**Choice at Planting Time Determines Quality of Pecans**

COLLEGE STATION, Feb. 1.—The choice you make at planting time will determine the kind of pecans you harvest when the tree begins to bear. That is the reason, says J. E. Hutchison, associate extension horticulturist of Texas A. & M. College, why you should choose with care the variety or varieties, you'll soon be planting.

Hutchison recommends only papershell varieties and for eastern Texas they include the Moore, a heavy yielding medium-sized pecan; the Success, a large semi-oval nut of excellent quality; the Desirable, which is large and prolific; the Stuart, an old favorite that is disease resistant and a heavy producer of large pecans; and the Mahan, a nice sized pecan with fair internal quality. For central Texas, Hutchison recommends the Success, Desirable, Mahan and Schley. The best varieties for the western part of

the state, according to Hutchison are the Burkett, a large oval pecan that bears well and produces an excellent nut; the Western Schley, which produces a long type nut and a good yield; and the San Saba Improved, which produces a medium-sized pecan of excellent quality.

These varieties have all been grown and tested in the areas for which they are recommended and Hutchison says they can be purchased from your local nurseryman.

He recommends that you buy trees from three to five feet in height for they are generally considered the most practical for transplanting. Here is his advice on setting the tree. Prepare a hole about three feet in diameter and from three to four feet deep. Put the tree in the center of the hole and spread the roots out in their normal position. Then fill the hole with soil and pack it firmly around the roots. When the hole is about refilled, pour in several buckets of water, then finish filling the hole with loose top soil. The water will settle the soil about the roots and will also give the new tree the

moisture it needs for a successful start. After the tree is planted, he says to cut back about one-third of the top growth. This will help balance the top with the root system and will usually insure more rapid growth.

When the young tree starts growing, give it plenty of water. Keep the soil moist and during the hottest and driest part of the summer you may find it necessary to water the tree every week or ten days. Hutchison says once a pecan tree becomes well established, it does not need as much care as other fruit trees. That's the reason enough, he concludes, for giving it the kind of a start it needs to become well established in a few years.

## First Baptist Alathean Class Meets In Shepherd Home

Mrs. Elmer Shepperd, Mrs. O. L. Parish and Mrs. H. O. Campbell were cohostesses to members of the Alathean Class of the First Baptist Church Tuesday evening, entertaining in the Shepherd home on Eighth Street which was given added beauty by arrangements of chrysanthemums and early spring blossoms.

In the absence of the president, Mrs. Frank Flynt, Mrs. J. E. Jones directed the business and heard reports from officers. Mrs. Parish gave the opening prayer and Mrs. E. P. Talbott brought the devotional.

At the social hour, Valentine games and contests were played, and a refreshment plate of heart shaped sandwiches, decorated cookies and valentine candies was served with hot chocolate. The Valentine theme was featured in

all appointments.

Others present were: Mmes. James A. Wear, S. W. Burk, J. A. Williams, Joe Jones, Annie Arterburn, R. E. Truly, L. A. Faubion, E. E. Kling, and R. P. Canady.

## Girl Scouts to Assist at March of Dimes

Mrs. Edward Sommer and Mrs. Billy Brown met with members of Girl Scout Troop, No. 7, Tuesday afternoon in the Library to make plans for assisting with the March of Dimes on Saturday. Each member volunteered to work two hours.

Gwen Davies directed the business and the treasurer's report was made. Each patrol started new activities, followed by games. Refreshments were served by Loretta Brown, Melba Parker and Marvella Ashton.

Others were: Linda Darby, Carol Sue Berry, Dorothy Heath, Betty Jo Cowlishaw, Patricia Davis, Janie Brevard, and Peggy Virden.

### Danny Kaye Clowns Happily Through 'Inspector General'

Danny Kaye sweeps the screen in a riotous display of song and dance, clowning, and just plain acting, bringing his amazing versatility into full swing for Warner Bros. "The Inspector General." In Technicolor, the film will be presented at the Runnels Theatre Sunday, Monday, Tuesday, February 5, 6, 7.

"The Inspector General" is the play Danny Kaye has long wanted to make into a picture. Its theme of mistaken identity gives the talented entertainer his greatest chance at nonsense with a kick in it.

### Prices of Fryers And Broilers Said Below Cost Levels

COLLEGE STATION, Feb. 1.—Farm prices in most of the major fryer and broiler producing areas of the Southwest have dropped four to five cents per pound since early January and they now are averaging about 10 cents per pound lower than one year ago.

The Southwest area office of P. M. A.'s Food distribution programs branch in Dallas reports that supplies are plentiful and they are urging customers to take advantage of the situation. The lower prices, they say can help the homemaker balance her family's food budget and at the same time help the producers who report that present selling prices are below their cost of production.

The extension foods and nutrition specialists of Texas A. & M. College say that fryers and broilers can be used to take care of many of the meat requirements for the family. They point out that there are many different ways to prepare fryers and broilers for the family table and recommend that consumers try several of the different methods of preparation. They are always good fried, baked, or broiled but try barbecuing a few. The specialists suggest that you visit your local county home demonstration agent's office and pick up a few of the recipes for preparing chicken meat dishes.

