ARRESTED IN SLAYING OF HARRIS CO. NEGROES

WITNESS TO HAVE BLOOD OPERAT'N

(By Associated Press)

JERSEY CITY, Nov. 12.—A
blood transfusion is to be made
today on Mrs. Jane Gibson, who
is seriously ill, and is wanted as
an important witness in the Hall-
Mills murder case.

Authorities said the transfusion
did not indicate the woman's con-
dition to be grave.

SOMERVILLE, N. J., Nov. 12.—
Barbara Tough, recalled today as
a witness in the Hall-Mills case.

The former maid of the Hall
home was instructed by the court
to give the names of the girls,
she said had gossiped about the
friendliness between Rev. Ed-
ward Wheeler Hall and Mrs.
Eleanor Mills, several years be-
fore they were slain together.

Miss Tough previously had re-
fused to give this information.
At the request of the state's
attorneys, the witness again de-
tailed her movements on the
night of the tragedy.

tion with the killing of three
negroes, and burning two of
their bodies in a ranch house on
the Harris-Fort Bend county

in jail today at Richmond pend-
ing a preliminary hearing.

He denied any knowledge of
the crime but said that the suspi-
cion was directed toward him
as a result of the slaying of a
relative of his recently by a
negro.

Officers said that other arrests
were expected to be made in the
near future.

Ultra Violet Rays Make Taller and Fatter Boys

(By Associated Press)

SMETHWICK, England, Nov.
12.—Taller and fatter school-
boys are being developed here by
the simple expedient of equip-
ping classrooms with a kind of
window glass that allows ultra-
violet rays to pass into the room.
Dr. J. B. Ferguson, the school
medical officer, has reported that
during a nine months' test in a
classroom so fitted, the boys
grew half an inch taller and three
pounds heavier than colleagues in
an adjoining room lighted by ordi-
nary glass, which, the doctor
says, cuts out the vital ultra-
violet rays almost completely.

UNCLE JOE, 90 PASSES AWAY

DANVILLE, Ill., Nov. 12.—
Uncle Joe Cannon died here to-
day at the age of 90, in the
rambling brick mansion that he
built for his bride many years
ago.

Life ebbed away from the vet-
eran statesman whose iron-
handed tactics in congress won
for him the title of the "czar
of the House."

DANVILLE, Ill., Nov. 12.—

The condition of Uncle Joe Can-
non was described as extremely
low today by his physician, who
said he hardly expected the vet-
eran statesman to survive the
next forty-eight hours.

Movie Peak or Parlor Created By Architect

(By Associated Press)
 NEW YORK, Nov. 12.—Architects in the motion picture studio includes the designing of mountains and ships, streets and throne rooms, and a diversity of objects entirely apart from the structures of commercial draftsmen.
 The designer of "sets" frequently is called upon to rival the handiwork of nature and man. Ingenuity of the architect and his fellow studio craftsmen frequently is such that the numerous replicas of natural objects are not distinguishable from the real thing, even when both are shown in the same film.
 An example of an architectural creation in a motion picture studio is the mountain range, arched bridge, ravine and river constructed on the lot back of the Paramount Eastern studio. The mountains were reproduced from photographs of a range in South America. On the side of a mountain was seen also an engineer's shack, and later a church and gardens. The drawings were made by Laurence Hitt, studio art director, and the mountains were painted by William Saulter, scenic department chief. Close views of Thomas Meighan, Renee Adoree and Aileen Pringle were made at Ausable Chasm, N. Y., and the backgrounds were matched exactly.
 Another mountain range was erected on the studio floor when inclement weather interfered with outdoor filming scheduled at Bear Mountain and at Pinehurst, N. C. This resulted in an exact reproduction of a mountain gorge with a range of hills built to perspective for background. The setting was "dressed" with real moss, stones and trees, and the ruins of a log bridge made of real logs. This setting was made sufficiently substantial to support the weight of Gloria Swanson, her leading man, Lawrence Gray, and the two horses which they rode in a pursuit and jump across a chasm sixty feet deep.

Canadian Maids Waiting; Photos Held for Tariff
 (By Associated Press)
 NEW YORK, Nov. 12.—While Canadian admirers of Ben Lyon, the screen actor, await his photographs, customs officials are refusing to release the pictures until duty and sales tax payments are forthcoming.
 Ben has protested against paying the amount assessed against him, particularly when he is complying with the requests of movie fans gratis.
 The photographs, of which thirty-two were held at Montreal, are appraised by Canadian customs officials at 25 cents each. Ad valorem tariff of 22 1/2 per cent and sales tax of 5 per cent was assessed against them—a total of \$2.15. Ben wrote the officials that the pictures cost 6 1/2 cents each, or about the same as the tariff and tax, in lots of the thousand.
 A London firm of vermin destroyers last year killed 60 million rats in London, Liverpool, Southampton, Glasgow and other ports, an increase of 20 million compared with a normal pre-war year.

