NEW WELL PRODUCES 305 BARRELS IN 22 HOURS

Contract Let for 3800-Foot Well East of City

A contract for another well was closed Monday by G. W. Boyce, of Canton, Ohio, and Robt. B. Summers was awarded the contract for drilling the hole. The contract depth is 3800 feet and the rig will be started at once. While the contract specifies that the hole shall be spudded before December 1, Mr. Summers states that he expects to be ahead of his contract in that respect.

The location is to be made on a 4000 acre block composed of land belonging to Lindeman, Lange and Clayton which is about two and one-half miles east of the Vacuum holdings, and was blocked by Harry Lamar Leasing Co., of San Angelo. Mr. Lamar sold an interest in this block to Mr. Boyce and associates of Canton, Ohio, who will finance the drilling program.

This well has no connection with the Robt. B. Summers Co. well located on the J. W. Reese tract six miles east of Ballinger, but Mr. Summers also expects to resume drilling in the near future on his well there, which was closed down some time back at 1648 feet. This well is said to have one of the most promising locations from geological standpoint of any in Runnels county and was so pronounced by Geo. B. Pirtle & Co., geologists of Coleman, who have located several of Coleman county's best producers.

The fact that Mr. Boyce and associates of Ohio were attracted to Runnels county can be attributed to the high gravity oil produced in this county. Mr. Boyce, being a native of Ohio, is very optimistic of the possibilities of the Runnels county fields, and commenting on business conditions in the two states said: "Unless a man has millions of dollars with which to operate in our country, he has little chance of making any real money, while here in Texas a man with the determination, can amass a fortune overnight in the oil game. I have been watching with keen interest the development in West Texas and when I first read of the discovery of oil in Runnels county, I realized from the fact that the oil here was of such high value that to bring in even a small paying well on a large tract of acreage like we have, would mean ultimate riches. Therefore, I am here today, to make a try for oil."

Mr. Summers is a man who has had much experience in the drilling business and will, without doubt, meet with success in both the drilling of this well for other parties as well as to be able to find production on his own lease.

The new well, to be known as Boyce No. 1, is to be drilled to a depth of 3800 feet, thus giving Runnels county one deep test and three or four chances of finding pay, as showings have been found at various depths in this county.

Spurred on by the discovery of oil in bigger quantities in the Vacuum's McMillan No. 3 on Monday of this week, other contracts will doubtless be made in the next few days and several deals are reported pending and the blocking of acreage has also been stimulated.

The Watchhorn-King well which is known as one of the world's best rock-pressure gas wells and the finding of so much oil in the new Vacuum, the memory and the fact of the showing made by the old Gulf No. 1 in the Russell field, and the showing also made by Safety First and Runnels Oil and Gas Co., several years ago, are all facts which bear well to prove Runnels county one of the best bets in Texas today.

Also the showing of oil and gas just beyond the Coleman county line and leaving all the territory between Vacuum's property and Coleman county undeveloped lends

New York Voters in Line at 6:00 O'Clock Will be Permitted to Vote

(By International News Service)
ALBANY, Oct. 23.—Voters in line outside polling places at 6 o'clock on election night must be permitted to cast their ballots, under a formal ruling by Attorney General Albert Ottinger, republican candidate for governor, today.

This ruling, it was said at the capitol, will preclude all possibility of Governor Smith calling a special session of the legislature to pass a special act to keep the polls open until midnight if necessary so the citizens can vote. State and city officials were alarmed over the greatly increased registration and feared that it would not be possible for all voters to cast their ballots if the polls closed at six.

Remove Seat Tax For School Busses

(By International News Service)
AUSTIN, Oct. 23.—The common school districts operating or owning or contracting with owners of motor busses for the transportation of students to and from schools are not liable for the \$4 seat tax imposed under the bus law. Assistant Attorney General Paul Page ruled today in an opinion to Bascom Cox, Cameron county attorney.

A new schoolhouse at Allmon embracing three class rooms, an auditorium, teachers office and library, and costing \$14,000 for the building, and \$1,500 for the equipment, has been turned over to the school district by the contractors.

Senator Robinson assails republicans on farm relief.

Five Burned In Hotel Fire

(By International News Service)
CHICAGO, Oct. 23.—Five men were burned to death and seven perhaps fatally injured when a fire swept a small hotel near the business district today. The fire is believed to have started when a guest lighted a cigaret in bed.

Ranger Man Dies from Fall

(By International News Service)
RANGER, Oct. 23.—Elmer Tudor, age 26, died at a local hospital today from injuries received Sunday when he fell on the pavement in attempting to board a moving truck from an automobile driven by his brother.

Senator Robinson pledges Governor Smith's support of public schools.

All Texas: Generally fair and warmer in East Texas.

to the favor of Runnels county for intensive drilling and this without doubt will come eventually.

Senator Norris Out for Smith

(By International News Service)
OMAHA, Oct. 23.—An unofficial announcement came from both the democratic and republican headquarters today that Senator George Norris, progressive republican, would endorse Governor Smith for president when he speaks here Saturday. The republicans have conceded that Norris will endorse Smith and progressive democratic headquarters are preparing a welcoming committee for the agrarian leader.

Hoover Charges To be Answered

(By International News Service)
ALBANY, N. Y., Oct. 23.—Gov. Al Smith was knee-deep today in preparation for the opening of his eastern campaign in Boston tomorrow night. Indications are that the governor will lose no time in replying to Herbert Hoover's charges in his New York speech last night about Smith's ideas of the farm relief, water control and prohibition tantamount to "state socialism."

Prohibition Aid Is a Failure

(By International News Service)
WASHINGTON, Oct. 23.—Foreign co-operation with the United States in prohibition enforcement is of little avail it was admitted by the treasury today, after the practical breakdown of the agreement with England, owing to the clashes of authority in the Bahamas and Bermuda.

The plan under which Canada was informing the United States of the clearances of liquor from the Dominion has collapsed. Prohibition Commissioner J. M. Doran, admitted.

Furlough is Granted to Visit Sick Mother

(By International News Service)
AUSTIN, Oct. 23.—On the recommendation of Cone Johnson, Bostick Burks, serving a 15-year sentence for a murder in Smith county, was granted a 15-day furlough on account of the illness of his mother.

