

# The Ballinger Semi-Weekly Ledger

Twice a Week

Tuesday and Friday

VOLUME NO. 51.

BALLINGER, TEXAS, FRIDAY, MARCH 11, 1932.

NUMBER 50

## Local Loan Board Ready To Receive Applications

The Runnels county federal farm loan board met in Ballinger Wednesday afternoon to complete its organization and announced Thursday that an office would be maintained on full time at the C. A. Dooze building, with one or two men employed regularly. The board is composed of Wm. Dooze, chairman; C. W. Lehmborg, Aug. Vogelsang and R. G. Erwin. H. O. Jones will look after the loans at Winters and has been furnished with a full set of supplies and instructions for taking applications from farmers.

While the board was in session here Wednesday afternoon four farmers applied for loans, the first application being filed by Robert Briley, of the Franklin community, for an average sized loan.

The Ballinger office will be kept open until April 30. Board members request farmers who know they will need money to make applications as soon as possible so the office work can be completed within the time limit. All applications must be filed in the Dallas office not later than April 30 if acted upon.

Following is information regarding the loan plan:

The government recommends that loan applications originate in local banks. This is not mandatory, however.

Loan limit to the individual is \$400, and limit to all tenants of any one landlord is \$1,800.

Loans will not be made to applicants planting cotton in excess of 65 per cent of their total cotton acreage in 1931. This restriction will not apply to those planting ten acres or less.

The security must be an absolute lien on the entire 1932 crop of applicant. Interest rate is 5 1/2 per cent; applications for loans must be made by April 30; maturity date November 30. No loans will be made to minors, nor to persons who did not farm in 1931, and will be made only to farmers "who are unable to obtain loans for crop production in 1932" from other sources.

Proceeds of loan may not be used for purchase of machinery or livestock, or for payment of taxes or debts.

Maximum loan for field crops where fertilizer is not essential is \$3 per acre. Of this, \$1 may be allocated to purchase of seed; \$1 for workstock and (or) fuel and oil for tractor; and \$1 to miscellaneous expense in crop production. For truck crops this allowance is \$12 per acre.

Two dollars extra per acre is allowed for spraying or dusting crops but only where such practice is customary.

Applicants must agree to plant a garden sufficient for home use and sufficient acreage in feed to care for his livestock.

Installment advances will be discontinued if it is shown that the provisions of the act are not being observed by the borrower.

Lawrence Westbrook, Waco, will administer the act in West Texas as district inspector, with assistance of a group of field agents, each of these having four to six counties in his jurisdiction.

## 18 Degree Weather Is Winter's Lowest

Continued cold weather since last Friday night in this section has practically destroyed prospects for a fruit crop with the exception of late varieties which had not budded or bloomed. C. W. Lehmborg, county farm agent, said Wednesday morning that he was afraid most of the fruit had been frozen and damage done to some early gardens.

Oats that were high and preparing to boot were reported to be frozen and limp. These will likely be killed according to the county agent unless they are cut back past the frozen portion. Yard shrubs that were recently pruned may be damaged by the freeze and all tender sprouts probably were killed but should not injure the plants. Rose gardens which were putting out suffered heavily Monday and Tuesday nights.

Tuesday night the mercury dropped to 18 degrees to set a low record for the winter. Ice remained on the streets during the entire day. Many automobile radiators were reported frozen.

Mr. Lehmborg said that other than that done to oats no damage would result on the farms and that the freeze might kill many insects breeding in the ground. Several points in West Texas Tuesday afternoon reported sleet and snow in small quantities.

## SAYS FIRST CIGARETTE WAS WAR TIME DEVICE

(By Associated Press) PARIS, Mar. 10.—The cigarette has its centenary this year, says a French writer who delves in the by ways of history.

It was at the siege of Acre, in Syria, in 1832. The besieging artillerymen received a supply of tobacco, but the boxes of pipes which accompanied it were smashed by cannon balls and there was no way of smoking it.

In those days gunners primed their pieces with powder enclosed in little tubes of India paper. One of the soldiers substituted tobacco for gunpowder and the cigarette was born.

Cigarettes were fairly common in London in 1840, were introduced into France in 1845 and into Italy in 1850.

## SAHARA DESERT GAS DUMP IS SCENE OF AIR CONGRESS

(By Associated Press) PETROL TIN 5, Sahara Desert, Mar. 10.—An international air conference has just been held here.

Eight airmen landed simultaneously at this remote spot, which is one of the gasoline dumps maintained along the airway from Timbuctoo.

Two were Britishers flying to Oran from Gao, on the Niger. Three others also were from Gao, two were from Oran and the eighth was a pilot of the Trans-Saharan airline, who had made a forced landing and waited alone five days for someone to turn up.

## Northwest Sets Up Defenses For Summer Hopper Invasion

(By Associated Press) MINNEAPOLIS, Mar. 10.—Farmers of the Northwest prairies already have started to erect defenses for an expected return engagement of a devastating grasshopper army next summer.

Agriculturists predict that millions of the strong-winged insects—even more than the hordes which made the 1931 visitation one of the most disastrous in history—are now in the egg stage and will make their appearance as spring turns into summer.

"The number of eggs laid in the soil last summer and fall in certain districts is alarming," says Dr. A. G. Ruggles, Minnesota entomologist. "In some areas as many as 180 egg pods have been found per square foot."

"This means that from 100 to 9,000 young grasshoppers will be boiling out of the ground per square foot in May and June. Roadsides, ditch banks, edges of fields and pastures are the most thickly infested areas."

came intensified study by county agents, agricultural colleges and workaday farmers as to the habits and possible means of control of the hoppers.

As a result the Northwest will not be caught unprepared again this year.

Tons and tons of poison bran mash, made attractive by including molasses in the mixture, will be offered to the hungry insects in lieu of less tasteful but more valuable grain.

This fare, prescribed by entomologists and agricultural scientists, can be spread over the grasshoppers' paths at a cost of about 30 cents an acre, and it probably will constitute man's chief implement of battle.

On one hope only is reliance placed that the war may be successfully waged without great expense—that the weather may be wet in the spring, for long continued rains during the hatching season, in May and June, may

(Continued on Page 6)

## Lindy Jr.—From First to Latest Photos

Charles Augustus Lindbergh, Jr., never has been out of the public eye. When he was born the whole world took notice. And his first photograph (left) taken when he was nearly three weeks old, attracted the eye of millions of newspaper readers. Next he came to the attention of the public at the age of a year when the picture at the right was published. At 20 months of age his kidnaping has aroused the entire world. And the center picture—the latest taken of him—shows him at that age.

## Health Nurse Again To Do County Work

Miss Addie Alexander has been returned to this county as health nurse and in the future will devote all her time to work in the county. For the past several months she had been acting as district nurse with Runnels county one of the six in her territory.

Miss Alexander is now arranging to resume her full duties in this county and will begin by making a health survey of the county schools and checking all record cards to see what progress has been made in correcting defects. At the same time she will take up with Parent-Teacher associations the matter of holding round-ups in the spring and summer for the examination of children who will enter school next fall. Sixteen rural schools have already signed up to hold round-ups and an effort will be made to hold one in each district before opening of the schools.

All nurses in this district will attend a meeting at San Angelo March 12. A dinner-dance will be given the nurses and business will be attended to at a session preceding the entertainment program.

Nurses in this section of the state also will attend the three-day meeting of the sixth district P.-T. A. which will be held at San Angelo on March 31, April 1 and 2. All P.-T. A's are requested to send delegations to this meeting where an interesting program is to be presented.

