Soil Conservation Unit Completes Work Plan

Supervisors of the Runnels county soil conservation district have filed a completed plan of work with the secretary of agriculture at Washington and expect an approval within the very near future.

The supervisors have been working on the work plan since August, 1949. A plan is a requirement before federal assistance can be obtained to develop soil conservation in the district.

As soon as the work plan is approved and returned, a staff of four trained technicians will be sent to this county for special work. Farmers and

ranchmen who enter an agreement may secure their services on their farms or ranches.

The supervisors have purchased a grass drill and a drill and fertilizer with funds received from the state and the grass drill is now operating in the district. A small machine is made for use of the machines to take care of depreciation, a requirement by the state.

Herman Giesecke, Jr., is chairman of the board of supervisors and serving with him are L. W. Rohmfeld, Rowena Kirby Robinson, Norton, Ralph Burns, Wingate, and Clarence Spill, Winters.

Chest Officers Study Budget, Information

Temporary officers of the community chest met recently with Manager Jack Prigden and President Joe Forman in the chamber of commerce offices to start plans for an information meeting.

Temporary officers are O. C. Sykes, Ewell Jones, Allen Davis and Jack Moore. The group considered the number of organizations which could be included in the chest and approximately the total amount of money which would be required. A list of community lepers in the county who will be invited to a meeting in the near future also was made up.

In preparing the tentative budget, organizations such as the Red Cross, March of Dimes and Tuberculosis Association, that do not participate in the chest, were considered. About twelve others as well as several local campaigns which are conducted annually would participate.

First estimates indicated that a budget of about \$12,000 would be needed.

Inasmuch as the chest plan of giving is new in Ballinger, the chamber of commerce would like to receive letters or cards from individuals stating their ideas on the plan. Much work could be eliminated by making one campaign and raising a large sum, thereby stopping 12 or 15 city wide drives during the remainder of the year.

It also was decided to ask Boy Scout leaders to go ahead and raise that organization's 1951 fund. This drive was postponed recently, awaiting the outcome of the organization of the chest. Temporary officers were of the opinion that it would be so late before the chest could be put in operation, that all 1951 funds should be raised as heretofore.

Those studying the plan said it would be impossible to anticipate every fund campaign necessary in a town for a year in advance. They wish it understood that the chest will not eliminate every drive for money, but can consolidate twelve or fifteen and save much work for local business men who donate time to these solicitations.

Rural Carriers To Meet Here

The Rural Mail Carriers Association of the 21st congressional district will meet in Ballinger Saturday for the regular business session and program. First gathering of the members will be at 7:30 p. m. for a banquet at the Acapulco Cafe, to be followed by the program and business period.

C. D. Box, of San Angelo, president of the association, is to preside. Postmaster K. V. Northington will extend the welcome to the visitors and a speaker will be introduced for the main address.

Tom Caudie, local carrier, who is assisting in making arrangements, stated Tuesday that about 60 members were expected for the meeting.

Mr. and Mrs. Glen McFarland and children have moved to Miles City, Montana, where Mr. McFarland will be associated with John R. Scott in the ranching business.

Mr. and Mrs. Alton B. Lee, of Abilene, were week-end guests of Judge and Mrs. E. C. Grindstaff. Mr. Lee is registrar at Hardin-Simmons University.

19 New Members For Methodists In 8-Day Revival

The revival at the First Methodist Church was concluded Sunday night, the two Sunday services drawing capacity congregations. Exceptional interest was shown the entire week.

Rev. Carroll H. Thompson, evangelist, of Kerens, and Rev. Bruce Weaver, special worker, of Bangs, returned to their homes Monday. The two men were here during the eight days of special services to bring the gospel messages and lead the music.

Rev. C. D. Wooten, pastor, stated Sunday night that nineteen new members were added during the campaign and that a number of others had indicated they would come into the church later.

A large number of members met early each of the eight days for a short prayer service preceding the regular evening program.

Rev. Weaver directed a large chorus of singers each evening with Mrs. R. E. Bruce at the organ and Mrs. J. F. Currie at the piano.

Excuses Denied, Veniremen Fined, At Court Opening

Judge O. L. Parish told members of the petit jury venire reporting here Monday morning for service in 119th district court that they would have to have good and lawful excuses to not serve before he would dismiss them.

He called attention to the fact that Jury Service Month would be observed in Texas during May. The special month is sponsored by the Texas Press Association and the American Citizenship Committee to point out to the people of the state the need of doing jury service when called upon. All districts in the state have reported that many veniremen seek excuses and that it has become very difficult to obtain men for this important duty.

Only a few asked to be excused Monday morning and most of these were denied. Four men who failed to answer roll call when court was convened were fined \$25 each by the judge.

As soon as the jurors were sworn in, the docket was called and attorneys answered ready on the first case.

The annual meeting of the Ballinger Sportsman's Club will be held tomorrow (Friday) evening at 7:30 in the city hall. J. M. Pyburn, retiring president, has called the meeting and reports of activities of the past year and the financial report of the treasurer will be heard.

All members of the organization and those who would like to join are urged to be present.

Bill Moore returned the past week-end after attending the state winners' convention at Dallas.

Underwood Hands City Commission His Resignation

Fred Underwood, city secretary for the past two years and two months, tendered his resignation to the city commission Monday and asked for release as soon as a successor could be secured. Mr. Underwood resigned a position with an automobile house more than two years ago to become city secretary.

