Miss Sturm Becomes Bride of Sylvester Rohmfeld
One Tuesday, August 29, at 8:00 a. m., Miss Julia Sturm, daughter of Mr. and Mrs. Paul Sturm, of Rowena, became the bride of Sylvester Rohmfeld, of Olfen.

The double ring ceremony was performed by the Rev. W. F. Bosen, pastor of St. Joseph's Church, Rowena. Father Bosen also sang the nuptial high mass before an altar decorated with lighted tapers in tall candelabra.

The bride was given in marriage by her brother, Henry Sturm. She wore a gown of slipper satin designed with a nylon net yoke and folds of satin to form a bertha. The fitted sleeves terminated in points on top of her hands. The skirt was fashioned chapel length and she carried a bouquet of gladioli with lilies of the valley and satin ribbons. The bride's veil of French illusion was edged with a band of lace and fell from a coronet of satin and seed pearls. Her only ornament was for something borrowed, a double strand of pearls belonging to Mrs. Ferd Rohmfeld. For something blue she wore blue jeweled ear-screws.

For her matron of honor the bride selected Mrs. Louis Sturm, of Norton. Miss Jerline Sturm acted as bride's maid. Both were gowned in formal dresses of slipper satin identical to that of the bride's. Mrs. Sturm's dress was gold while Miss Sturm's was blue. They had halo bonnets to match their dresses and carried colonial bouquets of pink carnations with pink satin ribbon.

Louis Sturm, brother of the bride, was best man, and Raymond Rohmfeld, brother of the groom, served as usher.

A reception was held at the O. D. H. S. Hall from 9 to 11 a. m. and dinner and supper were served in the home of the bride's parents to a host of relatives and friends. A dance in honor of the bride couple was held at O. D. H. S. Hall in the evening.

After a short wedding trip, the couple will be at home on a farm near Ballinger.

Western. Romance and Race Story to be Seen At Horseshoe Drive-In

For the first time in the history of western films a leading man went through an entire picture without carrying a six-shooter or a firearm of any kind when Macdonald Carey completed the leading male role in Universal's Technicolor film, "Comanche Territory," to be shown at the Horseshoe Drive-In Theatre Sunday and Monday, September 10, 11.

Supporting roles are handled by Pedro de Cordoba, Will Geer and Charles Drake.

Robert Taylor and Elizabeth Taylor, two of Hollywood's most popular personalities, are united for the first time on the screen in "Conspirator," Metro-Goldwyn-Mayer's spine-tingling romantic adventure film, billed at the Horseshoe Tuesday only, September 12.

A highly dramatic and romantic story of a handsome traitor and his love for a beautiful, unsuspecting girl, the film has been adapted from Humphrey Slater's best-selling novel of the same title.

Actual footage of Seabiscuit's two greatest races is incorporated in Warner Bros.' Technicolor production, "The Story of Seabiscuit," to be shown at the Horseshoe Wednesday and Thursday, September 13, 14. The "Biscuit's" four length victory over War Admiral in a match race at Pimlico, and his victory in his third try for the Santa Anita handicap—his final race—show the late world's leading money winner in authentic action.

Shirley Temple stars in the film with Barry Fitzgerald as the trainer and Lon McCallister as the jockey.

Tracy, Joan Bennett, Elizabeth Taylor In Hilarity-Filled 'Father of the Bride'

"Father of the Bride," which brings Spencer Tracy, Joan Bennett and Elizabeth Taylor to the Texas Theatre Saturday midnight, Sunday and Monday, September 10, 11, is the hilarious and heart-

warming story of a father's trials and tribulations when his daughter announces her impending marriage. The laugh-filled action revolves about what happens to him before, during and after the wedding.

The picture is based on the story by Edward Streeter, read by more than ten million people. It was a book-of-the-month selection and also ran as a serial in a national magazine before being syndicated in a number of leading newspapers throughout the country.

The new film marks the second comedy in a row for Spencer Tracy, coming on top of his big hit in "Adam's Rib." As the "Father of the Bride" he salutes all fathers of daughters—past, present and

future!

The role of the mother is portrayed by Joan Bennett, who recently scored in another mother role in "The Reckless Moment."

Elizabeth Taylor, who recently enacted a bride in real life, finds herself completely at home as the 22-year-old miss who throws her entire family into a state of chaos when she announces her engagement.

The role of the groom is played by Don Taylor, hailed as one of M-G-M's most promising new leading men. Also featured are Billie Burke, Moroni Olsen, Leo G. Carroll, Melville Cooper, Taylor Holmes, Paul Harvey and Frank Orth.

