Fore and Aft- and Curbside, too-

It's the style hit of the year!

you can take our word for it when we tell you this: The first time we put eyes on the 1955

Buicks, we really raised a cheer. To top the looks of last year's Buick - the car that moved Buick into the top three of

the nation's best sellers-that was something. That gave us two hits in a row, we figured

- and it seems we figured right. For with these stunning new 1955 Buicks, we're getting even more noses pressed against our showroom windows than last year - and more folks coming in to look and study and drive and buy.

But bold new styling, of course, is just one reason for the sensational success of these great cars.

New power is part of the picture-robust new V8 power in record might - 236 hp in the CENTURY, SUPER and ROADMASTER -188 hp in the low-priced Special.

New performance, too-from the dynamic action of Buick's Variable Pitch Dynaflow* that gives you far better gas mileage in normal driving and cruising - and full-power getaway or safety-surge acceleration, but instantly, and with infinite smoothness.

So you can see that just looking isn't enough.

You have to take that wheel in your hands, try that power, feel that Dynaflow take. hold surge, sample that Million Dollar Ride-and check the hard-to-pass-up prices we're quoting.

We'll gladly help you do all that. Why not come in this week?

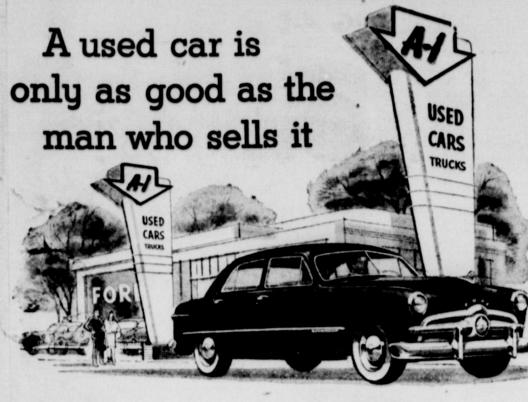

*Dynastore Drive is standard on Roadmaster, optional as entra cost on other Series.

Thrill of the year is Buick

HOW DO I PLAN FOR HOUSE HEATING?

Flue-vented heating keeps indoor air fresh, more healthful, more pleasant. Window sweating is reduced; moisture from combustion is eliminated. Flue-vented heating is recommended by Lone Star for residential installation.

If your furnace isn't the correct size, you'll never achieve comfort heating. Insist on expert engineering . . . on a heating system designed to deliver the correct amount of heat at proper intervals in exactly the right places.

A furnace without a good duct system is like a fine automobile engine in a pushcart. Plan for installation by experienced, reliable personnel. Luckily for most homeowners, new gas central furnaces are compact - fit in small closet areas or in attics.

Here's a good way to judge a heating system! Modern flue-vented perimeter gas heating systems actually put heat in the floors. Children can play with less danger of catching colds. Chilly feet become a thing of the past. "Toe-tucking" days will be over!

Appreciation

We wish to express our appreciation to the fine people of Ballinger for their interest and attention shown us while Dr. Frischer was a patient in the Ballinger Clinic-Hospital, following a traffic accident.

Especially do we wish to mention Dr. O. H. Chandler and the entire hospital staff for their excellent care. Also Rev. C. B. Orahood, Rev. Felix Keys, Mrs. Kenneth Kump, the Giles boys, George Newby and Patrolman Joe Perry, and many others for their interest and well wishes. We think you have a wonderful town and many wonderful people live there.

Dr. and Mrs. Aron Frischer

Shortening GO Milk

... and the biggest bargain in your budget today is your electric service. The fact is that West Texas families get almost twice as much electricity per dollar today as they did twenty years ago. For mere penmes a day electric service helps you live better, feel better, play better, work better. Just a few examples:

For about a nickel you can refrigerate all your food for a whole week end. Hot water is always on tap for just a few pennies' worth of electric service. Television is enjoyed by one and all for just a few cents of electric power a day. Everything comes out clean in the family wash for just pennies of electric service.

> And all this low-cost electric service is right at your finger tip...around the clock. Usually bargains don't come this easy, or this big. No wonder everybody loves this bargain ... ELECTRIC SERVICE.

More Than a Convenience

you pay bills with bank checks, the time-saving convenience the basis for a valuable banking connection which ore helpful to you through all future years.

A good balance in your account fortifies you against any regular or unexpected expense, and it helps to build your credit. Here you can have a safe storehouse for dollars you wish to hold-subject to your call-for any future needs

A bank account is a modern essential for every individual and for every family-and, beyond the account itself, are many other benefits which you will value more as days and years go by.
