Thanks Extended To All Workers For X-Ray Clinic

A large number of people helped in the mass chest X-ray program in Runnels county which was concluded last week. This unit, sent here by the state department of health, was sponsored by the Runnels County Tuberculosis Association, of which Dr. Lloyd L. Downing is chairman and Mrs. L. F. Jackson, executive secretary.

In Ballinger a total of 1,847 pictures were made and at Winters 657 visited the clinic.

Ewell Jones made his entire display rooms available for the clinic here, which provided a convenient place with plenty of space for the equipment and attendance.

Members of Fannie Stephens Study Club, the Civic-Garden Club, the First Presbyterian Church, U.S.A., and others aided by providing clerical help.

Students of Ballinger, Miles and Norton high school helped in every way possible and attended the clinic.

The Ballinger campaign was under the direction of Mrs. Lloyd L. Downing, who worked in advance of the dates in securing clerical help and was on duty daily during the entire period. Much of the success of the clinic was due to her untiring efforts.

Plans are being made to make this an annual affair in Ballinger. Officials of the association are asking that people make plans now to support this worthwhile project when the clinic is held next year.

Officials of Four Counties to Meet Here Saturday

Members of commissioners' courts of four counties and a number of other county officials will be here Saturday for their regular quarterly meeting. Officials of Coleman, Concho and Coke counties will join Runnels county officials. State Senator Dorsey B. Hardeman and State Representative W. H. Rippy will be the principal speakers.

The morning business session will be held at the American Legion hall in Bruce Field, at which time Senator Hardeman will talk. Both members of the legislature will be asked to explain legislation affecting the counties and particularly road building.

At noon the Runnels county officials will be hosts at a chicken barbecue dinner in the Legion hall.

County Judge E. C. Grindstaff stated that a large number was expected and that officials of all the counties had accepted the invitation. This group met several months ago to discuss road legislation pending at the time and the conference was so profitable it was decided to form an organization and hold at least quarterly meetings.

Food Shipments For School Lunch Rooms Received

The first shipments of food for the lunch rooms of Runnels county have been received and distributed to the eight schools where cafeterias are being operated.

County Supt. W. E. Elkin announced the following shipments of food received from the department of agriculture, surplus food division:

2,600 pounds of dried beans
81 cases of canned cherries
28 cases of English peas
36 cases of cheese, 9 pound loaves, 6 loaves to case
116 cases of canned peaches

All schools in this section of West Texas shared in the first shipments, which were received at San Angelo and distributed from there. Other shipments are expected during the year and each school will share on a pro rata basis of enrollment.

County in Need of Many Cotton Pickers at Once

Runnels county farmers need many cotton pickers and labor placement leaders report very few are stopping here. Farmers were here the first of the week seeking crews for cotton, which is well open and has had no picking. Some reported their crops well open and in need of gathering at once.

Labor bulletins issued by the state office the first of the week listed Ballinger as needing 250 pickers and Winters 500. They also showed the probable production of the county at 18,000 bales.

County Agent John A. Barton said Monday that some farmers in the county with storm-proof cotton intended to wait until after frost and employ strippers. Other cotton growers may resort to this method if pickers are not secured.

Farmers here Monday stated that much of the cotton would be damaged by a heavy rain or wind storm if left in the field. Every effort is being made to bring laborers here but the big crews are going on through to areas around Lubbock, Amarillo and Morton, where the yield is much better on irrigated land.

Millersview and Norton Play Here Friday Night

An estimated 600 people from Millersview and Norton will be in Ballinger tomorrow (Friday) night to watch their six-man football teams in action in a conference contest. This sports feature is brought here by the Ballinger Lions Club and all members of the organization are active this week in an advance ticket sale.

Joe Satterwhite, chairman, is hoping for a crowd of several thousand. The teams are two of the tops in the district and the entire student body from both schools will be here.

Millersview will be the "home" team, the game being originally scheduled for that place. They will wear white jerseys while Norton will be in blue and gold.

Clifford Cook will be referee; Joe Forester, head linesman; and Kelly Chapman, umpire

and field judge. These officials are furnished by the West Texas Utilities Co. and Lint Department Store.