Miss Katherine Hagquist, state supervising nurse, has been here for the past several days, checking up on the work in this county.

## PUBLIC NOT INVITED TO ODD FELLOW LECTURES

The Ledger was in error in announcing the lectures to be given here by Rev. G. R. Forrester, of Coleman, before the I. O. O. F. lodge as being for the general public. All Odd Fellows are invited but the meeting is closed and no one but members will be admitted. Invitations have been sent to other lodges in this section to visit the local lodge on the dates for the addresses and hear Rev. Forrester.

Mr. and Mrs. O. C. Sykes and family have returned to Ballinger to make home. They had been residing at Abilene for nearly two years. They are at home in the E. J. Carroll residence in Hillcrest.

Buy your printing at home. Friends over the week-end.

## Baptist Revival to Start Next Month

The Ballinger Baptist Church has completed plans for a revival to begin April 17 and continue for two weeks, including three Sundays. Evangelist Charles S. Pierce, of Dallas, will do the preaching.

At one time Rev. Pierce was a Ballinger pastor and has been in ministerial work for 18 years. For the past several years he has been engaged in evangelistic campaigns and is one of the best known revivalists in the state. Besides being very successful in revival management he is recognized as one of the most powerful orators in the state and his messages draw great crowds wherever he appears.

The services will be held in the church auditorium morning and evening. Committees to attend to advance plans are organizing now and will have the meeting well advertised before the opening date.

The congregation has not definitely determined whether it will have an out-of-town song leader. Rev. J. H. McClain, pastor, stated that he expected that this feature would be taken care of by local members.

All other church members are invited to take an active part in the series of meetings.

Mr. and Mrs. John A. Weeks and grandson, John Weeks Earnshaw, have returned from Fort Worth where they attended the fat stock show.

Capital and Surplus Over One Hundred Thousand Dollars

## County Meet Postponed Until Next Week, 18-19

### Farm and Home Train Here Friday

The Santa Fe farm and home special will arrive here Friday (tomorrow) evening about 7 o'clock and will be opened to the public at 7:30. The train will be placed on the siding in front of the Central Hotel near the passenger depot. Electricians have been notified to be ready to make connections and no time will be lost in preparing the train for inspection.

At other stops in this section great crowds have attended the programs given. At Eden this week a number of Ballinger people attended the demonstration and report that the nine cars of exhibits are a revelation.

The train is well heated and all cars will be comfortable regardless of weather. Speakers will be heard inside the coaches in case of bad weather as now appears will be the case. The train will remain open as long as the crowd lingers to inspect the exhibits. The program is presented by speakers from the extension service of A. & M. College and only tried and proven experiments will be seen in the exhibit cars.

One car of particular interest to people of this section will be that showing various types of irrigation. Local citizens who viewed the exhibits at Eden declared this a very novel and well planned demonstration and probably attracts more interest than any other.

Everything is free no charge being made for inspection of the train or attending the lectures. An invitation is extended to every resident of Runnels county to be present. Part of the program will be of particular interest to the women and children.

Announcement was made Thursday morning that the Runnels county interscholastic league meet scheduled to be held here Friday and Saturday had been postponed for one week. The meet will be staged here Friday and Saturday, March 18 and 19, with the same program as heretofore announced. Postponement was taken on account of the prolonged cold weather which has been prevalent in this section since Friday night of last week.

Phone calls were being placed Thursday morning from the office of County Superintendent R. E. White to all school heads in the county to inform them of the change.

League officials believing that the weather would remain too cold for outdoor contests, decided Wednesday evening to hold the meet later. One reason was because no athletic practice was held last week and entrants would not be in good condition after a week's inactivity. It was also feared that exposure might cause an epidemic of bad colds, influenza or pneumonia.

### BALLINGER GIRL WINS IN STATE COMPETITION

Word was received here Thursday that Miss Virginia Williams had won first place at Fort Worth in the declamation held there Wednesday. Miss Williams left here the first of this week with Mrs. A. S. Love to attend a Baptist state meeting and represent the local district in the stewardship declamation contest.

The entire state was represented in the contest, 17 districts sending representatives. Before going to Fort Worth Miss Williams competed in the local district and was declared winner. Local church members were delighted to learn of her success in the state contest for which she was awarded a gold medal.

...SPECIAL...  
**BARGAIN OFFER**  
On Subscription to  
**Ballinger Semi-Weekly Ledger**  
Beginning Now, We will Send You The Semi-Weekly Ledger Until January 1, 1933 for

WANTED—Your Cream. We pay cash on delivery and sterilize your can. Runnels County Creamery.

FOR RENT—Two room furnished apartment, 709 Ninth Street. Phone 1306.

# Deaths

**J. R. Jones**  
J. R. Jones, 69, died at his home near the Oklahoma Natural Gas Company station, Tuesday evening at 10:30. Mr. Jones was about his business as usual Tuesday morning but became ill during the day, death occurring shortly afterward.  
Mrs. J. R. Jones died last August and is buried in Evergreen Cemetery where interment of decedent was made Thursday morning.  
Mr. Jones resided in this county for the past 27 years, during most of that period being engaged in farming. He was well known in this section, making many friends who are grieved at his passing.  
Funeral services were held Thursday morning at 10 o'clock at the First Methodist Church, Rev. C. P. Jones officiating, assisted by Rev. E. W. McLaurin.  
Surviving children are: J. H. Jones, Iowa Park; Mrs. Emma O'Neill, Longview; Jim Jones, Ballinger; Claude Jones, West Virginia; Mrs. J. G. McAden, Abilene; Sid and Henry Jones, Ballinger.  
Pallbearers were R. P. Tunnell, Clarence Routh, J. S. Brown, Tom Moreland, Wm. Ashton and E. Johnson.  
King-Holt Company undertakers were in charge of arrangements.

# Bearcats to Start Spring Training

The Ballinger Bearcats will begin spring football training after holding of the county meet and will continue practice for the next six weeks. Coaches Prince and Davis will issue equipment to all candidates for the squad next fall, and will give them a thorough schooling in fine points of football during the spring.  
One reason for the intensive training this spring is because many schools in district eleven will have strong teams next fall. The Bearcats will have to meet these teams and the six weeks of signals and plays will give the team a jump which will be beneficial.  
Coach Prince will begin training with a full team of letter men, Reneau, Straley and McWilliams are three valuable men who will leave the team this year but excellent material with experience is already assured to fill their positions.  
The backfield probably will be the same as the last line-up of the past season with Flynt, Williams, McIntire and Nelson filling the four ball toting places. Other good prospects are ready to work for places, including Frank Jones a fast, shifty runner with a good toe. In the line, Jack Lynn, all district center, will be on the job. Tackles Brown, Hale, Morgan, Middleton, Bailey and others will put up a hot fight for these positions. All these men are big, weighing from 170 to over 200 pounds. Hutchinson and Evans, regular ends, will be back for those two places with a raft of material trying to replace one of the regulars. Guards are about the only positions on the team that are doubtful at this time. Burnett lettered at that position last year and is expected to take charge of a regular berth next season. Some ten or twelve other men are to report for some line position and with a surplus of men at tackles, the coaches will have no trouble in finding good men for the assignments.  
The new rules which will be effective next fall will be carefully studied in the spring workouts. The change with reference to men on defense using their hands will be given particular attention. With such rules coming into force, it is probable that the Bearcats will be coached more thoroughly in offensive play.  
The field at Fair Park will be put into condition at once and all boys desiring to try for the team will be welcomed by the coaches. The possibility of any spring games has not been discussed by the coaches.

