

THE BALLINGER LEDGER

VOLUME 54.

BALLINGER, TEXAS, THURSDAY, MAY 30, 1940.

NUMBER 34.

Red Cross Mass Meeting Called Here

Recreation Project Will Be Started Here Monday

Miss Helen Merwin, has been named supervisor for the Ballinger recreational projects and was here Monday morning for a conference with local workers and the advisory council. Details of the program were discussed and all the projects will be launched next Monday.

Miss Merwin left after the conference for a trip over the district to other similar projects and will return here this week-end to start activities. All local workers were named by the district supervisor, it was stated, but no definite announcement was made.

Plans call for using five playgrounds in Ballinger. At each place two full time workers will be on duty under Miss Merwin.

The five playgrounds will be cleaned and prepared this week. The colored park on the banks of the Colorado River will be made ready for use of the negroes. A plot near the Mexican school has been designated for Mexican children and will be graded with city machinery.

The grounds in front of the Boy Scout building on Fourth Street will be converted into a playground for white children. Another will be located on the block in front of the junior high school and the campus of the senior high school will be used for another.

Headquarters of the supervisor, council and workers will be maintained in American Legion Hall on Eighth Street, where a full time secretary will be employed.

The advisory council is composed of Mrs. J. A. Schnable, Mrs. Wilbur Redwine, Dr. J. D. Eoff, Layne Moreland and Nat Williams.

Miss Merwin is a graduate of Abilene Christian College and has taught physical education one year. She has studied music extensively and is capable of directing this work.

An order was given Monday to the local NYA workshop for baseball bats, ping pong pads and other equipment to be used on the playgrounds. Orders have been placed for softball equipment and the recreational program will be launched next week.

These projects are jointly sponsored by the city commission and the school board.

CIVIC-GARDEN CLUB WILL MEET TUESDAY

The Ballinger Civic-Garden Club will hold its next regular meeting Tuesday, June 4, at the city hall auditorium, beginning at 4 o'clock. The program will include a talk on gladioluses and a discussion of flower arrangement.

Club leaders pointed out that before a successful flower show can be held it is essential that a careful study be made of proper arrangement of flowers and the first rules will be taken up at the meeting Tuesday.

Officers stated that new members are still being received and they urge every resident of Ballinger who is interested in beautification attend the meeting Tuesday and join the organization.

Surfacing Begins on First Section of Highway 109

All the base work has been completed on the first section of highway 109, from Ballinger to a point one mile west of Valley Creek, and Wednesday morning the prime coat of asphalt was being put down. The first surfacing treatment began inside the city limits where the highway connects with pavement on Broadway. The work will include the prime coat, two more applications of asphalt and two of crushed rock.

H. Ratliff, superintendent for Thomas & Ratliff, stated Tuesday morning that his company would complete the surfacing next week if weather conditions remained favorable. All machinery and material for completion of the job are here and no time will be lost in finishing this part of the road.

Runnels Countians To Attend Sonora Station 'Round-up'

S. C. Routh member of the Runnels county land use planning committee and chairman of the ranch division of this organization, will attend the tenth round-up of the Sonora ranch experiment station on June 17 and 18. He is anxious to have a large Runnels county delegation attend this meeting.

A very interesting program has been arranged for the two days which includes as speakers such men as Jay Taylor, Amarillo, president of the Southwestern Cattle Raisers' Association; Edwin Mayer, San Angelo, president of the Texas Sheep and Goat Raisers' Association; C. B. Wardlaw, Del Rio, president of the National Wool Growers' Association; Roy Loventhal, Lufkin, chairman of the state livestock sanitary commission. Other speakers for the two-day program are Dr. T. O. Walton, of A. & M. College; Dean R. P. Marsteller, of the school of veterinary, College Station; H. H. Williamson, director of the Texas extension service; and other prominent leaders.

Meade McShan, chairman of the Runnels county AAA committee; Elery S. McWilliams, county range inspector; and John A. Barton, county agent, are assisting Mr. Routh in making arrangements for a large delegation from this county and anyone desiring further details can get them at the county agent's office.

Mr. Routh stated that besides the educational features of the program, suitable entertainment was being provided for all who attend.

Local Legion Men To Hear National Chief at Coleman

A delegation of members of the Pat Williams Post of the American Legion will go to Coleman Thursday, June 6, to meet and hear National Commander Ray J. Kelly, who will be there for a visit at the noon hour.

Commander Kelly will address the gathering at the Coleman Baptist Church at 12:30 and all veterans attending will be ushered to reserved seats in the main auditorium. The national leader is swinging south and will make four stops in Texas, addressing public assemblies at Coleman, Eastland, Fort Worth and Dallas.

Accompanying the national commander will be state officials and a number of American Legion members of high rank in other states.

Mrs. Marion Brown, of Austin, is visiting in the home of Mr. and Mrs. Ross Smith.

Thomas & Ratliff have been awarded the contract for the remaining 10.2 miles of highway 109 in Runnels county and Mr. Ratliff said it was planned to begin the base work not later than June 15. This second contract will be pushed as much as possible and when completed all of highway 109 will be finished and connected with pavement in Coke county and with other highways leading in several directions.

Bridges and small drainage structures on this road have been built for some time and all the right-of-way has been fenced.

Every effort will be made to have the road open all the way by fall when marketing of crops commences in this section.

Anti-Tank Squads Reinforce 'William Tell Line'

A Swiss anti-tank squad is pictured (left) on a small but well-protected link in its "William Tell line." Practically every border village of Switzerland has several of these fortifications. Right: Everlasting vigil is maintained in danger zones. These iron sticks are a formidable barrier erected against tanks of a belligerent mechanized force. Switzerland's army consists of 600,000 well-trained, well-equipped men.

Patriotic Service For War Veterans To be Held Sunday

The Pat Williams Post of the American Legion has announced a decoration day program at Evergreen Cemetery Sunday afternoon, beginning at 5 o'clock. The date was changed from Thursday to Sunday afternoon in order to give more people an opportunity to attend.

With war raging in Europe and the United States launching a vast defense program to repel any possible invader, Legionnaires believe this service should attract large numbers of those who love their country.

The program will be brief and not tiresome. The Ballinger Band will open with a short concert of military marches. The post chaplain will make a few introductory remarks, Nat Williams will offer a prayer, and District Judge O. L. Parish will deliver the memorial address.

At the conclusion of the talk the band will play "The Star Spangled Banner," a squad from company C, 142nd infantry, will fire the rifle salute and taps will be sounded as a United States flag is placed on the grave of each veteran buried in Evergreen Cemetery.

In previous years only a few citizens have attended these programs. This year the date and hour were set so that everyone could attend to honor the defenders of this free land. The service will be held in the shady grove near the fountain in the center of the cemetery.

Club Women Plan For Short Course And Encampment

The Runnels county home demonstration council has named clubs which will be entitled to send delegates to the short course at College Station this summer. These clubs are Wilmet, Victory, Dale and Barnett. Content and Bethel are the alternate clubs and each may send a delegate if any of the first four named do not name a representative.

Dates for the short course for boys and girls this year are July 8 and 9. Agents will hold their sessions on July 9, 10 and 11, and the women and men will attend on July 11 and 12. The boys and girls have not named their delegates but will do so in a short time.

Dates for the home demonstration club encampment at Ballinger have been set for July 24 and 25. The club girls will meet here also. Definite dates have not been arranged but probably will be the first week in August.

Everett Witter is receiving treatment in a San Angelo hospital. His condition was reported satisfactory this week.

School Board Calls Mass Meeting for Friday Night

Annual Encampment For 4-H Boys' Clubs Slated on June 26, 27

Runnels county 4-H boys' club leaders in session here Saturday set June 26 and 27 as the dates for the annual encampment. The two-day affair will be held at city park in Ballinger and a complete program is being arranged which will take up all the time for those attending.

The program will include an exhibit of insects which have been assembled by the club members during the past year, 20 specimens to be shown by each boy in the contest. A prominent speaker will be heard, a softball tournament will be held and other entertainment features provided. The Ballinger Country Club has invited the boys to swim in the lake and motor boat rides and other diversions will be planned for the visitors.

John A. Barton, county agent, stated that out of about 140 boys belonging to clubs in the county 100 are expected to attend the county encampment.

At the encampment leaders will discuss the forming of a registered Jersey calf club. Through this work it is believed dairy herds of the county can be greatly improved.

Four club members and one local leader are to attend the short course at College Station on July 7, 8, 9 and 10. Other activities to be conducted by the clubs during the summer are continuation of meetings and signing up 40 boys to attend the district club encampment at Brownwood on July 25, 26 and 27. One Runnels county boy will make a trip through the corn belt with other boys and county agents from the other 18 counties in district 7. It is also planned that all boys entered in cotton and maize projects hold a show this fall and the best display be sent to the Dallas fair.