J. A. Thomas, San Angelo attorney, was here Monday for the opening of district court.

J. K. Baker of Coleman was looking after court matters here Monday at the opening of district court.

Eckener and Crew Leave Chicago; Crowds Sing the German Anthem

(By International News Service)
CHICAGO, Oct. 23.—Dr. Hugo Eckener, commander of the dirigible Graf Zeppelin, and his crew were en route to Lakehurst, N. J., today. More than 2500 men and

Brown County Farmer Killed

(By International News Service)
BROWNWOOD, Oct. 23.—The ex-animating trial is being held today for R. B. Johnson, tenant farmer, who surrendered to officers last night in connection with the fatal shooting of W. H. Prince, a farmer. Johnson also is suffering from wounds.

Sheriff Arrests 4 Monday Evening

Sheriff R. E. McWilliams was called to Wingate Monday night where it was reported a man had gone on a rampage. Arriving there he found that the man had gone home, locked the doors and gone to bed with a shotgun. S. H. Wood was arrested, brought to town and charges of being drunk and disturbing the peace were filed against him.

The sheriff's department reported two men arrested and charged with an affray. Both pleaded guilty and paid their fines. Another was arrested on the street Monday night and lodged in the county jail Monday night. He was charged with being drunk and disturbing the peace.

Court Surrenders Mississippi Man

Monday afternoon the court ordered the prisoner, Paul Sanders, to be delivered to the Mississippi officers who were here to return the prisoner to Jackson, Miss., where he is wanted for forgery. Sheriff McWilliams left Ballinger with the prisoner two weeks ago to deliver him to an officer at Brady but was stopped there by a habeas corpus writ. The prisoner was left at Brady and later returned to Ballinger where he was held until the court disposed of the matter Monday.

Local Juniors Meet Wednesday

The junior football team from Winters will be here Wednesday afternoon at 4 o'clock to meet the local junior hi team in their second game of the year. The first game was played last week at Winters and resulted in a victory for the locals by a score of 6 to 0.

Coach Weaver of the local team will have a good line-up ready for the "Breezes" from Winters and will have a nice lot of new offensive plays ready to use Wednesday.

The local juniors lost to Robert Lee High School team Saturday 18 to 6. The locals were overpowered in weight to such an extent that they could not stop the Coke county team in their line plunges. They were very successful with the forward pass and scored against the big team with this route.

The Winters-Ballinger game will be played at Fair Park at 4 o'clock Wednesday afternoon. Students will be charged 10 cents and adults 25 cents for the game.

women gathered at the Union Station last night singing the German national anthem and bade the famous fliers "Auf Wiedersehn." The fliers will return and greet the city Friday in their giant airship.

Humble Building 2 New Cottages

The Humble Pipe Line company, which has a pumping station located some 10 or eleven miles southeast of Ballinger, is now pumping 40,000 barrels of West Texas crude through this station per day. To handle this bulk of crude oil it has been necessary for the company to put on two extra men at the station and the number of employees now regularly retained at the station is 14.

To meet the housing problem brought about by the addition of these two men the company has let the contract to a Houston firm for the erection of two new cottages, which will be modern in every respect.

The 14 men employed by the Humble are working six days per week although the plant is in operation seven days each week. This arrangement is made possible by the two extra men working alternately on the jobs of oilers, telegraph operators, engineers, etc. Most of these men have families and Ballinger merchants thus are benefited by the increased population at the station.

This is only an example of what we may expect when the Runnels county oil fields are opened up.

Local Rotarians In Abilene Friday

The Ballinger Rotary Club and their Rotaryans will go to Abilene Friday night of this week to meet with the clubs from Abilene, Ballinger, Cisco, Hamlin, Stamford and Sweetwater in a joint meeting to be held in the Crystal Room of the Hotel Hilton at 7:30 o'clock.

The crowd from Ballinger will number about 50 in all and will leave early in the afternoon for Abilene to attend the meeting. Pres. H. C. Lyon, of the Ballinger Rotary Club, will deliver the response to the welcome address and Rotarian H. W. Lynn will address the meeting on the subject, "What Rotary Can Do for the Community."

The program will be made up of speakers from each of the towns taking part in the meeting and other entertainment features added to make it varied and not tiresome with just speeches.

Listed among the musical numbers on the program is a vocal solo by Violet Graham McKnight of Lubbock. "The Sweetheart of Rotary" Bill McDonald of Stamford also will sing for the Rotarians.

Prominent among the addresses will be that of Rue Parcells, district governor from Amarillo, and Happy Goldsmith, of New York.

Have you read the want ads?

The Vacuum-McMillan No. 3 at 7 o'clock Tuesday morning had produced 305 barrels of oil with a gravity test of 45.8 corrected. This information was given out by Geo. H. Luck, district superintendent of the Vacuum Oil company here. The well continued to flow by heads every hour and the heads are keeping steady and coming on schedule time.

The well came in Monday morning at 10:40 o'clock and the first day's flow ran 330 barrels into the storage tanks. A gas flow of 300,000 cubic feet in the well was the official report given Tuesday morning. Assistant Superintendent P. W. Bowers of Houston, is here and assisted Mr. Luck in bringing in the well.

Mr. Luck stated Tuesday morning that the general superintendent of the Vacuum Oil company, W. C. Thomas, would arrive in Ballinger Tuesday night to look the new well over. Mr. Thomas has been in Tulsa, Okla., attending the National Petroleum convention and will come by here on his return to Houston.

Mr. Luck stated that they did not know just at present exactly what further developments would be done. He stated that it was too soon after bringing in the well to make any decision in this matter. He said, however, that they knew now that they had a pool and that they would develop it, but that at the present no new locations would be made. As soon as a development program is decided upon it will be given to the paper for publication.

The new well will be allowed to remain just as it is and will not be drilled any deeper as long as it continues to flow like it is doing at present. Mr. Luck stated that they were more satisfied with the well and that there was no comparison in it to either of the other two producers.

PRISONER KILLS SELF IN SAN QUENTIN PRISON

TALKING FILMS BRING WORRY TO ENGLISH STAGE

By J. C. Oestreicher
International News Service Staff Correspondent

LONDON, Oct. 23.—Full-length talking pictures have at last arrived in England, and England is worried about them.

Vaudeville performers, musicians, and producers of the ordinary silent films are considerably distressed over the success which the "talkies" have already achieved—although the first full-length picture was shown only a few weeks ago.

There are fears that the talking movies will put an end to the need for stage entertainment in picture houses. There are even greater fears that cinema musicians will no longer be needed when pictures with their own musical accompaniment arrive, and even the picture producers are worried.

