

THE BALLINGER LEDGER

VOLUME 55.

BALLINGER, TEXAS, THURSDAY, FEBRUARY 27, 1936.

NUMBER 25

County Voting Strength Tabulated by Precincts

County Tax Collector-Assessor W. A. Forgey has compiled a complete list of poll taxes paid for this year, separated according to precincts. Winters, with two voting boxes, No. 7 and No. 26, has a voting strength of 610; and Ballinger, the only other town with two voting boxes, No. 1 and No. 24, has a voting strength of 1,350.

Besides the poll taxes paid there are numerous exemptions—"overs" and "unders"—who are entitled to cast ballots in the Democratic primaries and other elections this year. The total number of poll taxes issued for the year is 4,844, which should make the total number of votes cast near the 5,000 mark.

The voting strength by precincts is as follows:

- Ballinger No. 1, 727
- Hatchel, 105
- Benoit, 71
- Crews, 194
- Token, 65
- Harmony, 58
- Winters No. 7, 355
- Victory, 54
- Pumphrey, 118
- Wingate, 204
- Baldwin, 84
- Wilmet, 113
- Cochran, 92
- North Norton, 103
- Marie, 52
- Maverick, 94
- South Norton, 78
- Hagan, 98
- Brookshier, 57
- Miles, 466
- Rowena, 385
- Oifen, 117
- Bethel, 114
- Ballinger No. 24, 623
- Dale, 106
- Winters No. 26, 355
- Oak Creek, 56

HALF-HOLIDAY MONDAY FOR LOCAL STUDENTS

Ballinger school children will have half a day holiday Monday in observance of the 100th anniversary of Texas independence. The board granted this holiday to impress upon the students and patrons the significance of the event and because it will be the only such occasion in the life of any of the students.

In the evening the senior class will present the historical pageant, "Texas Heroes," at the senior high school auditorium, the production being written for this particular occasion. The general public is urged to patronize this attraction.

Mrs. H. T. Forson has accepted a position with the Moore Produce Company. She will be employed in the office.

Mount Whitney is the highest elevation in the United States—14,501 feet.

Abilene Attorney Lauds Farm Agents In Address to Club

James P. Stinson, of Abilene, prominent West Texas attorney, was the guest speaker at the Ballinger Rotary Club meeting Tuesday. In his own humorous style, Judge Stinson delighted the membership of the club for more than 20 minutes as he drove home truths regarding present day problems.

In the closing minutes of his address the speaker paid tribute to the county farm and home demonstration agents, whom he declared are doing more to bring back prosperity to the county than anyone else or any agency.

He lauded the food preservation program of the women of the rural sections sponsored through their organized clubs and the great work of soil conservation, the destruction of insects and diseases in farm crops, and livestock improvement sponsored by the agricultural agents.

Judge Stinson pointed to the excellent work being done by the boys' and girls' clubs in which the members were taught a vocation, made to know their work better, and to be better satisfied with their jobs. The speaker pointed out that prosperity of the people engaged in agriculture and livestock in this section means prosperity for all the citizens.

Building in City For Past 3 Months Over \$25,000 Mark

For the past two or three months almost every carpenter, paper hanger and painter in Ballinger has been employed most of the time, according to reports of lumbermen and citizens who have had construction and improvements done. Building and repair work that has been done in this period has reached a figure above the estimates of most who have guessed at the total.

Conservative calculations on the cost of the new building and repairs place the figure at approximately \$25,000 for December, January and February.

Among the many individuals, firms and groups building or repairing were: T. H. Chancy, H. Ford Taylor, Mrs. Emma Nash, C. C. Sessions, H. C. Lyon, W. O. Wallace, E. P. Talbot, Roy Chancy, John Gurley, R. E. Bruce, Rannels county county warehouse, city of Ballinger (repainting of city hall), Chester Cherry, Mrs. Boswell of Paint Rock, and Charles Kiechle, of Indiana. Many other people did considerable building, repapering, and repainting.

City Fire Losses Held to Minimum Since First of Year

The Ballinger fire department has answered ten fire alarms so far this year and has held the loss to less than \$300. This record is one of the best for any recent period considering the number of fires reported in the city.

In addition to extinguishing fires, the company has held three drills and two regular meetings. The secretary's record shows 120 gallons of chemicals were used, 3,950 feet of hose laid, the motors operated seven hours with two hours' pumping time, and there has been good attendance at all meetings, including fires and drills.

Fire losses last year were very low and the city is not expected to be assessed any penalty, but may receive an additional credit. The credit received one year ago was the maximum, but since then the law has been amended to allow 25 per cent credit in cities with population of 10,000 or more and 20 per cent in cities of less than 10,000.

Three Small Fires During Past Week; Losses are Slight

A barn belonging to Elmer Smith, of South Ballinger, was destroyed by fire Tuesday afternoon about 3 o'clock. The amount of damage has not been estimated. Several sheds near the barn were not damaged.

A small rent house on south Eleventh Street belonging to Ellen DeVaul (negress) was damaged considerably Friday afternoon. The total amount of the loss was not reported.

A blaze originating from oil in the basement of the Central Hotel did practically no damage Saturday afternoon. The flames were put under control in a short time.

Notice Veterans

D. G. Posey, service officer for the Ballinger American Legion post, with offices at the fire station, is anxious to assist any veteran in filing application for his bonus bonds. Mr. Posey has blanks for making application and will gladly assist any ex-service man in obtaining needed information in securing the certificate and help in getting it cashed.

Some veterans have never made application for adjusted service certificates and in such cases, Mr. Posey will assist in securing the certificate and help in getting it cashed.

This service is free and any veteran needing help is invited to call at the fire station.

Farm-to-Market Road to be Built In Winters Area

The contract for the first farm-to-market road in Rannels county is to be let by the state highway department, Austin, on March 11. An advertisement calling for bids for grading and drainage structures on the first project is appearing in The Ledger this week and next.

The bids are asked on construction of a road from 5 miles west of Winters to 5 miles east of Winters. It is the first U. S. works program highway project to be let in this immediate section.

Plans and blueprints for the job have been prepared by D. W. Hooper, state resident highway engineer, and specifications may be seen at his office in Ballinger or at the state highway department office in Austin.

The rate of pay on the project will be 75 cents per hour for skilled labor, 45 cents for intermediate labor, and 30 cents for unskilled labor, for an 8-hour day.

A local employment agency from which the contractor shall obtain an unemployment list will be designated before the date the contract is let. Only certified labor from this list will be employed.

While the first contract will be only for grading and drainage, the road will eventually be hard surfaced, making it an all-weather thoroughfare.

Mr. and Mrs. Joe Forning spent Sunday in Coleman, visiting relatives and friends.

Committee to Seek Funds for Building Scouts Two Cabins

The annual campaign to raise funds for Boy Scout activities in Ballinger will be conducted Friday. An effort will be made to secure enough money this year to construct two cabins, one for troop No. 29 and one for troop No. 30.

The troops are to pay \$35 a month to the Concho valley council and the rest will remain in the local treasury. In previous years business firms and individuals here have contributed monthly to the support of Scout-ing and have provided enough for the regular work and a small surplus. The local treasury had a balance of about \$75 at the end of last year.

Subscribers to the fund last year who will continue to pay the same amounts this year provide approximately enough to take care of the monthly council payments and the local work. That will allow practically all raised in the canvass Friday to go into the building fund.

K. V. Northington and R. E. Bruce are making plans for building the cabins for the two troops which are sponsored by the Rotary and Lions clubs of this city. Judge O. L. Parish, district chairman, has authorized the drive for subscriptions.

"Mickey Mouse" of the films has rung the cash register to a tune of \$140,000,000 in seven years in the United States alone, while European receipts gross something like \$12,000,000 annually.

Park and Yard Improvement Now Underway in the City

The city is preparing to set out about 30 more peach trees on the Santa Fe right-of-way between Eighth Street and Broadway. A water line is being laid and holes dug for the trees. The row of trees will line up with the one between Tenth and Eighth streets which was planted last year by city employes and looked after through the summer without a tree being lost.

Provisions are being made to water the trees, to be spaced at regular intervals. It is hoped that civic workers may become interested later in making a beautiful park on the right-of-way between Eighth Street and Broadway.

Arrangements are being made for a large amount of plantings in city park this spring. There are already a number of peach trees growing and most of the improvement this spring will be setting out various kinds of ornamental shrubs. Crepe myrtle bushes will be planted in profusion to add color to the park and everything possible will be done to have the playground in excellent condition for Ballinger's birthday celebration in June.

In addition to this public work, many individuals are improving their yards and gardens, adding to the general beauty of the city. Several yards are being terraced and filled in with new soil. Many plants have already been set out and a number of old plants which had become ugly with age removed. Plans are being made for further beautification of the junior high school campus, including foundation plantings about the building.

Another nice bit of landscaping is being done by the Sinclair service station on Broadway. Shrubs have been planted and curbs built about the entire grounds.

The civic committee of the Ballinger Chamber of Commerce is interested in the yard program and will lend every possible support to those who plan any kind of improvement. E. Shepperd is chairman of this committee.

These young people will go to Coleman Saturday to compete in the district contests and the winner of the Y. W. A. group there will go to the state meet. The district contests are the final tests for the younger divisions.

T. J. McCaughan, of Norton, is reported confined to his home with an attack of influenza.

New Farm Agent Visits the County To Check-up Work

John Barton, new county farm agent for Rannels county, was here Tuesday conferring with Elmo V. Cook about the program under way in this county and arranging to move to Ballinger about March 1. Mr. Barton has many years' service in the extension service and for the past 12 years has been county agent of Comanche county.

While here Tuesday Mr. Barton stated that he had made many inquiries on Rannels county and had received some glowing reports. He added that he knew he would like the county and its people and expressed a desire for the full cooperation of farmers and business men in putting over the work.

There are a number of events already arranged here which Mr. Barton will take over and supervise. One is the 4-H club livestock show on March 6. Mr. Cook gave a complete outline of the program to the new agent and stated Tuesday that he hoped to be able to come back here on that date to see the show and assist in any way possible.

Mr. Barton has had much experience in 4-H club work, having maintained a large number of clubs in Comanche county with a membership totaling as high as 400 in a single year.

Mr. and Mrs. Cook and daughter, Betty, will leave Saturday for Eastland to make home.

THREE YEARS SUSPENDED SENTENCES PRONOUNCED ON TWO WINTERS YOUTHS

Two Winters youths were given three years suspended sentences in county court Tuesday morning upon conviction for burglary. The youths, Eual Coleman, 15, and Hershel Baxter, 16, were charged with entering the H. H. Hardin Lumber Co. yard at Winters Saturday night and attempting to take money and merchandise.