Mr. Underwood did not disclose what his future intentions were, but indicated he planned to remain in Ballinger. Only two members of the commission were present Monday morning and no action was taken as they wished to have the other member present before taking the resignation up as a matter of business.

Mr. Underwood went with the city during one of its most distressing periods and has worked under a system of pay as you go which proved successful. The audit of January 31, 1951, just completed, shows the city in the best financial condition for a number of years.

In his letter of resignation Mr. Underwood stated that his association with the city officials and employees had been very pleasant. He added that it was after deliberate consideration of himself and members of his family that he had decided to resign.

Seven Trustees Receive All of 32 Votes in Election

There were no scratches, no write-ins and very light voting in the trustee election held Saturday for the Ballinger independent school district. Only 32 votes were cast and each of the seven candidates received 32 votes, none being registered against them.

The recent consolidation of the Bethel district with the Ballinger district made it necessary to elect a complete new board. Seven men had their names on the ticket, seven to be elected. They were C. E. Maedgen, Jack Hampton, Tom Agnew, Claude Thompson, C. A. Bissett, J. G. Tuckey and Malcolm Morgan.

A meeting of the newly elected board will be held in the near future, when officers are to be elected and each trustee will draw for one-, two- and three-year terms.

The next regular meeting of the board is set for May 3, but a called meeting may be held before that date. Election of faculty members, completion of school buildings and numerous items relating to the closing of the term will demand the attention of the trustees during the remainder of April and May.

Mr. and Mrs. Bill Sykes and baby, of Fort Sumner, New Mexico, are here for a visit in the homes of Mr. and Mrs. E. M. Lynn and Mr. and Mrs. O. C. Sykes.

OPS District Chief Warns Merchants Of Deadline Date

Merchants were reminded this week by the Port Worth office of price stabilization that it is their individual responsibility to obtain copies of federal price ceiling regulations and to comply with them.

Ellis H. Boyd, Port Worth district director, said that the deadline is rapidly approaching for several types of business and that doing business without complying will be in violation of the federal law.

The enforcement staff is being organized, Boyd said, and investigators will be sent into the 53-county district to check on compliance within a short time. He reminded businessmen that each of the regulations had been given wide publicity in newspapers and by radio and that compliance was now up to the merchants, large or small.

Attention was called to special groups that must comply including livestock slaughterers, restaurants and cafes, service stations, retail and wholesale grocers and numerous others, such as department stores, men's clothing stores, women's apparel shops, dealers in shoes, furniture, household goods, floor covering, etc.

Regulation 7 has been amended to include dealers in musical instruments, radio and television sets, phonographs and records, houseware, notions, luggage, sporting goods, silverware, china, glassware, jewelry, watches and clocks.

Enix Construction Co. will lay the last of the sewer lines this week and has already started cleaning up alleys and streets. Crews will remain here until all alleys and streets have been put back in their original condition.

Citizens who need work to be done should report it to the city hall so that a checkup can be made and the condition called to the attention of the company.

J. R. Lusk, in charge of overseeing the work for the city, stated Monday that the last of the construction probably would be completed Wednesday.

He added that the clean-up job would be begun at once and that any place not taken care of within a short time should be reported.

Just the sprinklers in the area of the fire go into operation and practically all fires are extinguished with only one or two of the sprinkler heads flowing.

\$1,000 Jewelry Stolen From Nance Window

Burglars made away with a good haul at the W. A. Nance store sometime Monday night, stealing jewelry and revolvers valued at about \$1,000. A plate glass show window was smashed and watches, rings and two revolvers were removed through the broken window.

The burglary was not discovered until early Tuesday morning when employees of an adjoining store came to town to open Mr. Nance was notified and officers were called at once before anything was touched.

A group of officers was busy until late Tuesday morning getting finger prints but there was no evidence which might lead to a quick arrest.

Mr. Nance stated that only the better watches and rings were stolen. Cheaper items, on display in the same case, were left. About 40 standard, high priced watches, all the solid gold rings and two diamond rings were in the loot. One of the revolvers belonged to Mr. Nance personally and the other was left with him to be sold.

Two strange men did considerable "looking" at his store Monday without making any purchases. The store windows were lighted all night Monday and the falling glass should have caused considerable noise.

the least you can do

THE EARLY GREEK PHYSICIANS believed that it was not possible for a man to enjoy perfect health unless he carefully organized his life to accomplish this single objective. This meant the meticulous ordering of each day. Proper nutrition, exercise, and rest were perfectly balanced. Physical constitution, age, and even the seasons of the year were considered. For a man of affairs, such a regimen is out of the question. When your work is done, you play and exercise when you can. But this little you can do. See your family physician at least once a year. Follow his advice. In case medication is required, we are prepared to serve you, promptly and economically.

JOHN WAYNE PICTURE AT RUNNELS THEATRE
In "Angel and the Badman," a Republic rerelease which will continue at the Runnels Theatre today and tomorrow, John Wayne is co-starred with Gail Russell, and Bruce Cabot, Irene Rich and Harry Carey have supporting roles. The action revolves around a tough guy of the West and a simple Quaker girl. It is an unusual and intriguing picture, both because of the contrasting personalities of the pair and the fact that the Quaker girl frankly and openly admits her love for the renegade. The "man bites dog" story has now been replaced by the one about the bull that threw the salesman.