**Hagan Baptist Church**  
The Hagan Baptist Church has preaching each third Sunday morning and night, also the Saturday night before.  
Sunday school every Sunday at 10 a. m. I. M. Turner, superintendent.  
F. R. COLE, Pastor.

**COYOTE TRAILING SKI-PLANE EASES WORK FOR HUNTERS**  
(By Associated Press)  
CHADRON, Neb., Mar. 10.—What chance has the poor coyote when A. H. Watson and D. T. Skiles get after him with their ski-plane?  
Armed with shotguns, these young men patrol the snow-covered Nebraska prairies in search of coyotes, valuable for their pelts as well as for bounties. They swoop down on their prey, giving it "both barrels," and are able, by virtue of skills attached to their landing-gear, to land, load the carcass into the plane, and go on with the hunt.  
In three days of this sort of hunting in sub-zero weather they bagged 12 pelts in a couple of hours flying each day. They receive an average of \$6 each for the pelts.

**DRUG AND HARDWARE STORES LONGEST LIVED IN ILLINOIS**  
CHICAGO, Mar. 10.—Drug and hardware stores have the lowest "mortality rate" among Illinois businesses.  
In the five years from 1925 to 1930, a survey by the University of Illinois showed only 24 per cent of the drug stores and 28 per cent of the hardware stores in 255 cities quit business.  
Restaurants were the shortest-lived, showing a 65 per cent mortality, with garages next, 51 per cent. Fifty per cent of the grocery stores and 46 per cent of the meat markets closed up.

**North Dakota Hens More Efficient**  
BISMARCK, N. D., Mar. 10.—An average increase of more than 40 eggs per hen was reported in 1931 over 1930 by North Dakota poultry raisers who kept records in cooperation with the state university's agricultural college.  
Steel blocks or heavy plates are under tests as roadway material in England and Czechoslovakia.

**DRUG AND HARDWARE STORES LONGEST LIVED IN ILLINOIS**  
CHICAGO, Mar. 10.—Drug and hardware stores have the lowest "mortality rate" among Illinois businesses.  
In the five years from 1925 to 1930, a survey by the University of Illinois showed only 24 per cent of the drug stores and 28 per cent of the hardware stores in 255 cities quit business.  
Restaurants were the shortest-lived, showing a 65 per cent mortality, with garages next, 51 per cent. Fifty per cent of the grocery stores and 46 per cent of the meat markets closed up.

# Statement Shows City's Finances

The city financial statement for the month of February shows the water department made a cash gain of 50 per cent. Total receipts for the department for the month were \$1,331.08 with operation costs \$865.05. At this season of the year when little water is being used the report shows how economically the department is being operated and the practically 100 per cent collections that are being made for service.  
On the last day of February the city had a total deposit in Ballinger banks and on hand of \$61,606.77. The account was divided as follows: Farmers & Merchants State Bank, \$1,445.85; First National Bank, \$26,211.48; Security State Bank, \$33,884.49; and \$64.95 cash in the city hall vault.  
Each fund—general, water, sanitary and street—showed a substantial gain for February with the following balances in each: general, \$10,637.92; water, \$10,260.07; sanitary, \$716.53; and street, \$2,427.41.  
The statement also showed interest and sinking fund after each had been credited with the sums due them for the month. No monies were disbursed from these funds during the month and the eight accounts were credited with \$6,501.38.  
The commission recently extended the time for payment of taxes until May 1 before penalty or interest will be charged. This extension applies to taxes for the past year and all delinquent accounts. During last month a number took advantage of this extension and made a full settlement of taxes owed the city.

**DENIES MISSISSIPPI RIVER MEANS "FATHER OF WATERS"**  
(By Associated Press)  
DULUTH, Minn., Mar. 10.—The theory that Mississippi means "great father of waters" has been disputed by the records of the St. Louis County Historical Society here.  
William E. Culin, president of the society, explains that there is nothing concerning "father" in the name Mississippi, originally applied to the stream by the northern Chippewa Indians.  
"It simply means 'great river,'" Culin says. "Missi" means "great" and "sibi" means "river," he explains.

Mrs. Clarence Preston was taken to the Halley & Love Sanitarium Wednesday suffering with appendicitis. She was operated upon Thursday morning.

# Service Clubs in Joint Session

Members of the Ballinger Lions Club were guests Tuesday noon of the Ballinger Rotary Club at luncheon. The joint meeting was decided upon some time ago and others are scheduled for the year.  
Attendance at the joint meeting was practically 100 per cent of both clubs and an excellent program was rendered following serving of the menu. Community singing of old time songs was the first item on the program, followed by a saxophone trio composed of H. H. Carsey, David Baker and Fred Wellhausen. The trio rendered three selections of popular tunes.

Rev. C. P. Jones, pastor of the First Methodist Church, was the principal speaker, delivering a stirring message on the greatest project before the people today, that of restoring confidence and faith. He reviewed past panics, times of depression, and pointed out the power of the American people to come out of such trying times victorious. He diagnosed the malady and prescribed the tonic for deliverance.  
Rev. G. H. Crabb, of Junction was a guest of the Rotary Club, making up his attendance.  
Programs for both clubs were announced for the next week, each meeting on its regular day.

Dr. N. F. Chostner, of Cape Girardeau, Mo., lost a 125-pound wash basin in the burglary of a house he owns.

# No Fires—Firemen Lose Money

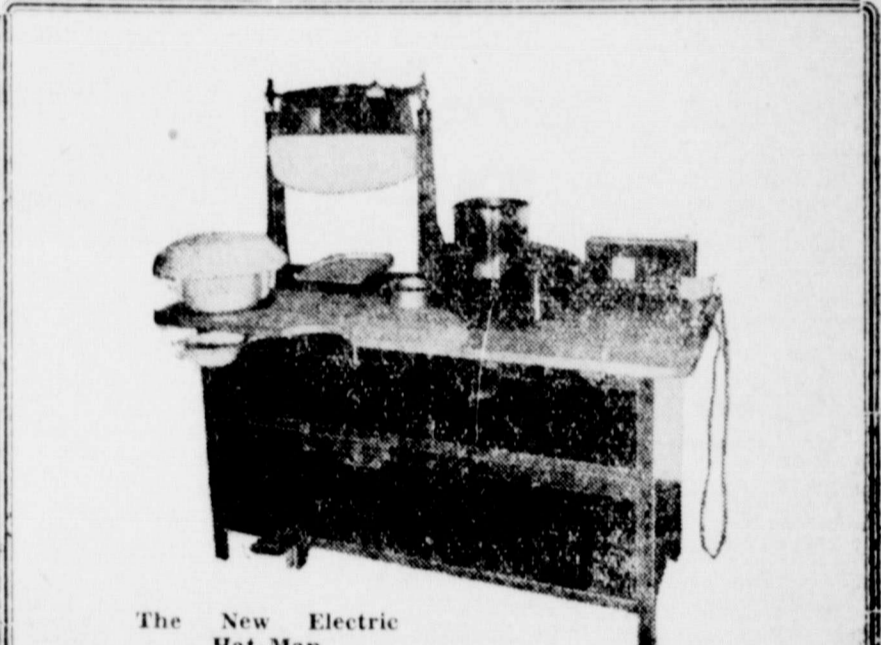

**BIG RAPIDS, Mich., Mar. 10.**—The fire department here is in the red—and that doesn't mean the color of the equipment. The city is having so few fires that the volunteer firemen, who are paid only for runs they make to fires, are unable to get enough out of it to pay for the telephones they are required to install.

