Jennings Murder Trial Docketed Here July 13

District Judge O. L. Parish has docketed the murder case against Clyde Allen Jennings in the 19th district court for July 13. The date of the trial was set the past week-end and arrangements are being made to present evidence at that time.

E. B. Underwood and Paul Petty, local attorneys, were appointed by the court to defend Jennings. E. C. Grindstaff, district attorney; and Jack Moore, county attorney, will present the case for the state.

Jennings has signed a state-

ment in which he admitted drowning Wallace Windsor O'Neal, 16-year-old boy, in the Colorado River on or about May 27. The body was found attached to a trotline two days later.

No special venire has been ordered for the trial and District Clerk Willie Stephens said he had no order for extra veniremen.

The case has received considerable publicity and many citizens of this county are acquainted with the published details.

County's 4-H Land Judging Team Second in State Trials

The Runnels county 4-H club land judging team took second place at the 4-H roundup contest held the past week-end at College Station. Ten teams from different sections of the state competed.

The Runnels county team was composed of David Lange, Donald Droll and Bernard Gully, of the Rowena club. Lange tied for second high individual place and the team made a total of 463 points out of a possible 540, just seven points under the first place group.

The land team had to judge three separate fields, cropland, land to be retired from cultivation and native pastureland that is to remain as such. The land is judged according to texture, depth, slope, erosion

and drainage. It is also put in one of the eight possible classes. After making its findings the team had to fill out a land treatment chart.

County Agent John A. Barton was coach of this county's team, which before going to College Station, had won the district contest.

A poultry team, composed of Obie Dee Bradford, Royce Heathcott and Freddy James, was entered in the state contest but did not place.

The land judging team also took part in the agronomy short course offered at the roundup.

The poultry team took the course on poultry.

The boys were accompanied by Mr. Barton and Assistant County Agent Jimmy Cusenbary.

Common Salt Used to Seal Stock Pond on Droll Place

Ben Droll, of the Olfen community, cooperated with the Runnels county soil conservation district, has sealed his new livestock pond with salt.

Mr. Droll did not have a site on his place where the soil would hold water. The soil contains caliche, which lets the water pass through. After he and the local technicians of the conservation service went over his water problems it was decided to construct a pond and seal it with common salt. Droll said, "I have been hauling water for my livestock ever since I bought this place and if salt will seal the soil, I am willing to try it."

The salt was applied under the supervision of John Rhee, local conservation service engineer. First the pond was constructed with 4 to 1 side slopes. This was done in order to get the machinery in and out of the pond to do necessary work prior to salting.

The storage area was first ripped with a root plow. Then the soil was disked with a tandem to a depth of eight inches. Next 6 1/2 tons of salt was uniformly applied to the area. Water was then applied at the rate of 15 gallons to 5 square feet. The area was compacted at the rate of 200 pounds per square inch with a sheep roller. Rhee stated that this was necessary to get the clay particles in the caliche to form around the salt particles which would seal the soil water tight.

Enough water was caught Monday night to test the lake, Mr. Droll reports. He added that he had tasted the water and could not tell there was any salt in it. He received payment from the ASC for about half the cost of building and sealing the pond.

Girls' Encampment Will be Held Here Beginning Monday

Miss Ollie Chenoweth, county home demonstration agent, Mrs. Tom Egan and four 4-H club girls left Wednesday morning for Buffalo Gap to attend the district encampment. Girls in the group are Barbara Greger, Norton; Virginia Spill, Winters; Altus Ueckert, Cochran; and Rose Marie Fuchs, Olfen.

The four girls will help Miss Chenoweth later in arranging and conducting the county encampment to be held here on June 21 and 22. More than 100 girls are expected for the 1954 encampment and will register at the American Legion hall, Bruce Field, on the morning of June 21. Each girl will bring a picnic lunch for the first meal and in the afternoon cooks will take over and prepare the other meals.

Making of hamburger baskets will be the main course of instruction for the encampment. Recreation and games are being arranged and all girls will be taken to the Ballinger pool for a swim on the morning of June 22. At noon that day they will have a number of guests for a fried chicken dinner.

There are 151 members in the 4-H clubs of the county and indications point to a large attendance. Most clubs will be represented by the entire membership and adult leaders.

Mrs. Laura Tharp, Concho county home demonstration agent, will bring the 4-H club girls of her county to the American Legion hall on June 23 and 24 for their annual encampment.

Local Guardsmen Find Heat, Dust At N. Camp Hood

News from company I, 142nd infantry, reveals that the men arrived at their barracks last Sunday at 1:30 after a trip in chartered buses. The reporter states that the group found the heat and dust at North Fort Hood just as bad as when they left it a year ago.

Sunday and most of Monday was spent in getting located, Monday afternoon and the rest of this week will be in the field doing practical training.

Mess Sergeant Dow L. Hancock and staff have been doing a fine job of feeding the unit. Sgt. James Mueller and Cpl. Noel L. Brevard have their supply room in tip-top shape and are the envy of the rest of the men because they get to sit around in a cool tent. The staff reports the tent temperature about 120 during the daytime.

Program on Jury Service Presented At Lions Meeting

E. B. Underwood presented a program on jury service for the Ballinger Lions Club Friday.

To open the program each member was handed a lengthy court charge dealing with evidence in a damage suit originating from a car-truck crash in which one person was killed.

The charge was submitted in special issues. Mr. Underwood outlined the evidence and then went over the special issues one by one until all had been answered.