Don Livingston, one of Hollywood's popular western stars, is seen currently in Republic's "Pistol Packin' Mama," at the Texas today, tomorrow and Saturday. Bob is involved in some lively and romantic complications with the lovely Ruth Terry, and seen in supporting roles are Wally Vernon, Jack LaRue, Eddie Parker, Kirk Alyn and Helen Talbot.

BACK TO SCHOOL

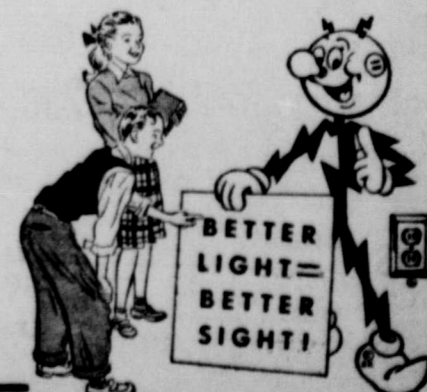

There's a Great Day Coming—

Yes, it's a great day when thousands of West Texas youngsters go back to school. Whether they are beginning their first year in kindergarten or their senior year in college, their education is proof of the American heritage of equal opportunity for all.

Our youths of today are intelligent and ambitious. All they need is the full opportunity to develop their ideas freely and market their talents as each sees fit. We must guard that "full opportunity" so that when the "individual initiative and energy" of American youth fathers an idea, they may call upon the American system of free enterprise to make realities of their ideas and ambitions.

It's a Privilege—

LOOKING A GIFT GOAT IN THE MOUTH . . . A unique gift arrived in the United States recently for President Truman from the island of Crete. It was sent as an expression of gratitude for American aid, from Efikios Protopapadakis, a Cretan mountaineer, on behalf of his people. The gift is a mountain goat called Kri-Kri, and it represents the donor's most prized and valuable possession. Dr. Robert Courter, Richmond, Va., veterinarian with the ECA in Greece, checks Kri-Kri's mouth before he was put aboard plane for the U.S. Kri-Kri's ancestors were common on Cretan mountains 3,000 years ago.

SUGAR SCRAMBLE . . . These women are grabbing for this five-pound bag of sugar that was among the last this New York City grocer had in his store one day recently. Sugar, among other items, was running from 15 to 20 per cent higher in volume buying in New York as fears of wartime shortages mounted. Some stores have instituted their own modified rationing plans on all items that were scarce during World War II in an effort to avert threatened government rationing. In his radio address recently to the American people, President Truman said there was plenty for all, but not if hoarding continues. He said he would resort to controls only if the people did not heed his advice about hoarding.

Bearcats Journey To Seymour Friday For Season's First

Coaches Douglas Cox and Frank Barnett began polishing up the Ballinger Bearcats this week for their first game of the 1950 season at Seymour tomorrow (Friday) night. The Bearcats went to Brownwood last Friday to meet the Dublin Lions again for a two-hour scrimmage session.

The Bearcats will be out of town for four straight Friday nights, playing their first home game on October 6.

Mr. and Mrs. Randall Campbell and son, Roland, of Hamilton, visited in the home of Mr. and Mrs. Hugh Campbell Friday. Randall and Roland have just returned from Oklahoma, where they purchased a registered Aberdeen-Angus bull for their ranch near Hamilton. The bull was sired by Sunbeam 105th, a registered \$30,000 animal of the Sunbeam Ranch near Tulsa.

Mr. Boone Holland had the pleasure of catching and landing an 11-pound catfish last Thursday on a fishing trip with Mrs. Maud Bannowsky, Mrs. J. C. Boatright and Charles Turner.

slots in the backfield, Jimmy Parrish, only starter from the 1949 team, will likely be at his old end position, while Bruce is practically a cinch at center. Forbus will see plenty of action in the first game at end and Warren is likely a starter at guard.

Little is known here of the strength of the Seymour team. It is rated to finish high in its district, however, and the Bearcats probably will find some rough going in the opener.

Ladies Take Over From Beginning Of Lions Program

The Ballinger Lions Club observed "ladies night" and their anniversary with a banquet in the school cafeteria Monday night. It was very definitely "ladies night" from the beginning. President Joe Satterwhite started to open the meeting but Mrs. Satterwhite politely asked him to take his seat and proceeded to open the meeting with the usual ceremony with women taking all the parts.