Leaders stated that if the feed crop is good this year boys will do commercial feeding again this fall and winter and hold a spring show before taking their livestock to market.

Members of the ten clubs in the county have selected the following demonstrations: 20 boys, 23 beef calves; 30 boys, 34 swine; 20 boys, 882 chickens; 20 boys, 118 sheep; 14 boys, 94 acres of cotton; 31 boys, 143 acres of maize; 2 boys, 9 acres of corn; and 2 boys, 2 dairy calves.

Mrs. L. Schermerhorn, organist for the Ballinger Baptist Church, will leave next week for her summer vacation in Oakland, California. She plans to return next fall to teach music classes and will resume her duties as church organist.

150 Citizens Ask New Mail Route To Cover 60 Miles

A petition was filed here the past week-end and application has been made for a new rural mail route out of Ballinger. Citizens residing south, east and northeast of Ballinger, not served by a route, circulated the petition and received 150 signers on the request for delivery service.

Postmaster Tom Caudle filed the petition this week and stated that while the number of signers was hardly enough for the number of miles he had hoped that the route would be approved because of the need. The law requires four patrons to the mile and the proposed route would cover approximately 60 miles to serve the 150 signers. It was pointed out that a number of other patrons probably would be included when the route was established.

According to plans, the route would go to Pony, across the Colorado River to the Humble Pipe Line Station, to Benoit, Blanton, and back to Ballinger.

Until recently there was a post office at Benoit but after it was closed most of the patrons there were transferred to Talpa route 2. These citizens will receive faster service if the new route is approved.

Petitioners for the new route hope to obtain approval and the establishment of service early in the fall.

FIVE-WEEK TERM OF 19TH DISTRICT COURT HERE TO CLOSE THIS WEEK-END

The spring term of 19th district court here will close this week-end after five weeks' sessions. The jury for the fifth week was dismissed Wednesday after a mistrial resulted in the suit of James M. Simpson, Jr. vs. Federal Underwriters Exchange. The case was declared a mistrial before it was given to the jury hearing the evidence.

A jury reported Saturday morning in the case of the State of Texas vs. Jeff Wiginton, charged with rape, and a suspended five-year sentence was assessed. This case was heard three days last week.

Judge O. L. Parish will be here the remainder of the week attending to minor details and preparing the minutes of the spring term.

During the current term five regular and two special venues were summoned.

Mrs. Herman Schaus, of Austin, arrived Tuesday night for a visit with Mr. and Mrs. W. A. Taylor.

P. C. Straley, Bob Straley, Mrs. Lee Parks, Mrs. Clyde Harville and daughter, Miss Erma, were called to San Angelo today on account of the serious illness of Mrs. Orville Rose.

Every man and woman in Ballinger and every other section of Runnels county is urged to attend a mass meeting at the Ballinger city hall auditorium tomorrow (Friday) afternoon at 3 o'clock called by the local chapter of the American Red Cross.

The Red Cross has increased its requirement for war relief from \$10,000,000 to \$20,000,000 and the money must be raised at once if any help is to be extended to millions of homeless victims in France.

Calls are coming for bandages, sweaters, and other clothing, which will require the forming of work centers by women. It is planned that a war relief board be organized at the meeting tomorrow and definite plans made for raising money in every section of the county and also to name women on the board who will give time to the work centers.

Norman H. Davis, national chairman, in announcing the second call stated that in making the first call it could not be foreseen that in two short weeks the greatest tragedy in history would be unfolding. Continuing, he said: "It is impossible to describe the pitiful plight of the millions of refugees in France. Sick, wounded, hungry, homeless, they cry out to us for help. We must have many times what has been asked, therefore all quotas should be disregarded and the only limitations should be the maximum of the gifts of the American people."

On the previous call Runnels county was set a quota of \$760. To date about \$560 has been contributed and this has been forwarded to national headquarters. Ballinger people gave over \$400 of the \$560 and local leaders believe other sections have not been properly worked or the total would have been much larger.

Some workers reported a number of people who refused to give and even made uncomplimentary remarks about the Red Cross. These reports are being filed and will be investigated to see why Americans do not want to help in this humanitarian cause.

Already five million refugees are clogging every available road into southern France, seeking to escape the terrible bombings and strafing from the air. These people left their homes and their belongings and have no place to go, no food, and little clothing. Many are wounded and in immediate need of medical care.

R. J. Hawk, chairman of the county Red Cross chapter, declared Wednesday that the job was getting too big for the regular committee to handle and said the naming of a war relief board was imperative at once. Another drive for donations must be made immediately and these drives require time and work. He stated that those who were willing to give time, were busy, and he thought citizens should send their contributions to the headquarters here without having to be asked by canvassers.

ANNOUNCING

An insurance protection for people of this area. Protective policies in American Savings Life Insurance Co. Payments personally guaranteed by us on death clause. Investigate policies for

Hospitalization and Family Group---

No strings as to who handles funeral. Sight draft to each beneficiary up to amount of insurance or \$250. Balance on larger policies paid on proof of death.

SOCIETY and CLUBS

Miss Shepperd Again Complimented

One hundred guests were bidden by Mrs. E. E. King and Mrs. Edgar Boelsche to a garden party Thursday afternoon at the King home on Broadway to compliment Miss Nell Shepperd, bride-elect of Charles Hambrick.

A wealth of spring blossoms, daisies, calendulas, roses, snap dragons and white larkspurs in vases and tall floor baskets about the spacious reception rooms, in which yellow and white predominated, suggested the pretty color scheme. The dining table was covered in imported Philippine linen. At one end was the crystal punch bowl and at the other was a lovely arrangement of all white blooms, gladioluses, chrysanthemum, daisies, and fever few. Between were yellow princess tapers in white pottery holders. White and yellow daisy mints furthered the chosen colors.

Mrs. James Wear was at the living room door to extend formal greetings and to present the hostesses, the honor guest and her mother, Mrs. Elmer Shepperd. These wore garden frocks and carried colonial bouquets. Guests were presented sweet pea corsages. Mrs. L. R. Tigner, Mrs. Warren Lynn and Mrs. Clarence Murton were others assisting in the reception rooms. Mrs. B. C. Kirk was at the punch bowl and Mrs. Claude Stone, Mrs. J. B. Striplin, Mrs. Claude Collins, Mrs. O. T. Toney and Mrs. R. W. Earnshaw assisted in dispensing other hospitality.

Mrs. George Stowe presided over the guest register on the side terrace and Mrs. George Clements conducted them about the garden which was a thing of beauty. Varied blooming plants, against a background of waxy evergreens and rustic rock walls, walks and terraces and the beautiful fish pond shared honors in the extravagant complimentary opinions of callers.

Included in the list of personnel was Miss Laura Edith Miller, bride-elect of William J. Wingo, of Galveston, and Miss Jo Demmer, bride-elect of Charles Chester Moore, of Van.

Mrs. Weeks Hostess to Forty-Two Club

Mrs. John Weeks was hostess to her forty-two club Friday afternoon in her home on Eighth Street.

White gladioluses, daisies, roses and sweet peas decked rooms where game accessories were in a floral motif.

At the tea hour, vases of static centered quartet tables laid in madra. Mrs. R. W. Earnshaw assisted in serving salads and ices, using colorful pottery.

Included were: Mmes. Will McGee of Lampasas, J. H. Goss of Abilene, Oscar Pearson, E. L. Hagao, R. W. Bruce, Ed O'Kelly, E. C. Baskin, J. F. Currie, C. P. Shepperd, Warren Lynn, James Wear, Elmer Shepperd, B. C. Kirk, Hamp Byler, J. G. Douglass, Troy Simpson, and Miss Alice Morgan.

Triple-Four Entertained
Mrs. J. B. Striplin included Miss Laura Edith Miller and Miss Nell Shepperd, brides-to-be, and their mothers, Mrs. Victor Miller and Mrs. Elmer Shepperd, as added luncheon guests Friday, when she entertained the Triple-Four Contract Club in her home on Sixth Street.

The spring floral theme suggested in room decoration was reflected in tallies, in gift wrappings and in the two-course luncheon menu served by the hostess assisted by Mrs. E. E. King.

Misses Miller and Shepperd received gifts and Mrs. Claude Stone the high score prize. Others included: Mmes. Charles Bailey, Edgar Boelsche, K. V. Northington, R. W. Earnshaw, Harry Lynn, L. R. Tigner, Alex McGregor, E. W. Stasney, Tom Agnew, J. A. Schnable, Ross Murchison and Troy Simpson.

Mrs. Tom Guin Entertains Club
Thursday Contract Club members and a few added friends were included by Mrs. Tom Guin last week when she was hostess with a two-course breakfast in her home on Broadway.

Pretty wild flowers graced rooms and adorned game appointments. Mrs. R. J. Hawk and Mrs. Sam Malone, Jr., were winners of high guest and high club awards and Mrs. Gus Barr was the recipient of a shower of gifts.

