Mrs. Hodges Honored at Bridge Party

Mrs. William B. Hodges, of South Houston, who has been a house guest in the home of her mother, Mrs. Elmer F. Jaffe, was again named honor guest at a bridge party given Friday afternoon in the Price Middleton home in Wilke Ter-

race.

Hostesses were Mrs. Middleton, Mrs. Jack Scales and Mrs. Sam Malone, Jr., of Pampa.

Arrangements of daisies, zinnias, dahlias and other summer garden flowers were used to give added beauty to party rooms where the honoree received high score award. The

bingo went to Mrs. Josephine Stallings, which was also presented to Mrs. Hodges, and a hostess gift was presented Mrs. Hodges.

A salad plate with iced tea was served to those previously mentioned and to: Meses. Jack Nixon, Jr., E. B. Blackburn, Gene Keel, Vernon Dankworth, H. G. Agnew, Lloyd Johnson, James Williamson, T. A. Parrish, Ross Murchison, A. J. Thorp, Jr., W. B. Woody, Earl Barr, Alex McGregor, and Ewell

Sgt. and Mrs. Gilbreath Home from Alaska

After spending two years at Anchorage, Alaska, S-Sgt. and Mrs. W. R. Gilbreath are at home, visiting Mrs. Gilbreath's parents, Mr. and Mrs. O. R. O'Neill, in this city, and Sgt. Gilbreath's parents, Mr. and Mrs. H. B. Gilbreath, of San Angelo. Mrs. Gilbreath is the former Miss Mary Evelyn O'Neill.

Sgt. Gilbreath was stationed at Elmendorf AFB the past two years. They are glad to be at home even though the temperature is much different than what it was when they left Anchorage on June 15 on the U. S. S. President Jackson. They arrived at Fort Mason, San Francisco, on June 21, and visited in several states and Mexico before coming on to Ballinger, arriving here July 2. The Gilbreaths had quite an experience while in Alaska.

Living conditions are very poor, and they have no desire to return to the cold country, even though they have spent most of their time by the air conditioner since they arrived. After a month's stay in West Texas, Sgt. Gilbreath will report at Kansas City, where he hopes to be discharged from the service in several months.

Ace of Clubs Entertained by Mrs. Agnew

Varied garden flower arrange-

ments were used to decorate the home of Mrs. H. G. Agnew on Sixth Street when she was hostess to members of Ace of Clubs Thursday afternoon of last week.

In games of contract, Mrs. Earl Barr was awarded high score prize and the bingo award went to Mrs. W. O. Irby.

A salad plate with dessert and iced tea was served to: Meses. George Newby, Price Middleton, Irby, Barr, W. E. Moss, Jack Scales, John Brad-

ley and Sam Conner. Engiand's cliffs of Dover are formed by the uplifting of countless shells of minute animals.

A Tribute to the Future Farmers of America!

Youngsters just reaching life's first dawn of maturity, here and throughout the entire length and breadth of our beloved land, are dedicating themselves to being guardians of the good earth. In homespun words, they are going to be farmers. Mother Nature will be their sponsor and mentor. The lucky old sun and the gentle wind and the rain and snow will conspire with them to prepare the tender soil and germinate the tiny seeds into sturdy, fruitful plants and trees. Of all the things that Man can do under the canopy of heaven, none is more richly satisfying or productive than tilling the soil and tending flocks and herds. How fortunate these teen-agers are! How wise! We salute their grand organization with genuine pride—and say "God bless you all; you shall inherit the earth!"

KING ON SHAKY THRONE . . . While a big part of the world wonders how much longer he is going to remain a king, his majesty King Talal of Transjordan enjoys watercycling on Lake Geneva with Jordan's Minister of Army. There have been many rumors about the king and his kingdom in recent weeks. One is that a scheme is afoot to depose him and install his son Prince Hussein on the throne. Talal's wife is reported seeking sanctuary in Switzerland. Talal is reported mentally ill.

OUR 5TH ANNIVERSARY

It was on July 18, 1947, that we came to Ballinger to take over the Ford Tractor business. Tomorrow will be our fifth anniversary and we cannot let it pass without expressing to our patrons and friends the thanks due them.