As the meal was served, ladies were named to act as tailtwisters and the members had little chance in evading fines imposed for practically very known offense.

S. E. Cloninger, program chairman, took over at the end of the meal and was presenting the speaker when Mrs. Cloninger suggested that the ladies could present a better program without preparation. Mrs. Jack Nixon, Jr., and Mrs. Troy Simpson presented a musical number with Mrs. I. B. Funderburk at the piano and Mrs. Cloninger presided at a contest show between men and women. The men failed to answer a single

question dealing with the history, main objectives and purposes of Lionism while the wives gave the correct answers.

The program was clever, original and caused laughter from start to finish. At the conclusion of the program, Mrs. Satterwhite dismissed the group without giving the men a chance for a word.

Visitors were present from Coleman, Winters and Rowena.

He was also active in all other civic work in his community.

She was accompanied by her sister, Mrs. Hiram Price, of Eden, and her cousin, Mrs. Annie Sanders, of Big Spring. They also visited Los Angeles, Alhambra and Catalina Island.

Miss Pearl Currie, of Paint Rock, has returned after a six weeks trip to Atlanta, Georgia, and Charlotte, North Carolina. On her return home she visited Mrs. C. G. Smith, of Prattville, Alabama. Mrs. Smith is known here as Mary Striplin.

Mr. and Mrs. Burl Kemp and children, Pyllis and Jack, of Inglewood, California, returned home Sunday after a ten-day visit with Mrs. Kemp's parents, Mr. and Mrs. W. M. Ashton, and other relatives.

Mr. and Mrs. Harry Paschal, Wanda and Wayne, are at home after spending the summer at Cimarron, New Mexico.

September and October are among the best months for painting. Weather conditions are normally the best during this time—not too hot but usually clear and dry.

There is hardly a day that the Ballinger Chamber of Commerce does not receive requests for information on Ballinger. The office has absolutely nothing to send out in the way of printed material but the directors have become interested in some kind of illustrated folder which can be used for this purpose. This kind of advertising is expensive because it requires pictures from which engravings are made. Any piece of printed material to be used for advertising Ballinger as a good town must give a good impression. There has never been a time when a brochure of this kind was more needed and a good bet is being overlooked until this material is prepared.

From 1,500 to 1,700 students are settling down to work in the Ballinger schools this week, the largest number ever to register here. Teachers will be at a disadvantage this year because of the crowded condition which will not be relieved until next summer when new buildings are com-

HAS YOUR ADDRESS CHANGED RECENTLY?

Ledger subscribers are requested to notify the publisher of any change in their address promptly.

Under postal laws newspapers and periodicals must pay postage due for notices of any change in address furnished by the post office. Besides, there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move.

The best plan for all concerned is to send the change of address in advance.

WEST TEXAS NOTES

The annual meeting of the membership of the Brady Community Chest organization will be held tonight. All contributors to the chest are members and several hundred are expected to attend. This plan, put in effect in an effort to unify many of the fund raising campaigns, met with success at Brady in the first year.

A number of additional teachers have been added to take care of extra classes and the vocational agriculture and home-making departments will each have one more instructor. The board has been fortunate this year in securing an excellent faculty and leaders for all extracurricular work. Students carry on many and varied activities and faculty members are in charge of each of the special organizations. Ballinger merchants do well to cooperate with school projects such as football programs, school paper and annual.

Oil is now flowing from Runnels county wells through a pipeline which originated in the Fort Chadbourne field and is pumped through the Humble station southeast of Ballinger. Construction of this line shows the faith of a major company in the oil development of this county and it has been built with the idea of being able to take care of increased production in the future. Feeder lines will be extended to all other fields in the county until all producing areas have this service.

Workers will be calling at many Ballinger homes within the next few days to secure information. This is part of the preliminary survey which may lead to the securing of a 55-unit federal housing project here. When these workers call, give them a hearing and the information they seek.

In their first solicitation the workers exceeded their goal, raising more than \$13,000.

The Service Drug store, Walgreen agency, opened at Comanche last week and is said to be one of the finest in this section. The remodeled and modernized building was recently finished, new fixtures added and the stock greatly increased. All this represented a cost of \$45,000 to the owner, C. L. Huett. New fixtures were installed at a cost of \$25,000, building improvements cost \$15,000 and \$5,000 was spent to increase the stock.

