Annual Livestock Show Slated Next Thursday

The annual livestock show for 4-H club boys and Future Farmers of America will be held here next Thursday, March 1. Arrangements for the show have about been completed, the agriculture and livestock committee of the Ballinger Board of Community Development cooperating with John A. Barton, county agent, and F. C. Shillingburg, vocational agriculture teacher, in all the details.

The 1945 show will be the biggest ever staged here by these groups. About 44 fat calves, 40 head of sheep, 50 to 60 head of hogs, and capons will be exhibited.

The boys will begin bringing their animals in about 9 a. m. and by 10 a. m. all will be in the pens ready for the judges' inspection. In the morning session hogs and sheep are to be judged and calves will be judged at 1:30 p. m. The auction sale will start at 2:30 p. m.

Judges for the 1945 show are A. A. Allen, of the Fort Worth Livestock Commission; and Tommie Stewart, of Menard county. Dub Clark, of Winters, will assist in the auction.

Pens will be set up on the Santa Fe right-of-way, between Eighth

and Ninth streets. The public is cordially invited to visit the show any time during the day and all especially urged to attend the sale in the afternoon.

A B. C. D. committee is raising approximately \$300 prize money to be paid the winners. It was stated that calves would be shown in a heavy and a light class, the dividing line to be determined after the exhibitors arrive here next Thursday. Hogs will also be shown in heavy and light classes, the lightweights ranging from 170 to 220 pounds.

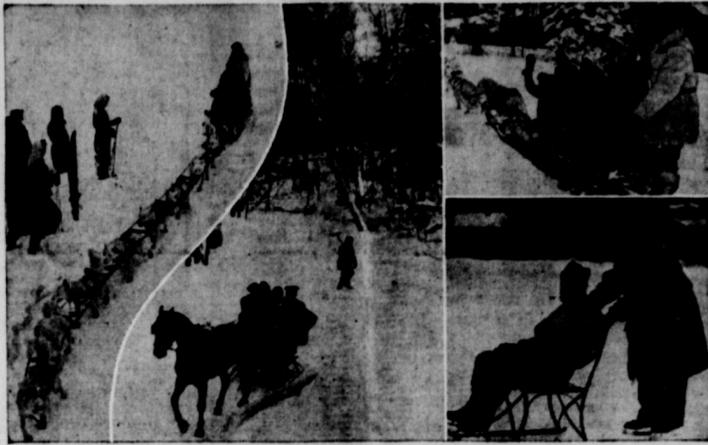

Prizes will be paid for firsts, second and thirds, and others judged for classification.

Sheep will be judged in groups of three and singles. In the swine division breeding gilts also will be included.

Careful selections of animals to be fed were made this year and both groups of boys have been preparing their stock for some time. F. F. A. boys entered ten calves in the Houston show two weeks ago and made a good showing in that competition.

Leaders of both groups and the B. C. D. committee urge local people to visit the local show.

Bruce Field is Offered As Veteran Hospital Site

L. A. Warren, engineer and inspector for the U. S. veterans' administration, was in Ballinger Monday afternoon to meet with the local committee and view a proposed site for the erection of a government hospital.

The site submitted to the inspector was that of Bruce Field and the visitor spent several hours in a very complete look at the buildings and grounds, water system, sewerage system, utility lines and every other item required by the administration for hospitals.

Fred Harman was here Monday afternoon and spent the several hours with Mr. Warren at the field, showing him through every building and over the grounds. Blueprints of the water and sewer systems and utility lines were presented as part of the official application of the Ballinger committee.

Mr. Warren has been in West Texas several weeks to inspect sites for a \$2,000,000 veterans' hospital. Applications have been received from a number of other cities in this part of the state. A second hospital will be located in

East Texas and Mr. Warren will go there soon to look over sites. Sites have been offered in some ten or twelve West Texas cities which have had army camps, air fields or other government installations.

Mr. Warren was invited to Ballinger last week by committees of the Ballinger Board of Community Development and other business men. Telephone conversations with officials in Washington resulted in Mr. Warren being sent here while he was in this part of Texas.

Following the inspection here the visitor was taken to Brownwood, where he was to make an inspection Tuesday. Harry Lynn, K. V. Northington, Joe Forman and Tom Caudle accompanied Mr. Warren to Brownwood Monday evening. Mr. Warren made no comment on the Ballinger location, but those who accompanied him on the tour of the field think he was pleased with the site in every particular and that it met all requirements.

The engineer-inspector has been with the veterans' administration ever since World War 1.

United Nations Clothing Drive to be Conducted

Ballinger service clubs have been called on to direct the collection of clothing for the United Nations relief organization and plans are to be made by a joint committee for a city-wide drive to get every bundle possible. Both the Ballinger Lions and Rotary clubs have named committeemen, who are to meet and perfect plans for the campaign.

The drive will be underway all through April and next week places where clothing may be left will be made public.

Lions Club representatives are Rev. Edward B. Postert, H. G. Agnew and J. A. Schnable. Rotary committeemen are Troy Simpson, Rev. H. B. Loyd and D. G. Posey. A city-wide organization with every church in the city represented probably will be formed for the campaign.

The nation-wide campaign is to be pushed for several months. It was pointed out that many of the countries which had been occupied by the enemy and are now liberated are practically without clothing and although some have money, raw materials cannot be obtained to make apparel. They also cannot purchase new clothing in this country for some time and it is necessary that some immediate relief be given.