Beautiful to look at
Beautiful to drive

Watch the little lady park the beautiful, big car . . . a single finger on the steering wheel can do it now, with Hydraguide!

Now Hydraguide Steering does four-fifths

of the work for you!

THINK of the easiest steering car you ever drove . . . then imagine one five times easier to steer! Chrysler's new Hydraguide power steering . . . regular on Crown Imperials and optional at extra cost on all New Yorker and Imperial models . . . gives you exactly that. Here is by far the greatest single change in handling ease—and safety—you ever found in any car. At your touch on the steering wheel, the car mechanically provides four-fifths of the energy to turn the tires on the road. Like so much in these new Chryslers . . . Hydraguide is so basically new, so basically better than anything before, that only when you try it can you ever know what it really does!

The longest day's drive you ever made . . . without arm-and-shoulder fatigue at the end. Around the curves . . . over the hills . . . Hydraguide does four-fifths of the work!

In tight city traffic . . . on awkward driveways and roads . . . Hydraguide means new safety, new ease, new swiftness of steering control!

The Most Basically New Cars of All!

Beneath the rich new beauty of these Chryslers for 1951 are 73 different improvements and advances. Among them are the most basic new ideas in any cars for many years! Like the revolutionary new FirePower engine, of 180 horse-power, which gives owners of Chrysler Imperial and New Yorker cars the most powerful, most efficient, most all-around economical powerplant in any car today! And like the amazing new Chrysler Oriflow shock absorbers, which give every new Chrysler car riding ease with twice the shock-absorbing power of any other cars at any price. And with all their newness, they're built to stand by you like no car you can buy!

Hubert Halfmann Ordained Priest

Ordination ceremonies were held Wednesday, April 11, for a native son of the diocese of Amarillo. Elevated to the priesthood was the Rev. Deacon Hubert Halfmann, son of Mr. and Mrs. Paul Halfmann, of St. Boniface parish, Olfen.

Officiating at the ordination ceremonies, held in the Cathedral of the Holy Cross, Boston, was Archbishop Richard J. Cushing, of Boston.

Rev. Halfmann will offer his first solemn mass Wednesday, April 18, at 10 o'clock in St. Boniface Church at Olfen. He will be assisted by the following: the Rev. Sylvester Fuchs, a cousin of the ordained, deacon; the Rev. L. T. Mathiesen, a native of the Olfen community, subdeacon; and the Rev. Norbert Wagner, pastor, archpriest.

The sermon in the mass will be delivered by the Very Rev. G. A. Boeckman, of Happy, a former Olfen pastor.

There will be a solemn benediction at 7:30 p. m., to be followed by a reception at 8:00 o'clock in the parish hall.

Hubert Halfmann was born June 17, 1927, at Olfen. He took his elementary school training at Olfen and then went to Price College, Amarillo. After two years in the high school there he applied for entry into a seminary and was sent to St. John's Seminary, San Antonio. He finished his high school and college training there, and also received two years of training in philosophy.

Taking advantage of a scholarship offered to the diocese by Archbishop Cushing, Bishop L. J. FitzSimon then transferred Hubert to St. John's Seminary, Brighton, Massachusetts, for his four years of theology. He has now completed his studies there.

Mr. and Mrs. Paul Halfmann have another son studying for the priesthood, Curtis, who is in his third year of high school in the minor seminary at St. John's, San Antonio.

Another native son of Olfen will be ordained this spring. He is the Rev. Deacon Louis J. Moeller, whose parents now live in St. Joseph's parish, Rowena. He is now completing his theological studies at St. Thomas Seminary, Denver, and

is to be ordained June 2 in Immaculate Conception Cathedral, Denver, by Archbishop Urban J. Vehr.

Annual Banquet For School Staffs Held in Cafeteria

The annual banquet for the staffs of Cat Tracks and Paw Prints, high school publications, was held Friday night at the school cafeteria, about eighty people attending. Attendants included all who worked on the publications the past year, school officials and a number of guests.

The program featured a theme of circus days under the "big top." Joan Vestal gave the "welcome after the menu was served and also presented pins for the Quill and Scroll Club members. Clara Hill presented pins to the Paw Prints staff and Lanny Maedgen to the Cat Tracks group. Miss Hill presented the new annual staff and Miss Vestal the writers and business managers of the high school paper.

Gale Hays was in charge of the program which followed in circus style. Dressed as a clown, she presented Mrs. Jack L. Price, of Bronte, in a tap dance routine with Mrs. Chet Holcombe as accompanist. A reading by Miss Hays was made realistic with sound effects from the audience. Numerous other program surprises occurred during the performance.

In the side-show, Cal Adair was in charge of the circus band and also rendered a group of piano numbers. The five-piece band in circus costumes delighted with pre-show music. Gifts were presented to the two sponsors, the retiring editors and others at the conclusion of the program.

The new staff for Paw Prints is: Dian Tuckey, editor; Theresa Elkins, assistant editor; Norma Jackson, secretary; Wynell Dodd, advertising manager; Elroy Payne, assistant advertising manager; Joyce Hite, business manager; Carolyn Bigby, assistant business manager; Tookie Wade and Sparky Evans, artists.

