Ballinger Rotary Presents Program

The Ballinger Rotary club, headed by H. C. Lyon, its president, invaded San Angelo on Friday evening and had a joint meeting and program with the San Angelo Rotary, with reference to which The San Angelo Times gives the following account:

Another strand was added to the bond of friendship that unites San Angelo and Ballinger when last night the membership of the Runnels county city's Rotary Club journeyed to San Angelo and offered the program for a joint meeting of the two clubs, at which the wives and families of the members were guests.

A large delegation from Ballinger made the trip to San Angelo, and took complete charge of the meeting which was held on the roof garden of the St. Angelus Hotel. President H. C. Lyon of the Ballinger club acted as master of ceremonies and introduced the Ballinger artists who entertained those present.

Greetings were extended to the visitors on behalf of the San Angelo club by President R. A. Hall, with the response being made by President H. C. Lyon of the Ballinger club. Miss Arminda Timmons gave a reading, while a Ballinger instrumental trio, headed by J. D. Motley, gave several selections.

The two principal addresses of the evening were delivered by Judge O. L. Parish, who took as his subject "What Vocational Service Means," and the Rev. Alfred Crager, speaking on "The Fellowship of Rotary."

Commission to Hear Petition on Cement

(By International News Service)
 AUSTIN, Oct. 6.—The railroad commission set for hearing today at Dallas on November 1, the reopening of the case involving the railroads' petition for a general revision of freight rates on cement. The hearing will be held jointly with the Interstate Commerce Commission case involving rate from Kansas and Oklahoma, to points in Texas affected. It will embrace rates on lines extending west from Big Spring, San Angelo and Del Rio.

Great Crowd Gathers To Greet Republican

(By International News Service)
 ELIZABETHTON, Tenn., Oct. 6.—Herbert Hoover, republican presidential nominee, was given an enthusiastic welcome when he arrived at noon today for his speech at the Fair Grounds at 3 o'clock this afternoon. He was tendered a luncheon by the chamber of commerce and has high hopes of breaking the 60-year-old tradition of the "solid South."

County Judge Paul Trimmer and family will leave Monday for Fort Worth where they will spend the day and then go to Dallas at which place the judge will attend the Texas County Judges' Convention which will be in session Wednesday, Thursday and Friday.

Five Die as Train Hits Auto

Unguarded crossing near Massapequa, L. I., was scene of this disastrous collision in which four young girls, guests at a birthday party, and a man, driver of wrecked sedan, met instant death. Four other children were seriously injured. The dead are Eleanor Rohling, 17; Madelyn Doeltl, 12; Mildred Stenholm, 16; Dagmar Stenholm, 12, and George Schwartz, 40, all of East Hempstead, L. I. Ballinger Legionnaires Leaving for Santone

Ballinger will have a fair representation at San Antonio next week when the national convention of the American Legion convenes in that city. Coming as it does in the very busiest time possible, and also when the Runnels County Fair is getting into full swing, many of our boys who would have otherwise attended the convention, are being denied that privilege on account of duties calling them at home.

Frank Pearce and Roy Reeder left Saturday afternoon on the Santa Fe and will join others on the special train which leaves Brownwood tonight, on which will be the Old Gray Mare Band which organization has made several of the conventions in years gone by.

Sunday morning a party of motorists will leave here at 4 o'clock and will make the trip overland together, the personnel of the motorcade being as follows, with possible additions: M. C. Atkins, Mr. and Mrs. Frank Cameron, Mr. and Mrs. Olive Floyd, Henry and Emiel Vorbeck, and it is reported that Mr. and Mrs. D. C. Middleton will go with this party also.

Another party, not connected with the American Legion, will make the trip to San Antonio to see the crowds and witness the sights, composed of the following: Mmes. Anderson, Ruth Bailey, Jess McDonald and her daughter, Mrs. Tommie Lewis, Sam Behringer, Mrs. Sim Cottelle and others are to leave at a later date. Mr. Behringer was out of the city Saturday so it was not ascertained as to just when he would leave.

300 Fair Tickets for San Angelo Ordered

San Angelo has signified her intention of attending the Runnels County Fair next Thursday, the 11th, when the Concho city will compete with Abilene to see which place is capable of putting on the best show. Abilene has already ordered 250 tickets for the day and now San Angelo has ordered 300. The feature of the afternoon entertainment on that date will be a burro polo game.

Commenting on what San Angelo has done in making her preparations to attend the fair, The Times says:

With plans for the San Angelo special train to the Ballinger fair next Thursday rapidly taking on shape under the hand of E. E. Lowrie, Board of City Development chairman, 300 general admissions tickets to the fair grounds were ordered last night to be distributed at the same time the railway pasteboards are circulated among business men of the city.

Scout Meeting To be Held Here

The first meetings of the Five Year Boy Scout Training program are to be held in Ballinger in the near future as announced by Scout Executive Ed Shumway who has recently returned from the Fifth National Training School of Scout Executives held at Cornell University with an attendance of over one thousand professional workers. The progressive five year training program for men will give every Scoutmaster, assistant Scoutmaster and troop committeeman a very comprehensive knowledge of scouting.

Scout Executive Shumway is well fitted to direct such a training program, having had years of active scout experience and attendance at many conferences and scout leaders training schools. In acknowledgement of his leadership ability Executive Shumway was appointed morale officer of Region Nine, which consists of the executives of Texas, Oklahoma and New Mexico.

J. D. Motley, local chairman and enthusiastic Boy Scout leader, will endeavor to enroll a large number of men to take the training school, learn more about Boy Scout work and have a "rip snorting" good time as they learn of the great Boy Scout program.

Mr. Motley and Executive Shumway will confer immediately and outline plans for the training school. A real attempt will be made to interest every boy in Ballinger when he reaches his 12th birthday in joining the Boy Scouts of America and advanced plans will be submitted which will hold and interest the older boy.

