferguson 5.

In the first race Moody drew a goose-egg at Olfen, while Ferguson rolled up 79. Moody 4, Ferguson 102 is the way the returns read Saturday night.

Moody polled 30 votes at Rowena on July 24, and Ferguson got 230. The second round shows 39 for Moody and 258 for Ferguson. Rowena and Olfen are the only boxes in the county to show a Ferguson gain over the first race.

Bell county, the home of the governor, gave Moody 5876 and Ferguson 3819.

Williamson county, Moody's home, gave Ferguson 3045 and Moody 5507.

Duvall county remained democratic, rolling up 1205 for "Ma," and 20 for Dan. Dan only received 8 votes in this county in July.

Mrs. Ferguson carried 54 counties in the first primary. Incomplete returns indicate that she lost about half of them in the run-off.

Dogs Replacing Human Affection Taxed Less

(By Associated Press)

BERLIN, Aug. 30.—Recognizing with some limitations that modern mother love is often showered upon poodles instead of babies, the Board of Aldermen has reduced by 75 per cent the tax on those dogs which in the hearts of their keepers supplant the affection that under normal circumstances would be lavished on human beings."

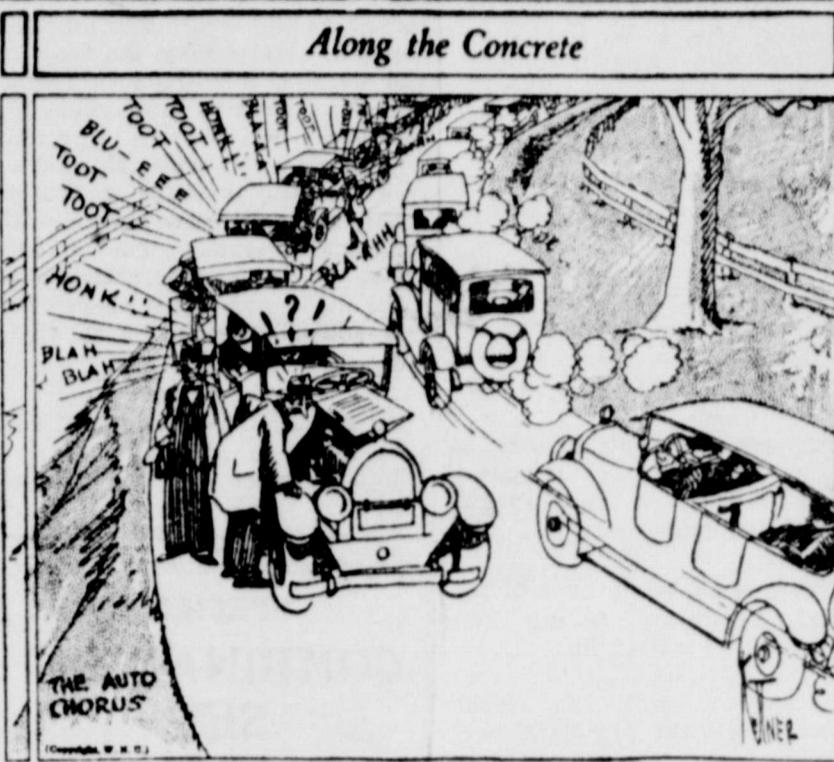

Pups owned by spinsters or by childless couples over 50 years of age are to be taxed \$4 a year. Other, less useful hounds are to be assessed \$15. But, the new ordinance says, one dog is enough for petting purposes. For a second pet the owner must pay the virtually prohibitive tax of \$30 a year, for a third \$45 and each additional \$60.

Mrs. L. Webb, Misses Adda Ward and Katherine Penn were visitors in San Angelo Monday.

GERMAN SWIMS ACROSS CHANNEL

(By Associated Press)
DOVER, Aug. 30.—Otto Vierkoerten, of Germany, today swam the English Channel.

The time the man consumed in swimming, according to the time-keeper, was twelve hours and forty minutes. This is nearly two hours better time than was made by Gertrude Ederle, the American girl, and the first woman to swim the channel.

KILLS WOMAN; CHURCH SERVICE FOR VALENTINO MAN LYNCHED

(By Associated Press)
WAYCROSS, Ga., Aug. 30.—Dave Wright, charged with murder, was taken from the Coffee county jail today and lynched.

Wright was accused of killing Mrs. Sophie Rollins last Saturday, and was being held in jail pending examining trial.

MOTORISTS SPLIT BRIDGES ON TWO ROADS

The Higginbotham ambulance received a call from a point on the Ballinger-Winters highway Sunday afternoon when a motorist missed a bridge and split the railing. The car was wrecked but the occupants of the machine were not seriously injured.