They say now is a mighty good time to store some extras in the freezer locker box or the home freezer. They will come in mighty handy when unannounced guests drop in for lunch and, too the family will appreciate changes in the menu. They conclude that the wise shopper will look for these poultry bargains on the next trip to the grocery store.

### HUGH CAMPBELL, III, EXHIBITS CHAMPION HEREFORD CALF AT FORT WORTH STOCK SHOW

Hugh Campbell, III, 10-year-old son of Mr. and Mrs. Rollin Campbell, took top honors at the Fort Worth Livestock Exposition in the boys' division and also made quite a hit with the visitors at the show. His Hereford calf, grand champion of the Runnels county show, took first honors in the boys' division and was also awarded the reserve championship.

The calf was selected from the Hugh Campbell and son herd and has been taken care of several months by the young man. In the Runnels county show he was an easy winner and was taken to Fort Worth for the high honors.

Publicity stated that the young man received a great ovation when the animal was led into the ring and announced as the reserve champion.

### 'Prince of Foxes,' Filmed Entirely in Italy, Stars Ty Power, Wanda Hendrix, Welles

Twentieth Century-Fox's spectacle, "Prince of Foxes," which was filmed entirely in Italy, has been announced as the attraction at the Texas Theatre next Tuesday, Wednesday and Thursday, February 7 through 9.

Advance reports call the picture "a princely production in every respect." It is the largest-scaled motion picture ever to be produced by an American company abroad.

Heading the cast are Tyrone Power, Orson Welles and Wanda Hendrix, with such luminaries of the screen and the theatre as Everett Sloane, Katina Paxinou and Felix Aylmer in the prominent supporting list. Henry King, crack 20th Century-Fox director of "In Old Chicago," "Wilson,"

### TWO PERMITS ISSUED FOR NEW HOMES HERE

City officials gave approval to two more building permits this week for new residences to be started in the near future.

C. D. Branham was given a permit for \$5,000 for the building of a residence on Fifth Street between Park and Phillips avenues.

C. S. Florence received a permit for a \$4,000 residence at the corner of Sharp Avenue and Sixth Street.

Rags wanted at Ledger office.

Dates of the pictures to be presented here will be announced weekly in The Ledger by Mr. Hall. Projection equipment and 300 RCA in-the-car speakers are being shipped to Ballinger. Equipment for the snack bar, to be operated at the new drive-in theatre, was also purchased by Mr. Hall while at Dallas.

The exact date for the opening of the Horseshoe will be given publicity within the next few weeks.

### Texas Locale for 'Sundowners' Marks Notable Scenic Discovery

The discovery of a new, natural background, suitable for an outdoor movie drama, can be as important to film makers as the discovery of a new boxoffice personality.

Hollywood remembers the awed reaction of screen audiences when they first saw weird Monument Valley, in Utah, where "Stagecoach" was photographed, or California's Death Valley, in the early silent film, "Greed."

Such another comparable scenic "discovery" was made recently for the big Technicolor western production, "The Sundowners," to be presented at the Texas Theatre Sunday and Monday, February 5, 6. It is Palo Duro Canyon, a geological wonderland of breathtaking colors, located near Amarillo, in the Texas Panhandle.

Often termed a "baby Grand Canyon," Palo Duro is now a Texas state park. It has been little known outside the immediate area until a short time ago, when roads were constructed permitting a safe descent into and through the canyon.

The producers of "The Sundowners," Alan LeMay and George Templeton, took their players, Robert Preston, Robert Sterling, Chill Wills, Cathy Downs and John Barrymore, Jr., son of the famous star who makes his screen debut in the film, to Palo Duro for the most important scenes, while the entire picture was shot in the

vicinity of the park.

"The discovery" of Palo Duro by Hollywood came about, oddly enough, through the amateur color photographs made there a few months before by John LeMay, 76-year-old father of the producer. He showed them to his son, who subsequently explored the canyon with Templeton. The producing team then wrote the script of the outdoor drama to place it in the actual locale of the Texas depicted. The story of "The Sundowners," which has been widely acclaimed by preview audiences, tells the intense and action-packed saga of a classic Texas cattleman's war.

## Runnels County 4-H Club Boys Set Records at Shows

Runnels county 4-H club boys showing animals at the Fort Worth Fat Stock Show are making a good record this week with some results not yet announced.

Hugh Campbell, III, was winner of \$80 in prizes with his Hereford calf which won first in the medium weight class for the boys' division and was reserve champion in the same division. The animal also won the second reserve championship of the entire 4-H club show for all breeds.

Robert and George Pruser are winners of a reserve ribbon for their own raised and bred Shorthorn steer. The animal won second place in the middleweight and took the reserve championship of the Shorthorn breeds. Prizes for their places won totalled \$30.

Marcus Hoelscher is showing six fine Duroc barrows but results in this division have not been disclosed.

Oble Dee Bradford, also a breeder of his own stock, is showing 35 chickens and one broad-breasted bronze 22-pound turkey hen. Judging has not been completed in the poultry department. Hubert Frerich, George Pruser and Oble Dee Bradford took part in the grass judging contest held at the stock show Saturday but announcement of winners has not been made.

John A. Barton, county agent, and Lloyd Rumsey, assistant county agent, were in Fort Worth the past week-end and were well pleased with the results of the club boys. Other shows which will be participated in this spring include those at San Antonio, San Angelo and Abilene.