Our five years have been made happy by the fine patronage, the hospitality and the wonderful spirit of friendship shown by so many. We firmly believe there is no better place in which to live and no finer people in the world.

Aside from actual business, you have taken us into the religious, civic and social life of the town for which we are deeply grateful. In our small way we have tried to fill each place of responsibility and in doing these tasks have experienced a real joy.

On this anniversary let us say thanks to every man, woman and child who in any way has contributed to our prosperity and happiness.

WHERE PLANE PLUNGED INTO HOMES... This is a general view of the spot where a C-46 transport airplane crashed into a residential section of Jamaica, N. Y., recently. At left are wrecked automobiles struck by the plunging aircraft. In center is part of the plane wreckage, and at right one of the wrecked houses. Police placed the death toll from the air catastrophe at six, among them Police Inspector Thomas V. Boylan, whose police car was demolished by a wing of the plunging plane. This crash, plus the fatal crashes recently at Elizabeth, N. J., has made the populace of sections near large airports protest vigorously against heavy air travel over residential areas.

Several Producers And Wildcat Tests Recorded in Week

Oil operators are feeling the pinch of the steel strike in obtaining pipe. During the past week good progress was made in the county, however, about the usual number of completions being made.

Union Sulphur extended the Cree-Sykes (upper Gardner) field with completion of No. 20-O. C. Sykes for a daily flow of 109.58 barrels of 40 gravity oil. Production is through perforations between 3,958 and 3,972 feet.

The Lindemann (McMillan) field also was extended when Thomas Humphrey No. 4-J. L. Elkins was finished for a flowing potential of 190.13 barrels of 43.1 gravity oil. Top of pay was encountered at 2,497 feet.

Oil has been found in Geophysical Surveys No. 1-J. A. Traylor in the King sand around 2,782 feet. A three-hour drillstem test recovered 2,250 feet of free gas, 45 feet of oil and 35 feet of mud-cut oil. The hole is to be deepened.

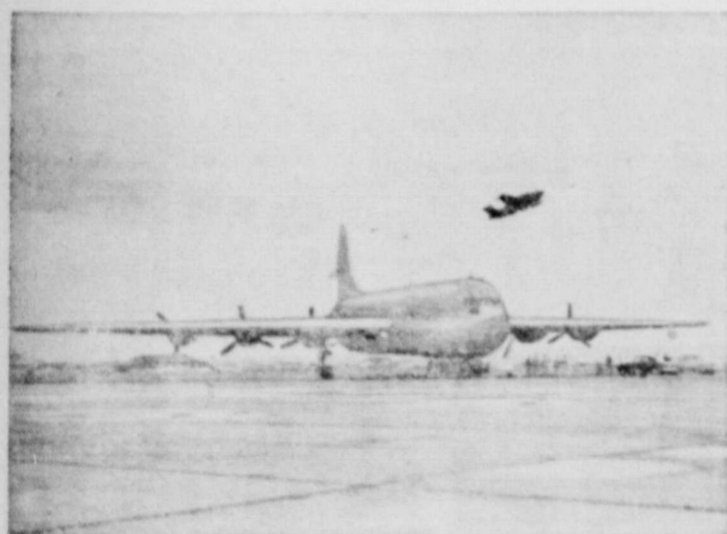

Murray Petroleum No. 1B-Sophie Hasse has been completed as a 3/4-mile east extension of the Winters (Caddo) field. The daily flowing potential is 232 barrels of 47.6 gravity oil. Top of pay is 4,495 feet.

Tex-Mex Drilling Co. No. 1-O. C. Pruser has been staked seven miles southeast of Winters. Projection is to 4,650 feet. Warren Oil Co. No. 2-L. B. Watkins has been staked one location south of the Bays (Goens) field and will be drilled to 5,500 feet.

Sojourner Drilling Co. No. 1-William Ashton is a 3,000-foot wildcat. Miami Operating Co. No. 2-Clara McKissack has been located for a south, slightly west outpost of the Cree-Sykes (upper Gardner) field. Mrs. Ray Key and children, Kay and Joe, of Albany, are visitors in the home of Mr. and Mrs. Powell Wear and Mr. and Mrs. Gene Keel.

