Plane is Nearing End in Record Endurance Flight

(By Associated Press)
CHICAGO, July 3.—The airplane Southern Cross left Chicago at 6:40 this morning for San Francisco to complete its world circling journey.

Commander Charles Kingsford-Smith, pilot of the machine, said at the take-off here, "We will fly the ship to California, where we will decide what to do with her."

CHICAGO, July 3.—The Hunter brothers endurance plane City of Chicago had been aloft 523 hours at 10:40 o'clock this morning. Cash profits accruing to the Hunters total \$14,948.

CHICAGO, July 3.—The Hunter brothers, endurance fliers, had been in the air 525 hours at 12:40 o'clock this afternoon. The aviators had made 209 contacts with the refueling plane and had flown a total of 39,375 miles.

Ballinger Plans 4th Entertainment

Ballinger will celebrate the grand and glorious Fourth tomorrow by suspending business and everyone spending the day to his own liking. The chief topic of conversation along the street Tuesday was where to go Friday. Parties were being arranged to attend nearly every program in West Texas and judging from the number who expect to fish and camp, all streams will be lined.

A large number of citizens were planning to commence their trips late Thursday afternoon. Fishing tackle was being prepared for use Thursday night and picnic spreads with fish as the principle course was anticipated by many.

Brady probably will receive the largest number of Ballingerites tomorrow. Horse racing, barbecue, baseball games and other features in that city in connection with a three-day celebration will draw throngs from all sections of West Texas. Plans have been made to entertain 20,000 people on the Fourth.

Race enthusiasts will go to Abilene in large groups to attend the automobile and motorcycle races at West Texas Fair Park. Racing cars and well known drivers from all over the nation have taken numbers in the race there. A bathing revue at Lytel Beach at night will complete the day's celebration with dancing in a number of places. The revue will name Miss West Texas who later in the year will be sent to the Galveston international revue.

Cisco with its big bathing girls revue and all-day celebration will draw a few from Ballinger.

The barbecue for members of the Ballinger Country Club will keep about seventy-five families at home for the day.

TEXAS DISTRICT WINS AWARD OF SILVER CUP

Local employees of the Oklahoma Natural Gas Corporation were given an opportunity Wednesday to inspect a loving cup awarded to the Texas district of the company for sales of stock. The cup, a handsome silver engraved trophy, stands about 18 inches high and bears the inscription, "Winner of Customer's Ownership Campaign."

This award goes each year to the district selling the largest percentage of their quota of shares of corporation stock, and is made by the president of the company. The Oklahoma division had held the trophy for the two preceding years, but failed to keep the award in competition with the Texas salesmen this year.

C. T. Cantrell, local manager, stated Thursday that he hoped to bring the cup to Ballinger soon for display down town. The cup was carried to Coleman Wednesday for exhibition there and will soon be returned to San Angelo where it will be kept the greater part of the time.

Mr. and Mrs. Towner Dickinson and little son, Bobbie, of Carrizo Springs, are here to spend the Fourth with Mr. Dickinson's mother, Mrs. R. A. Dickinson.

SASSO, Italy, July 3.—Fourteen persons were killed and many injured today when a passenger and a freight train collided near Bologna.

5 New Cardinals Given Red Hats

(By Associated Press)
VATICAN CITY, July 3.—Five new cardinals received red hats today from the pope in the public consistory.

The ceremony was one of the most elaborate ever held by the Catholic Church. All cardinals in Rome and many visiting church dignitaries attended.

MINIATURE GOLF COURSE WILL OPEN HERE 4th

Coach Wright's Miniature Golf Course located on Broadway across the avenue from the West Texas Ice Co., station will open for play the night of July 4th. The official opening, however, will be postponed until Saturday night.

The management has worked night and day trying to get ready for opening on the Fourth but it will be impossible to have all painting done and hazards set before Saturday. Reflectors for the 30 two-hundred watt lamps over the course had not arrived Thursday and this was another reason for delaying the official opening.

Par for the course will be 42 and those who looked the fairways and hazards over agree that it will be a hard course to par. Attractive hazards such as houses, windmills, railroad bridges, loops, loops, and others make the course interesting.

COLUMBUS, O., July 3.—In face of strong opposition the National Education Association today approved that the schools use selected periodicals that carry no tobacco advertisements.