Others included: Mmes. Gene Galbraith, P. A. Nixon, John Hollingsworth, George J. Stengel, Jack Seales, Buster Parrish, George Grandstaff, and Miss Dorothy Lynn.

Sew and Chat in Foy Home
Mrs. M. A. Foy was hostess to the Sew and Chat Club last

Thursday afternoon in her home on Sixth Street.

Fragrant sweet peas from her own flower garden gave added attractiveness to rooms, where the usual informality characterized the sewing period.

Slices of cake log were served with coffee. Included were: Mmes. J. E. Albright, Gurthall Gilligan, W. R. Murphy, Jr., Leon Russell, Fred McKay, Ross Causey, R. W. Balke, Henry Moody and Ray Tisdale.

Mmes. Herring and Chandler Honor Miss Shepperd

Another in-honor affair last week for Miss Nell Shepperd was a prettily appointed breakfast given Thursday morning by Mrs. Loyd Herring and Mrs. Oren Chandler at the Central Hotel.

Miniature bridesmaids marked places at the table centered with an artistic arrangement of white gladioluses. Favors were colonial bouquets.

Miss Shepperd received a gift remembrance as did Mrs. E. B. Gilliam, Sr., of Brownwood, mother of Mrs. Herring. Others were: Mmes. Elmer Shepperd, Leonard Stallings, Ford Taylor, Jack Rudd, George Stowe, R. W. Earnshaw and Edgar Boelsche.

Weldon-Bone Nuptials in Ft. Worth
The marriage of Miss Margaret Louise Bone to Mr. Warren Jay Weldon took place in the First Methodist Church in Fort Worth Saturday at 8 p. m. with the ceremony being read by Rev. Fred McFadden of Denton and Rev. J. N. R. Score.

Mrs. Weldon is the daughter of Mr. and Mrs. J. W. Bone. The couple will live at 1721 Frederick Street on their return from a honeymoon trip to New Orleans.

Mrs. E. C. Baskin and Miss Eugenia Baskin were in Fort Worth for the wedding, and were in the houseparty for the reception at the Bone home, 2100 Lipscomb Street.

Methodist Circles Meet in Homes

Mrs. W. E. Moss was hostess Monday afternoon to the Sallie Odum Circle of the Methodist Woman's Missionary Society in her home on Fifth Street. Mrs. Ford Taylor and Mrs. J. E. Smith entertained Etta Burrows members in the Taylor home on Eighth Street while Etta Gressett members were guests of Mrs. W. W. Chaastain and Miss Alice Morgan in the Chaastain home on Seventh Street.

Homes were given beautiful floral decorations with varied blossoms being used. Mission lessons "In India" and "In Japan" from the study, "Women and the Way," were given by Mrs. A. C. Haynes, Mrs. O. R. Lasater and Mrs. D. R. Hall with Mrs. W. O. Middleton, Mrs. J. L. Davis and Mrs. Hall giving devotionals.

Present in the three groups were: Mmes. W. R. Clark, E. L. Rampy, E. C. Tinsley, Ray Tisdale, Roy Miller, M. B. Webb, Miss Fern Killiam, Sandra Kay Miller, Billy Moss and Billy Middleton; Mmes. Cecil Jones, Guy Middleton, A. T. Campbell, Viola Allison, John A. Weeks, J. S. Jones, R. W. Earnshaw, W. C. Redwine, J. B. Striplin, C. P. Shepperd, John A. Barton, Troy Simpson, J. W. E. Meaders, O. R. O'Neill, L. M. Lovelace, D. C. Simpson, R. A. Dickinson, W. A. Francis, A. S. Breedlove, R. A. Williamson, John Lovelace, W. E. Midgley, A. D. Marchbanks, Ed O'Kelly and Miss Thelma Midgley.

Miss Miller is Honor Guest

Miss Laura Edith Miller, whose marriage to W. J. Wingo will be solemnized Sunday, June 2, was honored by Mrs. Estes Lynn and Mrs. Malcolm McGregor last Saturday morning when older friends were included in the Lynn home on Eleventh Street for a "grandmother's wedding day party."

Lovely blooms suggestive of old-time days decked rooms and were fashioned into nosegays which were presented guests upon arrival by Clara Beth and Mary Lynn, Marjorie McGregor and Armour Lynn McGregor. As stories of their weddings were told by guests these girls sang love songs of by-gone days.

A molded salad plate was served with iced tea following the presentation of a gift to Miss Miller.

Others included were: Mmes. C. S. Miller, Victor Miller, E. A. Trail, Jack McGregor, J. Y. Pearce, G. M. Vaughn of San Angelo, C. R. Stephens, J. H. Wilke, Mary Spreen, A. W. Sledge, H. H. Thompson, Warren Lynn, Dwight Sharpe and Alex McGregor.

WINTEX BARLEY DOING WELL IN THIS COUNTY
There are three demonstrations of Wintex barley growing in this county and farmers who are interested in planting barley on their places are invited to inspect the three farms.

A visit will be made at the Paschal Dietz farm on the Crews road in the Blanton community Saturday morning. Mr. Dietz will show visitors the barley demonstration while it is growing. H. J. Zappe has a fine field of this barley which has improved since the last rains, and George Kemp, 4 miles west of Ballinger, has the same variety growing and doing well.

The seed for the Wintex variety was obtained through the Denton experiment station where a five-year check showed it produced an average of 50 bushels to any other variety's 35. Fifteen acres are planted to this barley in Runnels county and a visit to each field by County Agent John A. Barton revealed the grain doing fine.

BARNHART GARAGE BURNS
D. G. Posey made a run with the chemical truck Tuesday noon to the home of Mrs. Bessie Barnhart, six miles south of Ballinger. A ear and garage were destroyed by the fire when he arrived and the truck was of no use. Mr. Posey stated the garage burned to the ground but no other adjoining buildings were damaged.

Mrs. F. W. Wellhausen has gone to Temple to visit relatives and friends several weeks.

Mrs. Clarence Morton and daughter, Miss Ann Morton, Sam Wellhausen and Joe Coleman left Monday for a visit at Gatesville.

Mrs. Aurelia Webb left Tuesday for Belton to accompany her daughter, Miss Mary Jo Webb, a student of Mary Hardin-Baylor College.

Feeling all fagged with spring shopping? A visit to The Cactus Coffee Shop will prove a real pick-up.

School Report Shows Much Accomplished Past Term

Supt. Nat Williams is completing his annual report which will be filed with the state department of education, Austin, this week. The report shows much accomplished in the local schools during the past year.

A total of 1,434 students received instruction here in the term just ended. This is one of the largest enrollments in the history of the Ballinger schools and is further emphasized by the large graduating class of ninety-six.

During the 1939-40 term the school received one and a half credits for vocational agriculture. Next year this department will offer second-year courses with special project work during the summer. At the end of the term 56 boys had registered for the classes next year which will comprise both first- and second-year work.

Half a credit was also allowed the high school for special project work in homemaking the past year. Next year the school will offer the third year of instruction, only first and second having been available heretofore.

One of the biggest inducements to be offered next year is a full

course in chemistry with a laboratory equipped during the summer. The school received half a credit in dramatics, a new course added the past term.

Supt. Williams stated that the lunch room project would be continued next year if available at that time. A garden has been planted and as soon as vegetables are mature a canning program is to be started and the food stored for consumption next year.

Matron service will also be continued at all the buildings next term.

During the past year improvements were made at the Mexican and negro schools, one new room being added to each, and an extra teacher employed for the Latin-American school because of the crowded condition.

The local school authorities will take advantage of the renovating program made possible to this county through a WPA application. Three workers will be employed in the library during the vacation period rebinding books and doing other repairs.

A number of desks and other school equipment will be refinished in the local NYA workshop during the summer.

SCALES MODERNIZES HOME
W. D. Scales has begun remodeling and modernizing the residence on Eighth Street which he recently purchased. The improvements, started as soon as Mr. and Mrs. Nat Williams moved to their Tenth Street home, will require several weeks to finish.

Mrs. Carr Spraberry and son, of Lamesa, are visiting in the home of Mrs. Spraberry's parents, Mr. and Mrs. O. L. Parish.

Mr. and Mrs. W. A. Forgey and Mr. and Mrs. T. J. Forgey spent last Sunday in Brownwood, visiting in the home of Mr. and Mrs. Joe Forgey.

Mr. and Mrs. H. T. Forson spent the week-end in Waco, visiting relatives and friends. Billy Calvert, of Talco, a nephew, accompanied the Forsons to Ballinger and will spend the summer here.

Harry Lynn returned Friday from Galveston, where he attended the Texas Bankers' Association convention. En route home he visited one day in Houston.

Miss Mary Jo Webb came in Wednesday from Mary Hardin-Baylor College, Belton, to spend the summer at home.