HIGH COST OF LIVING IN INDIA... The high cost of living, if it be any consolation to you, is as much a pain in the neck to the daughters of Mother India as it is to the daughters of Indiana, U.S.A. This demonstration of housewives was staged outside the Delhi legislative assembly recently to protest rise in prices of rationed food grains as a result of the cessation of the subsidy by the central to the states. Women police form barricade by joining hands.

WORLD'S LARGEST WARPLANE... The world's largest military aircraft, the XC-99, is shown just after the big airplane landed and taxied to rest at Bolling Field, Washington, D.C. The plane was flown to Washington to take part in army observances. The airship is capable of carrying 400 troops, fully equipped for battle, at a speed of 300 miles per hour. The plane weighs nearly 155 tons and possesses a range of more than 8,000 miles. Compare size with that of jet in picture.

On the cost of medical care

Many of the current prolonged discussions on the high cost of medical care are without foundation. Although it is true that drugs and medical services cost more now than they did ten years ago, the rise in cost has not been out of proportion to the increase in the prices of other commodities and services. The cost of a physician's call is no greater than that of a plumber or an electrician. The cost of the medicine he prescribes is no higher than the cost of a valve, a faucet, or an electrical outlet. Moreover, it must be remembered that money cannot buy good health. It is priceless. No finer, no more economical, no more efficient system of medical care has ever been devised than that which this nation now enjoys.

"Brave Warrior," Columbia's outdoor drama of the battle that shaped the West, is being shown at the Hillcrest Drive-In Theatre today, tomorrow and Saturday.

Starring Jon Hall, the new, Technicolored western adventure tells the story of the mighty Shawnee uprising that struck terror across the plains. Supporting roles are portrayed by Christine Larson, Michael Ansara and Jay Silverheels.

"Clash by Night," starring Paul Douglas and Barbara Stanwyck, is the feature at the Hillcrest Sunday and Monday, July 20, 21.

Robert Ryan and Marilyn Monroe lead the supporting players, who also include young and handsome Keith Andes, who shows promise of becoming a fine actor and top film personality.

"Clash by Night" was produced by Billy Rose on the New York stage, and the film version is characterized by some adept acting of the adult variety.

FRIENDLY NEIGHBORS HOME DEMONSTRATION CLUB

Mrs. W. F. Mueller was a visitor when Mrs. Harold Mueller was hostess to Friendly Neighbors home demonstration club last Thursday afternoon in her South Ballinger home.

After the club pledge by Mrs. J. A. McClelland and the club song led by Mrs. Andy Riddle, roll call was answered by each member giving a proverb. Mrs. W. J. Curtis conducted the business period, at which the club voted to have a 42 and ice cream party at the city park on Friday, July 18, at 8 p. m. The Rally Day program at Bruce Field, to be held on August 30, was discussed and a rehearsal of the skit which the club will present will be held at the next meeting, which is to be held in the home of Mrs. Roy Tyree.

Mrs. Leon Russell was in charge of the recreation. The hostess served refreshments to nine members and the visitor.

Forget the sorrows of the past and be glad for the pleasures of today.

Mrs. J. R. Holliday Honor Guest on 90th Birthday Anniversary

Mrs. J. R. Holliday, who was 90 years old Monday, was named guest of honor by her children at City Park Saturday, July 12.

Mrs. Holliday, one of Runnels county's oldest citizens, still maintains an interest in everything worthwhile from world affairs to the everyday happenings of her friends and their children.

From early childhood she has been a member of the Baptist Church. Born at Paris, Lamar county, on July 14, 1846, Mattie Miles, the daughter of Judge and Mrs. F. Miles, she became the bride of J. R. Holliday on December 10, 1879. The couple moved to Runnels county on March 1, 1883, and settled at old Runnels. They moved to their farm four miles north of Runnels City in 1887, and it was there the first Sunday school was organized by Mrs. Holliday, which included the children of three families. Sunday school and church services were held in the Bowman school, which was built by Mr. Holliday, I. Vancil and C. W. Duke.