CITIZENS TRAINING CAMP BIG SUCCESS THIS YEAR

(By Associated Press)
SAN ANTONIO, July 3.—Success of the Citizens' Military Training Camp at Camp Bullis about twenty miles north of San Antonio has exceeded all expectations, according to war department officials.

The popularity of the new camp was evidenced from the beginning with an enrollment quota of 1,200 applications for the camp totaled 1901. 1452 applicants were ordered to camp with the expectation that, as in previous years, a certain number would be prevented at the last moment from reporting at camp. 1347 applicants reported, of whom 1318 were enrolled after the entrance examination.

Military authorities said the camp opened June 12 under most adverse weather conditions but the morale of the candidates has been extremely high. During the first half of the camp, there were sixteen cases of absence without leave and only eight persons were dropped from the rolls on account of unauthorized absence.

The abandonment of the old ramshackle cantonment barracks at Fort Sam Houston and the substitution thereof of a model tent camp at Bullis was a marked improvement this year, officers said.

(By Associated Press)
CHICAGO, July 3.—Jack McGurn, dapper hoodlum, reputed to be a gunman of the "Scarface" Al Capone gang, was sentenced to a year in jail and fined \$300 here today on charges of carrying a concealed weapon.

INDIAN GIRL DEFILES TRIBE TO GET GOVERNMENT JOB

(By Associated Press)
WASHINGTON, July 1.—Against opposition of her tribe, Juanita Crispin, full blood Pueblo Indian girl, has worked her way to a government post which pays \$1,800 a year.

Juanita, who is 20, has passed a civil service examination for matron and seamstress and has been appointed to a position.

Her examination papers, on file at the department of the interior, are written in a tiny, copperplate hand which would do credit to a college graduate. She discourses learnedly on the care of living quarters, sanitation and diet.

Says Hen Provides Best Farm Relief

(By Associated Press)
BUDA, Texas, June 20.—One of the most effective methods of farm relief has been evolved by the lowly hen and should other hens take up the movement the prosperity of poultry raisers, at least, is assured.

For the hen lays two eggs at a time. She doesn't do this every day but has done it sufficiently often to arouse considerable interest around Buda. The ambitious hen has come to be regarded as a phenomenon.

One egg is laid inside the other, with separate shell, yolk and white. The first time the hen accomplished the feat was June 7 and to convince skeptical persons that it wasn't an accident she laid another one just like it a few days later. The first egg was nine and one-eighth by seven and one-half inches while the second was nine by seven and three-eighths inches and weighed 13 ounces.

The hen is owned by Mrs. W. D. Carrington of Buda.

Conference Report Adopted by House

(By Associated Press)
WASHINGTON, July 3.—The House today adopted the conference committee report on the veterans' pension bill and only approval by the Senate is needed for final congressional action.

However, there is considerable doubt that this approval will be extended by the upper house due to alterations in the measure by the conferees.

TROOP NO. 30 BEST IN BASEBALL GAME

Troop No. 30 of the Ballinger Boy Scouts defeated the Olfen Boy Scout baseball team here Wednesday afternoon by a score of 21 to 5. The Ballinger boys got to pitcher G. Lange and pounded him to all corners of the lot for 21 safe blows in seven innings. Capt. Elwin Williams for the Ballinger nine pitched good ball for five innings and with a safe lead gave way to Jackson, who finished the work on the mound.

James Parrish is manager of troop 30, and K. V. Northington, scoutmaster, Elwin Williams, captain of the team, looks after the boys on the playing field. Jackson, Wellhausen and Hill led the hitting attack for the Ballinger team, each getting four out of five trips to the plate. Hill had a slight advantage with one two-base and one three-base blow.

Rev. Father Boeding was here with the Olfen team and managed the affairs of the visiting lads.

DALLAS, July 3.—A suspect here was identified today by Deputy Constable T. G. Jones of Mesquite in the fatal shooting Tuesday of Constable J. P. Davis.

A blood-smeared automobile, containing accessories several men were stripping from another machine when officers arrested them preceding the shooting, was found here in the "Little Mexico" district.

The shooting occurred as the Mesquite officers were attempting to take the arrested man to jail, Davis dying, and Jones being wounded. The prisoners fled.

Hubbard Wooten of Houston, Mr. and Mrs. W. H. Thomas, of Roswell, New Mexico, and Mrs. C. O. Linnecum are here, visiting Miss Grace Wooten and other relatives.