John Adams was the first U. S. ambassador to England. Father of History. Herodotus is known as the Slander is oral abuse.

### SCOGGINS ATTENDS FUNERAL RITES FOR MOTHER AT RULE

Funeral services for Mrs. Dora E. Scoggins, 67, were held in the First Christian Church at Rule Sunday afternoon. Mrs. Scoggins died at her home in Rule Friday evening following illness of several months.

She was the mother of H. B. Scoggins of this city. Her husband passed away 13 years ago and was buried at Rule.

Survivors include five sons, H. B. Scoggins, Ballinger; W. A. Chaffie, and Chester Scoggins, Martinez, California; Clarence Scoggins, Sweetwater; three daughters, Mrs. Melvin Mowell, Rule; Mrs. Maurice Askins, Tye; Mrs. C. E. Yarborough, Modesto, California; eight grandchildren and one great grandchild.

Attending the funeral from Ballinger besides Mr. and Mrs. Scoggins and sons, Bill and Gene, were Mr. and Mrs. L. M. Bowden, Mr. and Mrs. Sam Malone and George Mader.

## Work on E. Shepperd Building to Include Many Improvements

E. Shepperd has started work modernizing and redecorating his office space at the corner of Hutchings Avenue and Seventh Street. When completed this will provide more room in the first floor offices and will also make many improvements which will be of benefit to the firms occupying the space.

A new ceiling has been installed, walls are being repaired and redecorated and other interior improvements made, including a number of built-in fixtures. The biggest job will be a change in the entrance, which is now at the corner of the building. Glass brick will close the side on Seventh Street and the entrance will be moved to the front of the building on Hutchings Avenue.

Good progress has been made on the improvements and the work will be rushed until completed.

## Abilene Speaker Tells Lions How Ceramics Made

Bob Feilding, public relations man for the West Texas Utilities Co., Abilene, brought a very interesting program for the Ballinger Lions Club last Friday. Mr. Feilding has a hobby of making ceramics and with a display, demonstration and talk showed members of the club how he has reached perfection in this work.

Mr. Feilding told of the various types of clays he has used and also how he has mixed paints for colors and retouching.

Following his talk he presented a 20-minute picture showing how Lenox china is made. He stated that clays have been discovered in the United States which permit the making of china as fine as any imported product.

Several new members were introduced at this meeting and it was stated that the 1950 membership campaign would end January 31. Later the club will hold a special initiation program for the large number coming into the club at this time.

## SOCIETY

### Ballinger Music Club to Meet in Bailey Home

Mrs. Charles Bailey will be hostess to members of the Ballinger Music Club in her Fifth Street home next Tuesday evening at 7:30 o'clock.

Mrs. Arthur Giesecke will present the book, "Schubert, Man and Musician," by Duncan, and will illustrate by giving piano selections by Schubert. Miss Maggie Underwood will pay tribute to David W. Guion as a climax to the musical activities which the entire state is holding from January 29 to February 4, observing David Guion Week, under the sponsorship of the Texas Federation of Music Clubs. Miss Maggie Underwood will also present the "Masterclass Laysan by Guy Maier"; and Mrs. Joe Forman will give musical current events.

Club members are urged to attend this interesting program.

### Westminster Fellowships to Sponsor Evening Service at Church

Members of the Junior High and Senior Young People's Westminster Fellowships will be in charge of the evening service next Sunday at the First Presbyterian Church, U. S. A.

The pastor, Rev. Alvin G. Rue, will direct the program on "Let God Speak." The speakers will be Rufus Allen, Jr., on "Let God Speak Through Scripture;" Jim Erwin, on "Let God Speak Through a United Church;" and Cordelia Flanagan on "Let God Speak Through Me." Responsive readings will be given by other members, and the anthems will be played by Mrs. Rue.

The public is invited to attend this program.

Mrs. James Lee received her degree from Abilene Christian College the past semester with a major in home economics. She was the former Miss Juanita Lee.

## Club Shareholders Called to Meeting To Hear Changes

A meeting of all shareholders of the Ballinger Country Club has been called for the night of February 16. The meeting will start at 7:30 p. m. when a chili dinner is to be served.

This is an important meeting as changes will be sought in the by-laws and rules which will permit an increase of income for the operation of the club. Officials are of the opinion that the club cannot be properly maintained on the present income and also will submit some needed improvements to be necessary within a short time. A new floor for the club house must be built and numerous other improvements will be needed during the current year.

At a meeting of the directors the past week, Tom Caudle resigned as president and T. A. Parrish, was elevated to the position. Miss Louise Batts also resigned as secretary and Walter Presson was elected to this office.

All those who own shares in the country club are urged to be present at the called meeting. Postcards are being mailed to members this week-end.

## Delegates to Brady Convention Named By Local Firemen

The Ballinger fire department held a short business meeting Thursday night at which Tom McEntire and Lynn Candler were elected delegates to the meeting of the Hill Country Firemen's Association at Brady on February 11.

A group of local firemen visited in Brady last Sunday to help with convention plans.

Ballinger will be represented in the parade which will open the convention and a group from here will go to Brady the day before the convention opens to prepare for this event. Local firemen will also enter a racing team but members have not been selected.