The new staff for Cat Tracks is: Gale Hays, editor; Mary Jo Furman, assistant editor; Deanie Rountree, secretary; Jack Reese, advertising manager; Betty Sue Cloninger, assistant advertising manager; Herbert Minzenmayer, advertising solicitor; Dorothy Hocker and Howard Hamner, editorial writers; Kay Ford, Eugene Patton and Margaret Hampton, typists; Tookie Wade and Sparky Evans, artists; Jack Rudder, Bob Bruce and Jesse Merrifield, sports writers.

SOUTHWESTERN LIFE ADDS ANOTHER TO TEXAS FIRMS
Texans, who like to tell their out-of-state friends about Texas "firsts," could add to the state's already fabulous reputation by reference to Southwestern Life Insurance Co.'s 48th annual report, recently distributed to policyholders. The booklet reveals that Southwestern Life:

1) Is the largest life insurance company in the United States that does business in only one state (Texas, naturally)
2) Ranks in the top eight per cent of the more than 600 legal reserve life insurance companies in the country from the standpoint of the amount of life insurance in force.

For the benefit of those who think all dollars paid out by life insurance companies are related to the unhappy occurrence of death, there's a surprise in Southwestern's report. During 1950 more dollars were paid to living policyholders—in the form of maturities, cash values, annuities, disability benefits and other income payments—than were paid to beneficiaries of deceased policyholders. The former received \$5,943,133 and the latter \$4,346,418.

Southwestern Life also acknowledges the professional-like caliber of its agency force and its home office staff. There are now in the ranks of Southwestern Life more than one-fourth of the chartered life underwriters in Texas.

And the Life Office Management Association, which directs a program of training for the home office personnel of a large number of life insurance companies, commended Southwestern Life during the past year as being the leading company in the United States in the matter of honors attained by members of its home office staff on completion of its courses.

Southwestern Life is represented here by Jack Nixon and Jack Nixon, Jr.

BEARCATS TAKE THIRD PLACE AT TRACK MEET
The Brady Bulldogs piled up an impressive record in taking the district 7A track meet at Brady Tuesday, amassing a total of 116 points. Winters scored 14, Ballinger 11, and Lake View 4.

The meet was conceded to Brady weeks ago after the Bulldogs showed all classes of schools their power in invitation tilts.

Harold Merrifield was the whole show for the Bearcats. He won first in the 220-yard dash, third in the broad jump, third in the 100-yard dash. Winters and Ballinger tied for second place in the 440-yard relay.

Coaches Douglas Cox and Frank Barnett took a team of eight boys to Brady for the finals Tuesday night.

Mrs. H. Grawunder and sons, of Brownfield, have returned home after several weeks' visit in the home of Mr. and Mrs. Herman Brown.

Mrs. Lloyd L. Downing and children visited in the home of Mr. and Mrs. Truett Smith at San Angelo Monday night while Dr. Downing attended the monthly medical staff meeting at Shannon Memorial Hospital.

SEVERAL LOCAL STUDENTS TAKE PLACES AT COLEMAN
Ballinger students were at Coleman Saturday to participate in tennis, typing, spelling and one-act play contests for the district and bi-district.

Theresa Elkins and Betty Fox, doubles tennis players, were the only first place winners from the Ballinger school. They will go to Brownwood April 20 to compete in the regional contests.

The local one-act players lost in the Coleman trials but Freddie Sue Underwood won second for the best actress.

Betty Cloninger was fourth in typing at Coleman.

Wanda Richards and Betty Fox took third in spelling.

15 New Books Added to Library Club Chairman Reports
The addition of fifteen new books to the local library in March was announced by Mrs. J. O. Satterwhite, civic chairman, when the Ballinger Civic-Garden Club met in the club room Tuesday afternoon.

The club stresses gardening as a main project, but it also has another main project—assisting the local library. It also was reported that 248 books had been in circulation during March. Three of these volumes were memorial contributions, "The Book About the Bible," by George Stimpson, in memory of Mrs. Wix Currie, Sr.; and "I Shook the Hand," by Harold V. Ratliff, in memory of Charles Miller, Jr., both contributed by Dr. and Mrs. J. Dexter Eoff; and "The Home of the Heritage," by Alfred L. Crabb, in memory of Mrs. George M. Vaughn, contributed by Mrs. L. L. Hazel and Mrs. H. H. Beck, of San Angelo.

The business routine was conducted by Mrs. E. Shepperd. The district Garden Clubs meeting at Stamford on April 25 was announced. Under the direction of Mmes. John Castor, T. J. McCaughan and Max McCarty, a plant exchange was held.

The program chairman, Mrs. James A. Wear, presented Mrs. Claude Stone, whose subject was "How to Attract, Protect Song Birds to Our Gardens." Mrs. E. A. Saunders' topic was "Iris," and she exhibited different varieties grown in her garden.

Floral arrangements were as follows: two iris displays, by Mrs. Shepperd and Mrs. Bill Clark; Dutch irises and daisies, by Mrs. Beulah Frazier; ranunculus and japonicas, by Mrs. Frazier.

Twenty-five members were in attendance.

Baptist Rachel Class Hears Review by Mrs. Hambrick
The book, "Out on a Limb," by Louis Baker, was reviewed by Mrs. Charles Hambrick at the meeting of the Rachel Class of the First Baptist Church, held last Thursday evening in the home of Mrs. Pauline Fragua on Eighth Street. Mrs. Mark Davis and Mrs. Ira Funderburk were co-hostesses at the regular business session and tacky party.

