# Lamesa Family Injured When Train Hits Car

Kunkel and daughters, Marjorle Red Cross Executive Nell, 10, and Audrey Faye, 6, of Lamesa, were severely injured about 1:00 p. m. last Thursday Committee to Meet; when their automobile was struck No. 73 at the Broadway crossing. The Kunkels were en route to Austin to visit a son and brother.

Mr. Kunkel stated that he came moved ahead when another car travelling in the same direction passed him. When he pulled onto coach, carrying it down the track

injuries and was entered in the Bailey Clinic-Hospital, where she is now recuperating. Mr. Kunkel. who had a number of broken ribs, care of in the local hospital. Marjorie Nell, least hurt of the four, received treatment here, mostly for shock. Audrey Faye, who sustained a skull concussion, was taken to a San Angelo hospital, where she was operated on Friday morning. Reports indicate she is improving nicely.

The car was badly damaged, th right side being crushed in, and other parts are in a bad condi-

The Ballinger fire department was called to the scene and extinguished fire under the hood of the car. Two ambulances were at the scene within a few minutes to remove the injured.

Mr. and Mrs. Kunkel were in the front seat and the children in the back. Mrs. Kunkel and Audrey Faye, the two most hurt were riding on the side next to the train when the accident occurred. The accident was inves tigated by city police and state highway patrolmen.

This is the fourth accident a the Broadway crossing in recen years and civic leaders are o the opinion that more protection to motorists should be provided at this dangerous spot.

There are only 3 ways to pay Tax money due at death of an

1. Borrow the money and repay the loan out of future sale of estate property, or from

2. Maintain liquid funds sufficient at all times to provide the necessary lax money. 3. Through Life Insurance.

#### WILL YOU SETTLE YOUR DEATH TAXES?

Yes, just how will you settle your Death Taxes? Federal Estate and State Inheritance Taxes will have to be paid some day. And payment must be made in cash, even though your heirs have to sell some of your most valuable possessions, or liquidate the estate entirely, to meet the obligation. So, just bow do you propose to settle those taxes?

If you have such a future financial problem, you can solve it today, with Southwestern Life Insurance, if you want to solve it. You can arrange now to pay your Estate Taxes out of income rather than out of your estate assets after death. You can arrange it so that cash on demand will be available to your executor, and so your estate may be left intact for your family.

The Southwestern Life plan makes it possible for you, rather than your executor, to determine how your Death Taxes will be paid. Now, while you may adopt the plan, is the time to discuss it . . . and both you and your heirs will be glad that you did. Get an analysis of your estate needs today.

# The Sources of a Bunk's

Mat are these mysterious sources of income banks are supposed to have, that "yield them enormous profits"?

Banks have 3 chief sources of income: (1) interest from loans; (2) interest from bonds and similar securities; and (3) reimbursement charges for services rendered. Banks cannot speculate or become partners in any other business. Their operations are rigidly regulated by law.

Profits in banks are moderate because the safest investment bonds, etc., which banks buy always pay the lowest interest. Profitable bank management requires experience, vigilance and common sense. But there is no mystery about it.

#### Can Black-Draught Help Physical Fatigue?

Yes, Black-Draught may help physical fatigue if the only reason you have that listless feeling is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath - and if these symptoms are due only to constipation - then see what Black-Draught may do for you. Get a

at Paint Rock

Mrs. Louise Wray, daughter of Mr. and Mrs. Ray Hopper, became the bride of Reece Davis, son of Mrs. J. R. Davis of Booneville, Mississippi, Sunday evening at 9 o'clock in the home of Justice of the Peace W. G. Stephenson at Paint Rock.

Mr. Stephenson read the double ring ceremony. Attendants were the bridegroom's brother and sister-in-law, Mr. and Mrs. Cecil Davis, of Ballinger.

The couple will be at home at 1008 Park Avenue, Ballinger. Both Mr. and Mrs. Davis are employed at the Texas Grill.

#### Mr. and Mrs. Campbell Installed as O. E. S. Officers

In a public installation ceremony Monday evening, Mrs. Leon Carr, deputy grand matron of District Five. Section I. Grand Chapter of Texas, installed incoming officers of Ballinger Chapter No. 266, Order of the Eastern Star.