After the game both teams will be served a banquet hosted by Gene Heidenheimer. Game tickets were furnished by Curry-Hambrick and programs were printed by members of the Ballinger Lions Club.

Tickets are selling at 60 cents each for adults and 30 cents for students. The advance sale will continue until late tomorrow afternoon, when tickets may be obtained at the field box office.

The Ballinger Bearcat Band, under the direction of A. T. Estes, will be on hand for music and will assist with the school songs.

Ballinger fans are urged to meet their friends from these two communities at the game.

Club and F.F.A. Boys Exhibiting Stock at Dallas

Runnels county 4-H and F. F. A. boys loaded their livestock here Sunday afternoon and a large truck carried the animals to Dallas, where they are on display this week in the junior division of the livestock show.

Joe Johnson, assistant county agent, accompanied the 4-H club boys; and R. A. Hanson, local V-A instructor, was with the F. F. A. boys. Judging began yesterday and will be concluded tomorrow. The auction is scheduled Saturday.

John Barton, county agent, left Wednesday and will be on hand for most of the judging and the sale.

Runnels county boys have fat calves, sheep, swine and poultry in the show. Housing for the youths is provided by dormitories on the fair grounds. The return trip will be made Sunday.

No Charge Made For Connection With Sewer Line

City officials have learned that many people are of the opinion that there is a charge for connecting with the sewer system. Some prospective patrons have said they had been informed that a \$25 charge was made for tying into the mains.

It was stated that there is no charge for these connections. The yard service line of course must be built by the citizen and the expense of the line is paid to a plumber.

When a connection is made, the customer begins paying the regular service charge by the month, which is \$1.25 for the first four connections, 25 cents each for the next 10 and 15 cents each for all over fourteen.

Roy Hull, city inspector, stated that since January 1 a total of 197 connections have been made on the new lines recently completed. Others are in process of being made at this time and practically all new construction will tie into the lines when the houses are completed. Mr. Hull pointed out that there are from 900 to 1,000 other houses in Ballinger eligible to be connected with the lines. Efforts are being made to get patrons to tie into the system as soon as possible.

Figures on County's Oil Cited by Club Speaker

The Ballinger Lions Club observed "Oil Progress Week" in its program Friday noon at the Central Hotel. W. B. Groseclose, district sales manager for the Humble Oil & Refining Co., San Angelo district, presented an excellent account of the progress made since the discovery of oil in Pennsylvania 91 years ago.

The speaker pointed to the many progressive towns made possible because of modern transportation provided by trucks and transports. He also stated that while some people pointed to the oil industry as a monopoly, 95 per cent of it was individually owned and operated.

The speaker spent a good portion of his time dealing with figures based on Runnels county. He reminded his audience that according to records the first discovery of oil in the county was in 1927 and from that date until 1948 only about 1,000,000 barrels was produced. In 1950 alone the production was 2,000,000 barrels and the estimated production for 1951 will be about 10,000,000 barrels.

According to the speaker there were 287 wells producing at the end of 1950 and on October 1, 1951, there were 565.

He pointed to the income from oil for the county showing the 3/4 to property owners brings about \$2,000,000 a year and that the monthly payroll to employees is well above \$1,000,000.

Mr. Groseclose stated that since World War II the oil industry has spent more than 12 billions on new refineries and other improvements for increasing production and bettering products.

He urged the continuing of the oil industry under private control and not operated by the government. He pointed to countries where the government owns the industry and showed the tremendous prices charged and the neglect of civilians in their needs.

Cal Adair, chairman of the oil industry information committee, arranged the program.

Presbyterians, U.S.A., to Have Home-Coming on November 4

The First Presbyterian Church, U. S. A., will have home-coming day on Sunday, November 4, and plans are being made for a great event. It also will mark 70 years of work as a church, the church history showing the group was admitted to the care of the Brownwood presbytery in November, 1881.

While early day records of the church are few, the building was moved to the new town of Ballinger from Runnels in 1886 and was the first church to open doors in Ballinger. Sunday school records kept by Joe B. Wilmeth, superintendent, show the Cumberland Presbyterian Sunday school had an enrollment of more than 200, members of various denominations being in the classes.

Rev. A. O. Rue, pastor, is being joined by a number of special committees in planning the home-coming. Definite details of the program will be published next week.