Program on Jury Service Presented At Lions Meeting

The mock trial gave valuable information, revealing how a slight compromise on any one of the special issues might result in a complete settlement of the case.

Al Purifoy, club president, announced that installation of officers would be held at the meeting next Friday noon. Marlow Fisher, Lions state secretary, will be the installing officer. E. B. Underwood, who will become president at the meeting next week, will appoint standing committees to serve during the ensuing year.

Democratic Committee Sets Candidate Charges

The Runnels county Democratic executive committee met here Monday afternoon to plan for the first primary to be held on July 24. Assessments were set for each office, amounting to 6 per cent of the salary for the office. This will provide a budget to take care of the expenses of both elections.

The group voted for a sub-committee composed of Homer Hudgins and Claude Mansell to meet on June 28 and arrange the order of the ballot.

In a check up made by the committee Monday, it was found that two local candidates had failed to file an expense account. The committee voted to have the chairmen secure an opinion from the attorney general in regard to printing the name on the ticket or to leave

it off. Mr. Hudgins requested the county attorney to secure such an opinion as soon as possible and before the meeting to arrange the ballot on June 28.

The assessments against the offices of sheriff, county attorney, county treasurer, county clerk, county tax assessor-collector and county judge will be \$378 each. The county commissioner's assessment for the office will be \$264 and district clerk \$213.84.

The next meeting of the full committee has been set for July 27, when the tabulation of votes of the first election will be made.

As soon as the ballot is arranged on June 28, the copy will be given to the printers in order to permit absentee balloting on July 4.

Conservation Practices No Threat to City Water Source

Cities and industries have been asking whether soil conservation being carried out by thousands of farmers and ranchmen through soil conservation districts will reduce the amount of water available for municipal and industrial uses.

H. N. Smith, state conservationist, says that for all practical purposes, the answer is no.

The soil conservation service has been studying this problem at the Blacklands experimental watershed project near Riesel, Texas, since 1940. The studies include measurements of rainfall and runoff from two similar watersheds.

Similar farming practices were being followed on both watersheds at the beginning of the study. Conservation practices were started on one in 1943 and no changes were made in the practices on the other.

For the normal rainfall period there was almost no difference in the runoff from the untreated and treated watersheds, according to the survey. The annual average was 16.3 and 16.4 inches respectively. During the drought period the average yearly runoff from the untreated watershed was approximately 1.4 and from the treated 0.9.

Mr. Smith points out that there was a difference of half an inch in the annual runoff from these two watersheds during the drought and asserts that this is not the significant point. He explains that this minor difference in rate, even over a period of several years, would amount to so small a volume of water that it could not be considered in planning a dependable municipal water supply. The important point is that the total runoff from the untreated watershed during the five drought years was only about two-thirds of the average run off for one year during the normal rainfall period.

It is suggested that because runoff during droughts may be very small, water supply reservoirs must have enough capacity to catch the water during years of normal to high runoff and store it for consumption in dry periods. "A city cannot depend on the runoff during a drought to maintain its water supply," it was declared.

PATRONAGE AT POOL SAME AS LAST YEAR

The revenue at the municipal swimming pool for the first month of operations was about the same as last year. Total income to June 13 for this year was \$3,554 as compared with \$3,555 for last year.

In 1953 swim tickets brought \$2,305 and concession sales \$669.

Last year the concession stand sold a large number of items which are not carried this year. The smaller stock accounts for the difference in receipts.

Operators state that the weather has made a difference this year and large crowds a night have been less.

Mrs. Pauline Richardson had as guests Tuesday her father, W. H. Brothers, of Merkel; and her mother, L. G. Mothers and son, William, of Oklahoma City.

Mrs. E. O. Schawe, of Kerrville, was a guest of Miss Olga Schawe the past week-end. While here she and Miss Schawe also visited at San Angelo and Abilene.

EV. BOSEN, ROWENA PRIEST, MADE MONSIGNOR BY POPE

His Holiness, Pope Pius XII, recently honored seven priests of the Amarillo diocese. Two monsignors have been named protonotaries apostolic. Three priests have been raised to the rank of right reverend monsignor, and two priests have been raised to the rank of very reverend monsignor.

Monsignor F. J. Pokuda, of Wall, vicar general of the diocese, and Monsignor John A. Steinlage, of Amarillo, pastor of Sacred Heart Cathedral, were named protonotaries apostolic, with the title of right reverend.

Rev. W. F. Bosen, pastor of St. Joseph's Catholic Church, Rowena, was one of the three to be named domestic prelates

with the title right reverend monsignor.

Rev. L. T. Matthiesen, editor of the Amarillo Register, West Texas Catholic Weekly, which is the official newspaper of the Amarillo diocese, and is also diocesan director of vocations, was one of two to be named papal chamberlains, with the title very reverend monsignor.

Msgr. Matthiesen is a Runnels county boy. He was born in the Olfen community and received his elementary school training at St. Boniface School, Olfen.

Msgr. Bosen has been pastor of St. Joseph's Church at Rowena since 1942. It is the largest rural Catholic parish in the diocese of Amarillo, with 275 families or 1,000 souls on the parish rolls.

He is also superintendent of the parish school (grades 1 through 12) which has an enrollment of approximately 175 students. He teaches Christian doctrine to high school juniors and seniors.

Msgr. Bosen was born in Edwardsville, Illinois. He entered Josephinum Seminary, Worthington, Ohio, at age 16 when he was ready for the ninth grade.