Following the opening prayer by Mrs. Malcolm Morgan, class teacher, Mrs. E. Y. Bailey conducted the business. The class voted to send a card of appreciation to W. E. Elkins, Sunday school superintendent. Mrs. Joe Forester, class ministry leader, presented the project for May, which will be sending linens to the Baptist Orphanage at Round Rock. Plans for a social in August, a tea honoring the older members of the church, were adopted. At the social in May, Mrs. Charles Hambrick and Mrs. Dick Ayers will be hostesses, entertaining in the Hambrick home.

After the book review, a social followed, at which time Mrs. Coy Estes was voted the tackiest dressed of the group. A sandwich plate was served with coffee.

Evangelist Talks At Lions Meeting
Rev. Carroll Thompson, of Kerens, was guest speaker at the Ballinger Lions Club meeting Friday noon. Rev. Thompson, who is holding a revival meeting at the First Methodist Church, brought a special message to the club members.

He complimented the Ballinger club as one of the largest and most active he has known. He praised them for the service which they render and added that he believed the best example of service might be in finding young people with leadership ability and seeing that they received proper training.

After a humorous beginning, Rev. Thompson became serious and pointed his hearers to a way of life which he said was necessary in the world today. He urged every man to be willing to accept his work in a religious revival of all people and the saving of our way of life.

At a short business session, changes were voted in the constitution which will permit the election of officers one month earlier than heretofore. This became necessary when state conferences and the international convention were scheduled a month early this year.

A new member, Dr. J. C. Ward, was presented at the meeting.

**WEST TEXAS
NOTES**

The completion of sewer extensions in Ballinger leaves a large number of streets to be patched. The network crosses many paved streets and runs down the middle of some. The city also has much work to do in alleys where excess dirt and rocks have been left. Repairs also are needed in some sections where sub-zero weather last winter broke the asphalt paving. The construction company on the sewer lines is tearing up the last of the pavement along Murrell Avenue and about the high school campus and within a short time retopping can be applied.

Many sections of the city are now being connected with the new sewer lines. Plumbing concerns are employing full crews to provide service lines and connections and trunk lines are now in operation. Ballinger people have been asking for sewerage for a number of years and within a few more days everyone may get service. Health authorities have taken the lead in urging the city to provide complete service and now that it is available, customers are needed to make it economical. A city ordinance probably will be enacted to get better coverage and improve health conditions.

Traffic regulations are violated in Ballinger every day and unless the law is respected injuries and even death may result. Downtown traffic is required to come to a stop on a red light and signal for a right turn. In making this turn on a red light, pedestrians crossing the open street have the right-of-way. More and

A complete new set of city officials were named at Miles in the election held on Tuesday, April 3. H. J. Kasberg was elected mayor and F. F. Dixon was named city marshal. New aldermen are W. H. Hudgens and W. T. Schneider. The new city government, to take over at once, will announce appointive officers.

The Knights of Columbus of Rowena last week named delegates and alternates to the state convention to be held at Galveston starting May 8. Kenneth D. Feist and Otto M. Droll were elected delegates and Roman J. Feist and Anthony A. Zentner alternates. The meeting was well attended and Joe C. Moeller won the attendance prize.

Bronze citizens staged "Operation Clean-Up" Tuesday, the entire town joining in the annual spring job. Mayor H. O. Whitt issued a proclamation and each firm was asked to provide one worker for the entire afternoon. Trucks and

more right turns are being made by drivers without coming to a stop and pedestrians crossing the street on the green light have to hustle out of the way. The rule is good when abided by but can cause wrecks and injure people if violated. It is unfortunate that Ballinger does not have a police force large enough to watch these violations, but the few men on duty cannot be at all intersections all the time. For safety, drivers should know the law and track it. The waiting for a change of light takes only a few seconds and the saving of one injured person is worth all the time lost. Hand signals also should be given for either right or left turns and for stopping and slowing down.

pick-ups were provided and crews worked all the alleys in removing trash. Mayor Whitt stated that if all trash was not removed the first day, city trucks would continue to haul until the job was completed.

Supt. I. L. Lasater urged all dog owners in Winters to have dogs tagged and vaccinated when a representative of an animal hospital comes there Saturday. In addressing the Winters Lions Club he reminded that it was a state law to have all dogs tagged and vaccinated against rabies. He stated that many untagged dogs had been seen in the vicinity of the school, running loose in the city, and would be dangerous when warm weather begins.

Preparations are being made at Stephenville for the Texas Singing Convention, to be held on April 14 and 15. Attendance of about 10,000 is expected for the two days. Programs will be presented on the campus of Tarleton State College starting Saturday afternoon at 2:00 and continuing through Sunday.

HAS YOUR ADDRESS BEEN CHANGED?

Ledger subscribers are requested to notify the publisher of any change in their address promptly. Under postal laws newspapers and periodicals must pay postage due for notices of any change in address furnished by the post office. Besides there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move. The best plan for all concerned is to send the change of address in advance.

NOTICE
Property owners who live in the Ballinger Independent School District are urged to come by the downtown office and sign rendition sheets. This will save the district the expense of hiring a man to cover the entire area to get renditions signed. Your cooperation in this matter will be appreciated.