A younger boy program for all boys in America from 9 to 11 years of age is in the making and important announcements about this program may be expected before the first of the year.

TEXTBOOK MEET IS POSTPONED

(By International News Service)
 AUSTIN, Oct. 6.—When the textbook commission meets here Monday it will adjourn immediately for a week because of the inability of several members to be present owing to their absence at the American Legion convention in San Antonio next week. The postponement is the result of a conference between Governor Moody and S. M. N. Marrs, chairman and secretary respectively of the commission.

Mr. and Mrs. R. W. Bruce are visiting in Fort Worth and will be accompanied home by Mrs. Robt. Bruce and baby, who have been visiting her parents in Arlington.

White's New Book Praises Gov. Smith

(By International News Service)
 NEW YORK, Oct. 6.—High praise for Gov. Alfred E. Smith from the pen of William Allen White, Kansas editor, was cited by the democratic managers today without comment. It was contained in a new book just off the press in which the editor compares Smith with Lincoln and Jackson in a political background. He treats Tammany with the declaration that whatever might be said of it in the period of Smith's training "it did make square men."

Of Smith, White wrote, "He was honest, hardworking, good natured, painstaking and at the base of all his Tammany regularity he was a becoming free man. He was a man's man. The primrose path never lured him. His brain won his adversaries and his heart held his friends." The democratic national committee is circulating White's views contained in the book.

Local Lions to Foster Park

At the regular weekly luncheon of the Lions club held at the Central Hotel Friday noon the club voted to get behind a park for the city and Fred Kiechle was named from that organization to look after the matter.

The discussion came after Roy Reeder stated to the club that the Oklahoma Natural Gas company, who are erecting a booster station near the upper dam had agreed to donate to a park five acres of land. Mr. Reeder told the Lions that he would see that an additional amount of land was donated from the Reeder estate if the city and different organizations of the town could be induced to put over a park program.

Mr. Kiechle stated that he would ask for a representative from the Rotary club to meet him and go before the chamber of commerce to enlist that organization to get behind the move. Mr. Eubank, who is a member of the City Commission, stated that he felt sure the city would cooperate on such a move.

The Oklahoma Natural Gas corporation of Tulsa, Okla. recently purchased seventeen acres from the Reeder estate to erect a booster station and several bungalows near the upper dam on their line that goes on through Ballinger to San Angelo. They find that they have more land than they need and are willing to give a part of it to the city or some organization which will look after the making of a modern park and playground.

A meeting of the committees will be called within a few days and some definite action taken in regard to the matter that was before the Lions today.

Where Legionnaires Will Convene

Buddies of the Western front will swap reminiscences, sing the old songs and indulge in post-war gossip at tenth annual convention of the American Legion, to be held October 9-12, inclusive, in San Antonio, Tex., of which city the new \$2,000,000 war memorial auditorium is shown above in an excellent air view. Left, Major General Beaumont B. Mack, commander of the Third United States Division in the Meuse-Argonne, who will be grand marshal of the Legion's parade; right, Edward E. Spafford, national commander, and fellow column of the Yanks shortly before sailing for France. (International Illustrated News)

DEATHS

M. A. Bass
M. A. Bass died at his home at Norton at 9:50 o'clock Thursday night after a long illness. Death had been expected momentarily for some time and most of his relatives were at his bedside when death came. Mr. Bass was 77 years old and has been living in the Norton community for some time.

He is survived by his widow, two sons, one step-daughter and a brother, Joe Bass, who lives in the Norton community. Funeral service was held at the Norton Baptist church Friday afternoon at 3 o'clock with Rev. Holland, pastor of the Baptist church in charge. Interment in the Norton cemetery was held immediately following the church service. Higginbotham Bros. & Co. undertakers were in charge.

DAILY LEDGER WILL BE GIVEN FAIR VISITORS

In the issuing of our Fair Edition of The Banner-Ledger, we received so much encouragement from the merchants regarding timely advertising in the daily, that we have decided to print and deliver 1,000 extra copies of the paper each day during the fair and distribute them to fair visitors free of charge.

In this arrangement the advertiser will kindly bear with our advertising department and get your copy in early. Ads of any size should be handed in the evening before they are to appear and no ads can be handled after 10 o'clock a. m. on the date of publication.

If you are desirous of putting anything special before the fair visitors this is your opportunity to do so at the very lowest possible cost. The rates for advertising with all the extra added circulation will remain the same—there is no increase in rates. Several firms have already reserved space and others will doubtless fall in line to make the daily appear just as big and creditable to the fair visitors as is possible.

U. S. Air Commerce Rivals Europeans Without Subsidies

(By International News Service)
CHICAGO, Oct. 3.—In striking contrast to the policy followed in Europe the commercial air transport companies of the United States, carrying mail, express and passengers receive no federal subsidy and the development since September, 1927, when the government retired from air mail operations, has been by private initiative and financing.

The air mail companies not only fly more miles per day than those of any other nation, but they fly more miles at night, thus insuring overnight delivery to points as soon as night telegrams are received. The present day mileage of approximately 25,000 miles flown is outstanding as it reflects credit on American initiative, says the American Air Transport Association.

France, in 1928, allowed 217,174,140 francs for civil aviation, including 115 million francs for subsidies while Germany appropriated 19,750,000 marks and the British government in the last seven years spent 1,382,780 pounds in direct aids to companies carrying mail and passengers.

A classified ad in The Daily Ledger will get results.

Sam Behringer, Mrs. Sim Cottle and others are to leave at a later date. Mr. Behringer was out of the city Saturday so it was not ascertained as to just when he would leave.

Troy Simpson was appointed to serve on an important committee, but owing to the rush of work, occasioned by the beginning of the Runnels County Fair and the press of business otherwise, was unable to attend. Friends were bemoaning this fact because Mr. Simpson is always a handy man around a convention, just the same as he is in his home town and will be missed very much by his thousands of friends at the convention.

