ASKS REMOVAL OF TRADE BARRIERS

(By Associated Press)
NEW YORK, Oct. 19.—A remarkable plea for the removal of tariff barriers and other restrictions from European trade, was issued here today over the signatures of scores of leading Europeans and half a dozen Americans, headed by the name of J. Pierpont Morgan.

Otherwise there can be no recovery in Europe, the manifesto recited. "Anti-politicians know that in time of peace our neighbors are our customers and their prosperity is the condition of our own well-being," the note continued.

PARIS, Oct. 19.—Free trade is the only means by which Europe can be brought back to normal economic condition, is the opinion of a group of prominent European bankers and industrialists.

At a meeting to be held in London tomorrow these financiers will make known the result of their intensive study of the economic conditions in Europe.

EXCAVATION STARTED ON WALKER-SMITH BUILDING

Henry Greer has been awarded both the excavation and sand and gravel contracts for the new Walker-Smith building on Broadway, East of the Santa Fe passenger station.

Mr. Greer started work of excavating the basement of the building Monday and will be busy during the remainder of the week taking dirt from the lots on which the building is to be erected. He will then start his wagons to work supplying the builders with sand and gravel for the new structure.

C. A. Bratton, of Brownwood, general contractor for the Walker-Smith Co., will be in charge of the construction here. He was in Ballinger a few days ago and started plans for the building but had to return to Plainview where he is at work on a new warehouse and office building for the wholesale grocery firm. He will return to Ballinger within the near future.

George Holman has gone to Dallas, where he will spend the remainder of the week at the State Fair. He will be joined in Dallas by R. J. Wheeler, of San Antonio, formerly of this city.

40,000 VISITED FAIR LAST WEEK

Approximately 40,000 people passed through the gates of the Rannels County Fair park during the five days of fair operation last week, J. D. Motley, secretary of the fair association, declared Tuesday.

"This number, however, includes every one," Mr. Motley said, "it includes paid admissions, season tickets, complimentary tickets, school children who attended on school day, and all."

Saturday was the biggest day of the fair, which was scheduled to end Friday, but on account of inclement weather was continued through Saturday, which proved the best day of all. The grandstand and bleachers were packed beyond their capacity during the last evening's performance, and there were also large crowds in the two exhibit buildings and on the carnival lot.

A meeting of the board of directors of the organization was scheduled for Monday afternoon, but on account of the absence of two or three members it was impossible to hold the session. The meeting will probably be held Tuesday evening.

Be wise and advertise.

CAPTURES BURGLAR

(By Associated Press)
SAN ANTONIO, Oct. 19.—"Barefoot," a notorious house burglar, said by police to be responsible for robbing over 100 homes in San Antonio and nearby towns, was captured today after a gun battle with officers. His right leg was shattered by pistol bullets.

The police identified "Barefoot" by comparing his footprints with those obtained at the scenes of other burglaries. Total loot, believed to have been taken by the man in his series of raids is estimated at \$50,000.

HERE AND THERE

Jack Demsey has written a friend at San Angelo that he will visit that city and join him in a hunt shortly after the season opens on November 16th.

Three marriage licenses were issued and three divorce suits were filed in Brown county last Saturday.

Two school boys rented a Ford car from a service station at Brownwood last Wednesday. That was the last heard from the lads.

Arrangements are being made by the leaders of his church for a parade of 10,000 of his followers on the eve of the Norris murder trial at Fort Worth on November 1st.

Twenty-two persons were fined in the city court at San Angelo Monday morning, a total of \$344.65 being paid into the city treasury. Most of the cases were for gambling.

An Alabama congressman has appealed to Henry Ford to buy 2,000,000 bales of cotton to help out the market, the congressman pointing to the fact that such a move would stimulate Ford buying.

Cotton ginnings in Tom Green county show 1,000 bales less than for the same date last year. Rannels county gins show a big increase.

The State Free Employment Bureau complains that "cotton bootleggers" are operating in West Texas by selling cotton pickers to farmers at \$5 per head. War has been launched against this trafficking in labor.

D. F. Sanderson Jr., was placed on trial at Coleman Monday for killing his father. The boy claims he was acting in defense of his mother when he shot his father a short time ago. Both the state and defense announced ready for trial when the case was called in the district court Monday.

EUGENE DEBBS NEAR DEATH

(By Associated Press)
CHICAGO, Oct. 19.—Eugene V. Debbs sank rapidly this morning and the death of the aged socialist leader is momentarily expected. He is ill at a suburban sanitarium here where he has been confined for some time suffering from a nervous breakdown and a complication of other troubles.

Mr. Debbs is 71 years of age.

Ledger advertising pays.

Declares He Contracted for Space in Ferguson Forum

TEXAS VALLEY IS GARDEN SPOT U.S.

(By Associated Press)
SAN ANTONIO, Oct. 19.—The prediction that the development of South Texas will be almost larger than the mind of man can grasp, was made here today by Otto Kahn, New York banker, who has just returned from a trip to the new deep water port at Corpus Christi and through the Rio Grande Valley.

Kahn said that the "magic valley" of Texas possesses possibilities that will startle the commercial world. Development is in its infancy here, he asserted, and no region in the United States offers more opportunities for the man of small means. It is classed by the industrial men who made a tour of inspection of the district as the undeveloped garden of America.

Bonnetters eject Charleston dancers from London dancehalls if they raise their feet off the floor.

HOLDS FORGER AT CORSICANA

After several months of searching, Sheriff Earl McWilliams has found the man whom it is alleged forged several checks in Winters on the Phillips Petroleum Company, Inc. The suspect is being held in the Corsicana jail, Sheriff McWilliams said Tuesday, after returning to Ballinger at 5:00 o'clock from Corsicana.