Ten children were born to Mr. and Mrs. Holliday and six are living. One son, Fred Holliday, lives in Ballinger; David at San Angelo; Robert at Houston; Mrs. Henry McDonald at Winters; Mrs. Mildred Watson at Lufkin; and Mrs. E. V. Grantland at Colorado City. Among the 18 grandchildren there are two sets of twins, Bill and Bob Holliday, son of Mr. and Mrs. David Holliday, of San Angelo; and Robert and Fred Holliday, sons of Mr. and Mrs. Fred Holliday, of Ballinger. Mrs. Holliday had a twin sister, and another set of twin sisters. There are 28 great-grandchild-

ren. Mrs. Holliday said living conditions are different now from the "horse and buggy days," that is "if you owned a buggy and not just a wagon." Mr. Holliday, with Frank Miles and Sterling Hathaway, moved many of the homes from Runnels City to Ballinger in 1886 after the first lot sale here. The homes were moved intact with furniture, and some of the housewives remained inside while making the trip. Mr. Holliday did a lot of freighting to other towns. Lumber, groceries and other items were hauled from Abilene to Brady, Fort Chadborne, San Angelo and other points.

Mr. Holliday died in August, 1913. In 1916, Mrs. Holliday with four of her children moved to Ballinger, where she has resided since.

Her hobby was raising chickens until November, 1948, when she fell and broke an arm and dislocated a shoulder. She makes her home with her nurse, Mrs. Dick Ueckert, and her daughter-in-law, Mrs. George Holliday.

Mrs. Holliday has always felt that the church ministers to the spiritual needs of man, therefore she was an ardent church worker. She was a Sunday school teacher for 47 years and worked in the junior department of the local First Baptist Church for 22 years. She was an active member of the Women's Missionary Society until she was injured.

Several tributes have been paid to Mrs. Holliday by the W.M.S. and by the church.

Dressed in a light silk dress, rocking placidly in her living room, Mrs. Holliday recalled pioneer days and reminisced about the past, both in Old

Runnels and Ballinger, concerning every phase of life, especially the church which she loves. She spoke of the present Baptist Mission for the Latin-Americans on Strong Avenue. The building was built in 1884 and moved to Ballinger from Runnels. It has been renovated for church services.

Cut-of-town guests at the birthday dinner were: Robert Holliday, of Houston; Mr. and Mrs. Henry McDonald, of Winters; Mr. and Mrs. E. V. Grantland and son, James, of Colorado City; Mr. and Mrs. D. P. Holliday; Mr. and Mrs. D. H. Emerson and daughter, Sylvia, of San Angelo; Mr. and Mrs. Bob Holliday and children, of Wichita Falls; Mr. and Mrs. Frank Holliday and baby, of Brownwood; Mrs. Mabel Holliday, of Dallas; F. K. Holliday, of Waxahachie; Mr. and Mrs. M. L. Guthrie and son, Louis Miles, and Mr. V. L. Grady, of Santa Anna; Mrs. Hayden Miles, of Midland; Mrs. Baz Smith, of Benoit; Mrs. Florence Gentry, of Bronte.

Ballinger guests were: Mr. and Mrs. Fred Holliday and sons, Robert and Fred; Rev. and Mrs. Joseph L. Emery; Mmes. L. L. Stroble, R. A. Dickinson, I. Vancil, Dick Ueckert, George Holliday, Emma Nash, J. W. Fowler, C. J. Lynn, G. B. Nixon, J. W. Biasedell; Misses Rena and Anna Walker; Garland Nunn and Delbert Vancil.

Birthdays Party at Park for Dona Hampton

Little Miss Dona Hampton was complimented on her fourth birthday anniversary late Saturday afternoon when her mother, Mrs. Jack Hampton, was assisted by Mrs. Homer Hudgins, of Miles, and Mrs. Jim DeLong in giving a party at city park.

After games were played on playground equipment, pictures were made and gifts opened by the honoree, the pretty white birthday cake, decorated with pink rosebuds and embossed with "Happy Birthday Dona," and topped with four little girl holders with pink candles, was cut and served with fruit punch. Favors were toy cars and airplanes.