Mrs. Sim Cottle is an important committee appointee and will be there by Tuesday to serve what time that it is possible for her to do so.

Marvin Atkins is to serve on the secretary of war's committee and will try to do his post credit in the duties entrusted to him.

Mrs. C. R. Stone was also appointed on an important committee but owing to duties at home had to refuse the appointment.

Every Buddy questioned concerning his visit to the convention was very enthusiastic over the prospects for a great week and those who could not attend were certainly all regrets.

The convention opens officially on Monday and closes next Friday night.

Although a few minor details for the special are yet unattended, Mr. Lowrie is virtually certain that the arrangements he is seeking will be made within the next few days.

Testing for the first time the sentiment of civic clubs in San Angelo, 25 members of the Lions club, at the Thursday noon-day luncheon, expressed their desire to travel to Ballinger on the special. Unquestionably the other civic organizations will be willing to attend the Runnels county show as a body which will help reach the goal of 300 representatives from this city.

FORMER BALLINGER LADY
TALKS OF OLD FRIENDS

C. W. Johnson, who travels over a wide territory and make Ballinger his headquarters, was spending the week-end in the city and while talking to a Ledger representative remarked that he had seen Mrs. Frank Miles of Santa Anna, and that the dear old lady had made inquiry concerning the lives and fortunes of many of the younger as well as the older citizens of Ballinger.

Mrs. Miles for years, with her husband and family, lived in Ballinger, Mr. Miles having at one time owned considerable land in this county, but a few years ago the family moved to Santa Anna. Since moving there Mr. Miles has died. He was a brother of Mrs. Mattie Holliday of this city. The many friends of the family will be glad to hear that Mrs. Miles is in good health and especially will they be glad to know that she is still interested in all her former friends here.

Miss Dorothy Chancey is in Breckenridge where she went to witness the Simmons and T. C. U. football game Saturday. She will also visit her brother in Abilene.

Shakespeare Club Resumes Meetings

The pretty Wilmeth home on Broadway was given a beautiful floral decoration Thursday afternoon when Miss Fan Wilmeth offered it for the first meeting of the Shakespeare Club for the year. It is an annual custom that the social committee sponsor such a meeting in resuming club activities. All other meetings are held in the Shakespeare room in the American Legion club building on Eighth street.

Pink LaFrance roses and queen's wreath adorned the rooms where the members assembled for the program. This day is known as "President's Day," as the principal number is the president's address Mrs. Horace Murphy very ably and in a most interesting manner, gave a detailed explanation of the year's work. The plans will include the study of Shakespeare's "King Henry VIII" and American art together with special day programs. The "Texas Song" was sung after which the club collect was read in unison. Mrs. Alex McGregor gave a vocal solo and Miss Fan Wilmeth a reading.

The committee composed of Mmes. A. B. Stobaugh, Ed Walker, D. C. Middleton and R. F. Lane, passed a refreshment plate containing chicken salad, sandwiches, pickles, and tea with pink and orchid sweet peas as plate favors.

The active members are: Mmes. E. C. Baskin, W. L. Brown, M. J. Collins, Sim Cottelle, J. G. Douglass, Joe Foreman, R. S. Galbraith, B. C. Kirk, R. F. Lane, H. C. Lyon, Alex McGregor, F. C. Miller, D. Associate members are: Mmes. R. B. Creasy, R. A. Nicholson, Warren McCullough, and J. Y. Pearce.

Mrs. W. B. Woody Entertains With 42 Party

Roses in every shade from white to deepest red gave added beauty to the attractively furnished and finished interior of the W. B. Woody home on Seventh street Friday morning. They were used in tasteful arrangement for room and table decorations and in art adorned the dainty basket tallies which were passed by little Misses Mary Simpson and Mildred Watson.

Forty-two games provided happy pastime during the pleasant morning hours and at the noon hour the hostess passed a luncheon plate containing pear salad, cheese balls, nut cakes, potato chips and hot rolls with fruit punch.

Mrs. Woody's guests were: Mmes. A. R. Jones, H. T. Forson, Chas. Miller, Jr., J. J. Beck, Jno. Currie, C. P. Shepherd, R. W. Bruce, J. G. Douglass, Joe Foreman, R. S. Galbraith, Sim Cottelle, I. Bearcats Lose First Game Here

A football team from the Abilene High School defeated the Bear Cats Friday afternoon at Fair Park to the score of 12 to 6. The Bear Cats looked good in the beginning of the first quarter and carried the ball over for a touchdown within a few minutes of play. Coker hit through the line for the remaining two yards for the first score of the game.

After the first quarter Abilene opened a defensive game that counted for many first downs and kept the Ballinger club on defensive plays most of the time. Bad punting was largely responsible for the locals' defeat and one of Abilene's touchdowns came following the blocking of a punt on the Ballinger ten yard line. The ball rolled across the goal line and an Abilene player covered it for six points. Abilene on each touchdown attempted to complete a pass for the extra point but each time it was slapped down by the Ballinger defense. Ballinger kicked the goal after their touchdown but it was an off-side play and lost the extra point.

Smith, Middleton, Wilson, Coker and Parrish were perhaps the outstanding stars for the locals. Smith played a great game at tackle and many times smeared the play for a loss behind the line of scrimmage. Wilson stopped many end runs around his way and tackled every man for a loss.

Both teams were very successful at completing passes but none of them were for long gains. Abilene made many good gains through the center of the Ballinger line on cut back runs.

The Bear Cats will play their first district intercholastic game here next Wednesday at the Runnels County Fair. Coach Wright will give the boys some intensive training this week in an effort to stop the weak places and will send a strong offensive team against the Coleman Colts.

With a little patching the Bear Cats will have one of the strongest lines in high school football and as soon as the backfield gets

into high they will be a team that will be hard to beat.

