## An Ancient Profession

PHARMACY is one of the oldest of all the learned professions. It had its beginning more than four thousand years ago and has been practiced in one form or another ever since. The modern drug store bears little resemblance to the apothecary shop of old, but today's pharmacist is inspired by the same honorable principles that governed the conduct of his forebears. The pharmacist's chief interests, now as then, are the relief of suffering and the prolongation of life. Prescriptions come first in our store. Your doctor may not like to recommend any particular pharmacy, but he will never complain if you bring his prescriptions to us.

# 21 miles of new freight cars added by Santa Fe last year!

Remember when you used to count freight cars as a kid?

How would you like to count and stencil the "stamp of newness" on

21 miles of them? That's what Santa Fe did last

year-added 21 miles of new cars to its great fleet of modern freight cars. And so it goes-year after year after year - until today there are 84,898 freight cars serving shippers on the Santa Fe.

With this building new program, Santa Fe is meeting the ever-growing need for moving vast tons of wheat, livestock, perishable foods, minerals and merchandise to the markets of America.

And many of these cars are new and special types to serve shippers in new and better ways-like the "MTC 3150" mechanical refrigerator car that works like your home

It costs Santa Fe millions of dollars-earned dollars-to acquire this great fleet and maintain its

own "steel highway." But it doesn't add a penny to the

# It raises your pride and races your pulse

Tou feel it the moment we turn over the

You now own the handsomest "hardtop" around-a Buick Riviera-and the warm glow goes all through you.

But not alone for the racy beauty of the car.

You feel that prideful surge, too, from the fact that here you bought yourself a whale of a lot of automobile – a whale of a lot of room and power and soft luxury and ride steadiness-for a lot less than you expected.

For the automobile pictured here is a Buick SPECIAL Riviera - which means it delivers locally for just a few dollars more than the 'hardtop" models of the "low-price three."

But it's only when you drive away in your rich and bounteous new beauty that the real thrills begin and the satisfaction deepens . . .

When the highest Fireball 8 power in Buick Special history whispers away the miles with effortless ease ...

When Twin-Turbine Dynaflow\* gives you instant getaway response with silken smoothness, and the Million Dollar Ride levels every inch of your way ...

When the deep wide seats cradle you in spacious comfort and the great glass areas give you visibility practically unlimited.

Surely you ought to look into this great Buick

that's so prideful to own, so thrilling to drive, so easy to buy.

We'll be happy to arrange a sampling. Can you visit us this week?

MILTON BERLE stars for BUICK - in the Buick-Berle Show on TV Tuesday evenings. Also, every Saturday, tune in The TV Football Game of the Week - a "GM" Key Event

BRASS-KNUCKLE THRILLER

forever!

rescue operation.

Columbia's brass-knuckled "The Big Heat" is to be presented at the Texas Theatre Rugged John Wayne Sunday and Monday, November 15, 16, with Glenn Ford, Gloria Grahame and Jocelyn Brando starred. Based on the Saturday Evening Post serial that shocked millions of readers, "The Big Heat" is the story of a tough cop who, quitting the force to Labrador, comes to the Texas work outside the law, smashes Theatre next Tuesday, Wednesthe mob responsible for corrupting his city, and for the brutal murders of a number of women. Featured in support of duction. the stars are Jeanette Nolan, Alexander Scourby and Lee

Ford plays a police officer Members of the crew include ordered to quit his investigaof a brother cop. Persisting, he and nights are spent by the of a brother cop. Persisting, he and nights are spent by the runs into a trail of vice and crew in the sub-zero temperacorruption that leads from the tures while rescue operations underworld—in this case, a are initiated. Andy Devine is penthouse—and the municipal seen as one of the pilots in the building. Unable to call a halt to his continued probing, the mobsters turn on the "big heat." Ford's wife falls victim to the death-trap laid for the

What started out as a determined performance of duty becomes a grim and personal vendetta. Ford bulls ahead on his own, buoyed up by his intentions of treating the killers with the same brutal violence they have meted out to others. According to Hollywood, "The Big Heat" is a shocker of the first order, a motion pic ture in which vice and violence vie for audience attention.

A picture hailed as the greatest in the western category, and as one of the all-time great films of any type, is Paramount's "Shane," billed at the Texas tomorrow and Saturday. Starring Alan Ladd, Van Heflin and Jean Arthur with Jack Palance and Brandon DeWilde, "Shane" carries a story that embodies all of the active ingredients found in great

# Improved again!

Now the BEST gasoline in Texas is even BETTER!

# No. in Texas

by a wider margin than ever

A few weeks after the Japanese surrender in World War II, the Humble Company introduced a vastly improved Esso Extra gasoline to Texas

At that time, the Company promised a policy of continuous improvement: Humble told motorists that Esso Extra would never take second place in quality.

That promise has been kept. Improvement of Esso Extra has been continuous. Statewide, Esso Extra has consistently led other Texas gasolines in quality. Statewide, Esso Extra has been No. 1 in quality every year.

And now, because Texas motorists driving modern automobiles have learned that Esso Extra gives them extra performance, Esso Extra is also No. 1 in sales.

