Why All This Talk About the Convenience of a Checking Account?

Here's why-those who have accounts at this bank do not have to count out cash money and deliver it to creditors-often times standing in line for their cash to be counted and a receipt given. Those who have money in this bank can pay for apples in Oregon, cheese in Wisconsin and pralines in Louisiana without going any farther than the mail box. Without checking accounts throughout the land, people would have to carry money around in armored cars and would be required to pay in currency. Creditors would have money counters-the nation's economy would wither-these of the reasons why eight billion checks were issued on banks in this country in 1954 and the aggregate in dollars reached the unbelievable sum of 1.7 trillion. When our customers write a check to someone in Kalamazoo or elsewhere, we transfer the funds

Get a Beautiful 5x7" Picture of Your Baby

Choose any one of several completely finished photographs . . . all in different poses . . . for only 49¢. You will not be urged to buy, but if you wish you can buy the remaining photographs at only 1.25 for the first, \$1 for the 2nd and 95¢ for any additional pictures bought in the store.

five, \$1 for the first picture.

HERE'S ALL YOU HAVE TO DO:

- . Just bring your baby to Penney's tomorrow.
- An expert photographer will take several pictures with an automatic camera, and using no-glare lighting—no bright lights to frighten your little one!
- · You will be notified when your pictures are ready!

If You Are Interested You Can Easily **Learn All About** The Catholic Church

by Attending **A Series of Talks**

TO BE GIVEN AT

St. Mary's Hall

CORNER OF CROSSON AVENUE AND FIFTH STREET

COMMENCING

MARCH 17th AT 7:30 P. M.

These Talks will be Given Twice Each Week-On Mondays and Thursdays at 7:30 p. m. There Are No Obligations or Expenses on Your Part. You Will Hear Why **Catholics Believe:**

- 1. In the Holy Bible as the Inspired Word of God
- 2. That Jesus Christ Founded a Church Which Cannot Go Wrong
- 3. That He Instituted the Sacraments of Baptism, Confirmation, Holy Eucharist, Penance, Extreme Unction, Holy Orders and Matrimony
- 4. In Adoring Jesus Christ Who is the Son of God, and in Honoring Mary Who is the Mother of Jesus Christ.

These and many other aspects of our Catholic Belief will be discussed with the intention of promoting good will and better understanding between Catholics and Non-Catholics in our community. Phone 9955.

being made. The biggest help in eral rain which would also fill the city lake, which is low at this time. A new supply in the gardens.

The future of boys' baseball will be determined at a meeting to be held tonight. Last year a considerable number of boys participated in the first organized baseball of this kind in Ballinger and the season was a success, even though playing fields were very poor. Leaders hope to overcome this handicap in 1965 and also to enlarge the program to take in more boys. If plans are carried out, two leagues of six teams each will be operated. Fifteen players on each team roster would give 180 boys an opportunity to engage in this great American sport. Operation of the 12 teams calls for 12 sponsors, a number of umpires, team managers, scorekeepers and other officials. The tion program probably will be boys that has ever been con- district. HOTTEST BUICK IN HISTORY nder you see so many 1955 Buicks on the high ways—they're rolling up bigger sales than ever before history—topping the popularity that has already mad Buick one of the "Big Three" in total national sale

Who says you can't have getaway and gas saving too?

(maybe you'd better try Variable Pitch Dynaflow!!)

s any automotive engineer will A tell you, the goal in automatic transmissions has long been a design that would give top acceleration and top gas mileage-and still be absolutely smooth.

Well, it's easy to step up acceleration, or gas mileage-but tough to do both together-unless a lot of gearshifting takes place, which cuts down on smoothness.

So Buick engineers looked to aviation for the answer-and brother! what a wondrous new magic they came up with!

They took a leaf from the airplane's variable pitch propeller-which switches the pitch of its blades one way for quick take-off-and another way for better gas mileage aloft. They brought the same principle to

Dynaflow Drive* - to the twenty

propeller-like blades in the Dynaflow "stator." They engineered these blades to swivel like the blades of the plane propellerand with the same results.

In cruising and in all normal driving, the blades are angled for fuel economy-and you get a lot more miles from a tankful of gas.

But when you have to move instantly-when you need quick getaway, or a sudden burst of safetysurge power to get out of a tight spot on the highway-you just press down that gas pedal, and you're off in a split second.

You've never felt anything like it before - because there's never been anything like it before in an automobile.

It's action that's sheer thrill-action that's backed by the highest V8 horsepowers in Buick historyaction that's sending Buick sales soaring to record-high levels.

Come in and try it, at the wheel of a Buick Special, Century, Super or ROADMASTER. You have nothing to lose - and the most thrilling buy of the year to meet.

*Dynaflow Drive is standard on Roadmaster, optional a extra cost on other Series.

TO ENTER GORMAN MEET

First bathtub in the United States was installed in 1842 by Adam Thompson in Cincinnati.

No gasoline-no, not a single one-has higher octane than New 1955 GULF NO-NOX

and because it burns clean... New No-Nox gives you even more power-with-protection

GULF'S PLEDGE to the motoring public

- We at Gulf make this promise to America's motorists. We will not permit a single competitor-no, not a single one-to offer a gasoline superior to our own superb No-Nox.
- · It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest-in power, in performance, in engine protection.

 This is not a boast, pot a claim. It is a pledge to you, the motoring public-a pledge backed by the resources-and the integrity-of the Gulf Oil Corporation.

But octane alone is not enough. Only a gasoline that burns clean can make its full octane power really work for you mile after mile. That's why new Gulf NO-NOX is super-refined to burn clean and make this power last thousands of miles longer!