Some of the outstanding musical groups of the state will be heard. This is the third consecutive year that the convention has been held at Stephenville. Many Menard land owners have leased acreage for oil development in recent weeks and abstractors think activities will get fully underway in 1952, with some drilling in the near future. Money coming in from leases and royalty sales has maintained bank deposits at high levels despite heavy expenses ranchmen have met in feeding livestock and paying taxes. Largest lease holders in the county at present are Skelly Oil Co., Standard of Texas and several other majors. Representatives of the Paint Rock Parent-Teacher Association attended the district conference at Big Lake last week. The Paint Rock organization sent six delegates, who attended all the general and special sessions. "We Must Have Faith in Our Fellowman" was the theme of the conference. Delegates inspected yearbooks and other material on display. Brady citizens assembled Friday night for the annual chamber of commerce banquet, held in the basement of the First Christian Church. Here's where You come into your own

Once in a while, any man's entitled to let himself go. He's entitled to that glow of pride that comes from feeling like the very important person that he really is. He's entitled to take practical steps to make his dreams come true. In short, he's entitled to own a ROADMASTER, and particularly a ROADMASTER as it is custom built for '51. For it's more than big and roomy and distinguished in its styling.

It's more than sweetly willing in performance, and superbly poised in stride. It does things to you, when you let yourself sink deep down in the subtle softness of its cushions, and run a caressing hand over the fine texture of its fabrics. This is everything a fine car should be! Of course, this brilliant performer is Fireball powered. It is cushioned by

coil springs on every wheel. It provides, at no extra cost, the complete relaxation of Dynaflo Drive. It has durable and dependable sturdiness engineered into every mechanical part.

But the best is yet to be told. When you check the ROADMASTER price list, you'll find that the car of your choice can be yours for hundreds of dollars less than you'll pay for others with comparable reputation.

Come in soon and see this buy of buys in the fine-car field.

a mass chest X-ray clinic on May 11, 12, 13, and 14. A state mobile unit will be sent and health workers will line up the citizens for the free service. The unit was invited by the county medical society and members of the tuberculosis association are cooperating. The Brownwood Junior Chamber of Commerce has started plans for the annual regatta and jamboree. The date for the big water show at Lake Brownwood has been set for May 8 and already many speed boat drivers are entering their craft for the contests. Darrell Wilson, general chairman, has appointed a number of special committees to assist in the work. It was pointed out that the regatta attracts more out-of-county people than any other program presented at Brownwood. Last year a check of car number plates showed that 75 per cent came from

outside Brown county. The Coleman school board has started extensive improvements of playgrounds at Huford Field. The work is being done at this time to provide facilities for the summer recreation program and to have the grounds ready for junior high school students next September. School authorities will cooperate in the summer program of supervised play for the children. This will begin as soon as the school term ends. Kirby Dawkins, manager of the Rising Star office of the West Texas Utilities Co., was named president of the Rising Star Chamber of Commerce at the annual meeting last week. Reports showed the chamber had a budget of \$3,612 and successfully completed a number of important projects. Eight new directors were elected and within a short time standing

committees will be named. A bachelor is a guy who doesn't believe it is unlucky to postpone a wedding, so long as you keep on postponing it.

Foursquare Crusaders Hold Missionary Banquet

A banquet and missionary program was held Monday evening by the Foursquare Gospel Church Crusaders in the home of Mrs. Jewel Cooper on Broadway.

Tables were centered with white and pink daisies. The same color theme was carried out in program and menu folders and other table appointments.

Don Holland, Crusader captain, was master of ceremonies, and welcomed guests from San Angelo, Winters and Comanche. Mrs. C. R. Dunaway spoke the invocation. After the two-course chicken menu, Miss Mary Lou Tindell gave a talk on "Youth Speaks". A quartet from Comanche under the direction of Mrs. A. M. Amos sang "Near the Cross." The guest speaker was the Rev. L. G. Tisdale, of Comanche. A Ballinger quartet, composed of Don Holland, Travis Tindell, Mary Lou Howell and Donna Dee Bollier, sang "Let the Lower Lights be Burning." Miss Thelma Rutledge, of San Angelo, was at the organ for accompaniments. The Rev. C. R. Dunaway, local pastor, presented scrolls to Crusader officers: Don Holland, David Tin-

dell, Mary Lou Tindell, Donna Dee Bollier, Jean Caffey and Travis Tindell. At the conclusion of the program Mrs. Tisdale, of Comanche, gave the closing prayer.

Darrell Lee Killingsworth, of San Angelo, who is stationed with the Marines at San Diego, was an honored guest. The Rev. Max Levene, pastor of the Four Square Church at San Angelo, also was a guest. Thirty-seven young people were in attendance.

Girl Scout Troops Will Collect Paper Tomorrow

Ballinger Girl Scouts will be assisted by senior members of Boy Scout troops in making a city-wide collection of magazines and newspapers at 4 p. m. tomorrow, (Friday) April 13. All residents are urged to have bundles tied and placed on front curbs for the pick-up.

All local troops will assist in this work, which will aid them to raise money for summer activities. Mrs. J. T. Gregory, camp chairman of the local board, is in charge of the pick-up campaign, and if the bundles are very large and heavy, call her at 9723 and she will send someone to pick them up.