Principal speakers for the afternoon convention program are G. W. Burns, city fire marshal of Dallas, and George Hawley, state fire insurance commissioner.

The program will feature entertainment numbers during the morning and afternoon sessions. Following the races a barbecue dinner will be served and a dance will be held at Curtis Field in the evening. A large number from here will go to Brady for the barbecue and dance.

## McAULAY TO MODERNIZE GROCERY AND MARKET

L. R. McAulay announced this week that he will start at once to completely remodel his store on Seventh Street and convert it into a modern and convenient retail grocery for the service of his patrons.

To start with the entire building will be rat-proofed, making it impossible for rodents to get into the store or to bed underneath. Workmen will begin installing the latest type of fixtures and equipment Monday and will push the work until completed.

Mr. McAulay said he would leave nothing undone to make his store compare with the best in this section of the state.

He stated that as soon as the improvements are made a formal opening will be held to which everybody in this section will be invited.

### Longhorn League OKs 1950 Schedule At Meeting Sunday

T. J. Mansell and Fred Underwood attended a meeting of the Longhorn League held at Abilene Sunday. The meeting was called for the purpose of adopting a schedule and two were submitted for the consideration of the club owners.

The schedule adopted will open the season on April 11 and end September 10. The Ballinger club will have the opening day at home with the San Angelo Colts and will also be at home July 4 for a double-header with the Roswell Rockets. The all-star game will be played at San Angelo on July 21.

The full schedule will not be released until next Sunday. A few changes, none affecting Ballinger, will be made this week. Each club will make five complete trips around the circuit with two- and three-game series the limit for any club.

All clubs in the league were represented at the meeting Sunday and the Ballinger management received many compliments on the selection of a manager for

THESE LITTLE FIGGIES WON 20 . . . They went to market for the Boston Red Sox and brought back 20 victories. That many victories are enough to make any pitcher smile, but being the first to reach that pinnacle is even more of a thrill. That could be why hurler Mel Parnell (left) got his battery mate, Birdie Tebbets, to add an extra smile and 10 fingers for the accomplishment. The combined efforts of this team afforded Parnell his 20th win.

the 1950 season. All club owners reported that managers had been employed and scouting will get underway at once for players.

### Baseball Banquet Program Arranged

Ballinger baseball fans are looking forward to the \$10-a-plate banquet to be served in the school cafeteria on the night of February 10. Ticket salesmen began their last lap this week and hope

to see every fan within the next few days, close the ticket sale and give an order for the exact number of plates.

Club officials point out that it is necessary for the capacity of the lunch room to be sold if the amount of money needed is raised. Last season's operations left some \$2,400 of unpaid local bills and committeemen in charge of the banquet expect to raise the full amount with the \$10 charge. Every fan is urged to purchase a ticket and be on hand.

An excellent program has been

arranged and Hal Sayles, president of the Longhorn League, will be a guest of the local club. Harold Webb, owner of the Midland Indians and a colorful figure in West Texas baseball, will be here for the occasion.

At a meeting held at Abilene Sunday schedules were presented and one adopted which will start the season on April 11 and close on September 10.

T. J. Mansell and Skipper "Dutch" Funderburk will leave shortly for Louisiana where they will attend a baseball school to look over some new prospects.

More than 1,000 cubic yards of rich soil and sand have been placed on the playing field at Cat Park and will be spread and sown in grass within the next few weeks. Pipe is on the ground for the city water line to the park and will be put in the ground and connected soon.

### Baseball Manager Meets Directors; Keeper Employed

Arnold C. ("Dutch") Funderburk was here Tuesday for a meeting with the directors of the Ballinger Baseball Association and to look for living quarters. He and Mrs. Funderburk will move here in the near future to make home.

Arrangements was made for the Ballinger skipper to go to work at once getting a team together to represent Ballinger in the Longhorn League. He was given permission to start negotiations for securing a class pitcher who wants to come to Ballinger for the 1950 season. No deal was completed Tuesday and Mr. Funderburk was to contact the man and his former manager at Fort Worth this week.

T. J. Mansell will pick the skipper up in Fort Worth Friday and they will go to Opelousas, Louisiana, to attend a baseball school and look over a number of rookies. They will also contact a number of prospects in Texas and invite them to Ballinger for spring training.

The directors also announced that J. K. McClain has been employed as ground keeper and he will start work at once getting the field sodded and ready for the opening of the season on April 11. McClain, ground keeper for the San Angelo club last year, started a turf on the field there and maintained it throughout the season.

### Bearcats Presented '49 Gridiron Awards In Special Program

Football jackets, sweaters and awards were presented to members of the Ballinger Bearcat team in a special assembly program at the high school Wednesday morning. Jackets for lettermen of the A squad did not all arrive. All senior members of the team received their jackets and others will get theirs as soon as they are received.

Coach Wayman Wilson gave out the jackets to the following center lettermen: Richard Winchester, Tom Buchanan, Harvey Maas, Joe Vancil, Paul Harral, C. B. Bogess, Jimmy Davenport, Jimmy Endacott, Daniel Hallmark, Ralph Spreen, Jim Erwin, John Eoff, Jack Fulcher, Bobby Brown, and Jim McAden, manager. Other lettermen who will receive jackets later are: Jimmy Parrish, Harold Merrifield, Roland Bell, Elroy Payne, Joe Stubblefield, Harlan Forbus and Zane Branham, manager.