To Hurt Employment
"The talking picture is a wonderful invention," said Monte Bailey, secretary of the Variety Artists' Federation, which corresponds to the N. V. A. in America. "But I am afraid it will put out of work a lot of music-hall artists who are earning a living at the cinemas—possibly five or six hundred of them."

"Certainly any artist who goes to the cinema with his act now would be doing a very foolish thing. He would be selling his birthright for a mess of pottage."

The Musicians' Union is not exactly in a state of panic, but its officials feel that in the course of time talking films might constitute a real menace to the orchestras in the smaller movie houses.

End of Orchestras
"The end of orchestras was predicted when the phonograph came in, and then again when broadcasting started," said an official of the union. "But orchestras are doing just as well as ever before and perhaps even better."

The talking films are causing the same sort of sensation here now that prevailed in New York six or eight months ago. Their novelty has made an immediate impression, and London has been quick to see the practicability of the scheme. Thousands of provincial theatres throughout England will benefit from the idea, for many of them are too small to employ large orchestras.

SHELL BROS. TRAINED WILD ANIMAL CIRCUS COMING TO BALLINGER

The big show is coming, boys. The smell of sawdust is in the air. Hear the call of the bugle and the crack of the ringmaster's whip. Shell Bros. will exhibit at Ballinger on Saturday, Oct. 27 for two performances, afternoon and night, rain or shine. This is the show you have been waiting for. The Shell Bros. famous show stands without a rival. Everybody knows them, for they never advertise what they do not give, hence the big top is always jammed with a happy, eager crowd. Originality and progressiveness have been the watchword of these kings of the arena. They have invested hundreds of thousands of dollars, have given years of careful, systematic preparation to perfect their wonderful organization, and a glorious reward is the culmination of their efforts. In order to obtain the latest and best in the

amusement world, to satisfy the ever-changing public, to retain the patronage and popularity so necessary for the continuance of a traveling institution of such magnitude, the Schell Bros. have balked at no effort no matter how herculean, or at any pecuniary outlay no matter how extravagant.

BRUNK COMEDIANS HERE FOR STAND NEXT WEEK

Brunk's Comedians will open in Ballinger for a full week's run next Monday on the National Guard drill ground at the rear of the C. A. Doose Building on Seventh Street.

The Brunk shows are well known to Ballinger theatre-goers, and are always one of the tent shows that draw good crowds here, having established a reputation many years ago and each year they have lived up to that reputation.

The opening bill here Monday night will be "Laugh That Off," which is listed as one of the best comedy bills of the week.

The admission to the Brunk shows will be, perhaps, the smallest admission ever charged by a tent theatre in Ballinger. Children will be charged 10 cents and adults 20 cents.

The company carries a 16-piece band for use on the streets and in front of the theatre and a 10-piece orchestra. High class vaudeville is presented between the acts of the play, giving the crowd entertainment all the time.

PAUL WHITEMAN AT ABILENE NOVEMBER 3

Abilene, Oct. 23.—Paul Whiteman and his orchestra will appear in concert at the Simmons University auditorium here on the evening of November 3rd, coming through the auspices of the Simmons Cowboy Band, it has been announced.

Whiteman's organization, which is the best known orchestra in the world, started on its third national tour October 7, giving the first performance in Carnegie Hall, New York City, before a packed house. He will arrive in Texas near the last days of October and will appear in eight Texas cities.

Tickets went on sale Monday of this week at the office of the Cowboy Band of Simmons. This is the second big attraction sponsored by the band this fall Sousa's band played here October 13, playing to 4,000 people.

The Coleman Gas and Oil company is making a \$40,000 addition in the form of a six-inch welded line laid from the city to the Santa Fe junction and a mile south. Another reservoir is to be constructed to the 10-inch trunk line of the Lone Star company.

Henderson Makes Moody Appoints Good at Temple Local People

In Monday's issue of The Temple Telegram appeared a cartoon of Coach Bill Henderson, pictured as a football coach with wings. The article below accompanied the cartoon and in a way speaks how the people of Temple feel about Bill. We claim Bill as our own boy here, and his mother, Mrs. C. W. Johnson, lives here at present.

"The Telegram's artist here has pictured Coach Bill Henderson of the Temple Wildcats with wings—reflecting the respectful esteem in which this leader of boys is held by the entire student body.

Whatever Henderson tells the boys they believe; for they know his heart is with them and they are firm in the conviction he knows as much about football and everything else as any other individual in the land.

And parents should be proud to have their sons idolize this man; for he is kind, sympathetic and firm—unselfish and hard-working. He is teaching the boys to play the game hard but fairly, and the lessons they are learning on the football field they will take with them into the game of life.

A youth who hopes to make Coach Henderson's team must "live right," for more and more material is flocking to the Wildcat squad annually and there is keen competition for every position on the team. That is one big reason why the Temple High School has a "fighting machine," that and the further reason that we have a lot of fine, stalwart, red-blooded boys with high ideals in the school."

SALESBOOK ORDERS HERE

By special arrangements we are now in a position to take orders for from 20 to 30 days delivery on salesbooks, from 125 to 5000 let us show you samples as there is a book for every known purpose.

Governor Dan Moody, state chairman, has announced the appointment of several citizens of Ballinger to serve as chairmen for their respective churches in the observance of the annual Golden Rule Sunday, December 2. This internationally recognized Sunday has been set aside to aid the 32,131 orphans in Bible lands, still under the care of Near East Relief.

The following chairmen have been appointed by Governor Moody:

Ballinger Baptist church, Mrs. E. Sheppard; First Methodist church, Mrs. John Currie; Eighth Street Presbyterian church, Mrs. W. A. Taylor; Broadway Presbyterian church, Mrs. Ralph Erwin; First Christian church, Mrs. Alfred Crager; Eighth Street Church of Christ, Mrs. F. A. Rubrecht.

The appointment letter received by these local chairmen says in part:

"Service to distressed children wherever found, combined with the purpose of creating a spirit of good-will among all the nations of the world, is the basic principle for observing International Golden Rule Sunday, December 2.

"Last year 50 countries, together with every state in the Union, joined in this universal expression of friendship.

"Strong local leadership is vital, and as chairman of the State Golden Rule Committee, I earnestly request that you serve as chairman and direct the effort in your church."