D. 1928 in a suit numbered on the docket of said Court No. 3503, wherein Nina Stovall is Plaintiff, and Ellard Stovall, is Defendant and said petition alleging:

Plaintiff has been a bona fide inhabitant of the State of Texas for 12 months and a resident of Runnels County for 6 months. Plaintiff was married to the defendant in Runnels County, Texas, April 26, 1925 and separated from him about May 28, 1928; that within about one year after her marriage to the defendant, he began a course of unkind and cruel treatment which continued until she separated from him as aforesaid; that in May, 1926, plaintiff was in a helpless condition, unable to support herself and child and that defendant left her in destitute circumstances, but later returned and promised to treat her with kindness and provide for her support; that about March 1927, plaintiff was in delicate health and unable to support herself, and defendant again left her in destitute circumstances; that it became necessary for her to seek the assistance of her family and friends; that frequently during the time she lived with defendant he cursed and abused her which continued with slight intermission during the last two years she lived with him; that such conduct was without cause or provocation on her part, and their further living together is insupportable, the premises considered; that during the time she lived and cohabited with the defendant, there were born to them, two children, Calvin Stovall, a boy 2½ years of age and Alma Stovall, a girl 11 months of age. Said children are in the care and custody of plaintiff and that she is the proper person to have the care and custody of said children.

Plaintiff prays that defendant be cited to appear and answer herein, that on final hearing hereof, she have judgment dissolving the marriage relation between her and defendant, that the care and custody of said minor children be awarded to her, for costs of suit and for general and special relief.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

**German Planes
Carry Children
For Half Price**

By O. D. Tolischus
International News Service Staff Correspondent

BERLIN, Oct. 6.—Children can travel alone on the German air passenger lines without being accompanied by adults.

The German Lufthansa, in which all the German airlines are combined, has undertaken to transport them under the special supervision of the passenger plane attendants at half the adult fare. Little Irmgard Daudich, age 7, of Berlin, was the first child to take advantage of this new facility in a flight from Berlin to Dresden. She pictures her experiences in the Deutsche Zeitung as follows:

Mother Afraid
"My first flight was wonderful and I wasn't afraid a bit. But my mother was afraid that I would fall out because I cannot sit still. I had a card around my neck with my name if I got lost.

"The place where one gets in for Dresden is called Flying Field. That's the Tempelhofer Field where the carline No. 99 passes. There is much dust and noise at the flying field. The men all have a cold. They are dressed as warm as father was when he had the grippe. The men who have leather on their heads instead of hair are the fliers. They climb into the plane from above and then make a big noise with the propeller. The propeller looks like a hair ribbon but is made of wood and turns around. Then one must close one's eyes, otherwise they get full of sand and one gets blind. One can also fall down, because it is very windy.

"I flew away at 12 o'clock. My grandmother was at the station in Dresden and said my father was frivolous. My mother says that too when father comes home late. I was told to go to bed right away because I had caught a cough in the wind. But it hadn't been windy at all because the plane has windows.

Wants To Be Flier
"The plane has also club chairs.

I was tied to one of them with leather straps. Otherwise one falls out of the club chair. The people were very nice to me, just like mother when I had diphtheria. One man tied a paper bag in front of me. He said I should spit into it if I got sick. But I didn't get sick.

"From the plane I saw a lot of air. And below us were a lot of houses, but very small ones, and they staggered. That must be so because otherwise we could not fly. When we ride in the train the houses run and when we fly they stagger.

"I can't tell any more about my first flight because it was so fast. When I grow up I am going to be a flier."

**MULE MARKET SLOW IN
SOUTH AS COTTON CROP

(By International News Service)
WARRENSBURG, Mo., Oct. 6.—In Missouri, that state so noted for the massive mules which have served on battlefields and farms so obstinately yet nobly throughout the last decade, it is generally conceded by buyers of the animals

Nothing Gets By the Youngsters These Days

—they are cruelly critical, and unfortunate is the child who is shunned by his playmates because he is lacking in some respect which they think is important.

That's one of the terrible things about HOLISOLIS (scientific name for neglected shoes). It develops rapidly on children's feet and the child may be entirely unconscious of it. But not so his playmates! And even his best friends won't tell him about it.

that there must be a bad cotton crop in the South, else the mule market would not be so bad.

As goes the cotton market so goes the mule market, is another of those complicated associations with the markets. At least that is the opinion of Walter Jones, one of Missouri's largest mule buyers.

Now, said Jones, the mule market is unsteady because of the outcome of the cotton crop and because the price of cotton is unsteady.

Jones explained that the chief

peace time market for the contrary animals is in the South, because the mule is rugged enough to withstand the heat and punishment concurrent with the harvesting of the cotton crop, and the negroes in the cotton fields prefer the obstinate beast of burden to any other.

"MORAL ISSUE" COLLAPSES UNDER SMITH'S REPLY TO WILLIAM ALLEN WHITE

Opponents Forced to Acknowledge Falsity of Vice and Liquor Charges.

"VILE SUGGESTIONS" REFUTED BY RECORD

Democratic Nominee Declares Attack Was "Probably Inspired" by Republican National Committee.

ALBANY, N. Y.—The furtively whispered and fanatically declaimed "moral issue," injected openly into the Presidential campaign by William Allen White, Emporia (Kan.) editor, is today as dead as the dole.

With one masterly stroke, the forceful, fearless statement of a man unjustly assailed, Governor Alfred E. Smith has revealed clearly the unfairness and irresponsibility of those antagonists who were so unwise as to attack his personal record.

Replying to the charges made by the Kansas editor, the Governor defended and justified, bill by bill, his long record as a member of the New York State Assembly.

Vile Suggestions

Asserting that the "vile suggestions" of his accuser were "probably inspired" by the Republican National Committee, the Governor said:

"I am glad to have this matter taken out of the whispering stage and put into the open. Once and for all I shall meet it now. And meet it he did.