A wreck was also reported on the Ballinger-Coleman highway when a similar accident occurred, the driver of an automobile smashing into the railing. No serious injury was reported from the second wreck.

PUNCH CLOCK SYSTEM FOR NIGHT WATCHMAN

The city has provided a clock, and is establishing a dozen stations, and beginning September 1st the night watchman will be on duty on the new system. His route will be outlined and instead of chasing negro crap shooters and answering calls to run down bootleggers and auto thieves, it will be his duty to make the stations according to schedule.

It is claimed that property owners will book a saving of about \$2,000 per annum on insurance rates, if the system is complied with.

16 ESCAPE FROM KENTUCKY JAIL

(By Associated Press)
WINCHESTER, Ky., Aug. 30.—Sixteen prisoners escaped from the Clark county jail here today after sawing their way through the iron bars of the cell house.

Among the men who gained their freedom was George Bowman under sentence to hang for criminal assault, and who was being held here pending a new trial.

SCHOOLS BEGIN TEACHERS' WEEK

While the pupils will not report for duty until next Monday, September 6th, the teachers, about twenty-five in number, went on the payroll Monday morning. It is institute week, and several hundred teachers from eleven counties comprising the Concho-Colorado Teachers Institute gathered at San Angelo for a week's session.

The Ballinger and Runnels county teachers left Sunday and Monday for San Angelo to attend the institute. Most of the Ballinger teachers, headed by Superintendent H. C. Lyon, went over Monday morning.

Under the law teachers are required to attend an institute, but they are allowed time at the salary fixed in the school where they are to teach during the ensuing term. Heretofore the institute has been held the week before Christmas. The time was changed at the last institute and the teachers called to meet the first week in September.

San Angelo planned to entertain about 400 teachers, an interesting program in addition to the programs arranged by the institute authorities, to be carried out in entertaining the teachers.

The Ballinger schools will begin next Monday. A program for the opening exercises will be carried out Monday night.

Big Exposition to be Held at St. Louis, in Forest Park

(By Associated Press)
ST. LOUIS, Aug. 30.—In picturesque Forest Park, where the 1904 World's Fair was held, a fair to be known as the Greater St. Louis Exposition will be held September 4 to 19. Preparations are under way to entertain a million or more visitors.

"Exposition City," covering 45 acres on the Southern boundary of the park, is nearing completion.

The amusements will be staged in an arena before grandstands seating 35,000. The features will range from elephants to grand opera stars and from rodeo to revue, and a score of concert and jazz bands will furnish almost continuous music.

Secretary of Labor James J. Davis will speak at the exposition on Labor Day, September 6, and Secretary of War Dwight F. Davis will be the principal guest on Military Day. The St. Louis Chamber of Commerce is sponsoring the exposition.

Mr. and Mrs. Joe Knox, of Hempstead; Mr. and Mrs. E. Thomas, of Brownwood; Mr. and Mrs. Allen Nichols, of Walla; and Mrs. F. S. Armstrong, of Brownwood; are here visiting Mr. and Mrs. W. V. Connally.

The ballots have been cast; let's talk about something else.

The people have heard enough about Fergusonism and all otherisms. What they want now is a little more government for their money.

Moodyism seems to be modesty. The young attorney general declined to gloat over his victory, declaring as soon as the returns began to come in that the people had voted for what he advocated, and not for him.

According to the testimony of witnesses, Dr. Ramsey's slayers carried him to his grave, knocked him in the head, pushed him in the grave, and then cut his throat. This happened when the doctor was decoyed out into the night to see a sick man—on a mission of mercy. Yet there are some who are in favor of abolishing capital punishment.

The city commission has adopted some important traffic rules and announces that they will be enforced beginning Wednesday, September 1st. The commission and traffic officers should receive the co-operation of the motoring public in doing every thing that will reduce the hazard, but the most dangerous of all traffic violations is running wide open. Forty and fifty miles per hour is entirely too fast to drive an automobile through the thickly settled residence districts of any city.

C. Black, of Marie, was here Monday en route home from San Angelo, where he had been to take his daughter to the teachers' institute.

Miss Marjorie Stone, of Fort Worth, passed through Ballinger today en route to her home after attending a house party in San Angelo for the past two weeks.

Judge and Mrs. Chas. Gibbs, of Midland, returned to their home Sunday. They had been the guests of Mr. and Mrs. R. L. Harwell. Judge Gibbs is district judge of the Midland district.

Prof. J. B. Pace returned home Sunday from Austin, where he spent the summer vacation in the state university completing his degree work.

PRES. T. S. T. A. VISITOR IN CITY

J. M. Bledsoe, of Commerce, president of the Texas State Teachers Association, was a visitor in Ballinger Saturday and Saturday night while the election returns were coming in he was a visitor to The Ledger office.