Sheriff McWilliams read a story in a newspaper a few days ago concerning a man held in Corsicana on forgery charges, and it was stated that he was held for forging checks similar to those he is alleged to have passed in Winters, Coleman and other towns in this vicinity. The sheriff got in touch with Corsicana officers, and then after a Mr. Bruton and a Mr. Norman of Winters had talked to the officer the three left for Corsicana Sunday to identify the man. He gives his name as George F. Granger.

Granger is to face charges in Corsicana this week, and he will be returned here immediately after his trial there. Sheriff McWilliams says that Granger already has 17 years assessed against him.

"Choc" Davenport is being held in the Tom Green county jail for Sheriff McWilliams on burglary charges, filed against him in connection with a burglary at Miles which occurred recently. Davenport will be returned here for the grand jury to look over next week.

MURRAY JACKSON EN ROUTE HOME

(By Associated Press)
HUNTSVILLE, Oct. 19.—Murray Jackson, pardoned Monday by Governor Ferguson after serving a little more than a year of a five-year sentence in connection with the Ku Klux Klan flogging of R. W. Burleson near Taylor, Texas, in 1923, left the prison today for Houston. He said he was going direct to his home at Taylor where his mother is sick.

Dan Moody, while district attorney, prosecuted Jackson when he was convicted in connection with the flogging case at Taylor, and the trial was one which attracted nation wide attention and brought the young prosecuting attorney into the limelight which recently resulted in his nomination for governor.

It was predicted during the primary campaign that Gov. Ferguson would pardon Jackson, notwithstanding the well-known anti-Klan attitude of the Ferguson.

COTTON CAREAGE BOARD WORKING

(By Associated Press)
WACO, Oct. 19.—Consideration of cotton acreage reduction plans were resumed here today by the state committee appointed to direct the Texas cotton interests in the Southwide movement for a stabilized market.

It is known that those taking the lead in the campaign look upon acreage control as being the most logical plan for fixing a market which will prevent cotton production at less than cost.

WASHINGTON, Oct. 19.—George James, of the Federal Reserve Board, and A. C. Williams of the Federal Farm Loan Board, were added by President Coolidge today to the government cotton committee which is dealing with the situation created by the big slump in cotton prices.

TO PROBE INDIANA POLITICAL FRAUD

(By Associated Press)
CHICAGO, Oct. 19.—An investigation of the political situation in Indiana was decided upon today by the Senate campaign funds committee.

Central China is overrun with thieves who are becoming bolder in stealing from foreigners.

STORM IS MOVING NORTH

(By Associated Press)
WASHINGTON, Oct. 19.—A tropical storm greatly increasing in intensity is moving Northward, at the rate of about 225 miles per day, the weather bureau reports this afternoon.

The hurricane was reported central today in the vicinity of Swan Island.

QUEEN MARIE VISITS TOMB UNKNOWN SOLDIER

(By Associated Press)
WASHINGTON, Oct. 19.—Queen Marie, of Rumania, today visited the tomb of the unknown soldier; the Mount Vernon home, and the tomb of George Washington. Late today the queen will receive her official welcome at the White House and be the guest of President Coolidge.

The growing craze for walnut furniture is slowly denuding England of its picturesque walnut trees.

J. M. Parnell has gone to Dallas, where he will visit his son, Jack Parnell.

BRUCE FISHING; FOWLER DRILLS

Drillers at the Zoch-McCamey-Bruce No. 1, eight miles South of Ballinger are still fishing for a part of a bit that was broken off one week ago Monday night at 1,590 feet, it was announced Tuesday at this well.

Fishing has been in progress for more than a week for the broken bit, but it has not yet been brought to the surface.

At the Red Bank-Fowler No. 1 drilling is continuing at 1,555 feet in hard rock and shale. The salt water flows that were encountered in this hole some time ago have been cased off and the bit is now continuing toward the center of the earth. As yet neither of the tests have reported any gas or oil findings but it is expected that some oil will be found before the 2,000-foot mark.

Work at both locations continues day and night and it will not slow up until something definite is found out in regard to the two wells.

(By Associated Press)
AUSTIN, Oct. 19.—Believing it would put him in the good grades of Governor Ferguson and the State Highway Commission, C. M. Kelly, contractor of San Antonio, today told the House investigating committee he had agreed early in 1925 to pay \$500 for a good roads advertising program in the Ferguson Forum.

Kelly said that he had paid only about \$200 of the \$500 as after several months he was no longer billed for monthly payments.

At the time he contracted to advertise Kelly claims he had a contract in Frio county, and now has a contract in Uvalde county.

TWO RANNELS COUNTY MEN ON FEDERAL JURY

W. A. Francis, of Ballinger, and Julius Henkhaus, of Rowena, are serving as petit jurors in the United States district court at San Angelo this week. They were summoned to appear in San Angelo Monday and both answered the call but returned to their homes Monday afternoon when Judge Meek dismissed court until 10:00 o'clock Tuesday.

Only one case from Rannels county was called Monday, that of C. J. Lynn, trustee, vs. the First National Bank of Winter. Mr. Lynn was given judgment by agreement for \$300 in a civil action.

Charles Branch was here on a visit to home folks Monday, having been granted a day and a half leave of absence from the sanitarium at Carlsbad, and his friends are rejoicing with him over his rapid recovery. Mr. Branch has been under treatment at Carlsbad for four months and during that time he has gained sixteen pounds, and everything indicates that he will come out in perfect health.