Those attending were: the honoree's grandparents, Mr. and Mrs. L. L. Williams, and Betty and Woodine Gieghorn, Charles Wayne Swift, Sterling and Gena Cox, Keith and Karen Curry, Gene and Johnny Keel, David Talbott, Sharon Scales, Hal Reneau, Joan Webb, Jan and Kay Ayers, Hal DeLong, Tony Virden, Cathey Dankworth, Jan Ketchem, Beverly Brown, Penny Hearn, Carol Freeman, Tommy Selby, Julie Hampton, Judy Garrett, Kathleen Davis, Deann Wehrley, Mike Rountree, Carol Huddleston, Dennis Yoder, Carolyn Cook, Paul Witt, Dickie Duncan, Jerry and Evelyn Hudgins, of Miles, Wendolyn Wear, Robert and Janette McGarvey and Mary Hampton.

Mr. and Mrs. Bob McGarvey and children left Tuesday for Lodi, Ohio, where they will visit relatives and friends. From there they will go to Detroit for a short visit before returning home through the Ozark Mountains.

"Our Nation and Flag" Theme of Conquest Class Program
Mrs. B. H. Erwin was leader for the program "Our Nation and Flag," presented at the regular meeting of the Conquest Class of the First Presbyterian Church, U.S.A., at which Mmes. Alvin O. Rue, Oscar Routh, Harper McFarland, and Miss Edna Routh were hostesses. The program was held Monday evening in the home of Rev. and Mrs. Rue on Eighth Street.

The patriotic theme was carried out in room decorations, which included American flags and arrangements of blue bells combined with red and white zinnias on both the dining table and coffee table.

Mrs. B. H. Erwin, president, directed the business. Mrs. Rufus Allen gave the devotional, "Loyalty to God and Nation." Mrs. Erwin talked on "The History of Our Nation and the Flag," and at the conclusion conducted a quiz on the program topic at which Mrs. Rue and Mrs. Aurelia Webb were awarded flags for answering the most questions. The last verse of America was sung as the dismissal prayer.

At the social hour, Mrs. Rufus Allen assisted in serving orange sherbert and angel cake. Others were: Mmes. John Reese, E. S. Malone, Misses Mickey Vorbeck and Lillian McMillan. Rev. Rue was a guest.

First Methodist Workers Class Meets in Dickinson Home
Mrs. R. A. Dickinson and Mrs. W. D. Donham were hostesses to members of the Workers Class of the First Methodist Church last Thursday afternoon, entertaining in the Dickinson home on Eleventh Street.

Mrs. W. E. Midgley conducted the business and reports were heard from Mrs. W. W. Chastain, secretary, and Mrs. C. P. Shepherd, treasurer. Mrs. Tom Crockett brought the devotional, which was an explanation on The Lord's Prayer. Mrs. J. W. Barr presented a discussion on a plaque in memory of Mrs. Ida Campbell, who recently passed away, to be given by the Workers Class to her daughters, Mrs. Hatton Laxson and Mrs. Sam Behringer.

Miss Zedie Royalty, a guest of the class, was presented and she spoke on "Christianity." Mrs. H. C. Smith was also a visitor.

Cake squares were served with ice cream to twenty-four persons.

Christian Women's Fellowship Meeting Held at Church
Mrs. J. W. Longenette conducted the business period for the regular program of the First Christian Women's Fellowship, which was held in the church parlors Monday morning.

Mrs. C. F. Bailey gave the opening prayer and Miss Lilly Clayton brought the devotional, which was a service dedicating the new revised edition of the Bible, which will be distributed in August. Mrs. A. B. Stobaugh gave a talk on "The Bible and You." The program was concluded by the missionary benediction.

Others assisting with the program were Mmes. J. O. Satterwhite, J. R. Lusk, C. B. Oranhood, E. H. Crawford, H. F. Jenkins, R. R. Williams, and Miss Lula McElroy.

Regular Meeting O.E.S. Chapter Held Monday Evening
The regular meeting of the

Ballinger Chapter No. 266, Order of Eastern Star, was held Monday evening in the Masonic Temple.