Leaders directing the local campaign state that any kind of good clothing is needed for men, women and children, and especially for infants. Cast-offs that are suitable only for rags are not wanted, only clothing that is wearable without repair is needed.

A number of organizations that usually hold rummage sales in the spring have called off these events in order to have clothing ready for the United Nations

relief. Runnels countians are urged to go through their wardrobes and lay out what can be spared for this cause, and be ready to bring in the bundles as soon as depots are arranged for.

Henderson Garage Moved to Strong; Crockett Partner

The Henderson Garage is being moved from its location at the corner of Eighth Street and Railroad Avenue to the Lankford building on Strong Avenue between Eighth and Seventh streets. C. C. Henderson, co-owner, stated that all equipment would be set up in the new location and that they would be ready at once to continue a general garage service to patrons.

T. H. Crockett has recently purchased an interest in this business and will assist in operating the garage.

The Eighth Street building housing this garage was recently sold, necessitating the move.

RUDDER TO BROWNWOOD FOR FUNERAL OF UNCLE

L. B. Rudder went to Brownwood today to attend the funeral of an uncle, who died at Temple Wednesday from injuries sustained in an auto accident. The relative, Major Orville H. Turner, was post exchange officer at Camp Hood and had been a reserve army officer since World War 1.

Mr. Rudder had just returned from El Campo, where he was at the bedside of his father, who is seriously ill.

'45 Red Cross War Funds Drive Will Start March 5

Plans for the annual Red Cross war fund campaign here are all complete and the "kick-off" in Ballinger is set for Monday morning, March 5. Every effort will be made to finish the job the first week.

County Chairman Sam Behringer has announced that all community chairmen will assemble in Ballinger on Saturday of this week, at which time supplies will be issued and final instructions given for the 1945 campaign. A chairman has been appointed for each community in southern portion of Runnels county and quotas have been assigned. These chairmen, in turn, will appoint other workers to help in making the drive not later than the second week in March.

Runnels county is asked for \$17,100 for this cause and of this amount Ballinger has a quota of \$6,000. Leaders pointed out that the local quota is more than in 1944 and with Bruce Field closed and that support lost. This means contributors must give from 20 to 25 per cent more than they did last year to reach the quota.

Workers will have figures for each downtown firm, showing what was contributed a year ago. If the managers desire to know, and will also be told how much they need to increase their contributions to meet the 1945 goal. Red Cross national officials have

advised that the program for 1945 is much larger and that more funds are necessary. Prisoner-of-war activities alone cause much of this added cost and people on the home front must realize that every letter, food package, all medicine, cigarettes and comfort items go through the Red Cross. The Red Cross has also supplied practically all the clothing and blankets these men have received.

In addition the entire blood plasma program has been carried on by the organization. This has saved thousands of lives and will save countless others. Overseas entertainment and many other items, including rest areas for combat troops, are furnished by the Red Cross.

Mr. Behringer stated that every community chairmanship appointment had been accepted, and that all had cheerfully agreed to work in the drive.

A chairman has been named for Winters and he will organize and direct the campaign in the north end of the county.

KNITTING TO BE RESUMED; WILL ISSUE YARN FRIDAY

The Red Cross knitting program will be resumed at once in Runnels county. Fifty pounds of olive drab yarn arrived here this week and will be made up into sleeveless, slip-over sweaters for soldiers. Garments are to be completed by April.

Knitters who will assist in making this quota are asked to call at the home of Mrs. Troy Simpson in Wilke Terrace tomorrow (Friday) and secure their yarn and instructions.

Clyde Goss, a patient in the Bailey Clinic-Hospital several months, was taken in a Newby-Davis ambulance to the Scottish Rite Hospital, Dallas, this week to receive treatment for burns.

Think on These Things
by Richard Robbins
Minister
Eighth Street Church of Christ

There are two basic relationships which furnish the occasions and demands for all man's duties—that to God as a Creator; that to man as a fellow creature. Jesus says the two fundamental commands are these: to love God with all our capacity and to love our neighbors as ourselves. (Matt. 22:37-49) Anything that is purely devotional or worship to God is required by our relationship to him; it rests upon the fact that he is Supreme. The feeling that we must pray arises from two facts: the first is that we consider ourselves children of God—belong to the divine family; the other is that we often realize we need things which only an infinite Being can supply. In times of dire need, it is just as natural to ask God for help as to breathe. Even rebellious sinners, with no moral or legal right to God's favors, will cry for help when in some great danger. This fact alone should teach all that man should put himself in such spiritual relationship to the Father that prayer would be his inalienable right. "He that turneth away his ear from hearing the law, even his prayer shall be an abomination." Prov. 28:9.

of Mrs. Elmer Curry on Eighth Street.

Mrs. Wesley Whitman presided for the officers and group captains reports. Mrs. J. T. Hornburg gave the opening prayer and Mrs. Malcolm Morgan brought the devotional on "My Bible and What it Means to Me." Plans were discussed for class duties for the month of February.

Mrs. Alton Underwood, social

chairman, was in charge of the social hour, and Mrs. Carl Black directed games.

Ice cream and cake were served to: Mmes. Delbert Davenport, Ted Whitehead, Homer Bibb, Vivian Marshall, Earl Cope, Joe Vaughan, Martha Weathers, W. A. Jacob, W. A. Phippen, James Parrish, J. H. Endavott, Woodrow Cox, R. M. Bird, O. H. Chandler, Stanley

Watch Your Waste
Line

No doubt, we have been too wasteful with our food supplies the last few months. We had been told by a host of bureaucrats that an abundance of food was available and most of us "pitched in" and were almost back to prewar eating—now that we know the planned food program has resulted in limited supplies on the fighting line—even rationing of food being in effect on some fronts—the American people will not only accept fair play rationing, but will make it work so that the service men will get additional food.