Carpenters Repair Toys for Christmas

The Ballinger carpenters' union has received a large number of toys to be repaired for the Christmas holidays and has started work on the project. Members of the local are taking Saturdays and some nights to do this work and will have the toys ready for distribution to local needy children Christmas.

Jaycees to Help
Ballinger Jaycees will assist in gathering toys. President LeRoy Rieger has designated his store, Ballinger Electric Co., Malone Drug Store and Nixon Insurance Agency as places where the used toys can be delivered.

On Tuesday, October 30, the Jaycees will make a city-wide canvass to collect toys. All who have toys are asked to put them on their front porches that day and they will be taken to the work shop.

Those who have toys they wish to place in this repair pool are asked to gather them at once and deliver them to the local on the third floor of the Farmers & Merchants State Bank building.

Repairing toys requires considerable time and with working days limited to Saturdays only, the carpenters must have the used toys in their possession within a short time so they can be finished before the holiday.

The local has announced that an auxiliary is being formed, which will be chartered within a short time. The women are organizing so they can take their place along with the men in civic projects.

High School Queen Candidates Will Be Cut to Three Friday

The first tabulation of votes in the race for high school queen will be made tomorrow (Friday) and the list at that time will be reduced to the top three candidates. These three will continue in the campaign all next week and until 9:00 p. m. the night of the Halloween carnival, when the final count is to be made and the winner proclaimed. The 1951 queen will be crowned as the feature of the carnival program.

High school activities for the week include a group of students attending the West Texas student council meeting at San Angelo Saturday. Ballingerites who will attend are: Cordelia Flanagan, Merle Richards, Gale Hays, Curtis Fletcher, Margaret Hampton, Deanie Rountree, and the faculty sponsor, Miss Mary-at-Smith. Representatives of a large number of schools will be in session most of the day.

Seniors are busy with plans for the Halloween carnival, to be staged Saturday evening, October 27, in the library building.

Cafeteria Opened At Junior School

The first meal in the new junior high school cafeteria was served Monday noon. A crew finished cleaning up the past week-end after service men had completed installation of equipment.

A check-up was made Monday morning on the number of pupils who intend to eat at the new cafeteria and by the end of the week it was believed the correct number of meals would be prepared at each of the two lunch rooms.

Work on the lunch room had been underway about three months. A bond issue was voted soon after the end of school last spring and plans were made as soon as the funds were made available. Some of the required materials and equipment did not arrive on time and the opening was delayed several weeks.

The junior high cafeteria will serve more than 200 at a time.

Jimmy Parrish, Joe Vancil, Robert Miller and Junior Curry, all students at A. & M. College, spent the past week-end here, visiting their parents and friends.

JCs to Accept Gifts For Freedom Radio

Ballinger Jaycees held their regular meeting Monday night at Martin's Inn, a large number attending. LeRoy Rieger was in the chair for the business session which followed the dinner.

A discussion was held on the "Crusade for Freedom," European radio program, which is being sponsored by many Jaycee groups in Texas. The local organization voted to accept donations to the fund but will make no solicitation among business houses.

Preliminary plans were begun for holding the annual football banquet this fall. Efforts will be made to have the banquet in December, the date depending on when the speaker can be secured.

Activities for the Christmas season were discussed and several projects handed to committees for study and planning.

Legion Barbecue Is Well Attended

Members of the American Legion attended a barbecue dinner and stag party at their club house in Bruce Field Tuesday night, approximately 100 being present. The affair was held to launch the 1952 membership campaign which officers hope to conclude by November 11.

A number of 1952 members have already joined for the next year. All 1951 members have been asked to assist in the drive for new members and to secure renewals from present members.

No regular business period was held Tuesday night but members were signed up as they entered the hall and the entire evening was spent in a social gathering. Goat barbecue with the trimmings was served at 7 p. m. and during the evening as late arrivals came.

Post Commander Jack Williams stated that the Armistice Day observance would be planned at the next meeting of the post. Members of the Auxiliary will conduct their annual poppy sale on the Saturday before Armistice.

Troy Stuart, of Ballinger, is enrolled as a sophomore student at Texas Lutheran College, Seguin. The son of Mr. and Mrs. Emmitt Stuart, Troy is majoring in physical education and plays tackle on the football team.

