Alexander Scourby and Jack Kelly round out the strong supporting cast.

Columbia's "Voodoo Tiger,"

Kettle Comedy. Western Hillcrest Bill Saturday

"Ma and Pa Kattle Back on the Farm," starring Marjorie Main and Percy Kilbride, to be shown at the Hillcrest Drive-In Theatre Saturday only, February 21, is the third of the hilarious series and emerges as one of the brightest, zaniest fun films dished out by the Kettle Clan. Richard Long, Meg Randall, Ray Collins, Barbara Brown, Oliver Blake and Teddy Hart have featured parts.

"Desert Pursuit," starring Wayne Morris and Virginia Grey, is the other feature film on this program. One of the most forbidding and at the same time inspiringly beautiful spots on the North American continent was utilized by Monogram for this picture. Among other well known players in the cast are George Tobias, Gloria Talbot, Anthony Caruso Emmett Lynn, John Doucette and Frank

The perils and hardships of fur-traders who penetrate the upper Missouri River country in the early 1800s are graphically portrayed in "The Big Sky," to be shown at the Hillcrest Sunday and Monday, February 22, 23. In Howard Hawks' exciting screen version of the book by A. B. Guthrie, Jr., Kirk Douglas Dewey Martin, Arthur Hunnicutt. Elizabeth Threatt and Buddy Baer have the leading roles. A background of great natural scenic beauty enhances the action of the RKO Radio

A Lesson from the Chinese

THE STORY is told that the Chinese pay the doctor to keep them well, and if they contract illness, the doctor pays them instead. Whether or not this story is true, the general idea is sound. Serious illness often can be prevented by regular health examinations. Form a habit of visiting your doctor often-at least twice a year. If you do not have a family physician, we will be glad to recommend several from whom you can make your selection.

-Maybe Your Own! You—the man, woman or teen-ager behind the wheel—have a big responsibility! In 1950, 35,000 persons were killed in traffic accidents. Last year there was an increasing

What can you do about it? Your acts of safe driving are your contributions toward a greatly lessened death toll. Every time you lower your speed to stay within safe limits, drive more carefully as night and weather conditions demand extra care, stay in your own traffic lane and abide by all the rules of the road, you are contributing to greater highway safety. Being a safer driver is like giving blood for a transfusion to save a life. Taking a heedless chance may spill your blood-or

someone's-and waste it on the highways. 10,000 lives to be saved in 1957 is a goal worth striving for by all who drive or walk. Even half that number saved would help stem the rushing tide of death on our highways. Don't ride with the reckless! Most drivers play fair and observe the traffic rules, but some the speeders, cowboys, road hogs, drinking-drivers and chronic accident repeaters-must be forced to conform. Temptation to follow their bad examples means that more lives will

Be selfish with your own life-careful with the lives of others.

crescendo of death on the highways-the worst fatality toll in a decade.

Boy Scout Week was observed explorers. Leaders pointed out being provided by friends. of scouting in Ballinger and solving three robberies here in which boys 8, 9 and 10 years of age were the offenders. None of these boys have had scout training and it is hoped that all our boys will be given an opportunity to become affiliated with troops under adult leadership before the program is considered at its peak. Churches, peace officers and civic clubs are most interested in scouting because it gives youngsters the right ideals. Such a program costs some money but there is no call more worthy.

His Country Came First

There was no doubt as to who would be our first president -WASHINGTON had demonstrated his patriotism and leadership in ways to make him the only logical one to head our new nation during those early trying years.

It is fortunate that our first great leader was a man of sterling character, and one who always lived by the precept that his duty was to serve his country. His COURAGE and STEADFASTNESS against great odds help to lay the foundations for our priceless heritage of freedom.

HIS BIRTHDAY ANNIVERSARY is always an occasion to re-dedicate ourselves to preserving American institutions

remember ...

Inside your telephone are hundreds of parts . . . ingenious mechanisms of copper and steel and brass and plastic.

Inside a Central Office switchboard are thousands upon thousands of parts . . . relays and contacts and resistors and electronic tubes.

Each of these parts is important. But all of them together are nowhere near so important as the men and women who make them work . . . alert, reliable men and women who are on the job around the clock to make your telephone service so dependable in emergencies, so useful every day in the year.

> - to help speed your long distance calls, please give the operator the out-of-town telephone number.

dvance-Design Trucks are more truck for

For 1953, Chevrolet trucks offer new performance, new stamina, new safety and economy - and every model is even stronger, sturdier and more durable than those of past yearst

The advanced Loadmaster engine in heavy-duty models delivers more power than has ever before been available in Chevrolet trucks.

You get all the proved features and advantages that have made Chevrolet trucks world-famous for their ability to handle the roughest jobs at the lowest over-all cost to you!

Yet, 1953 Chevrolet trucks list for less than any other trucks of comparable capacity and specifications. Drop in at our showroom and talk over your trucking needs.

EVEN THE MUFFLER DOES THINGS TO THE POWER

BACK in the old days, any man who wanted real performance used a "cutout" on his car.

It was a device that by-passed the muffler -because mufflers have always cut down on usable power. But it made a lot of noise.

Muffling that noise - and still getting rid of exhaust gases as fast as they come from the cylinders - has stumped the automobile people for years.

Now, Buick engineers have racked up another "first."

They have come up with a muffler of supreme quiet and zero power loss - first time in history.

It is called a dynamic flow muffler. And it is one of many advances that make the great 1953 Buick ROADMASTER even greater.

For this automobile - the greatest Buick in fifty great years—has a brilliant new V8 Engine that can turn up 188 hp. And every one of its horsepowers can be delivered as usable power-since none is restricted in muffler passage.

As you would expect, there is more to this magnificent motorcar than power, great though it is.

There's a still finer ride, better manonverability, easier handling-now with

WHEN BETTER AUTOMOBILES ARE BUILT BUICK IS

Power Steering as standard equipment, and Power Brakes optional at extra cost.

And there's the amazing new Twin-Turbine Dynaflow bringing quieter, jetfast getaway to complete and utter smoothness.

Why not come in and see for yourself just how great the greatest Buick in half a century really is?