Mr. Bledsoe was here visiting his sister, Mrs. I. W. Evans, and left for San Angelo Monday morning to attend the Concho-Colorado Teachers Institute, which holds there for one week.

Mr. Bledsoe is a teacher in the East Texas State Teachers College at Commerce.

In regard to the short apportionment which the State Board of Education has announced for the 1926-27 term, Mr. Bledsoe says he believes this can be remedied all right.

"We are sorter up against it now," Mr. Bledsoe declared, "but I think one of the two legislatures will take care of the shortage."

There is not much hope of the special legislature taking any action in this matter but I believe the legislators at the regular session will find some method to use the \$3,000,000 now in the treasury for the school children. It has been done and I believe the state will do it this time. If we are successful in having the legislature give the money to the schools, the apportionment will be almost as large as it was in 1925-26."

Mr. Bledsoe is on the program at the San Angelo meeting of the teachers, and he went to that city Monday.

BAPTIST REVIVAL CLOSES

The revival meeting which has been in progress two weeks at the Baptist tabernacle came to a close Sunday night in the presence of a large gathering of people. It has touched a great many people both in town and country, and is pronounced a successful meeting from practically every standpoint. The attendance was good at every service, both morning and night.

Evangelist Pond is a serious and forceful preacher of the Gospel, without any frills or comic attractions. Mr. Carroll is a good song leader, this being the second meeting he has sung for in Ballinger. Both preacher and singer are established in the hearts of the people of this community. About forty members were added to the church. One of the most important services ever held here was that of Sunday afternoon, in which forty-five young people signified their willingness to serve in life wherever the Lord might direct.

The ordinance of baptism will be administered on Wednesday night of this week.

Rev. Verner E. Stokes, of Weimar, Texas, visited friends in Miles Saturday and Sunday. Rev. Stokes was formerly pastor of the Baptist church here.

Mrs. E. D. Farmer went to Temple Sunday, where she will receive medical treatment.

Mrs. Alfons Pustka and little son, of Rowena, and Mrs. W. W. Calvert, of Robstown, visited Mrs. C. L. Andrus last Sunday.

Buck Jones visited his brother Elmer Jones and family in Ballinger Sunday.

Mr. and Mrs. Jim Spencer spent Sunday with Mr. and Mrs. Mat Johnson of Best.

Mrs. Dick Jones, of Mereta, was a guest of Mrs. Ben Moore Saturday.

Guest of Mr. and Mrs. B. E. Baugh last Sunday included Mrs. M. J. Baugh and daughter, Mrs. Julia Coaksey, of Linden, Ga., and Mr. and Mrs. Jay McCartney.

Mrs. Lem Valentine and children have returned to their home at Rock Springs, after a visit with Mr. and Mrs. B. F. Moore.

Mrs. Richard Helweg has as her guest her mother, Mrs. Maude Lysinger, of Keene, Texas.

Mr. and Mrs. Gilliam Miller and daughters have returned from San Saba where they spent a few days.

UNDERTAKERS ORDER A CEMETERY TENT

In line with their remodeling program and in keeping with the progressive spirit of the age, Higginbotham Bros. & Co. have placed an order for a cemetery tent, to be used at funerals in inclement weather. The tent is designed for protecting the mourners from the hot sun in summer and cold or wet weather in winter, being constructed so the sides can be let down, or removed as the weather conditions demand. By closing the tent in bad weather it will provide comfort the same as a large room for the family and friends. The tent is of the best material, chemically treated to make it waterproof, and will be equipped with comfortable seats. The undertakers of this firm state that there will be no extra charge for this added convenience in their line.

Mr. and Mrs. Troy Simpson and baby returned Sunday from a week's vacation, visiting at Abilene.

Lloyd Comedy at Queen Today and Tomorrow is Studded with Many Funny Gags

The spirited and uproariously funny experiences of Harold Lloyd as a missionary in the slums of a big city, ending with his thrilling adventures as a distractingly and much-harassed fiance—these are the highlights of the bespectacled comedian's initial Paramount release, "For Heaven's Sake!", which is showing today and tomorrow at the Queen Theatre.

Those who have had an advance peek at the film describe it as a typically hilarious Lloyd comedy, that offers the bespectacled comedian the type of sympathetic characterization in which he appeals so strongly to his legion of admirers. As in all of his vehicles, romance plays its part in the development of the story. Jobyna Ralston, who has played opposite him in many of his previous successes, is again the object of Lloyd's love-making.

Gags have always been an outstanding feature of Lloyd's productions, and "For Heaven's Sake!" is no exception. It may, perhaps, be best to explain for the benefit of those who are unfamiliar with this cinema colloquialism that a gag is "a bit of

Former Ballinger Girl Marries

The following from the Abilene Reporter will be of interest to friends of Miss Elouise Gaines, formerly of this city, who has been making her home with a sister in Abilene for some time. Miss Gaines formerly lived here, attending the Ballinger high school.