NEW AWNING BUILT FOR HUB
Mrs. J. F. Currie had the old awning removed from in front of The Hub store this week and it is to be replaced with a modern canvas type awning that can be rolled up and down. A crew is here from Abilene to do the installation.

Mr. and Mrs. Ray Williamson, of Alpine, spent the week-end with Mrs. Williamson's parents, Mr. and Mrs. W. M. Ashton. Mr. Williamson returned to Alpine Sunday afternoon, his wife remaining for a longer visit.

Miss Eulalia Nicholson, student of McMurry College, Abilene, visited relatives here the past week-end.

Remedy Offered For Coccidiosis In Local Flocks

County Agent John A. Barton has received a large number of calls because of chickens suffering with coccidiosis and during the past several days since rains and cool weather numerous poultry raisers have reported cases in the flocks.

Mr. Barton stated that the disease could be prevented by feeding 5% commercial sulphur flour in mash from the time the chickens are four weeks old until laying time.

This remedy has been tried at Texas experiment station poultry farms and has proven an excellent preventive.

Symptoms of the disease is that it attacks chickens from 4 weeks to 10 weeks old. First chickens appear cold, wings droop, the combs wattle, shank and beak appear pale. The chicks refuse to eat and cheep as if cold. The droppings will usually appear brown and in the late stages show blood. The disease takes a rapid course and many chickens will be sick at the same time.

No chicken should be fed sulphur until at least two weeks old and then allowed access to direct sunlight several hours a day. In the use of sulphur the same sanitary measures should be carried out.

Oran Bigby, who had been attending John Tarleton College, Stephenville, is at home to spend the summer.

Rex and Tony Nixon, who had been attending John Tarleton College, Stephenville, are at home for the summer.

Wilburn Batts, who had been attending John Tarleton College, Stephenville, returned home Saturday to spend the summer.

James M. Simpson, of Austin, was here this week attending district court and transacting other business.

TWO LOCAL TEACHERS TENDER RESIGNATIONS

The Ballinger school board has received resignations from Miss Nell Shepperd, teacher in the junior high school the past year, and Miss Frances Taylor, teacher of vocational homemaking in the senior high school. Miss Taylor will continue project work here until the latter part of June before going to her home.

Mr. and Mrs. J. W. Moore spent the week-end in Abilene, visiting relatives and friends.

Mrs. L. C. Alexander and Mrs. Minnie Maud Alexander attended the graduation program at Mary Hardin-Baylor College the past week-end.

MANY LOCAL STUDENTS RETURNING HOME NOW

Ballinger students attending schools away from home have begun arriving and the trek will continue this week-end and the first part of next week. There are about 100 Ballinger youths in college this year and most of these schools are closing this week and the first of next.

Charles Thorp and H. G. Agnew will go to Cleburne this week-end to take part in an invitation golf tournament. Dr. and Mrs. J. C. Douglass will also visit in Cleburne during the time and Dr. Douglass plans to play. Three golfers will return in time to go to San Angelo to qualify in the state tourney June 6.

Ask About Free Prizes

Why not satisfy that itch to be "tops"?

Buick prices begin at \$895*
for Business Coupe (Illustrated)

IT happens to the best of us. We all like to step out in something a little finer, a little smarter, a bit more able, than the other fellow has. So when you can do that—and get a better buy in the bargain—why not step right up to the head of the class?

Just look around you. Can you name a sleeker, trimmer, neater, smarter-looking car than this 1940 Buick?

Do you see anything on the road that can keep pace with its husky, valve-in-head straight-eight engine—Dynaflash patterned for thrift, and electrically balanced after assembly to brand-new smoothness?

Ever see anything slicker than the way its soft, rear coil springs float the body serenely along, even though the wheels be dancing?

You won't find a bigger car anywhere at its price, measured bumper to bumper, nor one with a frame as heavy and stout.

You won't find cooling systems sealed under pressure, Fore-N-Aft Flash-Way Direction Signals with automatic cut-off, nor as many cost-free "extras" included in the price.

In short, here's your one best 1940 yardstick—but that's only half of it.

Here's big value—within your reach! Current prices! begin at \$895 ★ for

the business coupe, delivered at Flint, Mich.; transportation based on rail rates, state and local taxes (if any), optional equipment and accessories—extra as usual.

Net of all that is delivered-to-you prices so close to lowest-price-field figures that you'll get most of the difference back in the higher trade-in value your Buick will have later on.

So go ahead—satisfy that itch to be "tops"! First step is to see the nearest Buick dealer.

*Prices subject to change without notice.

It's our biggest year... so you'll find the best deal in town at your Buick dealer's

"Best buy's Buick!"

Religious Group Puts Out Nazi Literature Here

Religious sects have been covering West Texas in recent weeks distributing printed matter and in a number of towns have been questioned in court and by individuals regarding their affiliation with pro-Nazi and communist organizations.

A group of these followers passed through Ballinger Sunday afternoon but did not stop. They threw a number of printed folders to citizens along the street which were picked up and after being read, turned over to Chief of Police Lee Moreland.

This particular group calls themselves "Jehovah's Prophets" and some of the sect are now in trouble at Abilene since a World War veteran questioned one of the men about his patriotism.

Two weeks ago a number of men and women appeared on the streets here selling copies of "The Watchtower" but as it was Saturday the sales were light and nobody paid any attention to them.

A close watch is being made here for any distributors of the printed propaganda and they will get a chance to answer several questions when they come.

In cases of persons appearing at homes in Ballinger selling subversive literature, citizens are urged to notify the police so investigation can be made.

BALLINGER GIRLS GET DEGREES AT ABILENE

Mr. and Mrs. Ross Smith and son, Ross Smith, Jr., Miss Alice Smith and Mrs. T. P. Brown attended commencement exercises at Abilene Christian College Monday evening.

Mr. and Mrs. Smith, two daughters and son, Miss Alice Smith and Miss Elise Smith of Memphis, Tennessee, will leave about June 1 for a trip to Mexico City and other points.

So highly prized is tobacco among the aborigines of North Australia that they will sell their girls and women to Japanese pearl fishers for a few sticks of trade tobacco.

Wildlife Briefs

AUSTIN, May 29.—With new, huge lakes being built in Texas constantly, the demand for fish raised by the state game department in its ten hatcheries increases monthly. The latest lake to be stocked is Possum Kingdom. Bass numbering 71,000 were planted in it recently, it was announced by the executive secretary of the department.

The state hatcheries produced more than 5,000,000 fish last year, but by using improved methods of fertilization, some of them developed by Texas game department aquatic biologists, and by making use of other recently discovered methods of propagating fish, it is hoped to double the hatcheries' production this season.

L. D. Flowers, of Uvalde, was plenty satisfied recently when he caught a sixteen-inch bass, but he wasn't amazed until he cut into the fish and found a four-inch bass in its stomach, according to a report to the game department.

Investigating further, Mr. Flowers opened the smaller bass and discovered a two-inch perch. Both the four and two-inch fish were whole. Maybe catching two bass and one perch on a single hook is a record.

Dallas county rural students in intermediate grades will study game and fish laws and the conservation of wildlife under 250 teachers, according to word just received by the game department from Miss Leland Watkins, intermediate supervisor.

Realization of the need of conservation education is spreading, the executive secretary of the game department pointed out in congratulating Miss Watkins and County School Superintendent Joe Harris upon their inaugurating the course of study. More colleges and other schools are teaching the subject each year.

The waters off the Texas Gulf coast often give up monsters. The most recent reported to the game department was a 1,100-pound turtle which was lassoed and finally hauled in by four men. The turtle had been grazed by a tanker a few minutes earlier in the Sabine channel.

The chief aquatic biologist of the state game department was at a loss to explain the presence of the sturgeon in the lake, but said the egg from which it came could have been dropped in Eagle Mountain Lake by a bird which had picked up fertilized spawn in some water possibly hundreds of miles away.

The death rate for game killed on Texas highways continues to be heavy. The latest report received by the game department shows 23 deer were known to have been killed on the roads in Gillespie county during the first four months of this year.

Shovel nose sturgeons are not natives of Texas fresh waters, but one was caught recently in a net by Rex Ferrell of Dallas, while he was seining for minnows at Eagle Mountain Lake.

HARDIN-SIMMONS SUMMER SCHOOL TO START JUNE 4; TERMS SIX WEEKS EACH

ABILENE, May 29.—Hardin-Simmons University, Abilene, will begin its annual summer session on Tuesday, June 4, with a curriculum offering work in all major fields, according to an announcement by Dr. R. A. Collins, director.

The annual summer session will include two six weeks terms, the second to begin on July 13. The session will end on August 23. Classes will meet five days a week, with a holiday on Saturday, Dr. Collins said.