To do this, every kitchen must be placed on wartime basis—this covers not only watchful purchasing and preparation of food, but also the extremely important saving of fats.

When everything is going along fine, many people easily forget their wartime programs, but in the production and delivery of electricity a permanent fight against waste is a necessity—with taxes mounting as in other businesses, and sometimes more in ours—continued maintenance of low electric rates necessitates the watchfulness of everyone in our organization for economy possibilities—we are holding our lines—and our customers in the ample use of electrical energy are fully cognizant that our war effort will not suffer as the result.

Bearcats Win District Basketball Tournament

The Ballinger Bearcats emerged from the district 8A basketball tournament here Saturday as champions and will represent this district in the regional tournament at Abilene Saturday, March 3. The contests here began last Saturday morning with six teams competing, and the Cross Plains boys soon established themselves as favorites, remaining so until the final whistle Saturday night when the Bearcats nudged them out by a score of 39 to 38.

The locals won their way into the finals by defeating Winters in the morning period by a score of 37 to 28, and Lakeview in the afternoon 36 to 25. Cross Plains defeated Mozelle 42 to 23 in the morning game, and in the afternoon beat back Brady 39-23.

In the evening games Lakeview conquered Brady to take third place.

In the championship tilt Cross Plains took a first quarter lead of 14 to 4 over the Bearcats and it looked like the visitors were on their way to an easy win. Here the Bearcats began fighting and hitting the baskets with their shots, the half closing with the score Cross Plains 22, Ballinger 17.

In the last two quarters the Ballingerites kept going and the third quarter ended 30-29 in their favor. They held a one point lead until the final whistle.

Herman Moore, of Cross Plains, was outstanding in the finals, being responsible for many of his team's points, especially in hitting

the basket after fouls. Eighteen of the Cross Plains 38 points were made on goals after fouls. Moore also was high scoring man in the tourney. In the finals he ran up 17 points while Flint of Ballinger tallied 15, and Robert Evans 12.

Bob Sykes, replacing Burger in the Bearcat line-up, was an outstanding star. He performed well on both offense and defense and was the turning point of the final game.

Coach W. E. Elkins will continue to give the local cagers hard work during the period before the regional games and will have them in the best of condition when they head for Abilene. Johnny Earnshaw was lost to the squad Saturday night when he went out with a badly sprained ankle which will keep him out of games the rest of the season.

At the close of the tournament the all-tournament team was chosen, as follows: Moore, Winters; Evans and Chesney, Ballinger.

Mr. and Mrs. Ernest Caskey visited relatives and friends at Rising Star the past week-end.

SOUTHWESTERN LIFE CO. SUBMITS ANNUAL REPORT TO ITS POLICYHOLDERS

A record investment in savings on the part of Texans is indicated in the forty-second annual report to policyholders of Southwestern Life Insurance Company released here today by C. F. O'Donnell, president, showing the largest business gains in the company's history since 1928.

Insurance in force at the close of 1944 gained \$31,709,407 for a

Jack Nix, Local Representative

total of \$481,718,273. Assets now total \$108,940,511, a gain of \$10,751,769 over assets reported at the close of 1943.

Mr. O'Donnell said the company had invested more than \$50,000,000 in United States government securities since Pearl Harbor. This, he said, was pursuant to the policy of investing all new premium money in such bonds adopted by Southwestern Life Co. at the start of the war.

Mr. O'Donnell's report noted an expanding interest in pension plans in Texas, through which both large and small business enterprises are providing retirement income for their permanent employees. In this connection, he said that since entering this field, the Southwestern Life Insurance Co. has underwritten pension business on more than 60 of the 104 plans adopted in Texas.

While military deaths were high, overall statistics compared favorably with the company's five-year record, due to lower civilian mortality. Mr. O'Donnell said. Death claims paid during the year under policies on persons in the armed forces of the nation amounted to \$474,858 and the company has \$65,000 insurance in force on persons reported missing in action, and \$25,500 on persons reported as prisoners of war.

Mr. O'Donnell expressed satisfaction with the 1944 production of the local agency, and said that more than 140 members of the company's agency organization and home office personnel are in

Here's the Modern Gas Heating You VENT TO A FLUE

Proper heating requires that appliances be vented to a flue. The appliances illustrated above are types that are vented. For this reason your gas company recommends them, for only with heaters that are vented to a flue can you enjoy natural gas heat at its best. Only when appliances are vented are wall sweating and stuffy air eliminated. Plan healthful, modern heat—vented heat—for your new postwar home. Make sure there will be enough flues.

gram have been groups from the following churches: St. Mary's, First Baptist, First Methodist, 8th Street Presbyterian, First Presbyterian, 9th Street Church of Christ, 8th Street Church of Christ, First Christian, and Wingate, Winters, Miles and Norton women.

In each housewife are two needles, three kinds of buttons, thread and safety pins.

In the large kit are the following items: razor blades, soap in box, package of cigarettes, package of mints, tablet, envelopes, pencil, pair of shoe-strings, paper bound book; and in every fifth kit a first-aid textbook, and in every eighth kit a game.