TRAIN SCIENTISTS TO STUDY INSECT PESTS

RIVERSIDE, Calif., Oct. 23.—Research in the biological control of insect pests is attracting entomologists of the United States and Europe to the Citrus Experiment Station of the University of California here, it was announced to-

day by Prof. Harry S. Smith.

The list of scientists to undergo training here W. V. Bauduf, assistant professor of entomology at the University of Illinois, and H. L. Dozier of the Delaware Experiment Station. Both have doctor's degrees, but desire a year's special training in biological control.

LIKE a great many women, Mrs. Alden was inclined to resent the interference of any outsider into her kitchen affairs. Her kitchen was her own; and while she attended the meetings of the Kitchen Club, and was glad to give suggestions, she decided to make her improvements without calling the Club in.

However, when the job was done, Mrs. Alden invited the Club in to see it; for, after all, she had been inspired to dress up her kitchen by seeing what was done for other women.

"Girls," she said to the Kitchen Clubbers before they went in to look at it, "My kitchen might not suit anybody else in the world but me. But I have made it remind me of the thing I love most—the sea—and now it makes me happier just to go into it. I was born on the coast of Maine, as you may know, and I never got over missing the water with its marvelous blue and green and white. Come and see how I have reproduced it in my kitchen!"

"O a life on the ocean wave!"

LEAVES FROM NANCY'S KITCHEN CLUB NOTEBOOK

Mrs. Alden's kitchen is a dream! It has all the cool, restful effect of the sea itself! Washable paint walls of the palest blue-green; dark blue and white "marbled" linoleum; jade green chairs and kitchen cabinet; white shelves lined with jade green; white porcelain enamel oil range; jade green table with white porcelain enamel top. Dark blue woodwork. A beautiful print of the ocean, hung right above the sink! It's surprising to see pictures in the kitchen; but, after all, why not? And why shouldn't a woman make her kitchen a picture of the thing she loves best, if it will make her happier?

Refinishing Furniture

Mrs. Alden did all her furniture herself, and it looks like a professional's job. She gave us these directions for using lacquer on old pieces:

Clean the surface. Sandpaper, if furniture has had glossy finish. Wipe off with kerosene or alcohol. Wait until surface dries. Brush lacquer on lightly, for a heavy stroke will soften any remaining varnish on the piece, and make it "bleed through". Three coats of lacquer should be used, and more if you wish a more satiny surface than the three coats give. Do your painting in a room away from the fire or outdoors if the weather permits. Lacquer dries almost instantly, but should be aired before using.

"We Paint. Come back in half an hour."

New Heat Indicator

Mrs. Alden's new range has a heat indicator which she says is the most accurate she has ever seen for an oil stove. It is built into the side of the oven.

We got some recipe for excellent imitation sea dishes this afternoon. Here they are:

Beef Oysters

Beat one pound of round steak. Cut into pieces the size of an oyster. Soak for ten minutes in water with a teaspoon of baking soda in it. Take out, dry, salt and pepper. Dip in meal. Fry in hot fat until very brown. This process makes the steak taste very much like oysters, and it can be eaten at any time of year.

Tomato Oysters

Slice half-ripe tomatoes. Salt, pepper, and dip into cracker crumbs. Fry in deep fat. This dish also tastes like oysters, and many like it better.

Salsify (Oyster Plant)

Scrape the salsify. Boil it tender. Remove from fire; mash well and mix with cracker crumbs, butter, salt, pepper and a beaten egg. Make into patties the size of an oyster, roll in cracker dust and fry in hot fat.

"Treasure Chest" Salad

Take curved leaves of lettuce. Wash and arrange on plate. Halves of fresh or canned peaches. Scoop out center of both halves. Set one half on lettuce leaf. Fill with grated pineapple. Cover with other half. French dressing and paprika over the top. Makes a beautiful salad, as curved lettuce leaf resembles a sea shell, and the peach, of course, is the treasure chest.

"Ye ho ho and a plate of salad!"

MOVIES

Hilarious Fun In Fox Films Comedy Drama

Hilarity will be in order at the Queen Theatre as long as the Fox comedy, "Why Sailors Go Wrong," is on view there. The story starts out in a big city where two pals, one Jewish and the other Irish, are shown as friendly competitors in the transportation business.

Sammy drives a broken down taxi cab and Mac a rattle trap hansom with an old white nag for motive power. Business being slow, the boys decide to help two lovers in distress. This takes them on board a palatial yacht where they are shanghaied and made to swab decks and peel potatoes. These distasteful duties are interrupted when the craft is wrecked and the entire party cast on a desert island inhabited by cannibals, hula girls, monkeys and other jungle denizens. It is here that the fun begins and one comic situation succeeds another from stepping on lions' tails to being fought over by the jungle beauties.

Sally Phipps and Nick Stuart make a charming couple in the feature roles and the comedy team is composed of Sammy Cohen and Ten McNamara, Jack Pennick and Carl Miller are prominent in the supporting cast. This is a mirthquake from start to finish.

Fred Thompson Picture Has More Than Share of Thrills

One of the most remarkable shots ever attempted in a motion picture is seen in Fred Thompson's first production "Jesse James," at the Palace Theatre today. Thirty men climb from horses into the

Fred Thompson in "Jesse James" A Paramount Picture

car windows of a passenger train traveling at the rate of 35 miles an hour.

It depicts a spectacular train robbery by Jesse James. Fred Thompson as the famous outlaw leads the stunt on his white horse, "Silver King." He had to do considerable experimenting on the speed and his ability to make the transfer before the scene was shot and members of the unit found it necessary to scour the West for 30 cowboys who thought they had the nerve to try it.

Ethlyne Clair Is Brush Artist As Well As Cinema Attraction

Ethlyne Clair, dark-eyed Southern girl, who plays opposite Hoot Gibson in his newest starring picture for Universal, "Riding for Fame," which opens at the Palace Theatre Friday makes a practice

Bridge Party Held In Spite of Cold!

Don't despair some day your social calendar is full, and you awake with a miserable cold. Be rid of it by noon! You can, if you know the secret—a simple compound that soon settles any cold, yes, even one that has reached deep in the throat or lungs.

The smallest druggist has this wonderful tablet. Pape's Cold Compound is what they call it. Harmless, but it drives away colds quicker than all the dosing with drugs that make the head ring. Don't go to a party red-nosed and with watery eyes; get this quick relief for 35c at any druggist.

PAPE'S COLD COMPOUND

of painting outdoor scenes when she is on location. The actress, who was formerly a painter, has received much critical praise for her work. Others in the supporting cast of this thrilling film are Charles K. French, George Summerville, Allan Forrest and Ruth Cherrington. Reaves Eason directed from his own original screen story.