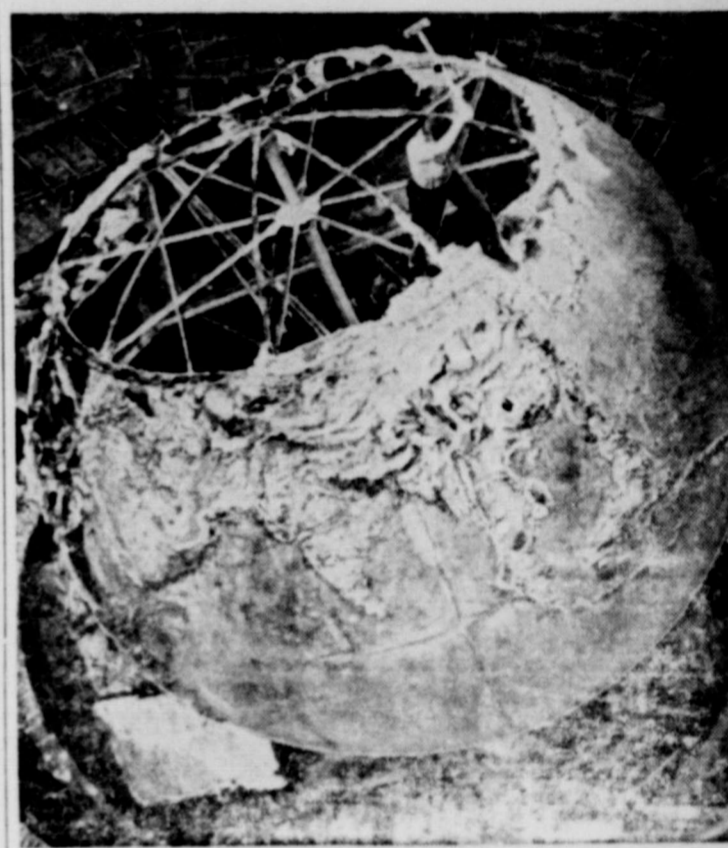

Mrs. Mary Midgley, worthy matron, and R. D. Midgley, worthy patron, were in the East for the business, at which time the chapter voted to sell Christmas cards again this year. The worthy matron asked that all officers and members be present Friday night, July 18, at 7:30 for practice.

Officers of the chapter presented the worthy matron a lovely handmade aluminum tray as a birthday gift.

At the social hour refreshments were served to about thirty members and visitors by Mmes. Inez McEntire, Edrie Petty, Vera Albright, Ruth Bailey and Mr. Paul Petty.

Mr. and Mrs. Harper McFarland and Mr. and Mrs. Charles Olsak went to Mineral Wells Tuesday to attend the funeral of W. O. Gross. Judge and Mrs. W. O. Gross operated ranch holdings in Runnels county for many years and were frequent visitors in Ballinger.

Mrs. Frank Brodak, of Grand Junction, Colorado, left for a visit in Oklahoma this week after visiting relatives in the Benoit community.

END OF THE WORLD . . . The sardonic humor here depicts a super-Bunyanesque feat—a mere man knocking the world to smithereens. Armed with a sledge, he climbed to the North Pole and began to work his way down. This particular world was 18 years old, weighed 12,000 pounds and had a diameter of 20 feet. It was built of composition stone and steel and was first displayed at the Chicago world's fair as part of an exhibit. Its destruction is occurring in Detroit.

**WEST TEXAS
NOTES**

Effects of the steel strike are now being felt in every section of the nation. In West Texas oil activities are being curbed because of pipe scarcity and few new wells are being drilled. Recently many truck loads of pipe which have been pulled from old wells have been moved through here and will be used in drilling. The municipal swimming pool here is at a standstill and cannot be built until steel is released. So far city officials have been unable to secure a permit for the use of scrap steel which is available in salvage yards. Automobile dealers have been advised that manufacturers will soon have to close down because of lack of materials, and a few have already stopped doing anything but defense work. Most vital here is the curbing of operations in the many oil fields of Runnels county. With a drought on, prospects for a crop in 1952 very dark, oil operations are needed more than ever to hold business intact. A number of families gave up apartments here the past week-end after drilling operations were suspended and crews discharged.

It is just a little over a week until the first Democratic primary is scheduled in Texas. So far little interest has been manifested in this county in the first primary. Lack of opposition in county races is the cause of the small amount of interest and election managers predict that very few ballots will be cast in this county. District and state races will pull some of the polls but so far no candidacy in the state has created much excitement. All polling places will be open on Saturday, July 26, from 8:00 a. m. until 7:00 p. m. As soon as tabulations are made they will be telephoned to The Ledger office, where the county Democratic chairman will certify the totals.