The boys were arrested Monday by C. R. Hightower, Winters deputy, and brought to Ballinger for a hearing. The boys made voluntary written statements before County Attorney C. C. Sessions Tuesday morning.

Mr. and Mrs. Howard Martin left Thursday morning for Roby to attend the funeral of Mr. Martin's aunt, Mrs. W. H. Youngblood, who died Wednesday morning in a Stamford hospital.

Property owners on Ninth Street, with the city of Ballinger as sponsor, are seeking an approved permanent paving project for this street. The final plans were sent to Washington for approval this week.

Leaders became interested in the improvement several weeks ago and have called on each property owner on the street to get them to sign up for part of the cost of the job. The funds will be placed in escrow, which is a requirement for this type of project.

The improvement was tentatively approved several weeks ago but was held up until the property owners could be signed up. The total cost of the job is set at \$15,000 for the government and city, plus about \$3,000 which the property owners will pay.

J. M. Garlington and J. B. Arthur have been devoting much time to the movement and reported to the city commission this week that all owners on the first ten blocks from Park Avenue to Broad Street had put their assessments in escrow.

The plans call for paving thirteen blocks with an all-weather type of surfacing similar to that on Eighth Street and Broadway. Only three individuals who own property on the street have not put up money in the pool and assurance has been given that they will be ready before the work commences.

Lucius Evans returned Tuesday night from Austin, where he had been attending the University of Texas school of pharmacy. He reported that he passed his school examinations satisfactorily, but has not taken board examinations.

Farmers to Meet Here to Consider Program Planning

A meeting has been called by Elmo V. Cook, county farm agent, and Miss Myra Tankersley, county home demonstration agent, for Friday afternoon at 2 o'clock in the district court room. All men and women of the farming areas of the county are urged to attend. At this meeting a plan will be adopted for a Runnels county farm program-planning schedule.

Members of clubs and community agricultural associations have been invited by letter to attend this important meeting. Mr. Cook and Miss Tankersley were in Brownwood last Friday to attend a district meeting and received instructions for conducting this work.

Every person interested in this work is invited to attend the meeting Friday afternoon and the county agents are expecting every community in the county to be represented.

Mr. Cook is making preparations to leave here about March 1 and this will be one of his last general meetings with the farmers of the county. His successor, J. A. Barton, is expected to arrive next week and take over the duties of the Runnels county office.

Card of Thanks

We wish to take this opportunity to thank our relatives, friends and neighbors for the many acts of kindness during the recent illness and death of our little baby, Wandee.

Not only are we thankful for the assistance in waiting upon our sick, but also for the real necessities of life furnished us; and especially do we thank Mrs. Patrick for the flowers that decked the little casket.

We also thank Drs. Hale and Neerota for their kindness and help and their faithful continuance with us, and everyone who offered words of comfort and expressions of sympathy in the hour of bereavement.

FARMERS TO RECEIVE DELAYED PAYMENTS

COLLEGE STATION, Feb. 26.—With the passing of a recent appropriation bill signed by the president of the United States, Texas farmers are due to receive approximately \$17,500,000 to fulfill all old government obligations, according to E. N. Holmgren, administrative assistant of the AAA at College Station.

"Some payments should begin to arrive within the next 30 days," Holmgren announced.

"Obligations of the U. S. government to Texas farmers consist of second payments on the cotton-hog contracts, the completion of rental and parity checks of cotton and the cotton adjustment payments," he said.

Holmgren went on to say that nearly all counties in the state have some second cotton rental and parity payments due and also that all counties have some cotton adjustment payments coming.

With the opening of action again and an appropriation of \$296,185,000, skeleton forces were put to work February 13 and 14 in College Station to push with all speed the paying up of government obligations to the farmers.

Information rushed to the field and county agents by Holmgren consisted of the statement: "All contracts and obligations made and complied with prior to January 8 will be paid."

"We are in process in liquidating all 1934 and 1935 cotton, cotton-hog, and other contracts which were suspended or returned for correction."

Chester C. Davis, administrator of the AAA in Washington, D. C., recently released this statement: "We will try to prevent delay in fulfilling obligations and in reimbursing those producers who carried out their agreement with the AAA in good faith."

Permission Required To Use Tennis Courts On School Grounds

Officials of the Ballinger schools have made announcements each year about the use of the tennis courts on the campus, but every spring a number take unallowed advantage and force attention being called to the matter again.

Supt. H. C. Lyon stated Monday that no student or adult would be permitted to use the courts on Sunday under any circumstances. On Saturday, either students or adults will be permitted to play, provided permission is secured from the principal of the respective building.

Several new courts are being laid out at the junior high school grounds and will be in use most of the time by students who are training for the contests in the county interscholastic meet here next month. Other courts are being maintained on the senior high school campus.

School officials stated that they had no objections to the courts being used when there were people there to be responsible, but that to protect the property permission would be necessary before being used on other than school days when instructors are not on the grounds.

Faculty members in the local schools are busy training students for the county meet. Entries will be placed in practically every league event to be held here on March 20 and 21 and on March 27 and 28.

Back Again!

CARVETH WELLS, famous explorer, author and radio star who makes a truth sound stranger than fiction, will return to the air Sunday, March 8, as featured entertainer on Continental Oil Company's new "Exploring America" series. Since his last Conoco broadcast, Wells has explored Panama and Mexico, and traveled more than 100,000 miles in the United States, camping in his cabin-type trailer. Twenty stations will broadcast the Conoco program each Sunday.

Robert ("Smoky") Lusk spent the week-end in Ballinger, visiting relatives and friends. He returned to Howard Payne College, Brownwood, Sunday.

Pupils to be Selected For County's Quota In Centennial Chorus

A number of students of Runnels county schools will sing in the massed chorus at the central celebration of the Texas Centennial at Dallas on June 13. State Superintendent L. A. Woods is arranging for a chorus of 50,000 school children, who will sing Texas songs as a special feature of the Centennial program on this date. Each county will be given a quota. Pupils in each school will be given try-outs and the best chosen for the trip to Dallas.

County Superintendent E. C. Grindstaff stated Monday that the music had already been received and as soon as Runnels county's quota is set try-outs will commence.

All schools of the state are to be represented in this group of singers with the independent as well as the common districts furnishing their share of the vocalists. The children selected will be drilled by the instructors of public school music and will be assembled in Dallas for a rehearsal together before the regular appearance.

County quotas are to be decided in a few days and the county superintendent will make up the number for each school to furnish.

Mr. and Mrs. Crawford Lumburg and little daughter visited relatives and friends at Mason Saturday and Sunday.

Standardization Tests for Rural Pupils to be Held

County Superintendent E. C. Grindstaff and assistant, James Parrish, will begin giving the state tests for standardization to students of the Runnels county schools on March 1. This year the examinations will be given all pupils in rural schools from the first grade through the seventh grade, which is two more grades than formerly took the tests.

Students in 133 counties and 454 independent districts took the examinations in 1935. In Runnels county seventh grade pupils scored 296 points out of a possible 452, considered an excellent record. The principals gave the tests in 1935 but this year it was thought best to have some official outside of the schools ask the questions. Mr. Grindstaff and Mr. Parrish will visit each of the rural schools to give the standardization tests and spend what time is necessary to complete the work.

The results of the examinations will be made known at the county-wide graduation exercises which are to be held in Ballinger some time in May or the first part of June when seventh grade students are given diplomas for finishing the course.

Mr. Grindstaff stated that pupils in all schools of the county are busy at this time, preparing to take part in the county interscholastic league meet to be held here on March 20-21 and 27-28. Several thousand children will be

here on these four days to participate in the events.

Mr. and Mrs. Albert Afflerbach and children, of Winters, were in Ballinger Sunday, visiting relatives and attending the dinner served by members of St. Mary's Church.

Russell Henry left Monday for Shamrock, where he will make home. Mr. Henry had been representing a cotton cooperative here for the past two seasons.

Travelers of the future will have their first view of Diamond Head, Hawaii, from the clipper.

Let's get straight to the point about your winter gasoline

In plain words it's old-fashioned to have winter starting troubles. (You needn't admit anything in company—because lots of people don't know there is hard starting any more.) But get a neighbor off to one side. Chances are he's an old regular on Winter Blend Conoco Bronze, or he is one of the thousands and thousands who changed to it these recent cold months. See if he doesn't say almost these words: "You always start up on Conoco Bronze; you start, that's all. No weather yet, around here, seems to make any difference. Maybe your car isn't new, but this stuff starts. You or I don't know how any gasoline is made, no matter what we're told. But when you don't have to grind the starter and pray for your battery, nor keep on choking and choking, then you know you've got what you want. And they don't have to tell you any more about Conoco Bronze than the way it starts, as long as you know it does." Continental Oil Company, Established 1875

CREWS CHATTER

Sunday was a pleasant day and church services were well attended.

So much bitter cold weather has retarded plowing and only a few farmers are through breaking land.

The little son of Mr. and Mrs. Walter Schwartz, who has been ill with pneumonia in the Halley & Love Sanitarium at Ballinger, is now rapidly convalescing at home.

Little Wanda Jean Queen, daughter of Mr. and Mrs. Bud Queen, who has been critically ill with pneumonia, is reported improving.

A large number of citizens attended the basketball tournament at San Angelo Saturday.

Mrs. Bob Lewis is in a serious condition with sciatic rheumatism.

Rev. W. H. Rucker, of Strawn, was a guest of his son, Byron Rucker, principal of the Crews high school, Friday afternoon. Bro. Rucker was accompanied by his little granddaughter, Jennie Lind Rucker, of Glen Cove.

Mr. Robertson, of our community, is reported very ill with "flu" complicated with heart trouble. His life was despaired of Sunday morning, but at last report his condition was said to be better.

Mr. Robertson's mother, brothers and sisters arrived Monday morning from Houston in response to a message, through some error stating he was dead. Their joy was great on arriving at Crews and asking directions, to learn their son and brother was still alive and some better.

Doyle Jayroe is considerably improved from a recent illness though still receiving medical treatment.

Mr. and Mrs. Lloyd Jackson, of Herring, have moved into our community.

Our citizens feel a pardonable pride in the boys' ball team's success in San Angelo, and wish them success in the tournament at Abilene.

Mr. and Mrs. Raymond Phillips are the proud parents of an eight-pound boy, born February 19.

Mrs. Chapman, of Winters, was a guest of her daughter, Mrs. Reese Jones, and family, Sunday.