Good Weather is Promised for Race

(By Associated Press)
HOUSTON, July 3.—The weather outlook for the national elimination balloon races here tomorrow is predicted favorable.

Captain S. F. Wilbur, of the race committee, said "it looks like partly cloudy, cool, no rain." A northeast wind probably will carry the balloons over Northeast Texas into the region in the vicinity of St. Louis.

CHILDREN STAGE CHARITY RECITAL

Little Miss Evelyn Cox, age 12, of Temple, visiting Nancy Pyburn, presented the neighborhood youngsters in a program of songs, recitations and artistic acts one afternoon recently at the Alex McGregor home.

Directed by Evelyn Cox, Master Alvin Hart as announcer and ringmaster, the school program went through with a bobble featuring numbers ried out by Nancy Pyburn, Bandy McGregor, Alex (Boy) McGregor, Clara Beth Lynn, Jane Flynn and Cordella Lynn.

The entire proceeds of the concert amounting to \$2.05 were turned over to the local charity board.

Flies from Laredo Nine Quakes Do Damage in India

(By Associated Press)
GAUHATI, India, July 3.—Nine earthquake shocks were felt here today. Many persons were injured, buildings demolished and telegraph wires broken.

Temblors were also reported from Calcutta, Shillog and along the Eastern Bengal Railway where bridges are out and other damage caused.

To Spend Millions On Randolph Field In the Near Future

(By Associated Press)
SAN ANTONIO, July 3.—The next two months will see letting of contracts for several million dollars worth of construction at Randolph Field, "West Point of the Air," according to Captain Arthur W. Parker, construction quartermaster.

Award of contract on bids opened June 30 approximating \$400,000 is to be announced in a short time. Contract has just been let for new structures costing approximately \$670,000.

The bids opened June 30 cover construction of aprons in front of a unit of 20 hangars at an estimated cost of \$200,000, installation of a drainage system and building of a fence around the field.

The next bids will be opened July 16, covering the following projects: Two bachelor officers' quarters to cost \$150,000 each; one bachelor officers' mess hall, \$60,000; one quartermaster maintenance building, \$20,000; one fire station, \$15,000; 85 officers' quarters, \$1,085,000.

On July 28 bids will be opened for an electrical distribution duct system. Bids probably will be opened at this time for 18 hangars to cost about \$30,000 each. The steel for these structures is furnished by the government, which brings the value per building to approximately \$50,000.

Bids will be opened the early part of August on an officers' mess hall and club building and a bakery building.

About August 15 additional bids are to be opened on a garage building to cost in the neighborhood of \$150,000, a 50-bed hospital, \$250,000; cadet mess hall, headquarters building, two 104-cadet barracks and a post exchange.

Bids are to be opened about September 1 on 11 two-story field officers' quarters and on October 1 on two enlisted men's buildings. Other projects are scheduled for starting before fall, Capt. Parker stated.

The location of a highway is becoming a big problem in this section of the state. If the road is considerable distance from where people they kick, and if it comes through their property they want it somewhere else. No location will please everybody but usually back of most of the complaining is a selfish personal reason for wanting the location of some other than the logical route selected by the highway engineers. The benefit that good roads are to any county should offset the kicks and those affected should be willing to sacrifice some to get a good highway. When a location is made it does not carry with it the contract for actual construction and a road is never a reality until it is built.

The way negro cases have been handled in Texas recently should be a warning to that race that criminal crimes cannot be committed in this state without terrible punishment. These offenses seem to come in waves. When one case is reported and a negro lynched, others usually follow, and with the same result, an angry mob deals out what its members think is a just punishment. The name of the state suffers twice when the crime is committed—once for the crime itself, and once for the mob violence. Some people are always willing to let the law deal out justice but if the crime were nearer home they might see it differently. We are not defending the mob spirit but recent happenings in Texas should prove conclusively that such crimes will meet a swift and awful vengeance.

Gubernatorial candidates talk about their platforms as though they are elected their main tasks will become laws. Recent legislative battles in Texas have shown that the governor may not enter such easy sailing in writing new laws. There is a senate and a house of representatives to deal with and a governor and of harmony with the legislature will find perilous reefs in front of his pet hobbies. Men sent to the Texas legislature make mistakes sometimes, but they are men capable of thinking for themselves and cannot be led about by the governor and persuaded to pass measures that they believe will be bad legislation. All the candidates have some fine planks which they are parading before the voters but this is not a one-man state and before these opinions can be put into laws there can be many a slip.