Principal Joe Forester issued awards to the following B team players: Blaine Emond, Bill Warren, Fred Dahmann, Bob Bruce, Frankie Jackson, William Morris, Lawrence Harvey, Lavelle Poy, Joe Selby, Bobby Horner, Weldon Lange, Grayum Hart, Rufus Allen, and Delbert Smith.

Bearcat coaches were presented with Stetson hats by Supt. Ernest Caskey.

Pat Crawford presented awards to members of the pep squad.

### Bearcats Conquer A.C.C. High Team By Score of 54-35

The Ballinger Bearcats upset the applecart Saturday night when they defeated the Abilene Christian College high school basketball team by the score of 54 to 35. This was the second defeat in two years for the A. C. C. team and the Bearcats had entered the game the underdogs by several points.

The conference basketball race in the district will be continued this week. The Bearcats have an open date Tuesday but will go to Lake View Friday night for a crucial contest. The Winters quintet will come here on February 7 and the final game of the double round robin schedule will be played on February 10 when the Bearcats go to Coleman to meet the Blue-

cats. The Ballinger quintet now holds first place in the conference play but each game will be a vital one and almost a must for the Bearcats. After February 10 the winner in this section of the district will meet the winner of the eastern half in a three-game series for the championship.

The Bearcats have picked up speed since the first game and are now the favorites to cop the championship flag.

Mr. and Mrs. Arthur Doose, Jr. of Llano, spent the week-end here, visiting relatives.

### Wizards Put Out Skill and Comedy Against All-Stars

The Whiskered Wizards convinced a fair sized crowd here Friday night that they can do just about everything possible with a basketball, and coasted along to an 87 to 70 win over the Ballinger All-Stars. The visitors mixed comedy with sensational play to entertain the onlookers and it was evident from the start

that they could score almost at will and that at other times permitted the local boys to rack up points merely to keep the contest close.

Tricky handling of the ball was a big feature of the Wizards' play and often they displayed this part of the game without trying to shoot the goal. Long shots were also a feature, the Wizards firing perfectly from the center of the court on several occasions.

At times one of the visitors even went into the stands, leaving only four men on the court to add to the comedy of the evening.

**WEST TEXAS  
 NOTES**

A second building project is getting underway in Ballinger sometime this month and will provide 24 units of lower priced houses. With the sale of many new houses some desirable rental property is being released to help furnish living quarters for many new people moving here because of the oil play in the county. In recent weeks many families have been here seeking accommodations and with oil leases, locations and producers being announced every week the housing demand is expected to mount. Runnels county is now definitely a major oil field and in the next few months this section may develop into one of the leading production areas in the state. Ballinger citizens should try to help those who come here looking for places to live.

Ballinger is probably the smallest town in the United States supporting professional baseball. The task is a big one for a town of this size and only through the cooperation of loyal fans can it be successful. A loss was shown in the 1949 season, but with the park, lights, bus, uniforms, concession equipment and everything to buy, club officials did not have a fair

Mrs. Raymond Henslee, of Winters, is chairman for the March of Dimes in the northern part of Runnels county. She spent last week perfecting the organization for regular and special events. Winters Jaycees are cooperating with the chairman in the city of Winters and have set up "wish-lists" for small change kiddies may try their luck. Mrs. Henslee has asked all churches, civic clubs and other organizations to help raise the large amount asked by the national foundation to carry on the work this year.

chance. This year they have huge assets to start with and also have a carefully selected manager and a number of good players. The job will be considerably easier but the full support of the citizenship is still needed. The directors are not standing still but are continuing to make improvements. Much rich soil has been spread on the playing field and an experienced ground keeper began work yesterday. Two kinds of grass seed will be planted to have the turf ready by the opening of the season. The manager is on the job and will spend all his time looking for hustling players and arranging for spring training. Money is still needed and any person desiring to purchase stock may do so. Fans are also urged to attend the \$10 baseball banquet and help wipe the slate clear of debt.

Ballingerites have begun improving their premises and yard workers can be seen in many sections of the city planting trees, hedges, shrubs, and making other improvements. An adequate water supply and a summer irrigation rate have made local people interested in beautifying their places. cases developed. The three children were taken to San Angelo for treatment and physicians there pronounced the cases mild. A student at Bronte who lives at Tennyson also was reported ill with the disease. San Angelo hospitals accepted a large number of new cases last week from many West Texas towns. The annual March of Dimes campaign was launched at Bronte last week and J. M. Rippetoe is chairman for the county.

The Comanche Chief is sponsoring a fund for installing playground equipment in the new city park. Practically all civic groups in the city have joined in the drive and last week a total of \$522 had been paid in to the Chief. Additional money is needed the Chief said, to properly equip the park for the children. An effort will be made to reach the goal before an order is placed. The park committee of the Comanche Garden Club is working on beautification and landscaping of the park and assisting in the creation of the playground.

One of the best oil producers in Coleman county in several months was brought in last week. The Weststate Petroleum Co. No. 1-C. C. Burroughs, near Silver Valley, came in for an estimated 600 barrels daily of 42 gravity oil. Production is from the Gray sand at about 3,662 feet. Several other wells are being drilled in the county and production has been increased substantially recently in the new pool southeast of Coleman.