CITATION BY PUBLICATION

THE STATE OF TEXAS To the Sheriff or any Constable of Runnels County, Greeting:

You are hereby commanded to summon H. L. Griswold, whose residence, to the Plaintiff is unknown, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in nearest county where a newspaper is published, to appear at the next regular term of the County Court of Runnels County, to be held at the Court House thereof, in Ballinger, on the 1st Monday in November A. D. 1928 the same being the 5th day of November A. D. 1928, then and there to answer a petition filed in said Court on the 7th day of July A. D. 1928 in a suit numbered on the docket of said Court No. 1510, wherein Ballinger Cotton Oil Company, Inc., is Plaintiff, and H. L. Griswold is Defendant and said petition alleging that on or about the 6th day of April, 1928, the defendant, National Drilling Company, alleged to be a private corporation organized under the laws of Texas, in which defendant H. L. Griswold is and was a large stockholder and officer, was indebted to plaintiff in the sum of \$319.80 for oil sold and delivered to the National Drilling Company by plaintiff, and that on said date defendant H. L. Griswold for the purpose of securing the plaintiff and its indebtedness against the National Drilling Company, and in consideration of

the plaintiff forbearance to bring suit, made, executed and delivered plaintiff a chattel mortgage lien on the following described personal property, then and now situated in Runnels County, Texas, to-wit: 3700 feet of 2 inch iron pipe located on the A. C. Willingham farm about eight miles north-east of the town of Ballinger, Texas; that said indebtedness is now past due, and the defendants though often requested have wholly failed and refused to pay same, and that said mortgage lien is valid and subsisting and that said debt and lien are owned by plaintiff, and praying for judgment against the National Drilling Company for its debt and against all of the defendants for foreclosure of its mortgage lien and for order of sale, costs of suit and general relief.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness, W. A. Forgey, Clerk of the County Court, Runnels County. Given under my hand and the Seal of said Court at office in Ballinger, Texas, this 1st day of October A. D. 1928.

W. A. Forgey, Clerk. County Court, Runnels County. d-2-9-16-23

GERMAN BLOOD TEST IS CERTAIN IDENTIFICATION OF MOTHER AND FATHER

By O. D. Tolischus (International News Service Staff Correspondent)

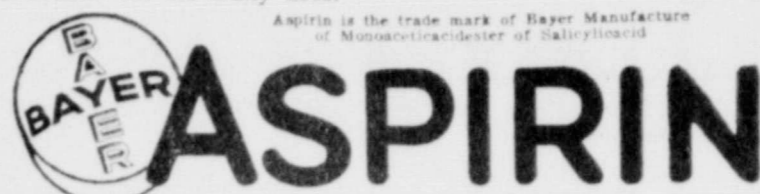

BERLIN, Oct. 23.—Solomon would have never had to use the drastic sword test which he did in the case of the disputed child, and his reputation for wisdom would perhaps never been so great, if instead of the sword he had used the blood test discovered by Professor Zangemeister and Dr. Eva Kreiger, of the Königsberg Women's Clinic.

This blood test makes possi-

-take it! It's Bayer

The nurse tells you to take Bayer Aspirin because she knows it's safe. Doctors have told her so. It has no effect on the heart, so take it to stop a headache or check a cold. For almost instant relief of neuralgia, neuritis, rheumatism; even lumbago. But be sure it's Bayer—the genuine Aspirin. At druggists, with proven directions for its many uses.

ble the absolute identification of the mother as well as the father of a child.

It has been found that if the blood serum of the child is mixed with the blood serum of either parent, it undergoes a certain characteristic change in color which it does not undergo when mixed with the blood serum of a strange person.

The test is very simple and is made with a specially constructed

optical apparatus. It bans the spectre which sometimes haunts new mothers in a clinic that their new-born babe might be exchanged by mistake with a strange one, and it also enables the identification of unwilling fathers.

When court convened in Ballinger Monday, practically every man who had been summoned on jury duty was present and only a very few had an excuse to offer. Judge Woodward complimented the citizens of this county for their willingness to do jury duty.

The Rhode Island branch of the American Federation of Labor, recently adopted a resolution of support for Governor Smith and pledged co-operation with the Labor Bureau of the democratic national committee for the success of the national ticket.

A move is on foot to again line the sidewalks with Christmas trees this year and decorate the old town in the spirit of Christmas. It was a popular move last year and with the experience of one year local merchants plan to make the decoration more attractive and better this year.

It looks like that every time court opens in Ballinger there are a lot of cases to be filed at the last minute. This year was no exception and within the last few days many arrests have been made on all kinds of charges. Most of the cases, however, have entered pleas of guilty and paid off.

Several local merchants have stated that Saturday was the best day they ever had in Ballinger. Others have said that it was the best day they have had this year. Local merchants co-operated on a city-wide dollar day and the unusual bargains brought many people here to do their shopping Saturday.

HOOVER SAT TIGHT

Herbert Hoover sat in the cabinet of President Harding when Fall was pulling through the steels of Teapot Dome and Elk Hills. All official Washington swished with talk of the steel. Hoover, a mining engineer, the fair-haired boy of Harding and Coolidge, who was used as a trouble-shooter in every department of government and who butted into the affairs of the department of agriculture so persistently that the late Henry Wallace of Des Moines resigned in protest, the Hoover who was called into the coal and railroad shippers' strike of 1922 to help the Secretary of Labor Davis and who helped put over the famous Jacksonville Agreement on the United Mine Workers of America in 1924, is now offered as a man who knew nothing about the treasonable betrayal of the nation by Fall. From the day the lease was signed to this Hoover has never said one word to indi-

"Any day but that!"

It's embarrassing when men don't understand—and embarrassing when they do. Women who have learned of Midol don't have painful periods. Midol is not a narcotic. It acts only on the organs affected. Perfectly safe, but swift; it brings complete comfort in five to seven minutes! No matter how hard a time you've always had, Midol will dispel every particle of pain. It is only common sense to use it, for it does nothing to hinder the normal, natural process of menstruation; but makes it painless.

Get Midol in the trim little case of aluminum, for purse or pocket; fifty cents, at any drugstore.

"THERE'S OUR PORT, AL!"

By Bressler

cate that he does not approve of Fall, Daugherty, Denby, Jess Smith, Forbes & Co.