# LOVED TO EAT, AND NOW SLE CAN!

Much of the suffering from so-called "indigestion" or acid-dyspepsia could be avoided if everyone could know what thousands like Miss Lillian Ralston have learned. This New York City business woman, who lives at 1160 Park Avenue, says:  
"I suffered from headaches and heartburn after meals; couldn't sleep like I should; never felt right."  
"For five years I experimented with medicines and treatments, until I learned about Pape's Diapepsin. I have used three packages now; have gained five pounds, and feel fine."  
"If you, too, suffer from sourness, gas, belching, nausea, headaches, dizziness, or pain after eating—either regularly or just at times, get a box of Pape's Diapepsin from your druggist. Then you need never worry again about what you eat."

**PAPE'S DIAPEPSIN**

# Wanted 50 Hats to Block Free of Charge

I have just installed THE ELECTRIC HAT-MAN which is an all electric hat blocking machine of the latest type.  
In order to demonstrate to the hat-wearing public the high class of work we are turning out with this machine, we are going to BLOCK FREE OF CHARGE THE FIRST 50 HATS we get to be cleaned.

# "SOL" THE ELECTRIC HATTER

# Kelp-o-Vita

for HEALTH, YOUTH and VIGOR

Men, women and children find KELP-O-VITA a safe and efficient treatment for debility, loss of vital power, and glandular impairment. Quit dying before your time. Be young at sixty. Kelp-O-Vita is a mineralized vegetable, easy and pleasant to take, not habit forming. It is rich in Vitamins and Organic Salts. Kelp-O-Vita is a Revitalizer, a Rehabilitator, a Rejuvenator, an Invigorator and a Reconstructive. It increases vitality and gives you Pep, Vim and Vigor. Kelp-O-Vita is for vitality, the last word in modern science. Not for sale at Druggists. Send this adv. with your name and address and ten cents in stamps or coin for one week's sample treatment. Address KELP-O-VITA Laboratories, 1046 Venice Blvd., Los Angeles, Calif., Dept. E. 33.

# Sinclair the better Gasoline

Mr. Car Owner:  
If some unscrupulous service station operator should tell you that gasoline being sold for 10c and 11c is the same as gasoline selling for 16c, please do not be deceived. Gasoline is much like clothing, shoes or hardware—they may look alike but be far different in quality.

## MODERN REFRIGERATION . . .

for Modern Homes

MODERN homes enjoy the finest things of life, yet contrive to be thrifty, too! That's what makes them modern . . . they have all the material comforts and conveniences made available by the genius of electrical science — yet show actual economies through the use of these time, labor and money-saving *Electrical Servants*.

Of all the important new conveniences developed during the past few years, none is more desirable to progressive, up-to-date home-managers than a modern Electric Refrigerator. . . And for genuine value . . . for actual comfort, convenience and pleasure . . . for downright dependability and economy — you'll find modern Electric Refrigeration indeed a worthwhile addition to your home.

The advantages of Electric Refrigeration are so numerous and so varied as to defy description! Learn for yourself how this *Electrical Servant* will add to the convenience, comfort and economy of your modern home—and safeguard the health of your family, too. Drop in at our Merchandise Showroom, or visit your nearest Electrical Dealer.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

BENOIT NEWS

Another norther blew up Sunday night. The cold wind blowing causing it to be all the more disagreeable.

Miss Laura B. Gibson celebrated her fourteenth birthday Sunday by inviting a number of friends to her home. After games of all description were played refreshments of cake, fruit salad and hot chocolate were served to Misses Addie Ruth Cox, Lucille Hoffman, Leota Odem and Laura B. Gibson; Vonnie Lee Lewis, E. W. Brookshire, J. D. Hoffman, Roy Gressett, and Gordon Brookshire. We all wish Miss Gibson many more happy birthdays.

Mr. and Mrs. Bert Kelley and family for the past week have been in Abilene at the bedside of Mr. Kelley's father, who is ill.

Woodrow Cox spent Sunday with Gordon Gressett.

Mr. and Mrs. Arthur Pullin attended church in Ballinger Sunday.

We still have the flu in our community. Mr. Lewis being confined to his bed with this disease and Mr. McDaniel is reported to have a severe cold.

Mr. and Mrs. Pryor Martin and daughter, of Brownwood, and Mr. and Mrs. Henry Moody, of Ballinger, were guests of Mr. and Mrs. C. M. Gibson Saturday night and Sunday.

Mr. and Mrs. W. T. Hill and family enjoyed a turkey dinner at the A. W. Hill home Sunday.

Mrs. Ben O'Daniel is here from Hobbs, New Mexico, visiting her parents, Mr. and Mrs. Reese.

WILMETH EVENTS

The infant of Mr. and Mrs. W. E. Long was laid to rest in the Wilmeth cemetery Thursday afternoon at 3 o'clock.

Miss Leatress Corum, of Winters, has been visiting in the Henry Long home.

Mr. and Mrs. W. S. Proctor and Miss Oval Harris visited in San Angelo Tuesday.

Ralph Proctor returned to his home near Big Spring Friday. He was accompanied by his grandfather, S. T. Proctor, who returned Saturday.

The Wilmeth boys' basketball team won, 41 to 18, over the Drasco team, Thursday night on the Wilmeth court.

Mrs. Janie Ball visited in Merkel over the week-end.

TALPA TOPICS

Garrett Nalley, of Georgetown, spent from Friday night until Monday visiting in Talpa and New Central.

Miss Ethel Mae Fowler spent the week-end at Shields.

Mrs. Curtiss and Marie Gregory and Myrtle Tate of Rockwood, spent the week-end in Talpa visiting relatives.

Miss Adelaide Watkins spent last week in the T. O. Nalley home at New Central.

Mr. and Mrs. Steve Brown and Misses Mabel and Bobbie Brown spent Sunday in Brownwood.

Mrs. W. F. Smith is on the sick list this week.

Rev. J. Branham, of Bronte, will preach at the First Baptist Church here at the 11 o'clock hour Sunday morning.

Mr. and Mrs. G. R. Rhodes and baby spent Sunday at Glen Cove.

Mrs. Bedford is in the Coleman sanitarium.

Mr. and Mrs. Alton Fox, of Coleman, spent Saturday night and Sunday with Mr. and Mrs. Mat Fox and family.

Conference was held at the Methodist Church Friday morning and afternoon. Rev. C. P. Jones, of Ballinger, preached at 11:30. The Women's Missionary Society served dinner in the Jones building.

Miss Virginia Livingston spent the week-end at Coleman with her grandmother, Mrs. Purcell.

Miss Hazel Featherston spent the week-end at Valera.

Mr. and Mrs. Marian Garms, of Bangs, spent Sunday with Mr. and Mrs. E. L. Smith.

Miss Bernice Hale, of Herring, spent the week-end with Miss Irene Mae Richey.

Mr. and Mrs. Floyd Hollinger and Clyde, spent from Friday until Monday in Orla, Texas.

James Freeman, of Coleman, spent the week-end in Talpa.

Clyde Bouldin, of Wink, was a Talpa visitor Tuesday.

The Coleman County B. Y. P. U. will meet here Sunday afternoon at 2:30 in Immanuel Baptist Church. Everyone is cordially invited.