Frank Flynt has gone to Dallas where he will attend the State Fair a few days.

The Associated Press is exclusively
responsible for the news for which it
is held liable. It is not responsible
for the contents of advertisements
published in its newspapers.

Nothing can come out of the
investigation now in progress at
Austin. Most of the people al-
ready have a "fixed" opinion.

The best way to boost the price
of cotton is to boost the con-
sumption of cotton. The world
needs more clothes.

The optimism of some people is
remarkable. Harry Haines, re-
publican candidate for governor
of Texas, says his ticket has a
good chance to win.

Judging from the overflow
crowd which fought for seats at
a tent show in Ballinger Monday
night, the week of fair, carnival
and other amusement just closed
did not overdo the thing.

The next call to the polls will

be early in November and every
voter should respond to the call.
The question of choosing public
officers has practically been
settled, but there are several
amendments to be passed on. Post
yourself and then express your-
self on these measures. We will
have something to say about the
proposed amendments before
time comes for voting.

Our state commissioner of agri-
culture was probably making
light of the situation when he
suggested that the farmers let
the cotton remain in the fields,
rot and go to waste, and stop the
gins from operating. He was also
probably joking when he pro-
posed the burn-a-bale movement.
His method smacks of anarchism
and would deprive thousands of
laborers of a means of making a
living. The commissioner should
congratulate himself that he did
not advocate any such method
before the election.

**RED PEPPERS WILL
HEAT AWAY PAINS
OF RHEUMATISM**

Red Pepper Rub takes the
"ouch" from sore, stiff, aching
joints. It cannot hurt you, and
it certainly stops that old rheu-
matism torture at once.

When you are suffering so you
can hardly get around, just try
Red Pepper Rub and you will
have the quickest relief known.
Nothing has such concentrated,
penetrating heat as red peppers.
Just as soon as you apply Red
Pepper Rub you will feel the
tingling heat. In three minutes
it warms the sore spot through
and through. Pain and soreness
are gone.

Ask any good druggist for a jar
of Rowles Red Pepper Rub. Be
sure to get the genuine, with the
name Rowles on each package.

County Attorney C. P. Shep-
herd and wife left Tuesday for
Dallas, where they will attend
the State Fair, and Judge Shep-
herd will look after business at
Fort Worth and Dallas. They ex-
pect to return home the last of
this week.

Be wise and advertise.

**PEP SQUAD
WORKS OUT**

Ballinger high school Bearcats
are supported this year by a pep
squad, and what we mean by say-
ing a "pep" squad is a sure
enough bunch of young high
school women who have the pep
and they get together and display
this pep by boosting for the boys
when fighting on the gridiron
for the Black and Red of the
Ballinger high school.

Never before in the history of
the Ballinger schools has there
been such a pep squad as has
been organized for this year's
athletic contests in which the Bal-
linger high boys are taking part.

Miss Lucille Copass is in charge
of the pep squad and she leads
them in their yells and songs for
the Bearcats.

Last week during the county
fair the pep squad was seen on
three different occasions on the
streets of Ballinger. The first
appearance was when they
marched from the Senior high
school thru the business district
on to Fair Park where the Bear-
cats met the Brownwood Lions.
They aided in the game by their
yells and songs and kept the pep
up on the side lines during the
entire contest. The next time
they were in a parade, and the
third time they were in the school
parade en route to Fair Park
where they rooted during the
Winters-Santa Anna football con-
test.

The young women have uni-
forms of high school colors with
capes, upon which are designed
the letters "B. H. S." Their
marches thru the streets before
the games played here attracted
much attention, and they arouse
much interest in the games.
Between halves of grid games
the peppers pull various stunts
which entertain the spectators.

Earl Morley and W. G. Owsley
were looking after business for
the West Texas Utilities Com-
pany in Melvin Tuesday.

**Women "Sin"
if Take Business
Too Seriously**

(By Associated Press)
NEW YORK, Oct. 19.—The
tendency of women in business to
take themselves too seriously is a
sin in the eyes of the executive
secretary of some 47,000 women
who belong to the Federation of
Business and Professional Wom-
en's Clubs.

"Women cannot close the
office door and forget business
when they go home," said this
executive, Miss Emma Dot Part-
ridge.

Her explanation is that women
take business as a challenge to
make good in a man-made world
and still struggle with a feeling
of insecurity.

"Consequently, they work too
hard—particularly women in
executive positions," Miss Part-
ridge declared. "Where a man
will knock off work, forget it
and play golf, a woman is unable
to throw herself into the relaxa-
tion of recreation. In all my
immediate acquaintances, I do
not know a single woman who
plays golf."

Miss Partridge has women
listed in her files who are horse
breeders, dentists, sheriffs, var-
nish manufacturers, brokers, and
all descriptions of professions.

"In all, they are much more
conscientious than men," she
continued. "That is another
quality that develops woman's
tendency to seriousness. This
quality is so serious as a situa-
tion that we are contemplating a
department whereby recreation
may be urged upon the business
women."

Women business executives
should not be any more courte-
ous in their dealings than men,
Miss Partridge said.
"Busy men are gruff, why not
busy women? Not that I approve
gruffness. The world is used to
expecting woman to act the
hostess and, if she is anything
less than gracious, comment is
made."

Miss Partridge says that it is
not college women who are filling
the highest positions held by busi-
ness women today, but the girls
who have gone through the labor-
ious steps upward. Many college

graduates are not willing to
undergo such an apprenticeship,
she added.

She believes that women in busi-
ness have not yet achieved the
frankness and openness that the
impersonality of business de-
mands.