Girl Scouts are planning activities for the entire summer, and hope to raise suf-

ficient funds from the sale of paper to take care of the program.

Miss Nelle Cox, area director, of Brownwood, will be in Ballinger to conduct a class in outdoor activities and camp life on Thursday, April 26. All troop leaders will attend this training class so that they will be able to give the girls an interesting summer program.

Miss Kemp Honored at Kitchen Shower

Miss Gladys Kemp was named honoree Wednesday afternoon at a kitchen shower given by Mrs. S. E. Cloninger and her daughter, Betty Sue, at their home on Ninth Street. It was

the first in a series of parties planned to compliment Miss Kemp, bride-elect of Foy Farmer.

The couple will be married in a high noon ceremony Sunday, April 22, at the First Baptist Church. The Rev. Clarence A. Morton, pastor of the Gatesville Baptist Church, will read the vows.

Party rooms were decorated with arrangements of spring blossoms where games of bingo were played, at which Miss Kemp received the award and was presented gifts from the kitchen.

Hostesses served individual party shell pies topped with whipped cream and coffee to

the honoree and her mother, Mrs. Frank Kemp; Mrs. Josephine Stallings; Misses Theresa Elkins, Barbara Stuart, Deanie Rountree, Dian Tuckey, Mary Jo Forman, Tookie Wade, Ann Katherine McDonald, Gale and Catherine Hays, Sally Bailey, Patsy Manning, Carol Ann Bailey, Virginia Wooten, Carolyn Bigby, Margaret Ann Hampton, Mary Herral, Janice and Adelaide Conner, Nanelle McGahey and Cynthia Burkhart.

Dee Ann Saylor's Birthday Honoree

Mr. and Mrs. Dee Saylor complimented their daughter, Dee Ann, with a Mexican dinner at Little Mexico Cafe in

San Angelo Wednesday.

Upon their return home, the group of girls who were included for Dee Ann's thirteenth birthday celebration, were joined by Pete Bryan, George McAulay and Doug Smith at a party in the Saylor's home on Sixth Street. Dancing and games were enjoyed, and the pink and white birthday cake was cut and served with ice cream.

Other guests were Delle Tisdale, Shirley Jones, Marvella Ashton, Betty Berryhill, Carol Sue Berry, Catherine Richards, Patricia Davis, Loretta Brown and Linda Saylor.

teamwork

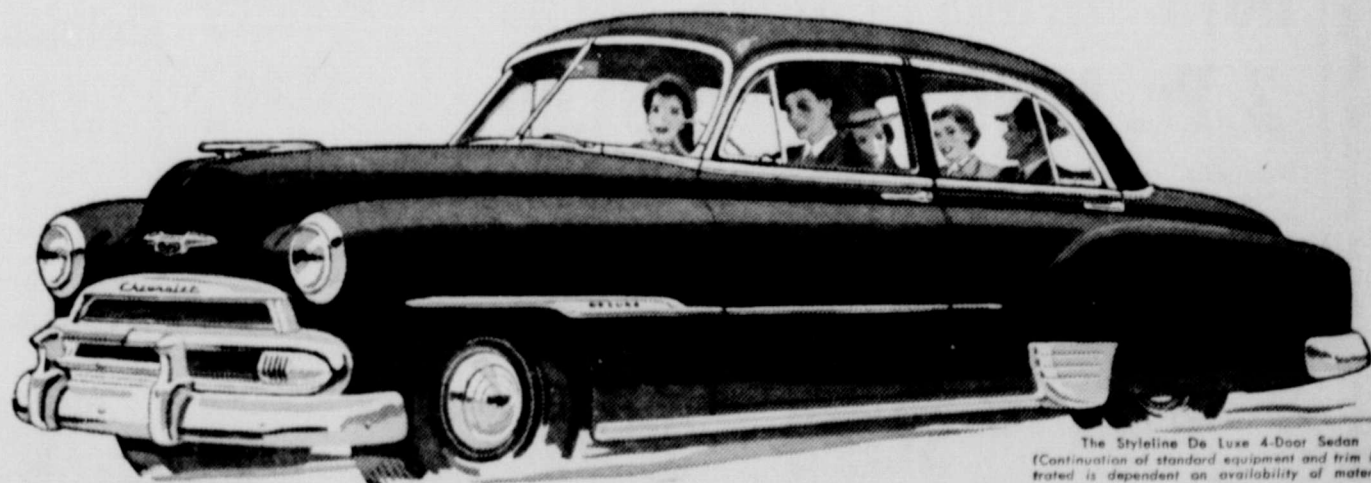

With the passing of each year, a great number of facts are added to man's increasing store of knowledge. Not over seventy-five years ago a man of superior intelligence could possess a working knowledge of all of science. Now, however, the realm of the known is so vast that it is necessary for men to specialize in order to master one small but deep corner of scientific knowledge.

Thus we have the physician, who diagnoses disease and prescribes medication and treatment. The pharmacist compounds and dispenses. Both the physician and the pharmacist benefit greatly from the researches of the biologist, the chemist, the physiologist, and the physicist, to name but a few. Through the teamwork of the allied sciences, increasingly better medical service for all is assured.