Menard was host to thousands of West Texans from August 31 through September 4 at the Central West Texas Exposition. In the "Miss Menard County" contest Litane Landers won, and was crowned queen at the opening of the exposition to reign throughout the five days and nights. The varied program included rodeo events, horse races, midway attractions, a number of top-notch dance bands and other entertainers.

Students of the Paint Rock schools assembled Monday for a program and general instructions from Supt. Joseph A. King. All pupils were dismissed at noon and class work got underway Tuesday morning. Supt. King is beginning his third year with the Paint Rock schools. Coach Paul Ashley met football candidates a week early to condition the boys for their first game on September 8 with the Mozelle team.

Only one issue of the Brownwood Bulletin was missed last week because of a fire in the pressroom. Type for the paper was set in the Brownwood office, mats made of the pages and flown to San Angelo where plates were rolled and the Bulletin printed on the San Angelo Standard-Times press. The papers were then flown

back to Brownwood for distribution. Technicians from the manufacturing plant of the press flew to Brownwood and parts needed followed by air express. Within a short time all machinery damaged by the fire was in running condition.

Officials of the Southwestern States Telephone Co. and the Coleman city commission were in conference last week to consider proposals on a rate increase. The company agreed to spend \$57,000 in Coleman by December 31 to improve service if the rate increase was granted. It was suggested that the city allow half the rate increase now and the other half when the improvements are completed. City officials took the proposition under consideration.

The Rising Star Hospital board of directors met last week and signed a lease with Dr. Ben H. Bradley and Dr. R. H. Frank, of Hughes, Arkansas, for a five-year period and a five-year option. The hospital will be opened at once for limited practice but the doctors stated it would be September 15 before everything was ready for full time service in all departments. Dr. Frank plans to move to Rising Star in November and will be active with the hospital after that time.

Officers for the year were elected by the Future Homemakers of America chapter of the Miles high school at a special meeting last week. Preceding the business session a program was presented in which members made reports on their summer projects and work completed. Officers will be installed soon after the opening of school and until then Mary Ann Morley will serve as chairman.

Stephenville officers have planned a safe driving campaign which will start with the beginning of the school term. It is pointed out that more motor vehicles are in service than ever before and more children will be enrolled in the schools. Traffic safety groups have been organized but police state that while these groups do good work it is not enough to protect the children and that every driver must take every precaution on city streets. Police will watch places where

accidents are most likely.

The midway pump station near Eckert on Humble's new 370-mile West Texas line will be completed about October 1. The new 18-inch line from the Kemper station near Big Lake to Houston will be increased from 84,000 barrels to 104,000 barrels a day to meet the large current demand for oil. During the next twelve months two other pump stations will be built, one located near Fort Mc-

Thinking of the Long Pull?

Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motor-car with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and through—a husky

that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflo Drive* if you like—and Dynaflo means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

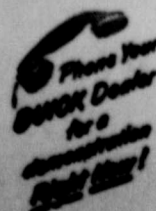

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflo, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?

Time is HENRY L. TAYLOR, ABC Network, every Monday evening.

Kavett. When all stations planned for the big line are in operation, daily capacity will reach 135,000 barrels.

The Winters schools got underway Monday with a record enrollment of about 1,200. Schedules were set up with different hours for lunch room service for various age groups. Prices in the lunch room remain the same as last year—elementary students paying 25 cents and all others 30 cents. Coach Gordon Wood is rounding

the Blizzards into shape for their first game of the year with a strong squad. Speaking to the Lions Club last week, Coach Wood urged the club to see that the entire athletic program in the Winters school was improved and brought to par with other schools in this section. He pointed to the gymnasium, dressing rooms and other facilities which he said needed improving.

OFFICIAL F.B.I. FIGURES ON REDS IN U.S. . . . The above map of the United States reveals the official Federal Bureau of Investigation figures on the number of Communist party members by states as revealed in a recent issue of a national magazine. These statistics show that the heaviest concentrations of Reds occur in the larger cities and the smallest in rural areas. (Note figures for such states as New York, Illinois and California compared with the figures for such rural states as Vermont and Mississippi.) This is the first time figures for the entire United States have been released to the public.

Ballinger Study Clubs Open New Season

The social calendar comes into full swing with the beginning of fall. This calendar is a schedule of booked meetings for various women's organizations which have re-activated during the month of September, and with October study, social and civic groups begin a new season.

Officers have been duly installed and yearbooks distributed. Reporters of each organization are asked to be mindful of reports for accurate and timely accounts of their club activities.

The Ballinger Shakespeare Club, oldest Federated Club in the city, holds its first meeting on Thursday, October 5, with a tea at the Ballinger Country Club. Mrs. S. M.