"They are not just business
women but women. While the
average business man is inter-
ested in the woman he employs
only in so far as they contribute
to the development of his busi-
ness, the woman, at least, until
she gets to 'the God knows when'
stage, is playing hide and seek
with the idea of matrimony. She
thus serves two masters and im-
pairs her economic potentialities."

WEAK, RESTLESS

Tennessee Lady Had So Little
Strength She "Couldn't Get
Around." Took Cardui
With Benefit.

Gasaway, Tenn.—"I wasn't able
to do any of my work, and it seem-
ed like I had so little strength I just
couldn't get around," says Mrs. Frank
Murphy, who lives near here.
"My mother knew of the good
Cardui could do, so she told me to
take it. I sent and got a bottle, and
seemed like all the time I grew
stronger."

"I had been suffering with pains
in my sides all the time, and Cardui
helped this wonderfully. I needed
a tonic for female trouble, and Car-
dium just fitted the need. I was awfully
restless and could not sleep at
night, but after taking two bottles
of Cardui I could sleep like a top.
I got along all right, and I know it
was due to Cardui. I can certainly
recommend it to women suffering
from women's troubles."

"My present health is just fine."
Thousands of women have written
to tell how Cardui relieved them of
pain and suffering, and helped them
to improve in health and strength.
Cardui is perfectly harmless, be-
ing an extract of mild-acting herbs,
and contains no dangerous drugs or
harmful ingredients.

Acid Stomach

"Phillips Milk of Magnesia"
Better than Soda

Hereafter, instead of soda take a little Phillips Milk of Magnesia in water. It is a safe, reliable, and effective remedy for indigestion or sour, acid, or flatulent stomach, and relief will come promptly. For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three evils: too much acid in the stomach as a result of solution of bicarbonate of soda, leaving the stomach sweet and free of all gases. It neutralizes acid fermentations in the bowels and gently cleanses the souring waste from the system out purging. Besides, it is more palatable than soda. Insist upon "Phillips Milk of Magnesia." Twenty-five cent and fifty cent bottles, any drugstore. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Co. and its predecessor Charles Phillips since 1875.

METTO TREE BEING TURNED TO FURNITURE

(By Associated Press)
LANTA, Ga., Oct. 19.—The palmetto tree, emblematic of the state of South Carolina, is to attain its second place in the history of the United States. This time it will be recorded in the annals of furniture manufacturing. The tree received first mention as a protection against American colonists in the defense of Fort Moultrie, the shot from the British not being harmless in the soft logs. Attention prompted by the porous quality of the tree, the industrialist acquired a acre tract of groves and the aid of twelve laboring furniture companies in an attempt to apply a veneer. For all had failed, the tree is assigned to the wood department of the Georgia Institute of Technology which, in a two-year period of research just succeeded in a glass-like veneered wood is now producing samples. The use in the past has been dock piling and the building of rugged, picturesque

Mrs. L. W. Steinke, of Los Angeles, Calif., and Mrs. L. S. Low.

BEARCATS PLAY JUNCTION SAT.

The Bearcats of the Ballinger high school are working hard after their tie game last week with the Brownwood high Lions. Although it was a hard fought game and on a muddy field, the locals did not suffer an injury other than a few scratches and they are all in excellent condition for the game here Saturday with the Junction Eagles.

Coach Wright's men battled a hard team last week and they fought hard every minute of play to win but offside penalties kept them from winning by one touchdown. It is probable that the two teams will meet again to play the tie off. The place has not been decided on but Coach Wright wants to get in touch with the Brownwood coaches and have the game played over.

The Junction team is a heavy aggregation and is pretty fast, according to reports reaching here. Coach Wright has coached the Eagles and he knows pretty well just what kind of a team his Bearcats will have to face next Saturday afternoon at Fair Park. He has been giving his backfield men some new plays to think about and work up for this occasion and the charging line is getting some more pointers on charging from Coach Weaver.

The Ballinger line is developing and they are expected to fight hard to win every other game of this season, of which three are played at home. Junction is here Saturday, and then Coleman and Sonora will come to Ballinger for games. The other clashes are with Winters and Brady, both away from home.

The Bearcats have won one game, tied one game which should have been a victory by three touchdowns, and lost two games to teams out of Ballinger's class. Players of the squad are going to try hard to win the remainder of the games for this season and if they continue to show improvement they will take all the regular scheduled games and then play several other contests before they are defeated in the state championship race for Class B. schools. The Bearcats are developing a strong defense and a stronger offense and the

training they are getting is putting them in condition to go far in the race of this district.

The Bearcats have improved 75 per cent since the game with the San Angelo Bobcats and they are going further on toward a well-balanced grid machine with a charging and fighting line and a swift backfield that uses its head toward making gains.

The entire roster of thirty players are all in excellent condition. One or two have sustained sprained ankles and hips in previous contests but they are over their injuries and are in condition to fight the strongest of any squads in their class.

Gold-Plated Furs are Latest Rage in London

(By Associated Press)
LONDON, Oct. 19.—Gold-plated furs are the latest sensation in exclusive English fur shops. Stoles and neck pieces of fox, each hair of which has been tipped with gold, are being worn by women of discriminating taste. Other furs are being silvered. The furs are immersed in a bath of eighteen-carat gold or a solution of silver, and are subjected to the same treatment that is applied in electroplating.

Platinum has been found on the Gold Coast of Africa.

CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation.