KINGSTON, England.—(AP)—The local burial board has banned use of "Pa" and "Ma" on tombstones, holding that they are childish words and that "father" and "mother" would be better English.

SUNDOWN STORIES

BALD EAGLES

By Mary Graham Bonner

The Little Black Clock had turned the time ahead one day and he had taken the children far away in the woods to watch two young bald eagles learning to fly.

They were stretching their wings, trying to do just as grown-up eagles did.

Their eyes were brown and their feathers were golden brown. Their parents looked quite different. They had white feathers on their heads and white tail feathers, and their eyes were yellow.

"When the younger ones have lived in this world for about three years they will be like their parents. By that time they will have grown up," the Little Black Clock said.

"They are just learning to fly. They always take their lessons around this time of the year."

The parents had yellow feet too, and later on the young eagles would find that their feet turned yellow.

They gave the children lessons in catching fish as well as in flying, and they showed them how to swoop down and catch food from a bird flying along with his dinner.

Of course the eagles couldn't learn all their lessons at once but they were very quick and very bright, and as the Little Black Clock turned the time around now so John and Peggy could see their lessons being learned, they thought the eagles were very, very clever.

And now the children saw the eagles flying out of their high, strong nest, flying so gracefully and beautifully, far up in the air.

CANDIDATES CALL TRUCE IN POSTER DESTRUCTION

(By Associated Press) SAN ANTONIO, July 3.—The poster destruction war between rival political factions in San Antonio has been halted by a truce. Maury Maverick, candidate for county tax collector on the Citizens League ticket, and Tom Newton, county attorney and a People's Progressive League ticket leader reached an agreement to discourage the practice of destroying political posters after both sides had broken about even in the "war."

FELT GOOD OF SORTS

Arkansas Man Tells of the Good He Gets From Taking Black-Draught.

Mena, Ark.—"If there is a better laxative medicine made than Theford's Black-Draught, I've never found it, and I tried a good many before I began taking Black-Draught about twenty years ago," writes Mr. H. F. Miller, who lives at 211 Keweenaw street, this city. "I am satisfied with Black-Draught. When I feel all out of sorts, my feet seem to feel heavy, and I feel tired when I haven't worked; and I get a bad, silly taste in my mouth, I just take two or three doses of Black-Draught and I feel better."

"I have found it good for indigestion, in fact for about everything it is recommended for. We just keep it in the house and use it for biliousness, headache and such complaints. I recommend Black-Draught to others."

This well-known medicine has been in use nearly 100 years, and its popularity is constantly increasing, as growing sales clearly prove. Don't trifle with counterfeits and questionable substitutes when you can so easily obtain the genuine Theford's Black-Draught by always calling for it by name, "Theford's." Costs only 1 cent a dose. Sold everywhere.

HOW'S your HEALTH

Edited by DR. JAGO GALDSTON

WHAT IS NORMAL? What is normal?—always a provoking, and frequently a difficult question to answer. Does normal imply the best or does it merely represent the average?

What, for example, is the normal span of human life? What is the normal height and weight of a sixteen year old boy?

This question of what is normal has been brought to a new point through recent studies in nutrition and growth.

The studies, conducted by Sherman and Campbell, were made with the albino rat.

This common laboratory animal whose life cycle revolves about 30 times as fast as man, offers excellent opportunities for the study of nutritional effects upon growth and development.

Sherman and Campbell studied two groups of rats, through 21 generations. By feeding one group on a normal diet and the other on a diet richer in milk, it was found that the better fed group lived longer, had more offspring, many more of which survived, than did the other group.

The albino rat is an animal which in its feeding habits, and in its body chemistry, closely resembles the human. The conclusions drawn from these and similar nutrition experiments, therefore, are, to a large extent, applicable to man.

The principal point in the experiment reported here, however, is not the value of added milk in the diet of the rat, but rather the possibility to improve on the normal life span and function of the animal, through improvement in the so-called normal diet.

Of course, the problem is wherein and how to improve the diet. There is no full answer available as yet.

Still, if everyone were informed and applied what is at this time known about proper nutrition, there would quickly result a marked improvement in the well-being of our population.