A kit is issued to each soldier as he embarks for overseas duty and he is also handed a folder, "Wherever You Go, the American Red Cross Will be There." This folder tells the soldier what may be in front of him and how he will find the Red Cross there to help him. There is a club when fun is desired where food is served and other accommodations made possible. There is assistance on the battle line when Red Cross workers go to the men to provide part of their needs. In the hospital there will be doctors, nurses and others to help, and even if in enemy hands, the Red Cross will still be found anxious to do whatever it can for the soldier.

The production group of the Runnels county Red Cross chapter has completed 432 kits for the use of soldiers going overseas and these are being prepared for shipment. Mrs. Alex Saunders, chairman of the county unit, stated that many women had helped in the recent sewing program and that good progress had been made in making the kits and the small housewives which go inside them.

Mrs. Saunders has been assisted by Mrs. J. B. Striplin, Mrs. R. F. Zedits and Miss Demma Barron in putting the articles in the kits and preparing shipments.

Cooperating in the sewing pro-

First 1945 Meeting Held by Directors Of B.C.D. Thursday

Directors of the Ballinger Board of Community Development held their first meeting of 1945 last Thursday night. Harry Lynn, new president of the B.C.D., opened the session with a brief talk in

which he pledged his best efforts in the work for 1945 and called on the director to perform their duties in similar fashion. He stated that meetings during the year would be as short as possible and asked committee chairmen to limit their reports to matters of interest which required consideration of the board.

Standing committee chairmen were asked to name other members of their committees as soon as possible so the program might be started.

After discussion it was decided to name one additional committee for 1945, that of a church committee to work with the local pastors' association and to strive for better attendance at religious services. Ernest Caskey was appointed chairman of this committee.

A report from the retiring chairman of the livestock committee, J. M. Williams, stated that the 4-H club-F.F.A. show would be held in Ballinger on March 1, and that the B. C. D. would sponsor the exhibit and provide prize money for the winners. W. D. Howell, new chairman of the committee, will have charge of arrangements for the 1945 show. It was also said that the auction sale was still undecided awaiting answer from the OPA whether the animals could be purchased without points by local buyers. Heretofore a sale has been held at the close of the show with a large number of the animals on exhibit being sold here.

Mr. and Mrs. M. C. Atkins and son, of Bryan, will be here this week-end for a visit with relatives and friends.

The Ballinger Board of Community Development is doing everything possible to get Ballinger considered as a site for the location of a veterans' hospital. At this time the veterans administration has inspectors in this area of West Texas viewing sites after it was announced that a \$2,000,000 hospital is to be located soon and construction to follow immediately. Ballinger would submit the site of Bruce Field where suitable grounds, water, sanitary facilities and a paved road are already available. This would be one of the best uses which could be made of the local field. It would benefit Ballinger nearly as much as the flying school and would bring large numbers of people to this city as well as the patients who would be housed in the hospital buildings. A number of new veterans' facilities must be constructed in the near future to take care of our war casualties as present hospitals are filling fast and many other wounded service men are to be returned to this country shortly. Numerous contacts have been made with Washington officials in an effort to get the Ballinger site considered.

Ballinger city officials recently inspected engineering data on water projects but have decided to do nothing at the present because of the labor shortage, high cost of materials, etc., at this time. It was pointed out that the closing of Bruce Field relieved the city waterworks of much of its peak load makes the present supply go much further. The Wardlaw well also is now available to boost the municipal supply if needed as lines are already laid to the well. In a report on the project it was pointed out that labor costs are double or more and that concrete and other materials cost three times as much as formerly.

The cold wave of the past weekend is expected to retard the budding of trees and possible save much fruit from frost and freezing weather later. Many fruit trees were about to bloom, a few had already blossomed, and others were beginning to show leaves. Little damage is thought to have occurred so far and the cold wave probably will delay growth and prove beneficial.

George Washington Theme of Program For Local Rotarians

Mrs. Leonard Stallings was guest speaker for the Ballinger Rotary Club Tuesday noon, delivering a talk on George Washington. Mrs. Stallings' discourse, different from most talks on the great leader, omitted much of the commonly known facts of his life, and gave more interesting data. In prefatory remarks Mrs. Stallings quoted Calvin Coolidge's tribute to "the father of our country," who stated he was an inspiration to the pulpit, editorial room and the teacher.

In a series of pictures of the early and late life of Washington, the speaker told human interest stories which plainly proved the greatness of the first president. In closing Mrs. Stallings asserted that in these days of trials we would do well to look to the spiritual values which Washington made part of his life. To open the meeting, F. M. Pearce reviewed the February issue of the Rotary magazine. This is a monthly feature designed to stimulate interest in reading the articles in the national publication.

BAPTIST BROTHERHOOD VENISON SUPPER TONIGHT

The annual venison supper for men and boys of the First Baptist Church and a number of special guests will be held tonight in the dining room of the church. Dr. Thomas H. Taylor, president of Howard Payne College, will be the principal speaker and musical numbers will be rendered by the local Baptist quartet and a male quartet from Howard Payne College.

E. C. Grindstaff spent the weekend at San Antonio, attending a council meeting for Lions clubs of this area. He stated that it was voted not to have the Lions convention this year, complying with the recent government request to cancel all meetings of more than fifty people.

WEST TEXAS NOTES

The Red Cross war fund campaign was launched at Comanche Monday, the committee getting an early start on this "must" program. All organization work has been completed in the county and the quota of \$8,200 is expected to be reached by the end of this week. Roy W. Brannan is county chairman for the 1945 drive.