Hardin-Simmons concludes its forty-eighth annual session on June 3, when bachelor of arts,

Slothful Ways Are Natural to Him

An animal that makes a habit of spring fever, regardless of the season, is the sloth, world's laziest animal. Here one of them "speeds" up a pole held by its captor, A. W. Anderson, who returned recently to the United States from Nicaragua with two dozen of the slow-moving creatures in his charge.

science and music degrees will be conferred on a class of 137 seniors. Seven master's degrees will be conferred. Dr. R. L. Hill, book editor of the Sunday school board of the Southern Baptist Convention, will deliver the commencement address, and the university will confer on him an honorary degree as doctor of humane letters.

JACK LYNN TO EXTERNE IN TEMPLE HOSPITAL

Jack Lynn, son of Mr. and Mrs. E. M. Lynn of this city, will soon complete his third year's work in the medical branch of the University of Texas and will extern in King's Daughters Hospital, Temple, this summer.

Higher taxes and other increased costs for Texas oilmen caused a decline of 4,355 in the number of oil wells drilled in the state in the past two years, compared with the previous year.

There are no more cats in Killenny than in other Irish towns, nor do they fight more. The old yarn to the contrary arose out of the dimensions of the 17th century between the English and Irish sections of the town.

Bronte Scouts Get Welcome and Meal As Hike Ends Here

The Bronte Boy Scout troop arrived in Ballinger Thursday afternoon after a three-day hike down the Colorado River in bad weather. The boys and their leaders showed signs of the hard trip and rainy weather encountered during the entire three days.

As soon as they arrived here they were sent to a picture show with R. E. Bruce the host for this feature. After the show the boys were taken to the Scout home where they were met by local Scout troops and all went from there to city park to meet a committee of the Ballinger Board of Community Development.

Mayor C. P. Shepherd extended a welcome to the group and the rest of the meeting was presided over by M. B. Healer, president of the organization. Rev. Dwight A. Sharpe offered the invocation. Supper consisting of barbecue and all the trimmings was ready at 6 o'clock and the boys did justice to their appetites when the order was issued to "come and get it."

arrived here in cars to take the boys home and were included as guests at the supper. As soon as the meal was served and a short visit made, the Scouts loaded into cars and headed for home to get a good night's rest.

VOICE AND PIANO SUMMER TERM OPENS

Miss Edith Miller, teacher of voice and piano, is announcing to those interested in studying during the summer term, that starting here May 28 she will teach voice and piano pupils on Tuesday of each week. Her studio will be at her home, 302 Fifth Street. Summer lessons will be \$1.00 each. Telephone No. 5. 23-21

9 Mattress Work Centers To be Operated in County

BLANTON WORKERS' CLUB

The Blanton Workers' Club met with Mrs. Cecil Patton Tuesday. Thirty-seven members and seven visitors were present. New members were Mrs. Huddleston and daughter, Miss Juanita, and Miss Audrey Reese.

During the social hours two quilts were quilted and some hand work finished.

Luncheon was served buffet style at the noon hour with a birthday cake cut for Mrs. A. W. Malone.

The next meeting will be in the home of Mrs. J. W. Reese on June 11.

BETHEL GIRLS' 4-H CLUB

The Bethel 4-H club girls, their sponsor, Mrs. Clyde Simmons, and several visitors enjoyed a picnic at the Ballinger city park May 22.

The members brought sandwiches, cookies, fruit, and made punch. Mrs. Simmons served everyone with ice cream which was enjoyed very much. Everyone reported a nice time.

The next club meeting will be held at Mrs. Louis Loika's on June 6. It is hoped that all members will attend.

BETHEL SCHOOL IS LAST IN COUNTY TO CLOSE

The Bethel school will close tomorrow (Friday), the last in the county to complete the year's work. Teachers, pupils and patrons will join in a community day at city park here tomorrow.

The Bethel school term began late last year and the full eight months' course is just now being completed.

The affair in Ballinger tomorrow will be climaxed at noon when a community dinner is spread for every citizen of the district. No special program has been prepared.

Mr. and Mrs. Ross Causey left the first of the week on a ten-day vacation trip.

John Neely, of Houston, is visiting relatives and friends here this week.

Don't forget that Thick, Juicy, Sizzling Steak at The Cactus Coffee Shop.

The first mattress making center in Runnels county will be opened this week and as fast as possible others will begin operations until the nine designated are open.

The AAA office has received cotton and ticking and these materials were issued the first part of the week. Miss Myra Tankersley, county home demonstration agent, will start each center on its orders as soon as possible.

To date 346 applications for mattresses have been filed and the date for making application will be kept open until June 15. On that date the last requisition for cotton will be made for centers in this county and no applications can be accepted after that time.

The following centers and supervisors have been approved: Miles, Mrs. N. S. Wright; Bethel, Mrs. Meade McShan; Content, Mrs. W. C. Hutchins; Victory, Mrs. Walter Lee; Crews, Mrs. P. R. Dietz; Harmony, Mrs. Joe McCartney; Winters, Mrs. J. M. Pyburn; Cochran, Mrs. Earl Chapman; Hatchel, Mrs. Joe Crockett.

A bale of cotton will be sent to each work center at a time and if it is estimated the bale will make ten mattresses, ten applicants will be instructed to report to the center for work. These ten people will work until all the mattresses are made and each mattress will be drawn by number and awarded to the individual when completed. Miss Tankersley expects each center to finish two mattresses a day.

There are no paid employees in the centers and all the work will be done free. Each applicant will pay for the thread and needles used in making the mattress. This cost is estimated at about fifty cents each.

Miss Tankersley stated that she would try to have all the centers operating by the end of the next week and would rush the program until all applicants have been served.

Misses Anita Evans and Jean Hargett have returned home from Stephenville where they were students in John Tarleton College this year.

Mrs. Hollis Kendrick has returned home after an operation in the Halley & Love Sanitarium. She is reported to be recuperating rapidly.

Mr. and Mrs. S. H. Nance, of Cisco, were here the past week-end for a visit with Mr. and Mrs. H. Ford Taylor.

H. V. Goss, of Houston, was here Tuesday, visiting relatives and friends while on a business trip to West Texas.

"They thought they had me on the spot!"

"I WORK for the electric company, and when I tell the boys rates have gone down, they say, 'Why don't our bills go down?'"

"Now all those fellas pay money to bowl, yet they don't give it a second thought. I suppose because they see what they get. It would be the same if they bought an extra pack of cigarettes. But electric service, that's different. When they want to do somethin' nice for their wives they buy some electric appliance to make the housework lighter. Or they buy an electric razor for themselves. They get lots of comfort and pleasure out of those gadgets. But when the bills come in they forget how much they got for that money."

"The reason some bills don't go down is that most people use a lot more electricity than they used to. All the boys have electric light, a radio, a washing machine and a toaster in their homes, and most of 'em have electric ice-boxes and vacuum cleaners too. Yet it doesn't cost 'em much more, if any, to operate all those things than it used to cost for light alone, because rates have been cut just about in half during the last twelve or fifteen years."

"If we could sell electric service by the pound, people could see what they get. They'd realize how much they use and how many jobs it does. And they'd appreciate how much less it costs now."

"I'm glad to be in a job where I help people get more of the good things of life. All of us at the plant feel that way. We know people depend on us to give them better service for less money, and that's just what we aim to do."

Negroes to Stage Celebration Here On 'Juneteenth'

Ballinger negroes are planning an all-day program on June 19, to celebrate the 75th anniversary of their freedom. The affair will be held in the negro park on the Colorado River at the south end of Eighth Street.

Committees have been named which will begin at once arranging for a free barbecue dinner, entertainment, speakers and other activities, and a large crowd is being invited to spend the "Juneteenth" in Ballinger.

The steering committee is composed of Tom Green, chairman; Carl Manson, secretary; and Sol DeVaul, treasurer. Others to assist are John Mack, chairman of the program committee; H. T. Grimes, chairman of arrangements; Sam Shelton, chairman of serving committee; Joe Fisher, chairman of meat committee; Fannie Barnes, chairman of refreshment committee; George Mark, chairman of soliciting committee.

Advertising material will be printed and distributed over a wide area.

The complete program will be announced when committees have completed their work.

"Build-Up" Good News For Suffering Women

Much of women's periodic distress may be unnecessary!

Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 60 years.

Ball Concludes Observance Here Of Cotton Week

National Cotton Week closed Saturday night with a cotton ball climaxing events here devoted to the promotion of cotton and cotton products. Attendance at the ball, held in the national guard armory, was somewhat disappointing to the committee in charge, however.

About fifty couples were on hand to start the program and others joined in later in the evening. A committee selected a king and queen during the evening which were crowned by Dan Woodroof and Gus Barr as a special event of the program. Miss Winnie Merle Adair was selected queen and Harold Benefield named king of the ball. The couple was called to the microphone and honored in a brief ceremony.