The "slandering statement" that he had aided prostitution, he showed, was based upon his vote in opposition to a single bill, and he disclosed that he had opposed that bill merely because it was "unquestionably unconstitutional and unworkable."

"On this bill, and on this single bill alone," Governor Smith said, "William Allen White would have my wife, my children and my friends believe that in my long career I was a friend of public prostitution."

Proving that the Kansas was entirely ignorant of the background of various bills he cited to support his charges, Governor Smith pointed out that both Republicans and Democrats had voted overwhelmingly with him. On one of the bills for which he was criticized, he revealed, the Assembly had voted unanimously.

Bills Duplicated

The Executive disclosed also his accuser's apparent guile in duplicating bills, in a "deliberate attempt" to show that his votes "dealt with a far greater number of so-called liquor bills than in fact they did."

One group of bills cited by White, referring to the establishment of premises licensed to sell liquor within 200 feet of a church or school, had been passed, it was shown, for the purpose of remedying a mistake in the language of the law, in accordance with a recommendation of the Court of Appeals.

Reviewing the history of the accusations, which he characterized as cowardly, Governor Smith pointed out that White had issued a retraction of the charged dealing with gambling and prostitution. He continued:

"The appearance of the Republican National Committee in the controversy indicates that it was a political attack probably inspired by that committee, because the Republican National Committee this week issued an official release to the newspapers in which Mr. White retracts his retraction."

Not Fair Play

"Lacking the courage to stand by its own complicity in the attack, the Republican director of publicity the next day states that he withdraws his issuance of Mr. White's withdrawal of his withdrawal." The Governor added: "No one in all the 25 years of my public life has ever dared to make the vile suggestions which emanated from Mr. White, with the approval of Henry J. Allen, Publicity Director of the Republican National Committee. What a cowardly course the Republican National Committee pursued! It issued a slanderous statement through its official publicity bureau and then, after its general publication to the press, attempted to evade responsibility by the childish claim that it had been given out by accident. That is not fair play."

"HATES HYPOCRISY"

So Famous Philanthropist, Life-long Republican, Will Vote for Smith.

August Heckscher, noted philanthropist and a life-long Republican, has announced that he will support Governor Smith rather than Hoover, because he "hates hypocrisy."

Mr. Heckscher was 80 years old last Sunday. He has voted the Republican ticket in every election for 60 years, he said, except when he cast his ballot for Cleveland.

MRS. MARSHALL HEADS WOMEN'S SMITH CLUB

LOS ANGELES—Mrs. Thomas H. Marshall, widow of Vice President Marshall, has been named as chairman of the Women's Smith Club of Southern California. Miss Mary Fay, well-known Democratic woman leader in this section, is vice chairman.

SENATOR ROBINSON WILL TOUR SOUTH

NEW YORK—Senator Joe T. Robinson of Arkansas, the Democratic nominee for Vice President, will make a tour of the south, delivering fourteen speeches from September 4 to September 21, inclusive, it was announced at Democratic National Headquarters.

The itinerary follows:
Sept. 4, Cisco, Texas; Sept. 6, Nashville, Tenn.; Sept. 7, Chattanooga, Tenn.; Sept. 8, Knoxville, Tenn.; Sept. 9, Richmond, Va.; Sept. 11, Raleigh, N. C.; Sept. 12, Charlotte, N. C.; Sept. 13, Columbia, S. C.; Sept. 14, Jacksonville, Fla.; Sept. 17, Miami, Fla.; Sept. 18, Atlanta, Ga.; Sept. 19, Bowling Green, Ky.; Sept. 20, Louisville, Ky.; Sept. 21, Henderson, Ky.

SMITH LAUDED BY SOUTHERN SENATOR

George of Georgia Says South Respects Candidate's "Complete Integrity."

ALBANY, N. Y.—Declaring that Democrats everywhere are bound to recognize the "honesty and complete mental integrity" of the man who heads their party, Senator Walter F. George, of Georgia, after his first visit to Governor Smith, predicted that the South would join the East in casting its electoral votes for Governor Smith. Senator George said:

"I think the integrity of Governor Smith's mental processes and his straightforwardness and frank statement of the issues he wishes to make to the country, will equally appeal to the voters of the East and the South."

"I think that when the people have thought the matter over they are likely to respond, and will respond, to the open-mindedness and honesty of Governor Smith. On any public question the Governor will state his own position. He doesn't want to deceive himself or anybody else. My recent discussion with him has convinced me that he has a marvelous grasp of the country's problems. I regard him as one of the outstanding Democrats of all time."

NATION ACCLAIMS SMITH ACCEPTANCE SPEECH

Prominent Republicans throughout the country joined Democrats in paying high tribute to the principles enunciated by Governor Smith in his speech of acceptance. Here is some of the comment:

COL. EDWARD C. CARRINGTON, campaign manager in Maryland for President Roosevelt and former Republican candidate for Senator, I concur with Gov. Smith in his insistence in giving the 48,000,000 people of the Middle West an outlet from the Great Lakes to the sea through American territory and controlled by the United States in peace and in war. I will vote for Smith.

WILLIAM H. SETTLE, President of the Indiana Farm Bureau's Federation: Gov. Smith's farm plan is in perfect agreement with the 24 farm organizations of the Central West.

GEORGE N. PERK, Republican farm leader, of Moline, Ill.: Gov. Smith's magnificent speech should awaken and thrill the farmers of this country.

SEN. DUNCAN U. FLETCHER, of Florida: Gov. Smith has shown that he measures up to the standard of a great statesman.

HENRY C. HANSBROUGH, former Republican Senator from North Dakota: Gov. Smith sounds the tocsin of war in behalf of thirty odd millions of farmers. At last the farmer is in a position to take the first step towards relief by voting for a man whose record for constructive achievement is beyond reproach.

RICHARD E. QUAY, prominent Republican business man of Pittsburgh, and son of the former Republican leader in Pennsylvania: A human declaration with honesty, high courage and red blood in every line—the most refreshing ever issued by a candidate for high office.