Brady citizens joined in an appreciation banquet Tuesday evening to honor G. R. White and M. J. Benefield. Mr. White, long-time resident of Brady, was recently elected president of the board of regents of A. & M. College after serving several years on the board. Mr. Benefield recently moved from Brady to Odessa to become secretary of the chamber of commerce at the latter place.

Citizens of Melvin as well as other communities in McCulloch county are looking forward to benefits from a farm-to-market road program to be started as soon as possible and continued into the post-war period. Preliminary work is being done so the county can share in federal appropriations already made.

The Erath county commissioners' court last week let a contract for installation of electrical parts in the clock in the court house at Stephenville. The clock was put in the building in 1891 when the court house was built and served well until recently.

The "March of Dimes" was completed at Winters last week and a total of \$545.73 was collected for infantile paralysis fund. Bottles in business houses collected \$116.60, \$216.50 was taken up at the State Theatre and a special school carnival netted \$209.50. The remainder was donated through the Baptist church.

The Eastland county livestock show is to be held at Cisco on March 24 and some of the most noted authorities in the state will judge the animals in the various

divisions. Among the judges will be Clay Atchison, of Tom Green county, who will look over entries in the cattle division.

Coleman voters favored the issuing of \$60,000 in bonds to construct a war memorial in the city. In a movement launched some months ago plans for a municipal auditorium were submitted to the citizens shortly before the date of the election. The vote was 235 in favor of the issue and 118 against.

Sweetwater parents are receiving letters from members of the municipal youth center council, asking them for advice in regard to operation of the center. The program will be started about March 15 and a budget of \$3,600 has been set up for the first year's operation.

The annual Mitchell county livestock show will be held at Colorado City next Monday and Tuesday. More than 300 entries have been made by 4-H and F. F. A. boys which guarantees one of the biggest exhibits in many years. Heretofore breeders of adjoining counties also will have animals in the show.

Pfc. Erwin Agnew, of Rising Star, has been reported slightly wounded while on combat in Germany. His wife, employed in Eastland, was notified by the war department last week. The message said Pfc. Agnew sustained the wounds on January 20.

The Brown county commissioners' court is studying a proposal for a county home for the aged. The suggestion was presented to the court by members of a Brownwood Sunday school class, who pointed out that the county owned a house in the city that would be suitable for this purpose. A committee composed of the four commissioners and members of the Sunday school class was named to investigate and make a report.

A Cross Plains delegation was in Austin last week to ask the state highway commission to improve the Cross Plains-Brownwood road. Previously the project had been discussed with the Brown county commissioners' court and it is hoped to get this extension of highway No. 279 hard-surfaced.

Mrs. D. C. Hornburg and son, John Carrol, of Fort Worth, are visiting relatives and friends here.

NEW CURFEW NOT TO AFFECT ENTERTAINMENT SPOTS HERE

The midnight curfew promulgated by War Mobilization Director James F. Byrnes, effective February 26, will not apply to local amusement centers it is believed here. The curfew calls for most entertainment spots to be closed by midnight, their doors locked at that time. The war mobilizer said ceilings on employees would be denied those who do not cooperate with the closing regulation. Mr. Byrnes also asked the aid of the OPA, ODT and other federal agencies in enforcing the order.

Places of entertainment were defined as night clubs, theatres, sports arenas, dance halls, road houses, saloons, bars and other similar enterprises whether operated publicly or privately. Restaurants engaged exclusively in serving food were excluded from the list. There are no places in Ballinger which are open beyond this hour which come under the curfew. Heretofore midnight shows have been presented by theatres but due to the labor shortage this practice was discontinued some time ago.

TEXANS EXCEED GOAL IN VICTORY GARDENS IN PRECEDING YEAR

COLLEGE STATION, Feb. 21.—Texas gardeners met and exceeded their goal of one million victory gardens in 1944 by 143 per cent.

Reports gathered by C. R. Heaton, horticulturist, through county extension service agents show that white and negro farm and urban families, and members of 4-H clubs grew a total of 1,142,679 spring, summer, and fall and winter gardens over the state. This was slightly more than six per cent of the estimated 18,500,000 gardens produced throughout the nation.

According to figures assembled, white families alone hurred the goal with 1,051,983 gardens, and negro families with 90,696 completed the grand total. The total indicates that the number of gardens grown in Texas during the year was three times the average for the other 47 states. But the food resource and mone-

etary value of these vegetable plots raised on farms, and in yards and back lots of town and city dwellers represent staggering amounts. Heaton estimates that the gardens of white families yielded 800,349,685 pounds of food stuffs with a marketable value of \$109,718,227.65, while the estimated yield of those grown by negroes totaled 42,448,112 pounds valued at \$3,302,579. The overall average value per garden was \$98.91.

While no breakdown of production by rural and urban people is available, Heaton estimates that 88 per cent of farm families had gardens in 1944. A survey of the period, January through July, however, indicates the trend of the spring garden program. In the first seven months, victory gardens on farms numbered 328,430 against 327,370 in urban areas. But due perhaps to greater acreage and experience the yield of the farm gardens was four times that of those in towns and cities, with the value of the former more than ten times greater than the latter. In the same period members of 4-H clubs produced 34,812 gardens, having more than 75 per cent of the monetary value of the adult urban production.

Heaton believes there will be no falling off in the number of gardens planted in 1945. One favorable factor is a plentiful supply of seed.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion,* thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try Cardui. If it helps, you'll be glad you did.