A meeting at Melvin on February 9 will be of interest to many West Texas farmers. D. C. Middleton, of Melvin, and the McCulloch county Farm Bureau are sponsors of the program and the subject to be discussed is the growing of flax in this section of the state. Steve Crew, representative of the Texas Flax Improvement Association, will be one of the

speakers. About 2,000 acres of flax were grown by McCulloch county farmers last year and Mr. Middleton qualified as a grader and buyer in order to handle the crop, all shipments being made from Melvin. All interested farmers are invited to attend.

The spring meeting of the Hill Country Firemen's Association will be held at Brady on February 14. An excellent program is being arranged and several speakers will be heard during the afternoon session. Races will be a part of the program and at the conclusion a barbecue dinner will be served in the school cafeteria at 7 p. m., followed by a dance at the recreational building in Curtis Field.

Ballinger men were the speakers at the meeting of the Miles Lions Club last week. Cal Adair spoke on the importance of a Lions club and stressed that they were for the betterment of a town and the communities it serves. Joe Satterwhite talked on the county-wide agricultural program and told of the \$3,000 fund being raised to carry on the work during the next twelve months. Discussions were held on the best method of obtaining a farm-to-market road northwest of

**A Great Basic Industry**

Four giant industries—agriculture, mining, fisheries, and forestry—provide us with food and with the raw materials for everything of value we possess. Of the four, by far the greatest is agriculture.

Because agriculture is so important, and because the prosperity of our community depends so much on that essential industry, we give extra attention to the banking needs of farmers and stockmen. We are prepared to handle their business promptly—and with complete understanding.

This is the season when many come in to discuss with us their plans for the year ahead. New accounts will be welcomed.

THE STUDY OF MEDICINE is a selective process in itself. Seven years of intensive study in college, plus one year of practice in a hospital, are the minimum requirements. It is wise to trust your precious health only to a conscientious physician of recognized standing. Avoid the quack, the charlatan, the "cure-all" type of doctor. Almost invariably they do more harm than good. Select your physician as you should your pharmacist—with care and confidence.

When your physician writes a prescription, bring it to us to be filled. We are specialists at this work.

*Look! Wrap-around rear windows and top-side styling in the Riviera manner*

HERE'S THE NEW 1950 BUICK SUPER 126, companion body-type to the equally new ROADMASTER 130. Both are shorter than last year's 4-door Sedans—yet 4 inches longer in wheelbase. In both, the difference is used to give you rear stretch-out room in the rear seat.

What the boys did here really calls for some medals.

We gave them the job of coming up with something that was bigger inside—for room and comfort—longer in wheelbase—always important to good riding qualities—yet unbulky and easy-handling in over-all dimensions.

Just look how well this tidy number meets these "impossible" specifications!

Item one—rear-seat cushions are a full foot wider than last year's SUPERS and ROADMASTERS.

Item two—in every dimension—leg-room, head-room, hip-room, shoulder-room—this rear-seat compartment is bigger than previous models—and nearly four inches longer, fore and aft, than other 1950 Buick interiors.

Item three—wheelbases are the longest of our 1950 line. On the SUPER, it is 125½" instead of 121½"—on the ROADMASTER 130½" instead of 126½".

Yet—and here's where the magic comes in—the whole car is shorter over-all. Actually less from bumper to bumper than previous Buicks in these series.

That means easier parking, easier tucking away in family garages, easier maneuvering in crowded traffic.

There are some other things too. An extra rear-quarter window not found in standard 4-door Sedans. A different upperstructure styling that makes this body-type stand out as something pretty special.

Even special names that let you say, "I drive a SUPER 126" or "Mine's a ROADMASTER 130," just by way of being different.

Yes, we think we hit on a happy idea in the "Longfellow," as they're coming to be known. They are not longer, on the outside, but there's a two-way stretch—in width and length—in the rear compartment.

You're going to like that—as you'll see by calling on your own Buick dealer. If he doesn't have one on hand, he can get it pretty promptly—and at a price and on a deal you'll have trouble matching, much less beating, anywhere else.

See him now, will you—about placing an order?

### Church Women's Council in Meeting At Church of God

About fifty Ballinger church women attended the meeting of the Interdenominational Council of Church Women at the Church of God on Strong Avenue Monday

afternoon. The church was decorated with potted azaleas and other winter plants.

The business session was directed by Mrs. Estes M. Lynn, and Mrs. Horace Murphy, secretary pro-tem, announced that \$50 had been paid for transportation of the bundles of "Pieces for Peace," which had been sent overseas; and \$50 had been given for milk for the negro lunch room in

December. The president, Mrs. Joe Forman, announced the following nominating committee: Mmes. E. A. Saunders, Carroll Bell, Marvin Clark, H. H. Holland, Leslie Bounds, W. R. Clark and C. H. Lucas.

The program chairman, Mrs. Q. V. Miller, presented the program. Miss Lidell Paschal was at the piano for the prelude, the offertory, and the hymn accompaniments preceding the devotional

given by Mrs. J. O. Satterwhite. Mrs. Forman and Mrs. Charles F. Bailey reviewed the book, "Let's Act Now." The Rev. C. R. Dunaway, pastor of the Foursquare Gospel Church, spoke the closing prayer.