"Simplicity marked the early morning marriage service of Miss Ruby Elouise Gaines to Dr. Silas M. Yarborough, at 7:00 o'clock on August 15. The impressive ceremony was read by the Rev. R. C. Pender in the presence of relatives and a number of friends assembled in the home of the bride's sister, Mrs. W. C. Hamilton, 1633 North Nineteenth Street, where with her father, J. C. Gaines, she made her home.

"Vases and baskets of flowers bedecked the living room suite, where the ceremony was said. Preceding the ceremony, Miss Anne Clair Oliver of Stephenville sang "At Dawning," by Cadman, with Miss Auda Clemons playing the accompaniment for the singer, and the Lohengrin Wedding March for the entrance of the bride and groom.

"The bride was most attractively gowned for her wedding in a smart late fall model of chanel red satin back crepe, with harmonizing accessories. She is a charming and accomplished young lady and during the three years she has lived in Abilene has devoted much of her time to the study of art at Simmons University, where she has done some outstanding work.

"Dr. and Mrs. Yarborough left Sunday in their car for a two weeks' motor trip during which time they will visit relatives in Athens, Ala., and also spend a few days at Vanderbilt University, from which Dr. Yarborough was graduated. They will return Sept. 1 to Abilene, where they will make their home. Dr. Yarborough is first assistant physician at the Abilene State Hospital."

Out of the Earth

From out of the earth comes all the farmer's wealth. But the farmer, and not the soil, deserves most of the credit for crops. His brains and productive ability make the finished products possible. Can you picture a green city man trying to farm successfully?

Yet even the farmer is not self-sufficient. He needs good banking advice, backing, and service to complete his efforts. And he knows he can successfully depend on this bank for them.

HAROLD LLOYD

Grouches should be careful to see this picture while they are alone, or they will lose their reputation forever.

Harold Lloyd is king of laughter today for the simple reason that laughter follows his as rainbows follow summer showers.

Add up all this great comedian's past successes, multiply by two and you'll still be short of the net result of "For Heaven's Sake!" the latest comedy gem from the screen's comedy genius.

Dayton Stabilized BALLOONS

Which, without a doubt, represents the most sensational development in pneumatic tire design and construction since DAYTON first built the original and pioneer low air pressure tire five years ago. Sold at Hicks' Stores, Associated Stores, and Allied Dealers means that **YOU BUY THEM AT LOW PRICES.**

added Value

**Dayton
Stabilized
BALLOONS**

One big object of the **HICKS' MILLION DOLLAR Sales Campaign**—aside from saving Texas motorists a fortune in tire prices—is to properly introduce in Texas a balloon tire that is being joyously welcomed and acclaimed all over the country. A New and Revolutionary Balloon Tire. A balloon tire that is distinctly different and decidedly superior to all balloons of ordinary construction. A balloon tire that possesses in great measure every merit common to true balloons—that emphasize the good features that make for balloon tire popularity—and that contains none of the bad features and objections common to ordinary balloons. A **PERFECTED BALLOON TIRE.**

Dayton Stabilized Balloons

You have the word of the Hicks Rubber Company that DAYTON STABILIZED BALLOONS, for small diameter wheels, combine the comfort of balloon design with:

5 Additional Advantages

- Smoothness of Motion
- Strength
- Safety
- Long Mileage
- Ease of Steering

of Stabilized construction. It is scientifically designed to distribute the shocks of the road evenly to all parts of the tire. It is built with an extra wide semi-flat tread that gives complete road contact at deflations as low as 5 per cent. The tread is tempered to unusual toughness by a special Dayton process. The non-skid of quick grip design that does not sing nor cause rumbling.

Made by DAYTON—bearing the Dayton name—means that the STABILIZED BALLOON is the final masterpiece of the makers of the original Low Air Pressure tire. Like the Dayton "Thorobred" Cord, the STABILIZED BALLOON is a THOR-BRED.

Sold only in Texas at **HICKS STORES**, Associated Stores, and Hicks Allied Dealers, these remarkable new balloon tires, at the low prices asked for them, represent one of the great outstanding features of the **HICKS MILLION DOLLAR SALES CAMPAIGN**. By all means don't buy a balloon tire until you have seen and examined a **DAYTON STABILIZED BALLOON**. And, certainly, under no circumstances should you buy any kind of tires until you have seen what **HICKS STORES** have to offer you during the **MILLION DOLLAR SALES CAMPAIGN**.

Hicks policy, always, is to reduce cost to the consumer by **CONCENTRATED BUYING — QUICK TURNOVER — AND LOW SALES EXPENSE**. Come in and see for yourself.