The 1940 observance was the first ever held here in cooperation with National Cotton Week. Practically all Ballinger merchants participated offering cotton materials and other cotton products at bargain prices during the ten days. A number of programs were conducted to better acquaint the public with the cotton situation and more particularly in this immediate section.

Sales of cotton materials were greatly increased because of the special promotions.

Every loyal American citizen in the county is asked to take time off tomorrow afternoon and be present at the mass meeting to discuss the future policy of war relief here.

Murchison Returns From Large Scale Maneuvers, School

Captain Ross Murchison returned Tuesday from Fort Benning, Georgia, where he had been for three months attending the largest infantry school ever held in the United States. Capt. Murchison admits that he did plenty of hard work during the three months and added that the usual nine months' course for regular army officers was given in the ninety days.

Asked about what army men think of the present war in Europe, he said few expressed themselves on the outcome or how it might affect the United States. They believe that if war comes to America we must be ready and pass the matter at that.

The Ballinger man pointed out that European military tactics are being closely studied and if war comes from any direction this country's army leaders will not be caught napping.

Capt. Murchison was attached to the First Division for training and army games in which he was engaged for two weeks. He received instruction and actual experience with all types of weapons, used by the infantry in the regular army and had considerable to say regarding the merits of these arms.

The captain has resumed command of company C, 142nd infantry, Ballinger unit of the Texas national guard. Asked if he thought the national guard would be called for training, Capt. Murchison indicated that he would not be surprised at anything, and

added if the guard were called he believed it would be for at least a full year and possibly longer. No official announcement has been made regarding the national guard in connection with the defense program being considered at this time.

B. C. D. Directors To Hold Monthly Meeting Monday

Directors of the Ballinger Board of Community Development will hold their regular monthly meeting Monday evening at the offices in the city hall. Since the last regular meeting committees of the organization have accomplished a large amount of work and reports of these activities will be heard.

Several projects also are coming up in the immediate future which will demand support of the organization and all members are being urged to attend the meeting Monday night. The beginning of the recreational projects in Ballinger, the possibility of summer celebrations, sending delegations to other cities to attend special events, and other items are to be discussed at the meeting.

During the past month the board has cooperated with the mattress making program to the extent of providing a loan for work centers to purchase necessities to start operations, sent a delegation to the West Texas Chamber of Commerce convention at Big Spring, welcomed several visiting delegations, assisted in raising funds to send the band to Waco, aided in conducting National Cotton Week, entertained the Bronte Boy Scout troop, and

looked after details for a number of other local movements. Much time and work has been given to assisting enumerators in the federal census which has been completed or this city and county.

Political Rallies Billed Next Week In 3 Communities

Runnels county candidates are invited to three political rallies the ensuing week and others are being booked which will continue campaign activities until the date of the first primary. With the vacation period here, many communities have planned social gatherings with candidate speaking as part of the program.

Tomorrow (Friday) night citizens of the Dale community will hold a big rally and all candidates have been advised to attend and have their speeches ready. Members of the women's home demonstration club will serve refreshments and the public is invited.

The young people of the Norton Methodist Church, will have charge of a gathering Monday night, June 3, which will begin with all candidates being given time for talks. The young people will sell refreshments after the speaking in an effort to raise money to be used by their organization during the summer.

The Methodist women at Wingate will hold a social and political rally Thursday night, June 6. These are the only rallies scheduled for the next several days and announcements will be made of others in this paper next Thursday. In addition to the can-

didates, all other citizens are invited to these gatherings.

Miss Madine Caudie, daughter of Mr. and Mrs. W. S. Caudie, was returned to her home near Hatchel Wednesday afternoon, following an operation for appendicitis at the Halley & Love Sanitarium last week.

America Builds FOR BETTER, EASIER LIVING

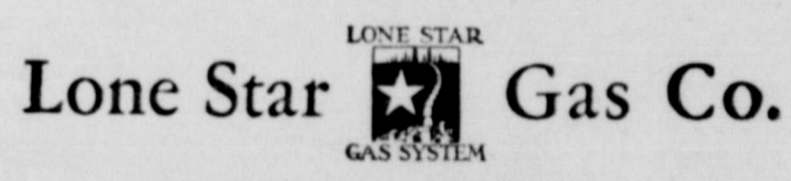

THE ALL-GAS HOME IS PREFERRED!

A survey of 76,900 new homes built in natural gas territory last year in America reveals that 92 per cent reported the use of natural gas for cooking; 95 per cent used natural gas for water heating; 88 per cent used natural gas for house heating, and 11 per cent reported the installation of new gas refrigerators.

This is magnificent evidence that today's gas household appliances are far superior in performance, smarter in appearance and more economical to operate.

Let this evidence guide you with your own building or modernizing for a home that provides easier, better living.

AN AMERICAN PRINCIPLE OF BANKING

Service to customers, based upon sound judgment, is the American principle of banking.

This kind of constructive service assures the protection of customers and is a constant safeguard no matter what the transaction.

When you make a connection at this bank you have the gratification of knowing that your interests are protected with our own through the application of this principle of sound judgment.

A safe bank is worthy of the confidence and support of the territory it serves.

THE WINTERS STATE BANK

Winters, Texas
Member Federal Reserve System and Federal Deposit Insurance Corporation

This Bank Will be Closed Monday, June 3rd, in Observance of Jefferson Davis' Birthday.

The Ballinger Ledger

Published Every Thursday by The Ballinger Printing Company... Office of Publication, 711 Hutchings Ave., Ballinger, Texas...

HAS YOUR ADDRESS CHANGED RECENTLY? Ledger subscribers are requested to notify the publisher of any change in their addresses promptly.

Runnels county farmers have begun harvesting a fair small grain crop. Most of the grain is about ripe and there is sufficient moisture to finish the crop.

About 1,300 Ballinger boys and girls have commenced their summer vacations. It is appropriate that the recreational program be initiated now and leaders have arrived to extend supervised play to all children of this community.

Runnels counties are among the first to take a stand with their government in the national defense program and in the fight against "fifth column" activities.

Interest in the war is brushing politics off the front pages and even tried and true methods fail to bring much attention. As the date of the first primary nears voters will doubtless give more thought to those seeking office.

OLDFEN GIRLS 4-H CLUB

The 4-H club girls met with Miss Hafernik, their sponsor, on May 21, for the purpose of making all arrangements for the summer as she will leave for an extended visit to Ohio and other states.

Nominations were made for the short course, and Ruby Dell Halfmann and Gladys Hoelscher received the greatest number of votes. As alternates Esther Block and Bernice Englert ranked first.

Refreshments were enjoyed by all.

Vegetable Laxative With Proved Feature

The punctual, satisfying relief from constipation and its headaches, biliousness, bad breath, so often experienced by users of this laxative, is mainly due to its combination of purely vegetable ingredients.

Next time, take time-tested, economical, SLOAN-DRAUGHT.

Fair Visitor . . . Relief Worker . . . Symphonist

Recent visitors to the United States, though for widely different reasons, include Mme. Teresa de Lopez Contreras, left, wife of the president of Venezuela, who is here as a visitor to the New York World's fair.

WEST TEXAS NOTES

G. H. Danforth has entered the race for county commissioner, precinct No. 2, Runnels county. Mr. Danforth is well known in the Winters section and for the past fifteen years has been connected with the commissioner's work in his precinct.

The Wilson Grain and Elevator Co. has announced an enlargement program to be started at once in preparation for handling the big grain crop in the Coleman section this year.

Diplomas were awarded to 33 members of the Melvin senior class last Friday. W. R. Smith, vice-president of Abilene Christian College, delivered the commencement address just before the diplomas were issued by Floyd Marshall, principal.

Citizens of Rising Star spent only a few hours in raising their quota of the war relief asked by the American Red Cross. The quota was \$150 and in a short time \$153 was sent in with other amounts contributed later.

class have returned from a trip to Carlsbad Caverns. Eighteen seniors, accompanied by their class sponsors and a number of parents, made the trip in a large bus.

The Planters Gin Co. at Bronie is remodeling and replacing old machinery with modern equipment for the ginning season next fall.

Peter Fox was recently elected president of the Sweetwater Fair Association and plans were discussed to replace the fall fair with a spring livestock show.

Maryneal citizens staged a big celebration Saturday when the community received its first electric lights. Lines were recently completed by the REA and the power was turned on at the height of the celebration.

Erath county fruit growers are registering at the Stephenville Chamber of Commerce office. This organization will assist in marketing the fruit crop of the area and growers who register give the approximate amount of fruit they will have to sell.

The Pecos county commissioners' court has filed suit for recovery of \$148,000 originally voted and placed in banks for highway construction.

One large concern has guaranteed the purchase of all grapes grown in Comanche county this season. The Comanche Chamber of Commerce has been advised by the Southern Winery, Inc. of San Antonio, that it will buy all grapes available in the county.

A group of 87 cattlemen were guests of the Shackelford County Hereford Breeder Association at a banquet in Albany on May 22.