He is positively indicted by the testimony of Birch Helm, an oil man who tried to bid for Teapot Dome. Helm said he went to Hoover and protested against the unfairness of the Sinclair lease. Hoover sat tight and said nothing.—Salina (Kansas) Sun.

Ben Matthesen has been in Fort Worth on business for the last two or three days.

PIMPLES DISAPPEAR

No more embarrassment, my friends think it wonderful. Young's Stomach Powder has removed my pimples, had breath, excess acid, teeth, not sensitive now. Druggist return money if it fails. J. Y. Pearce Drug Co.

U. S. GETS FOUR MEN IN WORLD TENNIS RANKS

By Charles A. Smith
(International News Service Staff Correspondent)

LONDON, Oct. 23.—American are awarded third, fourth, sixth and eighth places in a ranking list of the ten foremost male lawn tennis players of the world prepared by A. Willis Myers, the well-known English expert and critic. In a list of the ten foremost women players, Myers accords Americans first, sixth and ninth places.

Myers, who has based his lists on the result of the international tournament played throughout the world during the season just closed, thus gives the United States players seven places in the ranking list of 20, a representation of slightly over 33 per cent.

France, represented by Henri Cochet and Rene Lacoste, respectively, is given pride of place in the men's list, while the other four placings, besides those of the United States players, are awarded to French, English, Italian and Australian players. The women's list is more cosmopolitan and evenly divided, America and England taking the largest percentage with three placings.

The lists, as prepared by Myers, follow in full:

- Men
1. Cochet, France.
 2. Lacoste, France.
 3. Tilden, U. S. A.
 4. Hunter, U. S. A.
 5. Borotra, France.
 6. Lott, U. S. A.
 7. Austin, England.
 8. Hennessey, U. S. A.
 9. Morpurgo, Italy.

10. Hawkes, Australia.

- Women
1. Helen Wills, U. S. A.
 2. Senorita D'Alvarez, Spain.
 3. D. Akhurst, England.
 4. Ellen Bennett, England.
 5. Mrs. Watson, England.
 6. Elizabeth Ryan, U. S. A.
 7. Fraulein Asem, Germany.
 8. Mddie. Bouman, Holland.
 9. Helen Jacobs, U. S. A.
 10. Miss Boyd, Australia.

From the above placings it will be noted that Myers has failed to find a French woman player of sufficient merit to be included in his lists, and supports the contention of experts that no woman player has yet arisen who can be even remotely compared with "Suzanne."

Of Molla Mallory, the former American woman crack, and Betty Nuthall, the young English girl of whom much was expected, Myers remarks: "Mrs. Mallory's best days are over, while those of Betty Nuthall are yet to come."

BUILDING BOARD MADE OF STRAW HELPS FARMERS

(By International News Service)
CHICAGO, Oct. 23.—Building boards are being made from straw in cereal regions where there are no forests, Sidney D. Wells, chemical engineer of Quincy, Ill., declared in a report to the Engineering Foundation, New York.

The rise of this process, enabling the construction industry to employ a new material and to make a substantial contribution to farm relief, he attributes to scientific research.

"In the great wheat areas," says Mr. Wells, "enormous quantities of straw are burned annually because it is too resistant to decay to be assimilated by the soil between harvest and sowing time. Only an infinitesimal quantity is otherwise utilized."

Save Transportation

"Most cereal areas are devoid of forests and must transport lumber from distant places. From the beginning of civilization straw has been used in rural habitations, for both men and beast, where the fire hazard was small. Its capacity for reducing the passage of heat has long been recognized.

"The laboratory learned that few raw materials, if any, were adaptable as straw to the manufacture of insulating board. Its fibres are cemented together in long filaments, which can be pounded apart softening by digestion at elevated temperatures for a few hours.

"The proportion of fiber is large; it is devoid of pith. Only mild cooking is required, and not more than 20 per cent is rendered sol-

uble. Much of the latter is adhesive; it acts as a strong binder and waterproofing agent.

Boards Are Strong

"Boards made from straw are exceptionally strong because the filamentous characteristics are retained; felting properties together with the cementing characteristics of the binding material form a strongly interwoven mass.

"In fabrication in the wet condition the fibrous mass is extremely flexible and plastic, but after drying, it becomes rigid and strongly cemented together."

ST. LOUIS COLLECTOR GETS NAPOLEONIC LACE SET

(By International News Service)
LONDON, Oct. 23.—The finest lace in existence, so precious that its value cannot be assessed, has been sold by a London firm of fine art dealers to a St. Louis, U. S. A., collector.

The lace is the complete set of bed-hangings which Napoleon gave to the Archduchess Maria Louise on the occasion of their marriage.

The groundwork is powdered with the Imperial "Bee," and the Napoleonic crown forms the corners. The border carries sprays of the lilies of France.

When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.

Next time a heavy meal, or too rich a diet has brought on the least discomfort, try—

BENOIT ITEMS

We are experiencing a change in the weather, from warm temperature to a sudden cool spell, the norther striking here about 8:30 Sunday night and from all indications frost will be here by morning.

W. F. Bale and family are leaving for Coleman to make their home.

Mr. and Mrs. O. C. Cox and children were visitors in the Walter Cox home Sunday at Novice.

Miss Mitzie Hoffman left Saturday for Brownwood, after spending the summer in California, and the early fall with relatives here.

Claud Brookshire and family spent Sunday with Mr. and Mrs. Bob Sims in the Eagle Branch community.

Albert Cottrell was here on business from Comanche Monday.

Mr. and Mrs. Jess Stagner of Miles spent Wednesday night with W. H. Stagner and family.

Mrs. Pryor Martin and brother, Buster Gibson of Brownwood, visited their parents, Mr. and Mrs. C. M. Gibson, Saturday night and Sunday.

Mr. and Mrs. L. B. Rumpy went to Wilmett Sunday morning. Mrs. Rumpy spent the day with relatives, while Mr. Rumpy and L. B. Jr., motored to Abilene.

Mrs. Henry Vandevanter called on Mrs. J. E. Rives Wednesday afternoon.

Miss Corinne Gressett of Tankersly returned to her home Sunday after a two weeks stay with Miss Ruth Cole.

Mrs. Neal Clayton is on the sick list at this writing. We hope she will be up in a few days.

Miss Jewel Clayton has gone to Fort Worth for a visit with friends.

Mr. and Mrs. A. J. Pullin called on Mr. and Mrs. Julius Lange Sunday afternoon.