'Third Man' Closes at Horseshoe; Melodrama, Western Due Shortly

The new, suspenseful presentation, "The Third Man," closes its two-day run at the Horseshoe Drive-In Theatre tonight, for the first showing in Ballinger. Graham Greene, author of "Stamboul Train," "The Fallen Idol" and other thrillers, collaborated with Carol Reed, "Odd Man Out" director, to turn out a picture which is declared fascinating from start to finish.

Four able accomplices in the production of one of the year's most memorable films are Valli, Italian star of "The Paradine Case," Joseph Cotten, Orson Welles and Trevor Howard.

"The Old Texas Trail," star-

ring Rod Cameron, and Universal's "Woman in Hiding," starring Ida Lupino, Howard Duff and Stephen McNally, and introducing Peggy Dow, make up the double feature program at the Horseshoe tomorrow and Saturday, April 13, 14.

"Woman in Hiding" promises to be classed as one of the outstanding suspense dramas in many moons. A study in the psychology of fear, the story depicts also a Michiavellian urge on the part of a man to achieve success at the cost even of human life, and from its opening is said to hold audiences in an icy grip of suspense.

The famous singers of western

songs, the Sons of the Pioneers, are prominently featured in both acting and singing in the Republic film, "Rio Grande," to be shown at the Horseshoe Sunday, Monday and Tuesday, April 15 through 17. John Wayne and Maureen O'Hara are starred.

A Donald Duck cartoon is on the same program.

"Cassino to Korea," and "Scarlet Street" make up the twin-bill at the Horseshoe on next Wednesday and Thursday, April 18, 19.

"Cassino to Korea" has been described as a timely, exciting, feature-length picture that is breathtaking in its impact. Narrated by famed war correspondent Quentin Reynolds and presenting hitherto unreleased official war films, it draws an illuminating parallel between the Italian campaign in World

War II and the bitter fighting in Korea.

"Scarlet Street" stars Edward G. Robinson and Joan Bennett with Dan Duryea, the trio of "The Woman in the Window." The new film was directed by Fritz Lang, who was responsible for the previous thriller.

SOCIETY

Mrs. Herring Reviews Book for Shakespeare Club

John Morris' "Traveler from Tokyo," described as an "informative" book, was reviewed for members of the Ballinger Shakespeare Club last Thursday afternoon by Mrs. Loyd Herring in the club room on Eighth Street.

The general theme for the club year has been "At Home and Abroad," and this was the concluding foreign program. Mrs. Herring was introduced by Mrs. E. A. Saunders, program chairman.

John Morris had an opportunity to observe the Japanese when he was employed by their government to teach English literature in one of the foremost universities, and as an advisor to the foreign office. For over four years, from October, 1938, to July, 1942, he lived in Tokyo, learning to know intimately the city and its inhabitants, and particularly the university students.

Mrs. Herring pointed out the events of the life of Mr. Morris in Japan, which included his arrival, finding a house, Jap food, the press, marriage, the changing times, his description of the Doolittle raid, and his departure from Japan.

Upon Japan's entry into the war, Mr. Morris found himself, because of his connections with the government, in a precarious position. For eight months after Pearl Harbor he wandered about Tokyo, noting the various war measures, and was able to give an account of the city at peace and at war.

Mrs. B. C. Kirk conducted a parliamentary drill and discussed "motion for adjournment" after Mrs. Saunders discussed "written reports," and Mrs. Paul Petty was heard on "amendments."

Mrs. Arthur Giesecke directed the business routine and heard reports from officers. It was announced that the officers for the ensuing year would be installed at the concluding program on April 19, which will be a breakfast at the Central Hotel. The delegate's report on the Sixth District Convention also will be given then.

Others present were: Meses R. O. Bobo, Edgar Boelsche, Marvin Clark, Sim Cottelle, J. W. Guynes, Estes Lynn, T. J. McCaughan, K. V. Northington, J. O. Satterwhite, C. P. Shepherd, A. B. Stobaugh, F. M. Pearce, Powell Wear. Visitors were Mrs. Lee Butler and Mrs. Tauline Holt of Waco.

Fancy Doers Club Meets in Hays Home

Catherine Hays and Virginia Wooten were hostesses to members of Fancy Doers Club Monday evening of last week, entertaining in the home of Mr. and Mrs. W. M. Hays.

Dian Tuckey conducted the business routine, at which time programs were completed for the yearbook for the ensu-

Study Club Presents Mrs. Dudley in Best Seller

Mrs. L. E. Dudley, of Abilene, reviewed "River's Parting," by Shirley Barker, for members of the Fannie Stephens Study Club and their guests Wednesday afternoon of last week at the high school auditorium. The review was sponsored by the club and most of the proceeds will go to the swimming pool fund sponsored by the Ballinger Lions Club. Mrs. Dudley was introduced by Mrs. E. C. Grindstaff.

The book concerns England and New Hampshire in the 1820s. It is the story of John Sherlock (who comes to America as a young man), and the English girl, whom he loves, who follows him and marries him. With noteworthy ability Mrs. Dudley extracted the personal and intimate details of the characters' lives.

The environment of New England was a strong factor in their lives, some of whom never escaped the past. Some lived out their lives in dreams, but bravely faced the present and what they could see of the future.

Mrs. Dudley also noted that the Sherlock children, like their parents, had learned though there is much to learn in life of truth and beauty, there is also much to be lived of the same.

Approximately 250, including 75 high school students, attended the review.