Mrs. D. S. Wilkerson, of Winters, is spending the week in the Aug. Herring home.

Greatest Man Hunt in U. S. History Branches Out from Lindbergh Estate

This sketch map shows how kidnapers, using a ladder, stole Charles Augustus Lindbergh, Jr. from the crib in his nursery and escaped in a waiting car. The manhunt quickly spread to nearby states.

(By Associated Press)

An excited voice was heard on the other end of a telephone in the Wilburtha Training school for state police near Hopewell, N. J. For an instant, the listener showed incredulous belief. Then there was a rush of automobiles. The Lindbergh baby had been kidnaped!

That call came in shortly after 10 o'clock the night of March 1. Within a few short hours the greatest man hunt in the history of the country was under way. It was a hunt that utilized every known method of tracking down a criminal—from the use of a

trapper to analyze footsteps on the secluded Lindbergh New Jersey estate to that of aerial scouts to ferret any hideaway on the eastern seaboard.

Back on the desperate search was more than any desire to bring a criminal to bay. There was a nationwide hope to return unharmed the most famous baby of the decade to America's Charles and Anne Lindbergh. As a consequence, a many toothed dragnet spread hundreds of miles from the New Jersey focal point.

Newspapers, radio, police teletype systems flashed over the nation as close a description as is possible of a 20-months-old

baby. Police throughout the east, stopped every car that had a suspicious air.

Hundreds of state troopers in New Jersey, New York, and Pennsylvania combed the region of the Lindbergh home. The thousands of cars that pour daily into New York through the Holland tunnel were inspected one by one. Police likewise went through cars entering bridges throughout the region.

Reverberations of the kidnaping in Washington resulted in the announcement that federal government agencies would aid in the search.

attended by a very large crowd. The program was well rendered and enjoyed by all. Those placing in declamation were: Senior girls—Zadie Liverman, first; Corene Nunley, second; Alice Koenig, third. Senior boys—C. R. Richardson, first; Barney Nunley, second. Junior girls—Virginia Womack, first; Freda Lampe, second; Mae Liverman and Flora Irene Greenhill, tied for third. Junior boys—Alvin Richardson, first; Dennis Damron, second; Ralph Koenig, third. A. F. Ligon, of Ballinger, was one of the judges.

Mr. and Mrs. Albert Williams and family, of Levelland, were guests in the home of Mrs. Kemper Shelbourne and family, Friday.

Mr. and Mrs. Halley Howell had as their week-end guests, Mr. and Mrs. Williams and children, of Veribest; Mr. and Mrs. Albert Williams and children of Levelland; Mr. and Mrs. Kemper Shelbourne and children, Mrs. Grady Cotton and children and Mrs. M. Leonard and children. A very pleasant time was spent.

Mr. and Mrs. Bob Crockett and son, Davy, of Norton, spent Saturday and Sunday in the Tom Crockett home.

The teachers and pupils have been making preparations for the visit of the state school inspector who is supposed to be here this week.

The young people enjoyed a party in the home of Mr. and Mrs. Herbert Davenport Monday night.

Rev. and Mrs. S. L. Batchlor, of San Angelo, and Rev. and Mrs. L. D. Hardt, of Paint Rock, spent Friday in this community. Part of the day was spent in hunting and at the noon hour lunch was served in picnic style, part of the menu being prepared at home and the remainder cooked over the camp fire. A very pleasant time was reported.

Myrl Crockett, who is attending John T. Rickett College, Stephenville, has recently been selected as one of the four volleyball coaches for this term.

The League social scheduled for Friday night was called off but will be held at an early date.

Mrs. Humphrey, who is making home with her daughter, Mrs. W. A. Hall, is slowly improving from a recent fall. Mrs. Humphrey fell about two weeks ago and was quite ill for several days.

Mr. and Mrs. John Lee Simmons had the misfortune to lose their brooder in a fire Sunday afternoon. Fortunately the 115 baby chicks made their escape.

Several members of the home

BLUE BONNET CLUB

The club met with Mrs. G. C. Murphy on February 29 in a called meeting. We did not get to have our regular meeting on account of bad weather.

The subjects discussed were good and bad insects and birds. Hot beds were discussed lightly. In the study it is interesting to observe that so many insects live solely on the lives of the others.

Mrs. Murphy showed the members present the quilts she was working on. They were the most beautiful quilts we had ever seen.

After a short session the club adjourned to meet with Mrs. D. W. Turner Sr., on March 14, our next regular meeting date.

Refreshments were served by the hostess and enjoyed by all.

BETHEL NEWS

The recent cold spells have changed everyone's disposition. The freeze got all gardens and fruit, and some of the grain is thought to be killed. It seems like the cold wave could have come when we all expected it, in February, and the fruit crop at least could have been saved.

Rev. F. R. Cole was here Saturday night and Sunday for his regular appointments at the Baptist Church.

The George Washington program presented at the school building Thursday night was

Old at 40?

Beware Kidney Acidity If you feel old and run-down from getting up nights, backache, leg pains, stiffness, nervousness, circles under eyes, headache, burning and bladder weakness, caused by Kidney Acidity, I want you to quit suffering right now. Come in and get what I think is the greatest medicine I have ever found. It often gives big improvement in 24 hours. Just ask me for Cystex (Sis-tex). It's only 75c and I guarantee it to quickly combat these conditions and satisfy completely, or return empty package and get your money back. Weeks Drug Store

Passion Play will Be Shown Here

Celebrating Anniversary Day, young people of the First Methodist Church will present the "Passion Play" at the church Sunday evening at 7:45. The picture, a silent film of five reels, will be projected in the main auditorium. There is no admission charge and an invitation is extended to everyone to witness the showing of this life story of Jesus.

The film was made from the play as presented at Oberammergau, Germany, in 1930. It is being exploited by W. C. Reed of Mangum, Oklahoma.

According to tradition, it is understood, the person who depicts the character of the Christ in the dramatization lives as nearly true to His character as possible and the son succeeds the parent in representing the character in the spectacle.

The play originated in 1633 when the inhabitants of the village of Oberammergau in the Bavarian highlands of Germany, as an act of gratitude because they had escaped a plague which was causing much desolation, vowed that they would present every tenth year a play depicting the life and passion of Christ. The play has been presented each decade in the almost 300 years since its first production.

The opening scene shows the birth of Christ in the stable. The first miracle of Jesus, that of turning water into wine is shown besides other miracles including the healing of the lame and blind and raising from the dead.

Other scenes shown are the transfiguration, the triumphal entry into Jerusalem, the last supper, the betrayal of Christ by Judas, Jesus before Pilate, the scouring and crowning of Jesus with thorns after which He is forced to carry the cross on which He is to be crucified, and the crucifixion, burial, resurrection and ascension. There are 600 characters in the picture, all citizens of the small German village.

Special equipment for the showing will be installed in the church this week.

The showing of the picture will take the place of the regular evening preaching service and also replace the pageant offered annually by the young people on their Anniversary Day.

WHERE EDITORS GO

An old gentleman called to see the editor a few days ago to repay him for a two-cent postage stamp that was given to him by the editor some few months ago. The old gentleman insisted upon paying this two cents and to humor him the editor accepted the payment. The visitor demanded a receipt which was more than our editor could stand without asking some questions. He said: "Just why do you want this receipt for such an insignificant amount?"

"Well, sir," the visitor replied, "I am getting along in years and when I die and walk up the Golden Stairs to approach the gate to heaven, I will be asked if I have paid all my bills on earth. When I am asked for my receipts I don't want to have to chase all over Hell looking for you!"—Exchange.