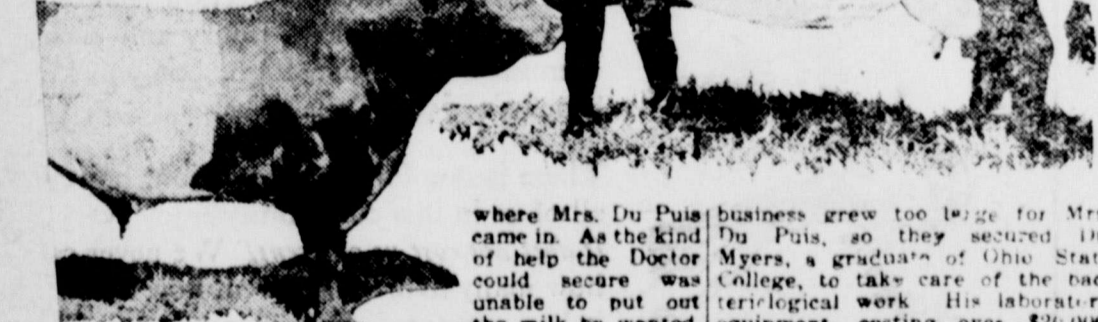

Physician Builds Up Dairy To Provide Milk for Babies Doctor's Wife Manages Fine Herd of White Belt Stock

BY J. G. DU PUIS, MIAMI, FLA.

THE WHITE BELTS

Dr. Du Puis had long admired Dutch Belted cattle, and when he started the dairy he secured a few cows. At first he put out baby milk, but after the herd began to increase not all the milk could be disposed of in that way. As babies did not require too rich a milk, two classes of milk were put out. The baby milk has always sold at a premium of 5 to 10 cents a quart. At present they are getting 1,200 quarts a day at 20 cents, while the regular milk goes for 10 cents.

where Mrs. Du Puis came in. As the kind of help the Doctor could secure was unable to put out the milk he wanted, Mrs. Du Puis trained herself, with the assistance of the Doctor, to be a good bacteriologist, thus keeping down the bacteria count in their milk. "Dr. Du Puis is a practicing physician but is very fortunate to have a good business woman for his wife. Mrs. Du Puis looks after the business end of the dairy. She does not live on the farm but she is there constantly when work is going on. She may be found at the milk house, at the milking barns, in the calf pens or where the silos are being filled. "Dr. Du Puis had long admired Dutch Belted cattle, and when he started the dairy he secured a few cows. At first he put out baby milk, but after the herd began to increase not all the milk could be disposed of in that way. As babies did not require too rich a milk, two classes of milk were put out. The baby milk has always sold at a premium of 5 to 10 cents a quart. At present they are getting 1,200 quarts a day at 20 cents, while the regular milk goes for 10 cents.

business grew too large for Mrs. Du Puis, so they secured Dr. Myers, a graduate of Ohio State College, to take care of the bacteriological work. His laboratory equipment, costing over \$20,000, exceeds that of most Southern agricultural colleges. The milk and cow are tested every day if she is not okay, but one goes and another takes her place. "There are over 700 White Belt cattle, including calves, at the dairy. Four carloads of cattle, including a carload of Dutch Belted from Michigan, one of registered Holsteins, and two of grade Holsteins have just been shipped in. The world's record for Dutch Belted is held by a cow of this herd, "Gem of Columbia, 2038," with 14,173 lbs. of milk and 559.1 lbs. of butter fat. "There are 67 dairies and over 7,000 head of dairy cows in Duval County. Still solid cars of milk and cream are being shipped in to Miami from the North. There are unlimited possibilities to produce milk at a profit and good roads being built to all parts of the country make Miami accessible. "Miami and the East Coast of Florida in general have increased so rapidly in population, that it has been impossible for dairymen to keep up with the business and herd size enough to supply the demand."

"HAVE A CAMEL" IS MUSIC TO YOUR EARS

Camel is totally different from any other smoke. . . . It is more than a cigarette. . . . A lighted Camel is smoking enjoyment realized—the closest thing to the perfection of taste this old earth ever knew. Camel's popularity has no equal. Camel demand exceeds any other cigarette preference ever known. To say "Camel" is to ask for the world's most popular cigarette. And to light a Camel is to taste the best. For there's a solid reason back of the fame and the enjoyment of Camels. Quality. Camels are rolled of the choicest Turkish and Domestic tobaccos money can buy . . . blended for matchless taste and fragrance. If you would know how mild and mellow a smoke can really be, just treat yourself to a pack of Camels. Once you know what these words mean, they're music . . . "Have a Camel!"

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Hurry, Mother! Remove poisons from little stomach, liver, bowels

Give "California Fig Syrup" if cross, bilious or feverish

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhea, sore throat, full of cold, give a teaspoonful of "California Fig Syrup," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless, "fruity laxative" because it never fails to cleanse the little one's liver and bowels and sweeten the stomach, and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Fig Syrup," then see that it is made by the "California Fig Syrup Company."

Emperor's Son Shows Skill in Alpine Climb

(By Associated Press)

CHAMONIX, France, Oct. 19.—Prince Chichibu, second son of the Emperor of Japan, was one of thousands who gratified their desire to scale high mountains and made 1926 a banner year in Alpine climbing.

The prince proved his skill as a climber by conquering the Finsteraarhorn—the highest in the Bernese Oberland, the Gross Schreckhorn and the Matterhorn. The last ascent took place on the birthday of his father, the Mikado, and the prince had the unusual experience of celebrating the great national Japanese festival "Tenchosetsu" on the summit of one of the highest peaks in the Alps.

Too many free passes and the large number of "deadheads" are responsible for a deficit of \$3,900,000 on Austrian railroads for the first six months of 1926.