Here is some of the press comment: TULSA, Okla., WORLD (Republican): It was the most candid and frank speech ever made by any candidate for the Presidency of the United States, and is a gladsome relief from the Ambassadors, evasion and claptrap indulged in by most men in high places.

COLUMBUS, Ohio, STATE JOURNAL (Republican): Thoughtful, open-minded, patriotic people, who know what is going on under the present prohibition policy, will give it more careful attention.

ALBANY, New York, KNICKERBOCKER PRESS (Republican): I (Gov. Smith's program) furnishes a starting point from which a way may be found out of the deep and disgusting morass of official demagoguery, law defiance, intolerance and, what is most appalling, peril to public and social morality.

GUESS WORK BY DOCTORS HIT IN RESEARCH TALK

(By International News Service)

CHICAGO, Oct. 6.—Medical research workers may well study the fundamentals of the success of Henry Ford and strive for standardization of medicine to take the guess work out of healing, Dr. Preston Reed Hubbell, Detroit, declared here in an address before physicians from all parts of the country at the fifth annual convention of the American Electronic Research Association.

"Mr. Ford is probably the greatest exponent of standardization in the industrial world," Dr. Hubbell said, "and while the task of standardizing medicine is quite different from standardizing an automobile yet the fundamentals are the same in all fields."

"The laws of healing require that all parts of the body must be in harmony. There are various modalities of treatment which will produce this harmony. The first step is to know the law, then use the modality which will produce the harmony. Heretofore all schools of medicine have been discussing modalities of treatment but not fundamental laws."

Surgery Standardized
Surgery has been standardized, Dr. Hubbell said, but surgery does not cure disease; it merely cuts out the results of disease. Promiscuous surgery was condemned by the speaker, who declared that fully 75 per cent of the operations performed today are unnecessary and simply wound the body.

A man is as old as his glands and just as a storage battery may be recharged and maintained at

a high point of efficiency and long life, so can the gland and body of man be charged with new vigor, Dr. A. J. Molyneux of Jersey City, N. J., told the convention.

The use of radiant energy is not the only treatment, but the diagnosis of disease, is rapidly spreading in the medical world, Dr. Molyneux said. The treatment of rickets with sunlight is simply a more common form of radiant energy. He expressed the belief that when the technique of harnessing and applying radiant energy has been developed to a point of absolute accuracy, the necessity for surgery will dwindle to a minimum and that diagnosis and treatment of disease will be quick and sure.

Eating Proper Food

Dr. Claire D. Knox, Chicago, declared that the individual is what he eats and that a large percentage of the cases of illness are due to poorly combined foods. Few persons eat the proper foods Dr. Knox asserted.

One common error is the combination of two or more starches at one meal, the doctor stated. There should be no such mixtures as bread and potatoes, bread and beans, beans and potatoes, cereals and bananas, oatmeal and toast and such other similar combinations, Dr. Knox stated. An abundance of fruits and non-starchy vegetables was recommended by the speaker.

The ratio of increase in electrical production in Texas is greater than the average for the United States. Interconnection has made electricity available to hundreds of Texas towns which otherwise would not have had this convenience.

ROCKET AIRPLANES FOR ATTACKING AMERICA SEEN BY COMMUNIST WRITERS

(By International News Service)

BERLIN, Oct. 6.—Rocket airplanes speeding from Europe to America in twelve hours beyond reach of the most powerful anti-aircraft guns threaten the safety of the United States in the future.

Many European governments are now making a careful study of the problem of attacking America by air, from European shores, which is impossible at the present time.

That is the startling, if somewhat naive, declaration of the communist daily organ in Berlin, in an elaborate article on transatlantic flights and their military significance.

America today need have no fear of an attack by a European air fleet unless some base can be found on the American continent. Recent transatlantic flights have shown how difficult it is for an airplane to cross the Atlantic, and certainly no plane has yet been constructed to fly to the American shores, drop high explosives and then return to Europe. The problem of carrying sufficient gasoline to make this round trip has yet to be solved.

Only a dirigible of the Zeppelin type, or a gigantic airship such as is now being constructed in England, could carry sufficient fuel to cross from Europe to America and return, but a dirigible traveling over so vast a distance would be an easy target for American defense planes.

But a rocket plane traveling at terrific speed and at a height making it invisible to searching

eyes, could reach New York, drop high explosives and whiz back to Europe, according to the communist newspaper.

FEAR FLAMINGOS LOST FROM BAHAMAS DURING LAST BIG HURRICANE

(By International News Service)

WASHINGTON, Oct. 6.—The vivid splendor of the flamingo, long since gone from Florida and Cuba, may also have disappeared from the Bahamas during the West Indian hurricane, according to the American Nature Association.

The last colony of these bright "flame-birds" was on the island of Andros, where a sanctuary was established by the British government in 1922. Commissioner Elgin W. Forsythe was appointed warden of the island.

Following the hurricane of 1926, Forsythe, appointed special hurricane commissioner of the island, visited the flamingo colony to provide for the injured birds, only to find thousands of them killed. Several hundred young were saved, however, and the work of building up the colony began.

In Florida and Cuba the birds had been exterminated for meat. Whole flocks of young birds were driven to market like geese, the association says.

The custom of having the first Monday in the month designated as trades day will start with October 1 in Petersburg, and will be featured with horse swapping, auction sales and entertainment programs.

Hames Shows Here Sunday

The "Crimson Special" carrying the Bill Hames Shows will arrive in Ballinger Sunday. The show will be set up and ready to operate Monday night with all rides, shows and concessions open. The train is composed of 15 cars carrying 350 people. Monday night there will be no charge on the fair gate and everyone may visit the fairway free. After Monday the regular charge will be made for the fair and all entrances leading to the carnival grounds will be through the front gate at Fair Park.