The Ladies Aid Society of the Baptist church met with Mrs. A. W. Madison Friday of the previous week. A portion of the day was spent in quilting. A fine lunch was enjoyed at the noon hour. From 2 to 4 p. m. was spent in Bible study, and an interesting program was rendered. Fourteen members were present. The next meeting will be held in the home of Mrs. Weldon Branham March 6.

BARNETT BELL RINGERS

There was not a large attendance at Sunday school Sunday because there is so much sickness in the community.

C. L. Howell, of Ballinger, Tom Gibson, Leon and Brooks Gibson and Raby Padgett, Jr., returned home Monday after a fishing trip to Old Mexico.

Mr. and Mrs. Cecil Lander spent Sunday with her parents, Mr. and Mrs. Charlie Manske, of the Kristoff community.

Mrs. Mary P. Gaston (Grandmother Gaston), 77 years of age, died Saturday from serious burns. The body was brought from Littlefield Sunday to the home of Mr. and Mrs. B. D. Camp, which is the Gastons' old home place, where it remained until burial Monday at 4 p. m. Mrs. Gaston was an early resident of Runnels county, living in this community until three years ago when she moved to Littlefield to make her home. She returned every summer for a visit. She is going to be missed by everyone who knew her.

Mr. and Mrs. Len Minshew visited Mr. and Mrs. Will Tyree Saturday night.

Mr. and Mrs. Joe Yarnell and son, J. T., of Norton, spent Sunday and Monday with Mr. and Mrs. B. D. Camp and daughter.

Those on the sick list are: Mr. and Mrs. Will Tyree, Rosemary and Joe Camp, Pat Tyree, and a number of others.

Mr. and Mrs. Leonard Laxton and daughter moved last week to Doole.

Mr. and Mrs. Red Branham, of San Angelo, spent Sunday with Mr. and Mrs. R. L. Sides.

Mr. and Mrs. Orval Power spent the week-end with Mr. and Mrs. C. L. Howell and family, of Ballinger.

Grandmother Paschal is spending the week with Mr. and Mrs. Lawrence Dodd, of Blanton.

BETHEL BEAMS

Everyone has been enjoying the spring weather.

Both Sunday schools were well attended Sunday. Rev. Gilliland held services at the Methodist church.

BETHEL HOME DEMONSTRATION CLUB

The making of wool comforts and tufted bedspreads was the topic for general discussion at the regular meeting of the Bethel home demonstration club Thursday afternoon, February 20, in the home of Mrs. Lewis Loika. Thirty-four members and six visitors were present.

Mrs. Loika displayed a wool comfort she had just finished. Plain sateen linings with floral tops are being used. The wool after being scoured, carded into batts and put into a cheesecloth lining, is quilted into wide designs or lines. Wool rolls prepared at the mills may be used.

Several members attended the bedspread school at Ballinger and a number are making plans and getting materials ready to make a spread before the county bedspread show.

Miss Annie Shelburne outlined the educational dues paid by each member, which go to help pay the way of some outstanding 4-H club girls in college.

A miscellaneous shower was presented to Mrs. Benfer, who lost her home by fire recently. Many useful gifts were presented.

The winter group entertained with a social honoring George Washington's birthday. Red, white and blue streamers and United States flags decorated the rooms. A program with Miss Mable Bigby as leader was given on the life of Washington. A refreshment plate

of chicken salad sandwiches, pie topped with whipped cream and cherries and hot chocolate was passed to the 40 present. Favors were small hatchets.

Names were drawn for new "capsules." The next meeting will be held at the home of Mrs. Robert Wood, second-year yard demonstrator, on March 5. Miss Myra Tankersley home demonstration agent will give a demonstration on planting shrubs.

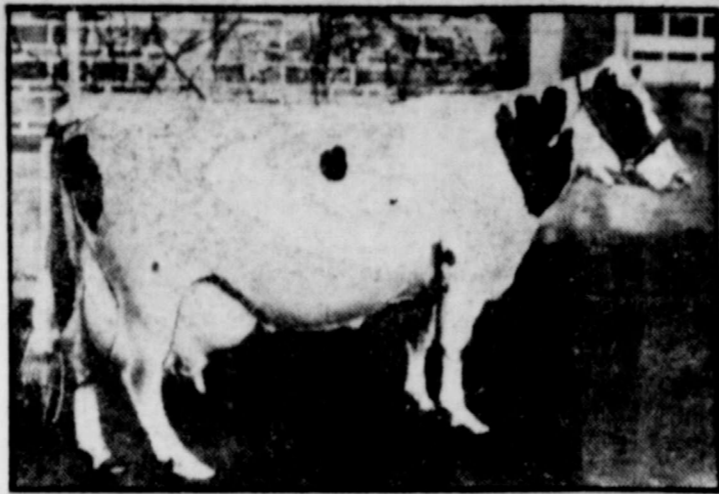

TRIBE OF YODLERS FOUND IN NEW GUINEA

CANBERRA, Feb. 26.—That a tribe whose men speak "in pretty yodelling tones" and carry bows and arrows, stone axes and human daggers, has been discovered in the White River valley, New Guinea, and has just been reported to the government of Australia by M. Hides, an explorer.

Reaching the valley, Hides and his party were held spellbound by the scene of wild and lonely splendor. "We have never seen anything more beautiful," states the report, "and found a population such as one sometimes dreamed of."

All the people were short of stature, clean, light-skinned, and wore girlish mops of brown fuzzy hair adorned with flowers. Friendly to the expedition at first, the people later refused it food, and the explorers had to fight for sustenance.

Cow Breaks Production Records

Carnation Ormsby Butter King, above, is the first cow in history to hold both world milk production and world butter production records. This champion Holstein produced 38,606 pounds of milk and 1,752.5 pounds of butter in a n official 365-day test at Seattle, Wash. The milk record had stood since 1920 and the butter mark since 1923. Annual production of the average cow is estimated at 5,000 pounds of milk and 200 pounds of butter.

County's Veterans Seek Bonus Bonds; 500 Blanks Signed

Runnels county veterans are signing application blanks for their bonus money at a fast clip and already about two-thirds of the former service men have mailed their applications. Some are being delayed until additional information can be received from the veterans' bureau regarding numbers on certificates upon which loans have been made.

An announcement was made this week that half the World War veterans in the nation had already filed their blanks and that government employees were pushing the clerical work as fast as possible in order to start mailing bonds and checks to the veterans by July 1.

The total to be received in Runnels county is more than first estimated due to so many having no loans against their certificates. A number in this county in making application for the bonus returned their original certificates. Assistance is being given to veterans at Ballinger, Winters and Miles by the American Legion posts and a considerable supply of blanks is on hand at this time.

A check-up reveals that approximately 90 per cent of the veterans are planning to spend their money as soon as they receive it. Some have already made contracts on the basis of what they will receive.

The range of spending will cover practically every line of business but payments of debts and obligations leads the lists in this county. Home improvements and automobiles will run a close second. Practically every ex-service man interviewed has indicated he will spend the money wisely. A few said they intended to hold their bonds and draw the interest offered by the government.

FORGED MONEY ORDERS ARE BEING CIRCULATED

Postmaster Tom Caudle received notice today to watch for forged money orders which might be presented at any postoffice or bank. On the night of September 15, 1935, the postoffice at Oil City, Louisiana, was robbed and numerous money orders were in the loot. The orders include forms numbered from 181,895 to 182,900, printed for the Oil City office.

At least four of the stolen orders have been presented for payment and all postoffices have been notified to watch for these forged instruments and to notify banks.

DEATHS

M. J. Collins

Funeral services for M. J. Collins, 38, were held Monday at 1 p. m. at the Jennings Funeral Home chapel, Rev. W. H. F. Moore officiating. Mr. Collins died at 6 o'clock Saturday morning at his home in San Antonio following a heart attack.

Decedent formerly resided in Ballinger, building a brick bungalow in Wilke Terrace several years ago. He moved to San Antonio three years ago to do geological work in that area for the Plymouth Oil Company.

Survivors include the widow, a son and a daughter.

Fallbearers were: Estes M. Lynn, Tom Agnew, Carl Black, Max Wilson, Drury Hathaway and K. V. Northington.

Jennings Funeral Home undertakers were in charge of arrangements.

Mrs. Mary P. Gaston

Mrs. Mary P. Gaston, 77, died in a Littlefield hospital Saturday at 1 p. m. from results of burns sustained earlier in the day at her home.

She was making home with a son, Ernest Gaston, of Littlefield, and Saturday morning threw some kerosene on a bed of live coals in a stove, causing the stove to explode and setting her clothing on fire. Her screams attracted members of the family but not in time to prevent her entire body from being terribly seared. She was rushed to the hospital but nothing could be done to save life.

Decedent moved to Littlefield from her farm on Valley Creek three years ago. For years previously she had lived on this farm and was well known in the community. She retained her membership in the Ballinger Methodist church after leaving the county.

Survivors include three sons, four daughters, and a number of grandchildren.

Funeral services were held at the First Methodist Church Monday afternoon at 4 o'clock, Rev. W. H. Vanderpool, of Coleman, officiating. Interment was made in Evergreen Cemetery.

A Jennings Funeral Home hearse met the funeral car at Sweetwater Sunday and brought the body to the Valley Creek home where it was held until Monday afternoon. Undertakers of this firm, assisted by Albert Afflerbach, of Winters, were in charge of the interment.

Velma Darlene Compton

Funeral services will be held Friday afternoon at 3 o'clock for Velma Darlene Compton, 18 months old daughter of Mr. and Mrs. A. B. Compton. Rev. J. H. McClain will officiate at the rites.

Mr. and Mrs. Compton are well known in Ballinger and Runnels county, having been residents here for several years at various times. Mr. Compton was employed a short time ago by the J. C. Penney Company, recently moving to Houston. The baby died this (Thursday) morning in a Houston hospital following an attack of diphtheria.

Survivors include the parents, two elder brothers, Bruce, Jr., and Tommie, and the grandparents, Mr. and Mrs. L. W. Compton, and Mr. and Mrs. T. F. Grisham, of Wingate.

Interment will be made in Evergreen Cemetery.

Jennings Funeral Home undertakers are in charge of arrangements.

Lighting In Paris Homes

By Rose Patterson

PARIS, Feb. 26.—Lovely lighting is the background to every scheme of decoration in the modern Paris home. An example which has been widely copied is the beige dining room shown in the decorative art section of the salon at the Grand Palais. This has eighteenth-century green walls and an oval table in beige fancy wood, very highly polished.

The room is lighted from five misty moons set in a clear, silver-framed glass which is let into the ceiling. A deep and wide-tipped cup in beige porcelain on a side table gives more light and silver ornaments placed in dome-shaped recesses in the walls hide further lamps.