McElroy, of Baird, will be the guest speaker and will give "The Highlights on the National Convention in Boston."

The year's theme "At Home and Abroad," will include programs such as "American Impressions of Europe," presented by Mrs. Estes M. Lynn; Germany, Russia, and Japan will be discussed at separate meetings; an International Day program will be held; a Christmas program tea is to be held in the home of Mrs. R. T. Williams.

One of the new top best-seller books on publication of the sea-

son will be reviewed by Mrs. Herbert Emery, of Dallas, through the courtesy of Sanger Bros. Other programs will include parliamentary drills by Mrs. Lela McAdams; the study of famous women painters of the United States, on American Art Week; outstanding personalities in Texas; a panel discussion on "taxes"; and a health program presented by Miss Eudora Hawkins.

The American home, citizenship, and problems in different countries compared to our own country where we enjoy privileges of democracy, will be discussed the latter part of the club year. An installation of officers will be the concluding program.

Mrs. Arthur Giesecke is president; Mrs. J. O. Satterwhite, vice-president; Mrs. Sim Cottle, recording secretary; Mrs. Q. V. Miller, corresponding secretary; Mrs. Oriand Middleton, treasurer; Mrs. Dorsey Read, historian; Mrs. Lela McAdams, parliamentarian; Mrs. B. J. Martin, critic.

The Fannie Stephens Study Club, which was organized in 1935 and federated in 1936, will hold its first meeting for the club year on September 20, in the home of Mrs. W. E. Moss with a tea.

Mrs. Joe Forester, president, will present the opening message and

Mrs. Price Middleton will present the program outline on the general theme for the year, "Broader Horizons."

On October 4, Miss Eudora Hawkins will be the guest speaker and show a film on the National Convention at Boston, and also a color film on the Federation headquarters in Austin.

An outstanding program will be held on November 1, at the Ballinger Country Club when Bill Cannon, a local artist, will show more than fifty paintings, and some china. He has studied art with Mrs. Gladys Wood, of Winters, and is now studying with John Browning, of Brownwood.

Other programs will include a health program at which time Dr. W. K. Wheatly will discuss socialized medicine. "Christmas in Other Lands" will be a program directed by Mrs. Malcolm Morgan in the home of Mrs. W. O. Irby; an international relations program and a Pan American luncheon will be staged in February with members of the Ballinger Shakespeare Club and the Paint Rock Study Club included. Mrs. W. A. Brightwell, of Brady, will be the guest speaker. A safety program with Capt. Ray Butler, of the state highway department, as speaker, will be held in the spring.

Mrs. L. E. Dudley, of Abilene, will present a book review in the high school auditorium April 4. The review will be open to the public. Tickets will be sold by members of the club. Programs on citizenship, youth conservation, survey on community needs, music, antiques, American-theatre, and a Texas Day program will be included at intervals throughout the year. At the conclusion of the year's study, a chuck wagon menu will be served at the ranch home of Judge and Mrs. E. C. Grindstaff when officers for the coming year will be installed.

Members of the Alathean Class of the First Baptist Church included their husbands at a covered dish supper party in the garden at the home of Mr. and Mrs. A. O. Bartlett on Broadway Friday evening.

Mr. A. M. King gave the invocation for the supper which was served on linen laid tables centered with garden flowers. Following the supper parties of 42 were played in party rooms decorated with zinnias and other late summer blossoms.

Present were: Messrs. and Mmes. E. E. King, Elmer Talbot, A. M. King, L. A. Faubion, E. Shepperd, Willie Stephens, W. A. Forgey, R. E. White, Ralph McShan, R. P. Canady, Ed Jones; Mmes. R. E. Truly, Joe Jones, J. A. Williams, James A. Wear, Ruth Bankston, Frank Kemp; and Nancy and Pat Hambrick.

Card of Thanks

I wish to express my deep appreciation to Ballinger friends and former pupils for the many kind expressions of sympathy which I received in my sad hour, the loss of my husband. Each card, letter and message helped me in this sorrow.

**Parker Woodward Recalls Days
Of Youth in Visit to Ballinger**

Time flies backward as you visit places you knew in younger, happier days. Faces seem to light up, voices are heard sweeter and memories of other days come rolling back. And how sweet it is to review the joys of bygone years with friends—so Parker G. Woodward, of Buenos Aires, feels as he

visits the few old friends left in Ballinger.