To date very little has been done in the clean-up campaign ordered by the city commission and sponsored by the volunteer firemen. Most sections of the city are already in good condition and many citizens, who have been putting forth special efforts to have beautiful yards, are keeping their premises in perfect condition. There are some exceptions, especially in alleys and vacant lots. There is

County Judge Carl Peek has announced that a mass chest X-ray clinic will be held in Paint Rock tomorrow (Friday). The project is sponsored by the Lions Club and all adults are being urged to be on hand for the free pictures. Hours are 8:30 a. m. until 5:30 p. m. Women will register those who visit the booth during the day and take full information on each.

The Menard city council declared an emergency in the water situation last week and restricted consumption. All business houses and homes can use water four hours a day for domestic purposes. Irrigation of lawns will be permitted from 7 to 9 a. m. and from 6 to 8 p. m. daily. Special hours were set for the court house, school and several other places in order to take the load of small mains during the peak periods.

The finishing touches are being given to the Brady high school gymnasium and a formal opening is scheduled some time in August. The new gym is expected to be a great help to the athletic program. The old building has been greatly enlarged and the seating more than doubled. Bathhouses were arranged and the facilities will take care of all school athletic teams. The project, which cost the board about \$58,000, was a part of a \$400,000 improvement and expansion program.

Members of the Bronte school board met this week to discuss the proposed new elementary school. Supt. L. J. Carol stated that plans considered would cost about \$220,000 without the land and equipment and a total outlay for the building, campus and necessary furnishings around \$260,000. The new school has been needed to relieve a crowded condition.

Taylor county's old settlers' reunion will be held at Buffalo Gap tomorrow (Friday) and preparations have been made to take care of a large crowd. W. H. Free, of Abilene, is pres-

ident of the association. Rep. Harley Sadler will be master of ceremonies for the day and Don Morris, president of Abilene Christian College, will deliver the main address. Those attending will bring lunches and free ice water and coffee will be provided.

Dr. Ben H. Bradley, president of the Eastland County Turkey Growers' Association, presided at a recent meeting in Cisco. Late and first hand information on market prospects and other phases of the work were given members. Bill Griffin, of Santa Anna, was guest speaker at the meeting.

Coleman firms experienced a boom day in the sale of garbage cans on Wednesday of last week. Before the day ended dealers were calling wholesalers in an effort to get more supplies. The city council had stated that it would enforce the ordinance requiring that all garbage be put in covered cans and a fine of \$10 to \$100 for failure of any property owner to comply. As soon as the statement was published buying began and by noon the next day all retailers' stocks were exhausted.

Dates for the 17th annual Frontier Round-up and Rodeo at Colorado City are August 20-23. Joe Boatright, association president, stated that the 1952 program will be the most outstanding in the long history of the show. Charles Hickman has been engaged to present the main rodeo features and a number of special acts have been booked. Civic clubs and merchants are signing up for floats in the opening parade and concessions and other features are being arranged. Boosters will make trips into the territory to invite people to the 1952 show.

The Winters Chamber of Commerce has launched a campaign for free city mail delivery. The first step will be to get property owners to cooperate in order that all requirements of the post office department be met before formal application is made. Sidewalks, street markers, house numbers and street lights are some of the requirements. Ample revenue, population, spacing of property and all other requirements have already been attained.

Appraisal of the land to be purchased for establishment of the Camp Bowie railroad facilities at Brownwood was started last week. It was stated that a total of 3,499 acres in 63 tracts were included in the appraisals.

The land being considered includes the industrial area and the livestock show grounds at the former military camp. The Brownwood Country Club property is just outside the area. Army engineers from Fort Worth were in Brownwood the first of last week to assist the appraisal board.

There Must be a Reason!

Congress has long been working on a new immigration bill. In the words of one senator, "As never before, untold millions are storming our gates for admission and those gates are cracking under the strain."

It was the same in past decades. America has ever been the land of promise and opportunity. People wanted to come here where they would be free from regulation and oppression—where they could live their lives as they chose—and where they could enjoy a standard of living which would be higher than they had dared to hope.

If we continue to fail in safeguarding our American way of life, we shall forever lose what millions are seeking to gain. The tide of immigration beats against our gates. There must be a reason—let's keep that reason intact.