Every modern sitting room has its aquarium and gilded cage of birds, the former lighted from above and the cage from the bottom or sides. Water plants and a gay splash of color.

Many rooms have a luminous square block table in opaque glass colored rocks make the aquarium with a glass or china ornament. Colette Gredin has set the latest fashions in table ornaments. She fits lights into old seashells or in carved, colored crystals which she sets upon solid pieces of dark wood or rock.

Sometimes clear and unframed mirrors are set away from the walls, with lighting fixed behind them to give a daylight effect.

By way of reaction we have also a vogue for real candles on the dinner table. These are colored and shaped to look like leaves or flowers and then set into heavy stands of cut glass which act as reflectors.

Lady Mendil (Ede de Wolfe, wife of Sir Charles Mendil at the British embassy), who now has seagreen hair which rivals the pink coiffure of the Marchessa Casati, has a great flair for interior decoration. She says table decorations should be kept low. She advocates menus on the table and coffee served at the table.

Unusual parties are the fashion. At one of the finest mansions in Paris guests were surprised the other night to find a donkey and cart laden with oranges, apples, nuts and grapes. One distinguished hostess gave her guests champagne, roasted chestnuts and baked potatoes.

The atmosphere of the new night club, "La Belle Epoque"—"The Good Old Days," as one might translate it—is that of the early 1920s and of the "Merry Widow." These were the days of the vaude, the carriage and pair and the large moustaches for men, as well as the floating, diaphanous draperies of women.

The native Moroccan touch is apparent in style, material and colorings. The burnous appears as a cape in soft light crepes. A tall cap, pinched and dented, goes with it. Light bread-colored crepes and blanket woolens recall the Near East colors.

Hair is worn neater and closer to the head; the ears are shown. To be smart, the Parisienne now combs her shingle across the head, often from ear to ear, with the sides forward or upward and the ends folded into large flat curls. Or all the hair may be brushed to the top of the head and there moulded into flat curls.

"MOUNTAIN CHICKEN" POPULAR

SANTO DOMINGO, Feb. 26.—The national dish of Dominica is "mountain chicken," made from giant land frogs. The entire frog is eaten, either boiled, broiled, fried, roasted or stewed, and there are few viands in the world more delicate or toothsome.

Sinclair Service Station Opened By Owen Dorsey

The new Sinclair Service Station operated by Owen Dorsey, located on Broadway adjoining the Banner Ice Company station, opened for business this week, featuring Sinclair products, Goodyear tires and tubes, A-C spark plugs and a full line of automotive accessories.

This station is modern in every particular, being constructed along general lines of the new Sinclair stations. The grounds have been beautifully landscaped and the building is well lighted with two large flood lights used at night.

Mr. Dorsey has been employed by the Sinclair company in Ballinger for the past 21 years, associated with E. P. Talbot, local agent. When the new station was built he became the manager and has secured the services of Oran Neely as assistant. G. V. Talbot, of Fort Worth, has accepted the position at the wholesale plant

made vacant by Mr. Dorsey. This week-end a special invitation is extended by Mr. Dorsey to motorists of this trade territory to visit and inspect the station whether they buy or not.

Car washing and greasing will be featured by the new station, a complete assortment of greasing machines and guns having been installed to service any make of automobile.

MUSIC SPEEDS FISH CLEANING

YARMOUTH, England, Jan. 29.—Music is inspiring the famous Scottish fish-cleaning girls who came by special trains to Yarmouth for the herring season. The lassies sang at their work with such zest that fish-curing firms introduced loud speakers through which phonograph music was played.

NEW AUSTRIAN STAMPS HONOR NATION'S HEROES

VIENNA, February 26.—The new series of charity stamps bear the heads of famous army leaders.

The 12-groschen, for example, has the portrait of Prince Eugene of Savoy, who fought against the Turks and also side by side with Marlborough against the French. The 24-groschen has a picture of General Laudon, opposer of Frederick the Great. The 30-groschen shows Archduke Karl, victor of Aspern, who defeated Napoleon at Vienna's gates—and so on.

For the philatelist exhibition in the Art-Craft Museum, the Austrian postal director, Herr Stejskal, has lent valuable old stamps, and members of the Philatelist Association have contributed rare exhibits.

SONGS ARE ANNOUNCED FOR CHORAL CLUB CONTESTS

Announcement was made this week by Miss Ione McIntyre, director of choral singing in the contests which have been added for all schools participating in the county interscholastic meet, of

the songs which will be used. The contest is for mixed choruses of boys and girls with a maximum of 25 to the group. All schools will compete in the same class.

Four songs have been selected for the contest which will be required of all clubs entering. Miss McIntyre requests that directors of clubs secure the following songs and rehearse them for the contest to be held at Ballinger during the county meet:

"Texas, My Texas," by W. J. Marsh

"Bells of St. Mary's," by Emmett Adams

"One Fleeting Hour," by Fruhmant Lee

"Home on the Range," by Oscar J. Fox

"Texas, My Texas," may be secured from Stafford Engraving

Company, Fort Worth, and the other three from G. Schirmer, Los Angeles, California.

NEW RUSTLESS STEEL TESTED IN GERMANY

BERLIN, Feb. 26.—Declared to be superior to former products, a new rustless steel has been developed by steel producers of Germany, who are now testing it. One factor in making the new product is the adding of silicon to the usual formula.

Reports concerning the new development state that the difficulty with former rustless steel was that shavings adhered to the steel while it was being worked, causing considerable trouble in the turning lathe or under grinding wheels.

THIRD TRACT

80 acres of land in Runnels County, Texas, being survey No. 41 1/2 on the waters of Bluff Creek, a tributary of the Colorado River, about 16 miles N. 7 deg. E. from Ballinger, by virtue of an affidavit made before the Clerk of the County Court of Runnels County, Texas, May 19, 1894, under an act for the benefit of actual occupants of public lands approved May 26, 1873, BEGINNING at a st. md. the NE. cor. of Sur. No. 321, H. & T. C. R. R. Co.; THENCE East 268 vrs. to st. md. in the W. B. line of T. J. Hardeman Sur. No. 267; THENCE S. 15 deg. E. 1130 vrs. to a st. md. for cor.; THENCE West 564 varas a st. md. in E. B. line of sd. No. 321; THENCE North 1087 vrs. to the place of beginning, having been patented to Sam Gee on the 4th day of June, 1894, by virtue of "Letters Patent No. 458, Volume 26."

2. That the share and interest of each of the parties aforesaid is as follows:

Lati Wallace, T. M. Hamrick and Dora Houser each own a one-fourth of said property;

Rome Austin, and Lester Tipton each own a one-sixteenth of said property;

Lee Arthur Ponton, Herbert Spencer Ponton and Myrtle Mae Dosier each own a one-fourty-sixth of said property;

That Sam Austin owns a one-sixteenth of said property; and plaintiffs allege that if they are mistaken in alleging that Sam Austin owns such interests, then plaintiffs allege that the heirs, successors and legal representatives of Sam Austin, deceased, whose names and places of residence are to plaintiffs unknown, own a one-sixteenth of said property.

3. That the estimated value of said land and premises is \$5,000.00.

4. That the defendant, R. L. Thomas is in possession of such premises setting up some kind of pretended claim thereto, the exact nature of which is wholly unknown to plaintiffs, but which is fully known to the defendants, and which pretended claim, whatever the nature or character, was acquired with notice actual or constructive of the rights of plaintiffs therein, and is wholly inferior and subordinate to the rights and titles of plaintiffs in said premises.

5. That there is situated on said land farms which have been farmed by tenants whose names are unknown to plaintiffs, but which are fully known to the defendant, Dora Houser; that about the ___ day of _____ the defendant, Dora Houser, who was then and there in lawful possession of said property as a co-tenant with plaintiffs and those under whom plaintiffs claim, these plaintiffs and those under whom these plaintiffs claim not being in actual possession thereof, collected from the tenants of said farms from time to time since said date in amounts wholly unknown to these plaintiffs but which are fully known to the defendant, Dora Houser; and which plaintiffs allege is a total sum of \$1,400.00; that such defendant has appropriated to her individual use said rents and the sums so received for the same, and has denied these plaintiffs' rights therein, and has refused to pay plaintiffs the same or any part thereof to plaintiffs' great damage. That during said time said defendant has been in possession of such property, she has paid certain state and county taxes thereon which was necessary to the protection of plaintiffs and defendants' title thereto, the amounts of which expenditures are wholly unknown to these plaintiffs but which are fully known to the defendant, Dora Houser, and for which defendant, Dora Houser, is justly entitled to make deductions in an accounting.

Plaintiffs allege that plaintiffs and each of them have from time to time heretofore made demand upon defendant, Dora Houser, to pay the various sums alleged to be due and owing plaintiffs, and each of them, offering to allow such deductions as were right, proper, equitable and just, but that defendant, Dora Houser, has hitherto at all times denied the rights of plaintiffs therein, and refused to pay said sums or any part thereof.

PREMISES CONSIDERED

plaintiffs pray that the defendants be cited to appear and answer herein; that on final trial, there be had an accounting between plaintiffs and defendant, Dora Houser; that the court appoint an auditor to cast the accounts between plaintiffs and defendant, Dora Houser; that plaintiffs and

each of them have judgment against said Dora Houser for such sum as may be found due to each of plaintiffs therein; that such real estate above described be partitioned and divided as provided by law; and that plaintiffs may have such other and further relief as they may be shown to be entitled to either in law or in equity.

SHEPHERD & PATTESON,
Attorneys for Plaintiffs.

Herein fall not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Ballinger, Texas, on this 23rd day of December, A. D. 1935
(Seal)

JOHN B. RAYBURN, Clerk,
District Court, Runnels County,
Texas. 13-20-27-5

Pursuant to the provisions of Section 304 of the Banking Act of 1935, notice is hereby given by the First National Bank of Ballinger in the city of Ballinger, State of Texas, that the liability imposed upon the holders of shares of its common stock by the provisions of Section 5151, U. S. Revised Statutes, as amended, and Section 23 of the Federal Reserve Act, as amended, shall cease on July 1st, 1937.

ADRON MING ELECTED SCIENCE TEACHER HERE

Adron Ming is the new science teacher in the Ballinger junior high school. He was selected last week to succeed Phil Nolan, who resigned to accept a place with the San Antonio schools and left Friday to begin his work there.

Mr. Ming comes to Ballinger from Hearne. He is a graduate with an A. B. degree from the South Texas State Teachers' College, San Marcos. He was here last week conferring with the board of trustees and after signing a contract returned here Monday morning to begin his duties.