The improvement in the quality of Esso Extra announced by this advertisement is substantial - it is a major improvement. It places Esso Extra far ahead of other gasolines in the qualities that are reflected by performance

Today, Esso Extra gasoline is No. 1 In Texas by a wider margin than ever Esso Extra gasoline, statewide,

has consistently led all other Texas gasolines in quality; now, new improvements have widened the margin between Esso Extra and the rest: Humble Esso Extra bas no equal throughout the state of Texas.

### Tests prove Esso Extra's superior quality!

There are three qualities of a gasoline that are brought out in the performance of your car. In all these three qualities, Esso Extra leads.

Extensive and continuous laboratory testing of Esso Extra and other gasolines proves Esso Extra's superior qualities, and these laboratory tests have been confirmed by road testing in specially equipped automo-

Esso Extra leads in anti-knock performance: In today's automobile engines, with their high compression ratios, anti-knock performance is the most noticeable quality of a good gasoline. There is no substitute for this quality. Only a gasoline with a high octane rating - that is, high anti-knock performance - burns so evenly and completely that it transfers all the usable energy from the gasoline to the pistons. When your car's engine pings or knocks, you're losing power. Esso Extra has the highest anti-knock performance in

Esso Extra leads in power: High anti-knock performance assures more power. Since Esso Extra has the highest anti-knock performance in Texas, it gives you more power than any other Texas gasoline. This

conclusion has been verified by special laboratory testing equipment which actually measures the power delivered by a gasoline burning in an automobile engine. Road tests by both Humble technicians and independent research facilities have confirmed the laboratory tests. Your car will develop extra power when you use Esso Extra.

Esso Extra leads in quick starting: In comparative tests with other gasolines, Esso Extra's quick starting characteristics were rated "Excellent," while those of other popular gasolines ranked from "poor" to merely "adequate." When you use Esso Extra your engine starts at almost the instant you press the starter button. But quick starting is more than a convenience. It saves gasoline, and it prevents gasoline dilution of the crankcase oil. If you use your car mostly for town driving, you will specially appreciate Esso Extra's quick starting qualities.

And for good measure, Esso Extra contains a patented solvent oil: This oil is not a lubricant. Its purpose is to dissolve the gummy substances that collect carbon on top of pistons and under valves, and thus help to prevent carbon deposits in the

upper parts of the engine.

See for yourself-test ESSO Extra in your own car

HUMBLE

Esso Extra will give you the same results obtained by researchers when you test it in your car. Its quality is so superior that you will notice at once that Esso Extra gives you extra quick starting, extra anti-knock performance,

You'll discover that you enjoy your car more, that it runs better, that you're getting — at last — the performance you expect from a modern automobile. No other gasoline can duplicate Esso Extra's performance in your car, because no other gasoline matches Esso Extra's quality.

Fill up with improved Esso Extra gasoline at any Humble sign — it's the same extra performance gasoline at every Humble sign.

# Why more than a million owners this year have chosen the "Worth More" FORD!

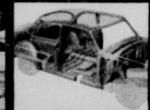

They have discovered first hand what the surveys show... Ford, with all its fine-car features, is worth more when you buy it, and worth more when you sell it!

> Over a million owners can't be wrong! Ford is the one fine car in the low-price field. It gives you the "GO," the style, the comfort, and "build" of cars that sell for far more. And, it's only natural that Ford keeps its value better, in resale, than any other car on the American Road. Check the features below for some of the "Worth More" reasons for the swing to Ford.

Most Modern Six of all is Smoother Ride, with front end Fine-Car Build means using Fordomatic Drive is the only Finest Power Steering-Ford's high-compression, low-road shock reduced up to steel of the same quality and "automatic" in its field with Ford Master-Guide. WHERE'S MA?-Eleven sons and daughters of Flicka, a two-year-old to the camera with curiosity, wonder or seeming boredom. The 11-pup litter was Flicka's first. One important personage is not pictured-Flicka, who is a little tired.

Mrs. Rufus Allen was in charge of the business and heard reports from officers and committee chairmen. The Christmas class dinner was planned and will be held at the Acapulco Cafe to which husbands will be included. Plans for a rummage sale also were discussed. Mrs. Erwin gave the devotional on Thanksgiving. Thanks were extended Misses Eva. Maggie and Eunice Lilly

for compiling the yearbooks Others present were Mmes Aurelia Webb, Harper McFar land and Clarence Jennings Misses Lillian McMillan and Edna Routh.

"Thanksgiving U.S.A."

Death and Accident Toll in American Homes CAUSES OF DEATHS .... TOTAL DEATHS 1952 29,000 1952 FALLS - 14,400 28,000 1951 27,500 1950 TOTALINJURIES 1952 4,300,000 4.200,000 1951 4,100,000 1950

The mounting accident and death toll in America's homes has awakened the National Association of Home Builders to the need for a new safety construction code. Having compiled the figures shown in above Newschart, NAHB researchers point out that sance planning is necessary in the construction of kitchens, bedroom, bathrooms and stairs, where most accidents occur. Of deaths resulting from home accidents in 1952, 16 200 happened among persons 65 years of age or older white 670 victims were youngsters under five