This special pontifical seminary, the only one of its kind in the United States, was instituted originally to supply German speaking priests and now aims at supplying missionary priests.

Msgr. Bosen spent 12 years studying there, during which time he completed his high school and college work and the four years of additional study required for priests. After he was ordained to the priesthood on June 12, 1932, he came to the Amarillo diocese and taught in Price College at Amarillo, also served as assistant at Sacred Heart Cathedral at Amarillo, before being sent to Rowena in 1942.

In addition to his duties as pastor and superintendent, Msgr. Bosen designed his new \$125,000 rectory which incidentally was built at a much less cost and completed in 1952.

Recently electric chimes were installed in the church which sound in harmony to announce the time for angelus.

The seven monsignors are to be invested with purple robes, pending the return of Bishop Laurence J. Fitzsimon from San Antonio, where he is convalescing in Santa Rosa Hospital after a stroke suffered on May 11.

Ford Installs New Officers for JCs; Delivers Address

Ballinger Jaycees held a successful "ladies' night" Friday, guests being present from Sweetwater, Brady, San Angelo, Colorado City and Midland. It was installation night and all recently elected officers accepted their positions and received the challenge.

Jimmy Wilkins presented Max McCrary with a past president's key with a small diamond. Exhausted roosters were given their awards and all members who are past 35 were in this group.

New officers were informed of their duties and lectured by F. E. Hightower, of San Angelo. "Rocky" Ford, of Midland, new state president, was the principal speaker, his subject being "The Place of the Young Man in the Community." He discussed the origin of the Jaycees and pointed to a number of the world's greatest men who achieved the height of success when they were young.

The new officers will be in charge of the business beginning with the next meeting. After the banquet members and guests went to the American Legion hall for a dance and party.

Mrs. Rumpy and Mrs. Sims and children were joined by Floyd Sims and they visited at Seguin and San Antonio before returning home.

Women's Club Reports Given Home Demonstration Council

Mrs. J. W. Jones, yearbook chairman, asked for program suggestions for the 1955 yearbook.

The finance chairman, Mrs. Neuman Smith, and Miss Chenoweth expressed appreciation to the county officials for the new mimeograph machine.

Mrs. Joe Crockett reported that plans were complete for Rally Day, to be held at the American Legion hall on July 29. Each club has been assigned certain foods to bring for the noon meal. The menu will consist of fried chicken, potato salad, a variety of vegetables, fruit salads and pies.

For entertainment, Mrs. Obed Fuller has asked each club to give a program number to last five or ten minutes. Plans have also been made to show a film on cancer.

The marketing chairman, Mrs. Tom Egan, received reports from each club on the number of sheets, pillow cases, towels and wash cloths they would want. These articles will be purchased through a marketing pool.

Mrs. Frank Greger, 4-H chairman, named four girls who will attend the district encampment.

The president of each club reported various programs given at recent meetings. Miss Chenoweth has given programs on a meat and vegetable casserole to all clubs in the county. Other programs given by leaders have been on making lamp shades, lawn tables from wagon wheels, reed baskets and programs on mental health, cancer, civil defense and the state constitution.

A special program on dress tailoring has been presented for several clubs. Forty-six dresses have been made and other clubs plan this training after Rally Day. Ten new members have been added in the county since the last council meeting. Seventeen guests have visited club meetings.

Olfen and Rowena clubs report a good grooming program, 18 members giving home permanents. Other work includes three chairs upholstered, a reading center added, 5 lawns sodded and 9 shade trees set out. Five new electric appliances have been installed in homes.

Women's Club Reports Given Home Demonstration Council

Canning and freezing of berries, beans, chickens and beef have been reported by all clubs. The Rowena club will sponsor a film on cancer at 2:00 p. m. June 23 at Zoar Evangelical and Reformed Church. The Wilmeth club will sponsor the Imperial Quartet in its community.

Mrs. B. M. Batts, THDA chairman, received annual reports from each club president, showing the work done for the past year.

Parker-Cloninger Wedding Rites Solemnized at Goldthwaite
Miss Betty Sue Cloninger and Floyd Cottner Parker, Jr., were married Saturday at 6:00 p. m. in the First Baptist Church of Goldthwaite.

The bride is the daughter of Mr. and Mrs. S. E. Cloninger, of Gorman, and the bridegroom's mother is Mrs. Roxie Joyce Parker, of Tucumcari, New Mexico. The Rev. W. D. Lawes read the double ring ceremony before an arch entwined with huckleberry against a background of palms. Cathedral tapers were burning in branched candelabra at each side and in the foreground were baskets of majestic daisies. Pews were marked with bouquets of daisies tied with satin bows.

Hamilton, was organist and Miss Anna Ruth Smith, of Stamford, sang "O Promise Me" and "I Love Thee."

Given in marriage by her father, the bride wore an original gown of Chantilly lace and French tulle over duchess satin. Her satin bodice, overlaid with lace, buttoned down the back with lace covered buttons. The bouffant tulle skirt with pointed lace peplum extended into a cathedral train. Her tiered illusion veil was caught to a Juliet cap of lace and seed pearls. She carried a bouquet of stephanotis centered with a white orchid. For "something old" she carried a Chantilly lace handkerchief carried by her mother at her wedding.