Studio architects also are amateur shipwrights. The deck, bridge, cabins and stokehold of a seagoing yacht were erected on one of the stages. All sets were built on cradles and so operated by levers that the director was able to simulate the roll and pitch of a vessel at sea during a hurricane. The stokehold was a replica of that on a 130 foot yacht, complete with boiler heads, coal hoist, steam gauges, and other paraphernalia.
 Villages domestic and foreign, terraces and gardens have been landscaped by studio artisans.

ARMISTICE

Eight years of peace—eight prosperous, busy years have sped by since the signing of that document which marked and created the first Armistice Day. Looking back, it seems but a recent yesterday that the whistles were shrieking, the bells ringing and the whole world dancing a mad celebration of the closing of the world's greatest agony.
 We danced then, and we sang and we cried aloud our joy that "the war to end all wars" had come to a glorious and triumphant end. We had won.
 Well, we did win. We won the war. We won our physical victories. And, we won some moral victories, too. We purged ourselves of any faintest suspicion that Twentieth Century "commercialism" had deadened the the souls of men to the deep tuned call of truth and honor and decency. We proved anew to a cynical world that men could suffer and die for a great cause, regardless of personal interest and prodigal of unselfish sacrifice.
 But eight years have taught us that we did not win all we first believed we had won. The monsters of hate and greed and envy and mean suspicion which we thought to have buried deep beneath the thunder of the guns at Chateau Thierry, at St. Mihiel, at the Argonne, again reared their ugly heads to spew their venom upon the striving nations of the earth, to sow the dragon's teeth of discord and discontent.
 And we came to find, in the end, that out of the wreck of France and Flanders we had brought not only a great reward, but a great and continuing obligation.

"To you, from falling hands, we throw
 The torch-----"

Our sons and our brothers and our buddies, who sleep today beneath the little white crosses, or bear upon their bodies the unfading scars of the great conflict, will have suffered and died in vain unless on this Armistice Day of 1926, and on those others yet to follow, we rededicate our strength and our minds and our lives to a reaffirmation of those principles for which they fought.

Bearcats are Overwhelmed By Brady Squad; 32 to 7

It was the Brady Bull Dogs who gave the Ballinger Bearcats their first loss of the season in the Class B district championship race by a score of 32 to 7.

The Bearcats were just not enough to stop the plunging little backs of the Brady team who made their touchdowns on fake plays behind the line of scrimmage where every man in the backfield had his hands on the ball at least one time during the play. From the beginning the Bearcats lost their pep and after the first touchdown they could not get going right through the line and around the ends of the Brady squad.

But the first two touchdowns came as the results of breaks in favor of the Bull Dogs and nothing could overcome these breaks. It was the breaks and fakes that made Ballinger a loser in the contest. The loss of this game was not due to the lack of support because about 500 Bearcat fans made the trip to Brady to witness the game. The Ballinger band and pep squad also went on this trip and proved that Ballinger was behind the team almost 100 per cent.

Before the game, immediately after lunch, that is lunch for all who were lucky enough to get anything to eat, the band, pep squad and the remainder of the rooters lined up on the McCulloch county square and proceeded to march around the square with the band playing. After this the entire delegation went to Richards Park, West of the city, where the slaughter took place.

The Bull Dogs were "bear waiting" they said, and they evidently were successful as they made five touchdowns, kicked two of the extra points and made 16 first downs, while Ballinger made one touchdown, got the extra point when a Brady lineman was offside, and was credited with seven first downs.

Stars for the Bearcats were Rayburn, playing at quarter, McKenzie, playing at half, and Tuckey and Foreman, ends of the team. Rayburn was credited with the touchdown, while McKenzie was credited with most of the first downs, with Tuckey and Foreman breaking plays coming around their ends.

For Brady the entire team starred. The Bull Dog linemen would go through and stop the Bearcat backs sometimes in their tracks, while other times they would count the Bearcats for a loss. Samuelson and Wood, Brady backs, were credited with four of the touchdowns, while Ewalt, captain of the squad, made the other counter when he recovered a fumbled ball and ran some 25 yards to his goal.

In the first half the Bearcats made five first downs while in the second half they could only get over two. In each half the Bull Dogs made eight first downs. They scored in each quarter of the game and in the last quarter they scored two touchdowns.

Marecek, plunging Bearcat back, was not the plunging back in this game as others he has been in. He did the kicking in this game also and was rather weak in the first half of the game in getting off his boots but came back in the second half and outkicked the Bull Dog toe artist. However, the Brady back got off some very good kicks during the game.