The rites were held in the Masonic Hall. Mrs. Carr was assisted by Mrs. L. Elrod, grand marshal; Mrs. Nora McCaughan, grand chaplain; Mrs. Rama Saunders, grand organist; Miss Griffie Atkins, grand secretary.

Mrs. Frances Zedlitz, retiring matron, and George Beard, retiring patron, presided for the opening of the meeting, after the bearers, Mrs. Mavis Lewby and from the five star points was pre-

## GOOD RECORDS ARE MEANT TO BE BEATEN

\* The infantile death rate in the United States is very low. From 1934 to 1936 we ranked seventh in the world, led only by New Zealand, Holland, Australia, Norway, Switzerland, and Sweden.

Yet 70,000 infants die annually in the first month of life, and 53,000 more from the second to the twelfth month. How many of these precious infants might have lived had their mothers had adequate prenatal care under the direction of a competent physician?

It is now up to the mothers to take advantage of the knowledge and skill of the physician during the trying months of pregnancy. We are ready to supply the needed dietary supplements and other medication ordered by

## Is your refrigerator in top working order?

Well, here is the good 'ole summer timewith the hot, hot days just around the corner -days when your electric refrigerator will really get a work out!

By the way, your electric refrigerator will give you top service only if it is in top working order. We suggest that you have it checked over soon by a serviceman who specializes in the type refrigerator you are using. You'll find the names of such men in your telephone directory.

And here's an encouraging thought for your budget! For just one penny, Reddy Kilowatt will protect the food in your refrigerator for five hours! That's less than a nickel a dayfrom midnight tonight to midnight tomorrow!

West Texas Utilities
Company

# What's the Nimblest Number on the highway?

THAT'S a big question, taking in 1 a lot of territory, and we'd be the last to deny you the right to your opinion.

But, sir - before you slip up behind this tidy SUPER with the idea of giving it the go-by, better figure what you're up against!

It's big, certainly - six-persons roomy and two-tons hefty as it takes to the road.

But take a look at the size of that bonnet - it isn't there just for show! It's filled to the brim with straight-eight power - and a very special kind of power at that.

For Buick's the only car on the

road today that puts Fireball power under your treadle foot.

It's the only car in which pistons are specially shaped to roll each tiny fuel charge into a compact ball that lets loose with extra lift and surge.

And that means that this cleanlined fleetster is exactly what it looks like - a star performer.

A nudge on the gas treadle - and

it's gone with the wind.

A swing of the wheel, and this low-swung carriage takes curves with the ease and sureness of straightaways.

As for rough spots, even they won't slow you down, so smoothly does this beauty take all kinds of going in its stride.

You can see, of course, how steady it is. How the body rides level and unperturbed while four soft coil springs soak up the jars and jolts.

As for handling, well once you've tried it, we know exactly what you'll do.

You'll see the nearest Buick dealer, with or without a car to trade, and get a firm order in right

When better automobiles BUICK alone has all these features are built \* DYNAFLOW DRIVE Handmaster Series) \* TAPER-THRU STYLING (Super and \* VIBRA-SHIELDED RIDE \* HI-POISED FIREBALL POWER \* SAFETY-RIDE RIMS \* QUADRUFLEX COIL SPRINGING \* FLEX-FIT OIL RINGS \* ROAD-RITE BALANCE \* RIGID TORQUE-TUBE \* SOUND-SORBER TOP LINING Headmaster)

that cattle sprayed with DDT gained 50 pounds more per head than unsprayed cattle. Fly-free dairy herds may produce up to 10% more milk. There's no doubt about it—spraying really pays! PHONE US FOR AN ESTIMATE TODAY!

V-15 (Chlorinated hydrocarbons) is

V-15 (Chlorinated hydrocarbons) is a new ingredient, added to Purina DDT Spray for Farm Buildings and Stock Cattle after careful research. V-15 kills flies quicker than longer-lasting DDT. And V-15 sticks to barn walls and animals' hides, holding DDT longer and increasing its killing life.
