REFLECTIONS OF HOPE . . . Wherever there are bars there are hopeful, longing faces peering through them. These people are citizens of Berlin, not imprisoned but simply watching through the fence around the Allied control council in the German capital as the Allied and Soviet military governors were meeting once more in an effort to ease the dangerous situation in that city. And the anxiety on these faces is the anxiety of the world, possibly excepting the Russians, who seem to be doing all they can to promote more anxiety.

The Texas department of public safety is striking at the main hazards that cause accidents on state highways. This month warnings are given on careless driving after dark, it being pointed out that darkness triples the opportunities for fatal accidents. Past records show that for every mile of travel, two out of three fatal accidents occur after nightfall. Reasons given are: Motorists cannot see as far nor as well as

'lelp Get Food Digested to Relieve Yourself of This Nervous Distress

Do you feel all puffed-up and miserable after every meal, taste sour bitter food? If so, here is how you may get blessed relief in helping your stomach do the lob—it should be doing—in the digestion of its food.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles, else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peeviah, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SUS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SUS Tonic formula which contains special and potent activating ingredients.

HENRY IN THE LAND OF COTTON . . . Henry Wallace, Progressive party presidential candidate, fared but ill during his campaign tour through the South when he discovered that the people there weren't having any of the political ideas that he preached. As a relief from the moral battering he was taking from his southern audiences, Wallace turned now and then to more basic things. Here, at Boaz, Ala., he talks about cotton with Robert Knott who has 20 acres of it and ought to know something about it.