HERRING TOPICS

There was quite a nice crowd out for Sunday school Sunday morning, also for B. Y. P. U. Sunday night. The Senior play was very interesting.

Miss Willie B. Hale, who came in last week, had the pleasure of riding by airplane from Houston to Dallas, where she visited her

brother for a short time. She then came on to Ballinger in a bus. Miss Hale says she enjoyed the air ride very much and found it to be quite thrilling. We are wondering if she won't be driving one of her own before long?

Mr. and Mrs. Lonnie Allcorn visited relatives in San Angelo Sunday.

Mr. and Mrs. Walter Hale, of Houston, are visiting relatives here this week.

Mr. and Mrs. S. H. Miller spent Sunday in the home of their daughter, Mrs. L. A. Faubin.

Mrs. G. C. Avert visited relatives in Electra over the week-end.

Miss Bernice Hale visited Miss Irma Mae Ritchie, of Talpa, part of last week.

Mr. and Mrs. John Rosford and family visited relatives at Crews Sunday.

News has been received here of the arrival of a son born to Mr. and Mrs. Clyde Brevard, of the Blanton community. Mr. and Mrs. Brevard formerly lived here. The young gentleman bears the name of Noel Leeman.

Mrs. Willie Faubin was a caller in the home of Mrs. Miller Monday afternoon.

Mrs. Georgia Johnson and children were guests of the J. P. Brevard family Monday.

Miss Loy Brevard spent Saturday night with Misses Ozella and Mona Avert.

Mrs. M. C. Smith and daughter, Miss Maryatt, returned Monday from a six weeks visit at Gainesville where they visited their daughter and sister, Mrs. H. F. Turbeville.

Mrs. J. N. Ogbourne and daughter, Betty Lou, left Thursday for El Paso where they will visit for several weeks.

Absentee Voting To Start Monday

Absentee voting for the July 26th primary will be permitted Monday according to the law governing same. Those eligible to vote 20 days prior to the election must at that time be in another county and not expected to be at home by the date of the election. In that case they may go before a notary public in the town where they are, file application for a ballot and the notary will procure one from the county clerk, have the person applying vote the ticket in his presence and return it to the county clerk. This ballot will be cast by the county clerk when the polls open on the morning of the 26th.

Others eligible to vote absentee are persons who, ten days prior to the election, and not less than three days, expect to leave town and not return before election day. They may go before the county clerk of their county, swear an affidavit as to the intended absence, and cast a ballot, leaving it with the clerk to be placed in the ballot box on the morning of the 26th.

An order has been given for the printing of the ticket in Runnels county so that tickets will be ready for the clerk to issue by Monday morning, July 7th. Any time after that date those in certain classes may make application and cast ballots.

All election supplies and voting boxes will be sent to election judges in the twenty-seven voting boxes in this county in plenty of time for holding the election.

Races for county and precinct offices are expected to bring a record vote to the polls in Runnels county on the 26th. Interest is increasing in politics daily and by the date of the election citizens will be more or less excited over certain races and expected to vote.

The Daily Ledger has completed arrangements for the handling of election returns here on the night of the first primary. A large bulletin board will be erected to take care of as much of the county tabulations as possible. The Ledger will act as correspondent from Runnels county for the Texas Election Bureau at Dallas and until 2:00 a. m. will receive bulletins from this association on the principal state races. The bulletins and other tabulations will be given to the public as they arrive over a small broadcasting system.

Arrangements have been made with the D. E. Moody Music House to install a broadcasting set at the Ledger office for election night. The microphone will be placed in the editorial office and the loud speaker on the awning in front of the office where it can be heard easily. This system will permit the newspaper to give out more news and much better service than has been possible heretofore. Tabulations will be made by a clerical staff in the office and the throngs informed every few minutes on the latest totals.

Late Sunday morning a special edition will be published and delivered to all subscribers in time for an early breakfast.

Lupe Velez Says Girl Must Have Love to Live

The average girl has simply got to love somebody—or something—and if there isn't a suitable male handy she'd better find herself some sort of job on which she can pour all her emotional fireworks.

Because if she doesn't she is apt to explode!