The Brady municipal light plant has made a reduction in rates that will affect most current consumers in the city. The city council announced the reduction which will apply to all who use more than 100 kilowatts.

It was announced at Robert Lee the past week-end that the school library would be open all summer for the benefit of the general public. The librarian will be on duty daily from 9 a. m. until 2 p. m.

Card of Thanks We wish to thank all our friends and neighbors for the lovely flowers and other acts of sympathy and love during the illness and passing of our loved one.

Banks to Observe Holiday June 3 Ballinger banks will not be open for business on Monday, June 3, observing Jefferson Davis' birthday.

Hints for the Farm Extension Service A. & M. College

Every month new cooperative gins obtain charters from the secretary of state and the number in Texas has now passed 400 according to C. E. Bowles, specialist in cooperative marketing for the A. & M. College extension service.

While cooperative gins number only a little more than 10 per cent of the gins in Texas, they gin 25 per cent of the cotton. "Naturally if 200 farmers own a gin, they will take their cotton to their own gin," the specialist says in explaining how ginning large numbers of bales cuts costs per bale.

Even though cooperative gins have proved to be successful financially and have added millions of dollars to Texas farmers' incomes, dollars and cents do not tell the whole story.

COEDS USE ODD ARTICLES TO MAKE NOVELTY JEWELS LUBBOCK, May 29—Yellow corn kernels tipped with turquoise paint have been fashioned into a necklace by one of 40 Texas Tech coeds who are designing inexpensive jewelry as a class project.

Achieving modern effects in costume jewelry with inexpensive materials, the freshmen and sophomore home economists were given complete freedom of choice in selection of materials and design.

"The only requirements are that the jewelry be of good design, suited to the personality and the wardrobe of the girl," said Miss Troy Allen, instructor in the course.

"Good craftsmanship is also emphasized." Nail polish, tempered paints and dyes are used for coloring the materials to suit the clothes.

NOTICE Dr. Baker, optometrist, regular visits at office, Central Hotel, will be Wednesday, May 1, Wednesday, July 31, Wednesday, September 4.

Fulcher Announces For Commissioner Of Precinct No. 1

To the Voters of Precinct No. 1, Runnels County: This is to announce that I am a candidate for the office of Commissioner of Precinct No. 1.

I am 43 years old and have lived here all my life. The experience I have had with tractors, trucks and automobiles, and in dealing with the public should be of some benefit in performing the duties of this office.

If elected I will do my best to make you a good commissioner. I would cooperate with the citizens of the precinct, as well as the Commissioners' Court.

In case I fail to see you personally I hope you will accept this as an earnest request for your influence and vote. If you see fit to support me I will surely appreciate it. The only promise I have to make is a fair, square and honest administration.

Sincerely, H. E. FULCHER (Political Advertisement) 30-11-

UNEMPLOYMENT IN EIRE BLAMED ON UNITED STATES

DUBLIN, May 29—In trying to solve its unemployment problem, Eire has discovered that not least among the causes of idleness in the country is the bar set up by the United States against immigration. For generations the member of a family, when successful in the United States, sent for a brother or sister, paying the passage and having a job ready. Now the quota is so small that young boys and girls must remain at home seeking work, which is not easy to find.

The relief projects of the Dublin authorities absorb some thousands, but these are only temporary. Meantime, the cost of providing relief rises with the cost of living.

Texas has more oil refineries than the two next largest refining states combined. The Lone Star state has 141 plants with 1,386,705 barrels daily capacity, while California and Pennsylvania together have only 111 with 1,275,000 barrels capacity.

Receipts in duplicate for all purposes. Ballinger Printing Co.

Maeterlinck's 'Bluebird' Has Shirley Temple in Great Cast

Declared greater than its players, 20th Century-Fox's production of Maurice Maeterlinck's "The Blue Bird" has been hailed as one of the most beautiful pictures ever made, a human drama of ageless appeal.

That moviegoers may see it as it should be seen—from the very beginning—and enjoy to the fullest its mood of rare beauty, the film was shown at the Hollywood Theatre in New York twice daily as a roadshow, with all seats reserved at advanced prices. When it is shown in Ballinger at the Texas Theatre next Wednesday and Thursday, June 5 and 6, it is advisable to arrange to come at the beginning of the picture.

For this memorable screen triumph, filmed in Technicolor, Darryl F. Zanuck has selected a brilliant cast featuring Shirley Temple, Spring Byington, Nigel Bruce, Gale Sondergaard, Eddie Collins, Sybil Jason, Jessie Ralph, Helen Ericson, Johnny Russell, Laura Hope Crews, Russell Hicks, Cecelia Loftus, Al Shean and Gene Reynolds.

Definitely directed by Walter Lang, the screen play presents some of the most beautiful and impressive settings the screen has yet offered. Made possible by the new Technicolor, which permits greater beauty and fidelity of color values, since scenes may be photographed in almost natural lighting, the sets are a designer's dream of artistry. Glorious backgrounds follow each other in quick succession; it will be difficult to forget such places as the Flaming Forest, the Land of Children Yet to Be, the Land of the Past, the Hurricane, the Floating Palace, the House of Luxury, the Mystic Lakes, the Realm of the Future, etc.

John Garfield Featured in One Film; the Other Zane Grey's "Knights of the Range"

At the Texas tomorrow (Friday) and Saturday film lovers will be treated to two feature-length pictures, "Saturday's Children" and "Knights of the Range." Selected

shorts make up the remainder of the program.

Love on a budget is the theme of "Saturday's Children," starring John Garfield and Anne Shirley. Others in the cast are Claude Rains, Roscoe Karns, Lee Patrick, Dennis Moore, Elizabeth Risdon and Benton Churchill.

The story was adapted by Julius J. and Phillip G. Epstein (well-known scenarists for the "Four Daughters" series) from the Maxwell Anderson play, "Saturday's Children," which was a Pulitzer prize winner.

Against a background of desert vistas and rugged mountain scenery, Paramount has filmed Zane Grey's "Knights of the Range," a thrilling tale of gallantry in the wide open spaces. With Russell "Lucky" Hayden, Victor Jory, Jean Parker, J. Farrell MacDonald and Britt Wood portraying the tale of the regeneration of an outlaw, showing how the love of a beautiful, spirited girl helps a man to regain his self-respect.

After Jean Parker has taken over her father's ranch following his death at the hands of outlaws, terror rides the range until she persuades Russell Hayden to desert the rustling outlaws and work for her. In a thrilling climax, Hayden saves a fortune gained from cattle sales for Miss Parker, battling off the outlaws in a desperate encounter. Highlights included the singing and playing of Britt Wood and the King's Men.

MAYOR OF HAVANA FLEES JOBLESS ARMY

HAVANA, May 29.—Mayor Rivero San Roman of Havana established his headquarters in a fire station when the city hall was invaded by job-seekers, and in his refuge he received only a few high municipal officials and political chieftains. The job-seeking army swept into the city hall as soon as the 1940 budget was adopted and it became known that \$600,000 would be spent to hire temporary and part-time workers.

Approximately 1,000 had been given jobs when the mayor, seeing that the ranks of applicants continued to grow, fled to the fire station. The plan worked so well that he plans to use it again in an emergency.

NIGHT VOICE WARNS MAN OF TRYST WITH DEATH

SANTO ANDRE, Portugal, May 29.—Announcing in the morning that during the night "a voice" had told him that he would meet death that day, Benjamin Gon-sales, 74-year-old Santo Andre carpenter, started preparations for the tryst.

He first went to church, made his confession and received holy communion. Next he visited his barber, had a shave and said he would not call again. He called on all his friends and said good-bye, then dined at the home of his son, announcing that it was the last meal they would have together. Then he went home and died in his sleep.

Our advertisers want your trade.

50 Additional Band Students Will Start Summer Instruction

Gurthall Gilligan, director of the Ballinger band, has started a new summer class of 50 which brings the total in the city taking some kind of band instruction to 175. While the membership in the Bearcat Band is limited to about 25, Mr. Gilligan stated that he would devote more time to the junior high school band and other organizations hereafter to give all students actual playing experience before they reach high school and become members of what is known as the "big band."

After checking over the instrumentation of the new group of fifty, Mr. Gilligan stated that he needed more basses and baritone players and would be glad to register them as soon as possible before they get behind with the classwork being started. He also stated that he had for sale one bass in perfect condition which could be purchased at a bargain.

Plans are being made for concerts to be played during the summer and an announcement will be made in the near future regarding the place and dates of these. All musicians will continue lessons this summer, high school graduates remaining in the band until the opening of school in September.

The Bearcat Band will lose only ten by graduation and will begin the season in good condition and with full instrumentation.