Passes were few, not a one was completed, and two of the Ballinger passes were intercepted by

the Brady backs in the middle of the field.

Ballinger was penalized four times for being offside, while Brady drew three penalties, two for roughing and one for offside. Brady was penalized one time when Ballinger was within the ten-yard line, for roughing, and this placed the ball within one yard of the goal.

The starting line-up: Ballinger—Ends, Tuckey (e) and Foreman; tackles, Mason and Alagood; guards, Reese and Middleton; center, McWhirter; quarter, Rayburn; halves, McKenzie and Arthur; full, Marecek. Brady—End, Willbanks and Holland; tackles, Bauer and Awalt (e); guards, Salter and Wilkerson; center, Hallum; quarter, Samuelson, and Wood; full, Strickland. Officials: Woodward (H. P.), referee; Moore, (H. P.) umpire; Bruce, headlinesman.

Makes children sturdy!

Cooks light white and flaky!

OH, BOY! There's a delightful, refreshing, cleansing kick in a FITCH SHAMPOO! The Fitch Shampoo dissolves and removes from the very first application every particle of dandruff and foreign matter, leaving the scalp clean and healthy and the hair soft and fluffy.

The tonic in the Fitch Shampoo actually penetrates into every hair follicle, thereby invigorating the growth of hair. The lather is then gradually created by the application of water and, when rubbed out and rinsed, the lather carries with it all dirt, dandruff and foreign matter, leaving every pore open and functioning as nature intended.

AFTER THE SHAMPOO, there is a FITCH TONIC for every hair and scalp condition! If the scalp has been sore and itchy, use FITCH'S IDEAL. If your hair is inclined to be oily, use FITCH'S TONIC. If you are FITCH'S TONIC SU-PERBE. (Both are attractive and antiseptic.) If you want the hair to lie in place, use FITCH'S LA POMME.

The Wonder Dog in
'Below the Line'

This picture does away with the old idea that films starring dogs must be dull except when the four-footed hero was rescuing one of the actors. This time the actors have a chance to be more than dummies. Rin-Tin-Tin is an amazing animal. His acting seems always spontaneous.

"Below the Line" is Fifth Film For Rin-Tin-Tin
"Below the Line," the Warner Bros. classic of the screen, which is showing today and Saturday at the Palace Theatre, marks Rin-Tin-Tin's fifth starring production since his film debut. This dog wonder was introduced to the picture world in "Where the North Begins," followed by "Find Your Man," "The Light-house by the Sea," and "Tracked in the Snow Country."
In "Below the Line" Rinty appears as a snarling, vicious animal who develops into a loyal and courageous friend of the boy who has treated him with kindness. The picture is said to be the most thrilling the dog star has yet had.
June Marlowe and John Harmon play the two principal human roles, and the cast includes Pat Hartigan, Victor Patel, Charles Conklin, Gilbert Clayton, Edith Yorke and Taylor Duncan.

Holds \$30 Bill Issued in 1778, Legal Tender
(By Associated Press)

NEW BRITAIN, Conn., Nov. 12.—A bona fide \$30 bill is held by Bernard L. Hoppe of this city. Local banking houses pronounce it authentic, and Hoppe has refused many times its face value.
The note, dated September 26, 1778, and signed by "A. Lawrence, Secretary of the United States Treasury," is numbered 217,305. It is about one-fourth the size of a modern dollar bill. Bankers say it is still legal tender.

Nocturne Celebrates in Son Sufferings of Man
(By Associated Press)

PARIS, Nov. 12.—The "soul-state" of himself and his fellow "poilus" is the theme of a nocturne for orchestra entitled "Night Falls in the Trenches," which the French composer Maurice Imbert has just brought out. "Man learns in suffering what he celebrates in song," says M. Imbert.

Scored principally for strings and wood-wind the piece breathes soft melancholy and deep poetic feeling. It is being played with unvarying success at the "Rouge concerts" in the Latin Quarter.

DR. W. B. CALDWELL AT THE AGE OF 83

"Purges" and "Physics" Bad for Old Folks

While Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, knew that constipation was the curse of advancing age, he did not believe that a "purge" or "physic" ever little while was necessary.
To him, it seemed cruel that so many constipated old people had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.
In Dr. Caldwell's Syrup Pepsin he discovered a laxative which helps to "regulate" the bowels of old folks. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but each dose helps to strengthen the bowel muscles, shortly establishing natural "regularity." It never gripes, sickens or upsets the system. Besides, it is absolutely harmless and pleasant to take.
If past fifty, buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin," Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself.