These are the studied conclusions of Lupe Velez, the impetuous, diminutive, black-haired Mexican movie actress whose latest all-talking picture, "Hell Harbor," will be seen and heard at the Palace Theatre Friday and

"When you are supposed to kiss them in the love scenes, don't you really kiss them?" Lupe smiled. "I do all my kissing before the camera," she said. "And when I kiss a man he stays kissed! But it is the actress that is kissing, not Lupe."

Then she returned to her first thesis. "A girl," she explained, "has got to love something or she dries up and withers away, if she doesn't explode first. Girls have to have an emotional outlet. When a girl is little she finds it in her dolls. When she grows older she tries to find it in boys and men. You can't bottle it up any more than you can bottle up a railroad train running at full speed. If you do, you wreck the train."

J. M. (MICHEL) MOORE MAKES STATEMENT To the Qualified Voters of Precinct No. 1, Runnels County, Texas:

Inasmuch as it will be impossible for me to see each voter personally, due to the fact that I am working every day, I am taking the liberty through the medium of The Ledger, to give you my views as to the duties and responsibilities of the office of constable, to which position I am a candidate.

There is quite a bit that could be said regarding this particular office, but in a brief way I am going to say to you frankly, that if you favor me with this office I am going to enforce the law, without fear or favor, to all alike. I think in this connection it behooves me to refer you to my record as a peace officer, while working for the city of Ballinger. I think the records will bear me out, that I made no distinction among violators of the law as to creed or class, and I tried to, and think did so, fairly and impartially. The duties of constable are of course more exacting and broader, than that of a police officer, and I promise you here and now that if I am elected to this office, I will be on the job constantly, and will do everything within my power to aid and cooperate with the other law enforcement officers of our county, and will continue to suppress crime, and assist in bringing violators to a speedy trial, as I have done in the past. Assuring you

ladies and gentlemen and each of you, of my sincere appreciation for your vote and influence in my behalf, I am,

Very truly yours,
J. M. (MICHEL) MOORE.

WILLIAMS RESIGNS AS MAGNOLIA AGENT

J. A. Williams, for many years manager of the Magnolia Oil Company at Ballinger, tendered his resignation this week and sold all his equipment to E. S. Cox, of Paint Rock, who was checked in here as local manager. Mr. Williams has been with the company for the past twelve years and resigns in order to take a long vacation and then enter other work.

Mr. Cox will move his family to Ballinger to make their home.

He is already in charge of the wholesale house here. He is an experienced oil man and will continue with the business along previous lines.

When asked what his future intentions were Mr. Williams stated that he was not sure. "I am going to take a good vacation the rest of the summer and return here in the fall to enter some kind of work." Mr. Williams said that he intended to make Ballinger his home and was not thinking of leaving here at all.

This is the second oil company to change hands here this

week. The Holt Oil Company was sold the first part of the week to the Russell Oil Company of San Antonio.

MRS. A. MCGREGOR PAINFULLY BURNED

Mrs. A. McGregor was painfully burned Wednesday when a kettle full of boiling water was overturned on her leg. Mr. McGregor was at home when the accident occurred and rendered first aid treatment until a physician could be summoned. While the burn is very painful Mrs. McGregor was resting well Thursday morning and the wound was healing.

IT'S A PITY TO BE FAT!

"Coming events cast their shadows before"

When tempted to over-indulge
"Reach for a Lucky instead"

Be moderate—be moderate in all things, even in smoking. Avoid that future shadow* by avoiding over-indulgence, if you would maintain that modern, ever-youthful figure. "Reach for a Lucky instead."

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Lucky Strike has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

"It's toasted"

Your Throat Protection—against irritation—against cough

*In his famous book entitled "Foods for the Fat," Dr. Yorke-Davies gives this advice: "Any system for reducing fat will be of no avail if the patient persists in eating between meals." We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

SKELETON OF INDIAN IS DONATED TO MUSEUM

(By Associated Press) CANYON, July 3.—The skeleton of an Indian chieftan, found in Collingsworth county recently, will be placed in the museum of the Panhandle Plains Historical Society here.

The skeleton was found by Ken Cannon who was riding along a creek and saw the barrel of the Indian's flint gun sticking out of the ground. It was removed by Floyd V. Studer of Amarillo, who is preparing it for display.

Indications were that the skeleton had been buried at least 75 years. The flint rock still remained in the flint gun that was beside the Indian. Many belongings were in the casket.

WINDSOR, England, July 3.—The dungeons in the Prince of Wales' new home, Fort Belvedere, have been converted into boiler rooms for a steam heating system.