Committee to Solicit Funds for Firemen

A finance committee composed of Sam Behringer, Guy Swann and Dr. W. K. Wheatly has been named to raise funds for the Ballinger fire department. A goal of \$500 has been set, which will be needed by the department to take care of items coming up during the next several months.

About once every two years a fund is raised for the local department by the citizens. The department at this time is running short of money to carry on its activities and has asked the committee to work in its behalf.

This money will be used for taking care of the annual banquet expenses, entertainment of the Hill Country Firemen's Association at its next regular meeting and other expenses which come with the holiday season.

The members of the department train and work free of charge for the protection of lives and property and when it needs funds, Ballinger business men and citizens are glad to help.

The finance committee will mail letters to citizens this week asking that they send in checks for their contributions. Checks also may be handed to any member of the committee. It is believed that the letters will secure the amount needed without personal solicitation.

BRADY GAME RESERVED SEATS ON SALE MONDAY

Joe Forester, high school principal, stated that the sale would start at 10 a. m. Monday, October 22, and those who desire choice seats are advised to secure them soon.

Mr. and Mrs. A. J. Thorp, Jr., visited friends and attended the state fair at Dallas the past week-end.

Mr. and Mrs. E. C. Grindstaff visited relatives at Abilene Sunday.

VFW Meeting Set Tonight to Plan Organizing Post

J. O. Lonon, field representative of the Veterans of Foreign Wars, has been here this week reorganizing the local post and making plans for chartering a new post and election of officers.

A meeting of all members who have signed up and those who are interested will be held at the city hall auditorium tonight at 8:00 o'clock. At this meeting Mr. Lonon and other state officials will detail the work of the VFW and projects which are now being pushed for the benefit of veterans.

A VFW post has been formed here twice and each time failed to continue operations. No membership list was sent to state headquarters the past year and in consequence a field representative was sent here to reorganize the post.

Membership in the Veterans of Foreign Wars is limited to those who have served overseas.

A post was formed at Winters last week and workers here estimate there are more than 500 veterans in the Ballinger area eligible for membership.

All veterans interested are invited to attend the meeting tonight.

County H. D. Council Hears Recommendations for Clubs

Mrs. Thomas Egan, chairman, led the opening prayer and presided for the business period when the Runnels county home demonstration council met on Friday, October 12, in the office of Miss Ollie Chenoweth.

The council committee chairmen gave their reports. The year-book committee met Octo-

ber 2 in the home of Miss Chenoweth and planned the 1952 yearbook, including demonstrations on cooking, home improvement and landscaping.

The finance committee set a budget for the council, the method of raising the funds to be decided later. This year's calendars and yearbooks are to be distributed at the December council meeting.

The 3E committee plans to set up an exhibit or have another tour to show the accomplishments of the clubs for next year. Club members are urged to invite non-club members to regular meetings, follow the yearbook programs and continue to read books from the council library.

The marketing committee asked each club to have a marketing chairman and to keep a record of all articles bought through the committee, pooling orders on articles not available locally. Farm products, for markets should be improved where possible.

Mrs. Bob Fowler, of the recreation committee, asked that all clubs have a recreation leader and to learn the songs in the club song books. Each club is asked to have a stunt at Rally Day.

Miss Chenoweth gave the report for the 4-H committee, stating that plans should be made to help the 4-H clubs financially and in sending delegates to the district and state meets. Parents should be invited to the 4-H programs, it was declared. The clubs should invite 4-H girls to help with the programs occasionally was another recommendation. A new 4-H club is being organized at Wingate.

All council officers gave reports of their year's work, showing that each carried out the duties of their offices. Club presidents gave reports on activities for the past year, with sewing, home improvement and the preserving of meats and vegetable in lockers and home freezers being the main interests. New furniture was added in many homes and several yards were landscaped. All clubs enjoyed the handcraft demonstrations for the past year and used the cooking demonstrations in preparing

food for their families. The reports show a very successful year for the clubs.

The council voted to pay \$10 toward the expenses of a leader to attend the civil defense school to be held at San Angelo January 21 to 25, or at Abilene February 4 to 8.