Miss Dian Tuckey, of Ballinger, was maid of honor. Other

attendants were Mrs. Zane Branham, of Lubbock; and Miss Anne Mahan, of Livingston. Mary Kay and Linda Rudd Cloninger, sisters of the bride, were junior bridesmaids. Margaret Ann Rudd, of Abilene, cousin of the bride, was flower girl.

George Evetts, of Tucumcari, was best man. Ronald Poe, of House, New Mexico, and Pat Beadie, of Clarksville, were groomsmen. Billy Jack Rudd, of Abilene, and John Gilliam, of Goldthwaite, were ushers and lighted the candles. Charles Chandler, of Ballinger, was page.

A reception was held in the church parlors, at which Mr. and Mrs. Cloninger were hosts. The bride's table was laid with a white net cloth over taffeta and was centered with a white lace fan. Mint green net swags on each side of the table were caught at the corners with clusters of daisies. Mrs. Jack Rudd, of Abilene,

and Mrs. O. H. Chandler, of Ballinger, presided at the punch service and served the wedding cake. Sarah Chandler, of Ballinger, assisted in the house party.

Wedding guests from Ballinger were: Dr. and Mrs. Edgar Boelsche, Mr. and Mrs. Charles Hambrick, Nancy and Pat, Mr. and Mrs. E. C. Grindstaff, Mr. and Mrs. Everett James Grindstaff, Dr. and Mrs. O. H. Chandler, Mr. and Mrs. Woodrow Wilson and Dorothy.

Pantry Shower for Bride-Elect in Stasney Home

A complimentary affair for Miss Joye Campbell was a gift kitchen pantry shower Tuesday afternoon, for which Miss Anne Stasney and her mother, Mrs. E. W. Stasney, were hostesses in their Eighth Street home.

presented in a large grocery bag. A fruit plate was served with sandwiches and cookies. Miss Stasney presided at the punch bowl.

Those present were the honoree's mother, Mrs. Clay Campbell; mother of the bridegroom-to-be, Mrs. H. C. Davis; Mrs. Charles Anderson, of Chicago, sister of the bride-elect; Mmes. Naomi Dobbins, Sam Behringer, Hatton Laxson, Ed Curry, C. C. Mrs. Yoder Honored by Club in Williams Home

Mrs. Hal Yoder, who has been a sponsor for Fancy Doers Club for several years, and is leaving Ballinger with her family to make home in Lovington, New Mexico, was complimented at a club meeting Monday night in the home of Mr. and Mrs. J. M. Williams on Fifth Street.

Klen Williams and Lennie Sue Tyler were hostesses at the affair. At the business session the club voted to hold a bake sale next Saturday, and Linda Crockett was named reporter.

At the social hour a handkerchief shower was given Mrs. Yoder. Mrs. Williams assisted the hostesses in serving refreshments to Mrs. Yoder and the other sponsor, Mrs. O. L. Hart; LaNeil Holbrook, Jane Wade, Sharon Tackey, Betty Berryhill, Dorothy Thomas, Kathryn Richards, Patricia Davis, Bobbie Sue Stultz and Nancy Davis. Ballinger Legion Post's Birthday Party on June 28

The Pat Williams post, American Legion, will celebrate its 35th birthday anniversary on Monday, June 28. Plans are being made for a barbecue dinner as the highlight of the entertainment and all members of the post are invited to attend. The affair, to be held at the hall in Bruce Field, will start soon after noon and continue until after the dinner hour at 7:00 p. m.

David Halliburton is chairman for the general arrangements and will name assistants to stage the party. The Ballinger post, No. 8 in Texas, was organized on June 28, 1919, when only a few World War I veterans had returned home. There were only 15 original members, but this was enough to obtain a charter. In 1920 the membership grew as many other veterans came home and joined the organization. At present the post has ten members who have belonged for 35 consecutive years.

E. J. Loika, post commander, states that the next regular monthly meeting of the post will not be held, the birthday party replacing the regular business assembly. The election of officers will be held at the meeting on July 20.

Larry Wharton, of Galveston, spent the past week-end here with friends.

MANSELL BROS. SHOWS NEW POWER STEERING

Mansell Bros., local John Deere dealer, has one of the John Deere power steering tractors for the public to see and drive.

According to the dealer, John Deere power steering offer new freedom from steering effort, driver fatigue, safer, faster and more convenient operation. The operator enjoys "highway steering" when handling the tractor in mud and sand, or bedded and irrigated land and when working with heavy front-mounted equipment. Power steering makes it possible for any member of the family to operate the tractor and this may save the expense of hiring an extra man.

The new steering is optional equipment, built right into new John Deere models 50, 60 and 70 tractors. The unit operates whenever the tractor engine is running; manual steering takes over when the engine is shut off.

There are many other features which must be seen and tried to be fully appreciated. Mansell Bros. extends an invitation to all farmers to come in and drive the new John Deere with power steering. 17-1t

Tips on Dips

Keep Your Head

If you get into trouble, keep your head. Don't get panicky. If you are caught in a current, swim with it diagonally to reach shore and safety. If you suddenly step into deep water, don't reach for the sky. Hug the water with your arms and spread your body over the water to keep afloat. Learn how to meet emergencies by joining a Red Cross swimming class. You can't think of a better sport to save your life.

Swimming Classes To be Taught Here Beginning June 21

Jerry Hampton, safety chairman for the Red Cross, has arranged for a community swimming and water safety course to start here next Monday. Charlene Evans, instructor, will meet all who register for classes. Miss Evans is at Denton this week, finishing a course for an instructor's license.