He will coach junior football in addition to his other work in the school. He also teaches band and orchestra as well as being qualified to direct other athletics.

Mrs. Joe Huffman and children, of Anson, visited relatives here Monday.

Baptist Conference For Nine Counties Here March 3 and 4

Baptists from nine West Texas counties will assemble here on March 3 and 4 to attend the district 16 conference, with the Ballinger Baptist Church as host for the occasion. Five general sessions will be held during the two-day conference. A number of prominent men and women from over the state will take part on the program.

The general theme for the conference is cooperation and the slogan adopted is "The Whole Church Supporting the Whole Program of Jesus."

At each of the half-day programs a number of sectional sessions will be held for the cradle roll, beginners, primary, juniors, intermediates, young people and adults, associational and Sunday school work, and for the six-point record system.

In the afternoon of the first day, Dr. Thomas H. Taylor, of Brownwood, will be heard in an address on "Brotherhood." Dr. Taylor, an outstanding leader in the Baptist church, is one of the best speakers in the state.

T. C. Gardner, of Dallas, will deliver a talk on B. T. U. work during the first afternoon of the conference.

A night session will be held on March 3. Dr. S. B. Cuipepper, of Stephenville, speaking on Sunday school work and a group from Howard Payne College, Brownwood, presenting a special musical program.

At the morning program on March 4 Dr. Hal Burkner will be one of the most prominent speakers, discussing the Backer's Orphan's Home, Dallas. Other speakers on this program will include Rev. W. T. Hamor, Dr. Karl H. Moore and Dr. J. Howard Williams.

Morning sessions will start at 9 o'clock and continue until noon. The afternoon programs will begin at 1:30 o'clock and night sessions commence at 7 o'clock.

Everyone interested in the programs is invited to attend any or all. A number of out-of-town delegates will be here to attend the five general programs.

All Tires and Batteries guaranteed at Freeman's.

Mrs. R. L. Stephenson and daughter, of Lubbock, visited relatives here Friday and Saturday.

J. A. Schnable and C. G. Jennings returned Friday from Dallas, where they transacted business.

'Composers' Back in Triumph

Mike Hiley, left, and Eddie Farley, who conceived "The Music Goes Round," are shown doing a little "who-hoing" on their return to New York from Hollywood, where they recently were featured in a picture.

INSPECTOR WILL VISIT LOCAL COMPANY MONDAY

Ross Murchison returned Sunday from Fort Worth where he had been to attend a meeting of the seventh district, Texas Bankers' Association, and to attend a national guard conference.

The military conference was attended by 50 officers of the Texas national guard and General Charles W. Nimon was presented with a beautiful radio as he retired as ranking officer of the regiment.

Captain Murchison was notified that Captain A. D. Sanders would be here Monday night to make a property inspection of the local unit. The entire company will assemble at the armory at 7 p. m. for inspection by the visiting officer who is an instructor in the regular army. The property inspection will be made in the afternoon.

MOTLEY IS CONFINED TO HOME WITH FLU

J. D. Motley is a flu victim this week and was in bed at his home on Tenth Street Monday. Complications arising made it necessary for an ear to be lanced Sunday to give him relief from the pain. His condition Monday was slightly improved, but he will be at home for some time yet.

Committee Will Score Crews Quintet Wins Bedrooms of County District Cage Crown; Contestants Soon Favored at Abilene

Miss Myra Tankersley, county home demonstration agent, will begin the latter part of this week visiting the girls' clubs of the county, and will accompany a committee to score the bedrooms which will be entered in the county contest this year. As soon as the rooms are inspected and scored by the committee, the girls will begin improvements which must be completed and judged not later than June 20. There are 14 rooms entered in the contests and all the demonstrators are ready to start their improvements.

The past week-end bedspread schools were held in Ballinger and Winters. About 40 women attended the schools and received patterns and instructions for the making of tufted spreads. Many of the patterns were stamped on the material for the women during the school.

A bedspread show will be held in Ballinger some time in July and many of the spreads started in the recent schools will be on display at that time.

Several changes are being made in the program for county club work because the A & M short course has been moved up a week. Miss Tankersley plans to conduct the girls' encampment in July just before the dates for the short course.

Rev. Homer Vanderpool left Sunday night for Dallas to attend to business several days.

Want ads are economical and bring results.

The Crews basketball team won first place in the district interscholastic league tournament, at San Angelo and is now ready to go to the regional tournament at Abilene next Friday and Saturday. The quintet took San Angelo out of the race Saturday morning by a lop-sided score and defeated Robert Lee in the final tilt by the score of 60 to 13. Two Crews teams were used in the final game.

The competition will be stiffer at the regional meet but the Crews team is doped as one of the strongest to be entered. In case it wins this week, it will go to the state tournament at Austin on March 6 and 7, where the Texas championship will be determined.

Last year the Crews five went as far as the regional meet and lost there to Tuscola in the finals. This year the Runnels county boys have already defeated this team and feel that they can duplicate in the games at Abilene this week.

One of the strongest teams in this section of the state is that of the Mozelle high school, Coleman county. It has been winning all season, took the championship in its district, and will be in the Abilene tourney Friday and Saturday.

Many Runnels county supporters will go to Abilene this week-end to boost for the Crews players.

Mr. and Mrs. Herbert Sledge, Miss Florence Davis and Paul Kirk went to Menard Sunday to spend the day with Mr. and Mrs. Chester Uecker.

BALLINGER SCHOOL NEWS
By Genevieve King

Miss Elizabeth Parker directed a "style-show" chapel program presented last Friday. The different months of the year were represented by appropriate costumes. In January, Tony Nixon represented "Father Time," and Buddy Fryar, the "New Year." Girls who modeled clothes were: Lola B. Evans, Dorothy Lynn, Genevieve King, and Juanita Farris. For February Harlin Thomas played the part of Abraham Lincoln, and Melvin McMillan the part of George Washington. Evelyn Branham, Kathryn Scates, Mable McMillan, Alla B. Fry and Mary Edith Weihenau modeled costumes. Mary Lou Creasy and Virginia Mae Tyson represented Irish "colleens" in the month of March. Costumes were shown by Wanda Lane, Marcella Fryar, Billie Teague, Sidney Reese, Teddie Wardlaw, Jessie Rose Wallace, and Frances Gustavus. Joe Cozby represented the "April Fool" for April. Others taking part in this program were: Margaret Burke, Marion Mapes, Lolita Morrison, Lillian McShan, Pauline Morrison, Genevieve King, Lois Batta, and Wilma Seipp. To represent the spirit of May and June a dancing chorus was composed of the following girls: Kathryn Scates, Teddie Wardlaw, Margaret Batta, Evelyn Branham, Eloise Mullins, and Kathryn Wilson. Marjorie Lynn and Melvin McMillan represented the bride and groom in June. Following this month, Ella Mae Clark sang "I Love You Truly," accompanied on the piano by Genevieve King. Buddy Fryar played the part of "Uncle Sam" for July. Costumes for this month were modeled by: Wanda Lane, Margaret Burke, Maurine Batta, Marcella Fryar, Dorothy Lynn, Jessie Rose Wallace, Frances Gustavus, and Lois Batta.

August was characterized by Margaret Burke, Pauline Morris, Frances Smith, Juanita Farris, Mary Ava Burton, and Sid Reese. For September, school girls were represented by: Eloise Mullins, Evelyn Branham, Maurine Batta, and Kathryn Scates. Edith Jones played the part of a Halloween witch in October. College costumes were modeled by Wanda Lane, Marcella Fryar, Dorothy Lynn, Frances Gustavus, Lois Batta, Jessie Rose Wallace, and Mary Ava Burton. November pilgrims were Melvin McMillan and Lois Batta. Kathryn Scates, Marjorie Lynn, Kathryn Wilson, Teddie Wardlaw, and Camille Behringer wore appropriate costumes. December was symbolized by Marcella Fryar, Billie Teague, Kathryn Scates, Teddie Wardlaw, Dorothy Lynn, and Jessie Rose Wallace. W. L. McMillan played the role of "Santa Claus."

Ruth Smith read appropriate verses for each month, and Wanda Williams played popular music during the intermissions.

The pep squad enjoyed a "leap year" party at the country club Friday evening, February 21. The gypsy theme was carried out through the entertainment. Almost all of those present were dressed as gypsies. Ring games, gypsy fortunes and other appropriate amusements were enjoyed by those present. Refreshments of beans, onions, meat balls, buttermilk, and apples were served to the pep squad girls, a large number of guests, and Miss Parker, sponsor. The chaperones were Mr. and Mrs. R. F. Lane and Mr. and Mrs. Jack Nixon.

Last Friday three different Texas Centennial clubs were organized in the fourth year history classes. The officers elected in the third period class are: president, Freda Lamp; and vice-president, Sidney Hale. In the fourth period class the officers elected are as follows: W. L. McMillan, president; Jessie Rose Wallace, vice-president; Margie Mae Holstead, secretary; and Wanda Lane, reporter. The last group, those in the sixth period class, elected the following officers: Gilbert Behrend, president; Teddie Wardlaw, vice-president; and Juanita Farris, reporter. These clubs will meet each Friday at the class periods to study various phases of the Texas Centennial.

The public speaking class has been working up some interesting debates. Each student is required to work up at least one debate speech. Questions that have already been discussed are as follows: "Resolved: That Roosevelt's policy should be continued for the next four years;" "Resolved: That the United States should prepare for conflict as foreign powers are doing;" "Resolved: That high school girls should adopt a uniform dress;" "Resolved: That the government should control public utilities."

Junior High Playground Improved

Mr. Henry Doss, playground supervisor for the board of education, has added some attractive and profitable features to the playground at the junior high school. Shrubs and trees have been set out and tennis courts have been constructed. The pupils are proud of this investment.

Senior Highlights

Ruth Smith lives at 404 Tenth Street. This is her fourth year of attendance at Ballinger high school. She has studied expression under Miss Nona Dilts for three years. Ruth was a member of the pep squad in 1932-33, 1933-34, and 1934-35. For the past three years, she has also been a member of the Ballinger band and the Ballinger high school orchestra. Ruth is now secretary of the sixth period Texas Centennial club.

Winnie Lee Jones lives at 309 Fifth Street. She has attended Ballinger high school for the past three years. In 1934-35, she studied expression under Miss Nona Dilts. In 1932-33, she was a member of the glee club. Winnie Lee has studied art under Mrs. Harry Thomson for the past two years. Last year she won second place in the charcoal division of the regional art contest at Abilene. She also won first place in spelling at the county meet last year. Winnie Lee has been a member of the dramatic club for two years. She is now in the Spanish club, "Los Amigos," and is serving as vice-president of that organization.