Miss Chenoweth gave out a question and answer program on the soviet A bomb, to be used as a club program in the near future in the form of a round-table discussion.

God healed him

"I DRESSED HIS WOUNDS, and God healed him," was the modest statement of the great French physician, Paré. It was he who first insisted on cleanliness and fresh air for his patients.

These things now are accepted as the minimum essentials for health, although in the sixteenth century they were revolutionary. Medical science has traveled a long road since the days of Paré. Some diseases have been eliminated, others drastically curtailed. Given full co-operation, physicians could eradicate many of the infectious diseases still rampant today. It is up to you to take advantage of the knowledge your physician possesses.

OIL PROGRESS WEEK

OCTOBER 14-20

Oil Progress means more to Texans!

This week the United States will focus its attention on the oil industry's contributions to the high American standard of living, to the nation's industrial progress, and to the national defense. *This is Oil Progress Week.*

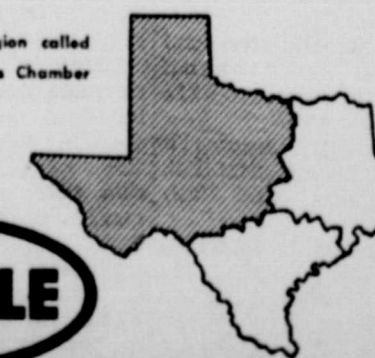

Texans know the story well: as home folks in the oil country, they share the oil industry's pride in supplying the resource that powers a major share of the country's industries, all its airplanes and automobiles, most of its ships and trains.

Texans realize, moreover, that oil's progress means even more to them than it does to many other Americans. For example, the value of the crude oil produced in West Texas* in 1950 was approximately a billion dollars. This is not "boom money." West Texas uses it to pay taxes, salaries and wages; it buys homes, groceries, light and heat; doctors collect a portion of it; landowners receive

royalty and lease payments; a sizable portion of it is reinvested in the further development of the region's oil resources.

In a word, the progressive development of the petroleum resources of West Texas has enormously stimulated its thriving industrial, commercial and agricultural development, and this is the *more*, the plus, that oil's progress means to West Texans. Modern, efficient production practices will conserve the oil and gas resources of the region, and oil's progress will continue to mean more to West Texas for many years ahead.

* The shaded area is the region called West Texas by the West Texas Chamber of Commerce.

Bearcats' Running Puts San Sabans Behind, 40-6

Three Ballinger football teams had a successful weekend, winning three games with a combined score of 84 to 6. The fighting, highly popular juniors defeated the Winters juniors in a conference tilt 14 to 0 in the first game of a double header Thursday night. The B team beat the Coleman B squad 30 to 0, and Friday night the Bearcats wound up their home season for 1951 with a 40 to 6 romp over the San Saba Armadillos.

The Bearcats lost little time in getting the scoring underway but after the initial touchdown battled a stubborn San Saba team the entire first half before really getting down to business.

Before the contest was but a few minutes old, the San Sabans punted to Ballinger and on the second play, Harold Merrifield stepped into the secondary and raced 43 yards for a touchdown. Payne's try for the extra point was wide.

The Bearcats lost several scoring chances in the remainder of the half because of penalties and time. Once Merrifield ran 56 yards for a score only to be called back for a holding penalty. In the closing minutes of the second quarter the Bearcats took the ball on their own 3-yard line and chalked up seven first downs in a drive down field but time ran out with the ball resting on the San Saba 2-yard line.

Opening the third quarter, the locals received and drove straight downfield to the 7-yard line from where Payne carried over. He also added the extra point with a place kick.

San Saba received and on the first play, Payne intercepted a pass on the Armadillos' 35 and returned to the 11. A pass from Jerry Bell to Merrifield in the end zone was good for the score. Payne kicked.

The visitors pulled the biggest break of the night, with the ball resting on their own 2-yard line, Jerry Johnson broke into the secondary and outran the Ballinger team for 91 yards and the Armadillos' only score. The try for the extra point kick was blocked.

Following the San Saba counter, The Bearcats chalked up two first downs and Merrifield broke off tackle for 40 yards and another score. The kick failed.

The Bearcats recovered a fumble on the San Saba 43-yard line and drove upfield, Payne carrying over from the 2-yard line. Payne kicked for the extra point.