Mr. Hampton stressed that the instruction is for all who enroll. Starting June 21 classes will be for junior and senior life-savers, all enrolling in the senior division to be 18 years of age or over. These classes will be for those who can already swim and who want to attain the life-saver rank.

Beginners will be taken following the above courses and will be given the fundamentals in handling themselves in water. All classes will be taught at the municipal pool each morning from 8:00 to 10:00. These are hours before the pool is opened to the public and only those registered will be permitted in the pool.

Registration cards can be obtained at the pool and those interested are asked to secure them there and fill them out as soon as possible. The card calls for a physician's certificate on the back side. Minors will be required to secure their parents' permission.

This instruction is for all citizens of Rannels county, Mr. Hampton stated.

He's Ten Years Younger Today!

Here's a man who has just taken ten years off his age—insofar as his spirits and mental outlook are concerned.

He's going for his first ride in his first Cadillac—and he's a happy, happy man—with his hopes in the sky and his heart singing a song it hasn't recalled for a decade.

He's having an experience which we can't tell you about. You have to live it yourself—at the wheel of that first Cadillac—in order to evaluate it.

You know how it goes. You work and you worry and plan and hope. The years go by—and, bit by bit, you get things done. The insurance creeps up where you want it—the mortgage on the home goes into the fire—there's that nest-egg against the future and the college fund is in the bank.

And then, one day, you feel there's no further need

for resisting—so you order the Cadillac—and wait for the happy news—"It's here!"

Your ride home will live in your memory forever. You've put the cap sheaf on your world of dreams.

Of course, this great sense of personal well-being is only the first thrill that comes with your Cadillac.

bridge luncheon given by former classmates of the honoree, Mrs. Lanham Flynt and Mrs. Al Purifoy, in the Flynt home in Wilke Terrace Wednesday afternoon of last week.

The polished dining table was centered with daisies and the coffee table had an arrangement of gladioli. Foursome tables were centered with yellow rosebuds.

In games of bridge, the high score and bingo awards went to the honor guest, and she also was presented a wedding gift by the hostesses.

Others were: Mrs. Barry Williams, of Austin; Mrs. Edgar Payne, of Abilene; Mrs. Everett James Grindstaff, Mrs. Tom Agnew and Mrs. Powell Wear. Mrs. Caudie was a guest at the luncheon.

Added to the series of entertainments honoring Mrs. Har-

vey A. Rivers was a gift tea hosted by Mrs. Tom Agnew and daughter, Mrs. Barry Williams, of Austin; Mrs. J. W. Guynes and daughter, Mrs. Jimmy Agnew, of Dallas.

The tea was held in the Agnew home in Wilke Terrace Friday afternoon. Decorations included a profusion of summer flowers. Guests were greeted by Mrs. Tom Agnew, who presented Mrs. Guynes, Mrs. Rivers, and her mother, Mrs. Tom Caudie; Mrs. T. B. Young, of Winters, grandmother of the honoree; Mrs. Joe M. Carlton, sister-in-law of Mrs. Rivers, and Mrs. C. P. Pritchard, of Stamford.

Living room decorations included gladioli, an arrangement of elderberry foliage with Marconi daisies and a glowing light for the background which formed the base for the mantel.

The dining table was laid with an Italian lace cloth designed with cupids and centered with a heart-shaped container of frosted glass which held ester reeds, white roses and baby breath. A cupid figurine holding wedding bands and decorated with white roses and lilies of the valley centered the heart-shaped container. Matching white cupid candles in crystal prism candelabra were on each side of the table centerpiece. White napkins were inscribed with "Patricia-Harvey" in gold. A beautiful decorated porcelain china dream boat filled with white blossoms flanked by aqua tapers in matching candelabra formed the decorations for the buffet.

Mrs. Powell Wear, Mrs. E. A. Saunders, Mrs. O. R. O'Neill, Mrs. Jimmy Agnew, Mrs. James Wear, Mrs. Claude Mansell, Mrs. Barry Williams, Mrs. Wilfred Buxkemper and Mrs. J. B. Dankworth served individual cake squares decorated with white rosebuds, with decorated mints and fruit punch.

Dread Marabunta Adds Chill Realism To 'Naked Jungle,' Technicolor Epic

That truth is stranger than fiction is vividly pointed out in Paramount's brand new Technicolor suspense drama, "The Naked Jungle," to be shown at Texas Theatre next Saturday starting at 7:00 p. m. and Sunday and Monday, June 20, 21, at regular hours. This major production also will be presented at the Hillcrest Drive-In theatre on Sunday and Monday, June 20, 21. In this thrilling, chilling film, which stars Eleanor Parker and Charlton Heston, a strange force that destroys everything in its path is described.

This strange destructive mystery is the "marabunta." Into the dangerous depths of the

South American jungle comes Miss Parker as a mail-order bride of brooding plantation owner, Heston. Their relationship is strained from the very beginning, but when they are threatened with the gruesome threat of the feared "marabunta" the couple patch up their difficulties.

Adding to the extreme realism generated in "The Naked Jungle" is the vivid Technicolor photography which takes in the fauna and flora of the vast South American jungle. Seldom has the forbidding atmosphere of a dark tropical area been explored to the extent that it is in this film.

'Three Texas Steers,' 'Mogambo,' 'Naked Jungle' Top Offerings of Week at the Hillcrest Drive-In

"Three Texas Steers," a Republic re-release of the "Three Mesquiteers" series, to be shown on the twin-bill at the Hillcrest Drive-In Theatre today and tomorrow, stars John Wayne with Ray Corrigan and Max Terhune in an action-packed western. Supporting players are Carole Landis, Stanley Blystone, Ted Adams, Roscoe Ates and David Sharpe.