SHERIFF GETS FORGER WANTED IN MISSISSIPPI

R. E. McWilliams arrested Paul Sanders in Winters Saturday morning and brought him to Ballinger and lodged him in the county bastille. Mr. McWilliams received a telegram early Saturday morning from the National Detective Bureau at Jackson, Miss., asking him to look out for Jackson, and within an hour and a half the man was placed under arrest. The detective bureau has been notified that their man is here and will likely send for him next week.

BAPTIST PASTOR ADDRESSES COLEMAN COUNTY BAPTISTS

Rev. J. H. McClain, pastor of the Ballinger Baptist church addressed the Coleman county Baptist Association at Coleman on Monday, Oct. 1, and The Democrat-Voice makes following comments on the same:

Baylor University at Waco, the oldest educational institution in Texas, was the subject of Rev. J. H. McClain of Ballinger when he spoke Monday at the Coleman County Baptist Association.

His address was centered about the greater Baylor University campaign to raise \$2,000,000 in Texas for the Baptist university. More than 5,000 workers are engaged in putting the campaign over and the dates of the campaign are from Nov. 23 to Dec. 4.

Indebtedness of Baylor represents the bulk of the state denominational debt in Texas, the speaker said, and money raised in the campaign will be used to retire it and create additional endowments.

D. K. Martin, state chairman, has declared the campaign to be the most significant and far-reaching endeavor of Texas Baptists since the \$75,000,000 campaign.

24,000 Loaves of Bread Daily Consumption During Fair Week

Figuring on a basis of the amount of bread used daily during fair week it is estimated, conservatively that Ballinger people and institutions will use at least 24,000 loaves of bread alone during the six days of the week, commencing Monday.

The annual output of bread during fair week is an enormous item and figuring on a basis of one person to each loaf of bread we would have 24,000 visitors and homefolk consuming bread, but

this is not a fair way to estimate the number of people, it is pointed out, as many small children do not eat much bread and the infants eat none at all. Then again, we have the fellow who eats pancakes for breakfast and his cornbread at other times.

The two bakeries in Ballinger will furnish a bulk of this bread, besides an enormous amount of buns which will be used in the manufacture of hot dogs, sandwiches and hamburgers.

"The Covered Wagon" Still Dwarfs All Other Pictures

A cast selected absolutely for type was chosen for "The Covered Wagon," a James Cruze-Paramount production of the famous Emerson Hough novel which makes a triumphant return to the Palace Theatre next Monday and Tuesday.

Lois Wilson plays the heroine—Molly Wingate, a typical girl of the frontier days, beautiful, big of soul and with the bravery and stamina which the wild experiences of the caravan demanded.

James Warren Kerrigan is seen as Will Bannon, the intrepid leader whose sterling qualities win through in the face of impending disgrace and hold the heart of Molly despite the efforts of a rival to blacken his character. The rival, Sam Woodhull, is portrayed as Alan Hale, noted screen villain. Mr. Wingate is played by Charles Ogle and his wife by Ethel Wales. Bill Jackson, Jim Bridger and Kit Carson, border scouts, are interpreted by Ernest Torrence, Tully Marshall and Guy Oliver respectively while John Fox is seen as Jed, the boy.

"The Covered Wagon" still towers over screendom as one of the most ambitious productions ever made. It has proven itself a pictorial historical document of immense value in addition to being a thrilling tale of those days when the west was untamed and largely in the hands of redskins.

REV. R. M. HAMMOCK IS TO RETURN TO THIS CITY

The Sweetwater Reporter reports that Rev. and Mrs. R. M. Hammock have sold their home in that city, and that they would move to Ballinger to make their home. Rev. Hammock was pastor of the First Presbyterian church here several years ago, and they have many friends who will welcome their return to this city. Just what Mr. Hammock will do here is not known, but of late he has been supplying churches in the Sweetwater territory and also doing accounting for several business firms.

Norton Turns Out For Legion Show

The reception given the Ballinger American Legion in the presentation of its play in Norton on Friday evening, is only in keeping with the spirit of friendship which prevails in the home of our friends in the northwest part of the county. The parties of our friends to the parties participating in the play and those instrumental in the success of the same, came away from Norton with a desire to at some time be privileged to again visit that fine little place.

Speaking in the terms used by one member of the troupe, "the play went over with a bang," the Legion realizing about \$60 net profit for the evening's work. Last year when the Legion played at Norton they were accorded a warm reception.

The cast included A. R. Jones, considered to be Ballinger's best comedian, E. W. Earnshaw, Harry Lynn, Neil McAlpine and Judge M. H. Boynton, and the ladies were Mrs. H. T. Forson, Mrs. Bob Galbraith, and Miss Helen Williams.

Ernest Moody's Orchestra furnished the musical numbers for the evening's entertainment, while the Legion quartet rendered several numbers between the acts as did Miss Williams and Jewel Chaney render a vocal duet which was given a glad hand at its conclusion.

The play was under the direction of Troy Simpson and after several weeks of preparation, was recently shown here to an appreciative audience, the arrangements being made for the Norton appearance only recently.

TIED OUTSIDE

In front of the West Texas Utilities office building on Friday afternoon was tied what looked very much like a full-blood, live, wide-awake holstein cow. Although the animal was very small in stature, she was so much like life itself that most everyone who came by touched the cold chalk form because they were thoroughly convinced that it was not a live cow.

The "cow" will be used in the Utilities company's booth at the Runnels County Fair, and will no doubt attract much attention in this department. The company's booth has always been a big attraction and they are determined that this year is to be no exception.

An advertised article never becomes shop-worn.

Concho County Fair At Eden is Success

EDEN, Oct. 6.—A football game in which Eden defeated Big Lake 13 to 0, an auction sale of Hereford cattle, races and goat roping, and the judging of exhibits featured the Concho County Fair Friday. The fair, which is attracting the largest crowds ever drawn here, will be concluded Saturday night. About 2,000 persons attended Friday.