TEMPLE TO HOLD ROT CONFERENCE

Cotton root rot is becoming more prevalent in Texas each year and it now effects more than 70 counties in this state as well as in counties of other states throughout the cotton belt. On October 21st, Thursday of this week, in Temple, there is to be a meeting of the farmers, bankers, and agricultural leaders from over the state, to discuss the situation. The meeting will present the situation in all its seriousness and will acquaint farmers and cotton planters with the various methods of combatting the root rot.

Dr. J. J. Taubenhaus, chief plant pathologist, of a Texas agricultural experiment station, has been studying root rot for many years and also methods of combatting the disease, but on account of the meagre appropriation for this work he has been unable to accomplish a great deal. The 40th legislature, when it convenes in January, will be asked to appropriate a larger sum to carry on experiments in this work and to study methods of prevention.

West Texas cotton farms have not been effected seriously by the rot as yet, but it is thought to be coming to this section and it is predicted that it will be only a matter of time until this portion of the state like other sections will be in a bad condition on account of the rot unless some method of prevention is found with which the farmers might combat the disease.

The meeting in Temple will be called to order in the chamber of commerce auditorium at 10:00 o'clock with Dr. W. M. Gambrell, chairman of the joint committee of the Belton and Temple chambers, making a few opening remarks.

Col. P. L. Downs, vice-president of the First National Bank of Temple, will deliver the address of welcome.

Principal topics of discussion which will be made during the morning as follows: "The Experiment Station as a Factor in Solving the Root Rot Problem," A. B. Connor, acting director of experiment station No. 5, to be the principal speaker on this subject; Dr. Taubenhaus, chief plant pathologist, will tell of the present status of the root rot, the nature and control of the disease; C. H. Alvord, director of

"It Looks Fine!"

"But I didn't know you were going to buy a new overcoat this Fall."

"It's not new, dear—just the one from last year that I had dry cleaned and pressed."

And we can do the same to your clothes—restore them to that absolute "newness" for a fraction of the cost of new ones.

L. Cohen

Phone 63

extension service of A. & M. College, will talk on diversification and its relation to the root rot problem; Dr. Thomas O. Walton, president of A. & M., will discuss education and other essentials in the root rot program.

Recess will be called then for lunch to be served. A short program will be held at the luncheon with a toastmaster presiding.

In the afternoon the program will consist of a demonstration of root rot control at sub-station No. 5 of the Texas agricultural experiment station at Midway, between Belton and Temple. This program will last about three hours with the many methods which have been tested out used in the demonstration.

Every chamber of commerce in Texas has been asked to send a representative to this meeting and it is expected that a majority of the organizations will be represented. It has not been ascertained whether Ballinger will send a representative to the meeting or not.

Probate Notice

THE STATE OF TEXAS, County of Runnels: In County Court, State of Texas:

To the Sheriff or any Constable of Runnels County—Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said county, a copy of the following notice:

THE STATE OF TEXAS:

To all persons interested in the Estate of F. J. Werner, Deceased, notice is hereby given that Margaretha Werner has filed an application in the County Court of Runnels County, on the 18th day of October, 1926, for letters Testamentary and for probating the Last Will and Testament of said F. J. Werner, Deceased, which said proceeding will be heard by said Court on the 1st day of November, 1926, at the Court House of said County, in Ballinger, Texas, at which time all persons interested

in said Estate are required to appear and answer said proceeding, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Ballinger, Texas, this 18th day of October, 1926. (Seal)

W. A. FORGEY,
Clerk, County Court, Runnels County, Texas. d-19-26

Prefers Child's Mind as Best Movie Critic

(By Associated Press)

HOLLYWOOD, Oct. 19.—A child's mind, unrestrained by any sense of consideration for feelings of others, qualifies its owner as the best critic for motion picture scenarios.

This is the conclusion of Walter Woods, the scenarist who prepared and adapted the screen versions of "The Covered Wagon," "The Pony Express," "Old Ironsides," and other film productions.

"Children are far more frank

than grown-ups," Woods says. "A child will say exactly what he thinks. When it comes to testing a story's worth, give me a kid audience every time."

Woods believes that a child's mind also is far more receptive than a grown-up's and things that impress him remain, while things that do not are quickly erased from his memory.

"Another thing I find is that children spot story weaknesses far more rapidly than grown-ups. Frequently they find flaws that I have completely overlooked. Instead of searching for hidden meanings, they face a story squarely and find faults a grown-up would not see."

Budapest Girls Must Give up Short Skirts
BUDAPEST, Oct. 19.—The school girls of Budapest will have to give up hobbled hair, short skirts and low neck dresses, or else give up their education.

The municipal senate has so decreed. The senate also decided that the girls in the secondary school must not wear stockings of light coloring. Henceforth, Budapest girls, going or coming from school, must wear stockings of either brown or black.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed up and miserable. Relief is sure.

London has only 6,000 patrons for plays which the "intellectuals" stamp with their approval. The Lyceum and other melodrama houses count their patrons by the thousands.

Last Showing Tonight of Jewel Film "Watch Your Wife"

"Watch Your Wife," Universal Jewel, which will be shown for the last time at the Queen Theatre tonight, co-stars Virginia Valli and Pat O'Malley. It is an entertaining domestic comedy-drama and marks the return of Miss Valli to the American screen after several months spent in Europe. It also features the return of O'Malley to purely American roles, for in his last two pictures O'Malley was a Russian Grand Duke and an English cozier. "Watch Your Wife" was directed by Svend Gade, noted Danish screen and stage director. Among the players are Helen Lee Worthing, Nat Carr, Albert Conti, Aggie Herring, and Nora Hayden.