TURKEYS BRING GOOD PROFIT TO LYNN COUNTY FARMER

TAHOCA, Tex., Feb. 26.—V. E. Jones, Lynn county agricultural agent, in his annual report says that the J. T. Owens family of the Edith community made a net profit above feed cost of \$319.28 on turkeys produced during 1935.

The Owens family started the year with 10 breeding hens. One hundred and sixty-two poulters were hatched and 131 of these reared to market size. Fifty-six of these birds were sold live weight, all grading number one, for \$184.48. Fifty-one were home dressed and sold strictly on a quality basis. Forty-one of these graded prime and 10 choice grade. These 51 turkeys brought \$180.50 and 12 were kept for breeding purposes and 12 of a late hatch are still on hand to be marketed.

"These turkeys," according to Mr. Jones' annual report, "were fed a balanced ration consisting principally of milo, corn, bran, shorts, meat scraps and milk. This ration was fed all during the growing and fattening period. In addition, the turkeys had access waste grain around the barn and lots.

More than 1,700,000,000 pounds of creamery butter were produced by American creameries during 1934.

The back-swimmers, common bugs of our lakes and ponds, swim upside down. They lie on their backs, and use their legs for oars.

Elevator Becomes Giant Ice Cube

When a Detroit grain elevator burned with the temperature at 14 below zero, water from the fire hose froze so soon as it hit the building. Firemen are shown here attempting to halt progress of the blaze. Handicapped by the extreme cold, they seek little success. Loss amounted to \$100,000.

Miriam Hopkins at Her Best In Goldwyn's "Splendor"

Miriam Hopkins came a long way from the gambling palaces of the "Barbary Coast" to the drawing rooms of New York's Fifth Avenue in "Splendor," her second film for Samuel Goldwyn, to be screened at the Palace Theatre in special matinee Saturday midnight and in regular performances on the Sunday and Monday following.

Written by the famous playwright, Rachel Crothers, this smart, sophisticated story casts the glamorous blonde star as Phyllis Manning, a penniless Southern beauty who marries Brighton Lummeres, Joel McCrea's son of a once-great New York family, whose sole remaining assets are their name and their Fifth Avenue mansion. Phyllis receives a cold reception from the family, especially the embittered mother (Helen Westley), who had schemed to recoup the family fortunes by marrying Brighton to a sausage breeder.

McCrea, last seen with Miss Hopkins in "Barbary Coast," again appears opposite the star in this Crothers story.

The story reaches a gripping climax when the selfish and ambitious dowager pushes the girl into an affair with a wealthy and influential man and wrecks her marriage. But love comes to the rescue and brings the young husband to his senses and the film fades out with the pair finding ineffable splendor in the prospect of facing the future together in a two-room flat.

Prominent in the supporting cast are Paul Cavanagh, Billie Burke, David Niven, Katherine Alexander and Ruth Weston.

Colorful Period in American Life Dramatized in "Annie Oakley"

The days of Buffalo Bill, Sitting Bull and Ned Buntline—days of super-showmanship which the shrinking citadels of American entertainment have rarely seen since—are dramatized in all their stirring romance and red-blooded action in "Annie Oakley," starring Barbara Stanwyck, and to be shown at the Palace Theatre tomorrow (Friday) and Saturday. Brewed of many pungent ingredi-

ents, affording the picture a denouement which gives an appreciation of the warm, tender, gentle, loyal woman that was Annie Oakley.

"Annie Oakley" boasts an assemblage of Hollywood's seasoned players, including Preston Foster, Melvyn Douglas, Moroni Olsen, Pert Kelton and Andy Clyde.

"Annie Oakley" is an RKO-Radio picture.

Song Parodies Brighten Comedy Featuring Bing Crosby and Ethel Merman

Parodies of "You're the Top," the song that made America "top" conscious, enliven the Paramount presentation of "Anything Goes," which will be shown at the Palace next Tuesday and Wednesday.

This is the comedy that created a sensation on the New York stage during its long run there.

Bing Crosby, who heads the cast, exchanges parodies with Ethel Merman. Everything from a Queensday diary to the Great Chinese Wall is invoked to bring out the lighter vein of the "You're the Top" theme.

Others in the cast are Charley Huggins, Iva Lapina, and Grace Bradley.

Crosby finds himself aboard an ocean-going liner, with the borrowed misapprehension of a public enemy in his pocket. He must elude the ship's officers while searching for a beautiful stranger whom he believes to be in distress. A woman-like man, played by Charles Huggins, assists him in his various disguises in order to keep out of the clutches of the law, and without spending distance of his suitcase, a part of which contains a secret of which his superior is aware at the time.

20 Boys Employed In NYA Program

Frank Holliday, county supervisor of the NYA program, announced Tuesday that twenty boys were at work Monday morning on NYA projects in Runnels county. This is the largest number employed to date, but there is opportunity for several more youths in this phase of relief work.

Boys signed up must be members of families on relief and must be properly certified before they can be given this employment.

LIVE CHICKEN IN BOTTLE ATTRACTS MUCH ATTENTION

The Purina Mills showed a unique demonstration at the J. N. Nutt Produce Company Wednesday and today (Thursday). A large five-gallon bottle with a frying steel live chicken in it attracted much attention.

A small round hole had been cut in the side of the bottle and the chicken was put in the container when it was small. The bird has been fed on Purina feed exclusively and watered through the hole regularly and

IN SOCIETY

Delphian Club Organized

A local Delphian chapter was organized Tuesday afternoon, the meeting being held in the home of Mrs. R. T. Williams on Broadway. The name chosen was Alpha Mu Delphian Club which means "Adventures in Learning." Greetings were sent the new club by Mrs. H. C. Lyon, Shakespeare Club president, and Mrs. W. B. Halley, Music Club president.

Plans were made for a tea to be given at the signing of the charter. Meetings will be held the second and fourth Tuesdays of the month, the place to be announced later.

Officers chosen were: president, Miss Margaret New; vice-president, Mrs. F. C. Miller; secretary, Mrs. Ford Taylor; treasurer, Mrs. O. R. Lasater; mentor, Mrs. W. B. Halley; reporter, Mrs. D. W. Read. The senior board is composed of Mrs. Charles Bailey, Mrs. Elmer Shepperd and Mrs. E. C. Schuhard.

Other members are: Mmes. E. E. King, W. C. McCarver, O. R. O'Neill, J. Y. Pearce, L. Schermerhorn, George Stephens, Williams, and Miss Florence Westbrook.

Plans for Centennial Dinner Completed

The Centennial dinner to be given for all Ballinger club women and being sponsored by the Shakespeare Club is to be held Thursday evening, March 5, at the Central Hotel, at 7:45. Reservations may be made with Mrs. A. B. Stobaugh up to 6 p. m. Tuesday, March 3. Plates will be 50 cents each.

Distinguished visitors to be present are: Mrs. Joseph M. Miss Pauline Morley, a teacher in the primary schools of Ballinger, won first place in a recent poetry contest held by the junior woman's division of the Sixth District Federation of Women's Clubs.

The poem entitled "Death" will be published in an anthology of West Texas poems to be placed in the club women's contribution to the literary section of the Texas Centennial.

Miss Parker Entertains Bachelor Girls

Miss Elizabeth Parker was hostess to the Bachelor Girls Club Monday evening, entertaining in her attractive home on Ninth Street.

Texas flags centered tables laid in gay covers where a Mexican supper plate was served preceding contract games. Cactus leaves were place cards and favors were candy sticks wrapped like tamales. Miss Nadyne Sonricker received the surprise gift.

Mmes. E. W. Stasney, Hubert Zappe, Horace Sessions and Neil McAlpine were guests along with the following club members: Misses Jeffie Bell, Margaret New, Lucile Williamson, Louise Batts, Vhelma Parrish, Maggie Herring, Eugenia Baskin, Griffie Atkins,

Sonricker, Vernie Downing and Fay Clark.

Two Are Hostesses to Sunday School Class

Mmes. H. G. Agnew and L. C. Daugherty were hostesses on Tuesday evening to members of the Methodist Fellowship Class in the Agnew home on Sixth Street.

A social hour followed the short business session. Angel cake was served with coffee to twenty members.

No-Host Affair for Club

The patriotic color combination of red, white and blue was combined with the George Washington birthday motif last Friday evening when members of an afternoon bridge club planned a no-host bridge dinner at the Central Hotel. The long table was centered with clever figures of George and Martha Washington placed on a reflector. Blue holders held red and white tapers. Place cards were tiny silk flags in marshmallow standards. The dinner served in four courses reflected the same theme.

Guests were: Messrs. and Mmes. Henry Doss, D. W. Hooper, Cicero Smith, Rothal O'Kelly, Sam Dunlap, Wilmeth McKenzie, Ralph Payette, Edward Sommer, and Miss Bernice Simmons.

Striplins Hosts at Dinner

Mr. and Mrs. J. B. Striplin were hosts Tuesday evening at a prettily appointed three-course dinner for Sockeye Club members and their families.

The table was laid in lace and centered with a bowl of orange calendulas. The St. Patrick's motif was used in all other appointments. Green tapers in silver holders were placed on the table and buffet.

Guests were: Dr. and Mrs. E. W. Stasney, Mr. and Mrs. R. W. Earnshaw and John Weeks Earnshaw, Mr. and Mrs. Tom Agnew, Marilyn and Jimmy Agnew, and James Striplin.

Methodist Circles in Socials

Methodist Missionary Society circles were entertained Monday afternoon in two groups. Mrs. Cal Adair, Mrs. R. W. Allen and Mrs. Viola Allison were hostesses to circle one members in the Adair home on Eighth Street. Mrs. W. E. Midgley gave the lesson from "Parables of Jesus." Mrs. J. A. Reese and Mrs. A. B. Legate entertained circle two members in the Reese home on Fifth Street. Mrs. E. C. Baskin gave the Bible lesson.

Cherry pie with whipped cream and coffee was served to forty members and visitors.

Presbyterian Auxiliary in Cherry Home

Mrs. Chester Cherry was hostess on Monday afternoon to the Auxiliary of the First Presbyterian Church in her lovely new home on Sixth Street.

It was the regular fourth Monday inspirational meeting with the discussions centering on China. Mrs. Alex McGregor gave the devotional and other parts on the program were given by Mrs. Harry Lynn, Mrs. E. W. Stasney, Mrs. E. W. McLaurin and Miss

An added feature of particular interest for Centennial Year was the talk made by the Auxiliary

historian, Mrs. George Holman, on "The Part Presbyterianism Has Played in the History of Texas." Tiny Texas maps with the dates "1836-1936" accompanied the refreshment plate of angel cake, salted nuts and tea, passed by the hostess to the twenty-five members present.