This lamp test above shows what a difference Gulf super-refining makes. Gulf refines out the "dirty-burning tail-end" of gasoline, at the refinery, to bring you new Gulf NO-NOX. Just see how clean new NO-NOX burns.

Fill up with new Super-Refined Gulf NO-NOX and feel the difference:

- · More complete engine protection than with so-called "miracle-additive" gasolines.
- . Extra gas mileage in the short-trip, stopand-go driving motorists do most.
- Stall-proof smoothness . . . instant starts
- . fast, fuel-saving warm-up.
- · No knock, no pre-ignition-even in today's high-compression engines.

It's super-refined...to burn clean! The '55 gasoline for all high-compression engines

Acting on a 20-Year-Old Decision!

Let's suppose it was a couple of decades ago when a young lad, with his book strap over his shoulder and his lunch basket under his arm, started slowly down a dusty road that led to a country schoolhouse.

But his walk was short that day. For a big, handsome Cadillac - with its smiling driver traveling in the lad's direction-stopped and gave him a "lift."

And as he stood there on the schoolhouse lawn and watched the big car roll off into the distance, he made a decision. He decided that, some day, he would own a Cadillac.

And here you see him, his dream come true—taking the keys to a new 1955 Cadillac!

never ceases to be a thrill.

'As a Cadillac dealer, we've been privileged many times to help make such a dream come true. And it -not realizing the Cadillac car is practical as well as wonderful-wait too long to make the move.

The lowest-priced Cadillac, for example, actually costs less than twelve different models of other makes. Its economy of operation is far beyond anything you could logically anticipate from a car of Cadillac's size and luxury. And at the time of resale, a Cadillac traditionally returns a greater share of its owner's investment than any other car in the land.

If, like the gentleman in the picture above, you have been looking forward to a Cadillac of your own-you should give careful consideration to these remarkable

It is entirely possible that the time for your Cadillac has come-and, as we said, it is always a pleasure to help make such a dream come true.

But we do feel, in all sincerity, that many motorists Key & Nix Olds-Cadillac, Inc. **Ninth and Hutchings Phone 9141**

FISH FOR COMPLIMENTS

"So delicious"..."Marvelous flavor"..."Wonderfully fresh-tasting." Compliments like these will come your way every time you serve fish selected at Safeway. Our Frozen Fish Service brings you fillets and steaks full of the natural goodness of fresh-caught fish. Modern methods and equipment make it possible to hold ocean-fresh flavor for you to enjoy any time. No need to wait for certain days or seasons.

Perfect flavor is only part of the story. These delicacies-of-the-sea come to you in pan-ready form. There's no cleaning to do. They're ready for pan or oven just as you buy them.

Easy on the purse, too, because they're waste-free. You pay only for what you use.

Come try them. There are big, thick steaks like those you've enjoyed at famous seafood restaurants. And tender, flaky fillets that fry to a golden-brown, melt-in-your-mouth goodness. Truly, complimentgetting fish.

Why All This Talk About the Convenience of a Checking Account?

Here's why-those who have accounts at this bank do not have to count out cash money and deliver it to creditors-often times standing in line for their cash to be counted and a receipt given. Those who have money in this bank can pay for apples in Oregon, cheese in Wisconsin and pralines in Louisiana without going any farther than the mail box. Without checking accounts throughout the land, people would have to carry money around in armored cars and debtors would be required to pay in currency. Creditors would have to hire money counters-the nation's economy would wither-these are some of the reasons why eight billion checks were issued on banks in this country in 1954 and the aggregate in dollars reached the unbelievable sum of 1.7 trillion. When our customers write a check to someone in Kalamazoo or elsewhere, we transfer the funds

MORE PEOPLE BOUGHT FORD than any other make!

Ford passenger-car sales to customers outnumbered those of any other make by thousands*

Ford is the leader in ride

Ford was first in its field to introduce Ball-Joint Front Suspension—the greatest advance in chassis design in 20 years. And, for '55, it's even better. Springs are set at an angle to smooth out even the tiniest bumps. It's the new Ford Angle-Poised Ride.

FORD IS THE LEADER IN ALL THE FEATURES THAT MAKE YOUR CAR WORTH MORE WHEN YOU BUY IT · WORTH MORE WHEN YOU SELL IT

Ford is the leader in styling

Motorists know that Ford has set the style trend in the industry for years. And now, with styling inspired by the fabulous Thunderbird, Ford is farther out front than ever!

Ford is the leader in V-8 power

Ford was first in its field (by 23 years) to provide the advantages of V-8 power. Since that time, Ford has built over 14,000,000 V-8 engines -more than all other makers combined! For 1955, Ford offers two new and mighty V-8's, as well as most modern Six-all with the split-second response Trigger-Torque power!

Ballinger Printing Co.

There's even more to Chevrolet styling than meets the eye!

This is beauty with a bonus . . . for Chevrolet styling is designed to add safety and comfort while you drive, and to return greater value when you trade.

Truly modern lines are shaped by usefulness. You can see what we mean in the deep crystal curve of Chevrolet's Sweep-Sight windshield . . . a dramatic style note, certainly, but one that stems from the need for wider, safer vision. Or take highset taillights-they add to the impressive length of line . . . but they are up there where they can be seen for safety's sake, and as convenient guides in parking. So, too, with the jutting peaks over the headlights.

The smart louvers across the hood aren't just decoration . . . they mark the intake for the High-Level ventilation system for cleaner, fresher air. And the whole shape of the body—its lowness, the dipped belt line—is merely a reflection of a lowered center of gravity, the added stability.

This is truly functional styling that serves you better every mile, and preserves its value against the distant day when you trade. This is Body by Fisher-another Chevrolet exclusive in the low-price field. Come in and let us demonstrate that this new Chevrolet is just as exciting to drive as to look at!