Dix Discovers Love to be the Universal Language

He gets a whole army to help him make love!

That's what Richard Dix does in his latest Paramount comedy, "Say It Again," which closes its two-day engagement at the Queen Theatre tonight. Our hero, mistaken as the Crown Prince of Spozonia, discovers that the beautiful Princess is the girl he has traveled over half the world to find. The "standing army" of nineteen men, being well versed in the arts of love and war, go through their maneuvers for him.

Therefore, when he goes to visit his lady love, they go out on the castle balcony, and at a given command, Dix's henchmen start doing "their stuff." First, a heart is formed, then the sentence, "I love you" is spelt out, and so on. It seems that he, only speaking English, and the princess, knowing nothing but Spozonian, has adopted what he believes to be a universal language—that of the heart.

And believe it or not—it worked!

Brilliant Trio in Picture Coming to the Palace

Three popular and brilliant figures of the screen, last seen together in "The Bright Shawl," are reunited in "The Beautiful City," a First National attraction which is coming to the Palace Theatre tomorrow for a two-day engagement. They are Richard Barthelmess, the star; Dorothy Gish, his leading woman; and

William Powell

All three players are old friends, both on and off the screen. When Dorothy Gish made a series of comedies, several years ago, Barthelmess was her choice of leading man, and it was with Dorothy Gish that he made his very earliest success. William Powell made his first big screen hit in a Barthelmess picture with his portrayal of De Vaca in "The Bright Shawl." Ever since that picture Barthelmess has always waited for a chance to cast this able actor in one of his pictures.

William Powell and Dorothy Gish also have a hit of their own to their credit. Miss Gish and Mr. Powell appeared together in "Romola," in which Lillian Gish was starred, and received wide praise for their respective performances.

In an interview in a recent issue of the Motion Picture Magazine, Mr. Barthelmess selects this younger of the Gish sisters as his ideal leading woman. Dorothy is, from the critics' and actors' point of view, one of the most skillful actresses on the screen. Technically, she knows as much about acting as any individual on the screen and, according to Mr. Barthelmess, her presence in the studio is not only a great asset to a picture, but a real help and inspiration to other members of the cast.

In other words, all the players must be "on their toes" or Dorothy will steal the picture.

"MONEY MAD" AT BRUNK'S TENT THEATRE FOR TONITE

eville acts in the intermissions furnished additional amusement for those who attended the performance.

Rowena and other towns sent large delegations here last night to witness the production which opened the week's engagement.

In addition to the regular night performances a matinee will be proffered Saturday afternoon.

R. O. T. C. Contests

On Friday, October 22, also in the athletic stadium, will come the annual R. O. T. C. contests, when companies representing high schools and prep schools all over the state will compete for trophies offered by the State Fair and private individuals and firms.

Live stock judging will take place in the live stock arena beginning at 8 a. m. from Monday, October 11, to Tuesday, October 19, inclusive.

Another feature for the live stock arena will be the horse show events, to be carried out on the evenings of Thursday and Friday, October 11 and October 12.

The State Fair poultry show will be held in the poultry building from Saturday, October 9, to Monday, October 18, inclusive, with special daily programs, as have already been announced. It is carried out under the direction of well known poultry fanciers.

FARM BOYS AND GIRLS GOING TO STATE FAIR

Franklin County, Red River county and Morris county are to send big delegations of farm boys and girls to the State Fair of Texas, Dallas, Oct. 22. The youngsters will be guests of the Fair Association, and their trip to Dallas is being provided by business interests of the three counties. They'll come to the State Fair on special trains.

Be wise and advertise.

RUB PAIN OUT OF RHEUMATIC JOINTS

For 65 years, millions have rubbed soothing, penetrating St. Jacobs Oil right on the tender spot, and by the time they say Jack Robinson—out comes the rheumatic pain and distress. St. Jacobs Oil is a harmless rheumatism and pain liniment which never disappoints an doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia. 35 cent bottle guaranteed by all druggists.

First Commercial Ad for Unter den Linden

BERLIN, Oct. 19.—For the first time in its history the famous avenue, Unter den Linden, has had an advertising streamer stretched across its broad expanse. The occasion was the international police exhibition organized by the Prussian Ministry of the Interior.

The state permitted its cops to do what no business firm, however influential, has succeeded in accomplishing. Unter den Linden, from its earliest times, has been maintained in an atmosphere devoid of such commercial or "unrefined" decorations.

Victor Hugo's apartments in the Place des Vosges, Paris, now a museum, are to have 250,000 francs spent upon them by the municipal council.

GOOD HEALTH NECESSARY

Many Busy Women Owe Their Health to Lydia E. Pinkham's Vegetable Compound

Fifty years ago there were few occupations for women. Some taught in school, some did housework, some found work to do at home and a few took up nursing.

Today there are very few occupations not open to women. Today they work in factories with hundreds of other women and girls. There are also women architects, lawyers, dentists, executives, and legislators. But all too often a woman wins her economic independence at the cost of her health.

Be wise and advertise!

KING-HOLT

FINE HEREFORD SHOWING EXPECTED AT STATE FAIR

Anticipating the most noteworthy collection of Hereford cattle in its history, and that the competition will be the keenest of record, officials of the State Fair of Texas are preparing for a Hereford exhibition at the 1924 exposition, Oct. 9-24, which will prove of paramount interest.

It is announced that Albert K. Mitchell of Albert, N. M., junior member of one of the largest firms of breeders in the Southwest, will judge the Hereford classes. Mr. Mitchell is well known, both as a breeder and as a just and fair official.