Youth Center Operation To Commence at Once

Directors of the youth center and the library board held a joint meeting Sunday afternoon to hear reports of the finance committee and other details in connection with the youth center.

Following the adoption of a constitution and by-laws, the hearing of reports and a general discussion, it was voted to employ a hostess and proceed with operation of the youth center at once.

The finance committee report revealed funds still lacking for full-time operation of both the library and center, and it was voted to accept contributions on a sustaining fund. Most of those present made monthly contributions to be drawn each first through a local bank and a drive is to be conducted to raise the additional money required to provide a full-time program for the youths of this section.

It also was voted to call for donations on a fund to be used in making repairs and improvements on the building. The first work is to be completion of the basement so that space can be used by the Girl Scouts for their regular meetings. There are already a number

of active troops who have no regular meeting place.

The house committee held a meeting to schedule meetings at the youth center to prevent conflicts and it was thought that the center would be kept open three nights a week for the present. Several stoves are being added to utilize the entire building.

A number of changes will be made on the interior of the building as soon as the required money can be raised. The library will be cut off from the rest of the building, a kitchen equipped, and numerous games provided in certain sections.

The entertainment committee is planning an open house soon after March 1, at which time the public will be invited to visit the center and see what is being provided and planned to give the young people of the community in the way of organization and social gatherings.

Any parents who is willing to donate to the sustaining fund for this work is urged to notify some member of the committee composed of F. M. Pearce, C. E.

Maedgen and Troy Simpson. About \$100 a month is needed to provide a full-time program.

The new arrangements will not affect the library in any particular and regular hours and service will be maintained. Women's clubs who have a room there for their regular meetings will continue to meet there. Activities will be scheduled so no conflicts will occur.

Dr. O. H. Chandler, chairman of the building committee, estimated that about \$1,500 is needed to properly repair the building and add the necessary improvements. This money, it was agreed, must come from public subscriptions.

Methodist Revival Interest Increases; Will Close March 4

The revival at the First Methodist Church has been growing in interest and attendance during the week and the pastor, Rev. H. B. Loyd, announces that services will be continued each evening through next week, beginning at 8:00 p. m.

The weather cut attendance the first three nights but many members of the church are assisting the pastor in visitation and inviting people to attend during the remaining days of this special campaign.

Musical programs with special numbers are featured each evening and all singers in the congregation are invited to assist the chorus.

Rev. Loyd is bringing stirring gospel messages each night and will lead up to the Crusade for Christ campaign during the second week of the revival.

Sunday afternoon a large number of members of the local church cooperating with three other Ballinger churches made a religious survey of the city. Territories were assigned workers and all homes in each section were visited. From this information systematic visitation is being done this week in an effort to increase church membership and attendance.

G. Is Offered Help In Return to Farm When Firing Stops

COLLEGE STATION, Feb. 21.—Looking ahead to the post-war years, the Eastland county agricultural victory council recently wrote to all the men in the armed service who had gone for their county. They asked the G. Is if they had any plans for the future and offered assistance to those who expressed an interest in farming. From their answers, the committee now can devise plans for helping these veterans get established, once demobilization gets under way.

Floyd Lynch, Eastland county agricultural agent, says without exception the men welcome news from home and the knowledge that organized volunteer groups are interested in their welfare. While some plan to remain in the armed services for a while and others want to continue their education, a few still have no definite plans, the replies show.

A corporal expressed an interest to "own my own farm after the war if there is any plan whereby I can borrow money to get started." This word came from a sergeant: "I'd prefer a large portion of my land in grass for cattle raising. It doesn't have to be in any certain community, just so it is in Eastland county." A private said he hoped to take a course at A. & M. College and then do dairy farming.

One zealous G. I. wrote: "When I get out of the army I would like to buy a farm and get dairy cattle and some beef cattle and swine, and turkeys, too. I'd also like to work with 4-H boys and girls and help them have one of the biggest clubs in the United States."

The veterans' assistance committee of the Rusk county agricultural victory council sent off a similar questionnaire. About 45 per cent of the men replying expressed a wish to engage in farming.

Abbott & Costello Open Up Works in 'Lost in a Harem'

Abbott & Costello are Lost in a Harem. And, when these clown princes of screen and radio cut

loose among the cuties of the harem, there are no gags barred! They're out to set a new high in fun-making, and the stratosphere is the limit in the film, which is to be shown at the Ritz Theatre next Saturday, Sunday, Monday and Tuesday, February 24, 25, 26 and 27.

It is against this colorful background, the most lavish of any Abbott & Costello laughfest, that the comedy team returns to the screen after a year's absence, caused by the illness of Costello.

A spectacular musical setting, highlighted by Jimmy Dorsey's band, serves as the ideal stepping stone to stardom for Metro-Goldwyn-Mayer's new pin-up favorite and glamour queen, Marilyn Maxwell. The former dance band songstress, seen recently as Van Johnson's sweetheart in the "Dr. Gillespie" pictures, sings five popular love ballads, and dances for the first time on the screen.

Opposite her, as Hollywood's newest find among young leading men, is John Conte, famed radio partner of Frank Morgan's air show. He teams with Marilyn in two of her musical numbers as a romantic prince in a mythical Far Eastern land.

Abbott & Costello find the perfect situation for their infectious brand of comic capers as a pair of prop men with a theatrical troupe stranded in the mystic country. Besides harem lovelies and desert cutthroats, the comic duo meet up with dancing camels, talking skeletons, a nine-foot giant, as well as tangling with dancers, fire eaters, magicians, jugglers and other entertainers in a great oriental festival.