Ernest Nance left Thursday morning for St. Louis where he has accepted a position.

It pays to read the ads.

They've Never Tasted a Tonic!

THESE are not patent medicine children. Their appetite needs no coaxing. Their tongues are never coated, cheeks never pale. And their bowels move just like clockwork, because they have never been given a habit-forming laxative. You can have children like this—and be as healthy yourself—if you follow the advice of a famous family physician. Stimulate the vital organs. The strongest of them need help at times. If they don't get it, they grow sluggish. Dr. Caldwell's syrup pepsin is a mild, safe stimulant. When a youngster doesn't do well at school, it may be the liver that's lazy. Often the bowels hold enough poisonous waste to dull the senses! A spoonful of delicious syrup pepsin once or twice a week will avoid all this. It contains fresh laxative herbs, active senna, and pure pepsin, and does a world of good to any system—young or old. You can always get this fine prescriptional preparation at any drug store. Just ask them for Dr. Caldwell's syrup pepsin. Get some syrup pepsin today, and protect your family from those bilious days, frequent sick spells and colds. Keep a bottle in the medicine chest instead of cathartics that so often bring on chronic constipation. Dr. Caldwell's syrup pepsin can always be employed to give clogged bowels a thorough cleansing, with none of that painful griping, or burning feeling afterward. It isn't expensive.

increasing success. "Fill that Medicine Chest Now" is the command that has been made from the first week to the present campaigns, and all of them have been timed during housecleaning days. Secretary S. C. Henry of the N. A. R. D. in an awakening suggestion to the re-

HOW'S your HEALTH

TATTOO MARKS Beauty and tattoo marks are only skin deep, but even as the first is hard to acquire, so is the second hard to get rid of.

The youthful adventurer may think of the bleeding heart, the full rigged ship or the hissing serpent as an essential decoration of the free roaming soul.

Time, however, has a settling effect upon most things. And so, later when the glitter of adventure has been somewhat tarnished by experience, the erstwhile adventurer is liable to find his tattoo marks as bright as ever.

The bleeding heart or full rigged ship, once the badge of the roaming soul, may become an embarrassment at the seashore, or wherever brawny arms are bared.

Efforts will then be made to remove the tattoo marks. However, the task is not a simple one.

Each particle of color originally deposited must now be removed, one by one.

The task is trying both to patient and physician. It is a somewhat hazardous job, too, and should not be entrusted to anyone but a skilled dermatologist.

Even so, there may be left at the site of the tattoo marks minute white scars, in the place of the color grains.

Thus, even when the color has been removed, the design may be revealed under close inspection, though not as brilliant as before.

Sometimes it may prove easier and less objectionable to obliterate the tattoo picture by added markings than to attempt its removal.

One must guard against so-called tattoo bleaching solutions, or liquids sold for self application.

Practically all such solutions consist of corrosive substances which when used destroy all the underlying skin.

These solutions are liable to give rise to ugly ulcers, which, in healing, leave behind them disfiguring scars.

Makes You Lose Unhealthy Fat

Mrs. Ethel Smith of Norwich, Conn., writes: "I lost 16 lbs. with my first bottle of Kruschen. Being on night duty it was hard to sleep days but now since I am taking Kruschen I sleep plenty, eat as usual and lose fat too."

BAPTIST MISSION WORKERS ATTEND MEETING AT MILES

Rev. J. H. McClain and Rev. M. C. Golden went to Miles Tuesday morning to attend a meeting of the Runnels County Missionary Baptist Association. The meeting was held in the Miles Baptist Church auditorium with a number of leading workers of this section taking part on the program.

Rev. McClain spoke on the subject of "Missions and the World." Mark your eggs and butter with Rubber Stamps. Ballinger Printing Co.

MOVIES

Colorful Range Life Locale for Western Film

Range life as it was in the days gone by was reconstructed in all its colorful glory for "Shotgun Pass," the Columbia western starring Tim McCoy, to be shown at the Palace Theatre Friday and Saturday of this week.

In order to make the scenes in the desert township of Caliente, the film's locale, true to life as it was in the days when the trail herds were driven through to the railhead, Columbia sent its technical crew out into the desert to reconstruct the abandoned town of "Heart's Delight" on the Mexican border.

"Heart's Delight" was reconstructed in every detail just as it stood a hundred years ago. The old saloons, the dancehall, the gambling houses, the general store, the adobes and corrals were all brought to life by the scene builders. In addition, the cowboy star, McCoy, was surrounded with a group of real old time cowhands, who in former days rode the ranges when death lurked just around the corner.

From Arizona, Texas, Wyoming, old Mexico and Oklahoma came grizzled old veterans of range and desert to live over again those thrilling days of adventure.

Old Fashioned Barn Dance in "Way Back Home"

Hollywood "extras" are blase participants of big, showy and fashionable "party" scenes, but old-fashioned barn dances are something else again.

The biggest barn dance given in Hollywood for years, with good edible (not prop) food and excellent pay for all "guests," figured in "Way Back Home," Seth Parker's RKO-Radio Pictures starring vehicle to begin a three-day run at the Palace Theatre Sunday afternoon.

Seth, of radio fame, was official host, but of course the real hospitality came from William A. Seiter, director. The scenes were made at night and 84 extra players, with the supporting cast of radio and screen celebrities, a rustic 5-piece orchestra, a special male quartette and a feminine trio, participated.

"Guests" arrived in private automobiles and big sight-seeing auto buses but not an automobile motor was allowed to disturb the melody of the frogs, tree-toads and crickets when actual filming began. So the extras had to make a second arrival, as it were, inside the limits of the farm itself, where they were transferred to wagons, buggies, "foot and horseback."

Besides Seth and his five radio celebrities who, like himself, make their debut in pictures in "Way Back Home," such well-known movie players as Frank Albertson, Bette Davis, Dorothy Peterson, Stanley Fields, Oscar Apfel and Frankie Darro participated in the big rustic "whoopee."

CELEBRATES BIRTHDAY

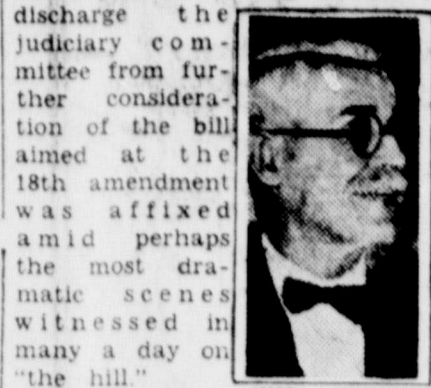

On March 3rd Leonard Connor celebrated his fifteenth birthday by giving a party to his friends. The children played outdoor games while the elders enjoyed games of 42.

After a very enjoyable evening of games delightful refreshments of cake and ice cream were served and the guests departed. The host was wished many more happy birthdays.

Wild Confusion Marks Signing of "Wet" Measure by Mansfield

By Herbert Plummer WASHINGTON, Mar. 10.—(AP)—The final signature to the house petition seeking a vote to discharge the judiciary committee from further consideration of the bill aimed at the 18th amendment was affixed amid perhaps the most dramatic scenes witnessed in many a day on "the hill."

The "gentleman in the wheel chair"—Mansfield of Texas—the 145th representative to sign, afforded a fitting climax to a succession of events which for days have held the almost undivided attention of members of congress.