The final score of the evening came in the fourth quarter after Payne intercepted a pass on the San Saba 40. A penalty placed the ball on the 25, from where Merrifield did some fancy broken field running for the rest of the distance. Payne kicked.

The Bearcats chalked up 17 first downs to the Armadillos' 6.

goal line and so far have spider webs on their uprights.

The B team, coached by Frank Barnett, showed fans plenty of football in the second game of a double-header last Thursday evening when it crushed the Coleman B team 30 to 0. W. A. Roberts, a transfer from Novice and not eligible for the A team this year, displayed power both on offense and defense and was the difference in the contest.

The Bearcats, resting this week, start their conference tilts on October 26, with the Brady Bulldogs the first opponents. All conference games are away from home and at least three strong teams, Winters, Brady and Coleman, will give plenty of trouble.

Several hundred people will go to Brady with the team, band and pep squad to give sideline support.

No Ballinger teams are in action at home this week. Bearcat Field will be the scene of a six-man grid tussle tomorrow (Friday) night at 8:00 o'clock when the Norton and Millersview teams clash here. This contest is sponsored by the Ballinger Lions Club.

Cotton ginnings in Runnels county up to the close of business Tuesday night were tabulated at 4,417 bales. The northern half of the county had turned out 2,247 bales and the southern half 2,170 bales.

Pickers are still scarce and gin operations are being slowed as a result. It was asserted that 1,000 or more pickers would be needed next week.

Tax paying time is here again and employees of the collecting offices have been busy since October 1. The office for county and state levies has been especially busy, many large accounts having been cleared. The early payments at this office are induced by offering a 3 per cent discount for all accounts paid in October, 2 per cent in November, and 1 per cent in December. While the city and school district offer no discounts numerous property owners get their taxes out of the way at one time and call at all three offices.

The United Church Council is preparing to ship used clothing to Korea, to be distributed among civilians for comfort during the cold winter just ahead. Appeals have been received from members of the own armed forces, declaring that many will perish unless clothing arrives before winter begins. Their appeals especially stress the need for children's apparel. Many tots are left in that devastated country without parents or lost from them and have little or nothing to wear. This situation creates an urgent problem for our own troops and they hope the people back home will assist the Koreans and at the same time aid in building better morale. Many excellent used garments have already been donated but more are needed. Those who want to help may contact members of the council in their own churches.

Texans will go to the polls on November 13 to cast ballots on five proposed amendments to the constitution. All of these issues are important and every voter should be interested enough to inform himself about each and then go to the polls and register his opinion. Predictions are for a very light turn-out in all counties. This is based on past elections where amendments were the only issues involved. In Runnels county all polling places will be open the usual hours and every qualified citizen is urged to go to his box and cast a ballot.

Notice to Bidders
Notice is hereby given by the Commissioner of Precinct 1, Runnels County, Texas, that the commissioners' court will receive bids on a two-ton truck, short wheel base, 2-speed axle, 8-25 10-ply tires on rear, 7-50 8-ply tires on front, heater, oil filter on motor. Will trade in 1947 1 1/2-ton Ford truck.
Bids will be received until November 14, 1951, at 10 a. m., at which time they will be opened. The commissioners' court reserves the right to reject any and all bids.

WEST TEXAS NOTES

Two young men, Lloyd and Floyd Conner, were honored by the Miles Baptist Church last week when both were licensed to preach. The twin brothers have been life-long workers in the Miles church and future plans call for college and seminary training to prepare them for the ministry. Rev. Robert G. Wilson, church pastor, presented the brothers scrolls, officially proclaiming them licensed ministers.

Cecil Skaggs, Jr., son of Mr. and Mrs. Cecil Skaggs, of Eden, has been designated the Concho county 4-H club gold star boy for 1951. The award was presented by Ed Whitesides, county agent. Young Skaggs has been in 4-H club work the past four years and has made excellent records in all his demonstrations. In feeder projects he has raised rabbits, swine and sheep, exhibiting his best in area shows and at the state fair. He also was a member of the Concho county wool judging team.

The Stephenville board of recreation has decided to ask the city council to enlarge the city park and add to the facilities. The proposal would call for the purchase and improvement of additional land on both sides of the Bosque River. The board discussed the operating of a continuous program at the park during 1952 and a special committee was appointed to look into the possibilities. Other committees were named to acquire more equipment.