Shareholders of the Stephenville Production Credit Association held their annual meeting last week. More than 1,500 people attended the all-day meeting, which featured a barbecue dinner in the city park at noon. A number of state executives appeared on the program following the business session. How's Business? GREAT-
with prices like ours

THIS is—to coin a phrase—a "shopper's market."

Folks are taking a keen look at what they get for what they pay—and they're taking a double look at price tags.

That's the kind of market where Buick really shines.

Do you know why?

Buick prices are down within easy reach of the folks who buy what's known as "the low-priced three."

Fact is—a big chunk of Buick sales comes from the folks who trade in one of this low-priced trio.

For very few extra dollars, they're getting a lot more automobile.

They're getting more power—and the thrill that goes with it.

They're getting "big-car" comfort. They're getting a ride that cost a million dollars and more to develop.

They like the room, the fabrics, the extra appointments they find in the smart-stepping beauty pictured here. And they like Dynaflo Drive.*

They like the way it handles. They like the way it's engineered. They like the belt they get out of touching off the power of its Fireball 8 Engine—and they like the miles they get from a gallon of fuel.

So Buick sales are booming. Not just the SPECIAL—but also the SUPER and ROADMASTER. Folks find that each one is the buy in its field.

When we tell you that business is great,

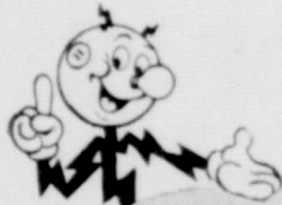

we can back up that statement with figures. More people are buying Buicks than any other car at their price or above.

Why don't you come in and see for yourself what's behind this popularity?

If you can afford a new car, you can be the proud owner of a Buick.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

Members of the staff of the Russian legation in Havana walk across the Rancho Boyeros airport to take a plane from the Cuban capital for Mexico as a result of the breaking off of diplomatic relations by the Soviet union. The break stemmed from the refusal of the Cuban authorities to permit two Soviet couriers from Mexico to enter Cuba with luggage unless inspected by customs authorities. At left above is Lieutenant Perez Janeiro of the Cuban army, who is in charge of the airport under the Batista regime. It was by his orders that the Soviet couriers were refused entrance without baggage check.

With Susan Hayward in the role of Jane Froman, 20th Century-Fox's "With a Song in My Heart," lavish Technicolor musical based on the famous singer's career, is being shown at the Horseshoe Drive-In Theatre today, tomorrow and Saturday. Rory Calhoun, David Wayne and Thelma Ritter are also starred in this liting musical cavalcade which serves as a tribute to the courageous songstress. Featured are Helen Westcott, Robert Wagner, Una Merkel, Richard Arlen and Max Showalter.

A midnight show is to be presented at the Horseshoe Saturday night, and all who purchase tickets at the regular performance Saturday will be admitted free for this program. The feature is "Ghosts on the Loose," starring Bela Lugosi and the East Side Kids.

The entire Nelson family, headed by Ozzie and Harriet (Rock Hudson and Barbara Lawrence), bring their popular network family comedy to the Horseshoe Sunday and Monday, July 20, 21, in Universal's "Here Come the Nelsons." David and Ricky Nelson, 14 and 11, respectively, succeed in keeping their parents in domestic hot water from beginning to end. Jim Backus and Sheldon Leonard are seen in support.

On the same bill is "Silver City," Paramount adventure drama in Technicolor. With Edmond O'Brien, Yvonne De Carlo, Barry Fitzgerald, Gladys George and Laura Elliott the stars, the film deals with the tense and turbulent happenings in a riproaring mining town of the 1870s. Filmed on location in and around the Sierras, the film is brightened with some of the most spectacular scenery every recorded in Technicolor.

Universal's "Steel Town," in Technicolor, to be shown at the Horseshoe Tuesday and Wednesday, July 22, 23, successfully combines the documentary flavor of a large steel mill in operation with a story that packs plenty of thrilling action. Ann Sheridan, John Lund and Howard Duff have the starring roles and many of the spectacular scenes were filmed at the Kaiser plant in Fontana, California.

The three branches of government are the legislative, executive and judicial. Vermont means "green mountain."