There had been a lot of missionary work on the part of those aligned with the wet bloc for days to get the required number of signatures. But it was the last few minutes prior to Mansfield's signature that long will be remembered by those on the floor and in the galleries.

Signatures were affixed at the corner of the speaker's desk to the right of the chamber on the democratic side of the well.

Big Pat Hattigan, the man who called the roll of the house the night war was declared on Germany was droning away on items in the appropriation bill for the treasury. Suddenly there came a ripple of applause.

Freeman of Connecticut, looking a bit pale and wan, had appeared to sign the petition. It was later explained that he left his sickbed for that purpose.

Tom Blanton of Texas strolled over to see what it was all about, turned to the chair and requested the permission to address the house on the subject of the petition. Just as he was warming up Hamilton Fish of New York strolled over and signed as La Guardia of New York shouted through cupped hands clear across the chamber: "Atta boy, Ham!"

Texas Starts Fireworks But one more signature was needed. La Guardia was replying to

HEATED AIRPLANE WINGS ELIMINATE ICE FORMATION

(By Associated Press) LANGLEY FIELD, Va., March 10.—Vapor-heated airplane wings have been found to be one answer to the problem of ice formation in flying.

By using engine exhaust gases either directly or to heat mixtures of alcohol and water, scientists of the national advisory committee for aeronautics say that the ice hazard may be eliminated.

Tests conducted by Theodore Theodorsen and William Clay showed it was necessary only to heat the front portion of the wing surface to effect complete prevention.

The actual quantity of heat needed was in the order of one-tenth of that available in the exhaust gases. Direct distribution was found practicable for "all-metal" wings, while pipe lines and a boiler were used in other types.

On the upper surface it was also found advisable to use a small slot behind the heated section to collect the rain water from melted ice. This prevented the water from being blown back

Adding Machine Paper, Carbon Paper. Ballinger Printing Co.

 ROME—(AP)—Mussolini's slogan for putting the world crisis under six feet of sod is simply: "Where there's a will there's a way." His words, set before the public on posters throughout the country are: "The world crisis, which is no longer only economic but is now

**Change in Management Revives Faith in Poultry Flock**

Skim milk is only one of several home produced poultry feeds that helped M. H. McClarty of Bomarton, Baylor county, to make a profit of almost \$100 last year from 92 hens. About to quit the chicken business in disgust in the fall of 1930, County Agent P. C. Colgin induced Mr. McClarty to try a better system for 60 days before selling off the 25 old white leghorn hens and 114 pullets. A change in the ration resulted almost immediately in more eggs from the flock and Mr. McClarty became a poultry demonstrator. He culled in May and August and at the end of the year there were 90 hens in the flock with an average production for the first 11 months of 172 eggs per bird.

The McClartys say the poultry income helped a lot last year and that the demonstration has convinced them that a farm flock can pay very well. Close culling and a good cheap farm-grown ration are two of the most important points in securing profits. Mr. McClarty believes. He also recognized the importance of good housing by recently improving the old poultry quarters and separating chickens and turkeys. The ration used last year consisted of ground wheat, oats, and barley, and skim milk. When milk became scarce in the fall he mixed in 10 pounds of cottonseed meal with each 100 pounds of mash which was balanced with two to three gallons of skim milk daily.

above all spiritual and moral, should not bring about a state of inertia. The greater the obstacles the greater must be our will to overcome them."

**Lenin Portrait Slashed**  
 PARIS—(AP)—A portrait of Lenin at the Independent's art show here was slashed by a vandal. The face of the Soviet leader was cut as was the signature of the artist, Jean Galeani, who has done other works on Communist themes.

**Swiss Eat Own Cheese**  
 ZURICH—(AP)—World tariff walls have thrown back on the home market the best grades of Swiss cheese, the kind with holes in it. It has never been popular here as hitherto only second grade products were offered to the home folks.

**FARM YOUTHS TRADE PIGS AND CROPS FOR COLLEGE EDUCATION**

(By Associated Press)  
 HIGHLAND, Kas., Mar. 10.—Pigs, potatoes, poultry and other products of the farm are being exchanged for tuition at Highland College, where the ancient system of barter has come into use. One day recently two young farmers, eager for an education, drove up in front of the campus. They came not in a sport model

roadster, but in an old-fashioned horse-drawn farm wagon.

Tying their team to a hitching post, they walked into the office of J. L. Howe, 55-year-old college president, who has no doctor's degree and declares, "I don't want one." After a brief conversation, he directed the boys to unload their wagon.

They had brought several fat pigs, which President Howe accepted in payment of tuition. The porkers, after being butchered, were distributed among faculty members, and the value of the meat was charged against their salaries, for which the college, President Howe said, has little cash available.

The college president has opened an exchange where students and their parents bring produce to trade for tuition. In addition to the pigs, potatoes and poultry, they "swap" corn cobs, cream, cows, butter, apples and wood for an education.

President Howe estimated that one-third of the college's 55 boy and girl students are paying their tuition through the barter system.

Miss Virginia Williams went to Fort Worth Tuesday to attend a Baptist young people's meeting. She will present a reading on the program.

**About NEW YORK**

By William Gaines  
 NEW YORK, Mar. 10—(AP)—Those peculiar geniuses whose ideas find expression in the novelty toy trade are a fit subject for erudite essays.

What have the psychologists to say about the perverse talent responsible for the strikeless matches flooding the shops?

What is behind the sinister inspiration that inflicts upon a trouble-weighted world the shooting pencil, which explodes a cap when the unsuspecting user tries to write with it?

Stores which carry no stock other than these contrivances for petty annoyance are able to survive here.

Moreover, these silly and pestiferous trinkets are a considerable part of the nation's toy trade.

Almost every store that stocks the usual Christmas playthings, nowadays offers some of the sort of novelties supposed to afford junior a laugh at the expense of playmates and elders.

The sad part about it is that employment of these ridiculous devices is not confined to juveniles. They are the pocket equipage of many an adult curbstone whittler along Main Street and plenty of Brooklyn cut-ups of voting age.

In accord with the times, the novelty trade has gone sophisticated. Some of the most successful "numbers" now cannot be sent through the mails, nor described for the fireside circle.

We wait impatiently for some professor, hidden away in an ivy-grown tower, who is supposed to know what goes on in all the heads of the world outside, to explain to us in psychological terms:

What is responsible for the "whoopie cushion" which, when placed beneath the regular cushion on a chair and sat upon, deflates and produces a weird sound to make the sitter leap to the ceiling?

**Toy Fair**

Though I, for one, get a snicker out of vile-tasting soap fashioned to resemble Swiss cheese, this fit of concern for the poor, befuddled world was brought on by a visit to the New York Toy Fair.

This event, sponsored by the toy manufacturers' association, holds forth annually, after Christmas.

The fair is not for the wide eyes of little Johnny and Mary, so recently visited by Kris Kringle, but is for the benefit of toy merchants the country over. Buyers come here to look over the available stock for year-round trade and for the Christmas 10 months away.

This year the fair occupied three floors of a large New York hotel.

Producers of plaguing devices from the Ballinger Printing Co.

were well represented at the fair this year. Much to the deflation of my poise, I wandered into a room where a fat and jovial demonstrator was in waiting. He gave me the works.

**Disarmament**

I did come away from the fair with one exalted impression, however. This was occasioned by the scarcity of war-like toys so popular during and right after the world rumpus. One exhibitor explained:

"Limitation of arms has been effected by the toy industry, at least. But we are ready to supply the demand for baby howitzers and battleships if the Far Eastern situation catches the imagination of children."