A Dallas concern has taken over Curtis Field, Brady, and within the near future will open a factory for building airplane parts under a defense contract. The first shipment of machinery is due at Brady this week and installation will be made soon. Some of the buildings at the field are now occupied by individuals and firms, who probably will be asked to vacate. Structures used for the airport will be retained by the city.

Bronte Lions and those interested in becoming members were called to a special meeting this week to make plans to reorganize the club. A number of visitors from clubs in nearby cities attended to assist those interested in reactivating the club and starting a number of projects. Until recently, Bronte had a fairly active club, but lack of interest reduced the interest until meetings became irregular and President C. Bruton called for the special action.

Ledger subscribers are requested to notify the publisher of any change in their address promptly. Under postal laws newspapers and periodicals must pay postage due for notices of any change in address furnished by the post office. Besides there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move. The best plan for all concerned is to send the change of address in advance.

The Winters quarterback club has set a goal of replacing the old wooden stands on the western side of Blizzard Field with new steel stands like those on the eastern wing. In its first year, the club has already been responsible for a modern press box and assisted in other ways to improve the physical property and facilities of the football field. The club holds meetings once a week, when it sees movies of the Blizzard game of the week before.

Ory J. Grigsby, manager of the Comanche county REA, has returned from a two weeks conference at which he obtained \$350,000 for extensions and improvements. Of the total received, \$91,000 was earmarked for construction of a new office building and warehouse at Comanche. The building had been approved for several months but no funds were set aside for the work. The Comanche county REA is now serving 5,900 farmers and ranchmen in its district.

Spencer Tracy casts a baleful eye on daughter Diana Lynn's insistence that he take his medicine. The scene is from "The People Against O'Hara," M.G.M.'s powerful courtroom drama, to be shown at the Horseshoe Drive-In Sunday, Monday and Tuesday. Pat O'Brien and John Hodiak are others in the stellar cast.

Tracy, O'Brien, Diana Lynn Leads In Drama, 'People Against O'Hara'

LADIES—You might be surprised at our low prices on dresses, suits and coats. Call and see. Higginbotham's, in Ballinger.

The first-run feature, "The People Against O'Hara," is the attraction at the Horseshoe Drive-In Theatre Sunday, Monday and Tuesday, October 21, 22, 23. Spencer Tracy, Pat O'Brien, Diana Lynn and John Hodiak are starred in the powerful courtroom drama.

Lovely Gail Russell plays the feminine lead in Universal's "Air Cadet," to be presented at the Horseshoe tomorrow and Saturday. Filmed on location at Randolph Field, Texas, and Williams Field, Arizona, the picture tells the story of the training of jet fighter pilots for the air force. Stephen McNally, Alex Nicol, Richard Long and Charles Drake headline the big cast.

On the same program will be Zane Grey's "Heritage of the Desert."

In "The People Against O'Hara," Spencer Tracy returns to the field of straight drama following several comedy hits. His role is that of a man who returns to criminal law, against the advice of his daughter, due to his fervent belief in the innocence of a boy accused of murder. The film also marks the introduction of Tracy and O'Brien as a motion picture team.

Supporting players include James Arness, Eduardo Cian-nelli, Yvette Duguay, William Campbell and Richard Anderson.

There's a merry mixture of mirth and melody in the offering at the Horseshoe Wednesday and Thursday, October 24, 25, "Two Gals and a Guy," a United Artists release. The mirth is provided by Robert Aida, currently starring in the Broadway hit, "Guys and Dolls." Lovely Janis Paige plays a dual role, and caustic-tongued James Gleason rounds out the well-balanced cast. The melody emanates from the nation's favorite instrumental trio, "The Three Suns," who make their motion-picture debut with several new songs plus some old ever-popular standards.

'Cattle Drive' Stars Virile Joel McCrea And Young 'Discovery' Dean Stockwell

Universal's "Cattle Drive," in Technicolor, starring Joel McCrea and juvenile star Dean Stockwell, thunders across the screen of the Texas Theatre Sunday and Monday, October 21, 22. McCrea and young Stockwell were previously seen together in the heartwarming "Stars in My Crown." "Cattle Drive" is their second film together.