F. Gresset and family spent Sunday night in the home of A. N. Hoffman.

C. M. Gibson and F. E. Clayton were business visitors in Taylor county Monday.

Mr. and Mrs. Horace Davis of Hatchel spent Sunday with home folks here.

"REPORTER"

BARNETT NEWS

There were a few out to prayer-meeting Wednesday night. M. H. Nelson gave us a good lesson. The subject was "The Good Samaritan."

We were glad to have with us a few of the Hagan people.

A few of the Hagan and Barnett people attended the singing at the home of Mrs. Daniels of Ballinger.

There was a large crowd out for Sunday school Sunday morning.

Bro. Hooper from Ballinger filled his regular appointment Sunday afternoon. We all enjoyed his sermon very much.

Miss Annie McQueen spent Sunday with Miss Frances Hill.

The B. Y. P. U. program was as follows:

Mrs. Jim Duke as captain of Group No. 1 was absent and Mrs. H. E. Forgey took her place and she and the members of Group No. 1 rendered a very nice program. We will have our Halloween social and program at Mrs. Jim Hookes' on Wednesday night of the 31st.

Everybody come to singing next Sunday and let's make it a big Sunday.

"REPORTER"

VITAPHONE PICTURES AT MAJESTIC IN ABILENE

Vitaphone, the new invention has made possible perfect talking and singing motion pictures by synchronizing the voice and movement of the character upon the screen, is being installed in Majestic Theatre in Abilene, and the first public presentation of talking pictures will take place there Monday, October 23.

The staggering cost of equipment and service necessary to the presentation of talking pictures almost precludes the adoption of the new entertainment form by smaller communities, and for this reason the installation of Vitaphone in Abilene is regarded by the management of the Majestic Theatre as a boon for all persons residing within a motoring distance of that city.

Vitaphone has thrilled the world. And it has captured the imagination of artists from every field of entertainment. The roster of Vitaphone includes celebrities and leading artists from motion pictures, the grand opera stage, the legitimate theatre, the variety circuits and the world of jazz.

W. D. Jennings of Miles was in Ballinger Monday looking after business and attending district court.

An advertised article never becomes shop-worn.

Cape Cod Folks are Divided in Debate on Whether Sea Gulls are Blessing or Pest

(By International News Service) PROVINCETOWN, Mass., Oct. 23.—Is the sea gull of Cape Cod a blessing or a detriment? This is the question which at present is under discussion in this historic port.

The populace of the Cape is divided in its opinion, depending upon the means of livelihood the individual expressing his view follows.

The farmer, for instance, lauds the gull, giving for his reasons the fact that he goes inland at times and removes insects which would be destructive to the farmer's crop.

With the fishermen, however, it is a different matter altogether. Sea gulls cost the fisherman hundreds of dollars annually by perching on the canvas tops of power dories and ruining them.

The gull is also accused of stealing clams from the buckets of clam diggers while those worthy laborers happen to be gazing in the opposite direction.

It seems that the fisherman does not take everything into consideration, however. The gull is generally credited with helping to prevent wrecks in fog and with aiding the fisherman in making bigger hauls by hovering over the schools of fish.

One thing more is said in defense of the sea gull. It has been proved that he will trail a submarine, thus making him a valuable aid in naval warfare, and he has also been detected on drifting mines, shrieking a warning to approaching boats.

PRINCE WEDS COMMONER

TOKIO, Oct. 23.—Yasu Hito, Prince Chichibu, heir-presumptive to the Japanese throne, broke all precedents of nobility by selecting for his bride Miss etsuka Matsudaira, the daughter of a commoner, former ambassador to Washington. The marriage was proclaimed with all the ceremony of ancient Japanese symbolism.

TO SUPPORT SMITH

SAN ANGELO, Oct. 23.—Seventeen of the 25 democratic nominees in Tom Green county have signed the party pledge and announced their intention of supporting the democratic nominees throughout the ticket.

Five of the eight failing to sign the document, had not yet been

reached by Clyde Vinson, county chairman, while two of the eight elected to support the candidacy of Alfred E. Smith independently and one B. E. Gray, justice of the peace nominee, announced openly that he would support Herbert Hoover for the presidency.

The quickest way to keep abreast with the times is to read the ads.

Sweetwater Scene Of Bearcat Clash

Coach Wright will leave Friday morning for Sweetwater with about 20 Bear Cats to meet one of the hardest teams on the local schedule of games this year. The game will be played on the high school gridiron Friday afternoon at 3:30 o'clock.

The Bear Cats are all in good condition and not a single man will miss the game on account of injuries. Schuman who has been out of the game with an injured hand, reported to practice Monday afternoon and was able to fling passes with the same degree of accuracy as he did before he was hurt. Wheeler was able to take a turn at quarter Monday afternoon after being out all last week with an injured side.

No player was hurt in the Howard Payne game and the team will stack up about their best for the tilt at Sweetwater.

Sweetwater has been winning consistently this year and has met some of the best Class B teams in this section of the state. The locals are confident of victory and the game promises to be a struggle between two good, hard fighting teams.

ATTENTION ROYAL ARCH MASONS

Called meeting tonight at 7:30 p. m. for work in the Past Master's Degree, all members of the Chapter are urged to be present. Visiting Companions are cordially invited.

VIENNA'S MUSIC SEASON BRINGS NEW INSTRUMENT

By Alfred Tyrnauer
(International News Service Staff Correspondent)

VIENNA, Oct. 23.—The Vienna music season began with a sensation, a new musical instrument or rather music without an instrument was introduced to the critical audience of the Vienna Concert House, at a recent performance.

The success of the "spherophone" of the French professor, Maurice Matenot was tremendous, the music plucked from the air by his hand won an unprecedentedly unanimous praise.

Like Radio Set
The spherophone is an improved instrument of the type, which was first presented about a year ago at the Frankfort Music Exposition. It looks like a middle-sized radio receiving set, and it is, indeed, very similarly constructed.

Its principal parts are vacuum tubes, which produce the tones, if alternating currents of varying frequencies are conducted over them, and movable wire rolls, which control the frequency and thus the height of the tones, produced in the tubes.

The intensity of the tones is regulated with the strength of the current between the spherophone and a loud speaker, which belongs to the apparatus.