**Ballinger Churches Pay Tribute to David Guion**

David W. Guion, internationally known composer- pianist whose song "Home on the Range," is a national favorite, being honored this week by his native state, was paid a tribute at the First Presbyterian Church on Broadway and at the First Methodist Church last Sunday.

The First Presbyterian Church, which David Guion attended in his youth, commemorated the man who set Texas to music for all the world to hear, by a program which included Guion's "Prayer," which was sung by John Brooks, teacher of piano in Menard High School, with Miss

Clara Beth Lynn, cousin of the composer- pianist, playing the organ accompaniment. A similar program was given at the First Methodist Church with Mrs. Jack Nixon, Jr., soloist, singing a composition by Guion, with Mrs. Robert Bruce at the organ.

A Guion week program will be held Friday in Brownwood when Howard Payne College will hold a special program in his honor and award him the honorary degree of doctor of music. Dr. Herbert M. Preston, head of the Hardin-Simmons University violin department, who is also a native of Ballinger, will play two numbers on this program Friday. The two numbers are his own arrange-

ment of two of Guion's compositions, arranged especially for this occasion. They both are selected from Guion's "Alley Tunes." The first is "Lonesome Whistler," and the second, "Harmonica Player," both darkey ballads. Daniel Baker College and the Brown County Music Association will honor Mr. Guion with a program on Thursday evening, and following the conferring of the degree at 9:30 o'clock Friday morning, Howard Payne will host a luncheon.

Mrs. Estes M. Lynn, cousin of David Guion, Mr. Lynn, and Miss Maggie Underwood will attend the Friday program and luncheon.

**Mr. and Mrs. Bryan Entertain College Students**

Home for between-semester holidays were Grace Ann Bryan and Betty Middleton, students at John Tarleton College, Stephenville, and Ebb Grindstaff, and his guests, Donnie Fletcher and John Moore, all Baylor University students.

While here the students were complimented at a fried chicken luncheon last Saturday noon, when Mr. and Mrs. Curtis Bryan were hosts in their Seventh Street home. They were assisted by Mr. and Mrs. E. C. Grindstaff.

The valentine theme was featured in home decorations. Red gladioli in a heart-shaped bowl centered the linen-laid dining table where places were marked by valentines where the three-course menu was served.

Other guests were Wart Hill, of A. & M. College; Arlene Miller, and Janie Morrison of Lometa.

The college group enjoyed an informal get-together following the luncheon.

Mr. and Mrs. Curtis Bryan accompanied their daughter, Grace Ann, and Betty Middleton, to Stephenville Sunday afternoon, where the girls will resume their studies at John Tarleton College. Miss Peggy Fox returned to school with Misses Bryan and Middleton, where she will be a visitor this week.

**Firemen's Auxiliary Presents Gift Shower to Mrs. Mapes**

In the absence of the newly-elected president, Mrs. Malcolm Morgan, Mrs. Lynn Candler conducted the business at the meeting of the Firemen's Auxiliary Friday evening when it was held in the City Hall auditorium.

The following committees were named: program, Mmes. Fred Underwood, Candier and Herman Brown; social, Mmes. Tom McEntire, Lee Parker and Walter Mueller; telephone, Mmes. K. V. Northington, Charles Webb and H. M. Dossier.

A pink and blue shower was presented Mrs. Royce Mapes at the social hour. The Auxiliary served cake and coffee to members of the Fire Department following the regular business and drill.

Others present were: Mmes. Bill Bell, D. G. Posey, Chester Afflerbach, Bill Selby, Jack Fry, E. E. Avey, V. Unsell, Gay Edwards and Chester Cherry.

**Brownie Troop No. 5 Hikes to Park**

Twenty-one members of Brownie Troop No. 5, and a guest, Ronny Crockett, met at the home of their leader, Mrs. Wallace Barnett, where they hiked to the City Park for their regular weekly meeting. Mrs. Arthur Crockett assisted with the troop activities.

After the business routine, games were played, and Linda Lou Saylor, served cookies, soda pop and bubble gum to the group.

**Girl Scout Officers Announced at Regular Meeting**

Mrs. Edgar Boelsche, president, conducted the regular meeting of the local Girl Scout Council when it was held in the Chamber of Commerce office last Friday evening.

Mrs. O. H. Chandler, secretary, read the names of the following new board members for the year 1950: president, Mrs. Boelsche; vice-president, Mrs. S. E. Cloninger; secretary, Mrs. Chandler; treasurer, J. G. Tuckey; organization chairman, Mrs. John Bradley; training chairman, Mrs. Price Middleton; program chairman, Mrs. R. A. Bagwell; finance, Otis Jacob; public relations, Carl Murman and Mrs. Sim Cottelle. The nominating committee was composed of the president of the local service clubs, Rotary, Lions and Jaycees, Clifford, Cook, Gene Keel, Cal Adair, and Mrs. Loyd Herring.

Mrs. Chandler read the annual growth of the troops and their

activities, which was unusual; good during 1949. May girls' names have been added to the Girl Scout list, several troops have been started, and leaders have taken over to direct these activities. The leaders have taken training courses and are proficient in their work. Miss Gladys Kemp, program chairman, reported on various programs presented over the radio and to several organizations the past year. Other officers made their annual reports.