Mr. and Mrs. Woodward arrived here last week for a visit with his niece, Mrs. C. W. McAden, and family. He has visited in New York, Chicago, Canada, and many cities in Texas where he has relatives and friends. After a month aboard a ship, the Woodwards have traveled by bus exclusively since arriving in the States. They preferred this method of traveling rather than by air because they wanted to see the country. They left home June 12 and arrived in New York on July 12. They intend to be back in Argentina in November.

Mr. Woodward's parents, Mr. and Mrs. C. S. Woodward, resided at Coleman from 1877 to 1886. He moved with his parents to Old Runnels, about 8 miles north of Ballinger, in '86, and after the Santa Fe Railroad built into Ballinger in 1886 and Runnels soon expired, the Woodward family moved here in 1887 and the family home was built in the western part of town near the Colorado

River.

Young Parker Woodward went into the Spanish-American War in 1897, a member of the 4th regiment. After returning home from the war he wanted more adventure, so moved on to the mining country in Arizona and New Mexico, where he stayed two and a half years. In 1902 he went to work for Swift & Co. at Fort Worth and worked there until 1904 when he went to St. Louis to be in charge of the exhibit of the Library of Congress at the world exposition. After that he took a position in the Library of Congress at Washington. After being employed there for some time he was given a three months leave of absence, which he is still enjoying.

His brother, Jeff Woodward, who was living in Argentina, persuaded him to come to South America, and he has made home there ever since. The first five years Mr. Woodward spent the summers in Chile and the winters in Buenos Aires. Some years of his life were spent as a traveling salesman for

an agriculture machinery company and during World War I he secured the delivery of firewood for locomotives. Following this he went to farming 22,000 acres of land, overseeing 55 share croppers in La Pampa. After the death of his brother, Jeff, in 1928, he took charge of the 40,000 acre island ranch which he owned. He was in charge of this until 1943 when he sold it and moved to the mainland. Mr. Woodward and his four sons and two sons-in-law run 1,200 Aberdeen-Angus cows on a 2,900-acre ranch on the mainland now. He is associated with his children in stock farming.

Mr. Woodward retained his citizenship in the United States. His wife was born in England but moved to South America with her parents when she was a small child. Their children are Argentine citizens.

The Woodwards make home in Buenos Aires and enjoy the same accommodations that they would in the States. They speak the Spanish language as fluently as they do English.

A family gathering was enjoyed at the home of Mr. and Mrs. C. W. McAden on Sunday where relatives visited Mr. and Mrs. Woodward.

Those present for the noon meal were children and grandchildren of Mr. and Mrs. McAden: Mr. and Mrs. Bryan Jennings and children, Gayle and Bobby, Mr. and Mrs. Jack McAden, Mr. and Mrs. Wayne Swift and baby, and Jimmy McAden, all of Ballinger; Mr. and Mrs. Fred Simpson, of Artesia, New Mexico, and Miss Jean McAden.

Others were Mrs. McAden's brothers and families: Mr. and Mrs. A. J. Mansker and children, of Houston; Mr. and Mrs. J. C. Mansker and children, of Hobbs, New Mexico; Mrs. McAden's sister, Mrs. C. H. Marable, and Mr. Marable and son, Billy, of Sallito; Mr. and Mrs. Frank Garmon and son, Kerry, of Miller Grove; Phyllis McAden and Miss Wanda Rich-

**FOUR BUILDING PERMITS
ARE APPROVED BY CITY**

The construction of two new school buildings gave city building permits a big boost last week. Supt. Ernest Caskey took out two permits, the first for \$134,000 for the construction of a new elementary school on Eighth Street.

Towner Dickinson received a permit in the sum of \$9,500 for a residence on Sargent Avenue between Second and Third streets.

A \$200 permit was approved for J. W. Moore for a seed hopper at his gin plant on South Eighth

Street.

Remember when we used to get a premium with everything we bought—and another when we paid the bill? Nowadays the only premiums we hear about are the insurance kind.

the fruit of unceasing labor

BETWEEN 1911 and 1935, a brief span of twenty-five years, extraordinary progress was made in public health. According to figures released by the Metropolitan Life Insurance Company, the duration of human life during this period was extended by almost fourteen years. It is all the more remarkable in the light of the history of this period, which included the first World War, the worst epidemic in recent history, and America's most severe depression.

Many agencies have contributed to make America a more healthful place in which to live. Not the least of these are scientific medicine and pharmacy, which work unceasingly for better methods of prevention and treatment of disease.