The new western is a thrilling outdoor film from start to finish, preview audiences say, and has as its motivating theme the friendship that grows between a cowpoke and the stubborn 14-year old son of a railroad magnate whom destiny throws together on a two-week cattle drive headed for Santa Fe, New Mexico.

A truly he-man picture without the introduction of a single feminine player, the western tale has everything the thrill-lover could expect. Wild horses, stampedes, races and fights in the cruel, parched desert serve as the background for a tender story of a friendship between a headstrong boy and an understanding man.

Chill Wills, Leon Ames and Bob Steele head the supporting players.

Dick Powell and Peggy Dow reach a new laugh high with their comedy antics in Universal's "You Never Can Tell," being shown at the Texas today, tomorrow and Saturday.

The new comedy hit tells the riotous story of a police dog who is left \$5,000,000 by an eccentric millionaire, gets poisoned, goes to animal heaven and returns to earth as Private Eye Dick Powell. Miss Dow is the millionaire's secretary and the top suspect in the dog's demise.

Tim Holt and Richard Martin are seen in "Gun Play," the second feature on the double-bill.

Alan Ladd and John Derek in Rugged Portrayals; Jane Powell, Sothern, Miranda Musical Stars

Alan Ladd's adventure drama, "Appointment with Danger," a Paramount thriller, is the feature attraction at the Hillcrest Drive-In Theatre tomorrow and Saturday. Based on the daring exploits of the postal inspection service, the film has been described by advance critics as an exciting and brilliantly mounted production which tells a breath-taking story of a million dollar mail robbery. Phyllis Calvert co-stars, and Jan Sterling, Paul Stewart and Jack Webb head a large and talented roster of feature players.

On the same program is "Eagle Squadron," starring Robert Stack and Diana Barrymore.

John Derek has what is said to be the biggest role of his career in "Saturday's Hero," a Columbia picture, to be shown at the Hillcrest Sunday, Monday and Tuesday, October 21, 22, 23. Donna Reed stars with Miss Lillian Knowlton, of San Angelo, who formerly taught in the Ballinger schools, is in the Big Spring veterans' hospital, recuperating after several weeks illness. Friends here have been informed she is much improved.

Derek in what is considered the first film ever to tell the truth about bigtime college football. U. S. Senator J. William Fulbright, of Arkansas, former president of the University of Arkansas, has said of "Saturday's Hero" that it is "a graphic portrayal of shocking practices as I know them!"

One of the gayest musicals ever to come out of Hollywood is reportedly M-G-M's "Nancy Goes to Rio," to be presented at the Hillcrest Wednesday and Thursday, October 24, 25. Jane Powell and Ann Sothern are starred in this Technicolor production with Carmen Miranda in a top-flight role. Set against a background of romantic Rio and exciting backstage New York, the story moves at a tureful pace from one continent to the other in a plot that tells of a teen-ager who "falls in love with love."

Harry Sullivan plays leading man to both the feminine stars. Miranda sings two hits, "Yip-see-I-O" and "Caroom-Pa-Pa." Louis Calhern and young Scotty Beckett have supporting parts.

Douglas, Bennett and Darnell Stars of Film

Paul Douglas, Joan Bennett and Linda Darnell form the triple-star combination at the Texas Theatre next Tuesday and Wednesday, October 23, 24, with the arrival there of "The Guy Who Came Back," 20th Century-Fox comedy-drama about an ex-grid star who makes one magnificent comeback by proving himself the only guy capable of sinking the navy team.

Buy at the Right Time

The cost of anything may depend on WHEN you buy it. It is good business to buy when prices are at lowest level. And, to do this, it is necessary to have liquid funds available for quick action. Bargains will not always wait.

Even when the trend of prices is higher, there are always bargains for those who buy carefully and who are prepared. Every dollar saved is a big consideration, and it is always a satisfaction to know that when you make a purchase you get good value. Even at best things now cost enough.

Keep a substantial reserve in the bank. Take advantage of sales and bargains. Buy at the right time and you will be more likely to buy at the right price. Our facilities will permit us to handle a greatly increased volume of business—opportunity to expand our usefulness will be appreciated.