Mrs. George Newby and Mrs. E. T. Branham, Jr., are two new leaders.

The council is working on plans for a Girl Scout home, which they hope to have by April 1. The home will be located between Rucker and Crossin Avenue facing Sixth Street. A building committee is working on the building project.

Mrs. R. A. Bagwell will be responsible for a city-wide Girl Scout program for Girl Scout birthday week in March, and will be assisted by Mrs. Chandler. Mrs. Price Middleton announced a special training course for board members and a leaders' training course in April. The board voted to pay expenses of one representative to this meeting.

**Presbyterian Junior Fellowship Enjoys Wiener Roast**

Members of the Junior High Fellowship of the First Presbyterian Church, U. S. A., were entertained in the church parlors on Eighth Street Friday evening. Sponsors, the Rev. and Mrs. Alvin O. Rue, were assisted by Mrs. Bill Stultz and Mrs. Jack Ashton in directing arrangements for the affair.

After a sing-song in the parlors the group played games around a large bonfire which was built back of the church, which was also used for roasting wieners. Hot dogs, potato chips, frits, doughnuts and cookies were served with hot chocolate.

Those present were: Bobbie Sue, Rex, and Millie Stultz, Marvella and Patsy Ashton, Bobby Bell, Nancy and Frances Stokes, Doris Spreen and Loretta Brown were visitors.

**Brownies Make Valentine Dollies for Hospital**

Members of Brownie Troop No. 9 met in the home of their leader, Mrs. J. L. Atkins, with the other leader, Mrs. John McGrath, assisting with directing activities. The Valentine dollies were made which will be presented to the local hospital for tray favors. Plans were made for the troop to assist in the decoration for the baseball banquet on February 10.

Tommye Lou Curry was hostess and served refreshments to: Gale Jennings, Jecelyn Neill, Marilyn Mason, Janie Wade, Lanell Holbrook, Sharon Tuckey, Pat Darby, Linda Cloninger, Sarah Chandler, Margo Brunson, Patsy Lou Ashton and Midge Adair.

**Breakfast Said Important Meal For the Worker**

COLLEGE STATION, Feb. 1.—Breakfast is a mighty important meal and if you want to be an efficient worker, you'll be wise to take the advice of the experts and add some protein-rich foods to your breakfast menu. Louise Mason, extension foods and nutrition specialist of Texas A. & M. College, says that scientists in the U.S.D.A. now have the evidence to prove that a protein-rich breakfast can do more to stave off fatigue hours longer than a morning meal with less protein.

Over a period of two years, says Miss Mason, the breakfasts tested ranged from a cup of black coffee to a hearty meal that included eggs and bacon. Those in the experiment consistently reported a sense of well-being when the breakfast contained the larger amounts of protein. Their feelings agreed with the record of their blood-sugar level, the physiological indicator of the body's response to different meals used in the study.

The favorable feeling of well-being seemed to depend more on the amount and quality of the protein in a breakfast than on the calories from starch, sugar or fat, says Miss Mason. The influence of a breakfast with plenty of protein lasted even into the afternoon, when the workers in the test ate a light lunch of a sandwich and coffee.

It is an advantage to provide about one-third of the day's protein allowance in the breakfast, says Miss Mason, and some of it should come from such top-quality protein foods as milk, eggs, and lean meats.

Miss Mason suggests that a copy of the Texas Food Standard will help you figure out the daily food

requirements of your family and you can get a copy from your local county home demonstration agent.

**WILKERSON NEW MANAGER WINTERS GAS CO. OFFICE**

Appointment of Joyce C. Wilkerson as manager of Lone Star Gas Co.'s Winters subdistrict has been announced by Joe C. Darrow, of Abilene, superintendent of the company's West Texas division of distribution. Mr. Wilkerson's assignment, Mr. Darrow said, places him in charge of natural gas service and maintenance operations for Lone Star customers in Winters, his headquarters; Lawn, Oravio and Tuscola.

The Winters subdistrict is part of the Lone Star Gas Company's Ballinger district of distribution, of which M. M. Young is manager. The subdistrict manager joined Lone Star in September, 1946, at Winters, his home town. He was transferred to Ballinger in April, 1947, and served in various capacities until last November 1, when he was appointed foreman.

Sir Frances Drake was the first Englishman to sail around the world.

"SALUTARY" CONFINEMENT... "Snoopy," pet cow of little Miss Leah Lampman, 4, of Osceola, Wis., never "had it so good," although she is a prisoner. Being confined with plenty of nutritious food and enough drinking water should make her a healthy bovine. Her prison is a silo, and she wasn't freed until the silo was filled. "Snoopy" jumped through a 20-inch hole and dropped 16 feet to the bottom of the silo to get herself into her plight.

HOLLINGSWORTH STORE PURCHASED BY FULLERS Mr. and Mrs. P. G. ("Pink") Fuller have purchased the Hollingsworth Food Store and Market on Seventh Street and Strong Avenue and are now operating it. The change was made the past week-end, too late for publication. Elsewhere in this paper will be found an announcement by the new owners in which week-end specials are advertised. Cows should be milked at the same time each day if they are to give the maximum amount of milk. Typewriter ribbons at The Ledger office.