'Together Again'

Scene from "Together Again" at Texas Theatre Sunday, Monday and Tuesday

Dunne and Boyer Together Again in 'Together Again'

The words "together again" have always had a magical effect on the movie-goer. They have always meant that two or more of their favorite stars were once more to gaze into each other's eyes with that look. The news, therefore, that one of the most popular teams of all times, Irene Dunne and Charles Boyer, will return in Columbia Pictures' "Together Again," at the Texas Theatre Sunday, Monday and Tuesday, February 25, 26, 27, will be greeted with enthusiasm.

First captivating audiences as a team in "Love Affairs" and later in "When Tomorrow Comes," Boyer and Dunne have been separated for some time. But movie fans have a way of expressing their desires and getting them heard by the film powers. So here are Boyer and Dunne together again, but with an additional something—Charles Coburn.

"Together Again," according to advance reports, is a gay, romantic comedy about the mayor (Irene Dunne) of a small town in Vermont and a sculptor from the big city. When lightning strikes the statue of her dead husband, former mayor of the same town, Irene decides to go to New York and contract for another one. She is advised by her crotchety father-in-law (Coburn) to have a good time besides, buy a gay hat and get away from the confining influences of civic virtue.

Since the sculptor turns out to be Boyer, it can be imagined quite easily that said instructions from Coburn are not difficult to follow. Besides the two stars, the cast includes: Mona Freeman, young actress making her Columbia debut; Jerome Courtland, Elizabeth Patterson, Charles Dingle.

East Side Kids in Newspaper Yarn and Jinx Falkenberg in Giddy Musicalulu Coming to Texas "Bowery Champs," featuring the East Side Kids, and "Tahiti Nights," starring beautiful Jinx Falkenberg, are the two films in the double-feature program at the Texas Theatre tomorrow (Friday) and Saturday. A newsreel and a "Popeye" cartoon also are to be presented on these dates. Newspaper methods are jolted to a violent shake-up in "Bowery Champs," action drama of city life. The usual popular combination of Leo Gorcey, Huntz Hall, Gabriel Dell, Billy Benedict and Bobby Jordan have their own ideas about how to acquire scoops and even routine news, and their

'A Wave, a Wac and a Marine' Plus 'Stagecoach to Monterey' to Palace

"A Wave, a Wac and a Marine," comedy with music, and "Stagecoach to Monterey," exciting western, make up the feature portion of the program at the Palace tomorrow (Friday), Saturday and Sunday, February 23, 24 and 25. In addition are several short subjects and a serial episode.

An amazing galaxy of screen stars appears in "A Wave, a Wac and a Marine," lavishly staged Monogram film. The long list of favorites includes Elyse Knox, Sally Eilers, Richard Lane, Anne Gilles, Ramsay Ames, Marjorie Woodworth, Henry Youngman, Charles "Red" Marshall and Alan Dinehart.

Much of the story is laid behind the scenes in a motion picture studio, and there are many interesting glimpses of the activities in these forbidden precincts of Hollywood, as well as backstage at a New York musical show.

Another in the series of exciting westerns produced by Republic and starring tall athletic Allan Lane, is "Stagecoach to Monterey." Gun battles, chases on horseback

and an exciting buckboard race keep the picture's action moving rapidly, while Wally Vernon supplies the comedy. Peggy Stewart has the top feminine role and Roy Barcroft and LeRoy Mason are seen as the "heavies" who try to bilk the minters in a small western town out of their earnings, but the issuance of fraudulent mint certificates.

'Shadows in Night' Based on Thrilling 'Crime Doctor' Bits

For more than three years before Columbia Pictures began its thrilling "Crime Doctor" series, the third of which "Shadows in the Night," starring Warner Baxter, is to be shown at the Texas Theatre Wednesday and Thursday of next week, February 28, March 1. These dramatic episodes about the unerring crime psychologist, Dr. Ordway, are one of radio's most popular programs. A network of 114 stations carried them across the country to a listening audience of 11,000,000 people.

According to advance reports on "Shadows in the Night," "Crime Doctor" fans have something special in store for them. We are told that it not only has a thrilling story, packed with deceptive clues, human and believable characteristics, but an overall eerie atmosphere which will make the sterner spine quiver, the most hardened skin prickle with goose pimples.

Murder is said to stalk in the wake of a live ghost as Dr. Ordway is called upon to solve the mystery of a lovely girl's nightmares which are not only driving her mad but to the brink of a cliff by the sea over which waits certain death. Nina Foch, that young Columbia contract player who is proving herself to be a great dramatic find plays the haunted girl. She is reported to make another firm step forward in the career everyone expects to become so brilliant.

Others in the cast include Ben Welden, George Zucco, Edward Norris, Lester Matthews, and Jeanne Bates.

methods are far from orthodox. The trouble starts when they apply their originality to solving a murder. In this exciting drama they have support of many popular favorites, including Evelyn Brent, Thelma White, Ian Keith, Frank Jaquet, Fred Kelsey, Anne Sterling, Bill Rhul, Wheeler Oakman, Bud Gorman and Jimmy Strand.

A hula musicalulu that's as breezy as spring on a mountain, as gay as a scarlet sarong, and as chock full of enchanting music as a record shop is "Tahiti Nights," starring the inimitable Falkenburg.

Others in the cast include handsome Dave O'Brien, a leading man with a big future; the well-known comedienne, Mary Treen; veteran Florence Bates, Carole Mathews, Pedro de Cordoba and Hilo Hattie.