Betty Lou Ogbourne Feted on Birthday

In compliment to her daughter, Betty Lou, on her ninth birthday, Mrs. J. N. Ogbourne entertained a large group of children on the lawn of her home on Eighth Street Tuesday afternoon.

Games, dearly familiar to children were played under adult supervision until the cutting of the cake. This was a pretty two-tiered confection iced in white, with decorations in pink and green, with tiny pink tapers.

Children invited to enjoy this happy occasion with Betty Lou were: Jane Cheatham, Madelyn Healer, Mary Lou and Ann Creasy, Victor Miller Jr., Rosemary and James Arthur Lasater, Louise Williams, Gloria McGregor, Ruth Baskley, Eleanor Williams, J. Burns Harwell Jr., Ann Kiechle, Jane Flynn, Annette and Virginia Harris, Billy and Evelyn Teague, Lurene Strain, Cordelia Lynn, Ralph James Erwin, Isla Mae and Fred Jennings, Billy Sykes, Joe Simmons Jr., Paul and Walter Trimmer, Bobby and June Wright, John Edwin and Billy Glenn Cummings, Nancy Pyburn, Jack Bandy McGregor, Corbett Davis, Doris and Gabriella Miller, Billy Jack Connelly, Mary Ruth Duke, K. V. Northington Jr., and Betty Joe Glenn of Bronte.

Lawn Party is Pretty Affair Mrs. Clyde Cantrell was hostess at a party of unusual beauty on Tuesday afternoon on the lawn of her home at the Oklahoma Natural Gas Corporation station.

She chose the vivid tones of purple and gold and stressed them in every detail; in floral decorations for the tables and plates, in all game accessories, in individual favors and in the delectable plate passed at tea time.

Guests included were: Mmes. J. N. Ogbourne, R. A. Smith, J. B. Striplin, Ben Sones of Ft. Worth, Robert Bruce, Frank Pearce, Bruce Creasy, Geo. Holman, Will Deoss, Delbert Vancil, Victor Miller, Leslie Baker, Geo. Pearce, Edward Sommer, R. L. Harwell, Ira Sims, W. B. Woody, J. Y. Pearce, D. C. Middleton, M. S. Karmany, Joe Neff, Leonard Stallings, Ralph Erwin, Jno. Weeks, R. W. Earnshaw, John Gulon, Rothall O'Kelly, Claude Stone, Estes Lynn, Alex McGregor, C. R. Stephens, Misses Nell Alexander, Louise Orgain, Helen McCamey and Frances Holman of Chicago.

Mrs. Charles Bailey Entertains for Niece Little Miss Jo Frankie Leathers was the inspiration for a joyous event for a large group of girls on Wednesday afternoon, when Mrs. Charles Bailey was hostess in her honor at her home on Third Street.

The cool, shady lawn with its flowering borders provided an ideal setting for the games played by this colorfully dressed crowd of girls.

Orangeade, cookies, and ice cream were served to: Jo Frankie Leathers, Wanda and Doris Lane, Madelyn Healer, Willie Belle Hale, Mary Edith Welhausen, Mabel McMillan, Mary Lou and Ann Creasy, Virginia Crager, Lourene Strain, Katherine Belle, Margaret Louise Jones, Katherine Atwell, Annie Moline Russell, Verna and Velma Taylor, Mary Virginia Simpson, Pauline Thorp, Mary and Nell Jean Penn, Gloria McGregor, Vivian Sellers of Dallas, Ruby and Dorothy Nance, Dorothy Bruce, Emmagene Jones, Dorothy Ruth and Marjorie Lynn and Eleanor Williams.

Miss Orpha Mackin, of Dallas, is here for a short visit with her brother, Reno Mackin. She will go from here to Colorado to spend the remainder of the summer.

IOWANS' PIGS PROTECTED BY TRICK WEATHER VANE and 1,500 young birds this year, sending them to nearly every state.

(By Associated Press) PLAINFIELD, Iowa, July 3.—When winter comes again no Arctic blast will pinch the backs of the Beach Brothers' pigs.

A weather vane atop a house big enough for 1,000 hogs has been connected with an electric motor, so that when the wind shifts, the windows on the windward side automatically will be closed.

Elimination of sudden drops in temperature is expected to lessen the hogs' susceptibility to disease.