**ELECTRIC EYE BEATS HUMAN SORTING BEANS**

(By Associated Press)  
 LOWELL, Mich., Mar. 10.—A battery of electric eyes that sorts beans better and quicker than the human eye can do it has resulted in a new requirement being set up by the department of agriculture for "grade 1" bean shipments.

The machine, first of its kind in the country, employs light reflexes to pick out imperfect beans and foreign matter. Its accuracy is such that only one-fourth of one per cent of culls, stones and other matter pass without detection.

Previously, "choice hand picked" beans accepted were allowed one and a half pounds of cull per hundredweight.

In operation of the machine, the beans are passed singly before the "electric eye." When a white bean, which is perfect, passes, the light reflex is normal and the bean goes its way untouched.

But when a discolored bean or foreign matter appears, a different light reflex sets an ejecting machine in motion and a trigger finger flips the cull aside.

Two carloads of beans a day can be sorted by the machine. Because there were not enough beans in this section to keep the machine in operation, carloads were routed from other parts of the state through Lowell this year.

Mrs. A. S. Love went to Fort Worth Tuesday to visit a few days.

**Oldtime Dances Revived**

LUBBOCK, Tex., Mar. 10.—(AP)—Oldtime western dances, popular in Texas when cowboys rode horseback many miles to attend, are being revived in Lubbock and the South Plains region.

Champion Corn Grower  
 RALEIGH, N. C., Mar. 10.—(AP)—A corn yield of 151.5 bushels per acre won for Eston Brickhouse of Pasquotank county title of champion 4-H club corn grower for North Carolina. The cost of production was 21.8 cents per bushel.

Get your Mimeograph Supplies from the Ballinger Printing Co.

**Legion Convention—**

(Continued from Page 1)  
 Sunday.

State Commander V. Earl Earp and Reed Johnson of U. S. Veterans Bureau, Dallas, have already made reservations for the convention and will be heard on the closing program Sunday afternoon.

Following is the tentative program:

Saturday, March 19, 1 p. m.—Registration at Hotel Brownwood, convention headquarters.

5 to 7 p. m.—Tea for the ladies served at the home of Mrs. W. D. Armstrong on Center Avenue. Barbecue for the men at Legion club rooms at Memorial Hall.

Saturday night, 9 to 12 p. m.—Dance on roof garden of Hotel Brownwood.

Sunday morning—Church services at First Methodist Church. Rev. John N. Rentro, pastor, local post chaplain, will preach the sermon.

12:15—Luncheon served on roof garden of Hotel Brownwood.

1:30 p. m.—Meeting of resolutions committee.

2 p. m.—Business session at Memorial Hall. Executive Committeeman M. J. Bennifield of Brady, presiding. Dr. Thomas H. Taylor, president Howard Payne College; V. Earl Earp, state commander, and Reed Johnson, U. S. veterans bureau, main speakers.

Besides the Brownwood post, the following posts are in the 17th district and all have been invited to attend the convention: Abilene, Austin, Ballinger, Breckenridge, Carbon, Coleman, Cross Plains, Eastland, Goldthwaite, Albany, Baird, Burnet, Cisco, Comanche, DeLeon, Eden, Hamlin, Lampasas, Lometa, Melvin, Moran, Ranger, Santa Anna, Strawn, Sweetwater, Llano, Marble Falls.

Miles, Mineral Wells, Rising Star, Stamford, San Saba, Winters and Brady.

**BRAZILIAN STATE DECREE MAKES BEGGARS' PARADISE**

(By Associated Press)  
 SAO PAULO, Brazil, Mar. 10.—Col. Manoel Rabello, chief executive of this state, has decreed that beggars must not be arrested. He enjoined police to be polite in telling them to move on, "especially in the case of a lady."

Begging, said the colonel, shows the beggar has a superior spirit since he has subjugated pride. Moreover beggars, living on the bounty of others, are morally useful while idle rich, producing nothing, are harmful to society.

The colonel opined also that alms benefit the giver as much as the recipient.

The first tangible results of the decree were groups of students disguised as blind and lame, asking alms in the streets and staging high jinks with the proceeds.

**ARE YOU THIN, PALE AND PIMPLY?**

Wichita Falls, Texas—"My son was in poor health when he was about twenty years of age. His blood became thin and he was pale. He was also troubled with his stomach and his face broke out with pimples," said Mrs. Beulah Singleton of 1101 18th St. "Finally, I decided to have him try Dr. Pierce's Golden Medical Discovery. By the time he had taken a few bottles he was completely relieved of all these troubles, his blood became healthy, and he had no more stomach trouble." Ask your druggist for Dr. Pierce's Golden Medical Discovery

## PARADE OF EASTER FASHIONS

One Smart Style After Another  
Is Making its Bow for Easter

### Easter Sale of New Dresses

Many New Lovely Creations for Spring  
will be Found in this Assembly.

You will Surely Want One or  
Two for Easter.

Just received so many new lacy trimmed, smart little  
jacket dresses, Keen California knit sport suits, frocks  
in all the new bright spring colors. No difference what  
the weather may be, you must have a smart  
new Easter frock. Only **\$16.75**

Many smart frocks just received for your Easter costume  
in bright new colors, in smart little Roshanara sport  
frocks, in beautiful lace trim flat crepes, in the new  
triple sheer materials. Infact anything you  
want in a new Easter frock for only **\$8.95**

Just received for your Easter costume many pretty bright  
print dresses with the smart little puff sleeves and so  
many other new features you will adore. Also many beau-  
tiful solid color dresses, infact any thing  
you want for only **\$4.95**

### A Special Easter Sale On New Spring Frocks

Beautiful new Frisca cloth suits, smart print dresses,  
unusual solid color dresses, all these smart and new,  
regular \$16.75 dresses and suits for this  
Easter sale only **\$12.95**

Many smart youthful two-piece suits, also beautiful solid  
color dresses, also some smart Sunday night frocks, all  
of these perfectly new and smart styles. Regular price  
from \$12.50 to \$15.00, special for  
this Easter Sale only **\$8.95**

Another special assortment of the most unusual styles  
and quality for the price that has ever been shown. In  
many smart costumes. This special  
Easter Sale only **\$4.95**

Another assortment of beautiful dresses in many new  
smart styles and new light spring colors  
Easter Sale only **\$3.95**

### New Spring Coats

You just have to have a new spring coat for Easter. It will make you feel  
so smart and make your new Easter dress and hat look just right too also  
have on your new Easter coat. We have reduced our coats so that you can  
have such a beautiful coat for such a small investment. Come in and see  
them.

**\$3.95, \$8.95, \$14.95**

### Easter Sale of Piece Goods

LACE - BATISTE - VOILE - MESH  
PIQUE - SHADOW DOT AND  
SWAGGER HEAD

Favored fashions in charming styles  
make wonderful Easter dresses. If you  
see you must see these new materials.

#### Wonderful New Mesh

Thirty-six inches wide, new spring colors such as light  
blue, green, maize, white and pink. Guaranteed fast col-  
ors. So new for sport dresses and dressy  
dresses too, only per yard **39c**

#### Smart New Mesh

In an entirely different pattern, so very new and smart  
in the eggshell, green, white, pink and maize. So many  
smart ways to make these frocks. **59c**  
Per yard only

#### Prints and Solid Color Piques

Beautiful new patterns and the solid color matches ex-  
actly, guaranteed fast colors. You have no idea how  
smart the frocks are made of these. **35c**  
Per yard only