WILD LIFE PLAYS GAMES

GENEVA, May 29.—Wild life in the mountain slopes of the Swiss national park in the Lower Engadine not only plays games, but small creatures teach larger ones, according to Professor A. Pictet, of Geneva, who has just reported his findings. Young marmots, he says, not only play hide-and-seek and leap-frog, but seating themselves on their haunches, with their fore legs folded across their breasts, gleefully slide down the snowy slopes. Young chamois, the mountain gymnasts, are taught by marmots to take the slide.

Be wise—advertise.

As John D. Jr. Goes to the Fair

Without high hat, tails or fanfare, John D. Rockefeller Jr., oil magnate and philanthropist, shows up at the turnstile of the New York World's fair and gets tagged by a fair employee. Rockefeller, famed for his dislike of ostentation, came as an ordinary citizen to see the big show. The tag, incidentally, bears the legend, "Hello, Folks, I'm from—". The visitor fills in the rest.

Gable and Crawford Starred In Thrilling 'Strange Cargo'

For the first time in three years, Clark Gable and Joan Crawford, who have co-starred with memorable success in five films in the past, team again in "Strange Cargo," which is to be shown at the Ritz Theatre next Sunday, Monday and Tuesday, June 2, 3, and 4.

Picturization of the Richard Sale best-seller, "Not Too Narrow, Not Too Deep," "Strange Cargo" presents Gable as convict Verne Andre, incorrigible leonoclast in a South American penitentiary, and Miss Crawford as Julie, cafe entertainer in the penal colony, who become fellow-fugitives after a prison break.

In the supporting cast are a group of the most distinguished character actors in Hollywood. Ian Hunter has his strongest role to

date as Cambreau, the mysterious stranger with a Bible, about whom revolve the fates of all the principals. Peter Lorre portrays the repulsive libre, Monsieur Pig, Julie's persistent suitor. Paul Lukas is the wife-murderer, Hessler; Albert Dekker the Cockney safe-cracker, Moll; J. Edward Bromberg the fear-ridden murderer, Flaubert; Eduardo Cianelli the demented Telex; John Arledge the weakling, Dufond; Frederic Worlock the prison governor, Grig-deau; Bernard Nedell, Marfeu; and Victor Varconi the fisherman who must aid the survivors of the prison break.

The story tells of nine men who escape a tropical prison and head for the seacoast, where a sloop is to carry them to safety. Seven persons reach the boat, including

Julie, who has been picked up by Verne en route. Four reach the appointed haven. But each one who perishes meets a splendid, repentant death through the influence of Cambreau. Through one of the most compelling dramatic stories ever written for the screen runs this underlying spiritual theme.

Frank Borzage, twice a winner of the Academy Award, directed from the screen play by Lawrence Hazard. Joseph L. Mankiewicz was the producer.

RUBBER TIRES PROPOSED FOR BULLOCK CARTS

CALCUTTA, May 29.—To save its roads India would have all carts fitted with pneumatic tires. It now favors goods hauled on rubber and has induced many municipalities to do likewise. The move was prompted by the excessive wear and tear and serious damage caused to roads by iron tires on bullock carts, other animal-drawn vehicles and hand-operated carts.

Orders have been issued by the government in Calcutta to give preference to contractors who supply goods which are carted by vehicles fitted with pneumatic tires. Bombay province will exempt such vehicles from provincial road tolls. Certain districts in Northwest Frontier province will subsidize bullock-cart owners who use the inflated tires. Higher rates will be paid by the public works department for the carting on rubber.

Come in—you'll find a cordial welcome at The Cactus Coffee Shop. 30-17

BRITAIN CONTINUES AID TO CANCER RESEARCH

LONDON, May 29.—Grants totaling \$140,000 for cancer research in 1940 will enable the British Empire Cancer Campaign to continue work despite the war. The Duke of Gloucester, now a major general with the British expeditionary force in France, is president.

In a letter he states that at least half a million people die of cancer on the continent of Europe annually. Although most voluntary surveys were discontinued after the outbreak of war, cancer research was considered too important to be halted. The grants for this year are within \$24,000 of the amount distributed in 1939.

MARCH OF TIME

Anybody can yell "More Mileage"... but

I dare to give you a close count... on your **MILE-DIAL... FREE**

YESTERDAY your gas-line choice might have been merely a notion. Today you can KNOW!
TODAY—ENTIRELY FREE—you can get your Conoco Mile-Dial at Your Mileage Merchant's Conoco station... And then as reliably as an accountant, this certified instrument accurately reports your own car's actual mileage from your Conoco Bronz-z-z gasoline.
BRONZ-Z-Z DARES to give you free this clean-cut way to check its mileage, straight in front of your eyes—on your smart, neat Mile-Dial that instantly goes on the dash. (No marring.)
NOW YOU CAN KEEP ON CHECKING all you please, and have lots of fun doing it—spared from endless scribbling and risky memory work. Small chance now, that you'll happen to give Bronz-z-z a "cinch"—on some easy country trip, or traveling more downhill than up, or running ahead of the wind, or rolling on concrete exclusively. For now you can check up on Bronz-z-z till you're sure you've "averaged in" plenty of the most congested driving, steepest climbs, strongest head-winds, and bounce-y roads that are hard on gasoline.
AFTER 100 or 200 or 500 MILES, your honest impartial Mile-Dial may show you so many miles per gallon of Conoco Bronz-z-z that you exclaim, "It seems impossible." So you'll feel like checking Bronz-z-z for another 1000 miles or more, on your handy labor-saving Mile-Dial, till you've absolutely sold your own self, right in the privacy of your own car.
INSTEAD OF JUST YELLING "More Mileage" the Conoco Mile-Dial is telling. It's telling the truth and nothing but the truth because it can't do anything else. That's the one way Your Mileage Merchant wants you to judge his Conoco Bronz-z-z gasoline. He's meeting the demand of consumers today, for solid buying information. He's banking on what your Mile-Dial shows you in figures—in mileage—in SAVINGS. Drive in to his Conoco station today, while you can still be sure of getting your trusty Mile-Dial—FREE. Continental Oil Co.

No Trace Found Of Thomas Hill, Missing 3 Days

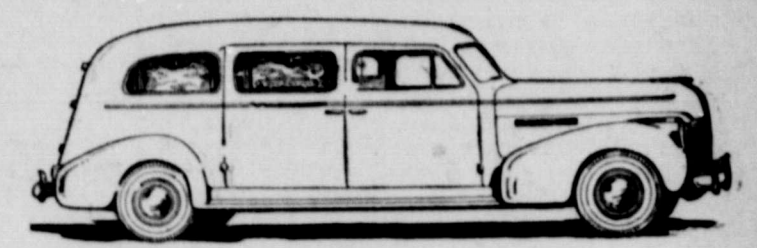

Thomas B. Hill, manager of the Runnels county AAA office, disappeared Tuesday morning and up to this afternoon every effort to locate him has failed. Mr. Hill left home about the usual time Tuesday morning, telling his wife he would return shortly. After considerable time elapsed she tried to telephone him at the office and when he had not reported there, called friends and began in earnest trying to find her husband.
After leaving home several people saw him at the Texas Grill, found where he had made a purchase at Flynt's grocery and later had his car serviced and cashed a check at a local filling station. No other trace has been reported.
Friends talked to Mr. Hill's parents in Waco Tuesday night only to learn they had not seen him. Other points where he might have gone were called but no clues were obtained.
Neither Mrs. Hill nor friends can give any reason for the sudden disappearance. A broadcast was made Wednesday night in which his description and the license numbers on the car he was driving were given. This failed to bring any information of his whereabouts today. An effort was made this afternoon to contact army recruit officers, but since this is Memorial Day office sergeants did not have access to the records showing those taken into the service the past several days. For some time Mr. Hill has held a commission in the reserves. He is a graduate of A. & M. College.

Mark your butter with a rubber stamp. Inquire at Ledger office.

Blind to Benefit From Flower Sale Next Saturday

Saturday, June 1, has been set as the date for the annual flower sale in Ballinger to aid the American Brotherhood of the Blind in its efforts in behalf of the sightless. Artificial flowers made by blind workers will be sold on the streets of Ballinger for whatever the buyers wish to give to this worthy cause.
For more than 20 years the American Brotherhood of the Blind has been rendering state and nationwide aid to these unfortunate people. The All Story Braille magazine, only all-fiction magazine of the kind in the world for adults, is made possible through this effort. The popular monthly contains reprints from the best ink printed magazines and brings much enjoyment to the blind who receive it.
Other free service includes Braille writing equipment, especially designed white canes and radios. The organization maintains a bureau of counsel and information and a staff of field workers who visit the blind in their homes to ascertain their needs.
The flower sale in Ballinger Saturday will give citizens an opportunity to assist in this worthy undertaking. Gift prizes and theatre tickets given by local merchants and theatre managers will be used to inspire the youthful workers to strive harder for large sales. Purchasers are urged to wear the flowers and avoid second appeals.