Forceful Music
Prof. Matenot's vibrating fingers, which seem to be moving in the air, produce a marvelously clear, sweet and forceful music. Whole notes, halves, quarters, even eighths, once sounding like a deep organ, then resembling a flute, a violin, a harp, and sometimes a human voice, are united into a pure and perfect music enchanting the audience and overwhelming the critics.

Works of Beethoven, Mozart, Bach and Schubert were played by Matenot, who was accompanied by his wife, Genevieve, upon the grand piano.

It was an undisputed success. The general opinion is that the spherophone is one of the most important inventions in the history of music. Prof. Matenot will probably visit America next season.

DEATHS

T. W. Whiddon
T. W. Whiddon died at his home four miles east of Ballinger on the Leaday road, at 11:30 a. m. Tuesday. The funeral was announced for Wednesday afternoon at 3:30 o'clock at the family residence with Rev. J. H. McClain in charge.

He is survived by his children, J. T. Whiddon, Mrs. Jewell Thomason, Mrs. Pearl Odum, Mrs. J. J. Reed of San Angelo, Opal Whiddon, T. W. Whiddon, Jr., and Katie Ray Whiddon, R. P. Porter of San Angelo is a cousin of Mr. Whiddon and was present when he died. Tom Hill of Hamlin, and John Hill of Clifton are also cousins of the deceased. Mrs. Whiddon's sister, Mrs. H. C. King, lives here.

DIZZY, NO APPETITE

Since Taking Black-Draught This Man Is Eager For His Meals and Feels Much Better.

Harrisburg, N. C.—Mr. M. F. Pink, of this place, says: "It must have been fully twenty-five years ago that I began taking Black-Draught regularly. It wasn't so long after I married."

"I was in town one day and while talking to a friend I stooped over to pick up something. When I straightened up, I felt dizzy. I spoke to him about this and how I had not felt like eating."

"My friend told me to take some Black-Draught. I knew my mother had used it, and so I bought a package. When I got home, I took a good, big dose, and the next night, another. In a few days I felt much better. I was hungry and the dizziness was gone."

"A good many times I have had this dizziness and a bad taste in my mouth or headaches, and then I take Black-Draught and get better. I do not have to take it very often. We buy from five to seven packages a year."

Theodore's Black-Draught has been found to relieve sick headaches in thousands of cases that were due to constipation. Containing no mineral drugs, it acts gently, yet promptly. Try it. *NC. 123*

Black-Draught

MANY NOTABLE SPEAKERS ON TEACHERS' PROGRAM

COLLEGE STATION, Oct. 23.—Outstanding leaders in educational thought of both state and national note are scheduled to appear on the program of the fiftieth annual meeting of the Texas State Teachers' Association at San Antonio, November 29-December 1, announcement of the completed program for the meeting just made here shows. W. L. Hughes, professor of rural education at the A. & M. College of Texas, who is president of the association, will preside at the sessions.

The general theme for discussion at the meeting is "A democratic school system for Texas." Sessions will be held in the San Antonio municipal auditorium. The program will be opened with a Thanksgiving service the morning of November 29, at which Dr. John W. Darby, of the Central Christian church, San Antonio, will deliver the sermon. Anniversary program will be held that evening with business meeting, including the election of officers, following the speaking program.

Among those who will address the state meeting of teachers are: Gov. Dan Moody, S. M. N. Marr, state superintendent of public instruction, William Allen White, nationally known editor of Emporia, Kansas; President T. O. Walton of the A. & M. College of Texas; Mrs. W. R. Potter, Bowie, president Texas Federation of Women's Clubs; President P. W. Horn of Texas Technological College; Homer D. Wade, manager West Texas Chamber of Commerce; T. H. Harris, state superintendent of public instruction of Louisiana; President W. B. Bizzell of the University of Oklahoma; Dean T. H. Shelby of the University of Texas; Mrs. Noyes Darling Smith, Austin, president of the Texas Congress of Mothers and Parent-Teachers Association, and others.

Plain now is to have a new eight story Hilton Hotel on the corner of Sixth and Austin streets. Construction will begin this week, and is expected to continue for six months, at which time the building will be completed.

SAVE SOUVENIRS IN ISLAND HOME OF NAPOLEON I.

(By International News Service)
PARIS, Oct. 23.—While all of Paris was discussing and censuring the latest play of Maurice Rostand, "Napoleon IV," the inauguration of a museum in the home of his celebrated ancestor, Emperor Napoleon I, was being held in the little Island of Aix on the Bay of Biscay.

This historic mansion, the tallest on the island, is the only one of all the different imperial homes which was built under Napoleon's own orders and it was here that he passed the days of July 12, 13, 14, and 15, of 1811, the last days he spent on French soil before going to England.

It stands in the center of this isolated piece of land which has seen many military struggles and bears the following inscription: "To the memory of our immortal Emperor Napoleon I—July 15, 1815."

"Everything about him was sublime, both his glories and his reverses. And his respected name soars over the universe."

All of the furnishings have been preserved and stand just as they did when Napoleon used the house. Visitors will also find the room of the Little Corporal especially interesting for it was here that the great Frenchman, defeated and proscribed, paced the floor, trying to decide whether to give himself up or flee to America.

Said to be the smallest point in France, the little Island of Aix once received the greatest monarch.

FORMER LOCAL COMMERCE SECRETARY HERE ON VISIT

Stuart L. Williams, formerly secretary of the local chamber of commerce, was a visitor in Ballinger Tuesday. Mr. Williams, since leaving Ballinger, has been making his home in Pasadena, Calif. He has been attending the national convention of the American Legion in San Antonio and visiting relatives in Cisco.

Mr. Williams was very complimentary over the growth of Ballinger since he left here in 1924, and noted other improvements which have taken place.

TWO DATES ARE ANNOUNCED FOR SCHOOL AUDITORIUM

Supt. H. C. Lyon announced Tuesday that entertainments would be given at the high school auditorium on October 30 and on November 22.

On October 30 Miss Aminda Timmons will give a recital with her class in expression to the pub-

lic and on November 22, the high school orchestra under the direction of Miss Dorothy Chancey, will give a concert to the public. Both attractions will be free and announcement is made this early to avoid other attractions conflicting with these dates.

Cal Expects No Naval Conflag

(By International News Service)
WASHINGTON, Oct. 23.—President Coolidge does not foresee any strong possibility for another general naval disarmament conference before 1931, when the powers will meet to revise the Washington Arms Treaty, it was declared at the White House today. He does not believe that the publication of the terms of the Franco-British accord will alter conditions.