ANOTHER GIRL SCOUT TROOP FORMED HERE

Another Girl Scout troop, the Yucca, was organized here last Thursday with Miss Dorothy Crawford, Mrs. Donald Douglass and Mrs. E. H. McMurtrey sponsors. Officers are: Doris Danford, president; Ruby Walden, vice-president; Camilla Caffey, secretary; Claudia Burk, reporter; Lourden Bryan, treasurer; Lola Jean Cape, program chairman.

The troop will begin holding regular meetings and start activities at once.

Ballingerites Oppose Judicial Districting Bill Offered in House

County Judge E. C. Grindstaff and Drury P. Hathaway were in Austin Wednesday to oppose a judicial redistricting bill introduced in the House by Rep. C. M. McFarland, of Wichita Falls, which if passed, would abolish 26 district courts in Texas.

Opposition was voiced here because the 119th judicial district would be eliminated by the bill and Runnels county would be put in a district with Coke, Sterling, Nolan, Mitchell and Scurry counties. It is believed here that such a district would not be to the best interests of this county and that the size would be too great for adequate court service.

At present the 119th district serves Concho and Runnels counties exclusively and overlaps in Coleman county with the 35th district and in San Angelo with the 51st district. O. L. Parish is judge of the 119th judicial district.

A number of other county delegations were in Austin on the same mission. It was declared that the bill also would eliminate the 104th district which serves Abilene and protesting delegations from that district also were in Austin.

Other Ballinger men going to Austin Wednesday were F. M. Pearce and D. G. Posey, on veterans' business, and Nat Williams on school business.

Coach Felton T. Wright went to Breckenridge Tuesday to attend to business and confer with school officials.

HERRING

We are having some very cold, disagreeable weather after such nice, spring-like weather last week.

We had 34 in Sunday school last Sunday, which was a large crowd considering the cold, misty weather. We are still without a pastor, but have hopes of having preaching the next two Sundays and urge all members of the church to be there and hear these preachers.

The F. F. A. stock show was held at Talpa Saturday despite the cold. We did not attend but are sure the boys of our community took their share of prizes for they have good animals.

Mr. and Mrs. Roy Fuller, of San Angelo, spent Saturday night with Mr. and Mrs. A. E. Fuller and Sue. They all visited Mr. and Mrs. M. R. Belcher and family, of Barnett, Sunday.

Miss Ida May Day, of Brownwood, spent the week-end in the Lonnie Alcorn home.

Pfc. Chester Simpson has finished his basic training at Camp Hood, Texas, and is visiting relatives on a delay en route to Fort Hoard, California.

Randall White went to Ft. Sam Houston the first of this week for a pre-induction examination.

Mrs. Rube Whitley spent Saturday with Mrs. A. E. Fuller.

Mr. and Mrs. Kenneth McWilliams entertained with a forty-two party Saturday night.

CREWS

The attendance at church services Sunday were slight, due to the inclement weather. Only light showers fell Monday and Tuesday.

Mrs. Woodrow Worthington and children, of Levelland, are spending a few days in the home of her parents, Mr. and Mrs. L. C. Fuller. Mrs. Worthington believes Pvt. Worthington has sailed.

Two local boys, Cpl. Billie Mathis

and Bradley Pape, met recently on the East Coast. They had only a 45-minute visit.

Sgt. and Mrs. Leon Pumphrey and family, of San Antonio, visited his parents, Mr. and Mrs. R. L. Pumphrey, recently.

Mr. and Mrs. S. S. Robinson, of Ballinger, recently heard from the war department that their son, J. P., of the infantry, was wounded and died later that day. He was fighting on the western front. He died in an army hospital in France. J. P. was reared in this community, and enlisted some three years ago. His parents later moved to their present home in Ballinger. His sister, Mrs. Roy Lee, resides in this community.

Survivors besides the parents include three sisters, Miss Dorothy Jean, Miss Mary Eta, of Ballinger; Mrs. Roy Lee, of Crews; three brothers, Sgt. Gordon Robinson, of McCloskey Hospital, Temple; Sheppard Robinson, and little W. E. of Ballinger.

Mrs. J. G. Batchelor underwent minor surgery at the Bailey Clinic-Hospital Monday and is reported improving.

Mrs. J. S. Reese is still in the hospital and there was no change in her condition this week.

Herman Utley, operated on last week, is improving satisfactorily.

Mrs. Dick Uecker, injured in a bus accident near Blackwell last week, is improving nicely in the local clinic.

Mrs. A. J. Thorp, medical patient in the hospital, is improving satisfactorily.

Mrs. Barney Watkins, operated on last week, is improving nicely this week.

Mrs. T. A. Harris, who was operated on this morning, was resting well this afternoon.

The condition of R. D. Coleman, of Miles, a medical patient, was better today.

Mrs. Harmon Boothe is a medical patient in the local clinic and her condition today was said to be improved.

Mr. and Mrs. R. M. Mackey are the parents of a daughter, born last Thursday. Mother and baby are doing nicely. The father is in

the service.
Capt. and Mrs. H. M. Shelton are the parents of a daughter,

born Tuesday at the local clinic. Mrs. Shelton and the baby are doing fine. Capt. Shelton is stationed at San Angelo but is

making home here.
Donald Williams, son of Mr. and Mrs. Nat Williams, a student of Texas A. & M. College, was here the past week-end for a visit with his parents.