John C. Burns of Fort Worth, superintendent of the Hereford division, points out that due to the prevalence of quarantine no live-stock, save horses, has been shown at the State Fair of Texas since 1923, which itself was a notable Hereford year. In 1923 there was a total of 144 head shown by breeders from Colorado, Illinois, Missouri, Kansas, Oklahoma and Texas, the entries being made up of 59 bulls, 66 females and 19 steers. All these exhibitors, with many more, according to Burns, are expected to show in 1924.

Henry Ford collects ancient industrial equipment for comparison purposes. He has an elaborate collection of antique implements.

STAMFORD POST PREPARES FOR LEGION MEETING

Several members of Pat Williams Post No. 8 of the American Legion will go to Stamford on November 6th and 7th, where the 17th District Legion meeting will be held, according to announcement made by officials of the Ballinger post.

Members of the Stamford post have prepared a very interesting program for the visiting Legionnaires and this meeting is expected to excel in attendance the meeting held in Ballinger a few Sundays ago when the largest crowd ever attending a district convention was present.

Several Legionnaires and Auxiliary members will leave Ballinger Saturday, November 6 for Stamford, while others will go to the convention city on Sunday, the day of the main program.

Registration will start Saturday afternoon at 6:00 o'clock with three booths located in the city. One will be at the Stamford Inn; where headquarters will be during the convention. The others will be located at the city auditorium and Bunkley's drug store.

At 7:00 o'clock in the evening a reception will be held for the visiting Auxiliary members at the city auditorium and at 8:00 o'clock the "40 and 8" promenade will be held in the Knights of Pythias hall. Following these two social events there will be a dance for all Legion members, their wives and sweethearts at the city auditorium. It will start at 9:30 o'clock.

Allred to Speak

James V. Allred, district attorney from Wichita Falls, one of the leading Legionnaires of his section of the state, and recently a candidate for attorney general of Texas, will be the principal speaker at the Sunday morning service to be held at the First Baptist Church.

Sunday's Program

8:00 a. m.—Registration booths open, city plaza
9:00 a. m.—Resolutions committee meeting; Legion room at city auditorium
10:30 a. m.—Parade to First Baptist Church
10:45 a. m.—Invocation, Rev. J. M. Youree

COTTON PICKERS NEAR VICTORIA INDEPENDENT

(By Associated Press)
VICTORIA, Tex., Oct. 19.—Cotton pickers in this vicinity demand and get from \$1.25 to \$2 per hundred pounds for their labor. Some charge an additional 25 cents a hundredweight for carrying the cotton to the wagons.

Reports received here say that many of the pickers come to work in their own automobiles, select the best fields for their work, and often leave without notice, "after they have made enough money to buy more gasoline or a new tire."

The Best Advertisement In the World

A fixed policy of helpfulness, friendship, cooperation and accommodation, is the best advertisement in the world.

This institution is doing its best to maintain the high ideals of modern banking. We are proud of the laws of safety and service under which we operate, and we are earnestly striving to back up every one of our own published promises with willing and able service.

After all, there is no better advertisement than the character and integrity of an institution and the men behind it.

AMUSEMENT PROGRAM FOR 1926 STATE FAIR, DALLAS, OCT. 9-24, IS ANNOUNCED

"Princess Flavia" in Auditorium—Many Free Features to Be Provided for Patrons This Year.

Announcement of the various features and amusements to be provided at the 1926 State Fair of Texas, Dallas, Oct. 1924, has come in the form of the daily program of events.

"Princess Flavia" the Shubert operetta, with the music by Sig-mund Romberg, composer of "The Student Prince," and with a company of 200 people, will be given in the auditorium each evening throughout the Fair, beginning at 8:15 o'clock. Matinees are listed on Sundays, Tuesdays, Thursdays and Saturdays at 2:30 p. m.

On three afternoons—October 15, October 20, and October 22, in the auditorium, there are to be excerpts from the well known operas, offered by the Thaviu band and opera singers, with a great massed chorus supplied from five Dallas musical clubs.

Free Offerings.

Under the heading, "Big Free Attractions," the program lists the Thaviu band and singers, with Ralph Waldo Emerson, concert organist, to appear in the auditorium at 2:30 p. m. on October 11, October 13 and October 15, and from 12 to 1:30 o'clock on other days of the Fair except the three afternoons given above when the choral offerings occur.

Twelve free circus or hippodrome acts are to be given before the grandstand twice daily, throughout the Fair, from 12 to 1 p. m. and from 6 to 7 p. m.

Football games in the athletic stadium are shown as follows:

Saturday, October 9—A. & M. of Texas vs. Sewanee.
Tuesday, October 12—Baylor vs. T. C. U.
Saturday, October 16—University of Texas vs. Vanderbilt.
Monday, October 18—Wiley University vs. Langston University. (Negro college teams, Wiley of Marshall, Texas, Langston, Okla.)
Saturday, October 22—S. M. U. vs. A. & M. of Texas.

No headache, bad cold, sour stomach or costive bowels by morning

Get a 10-cent box now. You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean, stomach sweet, and your head clear for months. Children love to take Cascarets because they taste good and never gripe or sicken.

Noted Royal Theatre Goes into Repertory CAMBRIDGE, England, Oct. 19.—The Old Royal Theatre, Barnwell, the only regency theatre still intact in which Macready, Kemble, Charles Kean, Miss Foote and Sheridan Knowles played, is under reconstruction

and will be converted into a repertory theatre for Cambridge. Dickens gave readings in this old theatre, but for the last forty years it has been used as a mission hall. A professional company of fifteen has been engaged and will be supplemented by amateurs.