Also on this program is "The Diamond Queen," starring Fernando Lamas, Arlene Dahl and Gilbert Roland.

Clark Gable, Ava Gardner and Grace Kelly appear in M-G-M's thrill picture, "Mogambo," to be shown at the Hillcrest Saturday only, June 19. The exciting drama of an expedition leader who becomes involved in a triangular relationship with an American show girl and the wife of an English scientist was filmed in Technicolor on a 4-months safari through 10,000 miles of central Africa. A highlight is a gorilla hunt by pygmies armed with spears and nets.

Also on this program will be presented "Rachel and the Stranger," starring Loretta Young.

Guy Madison as "Wild Bill" Hickok and Andy Devine as his big and clumsy deputy head the cast of "Border City Rustlers," one of the two attractions at the Texas today, tomorrow and Saturday. In support at Isabel Randolph, Gloria Talbot, Murray Apter, George Eldredge and George Lewis.

Early San Francisco is the setting for the Universal comedy, "Fireman Save My Child," No. 2 feature at the Texas today through Saturday. Starred are Spike Jones and His City Slickers, Buddy Hackett, Adele Jergens, Hugh O'Brian and Tom Brown. Spike Jones' wild music is intermingled into a wild story of the first efforts to motorize the city's fire department.

Paramount's great new action-packed Technicolor suspense drama, "The Naked Jungle," is to be shown at the Hillcrest Sunday and Monday, June 20, 21, simultaneously with its presentation at the Texas Theatre. The spine-tingling adventure story is set against a background of the treacherous South American jungle and co-stars Eleanor Parker and Charlton Heston.

The story of Uncle Sam's fighting combat engineers and our heroic Greek allies in Korea, "The Glory Brigade," is one of two attractions at the Hillcrest Tuesday, Wednesday, Thursday, June 22 through 24. Starred in the 20th Century-Fox picture is Victor Mature. Heralded as the most impressive film on Korea to date, "The Glory Brigade" has a large supporting cast headed by Alexander Scourby, Lee Marvin and Richard Egan.

The dramatic story of an unfaithful husband, which might have been taken from the front page of almost any city newspaper, is given a surprise climax in "They Won't Believe Me," No. 2 feature at the Hillcrest beginning next Tuesday. Susan Hayward, Jane Greer and Robert Young are co-starred in this RKO Radio release.

The most attractive filling station we know of is the dining room.

Alan Ladd Thriller and 'Wicked Woman' Texas Mid-Week Attractions

The story of the birth of a nation, Australia, is the thrilling subject of Paramount's new action-packed drama of the sea, "Botany Bay," one of two features to be shown at the Texas Theatre Tuesday and Wednesday, June 22, 23. Starring Alan Ladd, James Mason and Patricia Medina with Sir Cedric Hardwicke, "Botany Bay," (in Technicolor) relates the stirring event which led to the settlement of that "down-under" land.

"Wicked Woman," a United Artists release, is the other attraction on the same dates. The picture stars Beverly Michaels, of last season's hit, "Pickup," in a role depicting a beautiful but coldly calculating woman. Sharing stellar honors with her is Richard Egan, in the role of a married man who becomes a dupe for her false charms. Others in the cast are Percy Helton and Evelyn Scott.

**WEST TEXAS
NOTES**

A number of farmers have been making inquiries on building new grain storage and utility buildings on their places. The government has disclosed that storage for grain on loan is very short and little can be accepted for approved commercial storage this year. As a substitute it is recommended that farm storage be built and that grain put in these buildings will be approved for loans. There has been little or no farm construction the past three years because crop yields did not require it. A few have ample space and in most instances these buildings are empty. Most Runnels county farmers expect to start combining next week and for some time oats and wheat will be sold or stored under government loan. This county's small grain production will be fairly high and the best quality harvested since 1949.

Next week 4-H club girls of two counties will be in Ballinger for their annual encampments. Concho county girls will meet at the local American Legion hall and Runnels county girls also will assemble there, each holding two-day encampments. The hall has an excellent kitchen, making it an ideal place for these gatherings. All attending can be assembled at one time, the hall is air conditioned, well screened, and in previous years 4-H clubs of this section have used it on numerous occasions. District 7 4-H girls are meeting at Buffalo Gap this week and the four from each county attending will serve as program planners for county encampments that are

A large swimming class for children is being formed at Miles and instruction will begin next Monday. The Ballinger swimming pool will be the site for the training and the children will be divided into beginners, junior and senior lifesaving classes. The group will be transported to Ballinger in a school bus, leaving Miles at 7:00 a. m. and returning about 10:30 a. m. The instruction will be given at the pool before the regular opening at 10:00 each morning.

Rowena telephone subscribers were advised last week that bills after June 21 would be approximately 50 to 60 per cent higher than at present. The company offered a financial statement on

to follow later this summer.

All Ballinger service organizations will start a new year on July 1 under new officers. There are three strong service groups here in addition to the regular chamber of commerce and each devotes considerable time and money to carrying out civic projects. Rotarians, Lions and Jaycees annually conduct programs which mean much to the community and county. In the membership of the three organizations are more than 200 local business and professional men who are constantly planning for a better Ballinger and especially fostering youth projects. Leaders of the three groups also serve in the chamber of commerce and often take over projects which the chamber is unable to handle because of lack of money. These organizations invite new citizens to join them in rendering service and promise a wholesome fellowship.

