LAST DIP-Though summer is gone, French starlet Neelle Am dier braves chilly weather for her final swim of the year at ass outdoor pool in Paris, France. The fact that she is the only person in the place does not deter her, proving she's w brrrave girrrl.

LIVING DANGEROUSLY!

You are if your home's a fire-trap!

To help make Ballinger more fireprevention conscious, 800 school kids are serving this week as Junior Fire Marshals.

The Marshals are sponsored by the Hartford Fire Insurance Co. agent, E. M. Lynn & Co.; the Ballinger Jaycees and Ballinger Firemen.

Please give your Junior Fire Marshal 100% support.

If your child is under school age and wants to become a Junior Fire Marshal, clip the home report below, fill it out, sign it properly and bring it to the E. M. Lynn & Co. office and he will receive his fire helmet, as shown in the picture, and his Junior Fire Marshal's identifi-cation card.

Checked cellar, attic and garage old newspapers, rags and other fire kindling material Told smokers in the house not to smoke in bed . . to always be sure that matches and cigarettes are descri out before leaving them.

Checked to make sure there are no flammable liquids (gasoline, benzine, etc.) used or stored in the house. Checked to make sure that matches are kept out of the reach of small children. (Over 20,000 fires a year are caused by children playing with matches.)

Spoke to mother about unplugging the iron cord and removing the heated surface from the ironing boardwhen she leaves her ironing, even for a short time. Asked dad to check plug-in cords on electrical applaances to make sure they're not defective.

Told dad that myself and other experts advise a yearly check-up on all heating equipment. (Defective heating equipment causes fire losses of over 60 million dollars

Had dad show me how to work our fire extinguisher or (if no extinguisher in the house) suggested that we buy

HERE's a mighty good chance that October 1954 will be the biggest October in Buick history.

In fact, we know it will - if we can keep Buick sales rolling as they've been rolling thus far this

This is the pace-setting car that has romped ahead of competition - climbed up into the circle of

America's three top sales leaders.

It's the car that has been winning customers because it has the power, the ride, the room, and the styling that make it the buy of the year.

So we're in the mood to talk turkey, if you are in the market. Come in today for a car - and a deal - too good to miss.

we offer in **Buick today**

1. Tomorrow's Styling

True year-ahead beauty with long, low glamor lines, keynoted by that spectacular new panoramic windshield that most other cars won't have till 1955 or later.

2. Higher Resale Value in the years to come

From the far-in-advance styling that will keep your Buick new and modern-looking well into the future, as other cars catch up.

3. Bigger Allowance from our volume business -

For the huge sales success that has moved Buick into the circle of the "Big 3" means we can offer you a higher trade-in on your present car. Come in and see for yourself that we can make you a better deal.

Now's the time to make your buy because

HAS PRODUCED MORE V-8's THAN ALL OTHER

It's America's largest selling V-8!

Four out of five V-8's on the road today are V-8 Fords! Ford introduced the V-8 engine to the low-price field more than 22 years ago . . . and is still the only car in its field to offer the smoothness and responsiveness of V-8 power. Add to this Ford's long, low silhouette, its clean, modern styling and its colorful, smartly-trimmed interiors, and it's easy to see why Ford is America's most popular V-8 car.

There's no engine so modern!

Ford's Y-block V-8 has an extra-deep block that extends below the crankshaft for more rigid support, longer engine life. New short-stroke design, turbo-wedge combustion chambers, free-turning overhead valves and exclusive Automatic Power Pilot squeeze the last ounce of power from every drop of gas! With 130-horsepower, Ford's Y-block V-8 is the smoothest, most responsive engine in Ford's field!

There's no V-8 priced so low!

Only Ford offers a V-8 in the lowprice field! And no car near its price gives you Ball-Joint Suspension . . : for smooth riding and easier handling. Only Ford in its field, gives you Full-Circle Visibility . . . the most windshield area . . . the most rear window area . . . the most total glass area! And, with many other exclusives such as suspended pedals and Center-Fill Fueling, Ford is America's best buy!

It's not just a V-8
...it's a Y-block V-8

NO WONDER MORE PEOPLE ARE BUYING FORDS THAN **EVER BEFORE!** WORTH MORE WHEN YOU BUY IT ... WORTH MORE WHEN YOU SELL IT!

Analysis of used car prices shows that Ford retains a greater proportion of its original cost at resale than any other car in its field. It's further proof of the greater value you get from Ford.

Why Bank Around

There is no necessity for "here and there" money transactions-no need to go to one part of town for one thing and some other part of town for another. This bank, sometimes known as the "financial department store" has provided under one roof almost every known financial service.

We make loans on liberal terms-we have a real estate loan connection in New York, the terms of which are most liberal and under certain conditions payment may be made at any time without penalty. We have lots of safety deposit boxes for the use of our customers and friends-we is sue bank money orders; these evidences of transfer are sold over our counter at considerable saving in many instances. Often our saving is considerable in the financing of automobileswe have sufficient vault room to take care of all the private papers within the area-we issue Travelers Cheques, the kind which are self identifying, at a nominal cost-a convenient and safe method of carrying money, or its equivalent, when traveling abroad or in this country.

Yes, with one stop every known financial need may be taken care of here in our bank. If you have not tried our service within recent years you may be surprised to find, by personal contact, all the things this bank has provided for the convenience, the comfort and the safety of those who favor us with their business.

Consumption of city water is declining with cooler weather and plant employees have quit struggling to maintain full tanks. During the summer many local yards have been kept in excellent condition and few West Texas towns can boast of more beautiful trees. Ballinger is one of the few fortunate towns in this section with a water supply that served citizens through the drouth without rationing. Both the supply and the pumping and filtration facilities were capable to taking care of the heavy load.

Local hunters are disclosing keen interest in the approachcondition by the opening date. time, 7,452 notices being sent A number of local hunters have kept their same leases for a las, has just completed its final number of years and planning to be back in familiar scenes on November 15.

Approximately 40 local workpeople in need. This fund is disbursed without overhead expense, people in distress are helped without question and no one is turned down. During the past twelve months approximately 240 people received aid from the local chapter. There were no big handouts, most of the outlay being for a few food items, medicine, a bed for the night, a couple of meals or in aiding children who had scant clothing to attend school Local leaders are expecting more calls than normally in the coming winter and hope that more than the quota is subscribed. Part of the \$1,100 quota will go to the state headquarters, but should more than the quota be raised, the portion above will all be spent here. If the local chapter exhausts its account before the end of the year it can call on the state organization and additional help will be advanced. In previous years quotas have been reached because Ballingerites have known of the good work of the Salvation Army for many years and approve of its manner of helping the needy

This calls for a '55 Automatic Plus Gas Range in decorators' colors to keynote or complement your color scheme. Choose pastel green, pastel yellow, brilliant red or antique copper to make your modern gas kitchen pretty as a picture. pretty as a picture. modern gas cooking is Automatic Pun In '54, more people than ever before are cooking with gas! Annual Old Stove Round-Up Sale Now Save at GAS Range Dealers and Lone Star Gas Company

THE "MEDICINE MAN" of the early nineteen hundreds has small part in our modern habits of living. Little medicine is sold these days from the tailboard of a wagon. The public has learned that when illness comes, the safe procedure is to see a physician. Remember, always, that your physician is governed by honest methods and ethical principles. Place yourself in his care and rely implicitly on his judgment. If he prescribes for you, bring his prescriptions to us for filling.