Junior Woman's Club Group Meets

The regular monthly program meeting for literary unit No. 1 of the Junior Woman's Club was held in the Shakespeare Club room Wednesday afternoon with twenty members present.

Mrs. Felton Wright was leader for the program on "Indians of Texas." Indian music was discussed by Miss Cathleen Connelly, and a paper on characteristics of the Indians was read by Miss Elouise Jones. Mrs. Alex McGregor sang "By the Waters of Minnetonka" with Mrs. John Guion and Miss Carmen Demmer playing the accompaniment on piano and violin.

Junior G. A.'s in Social

Mrs. Henry Doss and Mrs. G. A. Swain were sponsors for the regular monthly social for the Baptist Junior Girls' Auxiliary on Wednesday afternoon in the church basement on Eighth Street. St. Patrick's Day was suggested in the decorations, games and refreshments of punch and cookies.

Present were: Virginia Nance, Marion Gressett, Patsy Doss, Alice Roberson, Juanita Kelly, Virginia Bagby, Jane Cheatham, Frances Hammond, Mary Evelyn Ferguson, Mabel Waddell, Marjorie Best, Sammie Hornburg and June Marie Horn.

Supplies of seed and grasses and legumes are greater this year than ever before in the nation's history. This contrasts sharply with the scarcity of 1934.

It is a good thing there are plenty of these seeds available because putting land into pasture and meadow crops is becoming more and more popular these days.

Some of the more scientific folks are even becoming particular about inoculating the legume seeds they plant. It pays too.

The available supply of timothy seed is larger than ever before recorded.

Fairly large supplies, in excess of normal usage, are reported for orchard grass, rye grass, and meadow fescue.

Alfalfa seed is reported plentiful. Red clover and alsike is below normal, but the seed of lespedeza—growing in popularity in the southern corn belt, and northern cotton belt—is available in large quantities.

Sudan grass—great favorite among dairymen—shows the largest seed crop ever harvested.

Farmers Who Failed To Bring in Eggs Last Week-End Lost Cash

Many Runnels county farmers who failed to bring in their eggs to dealers last Friday or Saturday regretted it very much when they tried to sell them Monday. The egg market took a slide from 18c on Friday to 13c on Monday morning.

Many farmers thought local conditions were responsible for the great slump, but the real cause was found to be in the New York market. During the same period, February 21 to 24, which was only one business day (February 22 was a legal holiday and February 23 was Sunday) egg prices dropped from 30c a dozen in New York to 21½c a dozen. Ballinger produce dealers stated that egg prices here are regulated by the eastern markets just like cotton, grain, and other commodities, and that there was nothing they could do about it.

With the Sick

Mrs. John Currie returned home from Temple Friday, after being in a hospital there for the past three weeks. She is recovering from an operation performed over two weeks ago.

Rev. W. H. Doss has returned home and is reported to be doing nicely after spending several weeks in the Santa Anna hospital. He is at his home on Tenth Street.

Durwood Knight was reported to be greatly improved this (Thursday) morning from an attack of pneumonia. He is in the Halley & Love Sanitarium.

Mrs. Rufus Thomas is suffering with an attack of "flu" which she contracted the first part of this week.

Dr. C. F. Bailey has been confined in the sanitarium most of this week with a light attack of influenza.

Ross Murchison, Jr., is reported to be improving following a case of "flu" which has kept him in bed for the past ten days.

Dawson Jackson, son of Mr. and Mrs. W. H. Jackson, is ill with pneumonia. His condition today (Thursday) was said to be better and the pneumonia clearing to some extent.

Mrs. J. W. Powell is ill and confined to her bed this week following a severe cold and light case of influenza.

Fred Woods is reported to be a little improved after being ill for the past ten days with the "flu."

Miss Pauline Sanders, of Marie, is here receiving medical treatment and was reported to be better this afternoon.

Miss Christine Dodson is reported to be improved after recent severe illness.

A. L. Woods is resting well after an emergency operation this morning, because of a ruptured appendix, at the Halley & Love Sanitarium.

Austrian Claims Ability to Make Large Diamonds

NEW YORK, Feb. 26.—A new way to make artificial diamonds, some ten times larger than any artificial stones previously produced, is reported from Vienna by the Austrian correspondent of the American Chemical Society.

Many years ago the famous French chemist, Dr. Henri Moissan, made the first artificial diamonds by dissolving carbon in a mass of molten iron in an electric furnace and allowing the iron mass to cool slowly. A part of the dissolved carbon crystallized out in the form of minute diamonds, forming a kind of diamond dust. The process was of no commercial importance because of its great cost and the small size of the diamonds. The new Austrian process, invented by a chemist named Hans Karabacek, begins where the Moissan process left off.

Working on the theory that one necessary condition for the formation of large diamonds is the presence of carbon in an especially active "chemical" condition, Herr Karabacek melts a mixture

of iron, a rocklike slag and ordinary carbon in a steel vessel at pressures between twenty and thirty-five tons to the square inch. There also is added to the mixture a quantity of one or the other of the two common gases containing carbon, carbon monoxide and carbon dioxide.

The theory is that some of the carbon in these gases is set free atom by atom in the active form and is deposited on the first tiny crystals of diamond so that these gradually grow larger. It is hoped that still larger stones can be made, including stones useful in industry as cutting diamonds and perhaps even stones pure and clear enough to be used as gems.

MONUMENT IS IRONICAL

LONDON, February 26.—R. R. Zaphiro, secretary to the Abyssinian legation, recently unveiled a monument in Woolford, England, to "Those who in 1932 upheld the divine right to use bombing planes." Miss Sylvia Pankhurst said that the monument referred to those members of the League of Nations who had insisted on the retention of bombing planes as instruments of war.

Shepherd Observes 25th Anniversary Of Business in City

The firm of E. Shepherd & Company is completing its 25th year of business in Ballinger. An advertisement carried in The Ledger by the firm last week caused considerable comment when Mr. Shepherd connected his concern's 25th anniversary with the great events which are creating interest at this time.

The ad called attention to three important events connected with 1936 history and listed the Texas Centennial (100 years), Ballinger's golden anniversary (50 years), and the 25th birthday of E. Shepherd & Company.

This firm became known under its present name in 1911 when Mr. Shepherd bought the insurance agency of the M. D. Chastain Company. Since then it has continued to do business in Ballinger, featuring old line insurance, city real estate and loans.

In addition to conducting an excellent business institution Mr. Shepherd has been a prominent civic worker. He has served the local chamber of commerce for years and has headed the civic committee most of that time. He is a member of the city commission, a member of the Rotary Club, an active church worker, and has displayed interest in and willingness to work in every move for the upbuilding of Ballinger and this section.

Ritz Theatre Gets Heavy Patronage At Opening Shows

The Ritz Theatre, operated by H. Ford Taylor, opened here the past week-end, playing to capacity houses. Finishing work on the new theatre has continued this week.

Mr. Taylor stated that improvement had been made in the sound reception by installing sound cloth in the auditorium to take out the "ring" of the walls.

A good run of pictures has been announced for the next seven days with an especially attractive bill for Sunday, Monday and Tuesday.

Tomorrow and Saturday of this week Buck Jones in "Border Brigands" will be the main feature with short subjects, a news

reel and a cartoon, to make up the complete program.

Sunday, Monday and Tuesday the Marx Brothers in "A Night at the Opera" will furnish the comedy sensation for the week, and a special matinee for school children Monday afternoon will give them an opportunity on their half-holiday to witness this hilarious farce.

The principal attraction next Wednesday and Thursday will be the popular success, "Kid Millions," starring Eddie Cantor.

Continuous shows will be presented at the Ritz daily, commencing soon after noon.

Here's Finale of Texas State Fair Park

For 58 years the Texas State Fair has been "the fair" to show- men. For more than 35 years these pillars stood by the main entrance to the Fair Park at Dallas. Above, the last of the landmarks toppled to the ground, making way for the Texas Centennial Exposition which opens June 6 with the old Fair grounds the center of its huge lot.

Sky Watchmen Guard Beaches from Sharks

SYDNEY, N. S. W., Feb. 26.—Air- planes to keep off sharks is an innovation of Australian bathing beaches, where there recently have been unusually large numbers of attacks by these ferocious fish. Although there still are some fishermen who claim that sharks do not attack human beings, experience on the Australian beaches definitely proves the contrary.

According to statistics assembled by Gilbert P. Whitley, of the Aus- tralian Museum, sixteen Australian bathers were attacked by sharks during the three years between 1932 and 1934. From the decade between 1922 and 1931 Mr. Whitley has collected accounts of forty-five attacks, but in the previous decade, between 1912 and 1921, there were only thirteen attacks. Whether the increasing number of attacks is due to more sharks, to a growing taste on their part for human food or merely to an

increased number of bathers and of occupied bathing beaches has not been determined.

The only entirely certain way to make the beaches safe is reported to be by strong nets or fences placed between the beach and the open sea so that sharks cannot get in, a procedure which obviously is too expensive for any except the largest and most fre- quented resorts.

At some beaches tall towers have been erected from which shark watchmen search the sea with telescopes and sound an alarm if any sharks are seen. The best procedure, however, is found to be an airplane flying over the sea just outside the beach.

From a few hundred feet above the water the aviators can look beneath the surface, see any sharks that are approaching and give warning. Often the blood- thirsty fish can be scared off by dropping small bombs or shooting at them with explosive bullets.

ENGLISH READER RETIRES: KNOWS 500 LANGUAGES

LONDON, Feb. 26.—George E. Hay, who has just retired after having been a reader in the printing and publishing trade in London for sixty-six years, has a working knowledge of 500 lan- guages.

Recently he was with a firm which prints works in all languages, and he dealt chiefly with Sanskrit, Hindi, Pushtu, Panjabi, Gujarati, Marathi, Urdu, Hindi, Bengali, Oriya, Tamil, Telugu, Kanarese, Malayalam, Sin- halese, Burmese, Siamese, Laos, Tibetan, Arabic, Coptic, Ethiopic, Armenian and ancient Egyptian. As a boy he had only an ele- mentary education. Attendance at night classes and individual study made him familiar with Greek, Hebrew and Syriac, and later Egyptian and Assyrian cuneiforms. Later he worked on a Turkish dictionary, and helped publish grammars and dictionaries in Indian languages. Even now he is as assiduous as ever in his study of languages.

A 700-year period of Pueblo Indian home history is being uncovered in Arizona.