Rowena operations, showing a loss by the exchange and giving the new schedule. A one-party business telephone will be hiked from \$5.00 to \$8.00, two-party lines from \$3.65 to \$7.00 and other services on similarly. Rural residence phones will be raised from \$2.35 to \$4.00 a month.

University of Texas geology students arrived at Brady last week and set up housekeeping to begin summer field classes. The men are quartered in the junior school gymnasium and will work from there in various sections of McCulloch county. Dr. Keith Young, group leader, stated that the students would work in the Mercury and Winchell communities. The university geology class has been meeting at Brady each June for the past 20 years.

The Bronte city council has engaged the services of a Fort Worth engineering firm to make a preliminary survey for a sewerage system that can be installed on a self supporting plan. City officials have received numerous requests from citizens to make possible sewer connections. The engineering firm is making the survey with no obligation to the city, unless the project is actually built.

A contract for the purchase of equipment for the Winters high school gymnasium was let by the board of trustees last week to the W. C. Hixon Co., of Dallas. The total for equipment and installation is \$11,000. Included are bleacher seats on each side of the gymnasium, made of white pine, accommodating 864. Also included are basketball backstops made of glass, safety cushions for the walls under the goals and a number of other items to be used in practice. The new gymnasium is to be completed before the next term.

The historical publishing committee for the 1954 Stephenville centennial has announced plans for printing and selling a brochure. The group has started the selection of pictures, stories, advertising and other material to go in the booklet. Printing will be done soon and copies made available to be used in advertising the centennial and fair, scheduled in October.

The Menard city council spent considerable time last week considering flood conditions that exist in part of the town following heavy rains. It was voted to join two other agencies, the soil conservation district and the state highway commission, in an effort to correct the

condition. The flood area catches water from a watershed of about one section of land and will require a survey and plans by engineers. County road machinery will also be available for work on the project.

Two Rochelle boys have won the top prizes offered in the McCulloch county feeding contest. This contest is conducted each year to encourage boys to engage in commercial feeding. Jon Lloyd scored 962 points out of a possible 1,000 on his calf project and also scored high in lamb feeding. This was a repeat performance for Lloyd as he took first money in 1953. Winners are selected on the basis of profit per dollar invested.

A community welcome was held last week for Rev. and Mrs. G. G. Cecil, who are serving the Paint Rock Methodist Church. Members of the Methodist church and a large number from the Baptist and Presbyterian churches greeted the pastor and wife at the first morning service last week. Rev. Cecil formerly served at Karnes City and was transferred to the West Texas conference two weeks ago. He was also welcomed at Eola last Sunday when he met with the membership for an early service.

Harvesting of small grain started in the Melvin area last week and will continue for some time. The crop is reported short and will not compare with normal yields. First grain sold there was an excellent grade

and some farmers will have a good yield per acre. D. C. Middleton, local grain buyer, stated his storage for wheat and oats was limited but buyers for Kimbell Milling Co. stated their concern had ample storage to take care of all patrons.

Mitchell county's \$200,000 bonds for purchasing the right-of-way for the freeway on highway 80, have been sent to Austin for approval by the attorney general. As soon as they get state approval, they will be returned to Colorado City and converted into cash by selling to Columbian Securities. Securing the right-of-way will assure the \$1,749,000 freeway construction in Mitchell county. Personnel of the state highway department is working in Colorado City at present securing land and preparing deeds for the freeway.

Committee chairmen in charge of the 1954 Coleman rodeo predict the best show in the history of the organization. The dates are July 14, 15, 16 and 17 and all special acts have been booked. Included are the Lane Trio, three beautiful young women in a tumbling act. Cy Ritter with Cy's wreck will be a comedy break for each evening program. Clowns and other special entertainers will be on the job along with the long list of rodeo performers. Booster trips are being planned with the famous Cowboy Band of Hardin-Simmons University, Abilene, a feature.

Brownwood's tremendous water resources came in for publicity last week when a survey was made of a number of West Texas towns by the Fort Worth Press. Brownwood was referred to in the survey as "one of the brightest spots in the Texas water picture." The story added that Brownwood had enough water to "float the fleet" and gave the size and capacity of the lake. It also pictured some of the new industries that have been attracted by the adequate water supply.

Pioneer day camp opened last week at Lake Eanes, Comanche, for Girl Scouts and Brownies. The first day there were 105 girls and leaders and others were expected for the other pro-

Under postal laws newspapers and periodicals must pay postage due for notices of any change in address furnished by the post office. Besides there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move.

Have a Budget

A budget has been defined as a system in which the outcome of the income depends on the outgo for the upkeep. But in all seriousness it is helpful to have a household budget. It enables you to spend more wisely—and to bank more.

Even if at the end of the month your budget does not balance you will find it profitable to have one. Some expense items which seem too large may be reduced. Careful planning enables you to use your money to better advantage. It's not the amount of money but what you do with it that counts.

Have a budget and be sure to provide for a substantial cash reserve. Wise money management always pays.

SOCIAL SECURITY MAN TO BE HERE TUESDAY

Holly Rees, field representative of the social security office at San Angelo, will be in the Ballinger post office Tuesday,

June 22, for part of the day. He will be glad to meet anyone who desires information on his social security standing and will answer questions on any specific case.