Twelve business men of the county who underwrote the big premium list at the show were confident Friday that the fair would pay for itself and that they would not be out anything.

Miss Gladys Wilks, sponsor of the football team, started the game Friday afternoon, kicking the ball onto the field. The girls' pep squad, led by Miss Marie Potter, led the cheering for the home town.

Thompson Wins Race

In the horse races that followed the game, Oscar Thompson took first money, Fred Waring second, and Leon Burk third. A final race between the winners Thursday and Friday will be held Saturday.

Jack young, of Midland, who took first place in the goat roping Thursday, repeated his performance Friday. His time was nine seconds. Pete Taylor, with a time of 12 seconds, placed second and Oscar Thompson, 18 seconds, was third.

Live Oak community won first place in the community exhibits, Eden taking second and Brady Valley third. Dor Brown, Tom Green county agent, and C. W. Lehnberg, Runnels county agent were the judges.

Exhibitors of prize winning sheep were Roy Perry, of Paint Rock, Fred Hull, of Eden, H. Price, of Eden, and Melvin Wilhelm, of Menard.

C. Tipton, of Menard, and Mike Ellis, of Eden, were prize winners among the goat exhibitors.

In the cattle sale, which was

conducted by Neils Johnson, San Angelo auctioneer, D. E. Hughes was the heaviest purchaser. He paid 15 cents a pound for a calf that took second place in the club contest. The calf, which weighed nearly 600 pounds, was the property of W. H. Webster. Mr. Hughes also bought the champion calf in the club contest from Emmett Pflueger for 16 cents a pound. The animal weighed about 500 pounds. He also bought a Jersey heifer calf for \$29 and a Jersey cow for \$50 from A. R. Holman, of Paint Rock.

Walter Boswell paid \$60 for an 18-months-old heifer owned by Mr. Holman.

Henry Jacoby bought a club contest calf from M. J. Green for \$175.

Lee Pflueger paid \$125 for a club contest calf.

Prize winners in the Hereford cattle division were exhibited by V. D. Latham, W. M. Menzies of Menard, W. A. Ballard and H. C. Bunger and Morris Drumble.

Poultry division prizes went to J. R. Nichols, of Eden, C. F. Edwards, of Miles, Louis McNair, of Eden, M. B. Fowler, of Eden, and Mr. Hoppe of Hatchwell. T. A. Reeves of Fort Worth judged the poultry exhibits.

An auction sale of sheep will be held at the fair at 1 o'clock Saturday afternoon. Races and goat roping are also on the program and a dance will be held. Dancing was also held Thursday and Friday nights.

C. L. Hight of San Angelo, geologist for the Phillips Petroleum company, has been transferred to Ballinger and will be here for some time doing work for the company.

D. P. Emmons, assistant traffic manager of the West Texas Utilities company, was in the city Friday.

Baby Show to Attract Many

A baby show at the fair makes the show complete for the mothers of this section. Nothing attracts wider interest nor is the competition more keen in any other department of the fair than the show of fine babies.

Babies from a few days to two years of age are acceptable in the show, and if you feel you have the best looking baby in the world don't fail to put it in the show.

Three classes are defined as follows: boys, girls and twins. The judging will take place Friday, October 12 at 2 o'clock p. m.

Entrants will be allowed from any place, whether a resident of Runnels or some other county. The prizes will be awarded according to appearance and health showing only and no official test will be made as to weight, nor will there be any physical requirements. Just bring your baby and if it looks attractive, clean, and healthy, it has just as much chance of winning first place as any other mother's baby.

The prizes will be awarded as \$5 first in each class, and \$2.50 second in each class.

In former years this feature of the fair has been one of the big attractions and like all other departments, this year it is expected to be bigger and better than ever before.

Just who will do the judging will not be known until the day of the show, this being a job that few people seek.

B. Y. P. U.'S ARE TO MEET IN ANGELO IN NOVEMBER

SAN ANGELO, Oct. 6.—Laying plans to entertain 3,000 men and women at the State Baptist Young People's Union convention here on November 29, 30, and December 1, T. C. Gardner, secretary of the state convention, was this week conferring with committees from San Angelo Baptist organizations.

Lee Stalce, educational director of the First Baptist church here, is general chairman; Gus

Jones, entertainment; T. E. Galle-more, publicity; Buck Kirksey, registration; W. D. Green, sight-seeing committee.

A campaign will shortly be put in motion to secure at least 500 rooms in private homes to house the delegates.

ROAD MEETING POSTPONED

The meeting called in Lubbock for October 8 by No. 9 Highway Association has been postponed to October 29 due to the fact that Lubbock's fair has only recently closed and that city will need additional time for preparation.

The association formed of cities and counties through which No. 9 passes, has as its prime purpose to pave the highway leading from Amarillo to San Antonio and which is regarded as the main thoroughfare from the Rocky Mountain region to the southwest.

TERRIBLY ILL

Kentucky Lady's Health Was Very Bad. Had Severe Pains and Could Not Sleep.

Lexington, Ky.—Mrs. J. H. Nichols, who lives at 513 Elm Tree Lane, this city, says that Cardui has been of valuable assistance to her on two occasions, which she tells about below:

"Some few years ago, my health was bad. I had very severe pains in my sides. My nerves were in a terrible condition. I could not rest."

"The lower part of my body was very sore. I could hardly stoop over to lace my shoes. I would have to put my foot on a chair. I did not feel like eating, and did not sleep well at all at nights."

"A friend of mine recommended Cardui. I began taking it and saw quite an improvement in my condition. I kept it up until I felt strong and well."

About a year ago, Mrs. Nichols says, she found herself in a nervous, run-down condition. "I took Cardui again," she adds, "and it helped me wonderfully. It is a splendid tonic."

Thousands of women have written to tell how Cardui helped them to get rid of pain and suffering. Cardui is a mild, medicinal tonic, made from purely vegetable ingredients. At all drug stores. NC-190