Horace Ash Dies Following Accident Near Miles Today

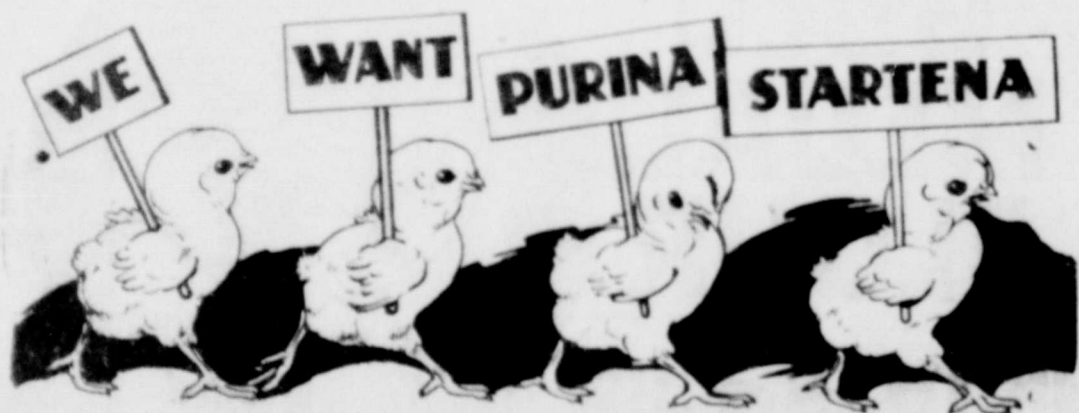

Horace Ash, 40, was killed on highway 30 between Miles and San Angelo shortly before noon today (Thursday) when he fell from the running board of a truck under the wheels and was crushed. Mr. Ash and other men were taking a horse and a mule to San Angelo in the truck. The horse fell in the bed of the truck and Mr. Ash was on the running board trying to get the animal up when he lost his balance and fell to his death.

The body was taken to Bronte to be prepared for burial and funeral services are to be held at Norton tomorrow (Friday) after- noon at 3 o'clock.

Decedent is survived by a wife and three children, four brothers who live in the Bronte section, and a brother and sister at Happy.

A giant sequoia tree which was sawed through the base 40 years ago, still stands upright in Balch Park, California.

Pageant of Early Texas Life to be Offered by Seniors

A cast of more than 100 high school students is rehearsing diligently this week on the historical pageant to be presented at the senior high school auditorium next Monday evening.

The Ballinger senior class for many years has presented a play as part of its commencement schedule. This being Texas Centennial Year, it was decided more appropriate to offer a pageant.

Five episodes, corresponding to eras in the life of the Lone Star state, will be depicted, and for several weeks members of the cast have been arranging their costumes to fit the roles they will portray.

A small admission will be charged adults and a special rate is announced for students. The proceeds derived from this, the only commencement program not free to the public, will aid in defraying the expenses of other graduation exercises.

School officials join the senior class in urging large attendance for this novel presentation. The more than 80 seniors and a group of faculty members have been working assiduously in preparing the production and their only reward will be a large audience.

TEXAS FARMERS SAVING THEIR SOIL BY TERRACES

COLLEGE STATION, Feb. 26.—Approximately 49,787 acres of Texas farm lands were terraced, contoured or chiseled during the month of January to conserve the moisture or prepare the soil for greater production of crops 1936, according to figures found in the monthly reports of county agricultural agents.

From county agents all over the state such statements: "terraced 70 acres of land for James H. Johnson which ran into 7,200 feet of terraces," reported J. H. Jameson, Palo Pinto county agricultural agent.

Another reading, Van Zandt county goes for conserving their soil. Besides the lines run by individual farmers, 1 ran terrace lines on 20 farms amounting to more than 360 acres. More than 40 young men have been taught to run lines during January," according to V. O. Teddlie, county agent.

From the South Plains comes the report of V. F. Jones, Lynn county agricultural agent. He reports that 16 terracing demonstrations were held in Lynn county during January.

"Terracing lines were run on nearly 3,000 acres during these demonstrations. Terraces will be constructed on 1,900 acres of this, while the other acreage will only be contoured. The commissioners' court is cooperating in the terracing program by using county road machinery to construct the terraces at cost of operation to the farmers," Mr. Jones said.

Hundreds of reports bear out the fact that Texas farmers are working overtime to build up Texas soil.

Constipation is Common Late-Winter Ailment of Livestock

By J. M. Williams, V. A. Instructor, Winters High School. This is not a disease of itself, but rather a symptom of various diseases, particularly those affecting the digestive organs. It is characterized by an accumulation of material in the large intestine. Constipation occurs most commonly in late winter after the animal has been feeding more or less on dry feed for a long time. Other causes of sluggish bowel action are irregular feeding or watering, constitutional weakness, mechanical obstructions, faulty eating from bad teeth, and lack of exercise. Excessive feeding of grain feed with little roughage, interferes with digestion and is a cause for constipation.

Symptoms may be slight, or entirely absent at first. As material accumulates, the animal strains, passes considerable gas, shows colicky pains, attempts to defecate but succeeds in passing only small masses of hard feces. The appetite is gone and the animal will appear sluggish.

Food and drink should be regulated to the needs of the animal. Fasting for a time and then providing easily digested food is all that is necessary in simple cases of constipation. Rectal injections of warm water in which a little soap has been dissolved, are very useful in mild cases, and may be easily given by

means of a large syringe or a rubber tube attached to a funnel. A pint and a half of raw linseed oil mixed with one teaspoon of fluid extract of nux vomica and given as one dose is a valuable laxative for a full grown horse. If bloating is present add two ounces of turpentine to the oil. One to one and a half pounds of Glauber salts dissolved in warm water and given by mouth is effective for mature cattle. Two tablespoons of ginger may be added to the drench as a stomach regulator.

Drastic purgatives may cause a rupture of the bowels, so should be used in relatively small doses if employed at all. As a last resort, croton oil given at the rate of half a teaspoon to a quart of raw linseed oil. Preventative treatment consists in providing feed that will keep the bowels open.

88 MEN WORKING MONDAY ON BALLINGER-BRONTE ROAD

A full crew of men, teams and trucks was being employed on the Ballinger-Bronte road Monday morning. A total of 88 men reported Monday morning and were accepted while two teams and nine trucks were put on the job. It has been difficult to get teams and trucks but with the present force those in charge expect fair progress to be made.

Expert to Judge 4-H Boys' Stock In Exhibit Here

J. M. Bird, of San Angelo, soil conservation expert, will judge the 4-H club boys' livestock show in Ballinger March 6. Mr. Bird will be in Winters this week-end to judge the show being held by the vocational agriculture students there.

The Ballinger show on March 6 will be just a day before the calves and lambs are taken to the San Angelo fat stock show. Pens will be arranged in front of the court house lawn on Seventh Street and no admission will be charged for the exhibition. Cash prizes have been provided in each class of \$5 for first, \$3 for second and \$2 for the third place. Every boy who has an entry in the show will also be given \$2 to help pay the expenses of bringing the animals here.

Arrangements for the show are being looked after by the livestock committee of the Ballinger Chamber of Commerce. About 20 fat calves and five pens of 5 lambs each, and at least two displays of fat pigs are expected to be entered.

The show will close in the middle of the afternoon, in time to allow the stock to be moved to San Angelo and entered in the show there before night.

CHILDREN TO PRESENT MISSIONARY PROGRAM AT 8TH STREET CHURCH

The children of the Eighth Street Presbyterian Church will present a foreign missionary program at the Sunday school hour next Sunday. The children will have the support of the entire congregation and local color will be injected into the program.

A free will offering will be taken and the proceeds turned in to the foreign mission board of the church.

The public is invited to attend this hour of instructive entertainment.

3 School Districts To Vote on Question of Consolidation

An election has been called for March 7 in the Crews, Content and Harmony school districts for consolidation of the districts. Plans for uniting these districts and the erection of a general school teaching all grades including affiliated high school courses, have been discussed for some time. All three districts now operate good schools and the three merged would provide an excellent rural high school with top notch rating.

Polling places will be opened in each of the three districts and all qualified voters will be entitled to participate in the election. In case the three districts favor consolidation, other details will be taken up, including determining the location of the school, the amount of a bond issue for the erection of the building, etc.

It is planned, if consolidation is favored, to operate busses to transport children from the three districts to the new school. All grades will be taught and the school will be modern in every particular, providing courses in vocational agriculture and home economics.

Judges have been appointed to hold the election and supplies are being printed for the three boxes.

Knight, county agricultural agent. He sold these lambs for \$6 a head making a total of \$150. He sold \$31 worth of wool, a total return of \$181 on an \$86 investment.

Sively states that the sheep more than paid for the small amount of grain fed during the months of January and February, in the destruction of weeds in his permanent pasture which is under improvement. The sheep were treated three times with blue stone and nicotine solution for stomach worms.

According to the Red River county agricultural agent, this record is due to proper management, a registered buck, and a good permanent pasture.

A policy game similar to those enriching racketeers in the United States has been legalized in Belgrade, Yugoslavia, after promoters promised to give a percentage of improvement. The sheep were treated three times with blue fund. Drawings will be based on stone and nicotine solution for football results in England.

Dr. Thos. Taylor To Close Training School in District

The training school in progress at the Ballinger Baptist Church and in other Baptist churches of this district will close Sunday afternoon with a mass meeting at the local church, at which time Dr. Thomas H. Taylor, of Brownwood, will be the principal speaker. The general public is cordially invited to hear this address. Those taking the training courses will all be present for the final session.

Training classes are meeting here at 7 o'clock each evening with an enrollment of 75. Three classes are being taught with a devotional period for all members. Rayford Harrison, director general of the training course, is supervising the course for adults and seniors, Miss Alline Ripley is teaching the juniors, and Miss Corene Treweek the intermediates.

Twelve Baptist churches in the area are cooperating in this training school and special workers are being furnished by Howard Payne College, Brownwood.

BEGGARS IN TOKYO PLEAD FOR PRISONER

TOKYO, Feb. 26.—Remembering that Kenji Mori, on trial in the district court in Tokyo on a bribery charge, had befriended them more than four years ago, several hundred beggars of Fukagawa drew up a petition asking clemency for the defendant and submitted it to the court.

Mori was charged with accepting money in connection with an assembly election. When a heavy rain in the fall of 1930 prevented rag-picking, 1,000 beggars faced

starvation. Mori sent thirty bales of rice in carts to the municipal lodging house, accompanying the food with enough money to buy a barrel of pickery pickled plums which Japanese relish with rice. For nearly a month the beggars enjoyed the food. Mori had all but forgotten the gift until the mendicants sent the petition and asked permission to speak in court in his behalf.