Mr. Rees points out that very few workers retire when they become 65 years old. Citing figures, Rees said that about three million elderly people are still working on full time jobs. Practically all this group would be eligible for retirement income if their earnings dropped to \$75 a month or less.

The field representative said

ill health was the principal cause for retirement at the age of 65. He added that when people become 65 it is a good time for them to check on their old-age insurance rights and social security.

**New engine power!
New operating economy!**

**New Chevrolet Trucks...
do more work per day... more work per dollar!**

You save hours on the road. Thanks to new high-compression engine power, you can maintain faster schedules without driving at higher maximum road speeds. Increased acceleration and hill-climbing ability cut your time per trip.

You save extra trips. That's because of extra load space. New pickup bodies are deeper, new stake and platform bodies wider and longer. Also, they're set lower to the ground to make loading and unloading faster and easier.

You save time on deliveries. With new truck Hydra-Matic transmission, you can forget about clutching and shifting—for good! This proved, economical automatic transmission is optional at extra cost on 1/2-, 3/4- and 1-ton models.

You save on operating costs. The "Thriftmaster 235" engine, the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower plus increased operating economy.

You save with lower upkeep, too. New Chevrolet trucks are built stronger to last longer. For example, there are heavier axle shafts in two-ton models, bigger clutches in light- and heavy-duty models, stronger frames in all models.

And your savings start the day you buy. In fact, they start with the low price you pay—and they never stop as long as you own a Chevrolet truck. Chevrolet, you know, is America's lowest-priced line of trucks.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.

'Saskatchewan,' 'Eddie Cantor Story' Among Top Films Billed at Horseshoe

Action and tense drama characterize "Loophole," starring Barry Sullivan, which is one of the two features at the Horseshoe Drive-In Theatre tomorrow and Saturday, June 18, 19. On the same program is an East Side Kids comedy.

Others prominent in the cast of "Loophole" are Dorothy Malone, Charles McGraw, Don Haggerty, Mary Beth Hughes and Don Beddoe. In supporting parts are Dayton Lummis, John Eldredge and Richard Reeves.

Bigness is the keynote of "Saskatchewan," spectacular Universal adventure in Technicolor to be shown at the Horseshoe Sunday and Monday, June 20, 21, with Alan Ladd and Shelley Winters in co-starring roles. There is bigness in scope, bigness in action, and above all, bigness in the colorful grandeur of the Canadian Rockies against which the big adventure is set. To everyone who has been

told that he lived in "the sticks"—namely not in New York—the other feature at the Horseshoe beginning Sunday, "Broadway Guys," will be a rare treat as well as an hour and a half of continuous laughter. Based on Ring Lardner's famous novel, "The Big Town," the film is a delicious bit of satire. Prominent in the cast are Henry Morgan, Virginia Grey, Dona Drake, Jerome Cowan, Rudy Vallee, Hugh Herbert, Leo Gorcey and Bill Goodwin.

"The Eddie Cantor Story" to be presented at the Horseshoe Tuesday and Wednesday, June 22, 23, is the story of one of America's greatest entertainers and private citizens, filmed by Warner Bros. in Technicolor. With Keefe Brasselle playing Cantor and Marilyn Erskine as Ida, the film traces the fabulous career of the man who started in a basement in the slums of New York and who

reached world-wide fame through his humanitarian and philanthropic ventures. Music, the motivating force in Eddie Cantor's life is well represented in the film by such songs sung by Cantor himself, as "Making Whoopee," "Ma, He's Making Eyes at Me" and "If You Knew Susie." "The Man from Sundown," outdoor action drama starring Charles Starrett, is the No. 2 offering on the Horseshoe twin-bill next Tuesday and Wednesday. The Columbia western highlights the efforts of the Texas rangers to capture a murderous band of outlaws that is terrorizing the countryside. Featured are Iris Meredith and the Sons of the Pioneers, famous screen, radio and recording singing combination.

---AND A GOOD TIP FOR YOU

WHEN it comes to sales, every car maker aspires to be up at the top of his price class.

Which is only natural. Popularity like that means success.

We know, because for years Buick has held such an envied position—the unquestioned sales leader in its class. And with good reasons in styling, room, power, value.

But today, folks like you have pushed Buick success even beyond such bounds.

Today, the top sales standings of a full generation have been changed.

Today, latest sales figures for the first four months of 1954 reveal this phenomenal fact:

In total national volume, regardless of price class, Buick is outselling every other car in America except two of the so-called "low-price three."

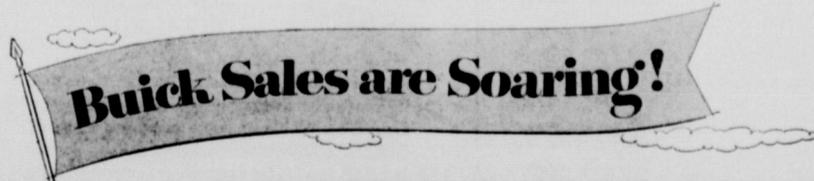

That's a tip too good to pass up.

That's the tip-off that Buick must have the hottest styling of the times and the sweetest performance of the year.

More important, that's the tip-off that Buick prices are well within the reach of more and more people—and that such prices buy a lot more automobile per dollar.

So why not look into the tomorrow-styled Buick that puts you so far ahead today?

Come in, or phone us this week for a demonstration. Then you can judge for yourself that Buick really is the beautiful buy—by far.
